MANAGEMENT DISCUSSION & ANALYSIS

The Management Discussion & Analysis is as under:

1. Industry Structure and Developments

Natural gas occupies a vital position in the world's energy basket. It is one of the cleanest, safest, and most useful of all energy sources. Natural gas is traditionally consumed in the residential, commercial, transport and in the industrial sector. The share of natural gas in India's primary energy mix is still at a nascent stage compared to other developing/ developed economies of the world and is poised to grow with increasing Pipeline infrastructure and City Gas Development (CGD) networks.

The global economy saw some major turmoil in the last fiscal impacting the developed and developing nations with equal vigour.

Due to the global slump, the international crude markets continued to see a supply glut which prevailed all through the fiscal fuelling further challenges for the natural gas markets.

The Indian energy basket mix also took a hit with regards to the natural gas's share though benefitting the overall governmental exchequer with reduced energy prices. Indian GDP remained the silver lining in the global economic arena with a commendable growth of around

7.6%. Your Company Gujarat Gas Limited (GGL or Company) has been able to stand the test of these turmoil's and was buoyant to sustain its market share in overall energy basket in the highly competitive energy market.

The equilibrium of more than five years in the global oil and gas scenario got disturbed in the last fiscal owing to the increased supplies which continued in the current fiscal as well coupled with dwindling global demand. This resulted in weakening of oil

prices and building up of inventories around the second half of 2014 and thereafter. Further the oil supplies also got a boost with the lift of sanctions by the USA and the European Union on Iran restoring Iran's access to world's markets. The industry experts and analysts strongly believe that the oversupply is expected to normalize by the beginning of 2017. However, the impact on CGD business is likely to be minimal attributed to the inherent diversified business portfolio with a self-sustaining appetite of growing sector (viz. CNG for transport, PNG for domestic and commercial customers).

To strengthen the country's energy security, oil diplomacy initiatives have been intensified through meaningful engagements with hydrocarbon rich countries by Government of India. One such initiative was the successful re-negotiation¹ of the LNG pricing formula by Petronet LNG Limited of India with RAS Gas of Qatar for their long term RLNG supplies significantly benefitting the industrial customers. Post implementation of the revised pricing formula, GGL also reduced its gas prices to the industrial customers ensuring its competitive edge in the energy market. Further the natural gas, being clean and green fuel has continued its support to the vital industrial volume against other highly polluting but competitive fuels.

Despite the dynamic global economic conditions, it is laudable that the Indian economy grew at around 7.6%¹ making it one of the world's fastest growing economies and the outlook continues to be promising. The initiatives by the Government such as Make in India, Green Corridor, Smart Cities, Start-up India, and Ease of Doing Business are expected to bring more impetus to the untapped CGD potential of the country. Further the encouraging initiatives by the Indian Railways (IR) towards the introduction of Natural Gas (in the form of CNG) as a substitute fuel for Diesel Electric Multiple Units ("DEMU") is also envisaged to bring focus on the ever increasing CNG demand. The Petroleum and Natural Gas Regulatory Board (PNGRB) which governs and regulates the downstream gas industry is aggressively taking actions for the growth of CGD sector by awarding licenses to lay, build, operate and expand CGD business in new geographies. The PNGRB has been actively pursuing its objective of growth in CGD sector by rolling out the CGD development plan across the length and breadth of the country. This gives ample opportunity for the Company to diversify its exiting gas business by entering in to new geographies

2. Opportunities and Threats

With the softening of the crude prices, GGL experienced a strong competition from alternate polluting fuels in its industrial sector. This coupled with the economic slowdown in various industrial segments saw the industrial sales getting impacted. The volume loss due to other polluting competing fuels is expected to be temporary as the stability in the imbalances of oil supplies and demand is imminent. GGL shall continue to focus placing environmentally clean natural gas to affordable markets for sustainable growth.

Post allocation of 100% domestic gas by Ministry of Petroleum and Natural Gas ("MoPNG") for CNG (transport) and PNG (domestic) consumer, the company is focusing to increase its penetration in these customer base. The allocated domestic gas prices have shown downward trends offering cost savings compared to the competing alternate fuels available in market. Your company is planning to aggressively roll out promotional campaigns to fructify the benefit so offered by the Honourable MoPNG through its intensive expansion plan in these market.

1 <http://pib.nic.in>

The PNGRB with vision of rapidly developing pipeline and CGD infrastructure in the country had invited bids for 34 new geographies in its CGD Bid Round – VI and have further offered 11 new GAs aligned with the smart cities in CGD Bid Round –VII. CGD infrastructure in India offers enormous growth opportunities of expansion being among the top-most priorities of Government of India. Your Company has actively participated in the CGD bidding process and has tendered its bids for 8 new GAs in the State of Gujarat. PNGRB is expected to conclude the bidding process for CGD Bid Round – VI and award these Geographical Areas to the winning entities in the Financial Year 2016-17.

3. Sales and Market Performance

Your Company continues to hold the leadership position as the largest CGD Company in the country catering to 10,99,122 residential customers, 12,077 commercial customers, dispensing CNG from 233 operational CNG stations for automotive sector and providing clean energy solutions to 2,886 industrial units across its operational area with a spread of around 17,120 kilometers of pipeline network.

While GGL has been resilient in sustaining the industrial volumes successfully in the ever dynamic oil & gas industry, it has continued to focus its efforts for developing and growing PNG (Domestic) and CNG business. GGL connected around 70,769 household customers and commissioned 19 CNG stations during year. Sales volume has grown by 4% in the residential segment and 8% in transport (CNG) segment.

The Company, through its aggressive growth plans, is committed to bring new geographies in its portfolio and expand the horizons to the untapped CGD markets. Your Company has laid its first step towards development in the newly won Geographic Area of (GA) Thane. The pipeline network for Kutch (west) GA and Dadra and Nagar Haveli is expected to be commissioned soon.

4. Outlook

The CGD sector in the country is in an evolution stage as compared to the mature gas based economies of USA, UK, Korea and Japan amongst others. With the continuously growing awareness on the issues emanating from global warming, the impending development of rapid and robust gas distribution infrastructure in the country is imminent. The country's CGD sector is poised to see exponential growth in near future beginning with the initiatives like smart city development, CNG run trains, etc.

Your Company has aggressive plans to venture into new geographies and expand its spread and to positively grow its top-line and bottom-line. In this endeavour GGL shall continue its efforts in providing clean fuel solutions across all sectors and growing the volumes across its operational areas.

5. Risks and Concerns

In the ever dynamic and competitive energy market, the CGD sector is posed with some inherent business risks like availability of continuous and cheaper gas supplies, pipeline connectivity, competitive polluting fuels, policy initiatives supporting/ curbing polluting fuels, global economic downturn, crude market volatility, timely availability of permissions from various governmental bodies for laying the infrastructure, etc. Though some of these concerns are common to any infrastructure business, a few of them may be peculiar to this sector and therefore deserves a mention. While some of these risks are beyond the mitigation capability of any company; industry and even the policy makers, however as a prudent and responsible company all possible measures are being taken to safe guard the interest of the company from being impacted due the above listed risks and concerns.

ANNEXURE - B TO INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 (f) under "Report on Other Legal and Regulatory Requirements" section of our report on Standalone Financial Statements of Gujarat Gas Limited (Formerly known as GSPC Distribution Networks Limited) of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **GUJARAT GAS LIMITED (Formerly known as GSPC Distribution Networks Limited) ("the Company")**, as of 31 March 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

34.1 (i) In addition to above, Claims of Rs 2.22 Crores (P. Y. Rs. 2.22 Crores) against the Company have been disputed by the Company. The Company is, however, indemnified by an insurance policy.

(ii) UPL Limited (UPL) a customer of erstwhile Gujarat Gas Company Limited(GGCL) filed a complaint before Petroleum and Natural Gas Regulatory Board (PNGRB) against erstwhile GGCL alleging charging of tariff illegally under the City Gas Network Distribution Agreement entered into between the Parties. The matter was decided against erstwhile GGCL by PNGRB. Erstwhile GGCL has preferred an appeal at Appellate Tribunal for Electricity (APTEL) against the PNGRB Order. Erstwhile GGCL has also sought an interim stay on the PNGRB order which was granted by APTEL. Company has submitted bank guarantee of Rs. 40 Crores to in favour of UPL. The APTEL has in its order stated that it is an interim order without considering the merits of the case.

(iii) One of the gas suppliers of the Company has submitted a claim of Rs. 481.85 Crores, for unauthorized use of gas in earlier years. The company has refuted this erroneous claim contending that no contractual provisions of the agreement executed with GGL allow such claim. The management is of the firm view that the company is not liable to pay any such claim. The company has already taken up the matter with concerned party/authorities to withdraw the claim.

(iv) Erstwhile Gujarat Gas Company Limited and Erstwhile GSPC Gas Company Limited (Now collectively known as Gujarat Gas Limited "GGL") had signed Gas supply agreement with Gujarat State Petroleum Corporation Limited (GSPCL) for purchase of Re-gasified liquefied natural gas (RLNG). As per the provision of said agreement, GGL has to pay interconnectivity charges to GSPCL for the supply and purchase of RLNG at Delivery point which is charged to GSPCL by their supplier i.e.PLL Off takers (GAIL India, BPCL, IOCL).

PNGRB had vide its orders dated 13.09.2011 of Chairman and dated 10.10.2011 of the majority members (three member panel of Board) unanimously held that GAIL had adopted Restrictive Trade Practices by blocking off direct connectivity to GSPC and further, directed Respondents to immediately give direct connectivity to GSPC at Dahej Terminal. The PLL Offtakers (GAIL) filed appeals against the said PNGRB orders before the Appellate Tribunal for Electricity (APTEL). On 23-February-2012 APTEL had issued an interim order for shifting the Delivery Point from GAIL-GSPL Delivery Point to GSPL-PLL Delivery Point. On 18-December-2013 APTEL issued its judgement and required GSPCL to pay the amount of the difference between Rs. 8.74/MMBTU (exclusive of Service Tax) – earlier connectivity charges and Rs. 19.83/MMBTU (Exclusive of Service Tax) – HVJ/DVPL Zone-1 tariff to GAIL for the period from 20th November 2008 to 29th February 2012.

GSPCL has filed an appeal against the APTEL's above referred judgement before Hon'ble Supreme Court of India (GSPCL vs. GAIL & Others, Civil Appeal No. 2473-2476 of 2014) and the Hon'ble Supreme Court of India had passed the Interim Order on 28th February 2014. The Court has stated that the ends of justice would be met if as a matter of interim arrangement, the appellant is directed to pay interconnectivity charges at the rate of Rs. 12.00 per MMBTU (exclusive of Taxes).

The Company has already provided and paid interconnectivity charges at the rate of Rs. 12.00 per MMBTU (exclusive of Taxes).

The e-GGCL had formulated the above ESOP 2008, whereby Stock Options had been granted by e-GGCL to its employees. The ESOP 2008 has been effective from 1 November 2008 for a tenure of 8 years. As on the effective date of the Scheme of Amalgamation, certain employees of e-GGCL to whom Options had been Granted and Vested under the ESOP 2008, have not Exercised the said Options and hence as per the Scheme of Amalgamation, they are the Eligible Employees for the purpose of the ESOP 2016 as follows:

- (4) Upon such Revised Grant of Options-I to the Eligible Employees the Options Granted under the ESOP 2008 stand cancelled and the Eligible Employees shall continue to be bound by all the terms and conditions of the ESOP 2008 in addition to this ESOP 2016.

**ANNEXURE – A****TO THE INDEPENDENT AUDITOR'S REPORT ON CONSOLIDATED FINANCIAL STATEMENTS**

(Referred to in paragraph 1 (f) under "Report on Other Legal and Regulatory Requirements" section of our report on Consolidated Financial Statements of Gujarat Gas Limited (Formerly known as GSPC Distribution Networks Limited) of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31 March 2016, we have audited the internal financial controls over financial reporting of Gujarat Gas Limited (Formerly known as GSPC Distribution Networks Limited) ("the Holding Company") and its Associate Company, Guj Info Petro Limited (GIPL) which is company incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding Company and its Associate company, which is company incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditor in terms of their report referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, the Holding Company and its associate company, which is company incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to its associate company, which is a Company incorporated in India, is based on the corresponding report of the auditor of such company incorporated in India.

34.1 (i) In addition to above, Claims of Rs 2.22 Crores (P. Y. Rs. 2.22 Crores) against the Company have been disputed by the Company. The Company is, however, indemnified by an insurance policy.

(ii) UPL Limited (UPL) a customer of erstwhile Gujarat Gas Company Limited(GGCL) filed a complaint before Petroleum and Natural Gas Regulatory Board (PNGRB) against erstwhile GGCL alleging charging of tariff illegally under the City Gas Network Distribution Agreement entered into between the Parties. The matter was decided against erstwhile GGCL by PNGRB. Erstwhile GGCL has preferred an appeal at Appellate Tribunal for Electricity (APTEL) against the PNGRB Order. Erstwhile GGCL has also sought an interim stay on the PNGRB order which was granted by APTEL. Company has submitted bank guarantee of Rs. 40 Crores to in favour of UPL. The APTEL has in its order stated that it is an interim order without considering the merits of the case.

(iii) One of the gas suppliers of the Company has submitted a claim of Rs. 481.85 Crores, for unauthorized use of gas in earlier years. The company has refuted this erroneous claim contending that no contractual provisions of the agreement executed with GGL allow such claim. The management is of the firm view that the company is not liable to pay any such claim. The company has already taken up the matter with concerned party/authorities to withdraw the claim.

(iv) Erstwhile Gujarat Gas Company Limited and Erstwhile GSPC Gas Company Limited (Now collectively known as Gujarat Gas Limited "GGL") had signed Gas supply agreement with Gujarat State Petroleum Corporation Limited (GSPCL) for purchase of Re-gasified liquefied natural gas (RLNG). As per the provision of said agreement, GGL has to pay interconnectivity charges to GSPCL for the supply and purchase of RLNG at Delivery point which is charged to GSPCL by their supplier i.e. PLL Off takers (GAIL India, BPCL, IOCL).

PNGRB had vide its orders dated 13.09.2011 of Chairman and dated 10.10.2011 of the majority members (three member panel of Board) unanimously held that GAIL had adopted Restrictive Trade Practices by blocking off direct connectivity to GSPC and further, directed Respondents to immediately give direct connectivity to GSPC at Dahej Terminal.

The PLL Offtakers (GAIL) filed appeals against the said PNGRB orders before the Appellate Tribunal for Electricity (APTEL). On 23-February-2012 APTEL had issued an interim order for shifting the Delivery Point from GAIL-GSPL Delivery Point to GSPL-PLL Delivery Point. On 18-December-2013 APTEL issued its judgement and required GSPCL to pay the amount of the difference between Rs. 8.74/MMBTU (exclusive of Service Tax) – earlier connectivity charges and Rs. 19.83/MMBTU (Exclusive of Service Tax) – HVJ/DVPL Zone-1 tariff to GAIL for the period from 20th November 2008 to 29th February 2012.

GSPCL has filed an appeal against the APTEL's above referred judgement before Hon'ble Supreme Court of India (GSPCL vs. GAIL & Others, Civil Appeal No. 2473-2476 of 2014) and the Hon'ble Supreme Court of India had passed the Interim Order on 28th February 2014. The Court has stated that the ends of justice would be met if as a matter of interim arrangement, the appellant is directed to pay interconnectivity charges at the rate of Rs. 12.00 per MMBTU (exclusive of Taxes). The Company has already provided and paid interconnectivity charges at the rate of Rs. 12.00 per MMBTU (exclusive of Taxes).

(v) The associate company GIPL was regularly paying Adjusted Gross Revenue (AGR) @ 6% based on the order of TDSAT dated 30th August 2007 and subsequent TRA's guidelines considering only ISP income. The quarterly returns are filed from time to time and provisional assessment has also been completed by DoT up to the year 2008-09.No further provisional assessment done by DOT.

Subsequently, Supreme Court vide its order dated 11th October 2011 set aside the TDSAT order and remitted the matter to the Tribunal to pass fresh order in accordance with law. DOT has issued a letter no.820-01/2006-LR (Vol-II) Pt. dated

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2016**

29/6/2012 increasing AGR at 7% from 1/7/2012 and 8% for the year 2013-14 onwards and clarified that Revenue for the purpose of license fee shall provisionally include all types of revenue from internet services allowing only those deductions available for pass through charges and taxes/levies as in the case of access services without any set-off for expenses. Revenues from Internet services will also be included in the definition of applicable AGR provisionally for ISP-IT category till Government takes a final decision after obtaining TRAI recommendations in this regard. If TDSAT decides the inclusion of Non-ISP income for AGR, the estimated contingent liabilities would be to the extent of Rs. 4.95 Crores (without interest) till 31st March, 2016. The company's share in said liability of associate will be Rs. 2.47 Crores.

- (vi) As per news reports, certain ex-employees and ex internal auditor of the associate company GIPL has been arrested by Anti Corruption Bureau [ACB] in relation to a state-wide check post scam, as the persons are alleged to have financial interest in the outsource agency deployed by GIPL. The investigating agency is probing the matter and the GIPL has been providing all support and information as requested from time to time. It may be noted that there are no allegations against GIPL. GIPL is not a party to any such investigation/litigation and potential liability, if any, on this account cannot be ascertained at this juncture. As on the effective date of the Scheme of Amalgamation, certain employees of e-GGCL to whom Options had been Granted and Vested under the ESOP 2008, have not Exercised the said Options and hence as per the Scheme of Amalgamation, they are the Eligible Employees for the purpose of the ESOP 2016 as follows:
