

## Access Arrangement guideline for GGL's Hazira Ankleshwar Pipeline

Gujarat Gas Limited (“GGL”) (formerly known as Gujarat Gas Company Limited) is in the business of city gas distribution and operates City Gas Distribution (“CGD”) Network in the Petroleum and Natural Gas Regulatory Board (“PNGRB”) authorised Geographic Areas (“GAs”) of Surat- Ankleshwar- Bharuch, Hazira, Navsari, Rajkot, Surendranagar, Valsad, Nadiad, Jamnagar, Bhavnagar and Kutch (West) in the state of Gujarat. GGL has also expanded its CGD network in the Union territory of Dadra and Nagar Haveli and in Thane GA in the state of Maharashtra. GGL started its operations in 1989, by commissioning its network in the city of Ankleshwar, Bharuch district connecting different set of customer segment viz. Domestic, Commercial, CNG and Industrial. GGL has recently started its distribution operations in the Union territory of Dadra and Nagar Haveli and in Thane GA in the state of Maharashtra post grant of authorization by the PNGRB on April 01<sup>st</sup>, 2015.

GGL also owns and operates Natural Gas Pipeline, Hazira Ankleshwar Pipeline (“HAPi”) which has been authorised by the PNGRB. HAPi is a 73.2 kilometer 18” pipeline starting from GGL’s facilities/ equipments situated at Hazira, in Surat District to the GGL’s facilities at Ankleshwar in Bharuch District. The technical details of GGL’s HAPi and network diagram are given hereunder:

1	Number of entry points on HAPi	4
2	Location of entry points on HAPi	Hazira, Mora, Atodara, Amboli
3	Number of exit points on HAPi	5
4	Location of exit points on HAPi	Mora, Atodara, Vadoli, Amboli, Ankleshwar

5	Capacity of HAPi <sup>1</sup>	5.06 mmscmd
6a	Extra capacity for Common carrier as per regulation	1.265 mmscmd
6b	Extra common carrier capacity already utilized	0.171 mmscmd
7	Status of extra capacity available in the pipeline system for common carrier - (mmscmd)	1.094 mmscmd
8	Details of common carrier capacity being used by transporter itself or on contract carrier basis.	NIL

For other details please refer schedule-1 webhosted on GGL's website [www.gujaratgas.com](http://www.gujaratgas.com).

Any shippers/ customers interested in availing the facility of transportation on GGL's HAPi may send their request with the details mentioned under the annexure annexed herein below to:

email to us with a subject specifying "HAPi Access Arrangement Request" at [<accessarrangement@gujaratgas.com>](mailto:accessarrangement@gujaratgas.com)

or

Fax with a subject specifying "HAPi Access Arrangement Request" at: +91-79-2646-6249

or

Through registered post only with a subject specifying "HAPi Access Arrangement Request" on the envelope addressing it to:

Senior Vice President (Commercial & Marketing)  
Gujarat Gas Limited  
2-Shantisadan Society, Near Parimal Garden, Ellisbridge  
Ahmedabad – 380006

GGL will review the request received from prospective shipper/ customer and will respond after evaluating the technical, operational, safety and other allied aspects for providing access on its HAPi.

It may be noted that other commercial terms and conditions viz. tariff, system indiscipline charges, planned maintenance, force majeure, etc. for availing transportation service on HAPi shall be detailed out in Gas Transportation Agreement ("GTA") in accordance with the various provisions of the PNGRB regulations and other notified statutes.

Sr. No.	Particulars
1	Entry Point : The point at which the gas is proposed to be delivered by shipper/ customer
2	Exit Point: The point at which the gas shall be withdrawn from the GGL's HAPi
3	Projections of quantity of gas to be transported (mmscmd)
4	Minimum and maximum Pressure at entry point at which the gas is proposed to be delivered by shipper/ customer
5	Minimum and maximum Pressure requirement at Exit Point
6	Gas Specification at Entry Point at which the gas is proposed to be delivered by shipper/ customer

<sup>1</sup> As authorised by the PNGRB vide authorisation letter dated 5<sup>th</sup> July 2012 issued and web-hosted by PNGRB
