NOTES TO NOTICE

1. The Ministry of Corporate Affairs (MCA) has vide its Circular dated 19th September, 2024 read together with Circulars dated 25th September, 2023, 28th December, 2022, 5th May, 2022, 13th January, 2021, 5th May, 2020, 13th April, 2020 and 8th April, 2020 (Collectively referred to as MCA Circulars) and the Securities and Exchange Board of India (SEBI) vide its Circular SEBI/HO/CFD/CFD-PoD-2/P/CIR/2024/133 dated 3rd October, 2024 (hereinafter collectively referred to as “the Circulars”), have permitted convening of the Annual General Meeting through Video Conferencing (VC) or Other Audio Visual Means (OAVM), without the physical presence of the members at the common venue. In Accordance with the MCA & SEBI Circulars, provisions of the Companies Act, 2013 and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Annual General Meeting of the Company is being held through VC/OAVM. The deemed venue for the AGM shall be Registered Office of the Company. The Central Depository Services (India) Limited will be providing facility for voting through remote e-voting, for participation in the AGM through VC/OAVM facility and e-voting during the AGM. The procedure for participating in the Meeting through VC/OAVM is explained at Note No. 10 below and is also made available on the website of the Company at www.gspcgroup.com.
2. Generally, a member entitled to attend and vote at the meeting is entitled to appoint a proxy to attend and vote on poll instead of himself and the proxy need not be a member of the Company. Since this AGM shall be conducted through VC/OAVM, the facility for appointment of proxy by the members will not be available for the AGM and hence the Proxy Form and Attendance Slip including the Route Map are not annexed hereto.
3. Corporate Members are requested to send a scanned copy of its Board Resolution authorizing its representative to attend the AGM through VC/OAVM and to vote at the AGM pursuant to Section 113 of the Companies Act, 2013 at scrutinizergspl@gmail.com.
4. An Explanatory Statement pursuant to Section 102 (1) of the Companies Act, 2013 relating to the special business to be transacted at the AGM and the relevant details of the Directors seeking appointment at the AGM as required under Regulation 36(3) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 is annexed hereto. The Board of Directors have considered and decided to include the Item No. 5 to 9 given above as Special Business in the AGM, as they are unavoidable in nature.
5. The Company has fixed Wednesday, 10th September, 2025 as “Record Date” for determining entitlement of Dividend of ₹5.00/- (i.e. 50%) per Share for the Financial Year ended on 31st March, 2025.

ELECTRONIC DISPATCH OF ANNUAL REPORT AND PROCESS FOR REGISTRATION OF EMAIL ID/MOBILE NO. FOR OBTAINING COPY OF ANNUAL REPORT/LOGIN CREDENTIALS FOR E-VOTING

6. In Compliance with the aforesaid MCA and SEBI Circulars, physical copies of the Financial Statements (including the Report of Board of Directors, Auditor's Report and other documents required to be annexed therewith), such statements including the Notice of AGM are being sent in electronic mode to Members whose E-mail addresses are registered with the Company or the Depository Participant(s).
7. Members who have not updated their E-mail addresses with the Company/ R&TA - KFin Technologies Limited/respective Depository Participants are requested to follow the below procedure to get their E-mail addresses updated to obtain the copy of Annual Report and Login Credentials for attending AGM/casting votes through CDSL E-voting Platform:
 - Shareholders holding Shares in physical mode: The Shareholders are requested to follow the process for registration/update of e-mail address as given in Note No. 42 in this Notice.
 - Shareholders holding Shares in Demat mode: The Shareholders are requested to provide the following details by E-mail at einward.ris@kfintech.com or by writing to R&TA at Selenium Tower B, Plot Nos. 31 & 32, Financial District, Nanakramguda, Serilingampally Mandal, Hyderabad – 500032:
 - a) Name and Demat account details (CDSL - 16 digit beneficiary ID or NSDL - 16 digit DP ID + Client ID)
 - b) Client Master or copy of Consolidated Account statement
 - c) Self attested scanned copy of the PAN Card; and
 - d) Self attested scanned copy of any document (such as Driving Licence, Passport etc.) in support of the address of the Member as registered with the Company.

Shareholders holding Shares in Demat mode are also requested to update their E-mail addresses with their Depository Participants. Individual Demat Shareholders are requested to update their E-mail IDs & Mobile No. with their respective Depository Participant (DP) only as being mandatory for e-Voting & joining virtual meetings through Depository.

8. Notice of the AGM along with the Annual Report for FY 2024 – 2025 is also available on the website of the Company i.e. <http://gspcgroup.com/GSPL/>, websites of the Stock Exchanges i.e. the BSE Limited and the National Stock Exchange of India Limited at <https://www.bseindia.com/> and <https://www.nseindia.com/> respectively. Further, the AGM Notice will also be available on the website of CDSL www.evotingindia.com.

**PROCEDURE TO RAISE QUESTIONS/SEEK CLARIFICATIONS WITH RESPECT TO ANNUAL REPORT**

9. For the smooth and efficient conduct of AGM through VC / OAVM, Members desirous of getting any information related to accounts or operations of the Company are requested to send in their Queries mentioning their name, demat details, E-mail ID, mobile numbers at investors.gspl@gspc.in. Questions/Queries received by Company till 5.00 p.m. on Monday, 15th September, 2025 shall be considered and responded by the Company through E-mail.

PROCEDURE FOR JOINING THE AGM THROUGH VC / OAVM

10. The Company will provide facility of VC/OAVM to its member for participating at the AGM.
- Member will be provided with a facility to attend the AGM through VC/OAVM through the CDSL e-voting system. The link for VC/OAVM will be available in shareholder/ members login where the EVSN of Company will be displayed.
 - Members are encouraged to join the Meeting through Laptops/IPads for better experience. Please note that Participants connecting from Mobile Devices or Tablets or through Laptop connecting via Mobile Hotspot may experience Audio/ Video loss due to fluctuation in their respective network. It is therefore recommended to use stable Wi-Fi or LAN Connection to mitigate any kind of aforesaid glitches.
 - The Members can join the AGM through VC/OAVM mode 15 Minutes before and after the scheduled time of the commencement of the AGM by following the procedure mentioned hereto.
 - For ease of conduct, Members who would like to express their views/ ask questions during the meeting may register themselves as a Speaker Shareholder by sending their request in advance at least 10 days prior to the Annual General Meeting mentioning their name, demat account number/folio number, E-mail id, mobile number at investors.gspl@gspc.in. It is to be noted that Company reserves the rights to restrict the number of questions and number of speakers, as appropriate for smooth conducting of AGM.
 - Those shareholders who have registered themselves as Speaker Shareholder will only be allowed to express their views/ ask questions during the meeting.
11. Members attending the AGM through VC/OAVM shall be counted for purpose of reckoning the quorum under Section 103 of the Companies Act, 2013.

PROCEDURE FOR REMOTE E-VOTING AND E-VOTING DURING AGM

12. In compliance with provisions of Section 108 of the Companies Act, 2013 and Rule 20 of the Companies (Management and Administration) Rules, 2014, as amended and Regulation 44 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Company is pleased to provide facility to the Members to exercise their right to vote by electronic means in respect of the Resolution(s) contained in this Notice. The Company has engaged the services of Central Depository Services (India) Limited (CDSL) as the Authorised Agency to provide remote e-voting facility (i.e. the facility of casting votes by a Member by using an electronic voting system from a place other than the venue of a General Meeting) as well as e-voting facility during the AGM.
13. The cut-off date for the purpose of e-voting (including remote e-voting) is Tuesday, 16th September, 2025. A person, whose name is recorded in the Register of Members or in the Register of Beneficial Owners maintained by the Depositories at the close of business hours on 16th September, 2025 shall be entitled to vote on the resolutions proposed to be passed at the AGM by electronic means. The voting rights of the members shall be in proportion of the paid-up value of their shares in the equity capital of the Company as on the cut-off date for the purpose of the e-voting.
14. The Members may cast their votes on electronic voting system from any place (remote-voting). The remote e-voting will be available during the following period after which the portal shall forthwith be blocked and shall not be available:

Commencement of remote e-voting	09:00 A.M. (IST) on 20 th September, 2025
End of remote e-voting	05:00 P.M. (IST) on 22 nd September, 2025

15. Further, the facility of e-voting will also be available at the AGM, and the members who have not cast their vote by remote e-voting on all or any of the resolutions set out in the Notice can cast their vote at the Meeting. The Members who have cast their vote by remote e-voting prior to the Meeting may also attend the Meeting but shall not be entitled to cast their vote again at the Annual General Meeting.
16. The Board of Directors of the Company have appointed K K Patel & Associates, Practising Company Secretary, as the Scrutinizer to scrutinize the entire e-voting process (i.e. remote e-voting and e-voting facility during AGM) in a fair and transparent manner.
17. The Scrutinizer shall submit on or before 25th September, 2025, a consolidated Scrutinizer's Report (for votes casted during the AGM and votes casted through remote e-voting) of the total votes cast in favour or against, if any, forthwith to the Chairman & Managing Director of the Company, who shall countersign the same and the Chairman & Managing Director, or in his absence the Joint Managing Director, shall declare the result forthwith.
18. The Results declared along with the Scrutinizer's Report shall be placed on the Company's website www.gspcgroup.com/GSPL/ and on the website of Central Depository Services (India) Limited immediately after the result is declared and shall be simultaneously communicated to BSE Limited (BSE) and National Stock Exchange of India Limited (NSE), where the Shares of the Company are Listed.

19. Information and instructions relating to e-voting and joining virtual meeting are given as under:

In order to increase the efficiency of the voting process and in pursuance of SEBI Circular dated 9th December, 2020, e-Voting facility is being provided to all the Individual Shareholders holding the securities in Demat mode, by way of single login credential, through their Demat accounts/websites of Depositories/Depository Participants (DPs). Individual Shareholders holding the securities in Demat mode would be able to cast their vote without having to register again with the e-Voting Service Provider ('ESP') thereby not only facilitating seamless authentication but also ease and convenience of participating in E-Voting process. Further, Individual Shareholders holding the securities in Demat mode are advised to update their mobile number and E-mail – ID with their DPs in order to access e-Voting facility.

A) Login Method for remote e-voting and joining virtual meeting for Individual Shareholders holding Shares in Demat Mode:

Type of shareholders	Login Method
Individual Shareholders holding securities in Demat mode with CDSL Depository	1. Users who have opted for CDSL Easi / Easiest facility, can login through their existing user id and password. Option will be made available to reach e-Voting page without any further authentication. The users to login to Easi / Easiest are requested to visit CDSL website www.cdslindia.com and click on login icon & My Easi New (Token) Tab. 2. After successful login the Easi / Easiest user will be able to see the e-Voting option for eligible companies where the evoting is in progress as per the information provided by company. On clicking the evoting option, the user will be able to see e-Voting page of the e-Voting service provider for casting your vote during the remote e-Voting period or joining virtual meeting & voting during the meeting. Additionally, there is also links provided to access the system of all e-Voting Service Providers, so that the user can visit the e-Voting service providers' website directly. 3. If the user is not registered for Easi/Easiest, option to register is available at CDSL website www.cdslindia.com and click on login & My Easi New (Token) Tab and then click on registration option. 4. Alternatively, the user can directly access e-Voting page by providing Demat Account Number and PAN No. from a e-Voting link available on www.cdslindia.com home page. The system will authenticate the user by sending OTP on registered Mobile & Email as recorded in the Demat Account. After successful authentication, user will be able to see the e-Voting option where the evoting is in progress and also able to directly access the system of all e-Voting Service Providers.
Individual Shareholders holding securities in demat mode with NSDL Depository	1) If you are already registered for NSDL IDeAS facility, please visit the e-Services website of NSDL. Open web browser by typing the following URL: https://eservices.nsdl.com either on a Personal Computer or on a mobile. Once the home page of e-Services is launched, click on the "Beneficial Owner" icon under "Login" which is available under 'IDeAS' section. A new screen will open. You will have to enter your User ID and Password. After successful authentication, you will be able to see e-Voting services. Click on "Access to e-Voting" under e-Voting services and you will be able to see e-Voting page. Click on company name or e-Voting service provider name and you will be re-directed to e-Voting service provider website for casting your vote during the remote e-Voting period or joining virtual meeting & voting during the meeting. 2) If the user is not registered for IDeAS e-Services, option to register is available at https://eservices.nsdl.com. Select "Register Online for IDeAS" "Portal or click at https://eservices.nsdl.com/SecureWeb/IdeasDirectReg.jsp 3) Visit the e-Voting website of NSDL. Open web browser by typing the following URL: https://www.evoting.nsdl.com/ either on a Personal Computer or on a mobile. Once the home page of e-Voting system is launched, click on the icon "Login" which is available under 'Shareholder/Member' section. A new screen will open. You will have to enter your User ID (i.e. your sixteen digit demat account number hold with NSDL), Password/OTP and a Verification Code as shown on the screen. After successful authentication, you will be redirected to NSDL Depository site wherein you can see e-Voting page. Click on company name or e-Voting service provider name and you will be redirected to e-Voting service provider website for casting your vote during the remote e-Voting period or joining virtual meeting & voting during the meeting 4) For OTP based login you can click on https://eservices.nsdl.com/SecureWeb/evoting/evotinglogin.jsp. You will have to enter your 8-digit DP ID, 8-digit Client Id, PAN No., Verification code and generate OTP. Enter the OTP received on registered email id/mobile number and click on login. After successful authentication, you will be redirected to NSDL Depository site wherein you can see e-Voting page. Click on company name or e-Voting service provider name and you will be re-directed to e-Voting service provider website for casting your vote during the remote e-Voting period or joining virtual meeting & voting during the meeting.

Individual Shareholders (holding securities in demat mode) login through their Depository Participants (DP)	You can also login using the login credentials of your demat account through your Depository Participant registered with NSDL/CDSL for e-Voting facility. After Successful login, you will be able to see e-Voting option. Once you click on e-Voting option, you will be redirected to NSDL/CDSL Depository site after successful authentication, wherein you can see e-Voting feature. Click on company name or e-Voting service provider name and you will be redirected to e-Voting service provider website for casting your vote during the remote e-Voting period or joining virtual meeting & voting during the meeting.

Important note: Members who are unable to retrieve User ID/ Password are advised to use Forget User ID and Forget Password option available at abovementioned website.

Helpdesk for Individual Shareholders holding securities in demat mode for any technical issues related to login through Depository i.e. CDSL and NSDL

Login type	Helpdesk details
Individual Shareholders holding securities in Demat mode with CDSL	Members facing any technical issue in login can contact CDSL helpdesk by sending a request helpdesk.evoting@cdslindia.com or contact at toll free no. 1800 21 09911
Individual Shareholders holding securities in Demat mode with NSDL	Members facing any technical issue in login can contact NSDL helpdesk by sending a request at evoting@nsdl.co.in or call at 022 - 4886 7000 and 022 - 2499 7000

B) Login method for Remote e-voting and joining virtual meeting for all Physical Shareholders and Shareholders other than individual Shareholders viz. Institutions/Corporate Shareholders holding Shares in Demat Mode:

Step 1: The Shareholders should log on to the e-voting website www.evotingindia.com.

Step 2: Click on “Shareholders” module.

Step 3: Please enter User ID

- (i) For account holders in CDSL: Your 16 digits beneficiary ID.
- (ii) For account holders in NSDL: Your 8 Character DP ID followed by 8 digits Client ID.
- (iii) Members holding shares in Physical Form should enter Folio Number registered with the Company.

Step 4: Enter the Image Verification as displayed and Click on “Login”.

Step 5: If you are holding shares in demat form and had logged on to www.evotingindia.com and voted on an earlier voting of any other company, then your existing password is to be used. If you have forgotten the password, then enter the User ID and the image verification code and click on “FORGOT PASSWORD” and enter the details as prompted by the system.

Step 6: If you are a first time user, follow the steps given below:

Shareholders other than individual Shareholders viz. Institutions/Corporate Shareholders holding Shares in Demat Mode & Physical Shareholders	
PAN	Enter your 10 digit alpha-numeric PAN issued by Income Tax Department (Applicable for both Demat Shareholders as well as Physical Shareholders) - Members who have not updated their PAN with the Company / Depository Participant are requested to use the first two letters of their name and the 8 digits of the sequence number in the PAN Field. - The sequence number is provided in the E-mail sent to the Shareholders.
Dividend Bank Details or Date of Birth (DOB)	- Please enter the Dividend Bank Details or Date of Birth (in dd/mm/yyyy format) as recorded in your Demat account or in the R&TA records in order to Login - If both the details are not recorded with the Depository or R&TA, please enter the DP ID and Client ID / Folio Number in the Dividend Bank details field as mentioned in Step 3.

Step 7: After entering these details appropriately, click on “SUBMIT” tab.

Step 8: Members holding shares in Physical Form will then directly reach the Company selection screen. However, members holding shares in Demat Form will now reach ‘Password Creation’ menu, wherein, they are required to mandatorily enter their login password in the new password field. Kindly note that this password is to be also used by the Demat holders for voting for resolutions of any other company on which they are eligible to vote, provided that company opts for e-voting through CDSL platform. It is strongly recommended not to share your password with any other person and take utmost care to keep your password confidential.

Step 9: For Members holding shares in Physical Form, the details can be used only for e- Voting on the Resolutions contained in this Notice.

Step 10: Click on the EVSN of “GUJARAT STATE PETRONET LIMITED” to vote on the Same

Step 11: On the voting page, you will see “RESOLUTION DESCRIPTION” and against the same the option “YES / NO” for voting. Select the option YES or NO as desired. The option YES implies that you assent to the Resolution and option NO implies that you dissent to the Resolution.

Step 12: Click on the “RESOLUTIONS FILE LINK” if you wish to view the entire Resolution details.

Step 13: After selecting the Resolution you have decided to vote on, click on “SUBMIT”. A confirmation box will be displayed. If you wish to confirm your vote, click on “OK”, else to change your vote, click on “CANCEL” and accordingly modify your vote.

Step 14: Once you “CONFIRM” your vote on the Resolution, you will not be allowed to modify your vote. You can also take out print of the voting done by you by clicking on “Click here to print” option on the voting page.

Note for Non - Individual Shareholders and Custodians:

- Non-Individual Shareholders (i.e. other than Individuals, HUF and NRI etc.) and Custodian are required to log on to www.evotingindia.com and register themselves as Corporates.
- A scanned copy of the Registration Form bearing the stamp and sign of the entity Should be emailed to helpdesk.evoting@cdslindia.com.
- After receiving the login details a Compliance User should be created using the admin login and password. The Compliance User would be able to link the account(s) for which they wish to vote on.
- The list of accounts linked in the login will be mapped automatically & can be delink in case of any wrong mapping.

A scanned copy of the certified Board Resolution/ Power of Attorney (POA)/ Authority Letter etc. together with attested specimen signature(s) of the duly authorized representative(s), as issued should be emailed to the Scrutinizer at scrutinizerspl@gmail.com and the same should also be uploaded in PDF format in the system for the verification by the Scrutinizer.

Alternatively, Non-Individual shareholders are required mandatorily to send the relevant Board Resolution/ Authority letter etc. together with attested specimen signature of the duly authorized signatory who are authorized to vote, to the Scrutinizer and to the Company at the email address viz; scrutinizerspl@gmail.com, if they have voted from individual tab & not uploaded same in the CDSL e-voting system for the scrutinizer to verify the same.

If you have any queries or issues regarding attending AGM & e-Voting from the CDSL e-Voting System, you can write an email to helpdesk.evoting@cdslindia.com or contact at toll free no. 1800 21 09911. All grievances connected with the facility for voting by electronic means may be addressed to Mr. Rakesh Dalvi, Sr. Manager, (CDSL) Central Depository Services (India) Limited, A Wing, 25th Floor, Marathon Futurex, Mafatlal Mill Compounds, N M Joshi Marg, Lower Parel (East), Mumbai - 400013 or send an email to helpdesk.evoting@cdslindia.com or call on 022-23058542/43 toll free no. 1800 21 09911.

Voting process and instruction regarding E-voting at AGM are as under:

- The procedure for e-voting during the AGM is same as the instructions mentioned above for remote e-voting.
- Only those Members, who will be present in the AGM through VC/OAVM facility and have not casted their vote on the Resolutions through remote e-voting and are otherwise not barred from doing so, shall be eligible to vote through e-voting system available during the AGM.
- Members who have voted through remote e-voting will be eligible to attend the AGM. However, they will not be eligible to vote at the AGM.
- If any Votes are cast by the Shareholder through the e-voting available during the AGM and if the same Shareholder has not participated in the Meeting through VC/OAVM facility, then the votes cast by such Shareholder shall be considered invalid as the facility of e-voting during the Meeting is available only to the Shareholder attending the Meeting.

PROCEDURE FOR INSPECTION OF DOCUMENTS

- All the documents referred to in the accompanying Notice and Explanatory Statements, shall be available for inspection through electronic mode on the basis of prior request. Members seeking to inspect such documents can send the e-mail to investors.gspl@gspl.in.
- During the AGM, the Register of Directors and Key Managerial Personnel and their Shareholding maintained under Section 170 of the Act and the Register of Contracts or Arrangements in which the Directors are interested under Section 189 of the Act shall be available for inspection electronically by the Members during the E-AGM upon login CDSL e-voting system at <https://www.evotingindia.com>.

DIVIDEND RELATED INFORMATION

- Subject to approval of the Members at the AGM, the Dividend will be paid by the Company on or before 22nd October, 2025 to the Members whose name appear on the Company's Register of Members as on the Record Date i.e Wednesday, 10th September, 2025 as Beneficial owners on 10th September, 2025, as per the list to be furnished by the Depositories in respect of the shares held in demat form and for physical shareholders after giving effect to all valid share transfer in physical form received on 10th September, 2025.
- It is to be noted that payment of Dividend shall be made through electronic mode to the shareholders who have updated their bank details. Dividend warrants/demand drafts will be dispatched to the registered address of the Shareholders who have not updated their bank details.

24. Members holding shares in Demat Form are hereby informed that bank particulars registered with their respective Depository Participants, with whom they maintain their Demat accounts, will be used by the Company for the payment of Dividend. The Company or its Registrar cannot act on any request received directly from the Members holding shares in Demat Form for any change of bank particulars. Such changes are to be intimated only to the Depository Participant(s) of the Members. Members holding shares in Demat form are requested to intimate any change in their address and / or bank mandate immediately to their Depository Participants.
25. Members holding shares in Physical Form are requested to register/update Bank Mandates by submitting following details/documents by E-mail at enward.ris@kfintech.com or by writing to our R&TA, KFin Technologies Limited (KFinTech):
- Name and Branch of Bank in which Dividend is to be received and Bank Account Type;
 - Bank Account Number allotted by your Bank after implementation of Core Banking Solutions;
 - 11 digit IFSC Code; and
 - Self attested scanned copy of cancelled cheque bearing the name of the Member or first holder, in case Shares are held jointly.

INFORMATION ON TDS ON DIVIDEND INCOME

26. Members may note that pursuant to the requirement of the Income Tax Act, 1961, ("the Act") the Company will be required to withhold taxes at the prescribed rates on the Dividend paid to its Shareholders. In order to enable us to determine the appropriate TDS rate as applicable, Members are requested to submit the requisite documents as explained hereinafter in accordance with the provisions of the Income Tax Act, 1961.

A) FOR RESIDENT SHAREHOLDERS:

TDS shall be deducted under Section 194 of the Income Tax Act, 1961 @ 10% on the amount of Dividend declared and paid by the Company during financial year 2025-26, provided valid & operative PAN is registered by the Shareholder in Depository Participant or R&TA records. If valid & operative PAN is not registered with them, TDS would be deducted @ 20% as per Section 206AA of the Income Tax Act, 1961.

TDS to be deducted at higher rate in case of non-linkage of PAN with Aadhaar

As per Section 139AA of the Income Tax Act, every person who has been allotted a PAN and who is eligible to obtain Aadhaar, is required to link the PAN with Aadhaar, failing which the PAN shall become inoperative. Hence, if any shareholder's PAN has become inoperative due to its not linking with Aadhaar, tax at source will be deducted at higher rates as per the provisions of section 206AA of the Act. The Company will be using functionality of the income-tax department for validating AADHAR-PAN Linking status.

However, no tax shall be deducted on the Dividend payable to a resident individual, if the Dividend to be received by them during financial year 2025-26 does not exceed ₹ 10,000.

Certain categories of Shareholders are required to submit certain Forms/ Declarations/Documents in order to enable the Company to determine and deduct appropriate TDS / Withholding Tax rate.

Shareholder's Category wise requirement of self-declaration & other documents to provide exemption from Withholding Tax is summarised as under:

- Individual Shareholders:** Dully filled Form 15G (applicable to Individual upto age of 60 years) OR Form 15H (applicable to an individual above the age of 60 years), provided that the eligibility conditions as per tax law are being met. Blank Form 15G and 15H can be downloaded from the website of the Company at <https://gspcgroup.com/gspl/rds-dividend>.
- Insurance companies:** A declaration that they are beneficial owners of shares held and covered by exemption provision of Section 194 of the Act, attested copies of IRDAI Registration Certificate and PAN. Declaration format can be downloaded from the website of the Company at <https://gspcgroup.com/gspl/rds-dividend>.
- Mutual Funds:** A Declaration by Mutual Funds that their income is exempt under Section 10(23D) of the Act and there is no requirement to deduct TDS under Section 196(iv) of the Act, attested copies of registration documents and PAN. Declaration format can be downloaded from the website of the Company at <https://gspcgroup.com/gspl/rds-dividend>.
- Persons Covered under Section 196 of the IT Act (e.g. Government, RBI, Corporations established by Central Act and exempt from Income Tax):** Duly signed self-declaration about beneficial ownership of Shares & applicability of exemption proviso of Section 196 of Income Tax.

- **National Pension Scheme:** A declaration that their income is exempt under Section 10(44) of the Act and there is no requirement to deduct TDS u/s 197A(1E) of the Act. Attested copies of registration documents and PAN.
- **Alternative Investment Fund (AIF) established in India for CATEGORY - I & II AIFs:** A declaration that their income is exempt under section 10(23FBA) read with Section 115UB r.w. Section 197A (1F) of the Act, Attested copies of SEBI registration documents & PAN.
- **Any other entity exempt from withholding tax under the provisions of section 197A of the IT Act (including those mentioned in Circular No. 18/2017 issued by Central Board of Direct Taxes (CBDT)):** A declaration that they are duly covered under section 197A r.w. circular No.18/2017 issued by CBDT & TDS is not required to be deducted on dividend income accrued to them, attested copies of registration documents and PAN.
- **Order under Section 197 of the Act – Lower/NIL TDS certificate issued under Section 197 of the Income Tax Act, 1961** obtained from respective jurisdictional tax officer for FY 2025-26, along with self-attested copy of PAN.
Company's Tax Deduction Account No. [TAN] which is required for applying for Lower / NIL TDS certificate is: **AHMG01428A.**

B) FOR NON-RESIDENT SHAREHOLDERS:

- Tax is required to be deducted in accordance with the provisions of Section 195/196D of the Act at applicable rates in force. As per the relevant provisions of the Act, the tax shall be withheld @ 20% (plus applicable surcharge and cess) on the amount of dividend payable.
 - It is to be noted that Non-Resident Shareholders, who are tax residents of Notified Jurisdictional Area as defined u/s 94A(1) of the IT Act, the tax shall be withheld @ 30% (plus applicable surcharge and cess) on the amount of dividend payable.
 - If non-resident shareholder (Including FII/FPI) wishes to avail the benefits of Tax Treaty, they will have to provide the following declarations & documents.
 - i. Self-attested copy of Permanent Account Number (PAN Card), if any, allotted by the Indian Income Tax Authorities.
 - ii. Self-attested copy of Tax Residency Certificate (TRC) applicable for FY 2025-26 obtained from the tax authorities of the Country of which the Shareholder is resident. In case, the TRC is furnished in a language other than English, the said TRC would have to be translated from such other language to English language and thereafter duly notarized / apostilled copy of the TRC would have to be provided.
 - iii. Copy of Form 10F electronically filed with income tax department as required by notification 03/2022 dated 16th July, 2022 r.w. CBDT communication dated 28th March, 2023. Sample format of form 10F can be downloaded from the website of the Company at <https://gspcgroup.com/gspl/rds-dividend>
 - iv. Self-Declaration by the Non-Resident Shareholder of having no Permanent Establishment (No PE) /No Fixed Base in India, beneficial ownership & compliance with provisions of Multilateral Instrument (MLI). The format of "Self Declaration by Non-Residents" can be downloaded from the website of the Company at <https://gspcgroup.com/gspl/rds-dividend>
 - v. For FII & FPI, in addition to the above documents, certificate of registration with SEBI is also required to be submitted.
The Company is not obligated to apply the beneficial DTAA rates at the time of Tax deduction / withholding on Dividend amounts. Application of beneficial DTAA Rate shall depend upon the completeness and satisfactory review by the Company of the documents submitted by Non- Resident Shareholder.
 - **Order under Section 195/197 of the Act – If Shareholder has obtained Lower/ NIL TDS certificate issued under section 195/197 of the Income Tax Act, 1961 from its jurisdictional tax officer for FY 2025-26, the same along with self-attested copy of PAN to be submitted.** Company's Tax Deduction Account No. [TAN] which is required for applying for Lower / NIL TDS certificate is : **AHMG01428A.**
 - **Any non-resident shareholder exempt from withholding tax deduction as per Income Tax Act or any other law granting overriding exemption/ immunity** - Necessary documentary evidence substantiating exemption from Withholding Tax deduction. The granting of exemption benefit shall depend upon the completeness and satisfactory review by the Company, of the documents submitted.
27. The Shareholders holding shares under multiple accounts under different status / category and single PAN, may note that, higher of the tax as applicable to the status in which shares held under a PAN will be considered on their entire holding in different accounts.

28. Exemption / Lower TDS will be granted to the eligible Shareholder only if the documents submitted by the Shareholder are complete in all respect & subject to satisfactory review by the Company.
29. **Declaration under Rule 37BA of IT Rules, 1962** - As per Rule 37BA of the Income Tax Rules, 1962, any entity holding shares on behalf of registered shareholders or acting as a custodian, should inform by submitting declaration to the Company/ RTA, about providing credit of TDS and issue of TDS certificate to the respective beneficiary. The said declaration should be submitted on or before **12th September, 2025**.
30. Application of TDS rate is subject to necessary due diligence including verification by the Company of the details of the Member(s) available as per the Register of Members on the Record date, documents / other information available in the records of the Company / its Registrar & Transfer Agents (RTA) and other reliable source(s). The Company may deduct TDS on Dividend at the maximum applicable rate, in case of any incomplete, conflicting or ambiguous information and/or the valid proper documents and/or information not provided by the Member(s).
31. **The aforementioned documents are required to be submitted by uploading the same at <https://ris.kfintech.com/form15> or by E-mail at cinward.ris@kfintech.com on or before, 12th September, 2025 in order to enable the Company to determine and deduct appropriate TDS / Withholding Tax Rate.**
32. No communication on the Tax determination / deduction shall be entertained after **12th September, 2025**.
33. In the event of any Income Tax demand (including interest, penalty, etc.) arising from any misrepresentation, inaccuracy or omission of information provided / to be provided by the Shareholder(s), such Shareholder(s) will be responsible to indemnify the Company and also provide to the Company, all information / documents and co-operation in any appellate proceedings.
34. In case Tax on Dividend is deducted at a higher rate in the absence of receipt of the aforementioned details / documents, the Shareholder shall get the credit of the same in his/her 26AS [Annual Tax Credit Statement] & can claim the refund of the excess Tax paid, if any, at the time of filing the Income Tax Return. No claim shall lie against the Company for such Taxes deducted.
- Above communication for TDS on Dividend is not exhaustive and does not purport to be a complete analysis or listing of all potential tax consequences. Shareholders are advised to consult their tax advisors for the tax provisions applicable to their particular circumstances.**
35. The Company vide its separate email communication dated 9th July, 2025 had informed the Members regarding the relevant procedure to be adopted by the Members to avail the applicable tax rate. Further, this process & various formats are also available at Company's website viz. <https://gspcgroup.com/gspl/tds-dividend>.

IEPF RELATED INFORMATION

36. Adhering to the various requirements set out in the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 [IEPF Rules], as amended, the Company in the month of November, 2024, has transferred 26,206 Equity Shares corresponding to the unclaimed Dividend declared by the Company for the FY 2016 - 2017 to the demat account held by IEPF Authority after following the due procedure prescribed under the Companies Act, 2013 and the IEPF Rules. Further, in respect of unclaimed/unpaid Dividends for the FY 2017 - 18 which is due for transfer to IEPF on 27th October, 2025, the Company has sent notices to all the concerned Shareholders and has also published newspaper advertisements to claim their Dividends, failing which the Shares corresponding to the same shall be transferred to the IEPF Authority.
- The Company urges all the shareholders to encash / claim their respective Dividends. Members are requested to contact KFin Technologies Limited for encashing the unclaimed Dividends standing to the credit of their account. The detailed Dividend history and due dates for transfer to IEPF are available on 'Investor Relations' page on the website of the Company www.gspcgroup.com/GSPL/ and on Ministry of Corporate Affairs' website.
37. Members may note that they can claim back the Shares as well as unclaimed Dividends transferred to the IEPF Authority. Concerned Members/Investors are advised to visit the weblink <http://iepf.gov.in/IEPFA/refund.html> or contact R&TA for lodging claim for refund of Shares and/or Dividend from the IEPF Authority.

OTHER INFORMATION

38. As per Regulation 40 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, securities of listed companies can be transferred only in dematerialised form and transmission or transposition of securities shall be effected only in dematerialised form. In view of this and to eliminate all risks associated with physical shares, members holding shares in Physical Form are requested to consider converting their holdings to Dematerialized Form.
39. The Securities and Exchange Board of India has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Accordingly, if not submitted, Members holding Shares in electronic mode are requested to submit the PAN details to their Depository Participants with whom they are maintaining their demat accounts. Further, the Members holding Shares in physical form can submit their PAN details to KFin Technologies Limited.
40. SEBI with an objective to streamline and strengthen the procedures and processes with regard to handling and maintenance of records, transfer of securities etc. issued Circular, whereby it is mandatory for all holders of physical shares to furnish PAN, choice of nomination, contact details (Postal Address with PIN and Mobile Number), bank account details and specimen signature for their corresponding folio numbers. Accordingly, physical shareholders, are requested to furnish the same.
41. Members are requested to intimate/update changes, if any, in postal address, e-mail address, mobile number, PAN, nomination, bank details such as name of the bank and branch, bank account number, IFSC Code etc.:
- **Shareholders holding Shares in Demat Mode:** to their Depository Participant and changes intimated to the Depository Participant will then automatically be reflected in the Company's records, which will help the Company and R&TA to provide efficient and better service to Members.
 - **Shareholders holding Shares in Physical Mode:** Pursuant to SEBI Circulars, to furnish PAN postal address, e-mail address, mobile number, specimen signature, bank account details and nomination by submitting to KFinTech, the Forms given below along with requisite supporting documents:

Sr. No.	Particulars	Form
1	Registration of PAN, Postal Address, E-mail Address, Mobile Number, Bank Account Details or changes/updation thereof	ISR – 1
2	Confirmation of Signature of Shareholder by the Banker	ISR - 2
3	Registration of Nomination	SH – 13
4	Cancellation or Variation of Nomination	SH – 14
5	Declaration to opt out of Nomination	ISR - 3

42. The Resolutions will be deemed to be passed on the Annual General Meeting date subject to receipt of requisite number of votes in favour of the Resolutions.

Company Secretary

ANNEXURE TO THE NOTICE

Explanatory Statement pursuant to Section 102 of the Companies Act, 2013

Item No. 5:

Based on the recommendation of the Nomination and Remuneration Committee, the Board has appointed Shri Pankaj Joshi, IAS [DIN: 01532892] as an Additional Director and also as the Chairman & Managing Director of the Company under Section 161 and 196 of the Companies Act, 2013 read with Articles of Association of the Company with effect from 7th February, 2025. Shri Pankaj Joshi, IAS holds office up to the date of this Annual General Meeting.

Your Company being a Government Company, the provisions of the Companies Act, 2013 and Rules made thereunder for appointment of Managing Director are not applicable.

The Company has received a Notice under Section 160 of the Companies Act, 2013 from a Member in writing proposing the candidature of Shri Pankaj Joshi, IAS for appointment as Director of the Company.

A brief profile of Shri Pankaj Joshi, IAS, the nature of his expertise in specific functional areas, names of companies in which he hold Directorship, Committee Memberships/ Chairmanships, his shareholding etc., are separately annexed hereto.

None of the Directors or Key Managerial Personnel (KMP) or relatives of Directors and KMPs, except Shri Pankaj Joshi, IAS is concerned or interested in the Resolution at Item No. 5 of the Notice. Shri Pankaj Joshi, IAS and his relatives are interested or concerned in the Resolution concerning his appointment proposed at Agenda Item No. 5.

The Board recommends the Resolution for approval of the Members. Members are requested to approve the Ordinary Resolution.

Item No. 6:

Based on the recommendation of the Nomination and Remuneration Committee, the Board has appointed Shri M. K. Das, IAS [DIN: 06530792] as an Additional Director of the Company under Section 161 of the Companies Act, 2013 read with Articles of Association of the Company with effect from 12th August, 2025. Shri M. K. Das, IAS holds office up to the date of this Annual General Meeting.

The Company has received a Notice under Section 160 of the Companies Act, 2013 from a Member in writing proposing his candidature for appointment as Director of the Company.

His brief profile, the nature of his expertise in specific functional areas, names of companies in which he hold Directorship, Committee Memberships/ Chairmanships, his shareholding etc., are separately annexed hereto.

None of the Directors or Key Managerial Personnel (KMP) or relatives of Directors and KMPs, except Shri M. K. Das, IAS is concerned or interested in the Resolution at Item No. 6 of the Notice. He and his relatives are interested or concerned in the Resolution concerning his appointment proposed at Agenda Item No. 6.

The Board recommends the Resolution for approval of the Members. Members are requested to approve the Ordinary Resolution.

Item No. 7:

Based on the recommendation of the Nomination and Remuneration Committee, the Board of Directors has appointed Shri Rishiksha T. Krishnan (DIN: 00064067) w.e.f. 21st September, 2024, as Additional Director/Independent Director of the Company under Section 161 of the Companies Act, 2013 read with applicable provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Articles of Association of the Company with effect from 21st September, 2024.

In accordance with the provisions of Section 149 read with Schedule IV to the Act, appointment of Independent Directors requires approval of the members of the Company. Further, in terms of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations"), GSPL shall ensure that the approval of the shareholders for his appointment on the Board of Directors is taken at the next general meeting. Accordingly, his appointment requires the approval of the members of the Company at the Annual General Meeting of the Company.

As per the provisions of Section 149 of the Companies Act, 2013 read with Regulation 25 of the Listing Regulations, an Independent Director shall hold office for a term up to five consecutive years on the Board of a company and is not liable to retire by rotation.

The Company has received a Notice under Section 160 of the Companies Act, 2013 from a Member in writing proposing the candidature of Shri Rishiksha T. Krishnan for appointment as Independent Director of the Company. He has given a declaration to the Board that he meets criteria of Independence as provided under Section 149 (6) of the Act and Regulation 16(1) (b) of the Listing Regulations.

In the opinion of the Board, Shri Rishiksha T. Krishnan fulfils the conditions specified in the Companies Act, 2013 and Rules made there under and Listing Regulations for appointment as an Independent Director and he is independent of management. The Board recommends his appointment as Independent Director for five (5) consecutive years effective from 21st September, 2024.

In compliance with the provisions of Section 149 read with Schedule IV of the Act, the appointment of Shri Rishiksha T. Krishnan as Independent Director is being placed before the Members for their approval.

A brief profile of Shri Rishiksha T. Krishnan, the nature of his expertise in specific functional areas, names of companies in which he hold Directorship, Committee Memberships/ Chairmanships, shareholding in GSPL, etc., are separately annexed hereto.

The copy of the draft letter of appointment of Shri Rishiksha T. Krishnan setting out the terms and conditions will be available for inspection in electronic mode.

None of the Directors or Key Managerial Personnel (KMP) or relatives of Directors and KMPs, except Shri Rishiksha T. Krishnan, is concerned or interested in the Resolution at Item No. 7 of the Notice. Shri Rishiksha T. Krishnan and his relatives, if any, are interested or concerned in the Resolution concerning his appointment proposed under Item No. 7.

The Board recommends the Resolution under Item No. 7. for approval of the Members as Special Resolution. The Members are requested to approve the Special Resolution.

Item No. 8:

The Board of Directors at its meeting held on 12th August 2025, on the recommendation of the Audit Committee, has approved the appointment of M/s R. K. Patel, Cost Accountants, the Cost Auditors of the Company, to conduct the audit of the cost records of the Company for the Financial Year ending 31st March, 2025 at the remuneration of Rs.49,999/- plus taxes and out of pocket expenses incurred by them during the course of Audit.

In accordance with the provisions of Section 148 of the Companies Act, 2013 read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditors has to be ratified by the Shareholders of the Company.

Accordingly, consent of the Members is sought for passing the Ordinary Resolution as set out at Item No. 8 of the Notice for ratification of the remuneration payable to the Cost Auditors for the Financial Year 2025 - 26.

None of the Directors/Key Managerial Personnel of the Company/their relatives are, in any way, concerned or interested, financially or otherwise, in the Resolution set out at Item No. 8 of the Notice.

The Board recommends the Resolution for approval of the Members. The Members are requested to approve the Ordinary Resolution.

Item No. 9:

Pursuant to the provisions of Regulation 24A of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations") and Section 204 of the Companies Act, 2013 ("the Act") read with the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, the Board of Directors at their meeting held on 12th August, 2025 have approved and recommended the appointment of M/s SPANJ & Associates, a firm of Company Secretaries in practice, (Firm Registration Number: P2014GJ034800 and Peer Review No.: 6467/2025) as the Secretarial Auditors of the Company for a term of 5 consecutive years, to conduct the Secretarial Audit of five consecutive financial years respectively ending on 31st March, 2026, 31st March, 2027, 31st March, 2028, 31st March, 2029 and 31st March, 2030 ('the Term') and to issue the Secretarial Audit Report under Section 204 of the Act and under Regulation 24A(1)(a) of the Listing Regulations for the Term, at the remuneration of ₹ 1,50,000/- including GST for each Financial Year from FY 2025-26 till FY 2029-30.

The proposed fees is based on knowledge, expertise, industry experience, time and efforts required to be put in by them, which is in line with the industry benchmark.

The fees for services in the nature of certifications and other professional work will be in addition to the secretarial audit fee as above and will be determined by the Board in consultation with the Secretarial Auditors.

The recommendations are based on the fulfilment of the eligibility criteria & qualification prescribed under the Act & Rules made thereunder and Listing Regulations with regard to the secretarial audit, experience of the firm, capability, independent assessment, audit experience and also based on the evaluation of the quality of audit work done by it in the past.

M/s SPANJ & Associates is a Mega Firm of Company Secretaries having four partners consisting of Qualified Company Secretaries and well-trained staff having expertise, knowledge and experience in the field of Corporate Law advisor services and Independent Audit. The main partner, Shri Ashish Doshi has more than three decades of experience in the field of corporate laws. He had been associated with the Institute of Company Secretaries of India (ICSI) as Vice Chairman of Western India Regional Council of ICSI for the year 2014 and was also elected as Central Council Member of ICSI for the term of 2015-18 and was appointed as Chairman of Centre of Corporate Governance and Research Centre (CCGRT) of the ICSI. He had rendered honorable services to Gujarat Chamber of Commerce and Industries (GCCCI) in past as Co-Chairman of Capital Market Committee and Business Laws Committee. He was also nominated as member on the Accounting Standards Board (ASB) of ICAI for two years.

M/s SPANJ & Associates, have given their consent to act as Secretarial Auditors of the Company and confirmed that their aforesaid appointment (if made) would be within the limits specified by the Institute of Company Secretaries of India. They have also confirmed that they are not disqualified to be appointed as Secretarial Auditors in terms of provisions of the Act & Rules made thereunder and Listing Regulations.

None of the Directors/Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the Ordinary resolution set out at Item No. 9 of the Notice.

The Board recommends the Resolution for approval of the Members. The Members are requested to approve the Ordinary Resolution.

PERFORMANCE HIGHLIGHTS

- GSPL has successfully extended the gas grid up to 2,795 kilometre.
- GSPL committed and maintained uninterrupted gas supply across the State of Gujarat to maximize the net-worth of the Company.
- During FY 2024-25, Total Income stood at ₹1,514.90 Crore, as compared to ₹ 2,366.59 Crore and PBT was ₹1,003.28 Crore as compared to ₹1,642.20 Crore over Previous Year.
- The Profit After Tax for FY 2024-25 is ₹807.62 Crores as compared to ₹1,284.64 Crores for FY 2023-24.

DIVIDEND

As per the provisions of the Regulation 43A of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations"), GSPL adopted a Dividend Policy which has been amended w.e.f. 11th May, 2023. The Policy is available on the website of GSPL at <https://gspcgroup.com/documents/pagecontent/DDPGSPL.pdf>.

Keeping in view the various factors including the fund requirements for expansion of projects and subsidiaries, Government of Gujarat Guidelines as mentioned in the Policy, the Board of Directors of GSPL is pleased to recommend Dividend of ₹5 (i.e. @ 50%) per Equity Share of the face value of ₹10 each for the Financial Year 2024 - 25 subject to the approval of Shareholders in the ensuing Annual General Meeting. The total cash outflow on account of the proposed Dividend for the Financial Year 2024 - 25 would be approx. ₹282.11 Crores.

COMPOSITE SCHEME OF AMALGAMATION AND ARRANGEMENT

The Board of Directors of the Company has, on 30th August 2024, approved a Composite Scheme of Amalgamation and Arrangement (hereinafter referred to as "the Composite Scheme") and pursuant to the Composite Scheme, the Company along with Gujarat State Petroleum Corporation Limited ("GSPC"), GSPC Energy Limited ("GEL") shall merge into Gujarat Gas Limited ("GGL") and simultaneously, Gas Transmission Business Undertaking / Demerged Undertaking shall demerge into GSPL Transmission Limited ("GTL"). Through the Composite Scheme, the GSPC Group aims to streamline the existing businesses of the entities involved in the Composite Scheme, which are inter-linked or inter-connected, to enable focused growth strategies and eliminate the layered structure to achieve the value unlocking for various stakeholders (including the public at large).

As per the Composite Scheme, the appointed date for the merger of GSPC, GSPL and GEL into GGL is 1st April, 2024 and the appointed date for the demerger of the Gas Transmission Business Undertaking is 1st April, 2025. The effective date for the Composite Scheme is the order of the Ministry of Corporate Affairs approving the Composite Scheme and filing of certified copy of the Ministry of Corporate Affairs' order with the Registrar of Companies, Ministry of Corporate Affairs.

As the Equity Shares of GSPL and GGL are listed on NSE and BSE, the applications were then filed with Stock Exchanges i.e. BSE and NSE in September, 2024 for obtaining observation letter or no-objection letter from the Stock Exchanges in respect of the Composite Scheme, pursuant to Regulation 37 and 39 of the SEBI LODR Regulations read with SEBI Master Circular dated 20th June, 2023. The BSE and NSE have issued observation letters dated 4th February 2025 and 5th February, 2025 respectively, granting no objection to the filing of the Composite Scheme with Ministry of Corporate Affairs, New Delhi (MCA). Accordingly, the Composite Scheme was filed with MCA on 12th February, 2025 for approval.

GAS GRID PROJECT

With an aim to promote natural gas access in the State and enable its broader adoption and reduce reliance on traditional fuels, the State Government of Gujarat played a pro-active role in envisaging the development of a State-wide Gas Grid on an Open Access principle. Gujarat Government envisaged development of gas based economy which shall yield energy security in eco-friendly and sustainable way.

In line with the Govt.'s vision, GSPL's Statewide Gas Grid, one of its kind in India, has been designed as per the highest international standards with inbuilt flexibility to cater to varying loads and capabilities for bi-directional flows.

The pipeline grid map of GSPL for Gujarat is enclosed herewith as **Annexure - IX**.

The map showing the Cross-Country Natural Gas Transmission Pipelines being implemented through special purpose vehicles is enclosed herewith as **Annexure - X**.

Projects Commissioned

During the year under review, your Company has successfully connected total 1 Source Connectivity Chhara LNG connectivity in Gir Somanth district and 4 CGD connectivity in Ahmedabad, Anand and Patan districts. 1 customer connectivity in Silvassa, Union Territory of Dadra & Nagar Haveli Daman & Diu is completed.

The grid operations account for approx 2795 Kms as on 31st March, 2025. Gas is flowing from Mundra / Hazira / Dahej / Vapi to various industries and City Gas Distribution ("CGD") Networks located in various Districts of Gujarat including Surat, Bharuch, Narmada, Baroda, Anand, Ahmedabad, Dahod, Gandhinagar, Sabarkantha, Panchmahal, Patan, Bhavnagar, Mehsana, Banaskantha, Surendranagar, Botad, Rajkot, Morbi, Jamnagar, Navsari, Kutch, Kheda, Valsad, Amreli, Gir & Somnath.

Projects Under Execution

Your Directors are pleased to inform that GSPL continues to develop additional Pipeline infrastructure in the State of Gujarat. Your Company is currently implementing CGD connectivity in Bhavnagar district and potential source connectivity viz., Jamnagar Dwarka Pipeline project (98km) in Dwarka district, CGD connectivity Vantewad Rajpipla Pipeline project (in Narmada district, customers connectivity viz., Bhayla connectivity project in Ahmedabad (Rural) district. Your Company also received authorisation from PNGRB for developing Anjar Palanpur pipeline project (290km) in Gujarat. Several customers in many industrial regions across Gujarat, including Dahej SEZ are receiving gas through Company's network with more getting connected on a regular basis.

WIND POWER PROJECT

Your Company being committed to promote clean and green energy has set up Wind Power Project of 52.5 MW in the areas of Maliya Miyana, Rajkot and Gorsar & Adodar, Porbandar. During the year, GSPL has sold 8,65,25,354 KWH of electricity generated through Windmill.

FUTURE PLANS

As the Indian gas market continues to evolve, it is important that leading players like GSPL undertake strategic initiatives to enhance infrastructure availability.

Accordingly, your Company is working on future expansion projects which include development of networks connecting upcoming and existing sources as well as expansion of network in to various geographies to cater to the requirement of expanding CGD networks.

OPERATION & MAINTENANCE ACTIVITIES

GSPL has transported 11,032 MMSCM of gas during the Financial Year 2024-25 (Previous year: 11,159 MMSCM).

To safeguard pipeline assets and optimize utilization of the pipeline system, GSPL is giving utmost importance to efficient operations and preventive maintenance.

SUBSIDIARY, ASSOCIATE & JOINT VENTURE COMPANIES

Subsidiary Companies

Your Company has following three Subsidiary companies within the meaning of the Section 2(87) of the Companies Act, 2013:

- 1) GSPL India Gasnet Limited (GIGL) for development of Mehsana – Bhatinda and Bhatinda – Gurdaspur Pipeline Projects.
- 2) GSPL India Transco Limited (GITL) for development of Mallavaram - Bhopal – Bhilwara – Vijaipur Pipeline Project.
- 3) Gujarat Gas Limited (GGL) is India's largest city gas distribution player with presence spread across 44 Districts in the State of Gujarat, Punjab, Rajasthan, Haryana, Madhya Pradesh, Maharashtra and Union Territory of Dadra and Nagar Haveli.

Associate Company

As on 31st March, 2025, GSPL has one Associate Company viz. Sabarmati Gas Limited.

To avoid duplication between the Boards' Report and Management Discussion and Analysis Report, the performance highlights/summary of the Subsidiary companies/Joint Venture companies /Associate companies of GSPL is given in Management Discussion & Analysis Report.

Accounts of Subsidiary, Associate & Joint Venture Companies:

Pursuant to notification dated 16th February, 2015 of Ministry of Corporate Affairs notifying the Companies (Indian Accounting Standard) Rules, 2015, GSPL, its Associate, Subsidiary and Joint Venture Companies have adopted Ind AS w.e.f. 1st April, 2016. Consequently, though as per provision of Section 2 (87) (ii) of the Companies Act 2013, GSPL India Gasnet Limited (GIGL) and GSPL India Transco Limited (GITL) fall within the meaning

of Subsidiary Company, as per guidance of Indian Accounting Standards [Ind AS], GIGL and GITL fall within the criteria of Joint Venture and accordingly they have been considered as Joint Venture for the purpose of disclosures and compliances in relation to the Financial Statements of GSPL for the Financial Year 2024 - 25.

Pursuant to provisions of Section 129 (3) of the Companies Act, 2013 read with the Companies (Accounts) Rules, 2014, a separate statement in prescribed Form AOC - 1 containing salient features of the financial statement of Subsidiary, Associate & Joint Venture Companies is provided in the Annual Report.

Further, the audited annual accounts and related information of GIGL, GITL and GGL will be made available to any Member upon request. The annual accounts of GIGL, GITL and GGL will also be available for inspection by members in electronic mode. The same are also available on the website of GSPL viz. www.gspcgroup.com.

CONSOLIDATED FINANCIAL STATEMENTS

In accordance with the Ind AS - 28 on Investment in Associates and Joint Ventures read with Ind AS - 110 on Consolidated Financial Statements and Ind AS - 111 on Joint Arrangement, the Audited Consolidated Financial Statements are provided in the Annual Report.

HEALTH, SAFETY AND ENVIRONMENT

GSPL, in order to fulfil its commitment towards Health, Safety and Environment, has taken active steps towards establishment of Safety Management Systems. Environment and safety features have been integrated into design, construction and O&M local community and the environment. The same is also being reflected in the QHSE policy of GSPL. It is expanding and managing its operations in a manner which is safe and environmentally sustainable.

For developing effectiveness of Safety Management Systems, training of all employees across GSPL is ensured through various training programs. The same is being monitored through internal audit teams and delegation of safety management up to the local level. Contractors' adherence to Company's QHSE policy is also assured through regular site visits and external audits. Regular site visits ensure the enhancement of safety culture which also facilitates safe commissioning of the new projects.

Your Company is re-certified to integrated Management Systems (ISO 9001:2015, ISO 14001:2015 & ISO 45001:2018) with validity till 9th November 2026. Effectiveness of these certifications is being assured through planned audits of the system. Continuous improvement is visible in various O&M

systems. Preventive Maintenance schedules are being adhered to with updating of records. Further, Emergency Response and Disaster Management Plan (ERDMP) of GSPL was re-accredited as per the requirement of ERDMP Regulations, 2010 and the amendment 2020 under PNGRB Act, 2006. ERDMP is being reviewed and updated regularly. All conditions of Accreditation are being adhered to. Effectiveness of ERDMP is verified through regular mock drills as per specified intervals as identified by respective work bases."

DEPOSITS

During the year, GSPL has not accepted Deposits from the public falling within the ambit of Section 73 of the Companies Act, 2013 read with Companies (Acceptance of Deposits) Rules, 2014.

PARTICULARS OF LOANS, GUARANTEES OR INVESTMENTS

Pursuant to Section 186 (11) of the Companies Act, 2013, loans made, guarantees given or securities provided or investment made by a company providing infrastructure facilities are exempted from compliance with Section 186 of the Companies Act, 2013 except sub Section (1). Accordingly, your Company being engaged in the Gas Transportation business is exempted from aforesaid compliance. However, the details of Loans, Guarantees, Securities and Investments covered under the provisions of Section 186 of the Companies Act, 2013 are given in the notes to the Financial Statements.

PARTICULARS OF CONTRACTS OR ARRANGEMENTS WITH RELATED PARTIES REFERRED TO IN SECTION 188 (1) OF THE COMPANIES ACT, 2013

All Related Party Transactions that were entered into during the Financial Year were on an arm's length basis and were in the ordinary course of business.

Prior omnibus approval of the Audit Committee is obtained on a yearly basis for the transactions which are of a foreseeable and repetitive nature and further would be executed on arm's length basis and in the ordinary course of business. Further, a statement giving details of all Transactions executed with Related Parties is placed before the Audit Committee on a quarterly basis for its approval/ ratification as the case may be.

The Policy on Materiality of Related Party Transactions and Dealing with Related Party Transactions as approved by the Board is uploaded on GSPL's Website.

None of the Directors has any pecuniary relationships or transactions vis-à-vis GSPL.

The particulars of contracts or arrangements with Related Parties referred to in Section 188 (1) of the Companies Act, 2013, as prescribed in Form AOC - 2 of the Companies (Accounts) Rules, 2014 is enclosed as **Annexure - III** to this Report.

CORPORATE SOCIAL RESPONSIBILITY

GSPL has constituted a Corporate Social Responsibility (CSR) Committee in accordance with Section 135 of the Companies Act, 2013 read with Companies (Corporate Social Responsibility Policy) Rules, 2014. Pursuant to provisions of Section 135 of the Companies Act, 2013, GSPL has also formulated a Corporate Social Responsibility Policy which is available on the website of GSPL at <https://gspcgroup.com/GSPL/csr>.

Your Company being committed in fulfilling its Corporate Social Responsibility has been engaged in various social initiatives through its intervention in the areas of education, promoting healthcare/preventive healthcare, eradication of hunger, poverty & malnutrition etc. in accordance with the Corporate Social Responsibility Policy of GSPL.

The Annual Report on CSR activities as required under the Companies (Corporate Social Responsibility Policy) Rules, 2014 is enclosed herewith as **Annexure - IV** to this Report.

The Board at its meeting held on 7th February, 2025 has appointed Shri Pankaj Joshi, IAS as Additional Director and also as Chairman & Managing Director w.e.f. 7th February, 2025.

Further, the Board at its meeting held on 12th August, 2025 has appointed Shri M. K. Das, IAS as Additional Director w.e.f. 12th August, 2025.

It is proposed to regularize the appointment of Prof. Rishiksha T Krishnan, Shri Pankaj Joshi, IAS and Shri M. K. Das, IAS in the ensuing 27th Annual General Meeting.

Pursuant to the provisions of Section 152 of the Companies Act, 2013, Ms. Arti Kanwar, IAS shall retire by rotation at the ensuing Annual General Meeting and being eligible, offers herself for re-appointment as Director liable to retire by rotation.

A brief resume of the Directors retiring by rotation/seeking appointment/re-appointment at the ensuing Annual General Meeting, nature of their expertise in specific functional areas and details regarding the companies in which they hold directorship, membership/chairmanship of committees of the Board is annexed to the Notice.

Directors' Independence:

Pursuant to the provisions of Section 149 (6) of the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Independent Directors of GSPL have given confirmation/ declaration to the Board that they meet with the criteria of Independence and are Independent in terms of Section 149 (6) of the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. In the opinion of the Govt. of Gujarat and the Board of Directors, the Independent Directors, fulfill the conditions of independence specified in Section 149 (6) of the Companies Act, 2013 and Regulation 16 (1) (b) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Board Evaluation:

Pursuant to the provisions of the Companies Act, 2013 and Regulation 25 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Independent Directors have carried out annual performance evaluation of Chairman, Non-Independent Directors and the Board as a whole. Further, the Board has carried out annual performance evaluation of the Independent Directors and the evaluation of the working of the various Committees of Directors of GSPL.

The performance evaluation of individual Directors was carried out based on the various parameters after taking into consideration inputs received from the Directors and also parameters set out in the Policy for Evaluation of Performance of Directors, Committees & Board such as active participation & contributions in the Meetings, balance of knowledge, expertise and experience, safeguarding the interest of GSPL and its Stakeholders etc. The performance evaluation of the Board as a

whole and various Committees of Directors of GSPL was carried out considering various parameters such as adequacy of the composition of the Board and its Committees, discharge of key functions and responsibilities prescribed under law, corporate governance practice etc. and the overall performance assessment was discussed in detail by the Board members.

Meetings:

The Board meets at regular intervals to discuss and decide on Company/ business policy and strategy apart from other Board business. The Board/ Committee Meetings are pre-scheduled and a tentative annual calendar of the Board and Committee Meetings is circulated to the Directors in advance to facilitate them to plan their schedule and to ensure meaningful participation in the Meetings. However, in case of a special and urgent business need, the approval is taken by passing resolutions through circulation to the Directors, as permitted by law, which are noted in the subsequent Board/Committee Meetings. During the year, six (6) Board Meetings were convened and held, the details of which are given in the Corporate Governance Report. The intervening gap between the Meetings was within the period prescribed under the Companies Act, 2013 and Regulation 17 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

AUDIT COMMITTEE

Audit Committee of Directors of GSPL at its Meeting held on 22nd May, 2025 approved the Annual Accounts for the Financial Year ended on 31st March, 2025 and recommended the same for approval of the Board.

AUDITORS

Statutory & C&AG Audit:

As your Company is a Government Company, the Statutory Auditors are appointed by the Comptroller & Auditor General of India (C&AG). Accordingly, the C&AG has appointed M/s B P Bang & Co., Chartered Accountants as Statutory Auditors of GSPL for the Financial Year 2024 - 25.

The C&AG has given NIL comments reports on the Standalone and Consolidated Financial Statements of GSPL for the Financial Year 2024 - 25. The NIL comments reports have been provided before the Standalone & Consolidated Financial Statements respectively.

Secretarial Auditors:

Pursuant to the provisions of section 204 of the Companies Act, 2013 and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, the Board of Directors of GSPL has appointed M/s SPANJ & Associates, Practicing Company Secretaries, to conduct the secretarial Audit of GSPL for the Financial Year 2024 - 25.

The Report of Secretarial Auditor on Company's Secretarial Audit for the Financial Year 2024 - 25 is enclosed herewith as **Annexure - V** to this Report.

Secretarial Audit of Material Unlisted Indian Subsidiary:

For Financial Year 2024 - 25, GSPL India Gasnet Limited is the Material Unlisted subsidiary of GSPL. As per Regulation 24A of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Secretarial Audit of the Material subsidiary mentioned above has been conducted for the Financial Year 2024-25 by Practicing Company Secretaries.

The Secretarial Audit Report of GSPL India Gasnet Limited for the Financial Year ended 31st March, 2025 is enclosed herewith as **Annexure - VI** to this Report.

Cost Auditors:

Your Company is required to get the Cost Audit carried out for "Gas Transportation" business as well as "Generation of Electricity through Windmill" business pursuant to Section 148 of the Companies Act, 2013 read with the Companies (Cost Records and Audit) Rules, 2014. GSPL is maintaining the Cost Accounts and Records as specified by the Central Government under sub section (1) of Section 148 of the Companies, Act, 2013.

Accordingly, your Company has got the Cost Audit carried out for the said business for the Financial Year 2024 - 25 through the Cost Auditor M/s R. K. Patel. The Cost Audit Report 2024 - 25 will be submitted to the Central Government in the prescribed format within stipulated time period.

Further, the Board upon the recommendation of the Audit Committee, appointed M/s R. K. Patel, Cost Accountants as Cost Auditor to audit the cost accounts of GSPL for the Financial Year 2025 - 26 on a remuneration of ₹ 49,999/- plus applicable taxes and reimbursement of out of pocket expenses incurred by them during the course of Audit. As required under the Companies Act, 2013, the remuneration payable to the Cost Auditor is required to be placed before the Members in a General Meeting for their ratification. Accordingly, a Resolution seeking Member's ratification for the remuneration payable to M/s R. K. Patel, Cost Auditors for the Financial Year 2025 - 2026 is included in the Notice convening the Annual General Meeting.

RISK MANAGEMENT AND INTERNAL CONTROL SYSTEM

Risk Management:

Your Company has a well-defined risk management framework. The Board of Directors of GSPL has adopted a Risk Management Policy.

Internal Control System:

Your Company has a proper and adequate system of Internal Controls commensurate with its size of operations and nature of business. These are routinely tested and certified by Statutory as well as Internal Auditors. Significant audit observations and follow up actions thereon are reported to the Audit Committee. The details about the identification of elements of Risk and Internal Control Systems are provided in detail in the Management Discussion & Analysis Report forming part of this Board's Report.

VIGIL MECHANISM

Your Company has established a Vigil Mechanism for Directors and Employees to report their genuine concerns, details of which have been given in the Corporate Governance Report forming part of this Board's Report.

DIRECTORS' RESPONSIBILITY STATEMENT

To the best of their knowledge and belief and according to the information and explanations obtained by them, your Directors make the following statements in terms of Section 134(3) (c) of the Companies Act, 2013:

- that in the preparation of the Annual Financial Statements for the year ended 31st March, 2025, the applicable accounting standards have been followed and no material departures have been made from the same;
- that accounting policies have been selected and applied consistently and judgment and estimates have been made that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company as at 31st March, 2025 and of the profit & loss of the Company for the year ended on that date;
- that proper and sufficient care has been taken for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
- that the Annual Financial Statements have been prepared on a going concern basis;
- that proper Internal Financial Controls were in place and that the financial controls were adequate and were operating effectively;
- that systems to ensure compliance with the provisions of all applicable laws were in place and were adequate and operating effectively.

MANAGEMENT DISCUSSION AND ANALYSIS

This Annual Report contains a separate Section (**Annexure-I**) on the Management Discussion and Analysis, which forms part of this Board's Report.

CORPORATE GOVERNANCE

Corporate Governance denotes the framework for companies to conduct their business in an ethical and responsible manner. It is determined primarily by the approach that a Company has towards its stakeholders as well as to the environment in which it operates. It stems from the belief and realization that corporate citizenship has a set of responsibilities, which must be fulfilled for a Company to progress and succeed over the long term.

GSPL believes that good governance alone can deliver continuous good business performance. A Report on Corporate Governance as required under Regulation 34 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 is incorporated as a part of this Board's Report (**Annexure – II**). The Compliance Certificate by the Practising Company Secretary is also attached to this Board's Report.

COMPLIANCE OF SECRETARIAL STANDARDS

Your Company has complied with Secretarial Standards issued by the Institute of Company Secretaries of India on Meetings of the Board of Directors (SS-1) and General Meetings (SS-2).

ANNUAL RETURN

The draft Annual Return of GSPL for the Financial Year 2024 – 25 in the Form of MGT – 7 is available on the website of GSPL at <http://www.gspcgroup.com/GSPL/annual-returns>

PARTICULARS OF EMPLOYEES

Your Company being a Government Company is exempted from disclosing the information required pursuant to Section 197 of the Companies Act, 2013 read with Rule 5 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 in respect of the employees of GSPL pursuant to Ministry of Corporate Affairs Notification dated 5th June, 2015.

DISCLOSURE UNDER THE SEXUAL HARASSMENT OF WOMEN AT WORKPLACE (PREVENTION, PROHIBITION & REDRESSAL) ACT, 2013

Your Company has always believed that appropriate standard of conduct should be maintained by the employees in their conduct and that there should be a safe, in-discriminatory and harassment free (including sexual harassment) work environment for every individual working in GSPL. Your Company has in place a Policy on Prevention of Sexual Harassment at workplace as a part of its Human Resource Policy. It aims at prevention of harassment of employees and lays down the guidelines for reporting and prevention of sexual harassment. GSPL has constituted an Internal Complaints Committee (ICC) as required under the Act which is responsible for redressal of complaints related to sexual harassment.

The details of complaints filed/disposed/pending in relation to the Sexual Harassment of Woman at Workplace as on 31st March, 2025 is provided below:

Sr.	Particulars	No. of Complaints
1	No. of Complaints received in the year	0
2	No. of Complaints disposed during the year	0
3	No. of Complaints Pending at the end of the year	0
4	No. of Cases pending for more than Ninety days	0

MATERNITY BENEFIT ACT, 1961

The Company has Complied with the provisions related to the Maternity Benefit Act, 1961

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION, FOREIGN EXCHANGE EARNINGS AND OUTGO

Information required to be disclosed pursuant to provisions of the Companies Act, 2013 read with Rules thereto with respect to Conservation of Energy, Technology Absorption and Foreign Exchange Earnings & Outgo are furnished in **Annexure - VIII** to this Report.

BUSINESS RESPONSIBILITY & SUSTAINABILITY REPORT

Your Company has always given the highest importance to the environment, health and safety. The same is also reflected in the business practices of the Company e.g. GSPL has implemented practices towards preservation of natural resources, Green Gas emission reduction, lowering costs, etc. over these years. GSPL is also conscious of its responsibility towards its various stakeholders and is determined to increase its contribution to the society to bring positive social impact.

Pursuant to amendment in the SEBI Listing Regulations, 2015, top 1,000 listed entities based on market capitalisation are required to submit a Business Responsibility & Sustainability Report ('BRSR') with effect from the FY 2022 - 23.

The BRSR indicates the Company's performance against the principles of the 'National Guidelines on Environmental, Social and Governance initiatives of the Company.

The Business Responsibility & Sustainability Report in the prescribed format describing the initiatives taken by GSPL from an environmental, social and governance perspective among other things is enclosed as **Annexure - VII** to this Report.

MATERIAL CHANGES AND COMMITMENTS AFFECTING THE FINANCIAL POSITION OF GSPL

PNGRB vide its tariff order dated 19.04.2024 has w.e.f. 1st May 2024, revised GSPL's Gujarat High Pressure Gas Grid transportation tariff to ₹ 18.10/MMBTU from earlier approved tariff of ₹ 34 / MMBTU (as determined in 2018). The Company has filed appeal against the said tariff order before the appellate authority viz. APTEL, since the said tariff order affects the right of GSPL as the Authorized Entity to recover the capital expenditure and operational expenditure being incurred by GSPL and obtain the stipulated reasonable rate of return thereto.

SIGNIFICANT AND MATERIAL ORDERS PASSED BY THE REGULATORS OR COURTS

There are no significant material orders passed by the Regulators / Courts which would impact the going concern status of GSPL and its future operations during the year.

ACKNOWLEDGEMENTS

The Directors appreciate the continued support received from the valued customers and look forward to this mutually supportive relationship in future.

The Directors place on record their deep appreciation to employees of GSPL at all levels for their hard work, dedication and commitment without whose contribution the excellent performance of GSPL would not have been possible.

The Directors are extremely grateful for all the support given by the Government of Gujarat at all levels. Their guidance, encouragement and moral support have enabled GSPL to expand the pipeline network in a professional manner.

The Directors also wish to place on record the sincere thanks to PNGRB and other regulatory authorities at Central and State level for the continuous support extended to GSPL.

The Directors place on record their sincere thanks to the Promoters, Shareholders and Lenders for their valuable support, trust and confidence reposed in GSPL.

For and on behalf of the Board of Directors,
Pankaj Joshi, IAS
Chairman & Managing Director

Date: 12th August, 2025

Place: Gandhinagar

ANNEXURE - I

Management's Discussion and Analysis forming part of the Board's Report for the year ended on 31st March, 2025

1. INDUSTRY OVERVIEW

A. WORLD ECONOMY

Global economies started the year 2024 on a cautionary note, largely owing to multiple headwinds: elevated public debt in major systemic economies; protracted geopolitical tensions; inefficiencies from geo-economic fragmentation; and accentuated climate shocks. Many experts pointed out that though economic activity is expected to slow down, there is a concerted effort to ensure that growth is not stalled.

Accordingly, the year began with an expectation of slow growth and as the year progressed, the pace of economic activity was impacted by moderation in economic growth in some Asian and European economies, protracted geopolitical tensions and sluggish recovery in China's consumption demand and property market¹.

According to the United Nations flagship report, World Economic Situation and Prospects (WESP) 2025, global economic growth is expected to have been at 2.8% in 2024.

Global growth was stable yet underwhelming through 2024 and is projected to remain so in 2025. However, given the complexity and fluidity of the current moment, many experts are finding it more difficult than usual to make assumptions for reliable projections.

Swift escalation of trade tensions and heightened uncertainty and geopolitical tensions are expected to have a significant impact on global economic activity. Thus, global growth is projected to be ~2.8% in 2025 and 3% in 2026 - much below the historical (2000–19) average of 3.7%².

Figure 1
Global Growth rate

However, things could certainly end up on a more positive note if major economies reach lasting agreements that address trade tensions. Recent events, especially in the post-COVID era, strongly demand a determined multilateral policy effort to foster a more predictable and transparent environment which helps to resolve trade tensions.

B. GLOBAL GAS MARKETS

While trade and geopolitics dictated the global economic report card for 2024, the global gas markets were dominated by weather conditions.

As per IEA Gas Market Report, Q1 2025 the Global gas demand reached a new all-time high in 2024 and preliminary data indicate that natural gas consumption increased by 2.8% y-o-y in 2024, i.e. above the 2% average growth rate between 2010 and 2020.

In fact, first estimates indicate that natural gas met ~40% of the increase in global energy demand in 2024 – a greater share than any other fuel³.

Gas markets were supported by relatively low LNG prices during the first half of the year and widespread heatwaves in the second and third quarter of 2024.

As extreme temperatures alone accounted for around 1/5th of the increase in global natural gas demand, demand from Industry and electricity generation, which accounted for around 75% of incremental gas demand in 2024 gave global gas demand a much required boost⁴.

1. RBI Annual Report 2024-25
2. IMF World Economic Outlook, April 2025

3. IEA Gas Market Report, Q1-2025
4. IEA Global Energy Review 2025

As of the end of March 2025, global gas consumption was projected to continue robust growth at an annual rate of 2% in both 2025 and 2026, driven primarily by Asia Pacific⁵.

It is expected that the Asia-Pacific region will soon reach a historic milestone by surpassing the 1,000 bcm threshold for the first time—a level previously attained only by North America.

This achievement underscores the region's growing significance in the global natural gas market and highlights its dynamic energy landscape. This growth will be particularly notable in countries working to diversify their energy mix away from coal, with China and India expected to lead the way⁶.

With regards to prices, Global gas and LNG spot prices stabilised in 2024, offering a stark contrast to the unprecedented volatility experienced over the previous four years. Although global gas market fundamentals were relatively stable, geopolitical tensions and extreme weather events triggered some short-term price spikes throughout the year.

Despite the year being a mix of stabilization phases and volatility, gas prices remained elevated compared to pre-energy crisis levels.

C. INDIAN ECONOMY

The Indian economy supported by robust macroeconomic fundamentals and proactive policy measures, stayed on course towards growth even amidst a challenging global environment.

India became the 4th largest global economy in 2025, driven by domestic reforms and global positioning under the vision of Aatmanirbhar Bharat. India is the world's fastest-growing major economy, with real GDP growing at 6.5%.

Figure 5
India's Nominal GDP Growth (in Rs. lakh crore)

Moreover, India is projected to be world's fastest growing major economy (6.3% to 6.8% in 2025-26)⁷.

Even the Global Economic Prospects by World Bank Group (June 2025) has credited Indian economy for showing growth in construction and services activity which remained steady, and agricultural output which recovered from earlier severe drought conditions, supported by resilient demand in rural areas.

Figure 6
Growth in real GDP

RBI in its Annual Report of FY 2024-25 states the following “Going forward, global financial market volatility, geopolitical tensions, trade fragmentation, supply chain disruptions and climate-induced uncertainties pose downside risks to the growth outlook and upside risks to the inflation outlook. However, the Indian economy is poised to remain the fastest-growing major economy in 2025-26 by leveraging its sound macroeconomic fundamentals, robust financial sector and commitment towards sustainable growth”.

D. INDIAN GAS MARKETS

The most encouraging lines on the status of Indian Gas markets came in IEA's Report India Gas Market Report-Outlook to 2030 (February 2025), which states that "India's dynamic economic growth, coupled with rapid urbanisation and industrialisation, is set to significantly transform its entire energy market, including natural gas, in the coming years."

Though production of gas (FY'24-25: 35,594 MMSCM) remained marginally steady vis-à-vis previous year (35,717 MMSCM), gas consumption saw an increase by ~3.5% y-o-y. Encouraging numbers of growth in gas consumption from sectors like CGD, Manufacturing and Petrochem grabbed the headlines. Sectors like Power, Refinery and Fertilizer retained their share in total consumption, y-o-y.

Total Gas consumption in India in FY 2024-25 was recorded at ~195MMSCMD, with LNG accounting for ~51% of the total volumes.

The strong overall growth in the CGD sector is driven by the ongoing rollout of CNG filling stations and distribution grids, and supportive government policies towards the CGD sector.

Moreover, in 2024 Gas played a pivotal role in supporting peak load demand during summer heatwaves since Government enacted an emergency provision for the use of gas power plants.

Over the years, strong inter-fuel competition has led to a scenario wherein natural gas has to compete against coal, oil and renewables in several gas-consuming sectors.

Accordingly, even slight changes in global gas prices, can impact domestic consumption patterns.

Going forward, rising energy demand coupled with sustainability goals, will ensure that Natural Gas plays an important role in India's energy mix.

During the inauguration of India Energy Week 2025 in February 2025 in New Delhi, Hon'ble Prime Minister of India underlined that due to several discoveries and the expanding pipeline infrastructure in India, the supply of natural gas is increasing. He emphasized that this will lead to a rise in the utilization of natural gas in the near future. He also highlighted that there are numerous investment opportunities in these sectors.

Greater gas availability for new industrial units and the potential expansion of refineries and petrochemical plants will boost Indian industrial gas demand. Though it is widely expected that sizeable growth will come from the CGD sector.

This year saw many noteworthy developments taking place in the Indian gas sector including, commissioning of India's 8th LNG Terminal at Chhara in Gujarat by HPCL LNG Ltd. (January 2025), India becoming the world's 4th largest LNG importer, accounting for nearly 7% of global LNG imports in 2024⁸ and India also accounted for 40% of the contracted volumes, the largest share among Asian buyers (in 2024).

Strengthening its footprints in global gas markets and in a move which would hedge the risk, State-owned Indian companies that have signed number of long terms contracts for a total volume of about 11 million tons per year of LNG were priced at Henry Hub index, which traditionally were done on oil benchmarks⁹.

In terms of domestic gas production, sources like Reliance-BP deep water fields located in the KG-D6 block and 3 other fields – R Cluster, Satellites Cluster, and MJ – helped Indian domestic production return to growth since 2021. It is expected that these fields combined will produce 85 bcm over their lifetime. These fields accounted for nearly 25% of India's total net production of 36 bcm in 2024. As a result, India's total gas production has increased by nearly 30% between 2020 and 2024¹⁰. India also witnessed growing output from CBM projects, although total CBM production remained under 1 bcm in 2024.

8. IEA Gas Market Report, Q1-2025

9. India's Oil & Gas Ready Reckoner FY 2024-25 by PPAC

10. IEA India Gas Market Report – Outlook to 2030

Efforts are underway to boost domestic gas production, including ONGC's technology collaboration with BP to enhance output from Mumbai High. Offshore gas production is set to grow with ONGC's KG-D5 project (2025-2030) but declines in legacy fields like Mumbai High and Bassein will offset gains.

On the gas transmission infrastructure front, during the year, total operational length of common carrier natural gas pipelines in India went by up ~2% and as on December 2024, the same stood at 23,752 kms¹¹.

IEA in its Gas Market Report of Q1-2025 states that it expects natural gas demand in India to increase by 8% (or 6 bcm) in 2025, assuming average weather conditions, driven by the country's growing energy needs and rapid economic expansion.

PNGRB recently commissioned a Report on India's Natural Gas Demand Projection for 2030-2040 and this Report states that India's natural gas demand is likely to rise ~8% annually to 297 mmscmd by 2030 under the "Good-to-Go (GtG)" scenario, and to reach 495 mmscmd by 2040 with CAGR of ~5% under the same scenario. Under a more optimistic "Good-to-Best (GtB)" scenario, NG consumption could jump to 365 mmscmd by 2030 and hit 630 mmscmd by 2040.

India has a massive target of building additional 40% network across the nation (~9400 kms) of the existing pipeline length and as many new geographies shall be connected with trunk pipeline infrastructure in the coming years, it shall give a huge boost to gas demand in the country.

2. REGULATORY FRAMEWORK

The Petroleum and Natural Gas Regulatory Board Act (PNGRB Act) mandates the Board, inter alia, to regulate downstream oil gas sector with view to protect interests of consumers/ entities also to promote competitive markets. Thus, PNGRB is required to play a proactive role in development of fair trade competitive markets in India.

PNGRB in its role as a regulator took various initiatives, including

- (a) Formation of High level Committees to strengthen PNGRB's role in new regulatory areas (b) New guiding principles introduced for Common Carrier declaration of networks (c) Accelerating Gas Connectivity in Untapped Areas (d) Liberalised norms for CGS setup outside GA boundaries (e) Fast-tracking spur line development for quicker access (f) Enhancing Safety & Oversight in the Oil & Gas Sector.

Your Company has been an active member in the Settlement Committee and Industry Committee formed by PNGRB for effective implementation of Unified Tariff. Your Company has been at the forefront in providing valuable insights and information on the gas market in view of its connectivity with end users from varied sectors across its Gas Grid. Moreover, your Company has also commissioned and presented reports prepared by reputed consultants to PNGRB on various strategic issues, which need deliberation and discussions within the Industry and are crucial in attracting further investments to the gas transmission sector.

Gujarat being a very important gas user of India (over 24% of India's PNG Industrial connections are in Gujarat)¹², your Company along with its group CGDs plays a significant role in highlighting issues faced by major consuming segments in the State with various regulatory / Government bodies. Your Company believes that right advocacy is required to ensure that a level playing field is maintained at all times while bringing in gas market reforms.

Your Company has challenged the tariff order for its High Pressure Gas Grid at relevant forums in view of the anomalies in tariff determination and the matter is still sub-judice.

3. OPPORTUNITIES AND CHALLENGES

“One of the key factors behind Gujarat’s wider natural gas use is its extensive gas infrastructure..... These facilities, supported by a comprehensive pipeline network managed by Gujarat State Petronet Limited (GSPL), ensure reliable supply and distribution of natural gas across the state.” – IEA

IEA in its India Gas Market Report – Outlook to 2030 has given due recognition to your Company’s extensive ~2700 kms state-wide gas grid network and the critical role it has played in the establishment of gas based economy in the State of Gujarat.

The Report further highlights the importance of conducive policy regime and aggressive development of gas infrastructure to support Government’s vision of development of a gas based economy.

Accordingly, it is very critical that there is a focus on ensuring simultaneous buildout of gas transmission, gas distribution and LNG import infrastructure as that is the key for further natural gas growth in the years ahead.

Your Company’s connectivity with all major gas sources in the country, especially with all the 4 operational terminals in Gujarat gives it an edge over its competitors as customers on your Company’s network have the option to choose from a wide range of sources available to procure the most competitive supplies of gas.

In fact, even E&P companies that are developing new areas in Gujarat have approached your Company to establish connectivity with the State grid as that ensures them the reach of the entire national gas grid.

With growing industrial activity in the State and requirement of environment friendly fuel to support the growth, your Company is further expanding its gas grid network to more demand centers in the State and is committed to retain its position as Gujarat’s largest and most reliable gas transmission company. The State has been aggressive in its effort to enhance its industrial ecosystem and in October 2024 during the ‘Vikas Saptah’ celebrations, infrastructure projects of more than ₹550 crores for state-run industrial estates were inaugurated. These infrastructure initiatives undertaken by the GIDC aim to boost industrial growth and ensure efficient water supply and road networks across various industrial estates.

In fact, before the Vibrant Gujarat Summit in 2026, the Govt. of Gujarat plans to unveil a new industrial policy and a new start-up policy in order to encompass new focus sectors like semi-conductors, green hydrogen, renewable energy, fintech and others and shall also incorporate a new approach towards pollution-free industries.

All these efforts and forward looking initiatives act as a catalyst for industrial development in the State and provide further demand impetus to the energy sector.

Another growth area for your Company has also been growing demand on group company pipeline networks in other States. Your Company has signed several gas transmission contracts to facilitate supply of gas from LNG terminals in the State, including the new terminal at Chhara, to several locations on GIGL network. Demand from many CGD entities on GIGL’s network has been gradually growing and this provides a huge opportunity of growth for Group’s pipeline infrastructure business.

Similar to challenges faced in other businesses, even your Company continues to face challenges in the gas transmission segment, especially in view of changing regulatory landscape and evolving policy regime. However, your Company shall capitalize on its two decade strong expertise of being India’s first pure gas transmission company and deal with challenges by focusing on its core strengths, including customer centric approach and dependability.

Gas pipelines are prone to third party damages and other similar challenges. However, in line with our Mission, your Company is steadfast in its commitment to health, safety and environment and accordingly, regular maintenance and surveillance routines are rigorously followed. The Company is increasingly leveraging state-of-the-art technologies, including cutting edge inspection technologies such as inline inspection tools and aerial monitoring in order to regularly assess the integrity of the pipeline and promptly address anomalies, if any.

4. OPERATIONS & FUTURE OUTLOOK

Scheme of Arrangement and Amalgamation

On August 30, 2024, Board of Directors of your Company approved the scheme of amalgamation of GSPL and two group entities namely Gujarat State Petroleum Corporation Limited and GSPC Energy Limited (GEL) with GGL (India’s largest city gas distribution company) and subsequent demerger of gas transmission business into separate listed entity - GTL, subject to necessary approvals from shareholders and various stakeholders including stock exchanges, the Securities and Exchange Board of India (SEBI), Ministry of Corporate Affairs (MCA) and other regulatory authorities as may be required.

The scheme is expected to be completed by October 2025.

Figure 13
Existing Structure

Figure 14
Proposed Structure

Upon the completion of restructuring, Government of Gujarat shall directly hold ~26% equity stake in GGL and the resultant entity, GTL. Government of Gujarat, along with other Govt. of Gujarat entities, is expected to hold ~55% equity stake in both GGL and GTL.

The Scheme would result in the following benefits (a) Achieving Better Business Synergies and Growth (b) Simplification of GSPC Group Holding Structure (c) Unlocking of Shareholders' value (d) Improved Efficiency and Enhanced Scale of Operations & (e) Optimum Utilization of Resources.

Figure 15
Business & Investment of GSPL Transmission Ltd. (GTL)

Operations

Your Company is successfully operating its Statewide Gas Grid covering more than 2700kms in Gujarat and ensuring uninterrupted and seamless supply of gas to several customers in various sectors which are spread across different parts of the State. Sectoral break up of transmission volumes over the last 2 years have largely remained constant, with Power sector witnessing the most volatility.

Figure 16
Sectoral Volumes of GSPL

CGD sector has seen a consistent growth of ~5% y-o-y, while Fertilizer volumes have largely remained steady. Price sensitivity has led to volumes from Industrial segment witnessing variation. On the other hand, GSPL has seen a good run from the Refinery & Petrochemicals sector.

It is a constant endeavour from your Company to grow its transmission volumes and increase in share in transmission of gas in Gujarat & eventually, establish its strong presence on a Pan India basis. Accordingly, it continues to develop new networks / connectivities in the State and explore newer regions and promote usage of gas in upcoming sectors like Metals & Specialty chemicals.

Your Company is further developing additional pipeline network of over 650 kms, including the 274 kms long Anjar Palanpur pipeline, which has been approved in PNGRB in March 2025.

The Anjar Palanpur pipeline will eliminate the operational bottleneck for evacuation of additional volumes from GLL's Mundra terminal and at the same time help in meeting the growing energy demand of industries, households and commercial establishments in Gujarat, Rajasthan & Northern Indian markets.

The other networks that are under development are largely pipelines which shall enable delivery to several other industrial estates across the State and facilitate connectivity to CGD entities which are developing networks in various districts / Gas to reach the last mile.

Future Outlook

India is the world's fastest-growing major economy and became the 4th largest global economy in 2025¹³.

Even though India accounts for nearly 17% of the world population, its per capita energy consumption is much lower than global average.

Figure 17

Energy Intensity and Energy per capita
(forecasts in different scenarios)

(Source: World Energy Outlook 2030, IEA)

Similarly, though India was the 4th largest importer of LNG in 2024, the Natural Gas Pipeline density in India is very low, vis-à-vis global average.

Figure 18

Natural Gas Pipeline Density

(Source: Shell LNG Outlook 2025)

Accordingly, for gas to play a major role in the energy mix, India needs extensive investment in gas infrastructure development, especially pipelines and CGD networks along with competitive supplies of gas.

Government is working towards ensuring stability in policy and gas transporter's demand of balance in risk and reward. There have been several representations from the Industry for the full chain of supply (Producer / Regas terminal to consumer) to be under same tax regime to optimize the cost.

As soon as these reforms are put in place, even if not immediately but gradually, India will witness growth in gas demand from all sectors.

Apart from required boost of demand from sectors like CGD, which are positioned to drive the growth in gas consumption, using more of India's underused gas-fired generation capacity could not only increase the role of gas in energy mix but also complement intermittent renewable generation, enable faster deployment of solar and wind capacity and displace coal to reduce GHG emissions and air pollution.

Currently, GSPC Group pipelines account for almost 19% of total pipelines operational / partially commissioned in India:

Figure 19

Share in Existing Gas Pipelines in India

(Source: PPAC data as on 31.12.2024)

It may be noted that GSPL's statewide gas grid makes up for over 60% of total GSPC Group network.

On a national scale, GSPL has a significant share and in FY 2024-25, GSPL transported over 15% of total gas volumes consumed in India.

Figure 20

GSPL's share in Gas Transmission in India (FY 2024-25)

With gas consumption in India growing at a steady pace, it is expected that volumes of your Company shall also grow concurrently and with newer regions being added to your Company's gas grid as well as to group Company networks, future growth outlook is positive.

Your Company is committed to sustainable growth. ESG (Environmental, Social and Governance) is at the core of GSPL's operational strategy. GSPL continues to integrate responsible and sustainable business practices into its operations.

Performance highlights of Subsidiary, Associate & Joint Venture Companies:

GSPL India Gasnet Limited (GIGL) & GSPL India Transco Limited (GITL):

During the FY 2024-25, GIGL has successfully commissioned ~85 kms of the pipeline connecting HPCL Rajasthan Refinery Ltd. (HRRL) in Pachpadra, Rajasthan. Balance 1.2 kms of mainline works in Bathinda, Punjab was also completed with support of district administration under police protection in line with directions of Hon'ble High Court of Punjab. With this, seamless pipeline connectivity from Mehsana to Bathinda has been achieved.

MBPL is a very critical project as it connects demand centres in North and Northwestern region with the existing and upcoming LNG receiving terminals in Gujarat and through MBPL Pipeline Network gas shall reach these customers.

GIGL now operates around 1387 kms pipeline and is transporting gas to Sirohi, Jalore, Barmer, Pachpadra, Pali, Ajmer, Jaipur, Sikar, Jhunjhunu, Churu and Bikaner, Rohtak, Jind & Sonipat, Sirsa, Amritsar, Hoshiarpur, Gurdaspur, Kapurthala and Jalandhar Districts.

The Company transported 1344 MMSCM of natural gas during the year, a decrease of ~57% over last year's transportation volume of 2109 MMSCM. The decrease in volume is due to restoration of gas supply to the affected customers of IOCL's Dadri Panipat Pipeline (DPPL), which got ruptured in July 2023 and reduction in the volume from Barmer field. GIGL maintained gas supply to the affected customers of DPPL from July 2023 till February 2024.

In GITL, initial section of 365 Kms Pipeline and associated facilities from Kunchanapalle Dispatch Terminal, Andhra Pradesh to Ramagundam Fertilizers & Chemicals Limited's Plant at Ramagundam, Telangana is in operations since the November 2019. GITL transported 755 MMSCM of gas in FY 2024-25 registering a growth of around 7% over previous year volumes (703 MMSCM).

Gujarat Gas Limited:

Gujarat Gas Limited (GGL) being India's largest city gas distribution player with presence spread across 44 Districts in the State of Gujarat, Punjab, Rajasthan, Haryana, Madhya Pradesh, Maharashtra & Union Territory of Dadra and Nagar Haveli is distributing PNG to various industrial, commercial and domestic residential customers & CNG to transport segment customers through CNG filling stations.

Gujarat Gas Limited has been continuously growing and expanding its horizon by venturing into new geographical areas and is committed to reach every possible natural gas users across its licensed expanse of around 1,75,700 square kilometers through its ever growing pipeline network spread across 44 Districts.

Gujarat Gas Limited has aggressively rolled out the expansion plans to develop networks to tap the unexplored CGD potential in new geographies within its operational areas. GGL now has total 27 CGD licenses and 1 pipeline license and operates in 44 districts encompassing six states and one Union territory.

Gujarat Gas Limited is supplying natural gas to more than 22.5 Lakh residential, over 15,600 commercial and non-commercial segments including Non Domestic Exempted Category (NDEC) and over 4,400 industrial customers as on March 31, 2025.

Gujarat Gas Limited also supplies natural gas in the form of Compressed Natural Gas (CNG) through 828 CNG stations catering to the automotive sector in the operational areas.

Your Company has a total shareholding of 54.17% in Gujarat Gas Limited as on 31st March, 2025.

During the year ending 31st March 2025, Gujarat Gas Limited contributed to approx 33% of total transmission revenues of your Company.

Sabarmati Gas Limited:

Sabarmati Gas Limited (SGL) is engaged in the business of development of City Gas Distribution districts of Gandhinagar, Mehsana and erstwhile Sabarkantha (now comprising of Sabarkantha and Aravalli) and Patan. SGL was granted authorization under PNGRB bidding round 6 for expanding CGD network across Patan District. During Financial year 2024-25, SGL has connected 32,005 No. of Domestic customers, 30 Industrial customers and 110 commercial customers. SGL has a network of 600 Kms of steel pipeline and 7,325 Kms of MDPE pipeline and customer base of 330,340 domestic customers, 435 industrial customers and 1246 commercial customers as well as 161 CNG stations as on 31st March, 2025.

Your Company has a total shareholding of 27.47% in Sabarmati Gas Limited as on 31st March, 2025.

During the year ending 31st March 2025, Sabarmati Gas Limited contributed to approx 4% of total transmission revenues of your Company.

5. PERFORMANCE PROFILE

The Company continues to expand its gas grid to reach new markets and connect to new customers and new supply sources.

The infrastructure developed by the Company enabled the flow of LNG and domestic gas from various sources, including gas from Rajasthan fields, to reach various regions of Gujarat.

The Company has managed with a lean manpower strength on account of its well thought out strategy of developing major pipeline projects on EPC (Engineering, Procurement and Construction) Model.

The Company transported 11,032 MMSCM of natural gas during the year, a marginal decrease of ~1% over last year's volumes transportation of 11,159 MMSCM.

Income from transportation of gas for the year was ₹1,076.18 Crore as compared to ₹1,979.29 Crore for previous year. The reduction is due to revision in HP grid tariff by PNGRB.

Profit Before Tax (PBT) for the year is ₹1,003.28 Crore as compared to ₹1,642.20 Crore in the previous year.

During the year, the Net Worth of the Company has increased from ₹ 10,270.07 Crore to ₹ 10,783.31 Crore and Gross Block of Assets increased from ₹ 4,727.86 Crore to ₹ 5,455.40 Crore.

GSPL has been a zero-debt Company during the year.

Wind Power Project:

Your Company believes that renewable energy sources can offer enormous economic, social and environmental benefits and India has the highest potential for effective use of the renewable energy sources like wind power. Your Company owns and operates Wind Power Project of 52.5 MW at Maliya Miyana, Rajkot and Gorsar & Adodar, Porbandar in the State of Gujarat.

The Company has generated 8,65,25,354 units of power from the same which resulted in the revenue of approx ₹ 30.42 Crores in the year.

6. KEY FINANCIAL RATIOS:

- Company's Return on network for FY 2024-25 is 7.67% vis-à-vis 13.15% for FY 2023-24. The change in the Return on network ratio is primarily due to a decline in gas transportation income during the year. This reduction in income resulted from a downward revision in transportation tariffs by the PNGRB, effective from May 1, 2024.
- The net profit margin is 73% in current year as compared to 63% for previous year.
- Current Ratio as at 31st March, 2025 is 4.45 vis-a-vis 7.50 as at 31st March, 2024. The change is mainly due to proportionally greater increase in Current Liabilities compared to Current Assets during the year. The rise in Current Liabilities is mainly due to higher obligations towards the PNGRB Settlement Mechanism, Trade and Other payables. The Current Assets increased mainly due to higher deposits as compared to previous year.
- The Debtors Turnover Ratio is 8.86 times in current year as compared to 14.24 times for previous year. The change is due to decrease in gas transportation income during the year.
- The Inventory Turnover Ratio is 4.75 times in current year as compared to 9.61 times for previous year. The change is due to decrease in gas transportation income during the year.
- Debt Equity Ratio, Interest Coverage Ratio and Debt Service Coverage Ratio are not applicable to the Company, as the Company does not have any debt on the reporting date of current year as well as of the previous year.

7. RISK MANAGEMENT AND INTERNAL CONTROL SYSTEMS

Risk Management:

Your Company has a comprehensive Risk Management System which identifies and documents business risks as well as provides for appropriate controls to mitigate these risks to the best extent possible across all aspects of the Company's business.

All functional teams manage risks by proactively identifying them at each level, then address risks relevant to the assets, projects or functions and also work towards identifying appropriate mitigation strategies. Moreover, the Company has always focused on developing a "risk culture" that encourages all employees to identify risks and associated opportunities and to respond to them with effective and resilient actions.

Based on the current economic scenario affecting the Oil & Gas sector and the prevalent economic scenario and regulatory regime, these are the major risks being faced by your Company:

I. Affordability and Availability of Natural Gas:

Current estimates and outlooks for natural gas availability are positive and the likelihood of over-supply is nil. Several upstream players like RIL-BP & ONGC have announced commercialization of their gas fields.

However, for an emerging economy like India, affordability of natural gas vis-à-vis other fuels, especially in the wake of growing geopolitical issues is definitely a concern. In fact, the biggest risk for gas is its affordability in key demand sectors, especially owing to further supply disruptions or extreme weather conditions.

Moreover, considerable investments by upstream players in further developing gas fields shall also need consistent support from the Centre in form of policy / tax incentives.

II. Regulatory Risk:

The Petroleum and Natural Gas Regulatory Board (PNGRB) constituted in 2007, regulates midstream and downstream activities in the petroleum and natural gas sector. It protects the interests of consumers and entities engaged in the specified activities and works towards ensuring uninterrupted and adequate supply of petroleum, petroleum products and natural gas in all parts of the country to promote competitive markets.

Your Company believes that it is important that all critical issues are addressed in a way that it does not lead to market distortion in favour of a dominant player. It is expected that improved regulatory scenario would ensure more investments in the sector.

III. Safety and Operational Risk:

The changing technologies and the natural ageing of existing facilities like Pipelines and stations pose a risk as aged Pipelines are prone to unplanned shutdowns, increased maintenance and operating costs. Deployment of new technologies in line with Pipeline Integrity Management Systems and ongoing maintenance processes are the key to enhance the reliability of operations and reduction in operating costs as well as for maximising the life of assets while improving the safety of operating conditions. Pipeline system's safety is also a major challenge and even minor operational issue and safety issues may cause major safety hazards, disrupt operations at large levels, pose

danger to life, property and safety of people and penalties from statutory/regulatory bodies and reputation of the organization may also be at stake.

Internal Control Systems:

The Company has a proper and adequate system of internal controls commensurate with its size of operations and nature of business. The Company's internal control systems are further supplemented by extensive programs of audits, i.e. internal audit, proprietary audit by the Comptroller & Auditor General of India (C&AG) and statutory audit by Statutory Auditors appointed by the C&AG. The internal control system is designed to ensure that all financials and other records are reliable for preparing financial statements and other data and for maintaining accountability of assets and compliance with statutory requirements.

The Company has mapped a number of business processes on to SAP system, thereby leading to significant improved controls & transparency. Your Company also continues to invest in Information Technology to support various business processes.

8. HUMAN RESOURCES

During the year, the Company did not experience any strikes or lockouts.

The increasing human capital aspirations and the competitive environment are a major challenge for the Company in terms of attracting and retaining the human talent. In order to remain competitive, it is imperative that Company has to hire and retain sufficient number of skilled talent so as to strengthen its technical and project management skills.

The Company employed 264 employees as on 31st March, 2025. (Previous year: 254 employees).

The Company believes that training and personnel development is of vital importance to create a climate where people maximize their technical skills and inner potential which can help the Company in capitalizing the emerging business opportunities through their involvement.

The Company has in place an attractive policy of performance linked incentive to encourage and reward employee performance.

Forward Looking Statements:

This Annual Report contains forward-looking statements, which may be identified by words like will, believes, plans, expects, intends, estimates or other words of similar meaning. All statements that address expectations or projections about the future, including but not limited to statements about the Company's strategy for growth and market position are forward-looking statements. Forward-looking statements are based on certain assumptions and expectations of future events. The Company cannot guarantee that the assumptions and expectations are accurate or will be realized. The Company's actual results, performance or achievements could differ materially from those projected in any such forward looking statements. The Company assumes no responsibility to amend, modify or revise any forward looking statements, on the basis of any subsequent developments, information or event.

ANNEXURE - II

Corporate Governance Report

1. COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

Gujarat State Petronet Limited (GSPL) is committed to do business in an efficient, responsible, honest and ethical manner. The core values of the Company's Governance process include independence, integrity, accountability, transparency, responsibility and fairness. The Company is committed to transparency in all its dealings and places high emphasis on business ethics. The basic philosophy of Corporate Governance in the Company is to achieve business excellence and dedication to increase long-term shareholders' value.

2. BOARD OF DIRECTORS

A. Composition of the Board:

As per requirement of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Board Structure of the Company maintains an optimum combination of Executive, Non-Executive Directors with at least one Woman (Independent) Director and half of the Board of Directors comprising of Independent Directors. The Composition of the Board is in conformity with the Listing requirements. The detailed composition of the Board of Directors as on 31st March, 2025, their category and their Directorship in the companies and Membership/Chairmanship in the Committees of the Board are given below:

Sr. No.	Name of the Director	Position / Category++	* Number of Directorship as on 31.03.2025 including GSPL	** Number of Membership / Chairmanship in Board Committee as on 31.03.2025 including GSPL		Name of other Listed Entities where the Director holds Directorship	Category of Directorship
				Membership+	Chairmanship		
1	Shri Pankaj Joshi, IAS	Chairman & Managing Director (GSPC ¹ Nominee)	8	2	2	1. Gujarat Gas Limited 2. Gujarat State Fertilizers & Chemicals Limited 3. Gujarat Narmada Valley Fertilizers & Chemicals Limited	Chairman
2	Shri M M Srivastava, IAS (Retd.)	Non-Executive Director (GSPC ¹ Nominee)	3	1	1	1. ADF Foods Limited	Director
3	Ms. Arti Kanwar, IAS	Non-Executive Director (GSPC ¹ Nominee)	6	4	0	1. Gujarat Mineral Development Corporation	Director
4	Prof. Rishikesh T Krishnan	Independent Director	8	2	0	1. Wheels India Limited	Independent Director
5	Dr. Sudhir Kumar Jain	Independent Director	5	5	2	1. Gujarat State Fertilizers & Chemicals Limited	Independent Director
6	Shri Bhadresh Mehta	Independent Director	6	8	5	1. Gujarat Gas Limited 2. Gujarat Narmada Valley Fertilizers & Chemicals Limited	Independent Director
7	Ms. Vanaja N Sarna, IRS (Retd.)	Woman Independent Director	4	4	2	1. Subros Limited 2. Borosil Renewables Limited	Independent Director
8	Shri Tapan Ray, IAS (Retd.)	Independent Director	7	5	3	1. Gujarat State Fertilizers & Chemicals Limited 2. CMS Info Systems Limited	Independent Director
9	Shri Milind Torawane, IAS	Joint Managing Director (GSPC ¹ Nominee)	10	3	0	1. Petronet LNG Limited 2. Gujarat Gas Limited	Director Managing Director

1. Gujarat State Petroleum Corporation Limited.

+ Membership includes Chairmanship.

* Excluding Directorship held in Foreign Companies.

** Indicates Membership/Chairmanship in the Audit Committee and Stakeholders Relationship Committee (excluding Private Limited Companies, Foreign Companies and Section 8 Companies).

++ None of the Directors of the Company are related inter-se.

**B. Board Meetings held during the year 2024 – 25:**

The Board meets at regular intervals to discuss and decide on various issues including strategy related matters pertaining to the business/company. The tentative calendar of Board Meetings is circulated to the Directors in advance to facilitate them and to ensure their active participation in the Meetings of the Company. Apart from this, the Meetings of the Board are also convened or the approval of the Board is obtained through circulation of resolution to all the Directors in case some urgent/special situation arises. Such circular resolution is also noted in the next Board Meeting. Further, when it is not possible to attend meeting physically, option to attend the Meeting through Video Conferencing is made available to the Directors to enable their participation.

Agenda papers containing all necessary information / documents are made available to the Board in advance to enable the Board to take informed decisions and to discharge its functions effectively. Where it is not practicable to attach the relevant information as a part of agenda papers, the same are tabled at the Meeting or / and the presentations are made by the concerned persons to the Board. Further, officials/representatives who can give additional insight in to the items being discussed are invited during the Meeting.

During the year 2024 - 2025, the Board met 6 (Six) times. Details of these Meetings are as follows:

Sr. No.	Date of Meeting
1	08 th May, 2024
2	08 th August, 2024
3	30 th August, 2024
4	07 th November, 2024
5	07 th February, 2025
6	18 th March, 2025

C. Attendance of each Director at the Board Meeting during the year 2024 – 2025 and at last AGM was as follows:

Sr. No.	Name of the Director	Number of Board Meetings held during their tenure as Director	Number of Board Meetings attended	Attendance at last AGM held on 19 th September, 2024
1	Shri Pankaj Joshi, IAS (w.e.f. 07 th February, 2025)	2	2	NA
2	Shri M M Srivastava, IAS (Retd.)	6	6	Yes
3	Ms Arti Kanwar, IAS	6	6	Yes
4	Prof. Rishiksha T Krishnan (w.e.f. 21 st September, 2024)	3	3	NA
5	Ms. Vanaja N Sarna, IRS (Retd.) (w.e.f. 24 th June, 2024)	5	5	Yes
6	Shri Tapan Ray, IAS (Retd.)	6	5	Yes
7	Dr. Sudhir Kumar Jain	6	6	Yes
8	Shri Bhadresh Mehta	6	6	Yes
9	Shri Milind Torawane, IAS	6	6	Yes
10	Shri Raj Kumar, IAS (upto 31 st January, 2025)	4	4	Yes
11	Smt. Mamta Verma, IAS (upto 31 st July, 2024)	1	0	NA
12	Dr. Bakul Dholakia (upto 24 th September, 2024)	3	2	No
13	Prof. Yogesh Singh (upto 24 th September, 2024)	3	3	Yes

Note: The Directors were granted the leave of absence for non-attendance at the Meeting of the Board of Directors of the Company.

3. AUDIT COMMITTEE

The composition of the Audit Committee as on 31st March, 2025 is as follows:

1. Ms. Vanaja N Sarna, IRS (Retd.) (w.e.f. 21 st September, 2024)	Chairperson
2. Prof. Rishiksha T Krishnan (w.e.f. 21 st September 2024)	Member
3. Dr. Sudhir Kumar Jain	Member
4. Shri Bhadresh Mehta	Member
5. Ms Arti Kanwar, IAS	Member
6. Shri Milind Torawane, IAS	Member

Smt. Rajeshwari Sharma, Company Secretary acts as a Secretary to the Audit Committee.

Note: : Audit Committee shall have minimum three directors as members. At least two-third members of the Audit Committee are Independent Directors with Chairperson of the Audit Committee being an Independent Director and all members having financial literate and atleast one member having accounting or related financial management expertise. The powers of the Audit Committee as conferred by the Board of Directors in accordance with the Companies Act, 2013 and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 inter alia includes:

- To investigate any activity within its terms of reference.
- To seek information from any employee.
- To obtain outside legal or other professional advice.
- To secure attendance of outsiders with relevant expertise, if it considers necessary.

The role of the Audit Committee includes the oversight of the Company's financial reporting process and related disclosures to ensure that the financial Statement are correct, sufficient and credible. The Committee will also undertake the review, with our management, of our annual and quarterly financial statements before submission to the Board for approval. The Committee shall also review the adequacy of our internal control systems, internal audit functions and discuss any significant findings of the internal auditors. The Committee shall also discuss with our statutory auditors prior to their commencement of audit, about the nature and scope of audit as well as post-audit discussion to ascertain any area of concern. The Audit Committee shall examine the reasons for substantial defaults in the payments by the Company to depositors, debenture holders, shareholders (in case of non - payment of declared dividends) and creditors. The Committee shall also review the utilization of loans and/ or advances from/investment by the company in its subsidiary exceeding ₹ 100 crore or 10% of the asset size of the subsidiary, whichever is lower including existing loans / advances / investments. The Committee shall also review the functioning of whistle blower mechanism.

During the year 2024 - 2025, the Audit Committee met 6 (Six) times. Details of these Meetings are as follows:

Sr. No.	Date of Meeting
1	08 th May, 2024
2	08 th August, 2024
3	30 th August, 2024
4	07 th November, 2024
5	07 th February, 2025
6	18 th March, 2025

The attendance of the Members at the Audit Committee Meetings during the year 2024 - 2025 was as follows:

Sr. No.	Name of the Audit Committee Members	Number of Audit Committee Meetings held while holding the office	Number of Audit Committee Meetings attended
1	Ms. Vanaja N Sarna, IRS (Retd.) (Chairperson w.e.f. 21 st September, 2024)	3	3
2	Prof. Rishiksha T Krishnan (w.e.f. 21 st September, 2024)	3	2
3	Dr. Sudhir Kumar Jain	6	6
4	Shri Bhadresh Mehta	6	6
5	Ms Arti Kanwar, IAS	6	5
6	Shri Milind Torawane, IAS	6	6
7	Dr. Bakul Dholakia (upto 21 st September, 2024)	3	2
8	Prof. Yogesh Singh (upto 21 st September, 2024)	3	3

The Chairman of the Audit Committee remained present at the Annual General Meeting of the Company held on 19th September, 2024 to answer shareholder queries.

4. NOMINATION AND REMUNERATION COMMITTEE:

The composition of the Nomination and Remuneration Committee as on 31st March, 2025 is as follows:

1	Ms. Vanaja N Sarna, IRS (Retd.) (w.e.f. 21 st September, 2024)	Chairperson
2	Shri M M Srivastava, IAS (Retd.)	Member
3	Shri Bhadresh Mehta	Member
4	Prof Rishiksha T Krishnan	Member
5	Prof. Yogesh Singh (upto 21 st September, 2024)	Member
*	Mr. Vanaja N Sarna, IRS (Retd.) was appointed as member of Nomination and remuneration committee w.e.f. 24th June 2024 and became chairperson w.e.f. 21st September, 2024.	

The role of the Nomination and Remuneration Committee inter alia includes the following:

- Formulation of criteria for determining qualifications, positive attributes and independence of a director.
- For every appointment of an independent director, the Nomination and Remuneration Committee shall evaluate the balance of skills, knowledge and experience on the Board and on the basis of such evaluation, prepare a description of the role and capabilities required of an independent director. The person recommended to the Board for appointment as an independent director shall have the capabilities identified in such description. For the purpose of identifying suitable candidates, the Committee may:
 - use the services of an external agencies, if required;
 - consider candidates from a wide range of backgrounds, having due regard to diversity; and
 - consider the time commitments of the candidates
- Formulation of criteria for evaluation of performance of Independent Directors and the Board.
- Identify persons who are qualified to become directors and who may be appointed in senior management in accordance with the criteria laid down and recommend to the Board their appointment and removal.
- To devise a Policy on Board Diversity.

- f. Formulate and recommend to the Board a Policy relating to the remuneration for the directors, key managerial personnel and other employees ensuring the following:
- The level and composition of remuneration is reasonable and sufficient to attract, retain and motivate directors of the quality required to run the company successfully;
 - Relationship of remuneration to performance is clear and meets appropriate performance benchmarks; and
 - Remuneration to directors, key managerial personnel and senior management involves a balance between fixed and incentive pay reflecting short and long-term performance objectives appropriate to the working of the company and its goals.
- g. Whether to extend or continue the term of appointment of the independent director, on the basis of the report of performance evaluation of independent directors.
- h. Recommend to the board, all remuneration, in whatever form, payable to senior management.
- i. To formulate, administer and monitor detailed terms and conditions of the Employees' Stock Option Scheme(s) of the Company.
- j. To carry out any other function as delegated by the Board from time to time and / or required by any statutory notification, amendment or modification, as may be applicable.

During the year 2024 - 2025, the Nomination and Remuneration Committee met 3 (Three) time. Details of the Meeting are as follows:

Sr. No.	Date of Meeting
1	6 th May, 2024
2	8 th August, 2024
3	7 th February, 2025

The attendance of the Members at the Nomination and Remuneration Committee Meetings during the year 2024 - 2025 was as follows:

Sr. No.	Name of the Nomination and Remuneration Committee Members	Number of Nomination and Remuneration Committee Meetings held while holding the office	Number of Nomination and Remuneration Committee Meetings attended
1	Ms. Vanaja N Sarna, IRS (Retd.) (Member w.e.f. 24 th June, 2024 & Chairperson w.e.f. 21 st September, 2024)	2	2
2	Shri Bhadresh Mehta	3	3
3	Shri M M Srivastava, IAS (Retd.)	3	3
4	Prof Rishikesha T Krishnan (w.e.f. 21 st September, 2024)	1	1
5	Prof. Yogesh Singh (up to 21 st September, 2024)	2	2

The details on performance evaluation criteria for Directors including Independent Directors are already provided under the head "Board Evaluation" in the Board's Report.

5. REMUNERATION/SITTING FEES TO DIRECTORS/STATUTORY AUDITORS:

i) Sitting Fees to Directors:

Except for the Sitting Fees paid to the Directors (other than Managing Director and Joint Managing Director), the Company do not pay any remuneration to the Directors. Further, the Sitting Fees paid to the Directors who are IAS Officers is deposited in government treasury. No Director is entitled to any benefit upon termination of his Directorship/Employment in the Company.

At present, Company pays ₹ 7500/- per Meeting as Sitting Fees to the Directors (except Managing Director and Joint Managing Director) for attending Board/ Committee Meeting.

During the year 2024 - 2025, the Company has paid ₹ 10,50,000/- in aggregate towards Sitting Fees to the Directors.

ii) Stock Options granted to Directors:

The Company has not granted any stock options to its Directors.

Except Dr. Sudhir Kumar Jain who holds 125 Equity shares, no other Director holds any Share in the Company. Further, none of the Non-Executive Directors has any other pecuniary interest in the Company.

iii) Terms of appointment of Managing Director:

Shri Pankaj Joshi, IAS has been appointed as Chairman & Managing Director of the Company w.e.f 7th February, 2025. No remuneration is paid by the Company to Shri Pankaj Joshi, IAS during the year. He will hold office till further intimation by Gujarat State Petroleum Corporation Limited.

iv) Remuneration/fees to Statutory Auditors:

During the Financial Year 2024-25, the Company has made total payment of Rs. to 12.57 lacs, Statutory Auditors of the Company.

6. STAKEHOLDERS RELATIONSHIP COMMITTEE:

The composition of the Stakeholders Relationship Committee as on 31st March, 2025 is as follows:-

1	Dr. Sudhir Kumar Jain	Chairman
2	Ms. Vanaja N Sarna, IRS (Retd.) (w.e.f. 24 th June, 2024)	Member
3	Smt. Mamta Verma, IAS (upto 31 st July, 2024)	Member
4	Shri Milind Torawane, IAS	Member

During the year 2024 - 2025, the Stakeholders Relationship Committee met 3 (Three) time. Details of the Meeting are as follows: -

Sr. No.	Date of Meeting

Unclaimed Dividends/Shares

Pursuant to the provisions of Sections 124 and 125 of the Companies Act, 2013 read with Investor Education and Protection Fund (Accounting, Audit, Transfer and Refund) Rules, 2016 ("IEPF Rules"), the Dividends not encashed / claimed within seven years from the date of declaration are to be transferred to the Investor Education and Protection Fund (IEPF) Authority. The IEPF Rules also mandates companies to transfer Shares of Shareholders whose Dividends remain unpaid / unclaimed for a continuous period of seven years to the Demat Account of IEPF Authority. Further, the Shareholders whose Dividend / Shares are transferred to the IEPF Authority can claim it from the Authority after following the necessary procedure.

In accordance with Section 125 of the Companies Act, 2013 read with the said IEPF Rules, the Company in the month of November, 2024 has transferred, 26,206 Equity Shares corresponding to the unclaimed Dividends declared by the Company for the Financial Year 2016 – 2017 to 2022 – 2023 which remained unclaimed to the Demat Account held by IEPF Authority after following the due procedure prescribed under the Companies Act, 2013 and the IEPF Rules.

The Unclaimed Dividends in respect of the Financial Year 2017 - 2018 is due for transfer IEPF on 27th October, 2025. Further, the Company has sent Notice to all Shareholders whose Shares are due to be transferred to the IEPF Authority and has also published requisite advertisements in the newspapers. In view of this, the Members of the Company, who have not yet encashed their Dividend Warrant(s)/ claimed their Dividend(s) declared by the Company are requested to claim the same from the Company along with necessary documentary proof.

Further, in terms of the IEPF (Accounting, Audit, Transfer and Refund) Rules, 2016, your Company has uploaded the Unclaimed Dividend details in respect of the Dividends declared by the Company for the Financial Years 2017- 2018 onwards on the Company's website www.gspcgroup.com under separate dedicated section 'Investors'. The said details of Unclaimed Dividend are updated by the Company on Company's Website on annual basis.

In accordance with Regulation 39 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, 500 Equity Shares issued to 2 Shareholders (previous year: 500 Equity Shares issued to 2 Shareholders) of the face value of ₹10 each are lying in the “GSPL Unclaimed Shares Demat Suspense Account” maintained by the Company. The voting rights on the Shares outstanding in the suspense account as on 31st March, 2025 shall remain frozen till the rightful owner of such Shares claims the Shares.

COMPLIANCE CERTIFICATE ON CORPORATE GOVERNANCE

To,
The Members of
GUJARAT STATE PETRONET LIMITED
CIN: L40200GJ1998SGC035188
Regd. Off: GSPC Bhavan,
Behind Udyog Bhavan,
Sector-11, Gandhinagar – 382011
Gujarat, India

We have examined the compliance of conditions of Corporate Governance by **GUJARAT STATE PETRONET LIMITED**, for the year ended 31st March, 2025, as stipulated in Regulations 17-27, clauses (b) to (i) of Regulation 46 (2) and paragraphs C, D and E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI Listing Regulations'), pursuant to the Listing Agreement of the Company with Stock exchanges.

The compliance of conditions of Corporate Governance is the responsibility of the management. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us along with documents & submissions for regulatory compliances provided for our verification and representation made by the management, we certify that the Company has complied with the conditions of the Corporate Governance as stipulated in the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, However, it was noticed that the company had received Notice from BSE and NSE for non-compliance with the requirements pertaining to the composition of the Board including failure to appoint Woman Director for quarter ended March, 2024 & June, 2024. In response to the notice, the company replied to the exchanges that, being Government Company, the Powers to Appoint Independent Director vests with Energy & Petrochemicals Department of Government of Gujarat. As per directions received from GOG, the post of Independent Director was filled up to comply with Reg 17 (1) of SEBI (LODR). Both the Exchanges considered the reply and agreed to waive the entire fines.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

ANNEXURE – IV

ANNUAL REPORT ON CSR ACTIVITIES

1) Brief outline on CSR Policy of the Company:

In accordance with the requirements of Section 135 of the Companies Act 2013 read with Rules made thereunder, the CSR Committee has framed CSR Policy and the same has been approved by the Board.

The objective of the CSR Policy is to contribute positively towards sustainable and inclusive growth of the society with focus on India's most pressing development challenges as highlighted under schedule - VII of the Companies Act, 2013 and as amended from time to time. The Policy shall apply to all the CSR Programmes undertaken by the Company.

The Company will give preference while spending the amount earmarked for Corporate Social Responsibility activities to the areas of operation and areas around it for societal benefit and promotion of social cause for the benefits of the community at large.

Whenever possible, initiatives of State Governments, District Administration, Local Administration as well as Central Government Departments Agencies, Self Help Groups, NGOs, Trust, etc., would be dovetailed and synergized with the initiatives of the Company.

2) Composition of CSR Committee as on 31st March, 2025:

Sr. No.	Name of Director	Designation	Number of meetings held during the year	Number of meetings attended during the year
1	Shri M M Srivastava, IAS (Retd.)	Chairman	4	4
2	Shri Bhadresh Mehta	Member	4	4
3	Shri Milind Torwane, IAS	Member	4	4

3) Provide the web-link(s) where Composition of CSR Committee, CSR Policy and CSR projects approved by the Board are disclosed on the website of the Company:

The weblink for CSR Committee composition, CSR Policy and CSR Projects are as under:

CSR Committee composition	https://gspcgroup.com/documents/pagecontent/Compositionofvariouscommittees_07032025.PDF
CSR Policy	https://gspcgroup.com/documents/pagecontent/GSPL-CSR-POLICY.pdf
CSR Projects	https://gspcgroup.com/documents/pagecontent/CSR%20Projects%202024-2025.pdf

4) Provide the executive summary along with web-link(s) of Impact Assessment of CSR projects carried out in pursuance of sub-rule (3) of rule 8 of the Companies (Corporate Social Responsibility Policy) Rules, 2014, if applicable:

Executive summary - U. N. Mehta Institute of Cardiology & Research Centre (UNMICRC) Robotic surgery

The impact assessment of the robotic surgery services at U. N. Mehta Institute of Cardiology & Research Centre (UNMICRC), Ahmedabad was carried out by the Indian Institute of Public Health Gandhinagar (IIPHG). IIPHG conducted the impact assessment of the Robotic surgery services through the patients who underwent robotic surgery at UNMICRC in Mar-Apr 2024. Robotic surgery was recognised for its benefits, particularly for patients with multiple co-morbid conditions, offering reduced infection risks and faster recovery times. The in-depth interviews conducted with cardiothoracic surgeons and patients at UNMICRC shed light on the adoption and outcomes of robotic surgery in cardiac care. During the initial implementation phase, the surgeons and specialists underwent rigorous training to integrate robotic techniques into practice, positioning UNMICRC as a pioneer in the region. Various cardiac procedures were successfully performed using robotic assistance, demonstrating its versatility in cardiac care. Patients expressed positive perceptions of robotic surgery, appreciating its minimally invasive nature and faster recovery times. Patients from diverse socio-economic backgrounds received high-quality surgical care at no cost. Patients reported positive experiences with their surgeries, highlighting minimal scarring and reduced post-operative pain associated with robotic-assisted procedures. This ultimately enhanced the quality of life of the patients.

SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED ON 31ST MARCH 2025
[Pursuant to Section 204(1) of the Companies Act, 2013 and rule No.9 of
The Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,

The Members

GUJARAT STATE PETRONET LIMITED

CIN: L40200GJ1998SGC035188

Regd. Off: GSPC BHAVAN,

BEHIND UDYOG BHAVAN,

SECTOR-11, GANDHINAGAR - 382011

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **GUJARAT STATE PETRONET LIMITED** (hereinafter called “the Company”). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company’s books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the Financial Year ended on 31st March, 2025 has complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance- mechanism in place to an extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the Financial Year ended on 31st March, 2025 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 (‘SCRA’) and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Byelaws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (‘SEBI Act’): -
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
 - (d) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021;
 - (e) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021;
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021; and
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018;
 - (i) The Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018

However, it has been found that there were no instances requiring compliance with the provisions of the laws indicated at point (c), (d), (e), (g) and (h) of para (v) mentioned hereinabove during the period under review.

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India.
 - (ii) The Listing Agreement entered into by the Company with the Stock Exchange and the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 (as amended).
- vi. We further report that having regard to the compliance management system prevailing in the Company and on examination of the relevant documents and records in pursuance thereof made available to us in electronic form, on test-check basis, the Company has compliance management system for the sector specific laws applicable specifically to the company.

During the period under review, the Company has generally complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards mentioned hereinabove. We have relied on the representations made by the Company and its officers for systems and mechanisms formed by the Company for compliances under other sector specific laws applicable to the Company. However, it was noticed that the company had received Notice from BSE and NSE for non-compliance with the requirements pertaining to the composition of the Board including failure to appoint Woman Director for quarter ended March, 2024 & June, 2024. In response to the notice, the company replied to the exchanges that, being Government Company, the Powers to Appoint Independent Director vests with Energy & Petrochemicals Department of Government of Gujarat. As per directions received from GOG, the post of Independent Director was filled up to comply with Reg 17 (1) of SEBI (LODR). Both the Exchanges considered the reply and agreed to waive the entire fines. Further, there was one instance of contravention of SEBI PIT Regulations and Code of Conduct adopted by the Company by a designated Person. The company took appropriate action against the same which was reported to stock exchange.

We further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Directors; Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act. It has been noted that during the year under review, following changes occurred in the Board of the Company:

- Ms. Vanaja N Sarna IRS (Retd.) (DIN: 10419005) was appointed as Woman Independent Director on the Board of Directors w.e.f. 24th June, 2024;
- Smt. Mamta Verma, IAS (DIN: 01854315) Ceases to be director due to transfer as Principal Secretary, Industries and Mines Department, Govt. of Gujarat and on relinquishing the charge of the post of Principal Secretary, Energy & Petrochemicals Department, Govt. of Gujarat w.e.f. 01st August, 2024;
- Prof. Rishikesha T. Krishnan, (DIN:00064067) was appointed as Independent Director on the Board of Directors of the Company w.e.f. 21st September, 2024;
- Prof. Yogesh Singh (DIN:06600055) and Dr. Bakul Dholakia (DIN:00005754) have completed their term as Independent Directors and consequently, ceases to be Independent Directors of the Company w.e.f. the close of business hours on 24th September, 2024;
- Shri Raj Kumar, IAS (DIN: 00294527) Ceases to be Chairman and Managing Director of the Company, due to his Superannuation as Chief Secretary to Government of Gujarat w.e.f. 31st January, 2025;
- Shri Pankaj Joshi, IAS (DIN - 01532892) was appointed as an Additional Director and also as Chairman & Managing Director of the Company w.e.f. 7th February, 2025.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on the agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision at the board meeting as represented by the management were carried through unanimously whereas, as informed, there is a system of capturing the views of dissenting members' and recording the same as part of the minutes, wherever required.

We further report that based on review of compliance mechanism established by the company and on the basis of the compliance certificate(s) issued by the company secretary and taken on record by the board of directors at their meeting(s), we are of the opinion that the management has adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable rules, regulations and guidelines as referred here in above.

We further report that during the audit period there were no specific events | actions having a major bearing on the affairs of the Company in pursuance of the above referred laws, rules, regulations, guidelines, standards, etc.

- Board of Directors of the Company at the Meeting held on 30th August, 2024, considered and approved the Composite Scheme of Arrangement and Amalgamation amongst the Gujarat State Petroleum Corporation Limited ("GSPC"/ "Transferor Company 1"), Gujarat State Petronet Limited ("GSPL"/ "Transferor Company 2"), GSPC Energy Limited ("GEL"/ "Transferor Company 3") (Transferor Company 1, Transferor Company 2 and Transferor Company 3, collectively referred to as the "Transferor Companies"), Gujarat Gas Limited ("GGL"/ "Transferee Company"/ "Demerged Company") and GSPL Transmission Limited ("GTL"/ "Resulting Company") and their respective shareholders ("Scheme"), on the terms and conditions as set out in the Scheme pursuant to the provisions of Sections 230 to 232 and other applicable provisions of the Companies Act, 2013 and the rules made thereunder.

ANNEXURE – VI
SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED ON 31ST MARCH, 2025
[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies
(Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
 The Members,
 GSPL India Gasnet Limited
 GSPC Bhavan, B/h Udyog Bhavan
 Sector-11, Gandhinagar-382 010

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **GSPL India Gasnet Limited (CIN: U40200GJ2011SGC067449)**. The Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has during the audit period covering the financial year ended on **31st March, 2025** complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2025 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there-under;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed there-under are complied with to the extent applicable. Further, MCA vide notification dated 22nd January, 2019 exempted government companies from dematerialization of shares and hence the same is not applicable to the Company. However, the Company has voluntarily dematerialized its shares during the period under review.
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made there-under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings are not applicable to the Company during the period under review.
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') are not applicable to the Company during the period under review.
 - (i) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (ii) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992;
 - (iii) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - (iv) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999;
 - (v) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
 - (vi) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (vii) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and
 - (viii) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998;

We further report that having regard to the compliance system prevailing in the Company and on examination of the relevant documents and records in pursuance thereof, on test-check basis, the Company has complied with the following laws applicable specifically to the Company:

- (i) Petroleum and Natural Gas Regulatory Board Act, 2006 and rules and regulations made there under.
- (ii) Petroleum and Minerals Pipelines (Acquisition of Right of User Inland) Act, 1962

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India.
- (ii) The Company being unlisted is not required to comply with the Listing Agreements of Stock Exchange(s)/ SEBI (LODR) Regulations, 2015.

During the period under review, the Company has generally complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors and Non-Executive Directors as on 31.03.2025. The requirement for appointment of Independent Directors is not applicable to the Company due to the exemption given to Joint Venture Company as per rule 4 (2) of Companies (Appointment and Qualification of Directors) Rules, 2014 and as informed by the management. Further, the changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance and in case of shorter notice the consent of majority directors are taken and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through and recorded as part of the minutes.

We further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period the Company has taken the following decisions which requires reporting in pursuance of the above referred laws, rules, regulations, guidelines, standards etc.

1. Allotted 1,80,00,000 Equity Shares of ₹10 each aggregating to ₹ 18,00,00,000/- on 25.09.2024 to the existing shareholders on right issue basis.
2. The vacancy occurred due to cessation of Woman Director on 08.06.2023 was filled by the Company on 16.04.2024 as per the requirement of section 149 of the Companies Act, 2013 read with rule 3 of the Companies (Appointment and Qualification of Directors) Rules, 2014 to have at-least one-Woman Director on the Board.

ANNEXURE - A

To,

The Members,

GSPL India Gasnet Limited

GSPC Bhavan, B/h UdyogBhavan

Sector-11, Gandhinagar-382 010

Our report of even date is to be read along with this letter.

1. Maintenance of secretarial record is the responsibility of the management of the Company. Our responsibility is to express an opinion on these secretarial records based on our audit.
2. We have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the Secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. We believe that the processes and practices, we followed provide a reasonable basis for our opinion.
3. We have not verified the correctness and appropriateness of financial statements, financial records and Books of accounts of the company.
4. The compliance of the provisions of Corporate and other applicable laws, rules, regulations, standards is the responsibility of management. Our examination was limited to the verification of procedures on test basis.
5. The Secretarial Audit report is neither an assurance as to the future viability of the company nor of the efficacy or effectiveness with which the management has conducted the affairs of the company.

Joint Managing Director's Statement on Environmental, Social & Governance (ESG)

Greetings Shareholders, it is an honour for me to write to you.

Gujarat State Petronet Limited (GSPL), through its long journey over several years, has managed complex projects and executed them efficiently with focus on responsible growth and sustainable development. GSPL is a company, which is into the business of transmission of natural gas. Natural gas is a fuel that has low environmental implications and emits less carbon than other fuels. Promoting natural gas has sustainable environmental advantages over other energy sources due to lower emissions. In contrast to the burning of coal and oil, natural gas combustion emits significantly fewer pollutants and GHGs per unit of energy. Technologies and regulations are in place to reduce carbon emissions caused by natural gas leaks, allowing for the complete realization of natural gas potential climate benefits. As a result, GSPL has a great chance as it increases operations to provide natural gas, a fuel that is friendly to the environment.

Global economies started the year 2024 on a cautionary note, largely owing to multiple headwinds: elevated public debt in major systemic economies; protracted geopolitical tensions; inefficiencies from geo-economic fragmentation; and accentuated climate shocks. Many experts pointed out that though economic activity is expected to slow down, there is a concerted effort to ensure that growth is not stalled. While trade and geopolitics dictated the global economic report card for 2024, the global gas markets were dominated by weather conditions. As extreme temperatures alone accounted for around 1/5th of the increase in global natural gas demand, demand from industry and electricity generation, which accounted for around 75% of incremental gas demand in 2024, gave global gas demand a much-required boost.

Going forward, rising energy demand coupled with sustainability goals will ensure that Natural Gas plays an important role in India's energy mix. During the inauguration of India Energy Week 2025 in February 2025 in New Delhi, Hon'ble Prime Minister of India underlined that due to several discoveries and the expanding pipeline infrastructure in India, the supply of natural gas is increasing. He emphasized that this will lead to a rise in the utilization of natural gas in the near future. He also highlighted that there are numerous investment opportunities in these sectors.

We understand the challenges the world is facing due to climate change and carbon emissions, and we're consistently expanding our operations to provide cleaner and greener fuel to our clients. We have always given importance to the environment, health and safety aspects. The same is also reflected in the business practices of the Company.

With growing industrial activity in the State and requirement of environment friendly fuel to support the growth, your Company is further expanding its gas grid network to more demand centres in the State and is committed to retain its position as Gujarat's largest and most reliable gas transmission company. We are committed to driving positive Environmental, Social & Governance (ESG) outcomes through our initiatives. Our goal is to build a better future by creating the necessary infrastructure for energy transportation, including by linking LNG terminals and other natural gas supply sources to serve larger markets, and expanding our pipeline network in Gujarat to reach demand centres in a responsible manner.

Your Company believes that renewable energy sources can offer enormous economic, social and environmental benefits and India has the highest potential for effective use of the renewable energy sources like wind power. Your Company owns and operates Wind Power Project of 52.5 MW at Maliya Miyana, Rajkot and Gorsar & Adodar, Porbandar in the State of Gujarat. The Company has generated 8,65,25,354 units of power from the same in the year.

We strive to expand knowledge and enhance lives, leveraging our position to create value for all stakeholders. GSPL's management, based on their experience and the industry knowledge, has identified the material issues. Currently, the Company is in the process to give ESG (Environment, Social and Governance) commitment a systematic structure in the form of sustainable practices, policies and targets. GSPL is planning to develop a system to regularly review the material issues in the event of significant changes to the internal or external environment that may have an impact on long-term, sustainable growth. GSPL has implemented practices towards preservation of natural resources, Green Gas emission reduction, lowering costs, etc. over these years.

GSPL is also conscious of its responsibility towards its various stakeholders and is determined to increase its contribution to the society to bring positive social impact. We believe that good governance alone can deliver continuous good business performance. We believe that Corporate Governance denotes the framework for companies to conduct their business in an ethical and responsible manner.

To ensure that we conduct our business responsibly, we have taken a proactive approach to integrating ESG norms into our value chain. We strongly believe in responsible business practices. By doing so, we ensure that our entire value chain is aligned with our ESG values and principles, and we strive to maintain this standard in all our business dealings. Customers are at the centre of our focus, and their satisfaction is of utmost importance to us.

GSPL has a comprehensive Quality, Health, Safety & Environment Policy (QHSE). We have commitment for high level of QHSE performance to ensure effective and efficient management of Natural Gas Grid with continual improvements so as to provide reliable natural gas transmission in a safe working environment. We implement safe work practices, resource conservation, waste management to reduce pollution and emergency response measures for continual improvement in QHSE performance. We are focusing on teamwork and stakeholder satisfaction, by adopting new technologies in our business, maintaining availability of Gas Grid to meet relevant interested parties' requirements and reviewing of process and performance of QHSEMS on regular basis.

GSPL, in order to fulfil its commitment towards Health, Safety and Environment, has taken active steps towards establishment of Safety Management Systems. Environment and Safety Features have been integrated into design, construction and O&M processes of GSPL for ensuring utmost safety for the facilities, local community and the environment. GSPL has always believed that appropriate standard of conduct should be maintained by the employees in their conduct and that there should be a safe, indiscriminatory and harassment free (including sexual harassment) work environment for every individual working in GSPL.

Employees are an organization's most valuable resource since they not only serve as a link between the business and its customers, but they also make a significant contribution to the business' overall performance. GSPL places a strong emphasis on inclusiveness, diversity, employee and worker health and wellbeing, as well as ongoing learning and development. As one of India's top natural gas transmission companies, we are committed to looking after our employees and workers with robust policies and diverse training initiatives. Employees are an important resource at GSPL. Because of the nature of the operations, staff health and safety are critical. Health, safety and wellbeing is ensured by means of evaluation and oversight of health and safety risks throughout the operations.

The natural gas business is becoming a safer place to work despite a working environment that frequently includes large machinery, pipeline infrastructure, and high-pressure gas. GSPL makes sure that its products are of proper quality and safety in order to avoid any health risks or natural disasters. The company has deployed innovative technology, which are in line with Pipeline Integrity Management System.

GSPL Plans, designs, constructs, operates and maintains Natural Gas pipeline and associated facilities as per latest codes, standards, applicable regulatory and statutory requirements and follows the best design and operating practices in a way that mitigates and minimizes risks and hazards. We firmly believe in prevention of ill-health, injuries and protection of environment by adopting best Occupational Health, Safety and Environment practices, carrying out periodic risk assessments, audits, reviews, inspections and regular sharing awareness and involving employees and concerned stakeholders in consultation and participation. GSPL is committed to comply with legal, regulatory and other requirements applicable for natural gas business as a responsible corporate.

GSPL has developed its CSR Policy, demonstrating its efforts towards Social Development. GSPL Community Development initiative focuses on Health Care, Education, Environment Sustainability and Conservation of Natural resources. GSPL encourages the communities where it works to become independent and self-sufficient in order to grow responsibly.

GSPL is willing to support local vendors, vulnerable & marginalized groups, and other supply chain partners who can assist in achieving our strategic goals and long-term sustainable aims, doing so would boost the economy as a whole.

GSPL promotes the preservation of natural resources to reduce harmful overall environmental impact to air, water, land and climate change in all our operations. We are confident that by prioritizing sustainability and ESG initiatives, we will continue to create long-term value for our shareholders while contributing to a more sustainable and equitable future for all.

On behalf of GSPL, I would like to express my sincere gratitude to all our stakeholders for their unwavering trust and confidence in our business. And with this optimism, we will continue to fulfill our role as a responsible corporate citizen by incorporating sustainability and ESG principles into our business practices.

Stay Safe & Healthy

Warm Regards,
Joint Managing Director

ANNEXURE – VII

BUSINESS RESPONSIBILITY & SUSTAINABILITY REPORT FY 2024-25

SECTION A: GENERAL DISCLOSURES

I. Details of the listed entity

1.	Corporate Identity Number (CIN) of the Listed Entity	L40200GJ1998SGC035188
2.	Name of the Listed Entity	Gujarat State Petronet Limited
3.	Year of incorporation	1998
4.	Registered office address	GSPC Bhavan, Behind Udyog Bhavan, Sector-11, Gandhinagar-382 010, Gujarat, India.
5.	Corporate address	GSPL Bhavan, E-18, GIDC Electronics Estate, Nr. K-7 Circle, Sector – 26, Gandhinagar
6.	E-mail	investors.gspl@gspc.in
7.	Telephone	079 – 2326 8500
8.	Website	www.gspcgroup.com
9.	Financial year for which reporting is being done	2024-2025
10.	Name of the Stock Exchange(s) where shares are listed	BSE Limited and National Stock Exchange of India Limited (NSE)
11.	Paid-up Capital	INR 564.21 Crores
12.	Name and contact details (telephone, email address) of the person who may be contacted in case of any queries on the BRSR report	Shri Rajesh Wakodikar, Manager – HSE 079-23268528, rajeshw@gspc.in
13.	Reporting boundary - Are the disclosures under this report made on a standalone basis (i.e. only for the entity) or on a consolidated basis (i.e. for the entity and all the entities which form a part of its consolidated financial statements, taken together).	The disclosures under this report are made on a standalone basis.
14.	Name of assurance provider	Not Applicable
15.	Type of assurance obtained	Not Applicable

II. Products/services

16.	Details of business activities (accounting for 90% of the turnover):			
	Sr.No.	Description of Main Activity	Description of Business Activity	% of Turnover of the entity
	1	Natural Gas Transmission	Transport via pipeline or any other medium	97.26

17.	Products/Services sold by the entity (accounting for 90% of the entity's Turnover)			
	Sr.No.	Product/service	NIC Code	% of total Turnover contributed
	1	Natural Gas Transmission	60300	97.26
	2	Generation of Electricity through Wind mill	40108	2.74

III. Operations

18.

Number of locations where plants and/or operations/offices of the entity are situated:

Location	Number of plants	Number of offices	Total
National	5	3	8
International	Nil	Nil	Nil

	The Company has Natural Gas Pipeline Network spread across various locations in the State of Gujarat and UT of Daman in India. During FY 2024-25, the Company transported around 11032 MMSCM (million metric standard cubic meters) through its Pipeline network. In order to promote green energy, GSPL has set up 52.50 MW Wind Power Project at Maliya Miyana, Rajkot and Gorsar & Adodar, Porbandar.						
19.	Markets served by the entity: a. Number of locations <table> <tr> <th>Locations</th><th>Numbers</th></tr> <tr> <td>National (No. of States)</td><td>1</td></tr> <tr> <td>International (No. of Countries)</td><td>Nil</td></tr> </table> b. What is the contribution of exports as a percentage of the total turnover of the entity? There are no exports as the company operates and maintains its pipelines in Gujarat and UT of Daman. c. A brief on types of customers GSPL is into the business of laying the gas transmission pipeline and is a pioneer in developing natural gas transportation infrastructure in Gujarat and UT of Daman thereby connecting natural gas supply sources including LNG terminals to major gas consuming regions and growing markets. The Company currently has customers in various segments, including Industrial and Commercial segments. Natural Gas is transported by GSPL to a variety of customers, including refineries, steel plants, fertilizer plants, petrochemical plants, power plants, glass industries, textiles industries, chemical industries, city gas distribution (CGD) companies, and other industries in various segments. GSPL is also engaged in generation of electricity through windmill in Rajkot and Porbandar regions of Gujarat.	Locations	Numbers	National (No. of States)	1	International (No. of Countries)	Nil
Locations	Numbers						
National (No. of States)	1						
International (No. of Countries)	Nil						

IV. Employees

20.	Details as at the end of Financial Year:						
a. Employees and workers (including differently abled)							
Sr.No.	Particulars	Total (A)	Male		Female		
			No. (B)	% (B/A)	No. (C)	% (C/A)	
Employees							
1.	Permanent (D)	252	224	88.98%	28	11.11%	
2.	Other than Permanent (E)	170	163	95.88%	7	4.12%	
3.	Total employees (D + E)	422	387	91.71%	35	8.29%	
Workers							
4.	Permanent (F)	-	-	-	-	-	
5.	Other than Permanent (G)	-	-	-	-	-	
6.	Total workers (F + G)	-	-	-	-	-	
At GSPL, workers are hired through "Third Party Contractors," on a need basis for the completion of day-to-day business operations.							
b. Differently abled Employees and workers							
Sr.No.	Particulars	Total (A)	Male		Female		
			No. (B)	% (B/A)	No. (C)	% (C/A)	
DIFFERENTLY ABLED EMPLOYEES							
1.	Permanent (D)	4	3	75 %	1	25 %	
2.	Other than Permanent (E)	1	1	100 %	-	-	
3.	Total differently abled employees (D + E)	5	4	80 %	1	20 %	
DIFFERENTLY ABLED WORKERS							
4.	Permanent (F)	-	-	-	-	-	
5.	Other than Permanent (G)	-	-	-	-	-	
6.	Total differently abled workers (F + G)	-	-	-	-	-	

21.	Participation/Inclusion/Representation of women			
		Total	No. and percentage of Females	
		(A)	No. (B)	% (B / A)
	Board of Directors	9	2	22.22%
	Key Management Personnel	2	1	50.00%
22.	Turnover rate for permanent employees and workers (Disclose trends for the past 3 years)			
		Turnover Rate in Current FY 2024-25		
		Turnover Rate in Previous FY 2023-24		
		Turnover Rate in the Year prior to Previous FY 2022-23		
		Male	Female	Total
	Permanent Employees	6.22 %	0 %	5.53%
	Permanent Workers	-	-	-

V. Holding, Subsidiary and Associate Companies (including joint ventures)

23.	(a) Names of holding / subsidiary / associate companies / joint ventures			
	Sr.No.	Name of the holding / subsidiary / associate companies / joint ventures (A)	Indicate whether holding/ Subsidiary/ Associate/ Joint Venture	Does the entity indicated at column A, participate in the Business Responsibility initiatives of the listed entity? (Yes/No)
	1	Gujarat State Petroleum Corporation Limited	Parent Company	No
	2	Gujarat Gas Limited	Subsidiary	No
	3	GSPL India Gasnet Limited	Subsidiary	No
	4	GSPL India Transco Limited	Subsidiary	No
	5	Sabarmati Gas Limited	Associate	No

VI. CSR Details

24.	(i) Whether CSR is applicable as per section 135 of Companies Act, 2013: (Yes/No)	Yes
	(ii) Turnover (in ₹): ₹ 1110.79 Cr. (In FY 2024-25)	
	(iii) Net worth (in ₹): ₹ 10787.35 Cr. (as on 31 st March, 2025)	

VII. Transparency and Disclosures Compliances

25. Complaints/ Grievances on any of the principles (Principles 1 to 9) under the National Guidelines on Responsible Business Conduct:

Stakeholder group from whom complaint is received	Grievance Redressal Mechanism in Place (Yes/No) <i>(If Yes, then provide web-link for grievance redress policy)</i>	FY 2024-25 Current Financial Year			FY 2023-24 Previous Financial Year

4. Whistle Blower https://gspcgroup.com/documents/pagecontent/Whistle_Blower_Policy.pdf

26.	Overview of the entity's material responsible business conduct issues <i>Please Indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format</i> GSPL management, based on their experience and the industry knowledge, has identified the material issues. Currently, the Company is in the process to give ESG (Environment, Social and Governance) commitment a systematic structure in the form of sustainable practices, policies and targets. GSPL is planning to develop a system to regularly review the material issues in the event of significant changes to the internal or external environment that may have an impact on long-term, sustainable growth.				
Sr. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1	Occupational health, Safety and wellbeing	Risk	Employees are an important resource at GSPL. Because of the nature of the operations, staff health and safety are critical. Health, safety and wellbeing is ensured by means of evaluation and oversight of health and safety risks throughout the operations.	GSPL has a comprehensive QHSE policy	Negative
2	Carbon Emissions	Opportunity	In contrast to the burning of coal and oil, natural gas combustion emits significantly fewer pollutants and GHGs per unit of energy. Technologies and regulations are in place to reduce carbon emissions caused by natural gas leaks, allowing for the complete realization of natural gas potential climate benefits. As a result, GSPL has a great chance as it increases operations to provide natural gas, a fuel that is friendly to the environment.	NA	Positive
3	Human Rights	Risk	Human rights have been cited as one of the priorities by our employees, communities, and investors. Our commitment to advancing a fair and equitable culture and respect for human rights throughout the business is a crucial part of realising our strategy and overarching purpose. Any violation of the human rights code will result in disciplinary action. Furthermore, it could impact our image and our capacity to draw talent.	- The Company's commitment to human rights is manifested in all of the Company's views, decisions, and actions. We respect and uphold human rights in all facets of our business processes and value chain. - By abstaining from child labour and forced labour, avoiding human trafficking, and banning harassment and discrimination, we respect the rights of our workers. - We make sure that workers receive pay that is competitive within that job market and meets or exceeds the legal minimum. - We strive to put policies and practices in place to support workplace diversity. - Instruction on the standards for human rights set forth in GSPL's Human Rights Policy.	Negative

4	Product Safety	Risk	The natural gas business is becoming a safer place to work despite a working environment that frequently includes large machinery, pipeline infrastructure, and high-pressure gas. GSPL makes sure that its products are of proper quality and safety in order to avoid any health risks or natural disasters.	The company has deployed innovative technology which are in line with Pipeline Integrity Management System continuous maintenance process to improve the safety of operational circumstances.	Negative
5	Community Development	Opportunity	GSPL has developed its CSR Policy, demonstrating its efforts towards Social Development. GSPL Community Development initiative focuses on Health Care, Environment Sustainability and Conservation of Natural resources. GSPL encourages the communities where it works to become independent and self-sufficient in order to grow responsibly.	NA	Positive
6	Training and Development	Opportunity	By giving GSPL's employees the required technical and behavioural skills, regular trainings help the company improving the quality of services and readiness for advancements in the future.	NA	Positive
7	Energy & Climate Change	Risk	We use energy because of the way in which our business processes, logistics, and transportation methods have been established. Lower operating expenses may be achieved through effective energy management efforts. For this reason, we search for new innovations in renewable energy production. Our revenues may be impacted if this has an impact on the overall market value of the goods in the restricted geographic areas.	Due to the growing risks caused by climate change and resource scarcity, we are on the path to a low carbon economy. Our strategies for mitigating these risks include: • Power generation through wind projects in Gujarat. • The Company has taken various initiatives and will continue these initiatives during FY2025-26 for conservation of energy, same are mentioned below ; - Company has initiated a drive to start paperless communication with its customers & suppliers. - Solar based lighting system is installed at various locations - Implemented water harvesting at few terminals of Gas grid - Procurement of energy efficient equipment and devices in order to reduce energy consumption.	Negative

**SECTION B: MANAGEMENT AND PROCESS DISCLOSURES**

This section is aimed at helping businesses demonstrate the structures, policies and processes put in place towards adopting the NGRBC Principles and Core Elements.

	Disclosure Questions	P1	P2	P3	P4	P5	P6	P7	P8	P9
	Policy and management processes									
1.	a. Whether your entity's policy/policies cover each principle and its core elements of the NGRBCs. (Yes/No)	Y	Y	Y	Y	Y	Y	Y	Y	Y
	b. Has the policy been approved by the Board? (Yes/No)	Y	Y	Y	Y	Y	Y	Y	Y	Y

2.	Whether the entity has translated the policy into procedures. (Yes / No)	Y	Y	Y	Y	Y	Y	Y	Y	Y
3.	Do the enlisted policies extend to your value chain partners? (Yes/No)	Y	Y	Y	Y	Y	Y	Y	Y	Y
4.	Name of the national and international codes/certifications/ labels/standards (e.g. Forest Stewardship Council, Fairtrade, Rainforest Alliance, Trustea) standards (e.g. SA 8000, OHSAS, ISO, BIS) adopted by your entity and mapped to each principle.	ISO 9001:2015 Quality management System ISO 14001:2015 Environmental Management System ISO 45001:2018 Occupational Health & Safety Management System Emergency Response and Disaster Management Plans Certificate								
5.	Specific commitments, goals and targets set by the entity with defined timelines, if any.	The Company has taken various initiatives for conservation of energy, same are mentioned below; • Company has initiated a drive to start paperless communication with its customers. • Procurement of energy efficient equipment and devices in order to reduce energy consumption. • All new projects have provision for : i. usage of energy efficient lighting system. ii. Energy efficient inverter based AC system of 5 star BEE rated. iii. Environment friendly AC refrigerant Ozone depletion substance rules for running as well as new project. R-22 replaced with R-32 / 410a • Implemented water harvesting at few terminals of Gas grid. • 100% Vendor Enlistment through online Vendor Enlistment portal only to ensure transparent process and encouraging more user-friendly system. • Implementation of Smart racks in GSPL Server room enhanced energy efficiency and optimized resource management within data centers.								

6.	Performance of the entity against the specific commitments, goals and targets along-with reasons in case the same are not met.	GSPL is in process to develop and map the performance achieved against the specific commitments. • Paperless communication initiated and achieved 100 % E-invoicing in case of customers. • Chhara Project is commissioned with all new stations equipped with : i. Energy efficient LED area lighting system. ii. Energy efficient inverter based AC system of 5 star BEE rated. iii. Environment friendly AC refrigerant with R-32/410a. • Certain locations were upgraded from conventional lights to energy efficient LED Lights. • Water harvesting system is being implemented in all ongoing and upcoming green field projects. • Vendor Enlistment Process is 100% online through web portal and in fully transparent manner. Link for online vendor enlist process (https://ves.gspl.asia/) • Order for the Smart rack was awarded in month of Feb 2025. Smart rack will be installed in GSPL server room by FY-2025-26.																	
Governance, leadership and oversight																			
7.	Statement by director responsible for the business responsibility report, highlighting ESG related challenges, targets and achievements (<i>listed entity has flexibility regarding the placement of this disclosure</i>)	The statement on sustainability goals, commitments and the Company's contribution forms part of this Report.																	
8.	Details of the highest authority responsible for implementation and oversight of the Business Responsibility policy (ies).	The Board of Directors of GSPL has entrusted the responsibility to the CSR Committee of Directors of the Company for implementation and oversight of the Business Responsibility policy(ies). The Board of Directors has entrusted upon the CSR Committee, the additional Roles and Responsibilities to formulate policies and procedures in relation to the compliances of the BRSR requirements and to oversee implementation of all the policies pertaining to Business Responsibility and Sustainability Report.																	
9.	Does the entity have a specified Committee of the Board/ Director responsible for decision making on sustainability related issues? (Yes / No). If yes, provide details.	CSR Committee is responsible for decision making on sustainability related issues.																	
10.	Details of Review of NGRBCs by the Company:																		
	Subject for Review	Indicate whether review was undertaken by Director / Committee of the Board / Any other Committee									Frequency (Annually / Half yearly / Quarterly / Any other – please specify)								
		P1	P2	P3	P4	P5	P6	P7	P8	P9	P1	P2	P3	P4	P5	P6	P7	P8	P9
Performance against above policies and follow up action		Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Reviews are undertaken as and when required.							
Compliance with statutory requirements of relevance to the principles, and, rectification of any non-compliances	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes									
11.	Has the entity carried out independent assessment/ evaluation of the working of its policies by an external agency? (Yes/No). If yes, provide name of the agency.	P1	P2	P3	P4	P5	P6	P7	P8	P9	No								
12.	If answer to question (1) above is “No” i.e. not all Principles are covered by a policy, reasons to be stated:																		
	Questions	P1	P2	P3	P4	P5	P6	P7	P8	P9	The Company has policies in place for all principles.								
	The entity does not consider the Principles material to its business (Yes/No)																		
	The entity is not at a stage where it is in a position to formulate and implement the policies on specified principles (Yes/No)																		
	The entity does not have the financial or/human and technical resources available for the task (Yes/No)																		
	It is planned to be done in the next financial year (Yes/No)																		
	Any other reason (please specify)																		

**SECTION C: PRINCIPLE WISE PERFORMANCE DISCLOSURE**

This section is aimed at helping entities demonstrate their performance in integrating the Principles and Core Elements with key processes and decisions. The information sought is categorized as "Essential" and "Leadership". While the essential indicators are expected to be disclosed by every entity that is mandated to file this report, the leadership indicators may be voluntarily disclosed by entities which aspire to progress to a higher level in their quest to be socially, environmentally and ethically responsible.

PRINCIPLE 1: Businesses should conduct and govern themselves with integrity, and in a manner that is Ethical, Transparent and Accountable.

Information regarding the organization's governance structure is provided in this principle. It provides a detailed information upon how the organization's policies are communicated, discussed, explained, and applied across all of its activities and functions.

GSPL policies states the requirements of ethics, transparency, and accountability. Everyone associated with GSPL is expected to adhere to an established set of standards and norms for conduct known as the "Code of Conduct". GSPL conducts business responsibly and maintains ethical, transparent, and accountable business environment by adhering to these standards. Moreover, the policies and SOPs illustrate how GSPL handle all of its stakeholders, including the environment, communities, and customers.

Essential Indicators

1.	Percentage coverage by training and awareness programmes on any of the Principles during the financial year:					
	Segment	Total number of training and awareness programmes held	Topics / principles covered under the training and its impact		%age of persons in respective category covered by the awareness programmes	
	Board of Directors	Nil	NA		NA	
	Key Managerial Personnel	4	Prevention of Sexual Harassment, Health and Safety trainings, Pipeline Integrity Management, Procurement & Contracts, Human Rights, Integrity, Ethics & Anti-Corruption.		100%	
	Employees other than BoD and KMPs	87			98%	
Workers	NA			NA		
2.	Details of fines / penalties /punishment/ award/ compounding fees/ settlement amount paid in proceedings (by the entity or by directors / KMPs) with regulators/ law enforcement agencies/ judicial institutions, in the financial year, in the following format (Note: the entity shall make disclosures on the basis of materiality as specified in Regulation 30 of SEBI (Listing Obligations and Disclosure Obligations) Regulations, 2015 and as disclosed on the entity’s website):					
	Monetary					
		NGRBC Principle	Name of the regulatory/ enforcement agencies/ judicial institutions	Amount (In INR)	Brief of the Case	Has an appeal been preferred? (Yes/No)
	Penalty/ Fine	No fines / penalties / punishment / award / compounding fees / settlement amount paid in proceedings (by the entity or by directors / KMPs) with regulators / law enforcement agencies / judicial institutions, in the financial year ended March 31, 2025.				
	Settlement					
	Compounding fee					
	Non - Monetary					
		NGRBC Principle	Name of the regulatory/ enforcement agencies/ judicial institutions	Brief of the Case		Has an appeal been preferred? (Yes/No)
	Imprisonment	No non-monetary penalty in proceedings (by the entity or by directors / KMPs) with regulators / law enforcement agencies / judicial institutions, in the financial year ended March 31, 2025.				
	Punishment					
3.	Of the instances disclosed in Question 2 above, details of the Appeal/ Revision preferred in cases where monetary or non-monetary action has been appealed					
	Case Details		Name of the regulatory/ enforcement agencies/ judicial institutions			
	Since there were no fines / penalties /punishment/ award/ compounding fees/ settlement amount paid in proceedings (by the entity or by directors / KMPs) with regulators/ law enforcement agencies/judicial institutions, in the financial year ended March 31, 2025, there were no appeals/revisions filed.					

4.	Does the entity have an anti-corruption or anti-bribery policy? If yes, provide details in brief and if available, provide a web-link to the policy. Yes, GSPL has an Anti-Corruption and Anti Bribery Policy that mandates severe consequences against anyone found guilty of such unethical behavior. GSPL has zero tolerance for any type of corruption or bribery. The Company's anti-corruption and anti-bribery policy applies to all employees, intermediaries, consultants, dealers, contractors & subcontractors, suppliers etc. working on behalf of the GSPL or any of its subsidiaries. GSPL and business associates adhere to anti-bribery and anti-corruption laws and regulations. GSPL and its management's commitment to upholding the highest moral standards while encouraging a culture of honest and fair business practices is reflected in the Policy, which also calls for the implementation and enforcement of effective systems to spot, stop, and prevent bribery and other corrupt business practices. Refer Link for Anti-Bribery and Anti-Corruption Policy: https://gspcgroup.com/documents/pagecontent/Anti_Bribery_and_Anti_Corruption_policy.pdf				
5.	Number of Directors/KMPs/employees/workers against whom disciplinary action was taken by any law enforcement agency for the charges of bribery/ corruption:				
	Particulars	FY 2024-25 (Current Financial Year)		FY 2023-2024 (Previous Financial Year)	
	Directors	None of the Company's directors, KMPs, employees, or workers were subjected to disciplinary action by any law enforcement body due to allegations of bribery or corruption.			
	KMPs				
	Employees				
	Workers				
6.	Details of complaints with regard to conflict of interest:				
	Particulars	FY 2024-25 (Current Financial Year)		FY 2023-24 (Previous Financial Year)	
		Number	Remarks	Number	Remarks
	Number of complaints received in relation to issues of Conflict of Interest of the Directors	No complaints with regard to conflict of interest in the reporting period. Conflicts of interest may arise when an employee has a personal interest or is involved in an activity that might hinder their integrity & objectivity while performing duties assigned to them. In order to avoid any type of conflict of interest, the Company upholds the highest standards of ethics and compliance. GSPL is diligent in promptly identifying and preventing occurrence of any such incidents.			
	Number of complaints received in relation to issues of Conflict of Interest of the KMPs				
7.	Provide details of any corrective action taken or underway on issues related to fines / penalties / action taken by regulators/ law enforcement agencies/ judicial institutions, on cases of corruption and conflicts of interest. Not applicable, as there were no instances of corruption or conflicts of interest, no corrective action was required to be taken on matters pertaining to fines / penalty / activity taken by regulators / law enforcement agencies / judicial institutions.				
8.	Number of days of accounts payables ((Accounts payable *365) / Cost of goods/services procured) in the following format:				
		FY 2024-25 (Current Financial Year)		FY 2023-2024 (Previous Financial Year)	
	Number of days of accounts payables	136		31	
9.	Open-ness of business Provide details of concentration of purchases and sales with trading houses, dealers, and related parties along-with loans and advances & investments, with related parties, in the following format:				
	Parameter	Metrics	FY 2024-25 (Current Financial Year)	FY 2023-2024 (Previous Financial Year)	
	Concentration of Purchases	a. Purchases from trading houses as % of total purchases	Nil	Nil	
		b. Number of trading houses where purchases are made from	Nil	Nil	
		c. Purchases from top 10 trading houses as % of total purchases from trading houses.	Nil	Nil	

Parameter	Metrics	FY 2024-25 (Current Financial Year)	FY 2023-2024 (Previous Financial Year)
Concentration of Sales	a. Sales to dealers / distributors as % of total sales	Nil	Nil
	b. Number of dealers / distributors to whom sales are made.	Nil	Nil
	c. Sales to top 10 dealers / distributors as % of total sales to dealers / distributors	Nil	Nil
Share of RPTs in	a. Purchases (Purchases with related parties / Total Purchases)	34.10 %	35.71 %
	b. Sales (Sales to related parties / Total Sales)	56.34 %	38.37 %
	c. Loans & advances (Loans & advances given to related parties / Total loans .& advances)	Nil	Nil
	d. Investments (Investments in related parties / Total Investments made)	100 %	100 %
Leadership Indicators			
1. Awareness programs conducted for value chain partners on any of the Principles during the financial year:			
Total number of awareness programmes held	Topics / principles covered under the training	%age of value chain partners covered (by value of business done with such partners) under the awareness programmes	
No such awareness programs are conducted during the year but by means of General terms & Conditions mentioned in our tender documents and the responsible business policy for vendors, GSPL had specified that all vendors are required to comply with HSE requirements during their engagement with GSPL.			
2. Does the entity have processes in place to avoid/ manage conflict of interests involving members of the Board? (Yes/No) If Yes provide details of the same. Yes, the GSPL's Code of Conduct states that the Board members and Senior Management are to abstain themselves from discussion, voting, or otherwise influencing a decision on any matter in which they have or may have a conflict of interest. The company receives annual declaration from its Board of Directors & Senior Management regarding the entities it is interested in, and ensure the necessary legal approvals are obtained before engaging in transaction with each entity. Clear instructions are provided in the conflict-of-interest policy for employees avoiding and disclosing real or prospective conflicts of interest with the company.			
Refer link for Conflict of Interest: https://gspcgroup.com/documents/pagecontent/GSPL-Code-of-Conduct-for-Directors.pdf https://gspcgroup.com/documents/pagecontent/Code of Conduct for Senior Management GSPL.pdf and Responsible Business Policy: https://gspcgroup.com/documents/pagecontent/Policy on Responsible Busines GSPL.pdf			

PRINCIPLE 2: Businesses should provide goods and services in a manner that is sustainable and safe					
<i>The Second Principle is primarily concerned with production & consumption of resources. Manufacturing and consumption of resources are at the center of the second principle. It focuses on safeguarding natural resources by the practice of responsible consumption and producing goods that have a minimal negative impact on the environment and society over their entire life cycles.</i>					
Customers are increasingly preferring responsible brands and organizations. Responsibility and sustainability are incorporated into GSPL's business.					
GSPL is a company which is into the business of transmission of natural gas, natural gas is a fuel that has low environmental implications and emits less carbon than other fuels. GSPL is willing to support local vendors, vulnerable & marginalized groups, and other supply chain partners who can assist in achieving our strategic goals and long-term sustainable aims, doing so would boost the economy as a whole.					
GSPL Plans, designs, constructs, operates and maintains Natural Gas pipeline and associated facilities as per latest codes, standards, applicable regulatory and statutory requirements and follow best design and operating practices in a way that mitigates and minimizes risks and hazards. In addition, promoting natural gas has sustainable environmental advantages over other energy sources due to lower emissions.					
Essential Indicators					
1.	Percentage of R&D and capital expenditure (capex) investments in specific technologies to improve the environmental and social impacts of product and processes to total R&D and capex investments made by the entity, respectively.				
		FY 2024-25 Current Financial Year	FY 2023-24 Previous Financial Year	Details of improvements in environmental and social impacts	
	R&D	Nil	Nil	NA	
	Capex	Nil	Nil	NA	
2.	a. Does the entity have procedures in place for sustainable sourcing? (Yes/No) b. If yes, what percentage of inputs were sourced sustainably? GSPL has a procurement policy/guideline for all its contractors and suppliers intending to engage with the Company. The Company follows an online vendor enlistment process to provide open access to all aspirant vendors. The Company has developed a detailed Standard Operating Procedure (SOP) for vendor selection which sets stringent process and procedures to be followed before onboarding the supplier/vendor. The business encourages its partners to adhere to social and environmental standards like ISO 14001 and ISO 45001. The company has a business responsibility policy for all value chain partners covering aspects of health, safety and human rights for sustainable sourcing. The company has a transparent process of procurement through E- tenders which has resulted in reduction of use of paper along with transparency. The company has sourced directly from within India approx. 99.98% during the FY 2024-25.				
3.	Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste. Product reusing, recycling and disposing at end of life is not relevant for this sector. The company is in the business of transmission of natural gas to demand centers. However, GSPL has a well-established process of waste management which includes identification, collection, segregation & disposal as applicable for waste generated during project & operational activities of the organisation which includes plastic waste, e-waste, hazardous waste etc.				
4.	Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same. Extended Produces Responsibility (EPR) is not applicable to the company because of the nature of its product and service offerings.				
Leadership Indicators					
1.	Has the entity conducted Life Cycle Perspective / Assessments (LCA) for any of its products (for manufacturing industry) or for its services (for service industry)? If yes, provide details in the following format?				
	NIC Code	Name of product/ service	% of total turnover contributed	Boundary for which the life cycle perspective/ assessment was conducted	Whether conducted by an independent external agency (Yes/No)
					Results communicated in public domain (Yes/No) if yes provide weblink
	Life cycle assessment for any of the products has not been currently performed by GSPL.				
2.	If there are any significant social or environmental concerns and/or risks arising from production or disposal of your products / services, as identified in the Life Cycle Perspective / Assessments (LCA) or through any other means, briefly describe the same along-with action taken to mitigate the same.				
	Name of product/ Service		Description of the risk/ concern		Action Taken
	Since, Life cycle assessment has not been currently performed by GSPL, there are no significant social or environmental concerns and/or risks arising from production or disposal of products/services have been identified.				

3.	Percentage of recycled or reused input material to total material (by value) used in production (for manufacturing industry) or providing services (for service industry).		
	Indicate Input Material	Recycled or re-used input material to total material	
		FY 2024-25 Current Financial Year	FY 2023-24 Previous Financial Year
	Not applicable. Since the company is involved in the transportation of natural gas through pipeline. Natural gas is input from source and no recycled or reused input material can be considered for the company.		

4.	Of the products and packaging reclaimed at end of life of products, amount (in metric tonnes) reused, recycled, and safely disposed, as per the following format:					
	FY 2024-25 Current Financial Year			FY 2023-24 Previous Financial Year		
	Re- used	Recycled	Safely Disposed	Re- used	Recycled	Safely Disposed
Plastics (including packaging)	-	-	0.630	-	-	0.760
E-Waste	-	-	1.330	-	-	3.290
Hazardous Waste						
- Used Oil	-	-	2.386	-	-	2.22
- Oil Barrels	-	-	40 Nos. of Containers	-	-	40 Nos. of Containers
Other Waste	-	-	38 (Metal)	-	-	77 (Metal + Cable)

5.	Reclaimed products and their packaging materials (as percentage of products sold) for each product category.		
<table border="1"> <tr> <th>Indicate Product Category</th><th>Reclaimed products and their packaging materials as % of total products sold in respective category</th></tr> </table>		Indicate Product Category	Reclaimed products and their packaging materials as % of total products sold in respective category
Indicate Product Category	Reclaimed products and their packaging materials as % of total products sold in respective category		
The company is in the business of transmission of natural gas to demand centers. Products and packaging materials cannot be reused, recycled and disposed. Given the nature of the business, the Company has limited scope regarding these criteria, although it is aware that environmentally responsible waste management is urgently needed. The Company encourages reuse and recycling whenever possible and keeps an eye on progress in order to meet these objectives			

PRINCIPLE 3: Businesses should respect and promote the well-being of all employees, including those in their value chains

This principle emphasizes the equality, dignity, and standard of living of both internal employees and external value chain partners. Entities are required to follow all legal and regulatory requirements and to give all employees an equal chance to succeed.

GSPL places emphasis on employee growth and well-being. Company's purpose in safety is driven by deep care for the people and value chain partners, through its QHSE policy.

Employees are an organization's most valuable resource since they not only serve as a link between the business and its customers, but they also make a significant contribution to the business' overall performance. GSPL places a strong emphasis on inclusiveness, diversity, employee and worker health and wellbeing, as well as ongoing learning and development. Concerns can be reported by employees from any part of the organization, and owing to the Company's redressal systems, problems can be resolved promptly.

	Essential Indicators										
1.	a. Details of measures for the well-being of employees:										
Category	% of employees covered by										
	Total (A)	Health insurance		Accident insurance		Maternity benefits		Paternity Benefits		Day Care facilities	
		Number (B)	% (B/A)	Number (C)	% (C/A)	Number (D)	% (D/A)	Number (E)	% (E/A)	Number (F)	% (F/A)
Permanent Employees											
Male	224	224	100%	224	100%	-	-	224	100%	-	-
Female	28	28	100%	28	100%	28	100%	-	-	-	-
Total	252	252	100%	252	100%	28	11%	224	89%	-	-
Other than Permanent Employees											
Male	163	152	93%	163	100%	-	-	-	-	-	-
Female	7	7	100%	7	100%	7	100%	-	-	-	-
Total	170	159	94%	170	100%	7	4%	-	-	-	-

b. Details of measures for the well-being of workers:											
Category	% of workers covered by										
	Total (A)	Health insurance		Accident insurance		Maternity benefits		Paternity Benefits		Day Care facilities	
		Number (B)	% (B/A)	Number (C)	% (C/A)	Number (D)	% (D/A)	Number (E)	% (E/A)	Number (F)	% (F/A)
Permanent workers											
Male	-	-	-	-	-	-	-	-	-	-	-

Other than Permanent workers											
Male	-	-	-	-	-	-	-	-	-	-	-
Female	-	-	-	-	-	-	-	-	-	-	-
Total	-	-	-	-	-	-	-	-	-	-	-
c. Spending on measures towards well-being of employees and workers (including permanent and other than permanent) in the following format -											
				FY 2024-25 Current Financial Year				FY 2023-24 Previous Financial Year			
Cost incurred on well – being measures as a % of total revenue of the company				0.25				0.12			
2. Details of retirement benefits, for Current Financial Year and Previous Financial Year.											
Benefits		FY 2024-25 (Current Financial Year)			FY 2023-24 (Previous Financial Year)						
		No. of employees covered as a % of total employees	No. of workers covered as a % of total workers	Deducted and deposited with the authority (Y/N/N.A.)	No. of employees covered as a % of total employees	No. of workers covered as a % of total workers	Deducted and deposited with the authority (Y/N/N.A.)				
PF		99.8%	NA	Y	100%		NA	Y			
Gratuity		100 %	NA	NA	100%		NA	NA			
ESI		3%	NA	Y	3%		NA	Y			
Others-Superannuation		19%	NA	NA	19%		NA	NA			
Others- Loyalty Bonus		60%	NA	NA	62%		NA	NA			
Others - Post Retirement Medical Benefit Scheme		17%	NA	NA	16%		NA	NA			
* For above benefits, all eligible employees are covered under the respective categories.											
3. Accessibility of workplaces											
Are the premises / offices of the entity accessible to differently abled employees and workers, as per the requirements of the Rights of Persons with Disabilities Act, 2016? If not, whether any steps are being taken by the entity in this regard.											
Our corporate office is accessible to differently abled employees and workers as per the requirements of the Rights of Persons with Disabilities Act, 2016. Basic infrastructure for accessibility to workplace are available at the corporate office of the Company and we are trying to make our offices more feasible for such employees.											
4. Does the entity have an equal opportunity policy as per the Rights of Persons with Disabilities Act, 2016? If so, provide a web-link to the policy											
Yes, the company has an equal opportunity policy in place which is applicable to all stakeholders under its human rights policy. GSPL offers equitable job opportunities without regard to age, race, religion, nationality, disability, marital status, sex, or sexual orientation. Based on the aforementioned factors, the Company works to maintain a workplace free from any form of harassment. The policy provides for facilities to be provided to people with disabilities along with the required infrastructure and policies, as well as other privileges like leaves of absence, maternal & paternal benefits, opportunities for learning and growth, and other benefits in accordance with legal requirements and accepted business standards.

10.	Health and safety management system: a. Whether an occupational health and safety management system has been implemented by the entity? (Yes/ No). If yes, the coverage of such a system? Yes, an occupational health and safety management system has been implemented at all the locations of the company. GSPL places a high value on preserving and improving the health and safety of its employees. Employee and worker safety in the workplace is at the core of the company's sustainability strategy. To protect everyone's safety, the company has deployed innovative technology which are in line with Pipeline Integrity management system and continuous maintenance process to improve the safety of operational circumstances. The company's health and safety management is based on the standards like ISO 9001, ISO 14001, ISO 45001. The goal is to provide reliable natural gas transmission in a secure working environment by ensuring efficient and effective management of Natural Gas Grid operation and maintenance with increased efficiency. b. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity? The company has a well-established Health and Safety policy for employees and workers to identify and report on work related hazards and the steps to mitigate them. It identifies hazards and assess risks on a routine and non-routine basis through regular monitoring and conducting regular safety meetings. Also, the company offers training to workers and employees about health and safety. The training cover aspects of the methodology to identify work-related hazards, analyse the risks associated with it and take subsequent steps to mitigate them. c. Whether you have processes for workers to report the work related hazards and to remove themselves from such risks. (Y/N) The company has documented procedures in place for Incident Reporting and Investigation covering all the locations which allows workers to report and remove themselves from the situations they believe could cause injury or ill health. It has implemented near miss reporting system to identify the hazards and their timely rectification, also steps are being taken to find out the root cause of the incident for initiating actions to prevent recurrence in future. d. Do the employees/ workers of the entity have access to non-occupational medical and healthcare services? (Yes/ No) Yes, the employees of the Company are provided with a variety of health and wellness benefits, such as medical insurance for employee and immediate family and accident insurance for the employees, which provides financial support in the event of an accident or serious sickness.																																					
11. 12.	Describe the measures taken by the entity to ensure a safe and healthy work place. As acknowledged in its Quality, Health and Safety Policy, the company understands the importance of occupational health and safety (OHS) and the overall physical and mental welfare of its employees to its performance and growth objectives. GSPL has established, implemented and Maintained System for Identification, Evaluation, Determination, Monitoring & Measurement through Risk Assessments like Hazard identification and Risk Assessment, Aspect Impact Analysis etc. Scope is applicable to all Routine, Non - Routine activities and all Locations of GSPL sites. It is committed to provide safe workplaces with an emphasis on preventing illnesses and injuries as well as ongoing efforts to get rid of hazards and lower OHS risks. Several measures are taken up by the company to ensure a safe and healthy working condition for all employees and workers. The measures include, but not limited to, are: - To conduct periodic internal and external audits. The findings of internal and external assessments are reviewed, and root-cause analysis and corrective action is taken based on the root cause analysis report. - To provide trainings to employees and workers. The safety training programs enable the development of strong foundation among the workforce, in terms of their ability to identify, mitigate and prevent risks pertaining to Occupational Health and Safety. - To provide appropriate resources and PPEs to its employees and workers. - To comply with legal, regulatory, and other requirements applicable for natural gas transportation business.						
13.	Number of Complaints on the following made by employees and workers:						
		FY 2024-25 (Current Financial Year)			FY 2023-24 (Previous Financial Year)		
		Filed during the year	Pending resolution at the end of year	Remarks	Filed during the year	Pending resolution at the end of year	Remarks
	Working Conditions	No complaints were made by any employee or worker on the working conditions and/or health and safety practices of the Company					
	Health & Safety						
14.	Assessments for the year:						
		% of your plants and offices that were assessed (by entity or statutory authorities or third parties)					
	Health and safety practices	GSPL's gas grid and functional locations are assessed on Health & Safety Parameters. As per below mentioned frequency. Internal Audit: - Half Yearly IMS Audit. - Half Yearly Internal Safety Audit. External Audit : - Third Party IMS Audit. - Third Party Safety Audit. Other Applicable Statutory and Regulatory audit is being carried out periodically.					
	Working Conditions	100 % Aspect Impact Analysis for all related activities is conducted bi-annually by inhouse team of GSPL					
15.	Provide details of any corrective action taken or underway to address safety-related incidents (if any) and on significant risks / concerns arising from assessments of health & safety practices and working conditions. GSPL has strong commitment towards safe & healthy environment and management adherence to those guidelines. However, due to 01 Nos. of Fatal incident in excavated site from the service provider and 01 Nos. of Third Party damage to pipeline (Gas Leakage) Corrective action on the concerns identified in the investigation of incident is briefed below: 1. Excavated trenches are very prone to the accidents, all involved are required to anticipate the worst scenarios and shall act on the prevention of such incidents. Precaution / measures to prevent collapse of soil, trench at management / procedural level shall be taken care by : - Shoring/Shuttering / Benching/ Boxing etc. - Steps and shallow slope (battering) - Close supervision of work shall be very important in prevention of reoccurrence of such incidents. 2. To prevent third party damages to pipelines - Pipeline Patrolling frequency reviewed and increase for pipeline passing through highly dense population area or city area, Installation of additional Nos. of markers in RoW and Class-IV locations to improve visibility of laid pipelines.						
	Leadership Indicators						
1.	Does the entity extend any life insurance or any compensatory package in the event of death of (A) Employees (Y/N) (B) Workers (Y/N). A) Employees: Yes, Company has a detailed Human Resource Manual which covers all its employees in the event of his/ her death. B) Workers: No, Contract workers are required to abide with the statutory compliances as per the applicable rules.						

2.	Provide the measures undertaken by the entity to ensure that statutory dues have been deducted and deposited by the value chain partners. To make sure that the members of our value chain are adhering to their statutory obligations, we have several processes and procedures in place. The company via its general terms and conditions of the tender documents ensures that statutory dues including Provident Fund, Income Tax, Value Added Tax, Goods and Services Tax and other statutory dues have generally been regularly deposited by the Company to the appropriate authorities. The Company takes considerable effort to make sure that the necessary statutory dues are deducted and deposited to respective authorities by value chain partners & to promote business responsibility principles and goals of transparency and accountability, all supply chain partners must adhere to it in every way. First-level compliance is ensured by the user departments and finance team only releases funds when value chain partners have complied with the statutory requirements.																				
3.	Provide the number of employees / workers having suffered high consequence work-related injury / ill-health / fatalities (as reported in Q11 of Essential Indicators above), who have been rehabilitated and placed in suitable employment or whose family members have been placed in suitable employment: <table><tr><td></td><td colspan="2">Total no. of affected employees/ workers</td><td colspan="2">No. of employees/workers that are rehabilitated and placed in suitable employment or whose family members have been placed in suitable employment</td></tr><tr><td></td><td>FY 2024-25 (Current Financial Year)</td><td>FY 2023-24 (Previous Financial Year)</td><td>FY 2024-25 (Current Financial Year)</td><td>FY 2023-24 (Previous Financial Year)</td></tr><tr><td>Employees</td><td colspan="4" rowspan="2">01 Nos. of Fatal incident was reported to PNGRB. 6.	Provide details of any corrective actions taken or underway to address significant risks / concerns arising from assessments of health and safety practices and working conditions of value chain partners. Not Applicable, as there were no significant risks / concerns arising from assessments of health and safety practices of value chain partners.																				
PRINCIPLE 4: Businesses should respect the interests of and be responsive to all its stakeholders																					
Essential Indicators																					
1.	Describe the processes for identifying key stakeholder groups of the entity. According to this principle organisation must consider the expectations of all parties involved in their business, both internal & external. Such Engagements with stakeholder and partnership with them is essential to grow the Company's business and to reach the ambitious targets set out in the Compass. According to the GSPL, any individual or group who can influence or are impacted by its business are considered stakeholders. The company has mapped both its internal and external stakeholders as part of the sustainability reporting process. The list of key stakeholders includes employees, suppliers, customers, dealers, contractors, business partners, regulatory agencies, local communities, etc. GSPL takes initiatives to engage with such stakeholders in multiple ways and all engagements are conducted in transparent manner with honesty, integrity and openness; in compliances with laws & regulation.																				

2. List stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group.				
Stakeholder Group	Whether identified as Vulnerable & Marginalized Group (Yes/No)	Channels of communication (Email, SMS, Newspaper, Pamphlets, Advertisement, Community Meetings, Notice Board, Website, Other)	Frequency of engagement (Annually/ Half yearly/ Quarterly / others – please specify)	Purpose and scope of engagement including key topics and concerns raised during such engagement
Community	No	Community Meetings, Safety Awareness	Need based	Understand grievances & Execution of Community development plans
Shareholders/ Investors	No	Annual reports, Quarterly Performance highlights Individual communications to shareholders Annual general meeting Newspaper advertisement	Annual, Half yearly, Quarterly	Financial Results, Business Growth and profitability
Suppliers	No	E-Tenders, GSPL website, Prebid Meetings, Kick-off Meetings, Contracts, E-mails, Letters, Circulars, Intranet, Annual Safety & technical competency trainings, Safety Awareness Programs, Grievance redressal mechanism, Monthly Contractors Performance meetings	Need Based	Scope of work, quality, health and safety discussion, Tender terms and conditions and performance evaluation
Employees	No	Grievance redressal mechanisms, e-mails, Intranet	Need Based	Learning and development, employee wellbeing, performance evaluations
Regulatory Bodies	No	Website, emails, Meetings, Telephonic conversation, Reviews, Quarterly Progress Report, Annual Report	Need Based	Support Government in transitioning to a clean gas – based economy .Submission of Progress reports. Addressing Regulatory concerns, Business Plans, Unified Tariff and other industry related issues
Customers	No	Telephonic Conversation, Video Calls, Website, emails, Helpline number	Need Based	Customer surveys, product quality and sustainability, health and safety, operational concerns. Operational & Contractual issues .
Leadership Indicators				
1.	Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board. GSPL has established a CSR Committee at board level. This Committee is responsible for implementation of BRSR requirements. Continuous stakeholder engagement, along with an in-depth CSR committee review, assists the organization in aligning its business with ESG, allowing it to better serve its stakeholders. GSPL understands the value of active involvement with its stakeholders in satisfying their requirements and building stakeholder trust. ESG issues are discussed at these sessions, and stakeholders are made aware of sustainability concerns. The Company intends to place a greater emphasis on ESG issues in such meetings.			
2.	Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes / No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity. For the purpose of identifying material topics, the company's management has identified the material topics based on their experience and industry practice, and management is thinking about seeking input from other stakeholders in the future to determine material business issues.			
3.	Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/ marginalized stakeholder groups. The concerns of the vulnerable/ marginalized stakeholders' groups are mainly addressed over various parameters during Financial Years 2022-23, 2023-24 & 2024-25 such as: - Promoting Healthcare. - Environment Sustainability & Conservation of Natural Resources. - Eradicating Hunger, Poverty and Malnutrition from society. - Promoting Education Link given below for the Corporate and Social Responsibilities initiatives by the Company. https://gspcgroup.com/GSPL/csr			

As per guidelines of MoEF&CC, environment clearance is obtained for gas grid set up. As part of procedure of clearance; Public Consultation/Hearing involving various stakeholders is conducted at district level. GSPL ensures engagement with community and all the compliances with relevant legal requirements.											
PRINCIPLE 5: Businesses should respect and promote human rights											
<i>The core belief of this principle is based on the idea that every human being has inherent rights that cannot be compromised in any way for the benefit of business. According to the UN Guiding Principles on Business and Human Rights, businesses are also held accountable for any violations of human rights and must take reasonable measures to prevent such violations from occurring as a result of their operations. Business must ensure that human rights are followed in the same spirit within as well as outside the organisation when engaging with business partners.</i> GSPL strives to preserve and promote human rights in its activities, commercial relationships, and collaborations. The Company has prioritized the following human rights issues and is committed to address them throughout its operations. Discrimination, fair wages, forced labour, harassment, healthy and safe working conditions are the top priorities. GSPL is committed for providing good working conditions where the company operates, as well as protecting the human rights of all of our stakeholders. GSPL is dedicated for continuous improvement and initiatives are taken to properly integrate human rights into its operations.											
Essential Indicators											
1.	Employees and workers who have been provided training on human rights issues and policy(ies) of the entity, in the following format:										
Category		FY 2024-25 Current Financial Year			FY 2023-24 Previous Financial Year

3.	Details of remuneration/salary/wages, in the following format:						
a. Median Remuneration / wages:							
	Male			Female			
	Number	Median remuneration/ salary/ wages of respective category (₹ in Lacs)		Number	Median remuneration/ salary/ wages of respective category (₹ in Lacs)		
Board of Directors (BoD)*	Refer below						
Key Managerial Personnel	1	56.9		1	72.4		
Employees other than BoD and KMP	386	19.5		35	23.4		
Workers	NA	NA		NA	NA		
<i>*Except for the Sitting Fees paid to the Directors (other than Managing Director and Joint Managing Director), the Company does not pay any remuneration to the Directors. Further, the Sitting Fees paid to the Directors who are IAS Officers is deposited in the Government Treasury.</i>							
b. Gross wages paid to females as % of total wages paid by the entity, in the following format:							
	FY 2024-25 Current Financial Year			FY 2023-24 Previous Financial Year			
Gross wages paid to females as % of Total wages.	9.71			9.81			
4.	Do you have a focal point (Individual/ Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business? (Yes/No) Yes, GSPL has a grievance redressal committee that is responsible for addressing human rights impacts, issues and grievances in line with the Human Rights Policy of GSPL. The Committee is in charge of assessing reported issues and ensuring that they are properly addressed and necessary corrective actions are taken.						
5.	Describe the internal mechanisms in place to redress grievances related to human rights issues. GSPL recognises the important role of protection of human right for long term growth of the business. The Company has under its Responsible Business Policy and Human Rights Policy devised a grievance redressal procedure to ensure that issues are resolved quickly and efficiently. GSPL follows an open and approachable internal structure for the purpose of addressing and resolving any human rights issues.						
6.	Number of Complaints on the following made by employees and workers:						
	FY 2024-25 Current Financial Year			FY 2023-24 Previous Financial Year			
	Filed during the year	Pending resolution at the end of year	Remarks	Filed during the year	Pending resolution at the end of year	Remarks	
Sexual Harassment	No Complaints pertaining to sexual harassment, discrimination, child labour, forced labour, involuntary labour, wages or other human rights issues which are being reported to GSPL by any of its employees & workers.						
Discrimination at workplace							
Child Labour							
Forced Labour/Involuntary Labour							
Wages							
Other human rights related issues							
7.	Complaints filed under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013, in the following format:						
	FY 2024-25 Current Financial Year			FY 2023-24 Previous Financial Year			
Total Complaints reported under Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (POSH)	0			0			
Complaints on POSH as a % of female employees / workers	0			0			
Complaints on POSH upheld	0			0			

8.	Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases. In Order to safeguard complainants and whistleblowers, the GSPL has implemented a Human Rights policy. The Human Rights and Harassment Policies are intended to protect the complainant from unfavorable instances in cases of discrimination and harassment. We have put in place a harassment policy at work in compliance with the terms of the Sexual Harassment of Women at Workplace (Prevention, Prohibition, and Redressal) Act, 2013 (the "Act") and the Rules promulgated under it. GSPL has defined the procedures for filing a complaint as well as the procedures that follow. GSPL has formed an internal investigation and inquiry committee to investigate the complainants' complaints. A whistleblower may expose actual or suspected frauds and violations of the company's code of conduct, ethical behavior, and vigil mechanism policy in a variety of ways. The Whistleblower Policy describes in full how to make disclosures, respond to concerns, and investigate fraudulent activities. Furthermore, it gives enough protection to employees who reveal such fraudulent or unlawful conduct. Refer Links below: Human Rights: https://gspcgroup.com/documents/pagecontent/Human_Rights.pdf Sexual Harassment: https://gspcgroup.com/documents/pagecontent/Sexual_Harassment.pdf Whistle Blower: https://gspcgroup.com/documents/pagecontent/Whistle_Blower_Policy.pdf														
9.	Do human rights requirements form part of your business agreements and contracts? (Yes/No) Yes, GSPL ensures through the general contract terms that the vendors are complying with Laws and regulations and ethical business practices. All the suppliers must comply with the laws & regulation applicable to them.														
10.	Assessments for the year: <table border="1"> <thead> <tr> <th></th><th>% of plants and offices that were assessed (by entity or statutory authorities or third parties)</th></tr> </thead> <tbody> <tr> <td>Child labour</td><td>100%</td></tr> <tr> <td>Forced/involuntary labour</td><td>100%</td></tr> <tr> <td>Sexual harassment</td><td>100%</td></tr> <tr> <td>Discrimination at workplace</td><td>100%</td></tr> <tr> <td>Wages</td><td>100%</td></tr> <tr> <td>Others – please specify</td><td>NA</td></tr> </tbody> </table>		% of plants and offices that were assessed (by entity or statutory authorities or third parties)	Child labour	100%	Forced/involuntary labour	100%	Sexual harassment	100%	Discrimination at workplace	100%	Wages	100%	Others – please specify	NA
	% of plants and offices that were assessed (by entity or statutory authorities or third parties)														
Child labour	100%														
Forced/involuntary labour	100%														
Sexual harassment	100%														
Discrimination at workplace	100%														
Wages	100%														
Others – please specify	NA														
11.	Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 10 above. The human rights assessment conducted in the FY24-25 did not reveal any substantial risks or concerns. GSPL has a mechanism in place to access the attribute mentioned at Question 10 above.														
	Leadership Indicators														
1.	Details of a business process being modified/introduced as a result of addressing human rights grievances/complaints. The Company has not received any human rights grievances or complaints. As a result, no business processes were altered or developed as a result of dealing with human rights grievances/complaints.														
2.	Details of the scope and coverage of any Human rights due-diligence conducted. The Company strictly complies with all labour laws and human rights regulations. The Company does not conduct any due diligence.														
3.	Is the premise/office of the entity accessible to differently abled visitors, as per the requirements of the Rights of Persons with Disabilities Act, 2016? In accordance with the Rights of People with Disabilities Act, 2016 basic infrastructure facility for accessibility to workplace are available at corporate office of the Company.														
4.	Details on assessment of value chain partners: The Company ensures compliance with applicable labour practice laws, including child labour and human rights issues, throughout its supply chain.														

		% of value chain partners (by value of business done with such partners) that were assessed	
	Sexual Harassment	-	
	Discrimination at workplace	-	
	Child Labour	-	
	Forced Labour/Involuntary Labour	-	
	Wages	-	
5.	Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 4 above. We experienced zero instances of human rights violations by our value chain partners, including but not limited to sexual harassment, workplace discrimination, child labour, forced labour, involuntary labour, pay, and other human rights, thus no such corrective action is undertaken.		
	PRINCIPLE 6: Businesses should respect and make efforts to protect and restore the environment		
	Essential Indicators		
1.	Details of total energy consumption (in Joules or multiples) and energy intensity, in the following format: (In Giga Joules)		
	Parameter	FY 2024-25 Current Financial Year	FY 2023-24 Previous Financial Year
	From renewable sources		
	Total electricity consumption (A)	-	-
	Total fuel consumption (B)	-	-
	Energy consumption through other sources (C)	-	-
	Total Energy consumed from renewable sources (A+B+C)	-	-
	From non- renewable sources		
	Total electricity consumption (D)	32,155.94	31,827.04
	Total fuel consumption (E)	30,308.85	1,53,967.34
	Energy consumption through other sources (F)	-	-
	Total energy consumption from non-renewable sources (D+E+F)	62,464.79	1,85,794.38
	Total energy consumed (A+B+C+D+E+F)	62,464.79	1,85,794.38
	Energy intensity per rupee of turnover (Total energy consumed/ Revenue from operations)	0.0000056235 GJ/₹	0.0000091455 GJ/₹
	Energy intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total energy consumed / Revenue from operations adjusted for PPP)	0.00011618 GJ/\$	0.00018492 GJ/\$
	Energy intensity in terms of physical output	5.66 GJ / MMSCM	16.65 GJ / MMSCM
	Energy intensity (optional) – the relevant metric may be selected by the entity	NA	NA
	Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. No such independent assessment / evaluation / assurance has been carried out by an external agency.		
2.	Does the entity have any sites / facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any. Not Applicable, as GSPL is not recognized as a Designated Consumer (DC) under PAT.		

3. Provide details of the following disclosures related to water, in the following format:					
Parameter		FY 2024-25 Current Financial Year	FY 2023-24 Previous Financial Year		
Water withdrawal by source (in kilolitres)					
(i) Surface water		-	-		
(ii) Ground water		15,456	12,727		
(iii) Third party water		23,366	22,207		
(iv) Seawater / desalinated water		-	-		
(v) Others		-	-		
Total volume of water withdrawal (in kilolitres) (i + ii + iii + iv + v)		38,822	34,934		
Total volume of water consumption (in kilolitres)		38,822	34,934		
Water intensity per rupee of turnover (Total Water consumption / Revenue from operations)		0.000003495 Kiloliter / ₹	0.000001719 Kiloliter / ₹		
Water intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total water consumption / Revenue from operations adjusted for PPP)		0.00007221 Kiloliter / \$	0.00003477 Kiloliter / \$		
Water intensity in terms of physical output		3.52 Kiloliter / MMSCM	3.13 Kiloliter / MMSCM		
Water intensity (optional) – the relevant metric may be selected by the entity		NA	NA		
'Increase in Water Consumption is due to new sapling plantation and one time activity of civil construction at base office / terminal.'					
Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.					
No such independent assessment/evaluation/assurance being carried out by an external agency.					
4. Provide the following details related to water discharged:					
Parameter		FY 2024-25 Current Financial Year	FY 2023-24 Previous Financial Year		
Water discharge by destination and level of treatment (in kiloliters)					
i) To Surface water		GSPL is a zero liquid discharge system as there is no water utilization in the process and no water or industrial effluent is discharged as a result of the Company's operations. Offices, only produce household wastewater, which is disposed of through the municipal or district sewer system, a soak pit or gardening. No treatment is necessary for discharge of household water consumed.			
- No treatment					
- With treatment – please specify level of treatment					
(ii) To Groundwater					
- No treatment					
- With treatment – please specify level of treatment					
(iii) To Seawater					
- No treatment					
- With treatment – please specify level of treatment					
(iv) Sent to third-parties					
- No treatment					
- With treatment – please specify level of treatment					
(v) Others					
- No treatment					
- With treatment – please specify level of treatment					
Total water discharged (in kilolitres)					
Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.					
No such independent assessment/evaluation/assurance being carried out by an external agency.					
5. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.					
There is no water consumption or water discharge during the operating process, GSPL Processes are Zero Liquid Discharge Systems. Soak Pits at terminals are only used to route out domestic waste water. GSPL adheres to guidelines of State Pollution Control Board and Central Pollution Control Board.					

6.	Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:			
	Parameter	Units	FY 2024-25 Current Financial Year	FY 2023-24 Previous Financial Year
	NOx	ppm	Less than 50 ppm in each case (DG set)	Less than 50 ppm in each case (DG set)
	SOx	ppm	Less than 100 ppm in each case (DG set)	Less than 100 ppm in each case (DG set)
	Particulate matter (PM)	mg/Nm3	Less than 150 mg/Nm3 in each case (DG set)	Less than 150 mg/Nm3 in each case (DG set)
	Persistent organic pollutants (POP)		NA	NA
	Volatile organic compounds (VOC)		NA	NA
	Hazardous air pollutants (HAP)		NA	NA
	Others – please specify		NA	NA
	The primary sources of air pollution are monitored through authorised laboratory/agencies as per the guidelines of the Central and respective State Pollution Control Boards.			
	Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.			
	No such independent assessment/evaluation/assurance being carried out by an external agency.			
7.	Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) & its intensity, in the following format:			
	Parameter	Units	FY 2024-25 Current Financial Year	FY 2023-24 Previous Financial Year
	Total Scope 1 emissions (Break-up of the GHG into CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, if available)	Metric tonnes of CO2 equivalent	1269.33	8200.20
	Total Scope 2 emissions (Break-up of the GHG into CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, if available)	Metric tonnes of CO2 equivalent	6493.71	6330.05
	Total Scope 1 and Scope 2 emission intensity per rupee of turnover (Total Scope 1 and Scope 2 GHG emissions / Revenue from operations)	Metric tonnes of CO2 equivalent / INR	0.0000006988	0.0000007152
	Total Scope 1 and Scope 2 emission intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total Scope 1 and Scope 2 GHG emissions / Revenue from operations adjusted for PPP)	Metric tonnes of CO2 equivalent / \$	0.00001444	0.00001446
	Total Scope 1 and Scope 2 emission intensity in terms of physical output	Metric tonnes of CO2 equivalent / MMSCM	0.70	1.30
	Total Scope 1 and Scope 2 emission intensity (optional) – the relevant metric may be selected by the entity	NA	NA	NA
	Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.			
	No such independent assessment/evaluation/assurance being carried out by an external agency.			
8.	Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide details.			
	Reduction of Natural Gas emission in Operational & Maintenance Activities:			
	Terminals of GSPL are provided with Gas leak monitoring device. At any unforeseen event of gas leakage, immediate mitigative action can be taken to isolate the leakage source.			
	GSPL strives to lower the emissions of natural gas from its operations, either as part of a planned release or because of an unexpected release.			
	Dial Before Dig Campaign			
	GSPL educates and influences stakeholders such as local municipal authorities, other utilities, their contractors, and their field staff (including heavy machinery like JCB, HDD operators, and so on) who undertake digging and horizontal directional drilling (HDD) activities as part of their laying or construction activity through this campaign. The campaign aims to raise awareness of the safety and environmental risks of natural gas release into the atmosphere as a result of damage to GSPL's natural gas pipeline network during digging and HDD operations. Third parties are urged to contact GSPL to confirm the location before beginning any digging / excavation / HDD activities to avoid causing damage to the natural gas pipeline network.			

9.	Provide details related to waste management by the entity, in the following format:		
	Parameter	FY 2024-25 (Current Financial Year)	FY 2023-24 (Previous Financial Year)
Total Waste generated (in metric tonnes)			
Plastic waste (A)		0.63	0.76
E Waste (B)		1.33	3.29
Bio medical waste (C)		-	-
Construction and Demolition Waste (D)		-	-
Battery Waste (E)		21	-
Radio-active waste (F)		-	-
Other Hazardous waste. Please specify, if any. (G)		-	-
Used Oil		2.38	2.307
Used Barrels		40 Nos. of Containers	40 Nos. of Containers
Other Non-hazardous waste generated (H). Please specify, if any. (Break-up by composition i.e. by materials relevant to the sector)		-	-
Metals		38	77
Total (A to H) (MT)		63.34	83.357
Waste intensity per rupee of turnover (Total waste generated / Revenue from operations)		0.0000000057 MT / ₹	0.0000000041 MT / ₹
Waste intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total waste generated / Revenue from operations adjusted for energy)		0.0000001178 MT / \$	0.000000083 MT / \$
Waste intensity in terms of physical output		0.005 MT / MMSCM	0.007 MT / MMSCM
Waste intensity (optional) – the relevant metric may be selected by the entity		NA	NA
For each category of waste generated, total waste recovered through recycling, re-using or other recovery operations (in metric tonnes)			
Parameter		FY 2024-25 Current Financial Year	FY 2023-24 Previous Financial Year
Category of waste			
(i) Recycled		-	-
(ii) Re-used		0.05 MT Used Oil	0.105 MT Used Oil
(iii) Other recovery operations		-	-
Total		0.05 MT Used Oil	0.105 MT Used Oil
For each category of waste generated, total waste disposed by nature of disposal method (in metric tonnes)			
Parameter		FY 2024-25 Current Financial Year	FY 2023-24 Previous Financial Year
Category of waste			
(i) Incineration		-	-
(ii) Landfilling		-	-
(iii) Other recovery operations		63.34	83.357
Total		63.34	83.357
Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. No such independent assessment/evaluation/assurance being carried out by an external agency.			
10.	Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes. Waste at the site is collected, segregated and then discarded as per The Hazardous and other Wastes (Management & Transboundary Movement) Rules, 2016. GSPL also has a Guideline for Waste Management in place. Waste generated in form of used batteries, electronic waste, used oil from equipment such as compressor at GSPL are sent to pollution control board approved vendors for either recycling or environment friendly disposal.		

11. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details in the following format:															
Sr.No.	Location of operations/offices	Type of operations	Whether the conditions of environmental approval / clearance are being complied with? (Y/N) If no, the reasons thereof and corrective action taken, if any.												
Not applicable, as none of the GSPL offices are situated in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones).															
12. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year:															
Name and brief details of project	EIA Notification No.	Date	Whether conducted by independent external agency (Yes/No)	Results communicated in public domain (Yes/No)	Relevant Web link										
NIL	NIL	NIL	NIL	NIL	NIL										
13. Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India; such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment protection act and rules thereunder (Y/N). If not, provide details of all such non-compliances, in the following format:															
Sr.No.	Specify the law / regulation / guidelines which was not complied with	Provide details of the non-compliance	Any fines / penalties / action taken by regulatory agencies such as pollution control boards or by courts	Corrective action taken, if any											
NIL	NIL	NIL	NIL	NIL											
Leadership Indicators															
1.	Water withdrawal, consumption and discharge in areas of water stress (in kilolitres): For each facility / plant located in areas of water stress, provide the following information: (i) Name of the area: Vadodara, Bhavnagar, Anjar, Ahmedabad & Gandhinagar are the areas (ii) Nature of operations: O&M Sites & Offices (iii) Water withdrawal, consumption and discharge in the following format:														
Parameter			FY 2024-25 Current Financial Year	FY 2023-24 Previous Financial Year											
Water withdrawal by source (in kilolitres)															
(i) Surface water			-	-											
(ii) Groundwater			1,052	1,058											
(iii) Third party water			10,977	10,519											
(iv) Seawater / desalinated water			-	-											
(v) Others			-	-											
Total volume of water withdrawal (in kilolitres)			12,029	11,577											
Total volume of water consumption (in kilolitres)			12,029	11,577											
Water intensity per rupee of turnover (Water consumed / turnover)			0.0000010829 Kilolitre/₹	0.0000005699 Kilolitre/₹											
Water intensity (optional) – the relevant metric may be selected by the entity			NA	NA											
Water discharge by destination and level of treatment (in kilolitres)			GSPL is a zero liquid discharge system since there is no water used throughout the process and no water or industrial effluent is discharged as a result of the operation. Offices and terminals only produce domestic wastewater, which is disposed of through the municipal or district sewer system, a soak pit. No treatment is necessary for discharge of such water consumed.												
(i) Into Surface water															
- No treatment															
- With treatment – please specify level of treatment															
(ii) Into Groundwater															
- No treatment															
- With treatment – please specify level of treatment															
(iii) Into Seawater															
- No treatment															
- With treatment – please specify level of treatment															
(iv) Sent to third-parties															
- No treatment															
- With treatment – please specify level of treatment															
(v) Others															
- No treatment															
- With treatment – please specify level of treatment															
Total water discharged (in kilolitres)															

	Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. No independent examination, evaluation, or assurance is necessary because GSPL has zero liquid discharge.																
2.	Please provide details of total Scope 3 emissions & its intensity, in the following format:																
	Parameter	Units	<table border="1"> <tr> <th>FY 2024-25 Current Financial Year</th> <th>FY 2023-24 Previous Financial Year</th> </tr> <tr> <td>Total Scope 3 emissions (Break-up of the GHG into CO₂, CH₄, N₂O, HFCs, PFCs, SF₆, NF₃, if available)</td> <td>Metric tonnes of CO₂ equivalent</td> <td>611.63</td> <td>622.66</td> </tr> <tr> <td>Total Scope 3 emissions per rupee of turnover</td> <td>Metric tonnes of CO₂ equivalent per rupees of turnover</td> <td>0.0000000551</td> <td>0.0000000306</td> </tr> <tr> <td>Total Scope 3 emission intensity (optional) – the relevant metric may be selected by the entity</td> <td>NA</td> <td>NA</td> <td>NA</td> </tr> </table>	FY 2024-25 Current Financial Year	FY 2023-24 Previous Financial Year	Total Scope 3 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent	611.63	622.66	Total Scope 3 emissions per rupee of turnover	Metric tonnes of CO ₂ equivalent per rupees of turnover	0.0000000551	0.0000000306	Total Scope 3 emission intensity (optional) – the relevant metric may be selected by the entity	NA	NA	NA
FY 2024-25 Current Financial Year	FY 2023-24 Previous Financial Year																
Total Scope 3 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent	611.63	622.66														
Total Scope 3 emissions per rupee of turnover	Metric tonnes of CO ₂ equivalent per rupees of turnover	0.0000000551	0.0000000306														
Total Scope 3 emission intensity (optional) – the relevant metric may be selected by the entity	NA	NA	NA														
	Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. No such independent assessment/evaluation/assurance being carried out by an external agency.																
3.	With respect to the ecologically sensitive areas reported at Question 11 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along-with prevention and remediation activities. As per Environment Impact Assessment, there are no Significant social or environment concerns arising due to activities of GSPL. There is no usage of material only transportation of natural gas through pipeline is being conducted.																
4.	If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format: <table border="1"> <tr> <th>Sr.No.</th> <th>Initiative undertaken</th> <th>Details of the initiative (Web-link, if any, may be provided along-with summary)</th> <th>Outcome of the initiative</th> </tr> <tr> <td colspan="4">No such initiative is taken during the year</td> </tr> </table>			Sr.No.	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along-with summary)	Outcome of the initiative	No such initiative is taken during the year									
Sr.No.	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along-with summary)	Outcome of the initiative														
No such initiative is taken during the year																	
5.	Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link. A third party appointed by the PNGRB evaluated the GSPL ERDMP. ERDMP is duly accredited by third party agency 'SEVA'. It has been certified in accordance with the specifications of PNGRB Notification GSR 39(E) and the amendments to the ERDMP Regulations from 2010 and 2020. According to the requirements of the regulations, several mock drills are undertaken. ERDMP proposes emergency response strategies that are in line with the best practices widely accepted around the world for managing a variety of predicted emergency scenarios at various points along the pipeline network.																
6.	Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation adaptation measures have been taken by the entity in this regard. No Significant Adverse Impact have been observed.																
7.	Percentage of value chain partners (by value of business done with such partners) that were assessed for environmental impacts. GSPL has established SOP on Contractor Performance Assessment. The objective is to monitor the performance of Contractors / Service providers in terms of compliance with all applicable GSPL policies, processes, standards, procedures, guidelines, and other Contractual obligations related to Project/task delivery & HSE.																
8.	How many green credits have been generated or procured: (a) By the listed entity - Nil (b) By the top ten (in terms of value of purchases and sales, respectively) value chain partners - Not applicable.																
	PRINCIPLE 7: Businesses, when engaging in influencing public and regulatory policy, should do so in a manner that is responsible and transparent																
	This principle states that it is an organization's responsibility to be honest and responsible when advocating for any public policy. As a government company, GSPL participates in public policy advocacy and ensures that its policy advocacy stances encourage fair competition, business growth, and human rights respect.																
	Essential Indicators																
1.	a. Number of affiliations with trade and industry chambers/ associations. No formal affiliation with trade and industry chambers/ associations. b. List the top 10 trade and industry chambers/ associations (determined based on the total members of such a body) the entity is a member of/ affiliated to.																

Sr.No.	Name of the trade and industry chambers/ associations	Reach of trade and industry chambers/ associations (State/National)			
Not applicable, as GSPL is not associated with any of trade & chambers association. Though as and when opportunity arises, senior management engages in various discussion with these associations and chambers through its programs/ conferences.					
2. Provide details of corrective action taken or underway on any issues related to anti-competitive conduct by the entity, based on adverse orders from regulatory authorities.					
Name of authority		Brief of the case		Corrective action taken	
There were no case of anti-competitive conduct involving the Company during the reporting period (2024-25). Hence, no corrective action taken or underway. In previous year (FY-25) also there were no such case.					
Leadership Indicators					
1. Details of public policy positions advocated by the entity					
GSPL and its Sr. Management actively participates and present its view in public consultation process carried out by the industry associations/regulatory authorities in relation to making of policies/regulations or any amendments thereto of which certain suggestions were in relation to achieving positive impact on environment, the public at large etc.					
Further as the gas transmission business of the Company is regulated by Petroleum and Natural Gas Regulatory Board (PNGRB), GSPL regularly meets the PNGRB/MOPNG etc. and conveys its viewpoint on various industry related issues. GSPL, while engaging in influencing public and regulatory policy, does so in a manner that is responsible and transparent.					
Sr.No.	Public policy advocated	Method resorted for such advocacy	Whether information available in public domain?	Frequency of Review by Board (Annually/ Half yearly/ Quarterly / Others – please specify)	Web Link, if available
	Details			Date of GSPL Letter	https://pngrb.gov.in/eng-web/public_notice.html
	PCD for draft Petroleum and Natural Gas Regulatory Board (Imbalance Management Services) Amendment Regulations			06.03.2025	
	Public Notice dated 14.02.2025 on GAIL’s proposal to lay Vijaipur – Bina spur line			17.03.2025	
	PCD for draft Petroleum and Natural Gas Regulatory Board (Levy of Fee and Other Charges) Amendment Regulations, 2025			19.02.2025	
	Suo-motu proposal for development of a Petroleum Product (ATF) pipeline from Kheda, Gujarat to ATF facility inside the Sardar Vallabhbhai Patel International Airport under Regulation 4 (2) read with Regulation 6 of PPPL Authorization Regulations.			06.01.2025	
	Public Notice on Dedicated pipeline for natural gas from ONGC’s Pundi Gas field, Thanjavur to Aravind Ceramics Ltd. plant in Saliyamangalam village			02.01.2025	
	Suo-motu proposal for development of Natural Gas pipeline from Ennore to Suryapet under Regulation 4(2) read with Regulation 6 of PNGRB NGPL Authorization Regulations.			02.01.2025	
	Public Notice regarding application for laying, building and operating a dedicated pipeline for natural gas from ONGC’s Padra well 149 and 93 in Gujarat and Kailash Energy Solution’s plant			21.08.2024	
	Public notice issued on introduction of term-ahead contract beyond a month in Gas Exchange			08.04.2024	

Sr.No.	Public policy advocated	Method resorted for such advocacy	Whether information available in public domain?	Frequency of Review by Board (Annually/ Half yearly/ Quarterly / Others – please specify)	Web Link, if available
	a) UFT: GSPL is a part of the Industry Committee and Settlement Committee formed by PNGRB for effective implementation of Unified Tariff in the country and has been regularly providing its inputs on the matter b) Conferences / High Level Committee meetings of PNGRB hosted by GSPL - Industry Committee meeting for discussing draft of Access Code Regulations at The Leela, Gandhinagar on 22nd - 24th August, 2024 2nd National Conclave on Natural Gas and Petroleum Product Infrastructure: Connecting Oil & Gas Markets at The Leela, Gandhinagar on 26-27th March, 2025 (hosted by GSPC Group with GSPL's active participation). - High Level Expert Committee on Vision 2040- Natural Gas Infrastructure in India (co-hosted by GSPL) held at ITC Narmada, Ahmedabad on 21st - 22nd June, 2024. c) Comments by GSPL on various reports commissioned by individual transporters & submitted to PNGRB - Review and Recommendations on Natural Gas Pipeline Authorization and Tariff Determination in India (ICF) - Committee Report on development of methodology for replacement capex and cost overruns (submitted on 28th March, 2025) d) Details of reports commissioned by GSPL & submitted to PNGRB - Report Submission by Transmission Operators on Policy Advocacy for Bid-Out Pipelines in India (by Deloitte) - Report Submission by Transmission Operators to PNGRB to enable gas-based economy by equitable sharing of volumetric increase for Cost plus pipelines in India (by Deloitte).				

**PRINCIPLE 8: Businesses should promote inclusive growth and equitable development**

This principle urges businesses to focus their efforts on the well-being of disadvantaged, vulnerable, and marginalized communities. GSPL seeks to resolve the imbalance caused by unequal distribution of economic resources in society as a result of fast globalisation and technological innovation, which contributes to economic and social instability.

Essential Indicators**1. Details of Social Impact Assessments (SIA) of projects undertaken by the entity based on applicable laws, in the current financial year.**

Name and brief details of project	SIA Notification No.	Date of notification	Whether conducted by independent external agency (Yes / No)	Results communicated in public domain (Yes/No)	Relevant Web link

GSPL did not undertake SIA (Social Impact Assessment) in the current financial year as it was not mandated by the law. However, the Company has implemented CSR activities and undertaken Impact Assessment of CSR Projects, information about which is included in the board report and which you can view by visiting the link below.

<https://gspcgroup.com/GSPL/csr>

2. Provide information on project(s) for which ongoing Rehabilitation and Resettlement (R&R) is being undertaken by your entity, in the following for

Sr.No.	Name of Project for which R&R is ongoing	State	District	No. of Project Affected Families (PAFs)	% of PAFs covered by R&R	Amounts paid to PAFs in the FY (In INR)

GSPL is acquiring Right of Use (RoU) on land on temporary basis only and thus not changing any land use pattern. Pipeline laying activities in particular land area will be limited to only few days and the soil will be reinstated near to its original condition after laying of pipeline hence the effected landowners can resume their cultivation activities as before. So, the project impact is temporary in nature and reversible. In addition to that, pipeline alignment is planned away from any village or settlement thus Rehabilitation and Resettlement issues does not arise.

3. Describe the mechanisms to receive and redress grievances of the community.

There is no such grievances received from the community, however if any individual raises the grievance or concern regarding any land/compensation issue then in such cases, grievance or concern is looked upon by the independent body appointed by the State govt., referred as "Competent Authority". Competent Authority redress the grievance received (if any) as per Act & Law.

If a person expresses a complaint or concern about a land or compensation issue, the complaint or concern is then reviewed by the competent authority i.e., an independent body that has been nominated by the state government. The competent authority resolves the complaint (if any) in accordance with the law and the Act.

Consumers are offered a multichannel experience for submitting complaints through Government portals such as Integrated Grievance Redressal Mechanism (INGRAM), Centralized Public Grievance Redress and Monitoring System (CPGRAM), State Wide Attention on Grievances through Application of Technology (SWAGAT).

4. Percentage of input material (inputs to total inputs by value) sourced from suppliers:

	FY 2024-25 Current Financial Year	FY 2023-24 Previous Financial Year
Directly sourced from MSMEs/ small producers	26.52 %	10.82 %
Directly from within India	99.98 %	99.92 %

5. Job creation in smaller towns – Disclose wages paid to persons employed (including employees or workers employed on a permanent or non – permanent / on contract basis) in the following locations, as % of total wage cost

Location	FY 2024-25 Current Financial Year	FY 2023-24 Previous Financial Year
Rural	0	0
Semi-urban	9	9
Urban	91	91
Metropolitan	0	0

(Place to be categorized as per RBI Classification System - rural / semi-urban / urban / metropolitan)

Leadership Indicators				
1.	Provide details of actions taken to mitigate any negative social impacts identified in the Social Impact Assessments (Reference: Question 1 of Essential Indicators above):			
Details of negative social impact identified		Corrective action taken		
The pipeline route will not have any negative impact in this area, it is 1 to 1.2 meter underground buried pipeline. Instead the proposed activities would enhance employment opportunities through contractors for the local people during construction phase. The project will provide cleaner fuel stock for the industries in region, and is environment friendly fuel. After Pipeline laying activities, soil will be restored near to its original condition. In addition, Natural gas has sustainable environmental advantages over other energy sources due to lower emissions. As mentioned in Essential Indicator Q1, Social Impact Assessment is not undertaken by GSPL, and no such concerns are raised by the community through the means available to them to report their concerns caused due to any CSR activities initiated by the company.				
2.	Provide the following information on CSR projects undertaken by your entity in designated aspirational districts as identified by government bodies:			
Sr.No.	State	Aspirational District	Amount Spent (in Rs)	
No projects are undertaken in the designated aspirational districts during the reporting years. However, CSR Project was identified in one of the aspirational district i.e. Narmada.				
3.	(a) Do you have a preferential procurement policy where you give preference to purchase from suppliers comprising marginalized /vulnerable groups? (Yes/No). GSPL decides the vendors based on their internal evaluation in accordance with the standard e-tender terms and conditions, no such preference is given to any suppliers.			
	(b) From which marginalized /vulnerable groups do you procure? GSPL purchases items in accordance with its policies for selecting vendors.			
	(c) What percentage of total procurement (by value) does it constitute? Not Applicable, as stated in 3(a) and 3(b) above.			
4.	Details of the benefits derived and shared from the intellectual properties owned or acquired by your entity (in the current financial year), based on traditional knowledge:			
Sr.No.	Intellectual Property based on traditional Knowledge	Owned/ Acquired (Yes/No)	Benefit shared (Yes/ No)	Basis of calculating benefit share
The company does not hold any intellectual property.				
5.	Details of corrective actions taken or underway, based on any adverse order in intellectual property related disputes wherein usage of traditional knowledge is involved.			
Name of authority		Brief of the case	Corrective action taken	
Not Applicable as GSPL has not obtained or acquired any intellectual property rights.				
6.	Details of beneficiaries of CSR Projects:			
Sr.No.	CSR Project	No. of persons benefited from CSR Projects	% of beneficiaries from vulnerable and marginalized groups	
1.	Development of Saksham Anganwadi in Gujarat. (Socio Economical Transformation and Upliftment Society (SETU), Gandhinagar.	-	-	
Disclaimer : Project listed above was approved in FY 2023-24 and it is under progress.				

PRINCIPLE 9: Businesses should engage with and provide value to their consumers in a responsible manner																																																																				
This Principle refers to the idea that the fundamental goal of an organization is to attract the customers by supplying high-quality services to customers and keeping them satisfied.																																																																				
GSPL is aware of its commitment to meet the needs of customers through providing services that are of the highest quality. The GSPL has a mechanism in place for engaging with clients / customers so they can raise their problems or provide recommendations.																																																																				
Essential Indicators																																																																				
1.	Describe the mechanisms in place to receive and respond to consumer complaints and feedback. GSPL Customers and Community of Gujarat State Petronet Limited (GSPL) can register their complaints or log their feedback and suggestions with respect to services provided by GSPL in its areas of operations using various modes of communication. Response and resolution to the same is provided in accordance with SoPs/ Guidelines established by the company. The weblink is provided below. https://gspcgroup.com/documents/pagecontent/Customer_Care_and_Consumer_Grievance_Mechanism.pdf																																																																			
2.	Turnover of products and/ services as a percentage of turnover from all products/service that carry information about: <table><tr><td></td><td colspan="2">As a percentage to total turnover</td></tr><tr><td>Environmental and social parameters relevant to the product</td><td colspan="2">NA</td></tr><tr><td>Safe and responsible usage</td><td colspan="2">NA</td></tr><tr><td>Recycling and/or safe disposal</td><td colspan="2">NA</td></tr></table> GSPL deals primarily with Natural gas transportation through pipelines, hence product information & labelling is not applicable to its service portfolio. However, GSPL complies with all laws applicable to product (gas) transmission as stipulated by Petroleum & Natural Gas Regulatory Board (PNGRB). GSPL educates its customers on environmental parameters and for safe and responsible usage of gas. Information related to Environmental impact, safe and responsible usage of service [in our case, product i.e. Natural Gas for which transportation services are provided] is displayed on GSPL's Natural Gas Pipeline network/facilities. This information is in line with international & national regulations/ guidelines (ASME, OISD, PNGRB etc.). Hence the turnover percentage is hundred percent.							As a percentage to total turnover		Environmental and social parameters relevant to the product	NA		Safe and responsible usage	NA		Recycling and/or safe disposal	NA																																																			
	As a percentage to total turnover																																																																			
Environmental and social parameters relevant to the product	NA																																																																			
Safe and responsible usage	NA																																																																			
Recycling and/or safe disposal	NA																																																																			
3.	Number of consumer complaints in respect of the following: <table><tr><td rowspan="2"></td><td colspan="3">FY 2024-25 Current Financial Year</td><td colspan="3">FY 2023-24 Previous Financial Year</td></tr><tr><td>Received during the year</td><td>Pending resolution at end of year</td><td>Remarks</td><td>Received during the year</td><td>Pending resolution at end of year</td><td>Remarks</td></tr><tr><td>Data privacy</td><td>NIL</td><td>NIL</td><td>NA</td><td>NIL</td><td>NIL</td><td>NA</td></tr><tr><td>Advertising</td><td>NIL</td><td>NIL</td><td>NA</td><td>NIL</td><td>NIL</td><td>NA</td></tr><tr><td>Cyber-security</td><td>NIL</td><td>NIL</td><td>NA</td><td>NIL</td><td>NIL</td><td>NA</td></tr><tr><td>Delivery of essential services</td><td>NIL</td><td>NIL</td><td>NA</td><td>NIL</td><td>NIL</td><td>NA</td></tr><tr><td>Restrictive Trade Practices</td><td>NIL</td><td>NIL</td><td>NA</td><td>NIL</td><td>NIL</td><td>NA</td></tr><tr><td>Unfair Trade Practices</td><td>NIL</td><td>NIL</td><td>NA</td><td>NIL</td><td>NIL</td><td>NA</td></tr><tr><td>Other (Consumer Complaints)</td><td>13</td><td>NIL</td><td>NA</td><td>16</td><td>NIL</td><td>NA</td></tr></table> Operational/Technical complaints are recorded manually in the complaint book (Log book) of Master Control Room. Sixteen Complaint in other category was filed and timely resolved in FY 2023-24. In FY 2024-25, Thirteen (13) complaints have been received and timely resolved. 4.	Details of instances of product recalls on account of safety issues:		
		Number	Reasons for recall
	Voluntary recalls	Natural Gas is transmitted by GSPL via pipelines; the gas is either used by the end customer or remains in the pipeline until it is consumed. Owing to nature of the commodity i.e. natural gas it is not possible to recall the product.	
	Forced recalls		
5.	Does the entity have a framework/ policy on cyber security and risks related to data privacy? (Yes/No) If available, provide a web-link of the policy.		
	Yes, an information security policy has been put into place for providing assistance in managing the information security of the data that is shared with GSPL network. It specifies the suitable steps the Company will take to enable a secure and dependable flow of information, both internally and externally.		
	Refer Link:		
	Data Privacy and Cyber Security Policy:		
	https://gspcgroup.com/documents/pagecontent/Data_Privacy_and_Cyber_Security_Policy.pdf		
6.	Provide details of any corrective actions taken or underway on issues relating to advertising, and delivery of essential services; cyber security and data privacy of customers; re-occurrence of instances of product recalls; penalty / action taken by regulatory authorities on safety of products / services.		
	In order to ensure the delivery of essential services, GSPL conducted its business activities responsibly. Throughout the year, no non-compliance regarding product safety was observed. In order to prevent the risk of cyberattacks, data breaches, and other digital threats, GSPL kept an emphasis on cyber security & data privacy of consumers.		
7.	Provide the following information relating to data breaches:		
	a. Number of instances of data breaches		
	The company has not recorded any known incidents of security that caused data breaches affecting interest of any of the stakeholders. Robust information security and data privacy policies are in place. At every level of business operations, GSPL considers concerns regarding data security.		
	b. Percentage of data breaches involving personally identifiable information of customers		
	GSPL manages customers personal information with the utmost security and care and ensures that data is used only for legitimate business purpose and No such instances of data breach are identified during the year.		
	c. Impact, if any, of the data breaches		
	No data breach for the current year.		

Leadership Indicators	
1.	Channels / platforms where information on products and services of the entity can be accessed (provide web link, if available). GSPL's Corporate Website: https://gspcgroup.com/GSPL
2.	Steps taken to inform and educate consumers about safe and responsible usage of products and/or services. GSPL is into the business of natural gas transmission through pipelines. The pipeline grid has been designed as per the highest international standards which are complying with the safety requirements. The Company has deployed new technologies which are in line with Pipeline Integrity Management Systems. Since the Company's products are directly supplied through its transmission network to the aforementioned customers, who either distribute the products to other customers or use them themselves, GSPL has limited possibilities to inform and educate the end user about the safe and responsible usage of its products. The Contract with customers has specific Information with regards to safe & responsible usage of products. Customers are educated by GSPL on how to use natural gas safely and responsibly at the time of commissioning of the project. Information about environmental effect, safe, and responsible service use is displayed on the GSPL Natural Gas Pipeline network and facilities.
3.	Mechanisms in place to inform consumers of any risk of disruption/discontinuation of essential services. The contract with customers contains clauses which abide GSPL to intimate the customers in advance in case of any interruptions/disruption or discontinuations of the services. The Company also has an Emergency Response and Disaster Management Plan (ERDMP) in place to deal with emergencies that could disrupt or stop providing key services, such as natural gas transmission. The Company's ERDMP is in line with PNGRB (Petroleum & Natural Gas Regulatory Board)) Regulations which are specifically laid down for, inter alia, - The identification of emergencies - The mitigating measures that aim to lessen and eliminate the risk of disaster; - The preparedness that to develop plans for actions when disaster or emergencies occur. - The responses that mobilize the necessary emergency services including responders (primary, secondary and tertiary) like fire service, police service, medical service including ambulance, government as well as non-governmental agencies. - The post-disaster recovery with aim to restore the affected area to its original conditions. The Quarterly incident reports is submitted to PNGRB on regular basis.
4.	Does the entity display product information on the product over and above what is mandated as per local laws? (Yes/No/Not Applicable) If yes, provide details in brief. Did your entity carry out any survey with regard to consumer satisfaction relating to the major products / services of the entity, significant locations of operation of the entity or the entity as a whole? (Yes/No) Yes, the company carries out survey related to consumer satisfaction & the same is reiterated below: - ▶ GSPL promises to its stakeholders and business associates for a sustainable business approach and in this regard, it has developed a "Responsible Business Policy" which is shared to all our stakeholders and business associates. This document mentions about a Feedback mechanism for customers with a stringent process in case of any grievance. The weblink is herewith: https://gspcgroup.com/documents/pagecontent/Policy_on_Responsible_Busines_GSPL.pdf ▶ GSPL has a Standard Operating Procedure (SOP) on handling customer complaints. Customers evaluate performance of GSPL on various parameters on annual basis. Customer can also give any suggestion / recommendation / complaints related to any matters within or outside the survey parameters. Customer views are reviewed internally and further action is implemented. ▶ GSPL cares for its customers and always takes feedback from them to improve its services and systems. The Company provides its customers with feedback form to assess customer satisfaction on technical and operational aspects.

ANNEXURE - VIII

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

[Section 134(3)(m) of the Companies Act, 2013 read with Rule 8(3) of The Companies (Accounts) Rules, 2014]

Conservation of Energy

- i. The Company has taken following initiatives for Conservation of Energy, utilizing source of energy:
 - a. As a continuous effort for environment protection, Company had initiated a drive to start paperless communication with all customers, in lieu of the same, the Company has initiated web-based communication for daily gas business with all its customers and suppliers. A software has connected all GSPL Suppliers and customer to Master Control Room for carrying out daily gas business communication on web portal, it has also enabled customers to send their gas nominations to GSPL and receive daily gas allocations through this software.
Due to this application, GSPL has moved to paperless and error free communication with all its customers.
 - b. As a continuous effort to improve business processes, Company has even installed:
 - 1) Software for e-invoicing which allows directly uploading the invoice on GST portal and IRN / QR are reflected on the invoices.
 - 2) Software for capturing new customer inquiries which helps in (a) Capturing information of potential customers (b) Tracking status of discussions/progress vis-à-vis last visit details (c) providing information to the customer on the status of their request. The software includes an interactive dashboard which reflects the information and status of inquiries received.
 - 3) Further, the Company also went paperless with invoicing process by implementing digital signing.
 - c. All critical documentation is digitized.
 - d. Solar based lighting system is installed in tap off's of GSPL pipeline.
 - e. Implemented rain water harvesting at few terminals of Gas grid.
In addition to this GSPL has installed and commissioned total 35 Nos. of Wind Mills with total capacity of 52.5 MW at Adodar & Gorsar, Porbandar and Maliya Miyana, Rajkot in the year 2011. GSPL has invested approx ₹320 Crore for installation of Wind Mill.

Technology Absorption

- i) GSPL has implemented Acritical Intelligence (AI) enabled Pipeline Intrusion Detection System for 325 kms. of Pipeline section for real-time detection and monitoring of any kind of excavation activities occurring alongside of buried pipelines within RoU.
- ii) GSPL has implemented Metering Data Monitoring System for real-time acquisition of all customer gas measurement data at Master Control Room.
This system is implemented specifically for acquiring data of such customer that are not connected directly to GSPL SCADA network. By implementing this system GSPL is able to carry out fast and accurate billing to customers and improved customer satisfaction.
- iii) GSPL has successfully upgraded its telecommunication network to hybrid MPLS-TP with ring architecture an implemented IP camera surveillance system with edge analytical and AI featured cameras to detect and act on any eventuality within gas terminals.
- iv) GSPL has facilitated accessibly of seamless digital services for site users at all remote terminals across gas grid, improving work efficiencies.
- v) The Company has not imported any technology. However, the Company has engaged consultants/ of international repute to make available latest technology for project implementation and Operations & Maintenance.

The expenditure incurred on Research and Development – NIL

Foreign Exchange Earnings & Outgo

The Company has Foreign Exchange Outgo to the extent of ₹ 30.43 Lacs during the year. Foreign Exchange Earnings during the year were Nil.

ANNEXURE – IX GSPL Gas Grid Map

ANNEXURE – X

Cross Country Natural Gas Transmission Pipelines being implemented by GIGL / GITL

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6)(b) OF THE COMPANIES ACT, 2013 ON THE STANDALONE FINANCIAL STATEMENTS OF GUJARAT STATE PETRONET LIMITED FOR THE YEAR ENDED 31st MARCH, 2025.

The preparation of Standalone Financial Statements of Gujarat State Petronet Limited for the year ended 31st March, 2025 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 (Act) is the responsibility of the Management of the Company. The Statutory Auditors appointed by the Comptroller and Auditor General of India under Section 139 (5) of the Act are responsible for expressing opinion on the financial statements under Section 143 of the Act based on independent audit in accordance with the standards on auditing prescribed under Section 143 (10) of the Act. This is stated to have been done by them vide their Audit Report dated 22nd May, 2025.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit of the Standalone Financial Statements of Gujarat State Petronet Limited for the year ended 31st March, 2025 under Section 143 (6)(a) of the Act. This supplementary audit has been carried out independently without access to the working papers of the Statutory Auditors and is limited primarily to inquiries of the Statutory Auditors and Company personnel and a selective examination of some of the accounting records.

On the basis of my supplementary audit nothing significant has come to my knowledge which would give rise to any comment upon or supplement to Statutory Auditors' report under Section 143 (6)(b) of the Act.

**For and on behalf of the
Comptroller and Auditor General of India**

(Deepak Kapoor)

Pr. Accountant General (Audit-II), Gujarat

Place: Ahmedabad

Date: 08th August, 2025

INDEPENDENT AUDITOR'S REPORT

To,

THE MEMBERS

GUJARAT STATE PETRONET LIMITED

Report on the Audit of Standalone Ind AS Financial Statements

Opinion

We have audited the accompanying Standalone IND AS Financial Statements of **M/s GUJARAT STATE PETRONET LIMITED** ('The Company'), which comprises the Balance Sheet as at 31st March, 2025, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and Statement of Cash Flows for the year then ended on that date and notes to financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as "the Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, ("IND AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2025 and its **profit**, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing ("SA's") specified under section 143 (10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial

Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

Emphasis of Matter

- We draw attention to Note Number 32 of the Standalone Financial Statements which describe the following matters:

In a separate matter, contractual dispute under arbitration between the company and contractors amounting **₹ 14,096.03 Lacs (Previous Year ₹ 13,264.00 Lacs)** in which the Arbitration Tribunal has made judgement in favour of contractor. However, the company has filed the application under Section 34 of the Arbitration and Conciliation Act, 1996 against contractor before the Hon'ble High Court of Gujarat for setting aside the Arbitral Award, disposal of matter is pending.

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1.	Contingent Liabilities Contingent liabilities are for ongoing litigation and claims with various authorities and third parties. These relate to direct tax, indirect tax, claims and legal proceeding by other parties. Contingent liabilities are considered as key audit matters as the amount involved is significant and it also involves significant management judgment to determine possible outcome and future cash outflows of these disputes. Refer Note number 32.	Principal audit procedure: - Obtained details of disputed claims as on 31st March, 2025 from the management. - Discussed with the management about significant judgment considered in determining possible outcome and future cash outflows of these disputes. - Verified relevant documents related to disputes. - Evaluated the appropriateness of accounting policies, related disclosures made and overall presentation in the Standalone Financial Statements in terms of IND AS 37.

Information Other Than The Financial Statements And Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility, Corporate Governance and Shareholder's Information, but does not include the Consolidated Financial Statements and our auditor's report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibility Of Management And Those Charged With Governance For The Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134 (5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including IND AS specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management and Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditors Responsibilities For The Audit Of The Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143 (3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to Standalone Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure - A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of accounts.
 - d) In our opinion, the aforesaid Standalone Financial Statements comply with the IND AS specified under Section 133 of the Act.
 - e) As the company is a Government Company, in terms of notification no. G.S.R. 463 (E) dated 5th June 2015, issued by the Ministry of Corporate Affairs, the sub-section (2) of section 164 of the Act is not applicable to the company.
 - f) With respect to the adequacy of the internal financial controls with reference to Standalone Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure - B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Standalone Financial Statements.
 - g) As the company is a Government Company, in terms of notification no. G.S.R. 463(E) dated 5th June 2015, issued by the Ministry of Corporate Affairs, the sub-section (16) of section 197 of the Act is not applicable to the company.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements. Refer Note Number 32 to the financial statements.
 - ii. The Company has made provision, as required under the applicable law or Indian Accounting Standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person or entity, including foreign entity ("Intermediaries"), which the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - v) (a) The final dividend proposed in the previous year, declared and paid by the Company during the year in accordance with Section 123 of the Act, as applicable.
 - (b) The Board of Directors of the Company have proposed a final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with Section 123 of the Act, as applicable. Please refer to the Note Number 34 to the Standalone Financial Statements.
 - vi) Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the financial year ended 31st March 2025 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with.
3. In terms of section 143 (5) of the Act, we give our report in "Annexure - C" by taking into consideration the information, explanations and written representations received from the management on the matters specified in the directions and sub-directions issued under the aforesaid section by the Comptroller and Auditor General of India..

**“ANNEXURE A” TO THE INDEPENDENT AUDITOR’S REPORT**

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

I. In respect of the Company’s Property, Plant and Equipment, Right-of-Use assets and Intangible Assets:

- (a) (i) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant & Equipment and relevant details of Right-of-Use assets.
- (ii) The Company has maintained proper records showing full particulars of intangible assets.
- (b) The Company has a procedure of physical verification of Property, Plant and Equipment and Right-of-Use assets so to cover all the assets once every three years which, in our opinion, is reasonable having regard to the size of the company and nature of its assets.

According to the information and explanations given to us, no material discrepancies were noticed on such verification.

- (c) Based on our examination of the property tax receipts and lease agreement for land, registered sale deed/ transfer deed/ conveyance deed provided to us, we report that, the title in respect of self constructed buildings and title deeds of all other immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee), disclosed in the financial statements under Property, Plant & Equipment are held in the name of the Company as at the Balance Sheet date.
 - (d) The Company has not revalued any of its Property, Plant & Equipments (including right-of-use assets) and intangible assets during the year.
 - (e) No proceedings have been initiated during the year or are pending against the Company as at 31st March, 2025 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made there under.
- II. (a) As informed to us, physical verification of inventory has been conducted at reasonable intervals by the management. We have been explained that the stock of Gas at the end of the year has been taken with reference to reading of Turbine flow meter/ Gas Chromatograph / Gas measurement system installed at Terminals.

As explained to us, no material discrepancies were noticed on physical verification of inventories as compared to the book records.

- (c) The Company has not been sanctioned working capital limits in excess of ₹ 5 crores, in aggregate, at any points of time during the year, from the banks or financial institutions on the basis of security of current assets and hence reporting under clause 3 (ii) (b) of the order is not applicable.
- III. (a) The Company has made investments in companies. No investments or guarantee or security has been provided to other firms or Limited Liability Partnerships. The company has granted unsecured loans to other parties, i.e., employees for ₹ 72.00 Lacs and balance outstanding as at Balance Sheet date is ₹ 617.02 Lacs.
- (b) In our opinion, the investments made and terms and conditions of the grant of loans, during the year are, prima facie, not prejudicial to the Company’s interest.
 - (c) In respect of loans granted by the company, the schedule of repayment of principal and payment of interest has been stipulated and the repayments of principal amounts and receipts of interest are generally been regular as per stipulation.
 - (d) In respect of loans granted by the company, there is no overdue amount remaining outstanding as at Balance Sheet date as confirmed by the management.
 - (e) No loan granted by the company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties.
 - (f) The Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year. Hence, reporting under clause 3 (iii) (f) is not applicable.
- IV. According to information and explanation given to us, company has not given any loan, investment, guarantee or security to any person attracting compliance of Section 185/186 of Companies Act, 2013.

V. In our opinion and according to the information and explanations given to us, the company has not accepted any deposits from the public during the year. Therefore, the directives issued by the Reserve Bank of India and the provisions of sections 73 to 76 or any other relevant provisions of the Act and the Companies (Acceptance of Deposit) Rules, 2015 with regard to the deposits accepted from the public are not applicable.

VI. As per information & explanation provided by the management, maintenance of cost records has been prescribed by the Central Government under sub-section (1) of section 148 of the Act and we are of the opinion that prima facie the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the records with a view to determine whether they are accurate and complete.

VII. In respect of statutory dues:

a) In our opinion, the Company has generally been regular in depositing undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues applicable to it with the appropriate authorities.

There were no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues in arrears as at 31st March, 2025 for a period of more than six months from the date they became payable.

b) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on 31st March, 2025 on account of disputes are mentioned below:

Nature of Statute	Nature of Dues	Period to which the amount relates	Forum where the dispute is pending	Disputed Tax Amount (₹ in Lacs)	Amount deposited under protest / adjusted (₹ in Lacs)	Amount not deposited (₹ in Lacs)
The Income Tax Act, 1961	Reduction of MAT Credit	2012-13	ITAT	234.61	93.38	141.23
The Income Tax Act, 1961	Disallowance in Assessment proceeding	2016-17	ITAT	421.91	421.91	0.00
The Income Tax Act, 1961	Disallowance in Assessment proceeding	2017-18 2018-19	CIT(A)	531.52	531.52	0.00
The Finance Act, 1994	Denial of Cenvat Credit	2005-08, 2008-09 & 2010-11	GUJARAT HIGH COURT	19,835.32	4,685.29	15,150.03
	Denial of Cenvat Credit	2009-10 2010-11 2011-12 2012-13	CESTAT	11,668.25	2,200.10	9468.15
	Denial of Cenvat Credit	2011-12 2013-14 2014-15 2015-16 2016-17 2017-18	COMMISSIONER/ ASST. COMMISSIONER	3,920.03	0.00	3,920.03

- VIII. There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- IX. (a) Based on our audit procedures and according to the information and explanations given to us, the company has not defaulted in repayment of loans or borrowing to financial institution, bank, Government or dues to debenture holders. There were no debenture holders at any time during the year.
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) Based on our audit procedures and according to the information and explanations given to us, the company has not applied for the term loans during the year. Hence, reporting under clause 3(ix)(c) is not applicable.
- (d) On an overall examination of the financial statements the company has not taken any short-term loan. Hence, reporting under clause 3(ix)(d) is not applicable.
- (e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, joint ventures or associate companies. Hence, reporting under clause 3(ix)(e) is not applicable.
- (f) The company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies. Hence, reporting under clause 3 (ix) (f) is not applicable.
- X. (a) The Company has not raised moneys by way of initial public offer or further public offer (including debts instruments) during the year.
- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x) (b) of the order is not applicable.
- XI. (a) No fraud by the company and on the company has been noticed or reported during the year as per information received by us.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to date of this report.
- (c) As represented to us by the management, there were no whistle blower complaints received by the company during the year.
- XII. The company is not a Nidhi Company. Therefore, the provisions of Clause 3 (xii) of the Order are not applicable to the company.
- XIII. In our opinion, the company is in compliance with Section 177 and 188 of Companies Act, 2013 with respect to applicable transactions with the related parties and the details of such transactions have been disclosed in the Standalone Financial Statements, as required by applicable accounting standards.
- XIV. (a) In our opinion, the Company has an adequate internal audit system commensurate with the size and nature of its business.
- (b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- XV. In our opinion and according to the information and explanations given to us, the company has not entered in to any non-cash transactions with its directors or persons connected with them. Accordingly, the paragraph 3(xv) of the Order is not applicable.
- XVI. The company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934 and hence, reporting under clause 3(xvi)(a)(b)(c) and (d) of the Order are not applicable to the Company.
- XVII. The company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- XVIII. There has been no resignation of the statutory auditors of the company during the year.
- XIX. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- XX. (a) There are no unspent amounts towards Corporate Social Responsibility ("CSR") on other than on-going projects requiring a transfer to a Fund specified in Schedule VII to the Companies Act, 2013 in compliance with second proviso to sub-section (5) of Section 135 of the said Act. Accordingly, reporting under clause 3 (xx) (a) of the order is not applicable for the year.
- (b) In respect of ongoing projects, the Company has transferred unspent Corporate Social Responsibility (CSR) amount as at the end of the previous financial year, to a Special account within a period of 30 days from the end of the said financial year in compliance with the provision of section 135 (6) of the Act.

“ANNEXURE B” TO THE INDEPENDENT AUDITOR’S REPORT

Report on the Internal Financial Controls with reference to Standalone Financial Statements under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 (‘the Act’)

We have audited the internal financial controls with reference to Standalone Financial Statements of **M/s GUJARAT STATE PETRONET LIMITED** (‘the Company’) as of 31st March, 2025 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management’s Responsibility For Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls with reference to Standalone Financial Statements based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to Standalone Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the ‘Guidance Note’) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors’ judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls with reference to Standalone Financial Statements

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control with reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to Standalone Financial Statements includes those policies and procedures that:

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of the Management and directors of the Company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to Standalone Financial Statements and such internal financial controls with reference to Standalone Financial Statements were operating effectively as at 31st March, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

“ANNEXURE C” TO THE INDEPENDENT AUDITOR’S REPORT

REPORT ON THE DIRECTIONS/ SUB-DIRECTIONS ISSUED BY COMPTROLLER AND AUDITOR GENERAL OF INDIA

Based on the audit procedures performed and taking into consideration the information, explanations and written representations given to us by the management in the normal course of audit, we report to the best of our knowledge and belief that:

GENERAL DIRECTIONS UNDER SECTION 143 (5) OF THE COMPANIES ACT, 2013		
Sr. No.	Directions issued by Comptroller and Auditor General of India	Response
1.	Whether the company has system in place to process all the accounting transactions through IT system? If No, the implications of processing of accounting transactions outside IT system on the integrity of the accounts along with the financial implications, if any, may be stated.	The Company maintains its books of accounts and processes all accounting transactions in SAP, which is an ERP system.
2.	Whether there is any restructuring of an existing loan or cases of waiver/write-off of debts/loans/interest etc. made by a lender to the company due to the company's inability to repay the loan? If yes, the financial impact may be stated. Whether such cases are properly accounted for? (In case, lender is Government company, then this direction is also applicable for the statutory auditor of lender company.)	On the basis of our audit and as per information and explanations given to us, there are no cases of restructuring of any existing loan or any waiver/write-off of debts/loans/interest during the year.
3.	Whether funds (grants/subsidy etc.) received/receivable for specific schemes from Central/State Government or its agencies were properly accounted for/ utilized as per its terms and conditions? List the cases of deviation.	It is conveyed to us that no funds (grants/subsidy etc.) have been received or receivable from Central/State Government or its agencies; hence not applicable.
SECTOR SPECIFIC SUB-DIRECTIONS UNDER SECTION 143 (5) OF THE COMPANIES ACT, 2013		
Infrastructure Sector – General		
Sr. No.	Sub-directions issued by Comptroller and Auditor General of India	Response
1.	Whether the Company has taken adequate measures to prevent encroachment of idle land owned by it. Whether any land of the Company is encroached under litigation not put to use or declared surplus? Details may be provided.	As per information and explanation provided to us, the Company has taken adequate measures to prevent any encroachment of idle land. There is no encroachment on the land owned by the company under litigation.
2.	Whether the system in vogue for identification of projects to be taken up under Public Private Partnership is in line with the guidelines/ policies of the Government? Comment on deviation if any?	In our opinion and according to the information and explanations given to us, the Company does not have any project to be taken up under Public Private Partnership.
3.	Whether system for monitoring the execution of works vis-à-vis the milestones stipulated in the agreement is in existence and the impact of cost escalation, if any, revenue / losses from contracts, etc., have been properly accounted for in the books.	Based on our audit procedures and according to the information and explanations given to us, system for monitoring the execution of works vis-à-vis the milestones stipulated in the agreement is in existence and the impact of cost escalation, if any, revenue/ losses from contracts, etc., have been properly accounted for in the books of accounts.
4.	Whether funds received / receivable for specific schemes from central/ state agencies were properly accounted for/ utilized? List the cases of deviations.	It is conveyed to us that no funds have been received or receivable from central/ state agencies; hence the same is not applicable.
5.	Whether the Bank guarantees have been revalidated in time.	Yes, the bank guarantees have been revalidated in a timely manner.
6.	Comment on the confirmation of balances of trade receivables, trade payables, term deposits, bank accounts and cash obtained.	Yes, balance confirmations have been received in respect of term deposits, bank accounts. A separate disclosure has been given for trade receivables & trade payables. Please refer to Note Number 37 to Notes to Accounts.
7.	The cost incurred on abandoned projects may be quantified and the amount actually written-off shall be mentioned.	As informed to us, during the financial year 2024-25, the company has not incurred any cost on abandoned projects.

Service Sector- General		
Sr. No.	Sub-directions issued by Comptroller and Auditor General of India	Response
1.	Whether the Company's pricing policy absorbs all fixed and variable cost of production and the overheads allocated at the time of fixation of price?	According to the information and explanations given to us, the Company's pricing is determined based on tariff approved by Petroleum and Natural Gas Regulatory Board.
2.	Whether the company recovers commission for work executed on behalf of Government/ other organizations that is properly recorded in the books of accounts? Whether the Company has an efficient system for billing and collection of revenue?	The Company has not undertaken any work or project executed on behalf of Government / other organizations; hence there is no recovery of commission for the same. The Company has SAP system in place for billing and accounting for collection of revenue. The Company has a policy and procedures in place for effective monitoring of credit exposure and recovery of dues from its customers in respect of its activities.
3.	Whether the Company regularly monitors timely receipt of subsidy from Government and it is properly recording them in its books?	In our opinion and according to the information and explanations given to us, there are no cases of receipt of subsidy from Government.
4.	Whether interest earned on parking of funds received for specific projects from Government was properly accounted for?	In our opinion and according to the information and explanations given to us, there are no cases of receipt of fund for any projects from Government.
5.	Whether the Company has entered into Memorandum of understanding with its Administrative Ministry, if so, whether the impact thereof has been properly dealt with in the financial statements.	According to the information and explanations given to us, the company has not entered into any MOU with its Administrative Ministry during the financial year under audit.

Service Sector- Trading		
Sr. No.	Sub-directions issued by Comptroller and Auditor General of India	Response
1.	Whether the company has an effective system for recovery of dues in respect of its sales activities and the dues outstanding and recoveries there against have been properly recorded in the books of accounts?	As per the information and explanations given to us and based on the examination of the policies in respect of recovery of dues from customers, the Company has a policy and procedure for effective monitoring of credit exposure and recovery of dues from its customers in respect of its activities. Also, the same have been properly recorded in the books of accounts.
2.	Whether the company has an effective system for physical verification, valuation of stock, treatment of non-moving items and accounting the effect of shortage / excess noticed during physical verification.	In our opinion and according to the information and explanations given to us, the procedures and systems, in relation to physical verification of inventories, valuation of stock, treatment of non-moving items and accounting the effect of shortage / excess noticed during physical verification, are reasonable and adequate in relation to the size of the Company and the nature of its business.
3.	The effectiveness of the system followed in recovery of dues in respect of sale activities may be examined and reported.	In our opinion and according to the information and explanations given to us, the Company has a policy and procedure for effective monitoring for recovery of dues from its customers in respect of its sales activities. There are no significant instances of its failure observed for the year under audit.

<i>Items of OCI recognised directly in retained earnings</i>					
Remeasurements of post-employment benefit obligation (net of tax)	-	-	(265.80)	-	(265.80)
Total comprehensive income for the year	-	-	1,28,198.26	(299.04)	1,27,899.22
Dividends Paid (Note 15)	-	-	(28,210.57)	-	(28,210.57)
Balance at 31st March, 2024	41,845.07	272.30	9,27,848.21	620.27	9,70,585.85

Purpose of Reserves:

- (i) **Securities Premium:** Securities premium is used to record the premium on issue of shares. The reserve is utilized in accordance with the provisions of the Companies Act, 2013.
- (ii) **General Reserve:** General reserve is created from time to time by way of transfer of profits from retained earnings for appropriation purposes. General reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income.
- (iii) **Retained Earnings:** The amount that can be distributed by the Company as dividends to its equity shareholders out of accumulated reserves is determined considering the requirements of the Companies Act, 2013. Thus, the closing balance amounts reported above are not distributable in entirety.
- (iv) **Equity Instruments through Other Comprehensive Income :** The Company has elected to recognise changes in the fair value of certain investments in equity securities in other comprehensive income. These changes are accumulated within the Equity Investments through OCI reserves.

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2025

1. CORPORATE INFORMATION

Gujarat State Petronet Limited (GSPL or “The Company”) is a public limited company domiciled in India and incorporated under the provisions of the Companies Act, 1956. GSPL is a Government Company u/s 2(45) of Companies Act, 2013. Its shares are listed on Bombay Stock Exchange and National Stock Exchange in India. The registered office of the Company is situated at GSPC Bhavan, Behind Udyog Bhavan, Sector - 11, Gandhinagar - 382010, Gujarat. The Company is primarily engaged in transmission of natural gas through pipeline on an open access basis from supply points to demand centers. Further, the Company is also engaged in business of generation of electricity through Windmills.

Authorization of financial statements

The Standalone Financial Statements were approved and authorized for issue in accordance with a resolution passed in Board of Directors meeting held on 22th May, 2025.

2. Material Accounting Policies Information.

(a) Basis of preparation

- (i) The standalone financial statements have been prepared in accordance and comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with Companies (Indian Accounting Standards) Rules, 2015 and relevant provisions of the Act (as amended from time to time).

The financial statements have been prepared as a going concern on accrual basis of accounting using historical cost convention except certain financial assets & financial liabilities measured at fair value.

- (ii) The preparation & presentation of financial statements requires management to make certain judgments, estimates and assumptions that affect the amounts reported in the financial statements and notes thereto. Such estimates and assumptions are based on management’s evaluation of relevant facts and circumstances as on the date of financial statements. The actual outcome may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to the accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements are as below:

- Useful lives of property, plant and equipment (including right of use assets) and intangible assets
- Identifying performance obligations under contracts with customers
- Timing of revenue recognition under contracts with customers
- Measurement of Defined Benefit Obligations
- Provisions and contingencies
- Impairment of financial and non-financial assets
- Fair valuation of financial instruments
- Estimation of contractual cash flows and discount rate for measurement of security deposits received from the customers
- Identification of investment properties
- Current tax and Deferred tax asset / liabilities recognition
- Definition of lease, lease term and discount rate for the calculation of lease liability

- (iii) All values are rounded to the nearest rupees in Lacs, except where otherwise indicated.

(b) Property, plant and equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at cost net of recoverable taxes, less accumulated depreciation and accumulated impairment loss, if any.

The cost of Property, Plant and Equipment comprises of its purchase price or construction cost, any costs directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by

management, the initial estimate of any decommissioning obligation, if any, and borrowing costs for assets that necessarily take a substantial period of time to get ready for their intended use. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Capital Work-in-progress (CWIP) includes expenditure that is directly attributable to the acquisition/construction of assets, which are yet to be commissioned, and project inventory.

On transition to Ind AS, the Company had elected to carry forward the previous GAAP net carrying value of all its property, plant and equipment recognized as at 1st April, 2015 as the deemed cost.

(c) Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Subsequently, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

Intangible assets which are expected to provide future enduring economic benefits are capitalized as intangible assets.

On transition to Ind AS, the Company had elected to carry forward the previous GAAP net carrying value of all its intangible assets recognized as at 1st April, 2015 as the deemed cost.

(d) Investment properties

Investment properties comprise portions of land or building or part thereof (including right of use assets held by the Company as lessee) that are held for rental or for capital appreciation or both. An investment property generates cash flow largely independently of the other assets held by the Company.

Property used in production or supply of goods or services and also held to earn rentals / capital appreciation is accounted separately as investment property only if portion of property held to earn rental / capital appreciation can be sold separately (or leased out separately under a finance lease). If the portions could not be sold separately, the property is investment property only if an insignificant portion is held for use in the production or supply of goods or services or for administrative purposes. Further, property with provision of ancillary services to the occupants is treated as investment property if the services are insignificant to the arrangement as a whole. Investment property shall be recognised as an asset when and only when: (a) it is probable that the future economic benefits that are associated with the investment property will flow to the entity; and (b) the cost of the investment property can be measured reliably.

Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed to Statement of Profit and Loss as and when incurred.

(e) Depreciation and amortisation

Depreciation on gas transmission pipeline(s) and associated compressor facilities are provided using straight line method (SLM) and on other items of property, plant and equipment using written down value method (WDV) based on the useful life prescribed in Schedule II to the Companies Act 2013.

Skids, pressure regulating stations, meters and regulators are depreciated using straight line method (SLM) over useful life of 18 years based on technical assessment made by technical expert and management.

Based on management estimate, residual value of 5% is considered for respective tangible assets except for the Pipeline Network assets which are shown as the Plant and Equipment at Note No. 3 - Property, Plant and Equipment where the residual value is considered to be NIL as the said assets technically and commercially not feasible to remove from underground.

Depreciation on assets acquired / disposed off during the year is provided on pro-rata basis with reference to the date of addition / disposal. Assets costing up to ₹5,000/- and books are depreciated fully in the year of purchase / capitalization. The residual values, useful lives and methods of depreciation of property, plant and equipment (PPE) are reviewed at the end of each financial year and adjusted prospectively if appropriate.

In case of Property, Plant and equipment, the right-of-use asset under Ind AS 116 Leases is depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the underlying asset or the end of the lease term.

In case of intangible assets, Right of Use in land for laying of pipeline is indefinite in nature hence it is not amortised. However, the same is tested for impairment annually. Right of Way (ROW) is amortised over 30 years on straight line method as the same is inextricably linked and dependent on the useful life of gas transmission pipeline(s). Software is amortized at 40% on written down value method.

(f) Investments in subsidiaries, joint venture and associates

Investments in subsidiaries, joint venture and associates are carried at cost less accumulated impairment losses, if any. Cost includes the purchase price and other costs directly attributable to the acquisition of investments. On disposal of investments in subsidiaries, joint venture and associates, the difference between net disposal proceeds and the carrying amounts are recognized in the Statement of Profit and Loss.

On transition to Ind AS, the Company had elected to measure its existing investments in joint ventures and associates on the date of transition at the previous GAAP carrying value.

(g) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

A financial asset is recognised in the Balance Sheet when the Company becomes party to the contractual provisions of the instrument. At initial recognition, the Company measures a financial asset at its fair value plus or minus, in the case of a financial asset not measured at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial asset except trade receivables (not containing significant financing component) are measured at transaction price.

Subsequent measurement

For purpose of subsequent measurement, financial assets are classified into:

- A. Financial assets measured at amortised cost;
- B. Financial assets measured at fair value through other comprehensive income (FVOCI); and
- C. Financial assets measured at fair value through profit or loss (FVTPL).

The Company classifies its financial assets in the above-mentioned categories based on:

- (i) The Company's business model for managing the financial assets, and
- (ii) The contractual cash flows characteristics of the financial asset.

A. Financial assets measured at amortised cost

A financial asset is measured at amortised cost if both of the following conditions are met:

- (i) The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- (ii) The contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade and other receivables.

B. Financial assets measured at fair value through other comprehensive income (FVOCI)

A financial asset is measured at fair value through other comprehensive income if both of the following conditions are met:

- (i) The financial asset is held within a business model whose objective is achieved by both collecting the contractual cash flows and selling financial assets; and
- (ii) The asset's contractual cash flows represent SPPI.

C. Financial assets measured at fair value through profit or loss (FVTPL)

FVTPL is a residual category. Any financial asset, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified as at FVTPL. In addition, the Company may elect to designate a financial asset, which otherwise meets amortized cost or FVOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Equity instruments

All equity investments in scope of Ind AS 109 - Financial Instruments are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company has opted for an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to Profit or loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity. Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Profit or loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's Balance Sheet) when:

- A. The contractual rights to the cash flows from the financial asset have expired, or
- B. The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either
 - a. The Company has transferred substantially all the risks and rewards of the asset, or
 - b. The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets

In accordance with Ind AS 109 - Financial Instrument, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- (i) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, and bank balance.
- (ii) Trade receivables or contract assets that result from transactions that are within the scope of Ind AS 115
- (iii) Lease Receivables.

Expected credit losses are measured through a loss allowance at an amount equal to:

- The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full time expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables / contract assets which do not contain a significant financing component.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date adjusted appropriately to reflect the estimated expected losses.

Financial Liabilities***Initial recognition and measurement***

Financial liabilities are classified, at initial recognition, as financial liabilities measured at fair value through profit or loss and financial liabilities measured at amortised cost as appropriate.

All financial liabilities are recognised initially at fair value and, in case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, lease liabilities, loan and borrowings etc.

Subsequent measurement

A. Financial liabilities measured at amortised cost; or

B. Financial liabilities subsequently measured at fair value through profit or loss (FVTPL)

Financial liabilities measured at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognised in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 – Financial Instruments are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk is recognized in OCI. These gains/ losses are not subsequently transferred to P&L. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the Statement of Profit and Loss. The Company has not designated any financial liability as at fair value through profit and loss.

Loan and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Gains and losses on EIR amortisation and derecognition are recognised in profit or loss. Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss. This category generally applies to interest-bearing loans and borrowings.

Trade and other payables

These amounts represent liability for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

Lease liabilities

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Subsequently, the lease liability is measured at amortised cost using the effective interest rate method.

Modification of financial liabilities

The Company reassesses the estimated contractual cash flows associated with each financial liability at each reporting date. On revision of estimated cash flows, the Company adjusts the amortised cost of a financial liability to reflect actual and revised estimated contractual cash flows. The Company recalculates the gross carrying amount of the amortised cost of the financial liability as the present value of the estimated future contractual cash flows that are discounted at the original effective interest rate. The adjustment is recognised in income or expense in the Statement of Profit and Loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The terms are substantially different if the discounted present value of the cash flows under the new terms, discounted using the original effective interest rate, is at least 10 per cent different from the discounted present value of the remaining cash flows of the original financial liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet when, and only when, there is a legally enforceable right to offset the recognised amount and there is intention either to settle on net basis or to realise the assets and to settle the liabilities simultaneously.

(h) Fair Value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- (i) In the principal market for the asset or liability, or
- (ii) In the absence of a principal market, in the most advantageous market for the asset or liability

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, if market participants act in their best economic interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

(i) Inventories

Inventories including stock of stores, spares, consumables and line pack gas not meant for sale in ordinary course of business are valued at weighted moving average cost.

(j) Employee Benefits***Short term employee benefits obligations:***

Short-term employee benefits are recognized as an expense in the Statement of Profit and Loss for the year in which related services are rendered.

Post-employment benefits and other long-term employee benefits:

The Company has participated in- Group Gratuity scheme of HDFC Standard Life Insurance Company Limited. It also contributes for post-retirement medical benefits. The liability in respect of gratuity and post-retirement medical benefits, being defined benefit schemes, payable in future, are determined by actuarial valuation carried out using projected unit credit method as on the Balance Sheet date and actuarial gains/(losses) after adjustment of planned assets are charged to the Other Comprehensive Income for the year. Moreover, the liability in respect of leave encashment being other long-term employee benefits, payable in future, are also determined by actuarial valuation carried out using projected unit credit method as on the Balance Sheet date and actuarial gains/(losses) are charged as employee benefit expenses in the Statement of Profit and Loss for the year.

Retirement benefits in the form of provident fund and defined superannuation fund which are defined contribution schemes are accrued in accordance with statutes and deposited with respective authority/agency and charged to the Statement of Profit and Loss account for the year, in which the contributions to the respective funds accrue.

(k) Borrowing Cost

The Company is capitalising borrowing costs (including interest expenses on lease liabilities) that are directly attributable to the acquisition or construction of qualifying assets. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. For borrowing cost capitalisation, the capital cost of a particular project is identified against a borrowing in terms of period of construction and the borrowing cost for the relevant period is added to the capital cost till the particular project is capitalised and thereafter the interest is charged to the Statement of Profit and Loss. All other borrowing costs are recognized as expense in the period in which they are incurred and charged to the Statement of Profit and Loss.

(l) Foreign Currency Transactions***Functional and presentation currency***

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The standalone financial statements are presented in Indian rupee (INR), which is GSPL's functional and presentation currency.

Transactions and balances

Transactions denominated in foreign currencies are initially recorded at the exchange rate prevailing at the time of transaction. Monetary assets and liabilities denominated in foreign currencies at year-end are reported at exchange rate prevailing on the reporting date. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates prevailing at the time of the initial transactions. Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss.

(m) Revenue Recognition

Revenue from contracts with customer:

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer. The Company assesses promises in the contract to identify separate performance obligations to which a portion of transaction price is allocated.

Revenue is measured based on the amount of consideration to which the Company expects to be entitled in exchange of service. The transaction price includes Excise Duty, however it excludes amount collected on behalf of third parties such as Goods and Service Tax (GST), Value Added Tax (VAT) etc. which the Company collects on behalf of the Government.

In determining the transaction price, the Company estimates the variable consideration to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur when the uncertainty associated with the variable consideration is subsequently resolved.

The Company recognises revenue from each distinct goods or service over time if the customer simultaneously receives and consumes the benefits provided by the Company's performance as it performs.

Revenue from transmission of gas through pipeline is recognized over the period in which the related services are performed. Customers are billed on fortnightly basis.

Revenue from sale of Compressed Natural Gas (CNG) is recognized at the point in time when control is transferred to the customer, generally on delivery of the gas to consumers from retail outlets.

Revenue from sale of gas is recognized at the point in time when control is transferred to the customer, generally on delivery of the gas to consumers metered / assessed measurement facility.

Revenue from sale of electricity is recognised at the point in time when control is transferred to the customer, generally on delivery at metered/assessed measurements facility.

Contract asset is the right to consideration in exchange for goods or services transferred to the customer. Contract liability is the entity's obligation to transfer goods or services to a customer for which the entity has received consideration from the customer in advance. Contract assets (unbilled receivables) are transferred to receivables when the rights become unconditional and contract liabilities are recognised as and when the performance obligation is satisfied.

Other Income:

Interest income is recognised using effective interest rate (EIR) method. Dividend income is recognised, when the right to receive the dividend is established by the reporting date.

(n) Taxation

Income taxes

Provision for current tax is calculated on the basis of the Income tax law enacted or substantively enacted at the end of the reporting period.

Income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Current tax assets and tax liabilities are offset where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and considers whether it is probable that a taxation authority will accept an uncertain tax treatment. The Company measures its tax balances either based on the most likely amount or the expected value, depending on which method provides a better prediction of the resolution of the uncertainty.

Deferred Taxes

Deferred tax is provided, on temporary difference arising between the tax bases of the assets and liabilities and their carrying amounts in standalone financial statements, using tax rates & laws that have been enacted or substantially enacted at the end of the reporting period.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable profits will be available to utilise the same.

Deferred tax is not recognised for all taxable temporary differences between the carrying amount and tax bases of investments in subsidiaries, branches and associates and interest in joint arrangements where it is probable that the differences will not reverse in the foreseeable future.

Any tax credit available under the provision of the Income Tax Act, 1961 is recognised as deferred tax to the extent that it is probable that future taxable profit will be available against which the unused tax credits can be utilised. The said asset is created by way of credit to the Statement of Profit and Loss and shown under the head deferred tax asset.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset the same and when the balances relate to the same taxation authority.

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity, in which case, the tax is also recognised in other comprehensive income or directly in equity.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to utilize all or part of the deferred tax asset. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will be available to utilize the deferred tax asset.

(o) Impairment of non-financial assets

At each Balance Sheet date, the Company reviews the carrying amounts of its assets to determine whether there is any indication that those assets suffered any impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of impairment loss. Recoverable amount is the higher of an asset's net selling price and value in use. In assessing value in use, the estimated future cash-flow expected from the continuing use of the assets and from its disposal is discounted to their present value using a pre-tax discount rate that reflects the current market assessments of time value of money and the risk specific of the assets. An asset is treated as impaired when the carrying cost of asset exceeds its recoverable value. Impairment losses of continuing operations, including impairment on inventories, are recognised in the Statement of Profit and Loss, except for properties previously revalued with the revaluation surplus taken to Other Comprehensive Income (OCI). For such properties, the impairment is recognised in OCI up to the amount of any previous revaluation surplus.

(p) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Decommissioning costs are provided at the present value of expected costs to settle the obligation using estimated cash flows and are recognised as part of the cost of the particular asset. The cash flows are discounted at a current pre-tax rate that reflects the risks specific to the decommissioning liability. The unwinding of the discount is expensed as incurred and recognised in the Statement of Profit and Loss as a finance cost. The estimated future costs of decommissioning are reviewed annually and adjusted as appropriate. Changes in the estimated future costs or in the discount rate applied are added to or deducted from the cost of the asset.

Contingent liabilities are not recognized in the financial statements but are disclosed by way of notes to accounts unless the possibility of an outflow of economic resources is considered remote.

Contingent assets are not recognized in financial statements. However, the same is disclosed, where an inflow of economic benefit is probable.

(q) Leases

The Company assess whether a contract contains a lease, at the inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether (i) the contract involves the use of identified asset; (ii) the Company has substantially all of the economic benefits from the use of the asset through the period of lease and (iii) the Company has right to direct the use of the asset.

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. The Company uses judgement in assessing the lease term (including anticipated renewals/termination options).

As a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the lease liability recognized adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the underlying asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease or, if that rate cannot be readily determined. After the commencement date, lease liability is increased to reflect the accretion of interest and reduced for the lease payment made.

Lease payments included in the measurement of the lease liability comprises of fixed payments, including in-substance fixed payments, amounts expected to be payable under a residual value guarantee and the exercise price under a purchase option that the Company is reasonably certain to exercise, lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option.

The lease liability is measured at amortised cost using the effective interest method. Modifications to a lease agreement beyond the original terms and conditions are generally accounted for as a re-measurement of the lease liability with a corresponding adjustment to the ROU asset. Any gain or loss on modification is recognized in the Statement of Profit and Loss. However, the modifications that increase the scope of the lease by adding the right to use one or more underlying assets at a price commensurate with the stand-alone selling price are accounted for as a separate new lease. In case of lease modifications, discounting rates used for measurement of lease liability and ROU assets is also suitably adjusted.

Short-term leases and leases of low-value assets:

The Company has elected not to recognise right-of-use assets and lease liabilities for short term leases that have a lease term of less than or equal to 12 months with no purchase option and assets with low value leases. The Company recognises the lease payments associated with these leases as an expense in Statement of Profit and Loss over the lease term.

As a lessor

Leases for which the Company is a lessor is classified as finance or operating leases. When the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Finance lease

All assets given on finance lease are shown as receivables at an amount equal to net investment in the lease. Principal component of the lease receipts is adjusted against outstanding receivables and interest income is accounted by applying the interest rate implicit in the lease to the net investment.

The Company has a scheme of providing certain assets viz. mobiles, laptops, vehicles to their employees. Under the said scheme, the Company initially purchases the asset which is transferred to an employee after a specified period at book value on that date. As this arrangement has element of finance lease, the Company has derecognised the items of PPE given to employees & reclassified it as finance lease. The difference between the cost of the asset and present value (or absolute value if the present value is not material) of the consideration to be received from the employee over the lease term and at the time of transfer of ownership in the future is recognised as an employee cost over the period.

Operating lease

Lease income from operating leases where the Company is a lessor is recognised as income on a straight-line basis over the lease term. In case of modification of contractual terms, the same is accounted as a new lease, considering any prepaid or accrued lease payments relating to the original lease as part of the lease payments for the new lease.

(r) Non-Current Assets Held for Sale

Non-current assets or disposal groups are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and when a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell. Once classified as held for sale, intangible assets and property, plant and equipment are no longer amortised or depreciated.

(s) New and revised Indian Accounting Standards in issue but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended 31st March, 2025, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

Terms/Rights attached to Equity Shares

The Company has only one class of equity shares having a face value of ₹ 10 per share. Each holder of equity share is entitled to one vote per share. The Company declares and pays dividend in Indian Rupees. The dividend proposed by the Board of Directors is subject to the approval of shareholders in the ensuing Annual General Meeting.

During the year ended 31st March, 2025, the amount of dividend per share recognised as distribution to equity shareholders is ₹ 5 per share (31st March, 2024: ₹ 5 per share).

In the event of liquidation of the Company, the holders of equity shares will be entitled to remaining assets of the Company. The distribution will be in proportion to the number of equity shares held by the shareholders.

*Refer note 40 - Financial instruments, fair values and risk measurement

(i) Security deposit from customers

The Company obtains security deposits from the customers under contractual terms. These deposits are non-interest bearing and repayable after fixed tenure from date of receipt of deposit / agreement or date of first gas transportation date. These security deposits are measured and recognized at fair value (i.e. present value of estimated contractual cash flows) on initial recognition and subsequently measured at amortised cost. For deposits those are repayable after fixed tenure from the first gas transportation, the first gas transportation date was estimated as 6 months from the date of receipt of deposit. During the current financial year, the Company reassessed and considered the actual gas transportation date to determine the repayment date of deposit. The Company determined the amortised cost of these deposits based on revised contractual cash flows and accounted the consequential impact of ₹435.18 Lacs (PY: ₹ Nil) under the finance costs.

32. CONTINGENT LIABILITIES & CONTINGENT ASSETS

(₹ in Lacs)

Sr. No.	Particulars	As at 31 st March, 2025	As at 31 st March, 2024
Claims against Company not acknowledged as debts[#]			
1	By land owners seeking enhancement of compensation in respect of RoU acquired by the Company	1,666.99	2,200.04
2	By other parties including contractual disputes ^{**}	14,622.38	13,816.24
3	Central Excise and Service Tax matters (Applicable interest & penalty has also been demanded by Department) ^{***}	35,423.60	35,445.32
4	Income tax matters (excluding consequential interest) ^{***}	1,188.04	1,404.02

[#] The Company is subject to legal proceeding and claim, which have arisen in the ordinary course of business. The Company does not reasonably expect that these claims, when ultimately concluded and determined, will have material and adverse effect on Company's results of operations or financial position.

^{**} This mainly includes contractual disputes which led to arbitration proceedings between (a) the Company and M/s Fernas Construction Company Inc. (FCCI) amounting ₹11,184.26 Lacs (31st March, 2024 : ₹ 10,352.23 Lacs), and (b) the Company and M/s Tehran Jonoob - Jaihind Consortium (TJJC) amounting ₹ 2,911.77 Lacs (31st March, 2024 : ₹ 2,911.77 lacs); in which the Arbitral Tribunals had issued arbitration awards in favour of contractors. However, the Company has filed applications under section 34 of the Arbitration and Conciliation Act, 1996 against Contractor before the Hon'ble High Court of Gujarat for setting aside the Arbitral Awards and has also filed the stay application for seeking stay on the Arbitral Award, pending disposal of the matter. The Company believes that for these matters no provision is required in the books of accounts as on 31st March, 2025.

^{***} Out of this, for direct taxes, ₹ 1,046.81 Lacs (31st March, 2024: ₹ 1,046.81 Lacs) and for Indirect taxes ₹ 6,885.39 Lacs (31st March, 2024 : ₹ 6,885.39 Lacs) has been adjusted by the Tax Department against the tax refunds received by the Company.

Contingent Assets

The Company is having certain claims, realization of which is dependent on outcome of legal process being pursued. The management believe that probable outcome in all such claims are uncertain. Hence, the disclosure of such claims is not required in the financial statements.

33. COMMITMENTS

(₹ in Lacs)

Sr. No.	Particulars	As at 31 st March, 2025	As at 31 st March, 2024
A Capital Commitments			
	Estimated amount of contracts remaining to be executed on capital account and not provided for	18,661.40	25,585.84
B Other Commitments			
	Investments in joint ventures and other entities	1,07,172.68	1,08,108.68

**34. EVENTS OCCURRING AFTER THE REPORTING PERIOD**

The Board of Directors, in its meeting on 22nd May, 2025, have proposed a final dividend of ₹ 5.00 equity share (Face Value of ₹ 10/- each) for the financial year ended on 31st March, 2025. The proposal is subject to the approval of shareholders at the Annual General Meeting and if approved would result in a cash outflow of approximately ₹ 28,210.57 Lacs.

The Board of Directors, in its meeting on 08th May, 2024, had proposed a final dividend of ₹ 5.00 per equity share (Face Value of ₹ 10/- each) for the financial year ended on 31st March, 2024. The proposal was approved by shareholders at the Annual General Meeting and this resulted in a cash outflow of approximately ₹ 28,210.57 Lacs.

35. BORROWING COSTS CAPITALISATION

As per Indian Accounting Standard -23 "Borrowing Costs", the Company has capitalised the borrowing costs amounting to:

Particulars	(₹ in Lacs)	
	2024-25	2023-24
Borrowing costs capitalised	14.45	15.53

The borrowing cost is capitalized at rate(s) applicable to specific loan(s) used for specific project(s). The weighted average rate of borrowings used for projects is 7.75% for FY 2024-25 [P.Y. : 7.75%].

36. There are no whole time / executive directors on the Board except Chairman & Managing Director and Joint Managing Director. They are not drawing any remuneration from the Company.
37. The balances of trade receivables, trade payables, loans & advances and deposits are subject to confirmation. Provision for all liabilities is adequate in opinion of the Company.

38. SEGMENT INFORMATION

Segment information has been provided under the Notes to the Consolidated Financial Statements of the Company.

* Investments in equity accounted investees and subsidiary are carried at cost.

Fair value of financial assets and liabilities measured at amortised cost is not materially different from the amortised cost. Accordingly, the fair value has not been disclosed separately.

Types of inputs for determining fair value are as under:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities included in Level 3.

B. Measurement of fair values

i) Valuation techniques and significant unobservable inputs

The following tables show the valuation techniques used in measuring Level 2 and Level 3 fair values, as well as the significant unobservable inputs used.

Financial instruments measured at fair value

FVOCI in unquoted equity shares	Valuation techniques: Such investments are fair valued using appropriate valuation techniques as permitted under Ind AS 113 - Fair Value Measurements. These have been summarized below: - Investment in equity shares of Gujarat State Energy Generation Limited has been fair valued using the Comparable Companies Multiple Method i.e. based on Price/Book Value ratio (PY: Price/Book Value ratio) of peer companies. - Investment in equity shares of GSPC LNG Limited is fair valued using the Discounted Cash Flow Method. Further, this investment was fair valued using Comparable Companies Method i.e. based on Price/Book Value ratio during the previous year. - Investment in equity shares of SWAN LNG Limited is fair valued using Net Asset Value method (PY: Net Asset Value method) Significant unobservable inputs Future estimated cash flows, ratio of peer companies, Net Asset, discount rate and provisional financial information. Inter-relationship between significant unobservable inputs and fair value measurement The estimated fair value would increase (decrease) if there is a change in significant unobservable inputs used to determine the fair value and change in projected financial information.

**ii) Transfers between Levels 1 and 2**

There have been no transfers between Level 1 and Level 2 during the reporting periods.

iii) Level 3 fair values

Movements in the values of unquoted equity instruments for the period ended 31st March, 2025 and 31st March, 2024 is as below: (₹ in Lacs)

Particulars	Amount
As at 1st April, 2023	12,340.95
Acquisitions/ (disposals) / Adjustments	-
Gains/ (losses) recognised in other comprehensive income	(625.00)
As at 31st March, 2024	11,715.95
Acquisitions/ (disposals) / Adjustments	-
Gains/ (losses) recognised in other comprehensive income	(27.50)
As at 31st March, 2025	11,688.45

Transfer out of Level 3

There were no movement in Level 3 in either directions during the financial year ending on 31st March, 2025 and 31st March, 2024.

Sensitivity analysisGujarat State Energy Generation Limited (GSEG)

A sensitivity analysis has been carried out to determine the impact on equity valuation of GSEG. The impact on account of change in inputs is as under: (₹ in Lacs)

Variation	Impact on other comprehensive income (Before Tax)	
	2024-25	2023-24
Increase in Ratio by 10%	51.25	55.62
Decrease in Ratio by 10%	(51.88)	(55.63)

GSPC LNG Limited

A sensitivity analysis has been carried out to determine the impact on equity valuation of GSPC LNG Limited. The impact on account of change in inputs is as under: (₹ in Lacs)

Variation	Impact on other comprehensive income (Before Tax)	
	2024-25	2023-24
Increase in Discounted Cash Flows by 10%	250.00	250.00
Decrease in Discounted Cash Flows by 10%	(250.00)	(250.00)

Swan LNG Private Limited

A sensitivity analysis has been carried out to determine the impact on equity valuation of Swan LNG Private Limited. The impact on account of change in inputs is as under: (₹ in Lacs)

Variation	Impact on other comprehensive income (Before Tax)	
	2024-25	2023-24
Increase in Ratio by 5%	433.02	433.02
Decrease in Ratio by 5%	(433.02)	(433.02)

C. Financial risk management

The Company has a well-defined risk management framework. The Board of Directors of the Company has adopted a Risk Management Policy. The Company has exposure to the following risks arising from financial instruments:

- Credit risk ;
- Liquidity risk ; and
- Market risk

(i) Credit risk

Credit risk is the risk that a customer or counterparty to a financial instrument will fail to perform or fail to pay amounts due causing financial loss to the Company. The potential activities where credit risks may arise include from cash and cash equivalents and security deposits or other deposits and principally from credit exposures to customers relating to outstanding receivables and other receivables. The maximum credit exposure associated with financial assets is equal to the carrying amount. Details of the credit risk specific to the company along with relevant mitigation procedures adopted have been enumerated below:

Trade and other receivables

The Company's exposure to credit Risk is the exposure that Company has on account of services rendered / products sold to a contractual counterparty or counterparties, whether with collateral or otherwise for which the contracted consideration is yet to be received. The Company's customer base are Industrial and Commercial.

Services are generally subject to security deposit and/or bank guarantee clauses to ensure that in the event of non-payment the Company's receivables are not affected. The Company provides for allowance for impairment that represents its estimate of expected losses in respect of trade and other receivables.

The Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix.

Refer note 12 for ageing of trade receivables

The above receivables which are past due but not impaired are assessed on case-to-case basis. The instances pertain to third party customers which have a proven creditworthiness record. Management is of the view that these financial assets are not impaired as there has not been any adverse change in credit quality and are envisaged as recoverable based on the historical payment behaviour and extensive analysis of customer credit risk, including underlying customers' credit ratings, if they are available. Consequently, no additional provision has been created on account of expected credit loss on the receivables. There are no other classes of financial assets that are past due but not impaired. The provision for impairment of trade receivables, movement of which has been provided below, is not significant / material. The concentration of credit risk is limited due to fact that the customer base is large and unrelated.

Movements in Provision for Doubtful Allowance:**(₹ in Lacs)**

Particulars	Carrying amount	
	As at 31 st March, 2025	As at 31 st March, 2024
Balance at the beginning of the year	215.69	215.69
Movements in allowance	-	-
Closing balance	215.69	215.69

Additionally, the Company has written off trade receivables amounting to ₹ NIL (PY : ₹ NIL) during the year.

The maximum exposure to credit risk for trade receivables by geographic region is as follows:

(₹ in Lacs)

Particulars	Carrying amount	
	As at 31 st March, 2025	As at 31 st March, 2024
India	10,962.14	14,123.13
Other regions	-	-
	10,962.14	14,123.13

Other financial assets

Other financial assets includes loan to employees, security deposits, investments, cash and cash equivalents, other bank balance, advances to employees etc.

- Cash and cash equivalents and deposits are placed with banks / financial institution having good reputation and past track record with adequate credit rating.
- Investments are made in credit worthy companies / group companies.
- The Company has given security deposit to various government authorities (like Municipal corporation, Nagarpalika, Grampanchayat, Road & building division and Irrigation department of State Governments, credit worthy companies etc.) for the permission related to work of executing / laying pipeline network in their premises / jurisdiction. Being government authorities, the Company does not have exposure to any credit risk.
- Loan and advances to employees (for housing advances) are majorly secured in nature and hence the Company does not have exposure to any credit risk.

**(ii) Liquidity risk**

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are proposed to be settled by delivering cash or other financial asset. The Company's financial planning has ensured, as far as possible, that there is sufficient liquidity to meet the liabilities whenever due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. The Company has practiced financial diligence and syndicated adequate liquidity in all business scenarios.

Financing arrangement

The Company had access to the following undrawn borrowing facilities at the end of the reporting period: (₹ in Lacs)

Particulars	As at 31 st March, 2025	As at 31 st March, 2024
Floating rate		
Expiring within one year	2,600.34	72,881.59
Expiring after one year	-	-
Total	2,600.34	72,881.59

Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest payments and exclude the impact of netting agreements. (₹ in Lacs)

31 st March, 2025	Carrying amount	Contractual maturities		
		Total	Less than 12 months	More than 12 months
Non-derivative financial liabilities				
Non current lease liabilities	369.00	496.90	-	496.90
Current lease liabilities	193.86	199.19	199.19	-
Non current financial liabilities	4,254.03	16,350.77	-	16,350.77
Current financial liabilities	21,160.95	21,171.43	21,171.43	-
Trade payables	7,906.96	7,906.96	7,906.96	-
Total	33,884.80	46,125.25	29,277.58	16,847.67

(₹ in Lacs)

31 st March, 2024	Carrying amount	Contractual maturities		
		Total	Less than 12 months	More than 12 months
Non-derivative financial liabilities				
Non current lease liabilities	629.12	842.17	-	842.17
Current lease liabilities	214.64	219.27	219.27	-
Non current financial liabilities	3,959.05	13,401.74	-	13,401.74
Current financial liabilities	14,977.75	15,033.05	15,033.05	-
Trade payables	3,753.74	3,753.74	3,753.74	-
Total	23,534.30	33,249.97	19,006.06	14,243.91

(iii) Market risk

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates and equity prices – will affect the Company's income or the value of its holdings of financial instruments.

Currency risk

The functional currency of the Company is Indian Rupees. The Company do not have derivative financial instruments.

Interest rate risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing investments will fluctuate because of fluctuations in the interest rates. The borrowing is Nil as at 31st March, 2025 and as at 31st March, 2024.

41. CAPITAL MANAGEMENT

The Company defines capital as total equity including issued equity capital, share premium and all other equity reserves attributable to equity holders of the Company (which is the Company's net asset value). The primary objective of the Company's financial framework is to support the pursuit of value growth for shareholders, while ensuring a secure financial base. The Company does not have any secured / unsecured borrowings as on the reporting date.

42. DISCLOSURES UNDER IND AS 116 LEASES

A. The Company as lessee:

Nature of the lease transaction:

The Company has taken various parcel of land with lease term ranging from 5 years to 99 years, office building with lease term ranging from 4 years to 10 years, LNG Trucks and regasification facilities for 5 years, various guest houses / yards / office containers / vehicles on lease with the lease term of 6 to 11 months, and way leave charges. Some lease contract can be renewed with mutual consent and some lease contract also contains the termination options. Such options are appropriately considered in determination of the lease term based on the management's judgement. In certain contracts, the Company is restricted from assigning and subletting the leased assets. For leases where the lease term is less than 12 months with no purchase option, the Company has elected to apply exemption for short term leases and accordingly, right of use assets and lease liabilities for these contracts are not recognised.

Refer Note 4 for details relating to Right of Use Assets.

The following is the movement in lease liabilities during the year:

(₹ in Lacs)

Particulars	As at 31 st March, 2025	As at 31 st March, 2024
Opening Balance	843.76	834.37
Add: Additions during the year	68.90	124.54
Less: Termination during the year	(168.99)	-
Add: Interest Expenses	47.53	53.05
Less: Payments	(228.34)	(168.20)
Closing Balance	562.86	843.76
Non-current	369.00	629.12
Current	193.86	214.64

Amounts recognised in profit or loss

(₹ in Lacs)

Particulars	2024-25	2023-24
Expenses relating to leases *	63.94	92.08
Interest expense on lease liability	33.08	37.92
Depreciation on Right of Use Assets	205.87	179.89

* Includes rental charges for short term leases with lease period of 12 month or less and variable lease payments.

Amounts recognised in statement of cash flows

(₹ in Lacs)

Particulars	2024-25	2023-24
Total cash outflow for leases	292.28	260.28

Maturity Analysis of lease liabilities (undiscounted cashflows)

(₹ in Lacs)

Particulars	As at 31 st March, 2025	As at 31 st March, 2024
Less than 12 Months	199.19	219.27
More than 12 Months	496.90	842.17
Total	696.09	1,061.44

B. The Company as lessor:

The Company has given certain portion of land and office building on lease with the lease term ranging from 11 months to 30 years. The lease rentals are subject to escalations over the period of lease tenure. The same is accounted as operating lease under Ind AS 116 Leases.

Amounts recognised in profit or loss

(₹ in Lacs)

Particulars	2024-25	2023-24
Rental income	572.78	549.56

The following table sets out a maturity analysis of lease payments, showing the undiscounted lease payments to be received after the reporting date for operating leases. (₹ in Lacs)

Particulars	As at 31 st March, 2025	As at 31 st March, 2024
Less than one year	386.17	459.94
One to two years	368.87	341.49
Two to three years	362.79	336.28
Three to four years	360.62	342.92
Four to five years	334.37	353.96
More than five years	610.20	906.99

43. RECEIVABLES, CONTRACT ASSETS AND CONTRACT LIABILITIES UNDER IND AS 115 REVENUE FROM CONTRACTS WITH CUSTOMERS

The following table provides information about contract assets and contract liabilities from contract with customers: (₹ in Lacs)

Particulars	As at 31 st March, 2025	As at 31 st March, 2024
Trade receivables - Unbilled Revenue	182.82	359.54
Trade receivables - Others	10,779.32	13,763.59
Revenue received in advance - Other Non-Financial Liability (Income recognised during the year out of opening balance ₹ 525.24 Lacs (PY: ₹ 503.82 Lacs))	11,406.13	8,548.12

Contract asset is the right to consideration in exchange for goods or services transferred to the customer. Contract liability is the entity's obligation to transfer goods or services to a customer for which the entity has received consideration from the customer in advance. Contract assets (unbilled receivables) are transferred to receivables when the rights become unconditional and contract liabilities are recognised as and when the performance obligation is satisfied. Performance Obligation for Gas Transmission is to transmit Natural Gas as per the contractual arrangement with the customer.

44. DISCLOSURES FOR EMPLOYEE BENEFITS AS PER INDIAN ACCOUNTING STANDARD - 19 - EMPLOYEE BENEFITS

Defined contribution plan:

Provident fund and superannuation fund benefits charged to Statement of Profit and Loss during the period are ₹ 462.98 Lacs and ₹ 223.73 Lacs respectively (PY: ₹ 425.60 Lacs and ₹ 170.80 Lacs respectively).

Defined benefit plans:

The Company has participated in Group Gratuity scheme of HDFC Standard Life Insurance Company Limited. The liability in respect of gratuity benefits, post retirement medical benefit scheme (PRMBS) & leave salary being defined benefit schemes, payable in future, are determined by actuarial valuation as on balance sheet date. In arriving at the valuation for gratuity, medical benefits & leave salaries, following assumptions were used:

Particulars	2024-25			2023-24		
	Gratuity	Leave Salary	PRMBS	Gratuity	Leave Salary	PRMBS
Type of fund	Funded	Unfunded	Funded	Funded	Unfunded	Funded
Mortality	Indian Assured Lives Mortality (2012-14) Ult.			Indian Assured Lives Mortality (2012-14) Ult.

**Sensitivity Analysis**

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below: (₹ in Lacs)

Gratuity	2024-25		2023-24	
	Increase	Decrease	Increase	Decrease
Discount rate - 0.5% (PY: 0.5%)	4,808.68	5,364.47	4,014.07	4,488.74
Withdrawal rate - 10% (PY: 10%)	5,071.50	5,079.28	4,241.78	4,241.58
Salary growth rate - 0.5% (PY: 0.5%)	5,361.85	4,808.60	4,487.67	4,012.98

Leave salary	2024-25		2023-24	
	Increase	Decrease	Increase	Decrease
Discount rate - 0.5% (PY: 0.5%)	2,283.32	2,565.15	2,010.14	2,265.90
Withdrawal rate - 10% (PY: 10%)	2,417.54	2,419.05	2,133.91	2,131.12
Salary growth rate - 0.5% (PY: 0.5%)	2,564.16	2,282.95	2,265.51	2,009.37

PRMBS	2024-25		2023-24	
	Increase	Decrease	Increase	Decrease
Discount rate - 0.5% (PY: 0.5%)	245.08	302.26	210.28	258.62
Withdrawal rate - 10% (PY: 10%)	267.57	275.92	229.13	236.55
Medical inflation rate - 0.5% (PY: 0.5%)	301.45	245.47	258.04	210.54

A description of methods used for sensitivity analysis and its Limitations:

Sensitivity analysis is performed by varying a single parameter while keeping all the other parameters unchanged. Sensitivity analysis fails to focus on the interrelationships between underlying parameters. Hence, the results may vary if two or more variables are changed simultaneously. The method used does not indicate anything about the likelihood of change in any parameter and the extent of the change, if any.

Other notes:

The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment benefits received Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the Code will come in to effect has not been notified. The Company will assess the impact of the Code when it comes into effect and will record any related impact in the period when the Code becomes effective.

45. DETAILS OF BENAMI PROPERTIES

The Company does not hold any Benami properties. No proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibitions) Act, 1988 and the rules made thereunder.

46. UTILISATION OF BORROWED FUNDS AND SHARE PREMIUM

The Company has not advanced or loaned or invested funds - either borrowed funds or share premium or any other sources or kind of funds to any other person or entity, including foreign entities (Intermediaries) with an understanding that the Intermediary shall:

- (i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company or
- (ii) provide any guarantee, security or the like to or on behalf of the Company.

The Company has not received any fund from any person or entity, including foreign entities (Funding Party) with the understanding that the Company shall:

- (i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or
- (ii) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

47. RATIO ANALYSIS

Particulars	Numerator	Denominator	2024-25	2023-24	% of variance	Explanation for change in the ratio by more than 25%
Current Ratio (times)	Current Assets	Current Liabilities	4.45	7.50	-41%	The change in the Current Ratio is primarily attributable to a proportionally greater increase in Current Liabilities compared to Current Assets during the year. The rise in Current Liabilities is mainly due to higher obligations towards the PNGRB Settlement Mechanism, Trade and Other payables. While Current Assets are increased mainly due to higher deposits, however the growth of Current Assets was disproportionate to current ratio of previous year.
Return on Equity Ratio (%)	Profit after tax	Average Total Equity	7.67%	13.15%	-42%	The change in the Return on Equity (ROE) ratio is primarily due to a decline in gas transportation income during the year. This reduction in income resulted from a downward revision in transportation tariffs by the PNGRB, effective from 1 st May, 2024, which adversely impacted overall profitability and, consequently, the ROE.
Inventory turnover ratio (times)	Revenue from operations	Average Inventory	4.75	9.61	-51%	The change in the Inventory Turnover Ratio is mainly attributable to a decrease in gas transportation income during the year, following a downward revision in tariffs by the PNGRB effective 1 st May, 2024.
Trade Receivables turnover ratio (times)	Revenue from operations	Average Trade Receivables	8.86	14.24	-38%	The change in the Trade Receivables Turnover Ratio is mainly attributable to a decrease in gas transportation income during the year, following a downward revision in tariffs by the PNGRB effective 1 st May 2024.
Trade payables turnover ratio (times)	Operating and other expenses	Average Trade Payables	3.65	10.10	-64%	The change in the Trade Payable Turnover Ratio is mainly attributable to a lower Gas Transmission, Cost of Material Consumed and System Usage Gas expenses during the current year.
Net capital turnover ratio (times)	Revenue from operations	Working Capital = Current assets - current liabilities	0.54	1.30	-58%	The change in the Net Capital Turnover Ratio is mainly attributable to a decrease in gas transportation income during the year, following a downward revision in tariffs by the PNGRB effective 1 st May, 2024 and increase in Deposits compared to previous year.
Net Profit Ratio (%)	Profit after tax	Revenue from operations	73%	63%	-15%	-
Return on Capital employed (%)	Profit before tax and finance cost	Total Equity + Debt consists of borrowings + Deferred Tax Liabilities - Deferred tax assets	9%	15%	-41%	The change in Return on Capital Employed ratio is mainly attributable to a decrease in gas transportation income during the year, following a downward revision in tariffs by the PNGRB effective 1 st May, 2024.
Return on Investment (%) - Deposits	Income generated from deposits	Average invested funds in Intercompany and other deposits	7.22%	7.00%	3.13%	-

Particulars	Numerator	Denominator	2023-24	2022-23	% of variance	Explanation for change in the ratio by more than 25%
Current Ratio (times)	Current Assets	Current Liabilities	7.50	4.83	55%	Current ratio has changed mainly due to increase in deposits during the year.
Return on Equity Ratio (%)	Profit after tax	Average Total Equity	13.15%	10.67%	23%	-
Inventory turnover ratio (times)	Revenue from operations	Average Inventory	9.61	8.78	9%	-
Trade Receivables turnover ratio (times)	Revenue from operations	Average Trade Receivables	14.24	12.88	11%	-
Trade payables turnover ratio (times)	Operating and other expenses	Average Trade Payables	10.10	7.41	36%	The ratio has changed mainly due to lower outstanding of Trade Payable balances as on March 24
Net capital turnover ratio (times)	Revenue from operations	Working Capital = Current assets - current liabilities	1.30	1.88	-31%	The ratio has changed mainly due to significant increase in deposits during the year as compared to increase in Gas Transportaion revenue from Customers.
Net Profit Ratio (%)	Profit after tax	Revenue from operations	63%	54%	18%	-
Return on Capital employed (%)	Profit before tax and finance cost	Total Equity + Debt consists of borrowings + Deferred Tax Liabilities - Deferred tax assets	15%	13%	21%	-
Return on Investment (%) - Deposits	Income generated from deposits	Average invested funds in Intercompany and other deposits	7%	6%	14%	-

* Debt-equity ratio & debt service coverage ratio are not applicable since the Company does not have any borrowings as on reporting date.

48. RELATIONSHIP WITH STRUCK OFF COMPANIES

The details of transactions with companies struck off under section 248 of the Companies Act, 2013 or section 560 of the Companies Act, 1956 are as under:

Details of Struck - off investors holding equity shares in the Company:

Name of the struck off company	31 st March, 2025		31 st March, 2024	
	No. of shares held	Paid up Share Capital (in ₹)	No. of shares held	Paid up Share Capital (in ₹)
Hermoine Financial Solutions Private Limited	200	2,000	200	2,000
Arunoday Holdings Private Limited	-	-	6,858	68,580
Unickon Fincap Private Limited	5,590	55,900	5,590	55,900
Touchstone stock management Private Limited	87	870	87	870
Dreams Broking Private Limited	3	30	3	30

Details of Struck - off Companies having deposits for the Pipeline Crossing in the Company:

(₹ in Lacs)

Name of the struck off company	31 st March, 2025	31 st March, 2024
Fascel Limited	1.00	1.00

49. REGISTRATION OF CHARGES OR SATISFACTION WITH REGISTRAR OF COMPANIES (ROC)

As at the reporting dates, none of the charges or satisfaction of charges are yet to registered with ROC beyond the statutory time limit.

50. COMPLIANCE WITH NUMBER OF LAYERS OF COMPANIES

As the Company is a Government Company, in terms of section 2(45) of the Companies Act, compliance with number of layers of the companies as per section 2(87) of the Companies Act read with Companies (Restriction on number of Layers) Rules 2017, is not applicable.

51. DISCLOSURE IN RELATION TO UNDISCLOSED INCOME

There are no transactions that has been not recorded in the books of accounts and has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.

52. DETAILS OF CRYPTO CURRENCY OR VIRTUAL CURRENCY

The Company has not traded or invested in Crypto currency or Virtual Currency during the financial year and comparative period.

53. As at the balance sheet date, the Company has reviewed the carrying amounts of its assets and found that there is no indication that those assets have suffered any impairment loss. Hence, no such impairment loss has been provided.
54. Amount due for credit to Investor Education and Protection Fund is NIL (Previous year NIL).
55. In the opinion of management, any of the assets other than property, plant and equipment and non-current investments have a value on realisation in the ordinary course of business at least equal to the amount at which they are stated.

56. RECLASSIFICATION OF COMPARATIVE FIGURES

Certain reclassifications have been made to the comparative period's financial statements to:

- enhance comparability and ensure consistency with the current year's financial statements; and
- ensure compliance with the Guidance Note on Division II - Ind AS Schedule III to the Companies Act, 2013 (Revised).

The Company believes that such presentation is more relevant for understanding of the Company's performance.

However, this does not have any material impact on the profit, equity and statement of cash flows for the comparative period.

Items of Balance Sheet before and after reclassification for 2023-24:

(₹ in Lacs)

Particulars	Balance before reclassification	Reclassification amount	Balance after reclassification
Property, Plant and Equipment	288,750.36	-2,831.54	285,918.82
Right of Use Assets	-	2,831.54	2,831.54

57. COMPOSITE SCHEME OF AMALGAMATION AND ARRANGEMENT

"The Board of Directors of the Company, at its meeting held on 30th August, 2024, have approved a Composite Scheme of Amalgamation and Arrangement among Gujarat State Petroleum Corporation Limited (GSPC /Transferor Company), Gujarat State Petronet Limited (GSPL /Transferor Company), GSPC Energy Limited (GEL /Transferor Company), Gujarat Gas Limited (GGL/Transferee Company & Demerged Company) and GSPL Transmission Limited (GTL /Resulting Company) and their respective Shareholders under Sections 230 to 232 and other applicable provisions of the Companies Act, 2013 and rules made thereunder ("Scheme"). The Scheme, inter alia, provides for -

1. amalgamation of GSPC, GSPL and GEL with GGL with appointed date as 1st April, 2024;
2. post the amalgamation, demerger of "Gas Transmission Business Undertaking" into GTL with appointed date as 1st April, 2025 and
3. various other matters consequential or otherwise integrally connected therewith.

The Scheme is, inter alia, subject to sanction of the Ministry of Corporate Affairs (MCA) and receipt of necessary approvals from statutory and regulatory authorities. The Scheme will become effective and accounted upon receipt of requisite approval / orders from the competent authorities.

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6)(b) READ WITH SECTION 129(4) OF THE COMPANIES ACT, 2013 ON THE CONSOLIDATED FINANCIAL STATEMENTS OF GUJARAT STATE PETRONET LIMITED FOR THE YEAR ENDED 31st MARCH, 2025.

The preparation of consolidated financial statements of Gujarat State Petronet Limited for the year ended 31st March, 2025 in accordance with the financial reporting framework prescribed under the Companies Act, 2013(Act) is the responsibility of the Management of the Company. The Statutory Auditors appointed by the Comptroller and Auditor General of India under Section 139(5) read with Section 129(4) of the Act are responsible for expressing opinion on the financial statements under Section 143 read with Section 129(4) of the Act based on independent audit in accordance with the Standards on Auditing prescribed under Section 143(10) of the Act. This is stated to have been done by them vide their Audit Report dated 22nd May, 2025.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit of the consolidated financial statements of Gujarat State Petronet Limited for the year ended 31st March, 2025 under Section 143(6) (a) read with Section 129(4) of the Act. We conducted a supplementary audit of the financial statements of Gujarat State Petronet Limited, Gujarat Gas Limited, GSPL India Gasnet Limited, GSPL India Transco Limited, Guj Info Petro Limited and Sabarmati Gas Limited for the year ended 31st March, 2025. **Further, Section 139(5) and 143(6) of the Act are not applicable to Gujarat Gas Limited Employees Welfare Stock Option Trust and Social Welfare Trust being private entities, for appointment of their Statutory Auditor and for conduct of supplementary audit Accordingly, Comptroller and Auditor General of India has neither appointed the Statutory Auditor nor conducted the supplementary audit of these Companies.** This supplementary audit has been carried out independently without access to the working papers of the Statutory Auditors and is limited primarily to inquiries of the Statutory Auditors and Company personnel and a selective examination of some of the accounting records.

On the basis of my supplementary audit nothing significant has come to my knowledge which would give rise to any comment upon or supplement to Statutory Auditors' report under Section 143 (6)(b) of the Act.

INDEPENDENT AUDITOR'S REPORT

To,

THE MEMBERS

GUJARAT STATE PETRONET LIMITED

Report On The Audit of Consolidated Ind As Financial Statements

Opinion

We have audited the accompanying Consolidated Financial Statements of M/s **GUJARAT STATE PETRONET LIMITED** ("The Company") and its subsidiary (The Company and its subsidiaries together referred to as "the Group"), its associates and jointly controlled companies, which comprise the Consolidated Balance Sheet as at 31st March, 2025, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated IND AS Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March 2025 and their consolidated profit, their consolidated total comprehensive income, their consolidated changes in equity and their consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Consolidated Financial Statements in accordance with the Standards on Auditing ("SA") specified under Section 143 (10) of the Act. Our responsibilities under those Standards are further described in

the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated IND AS Financial Statements..

Emphasis of Matter

We Draw attention to Note Number 35 of the Consolidated IND AS Financial Statements which describe the following matters:

In a separate matter, contractual dispute under arbitration; between the company and contractors amounting ₹ 14,096.03 Lacs (Previous Year ₹ 13,264.00 Lacs), in which the Arbitration Tribunal has made judgement in favour of contractor. However, the company has filed the application under Section 34 of the Arbitration and Conciliation Act, 1996 against contractor before the Hon'ble High Court of Gujarat for setting aside the Arbitral Award, disposal of matter is pending. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements for the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the Key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1.	Contingent Liabilities Contingent liabilities are for ongoing litigation and claims with various authorities and third parties. These relate to direct tax, indirect tax, claims and legal proceeding by other parties. Contingent liabilities are considered as key audit matters as the amount involved is significant and it also involves significant management judgment to determine possible outcome and future cash outflows of these disputes. Refer Note No - 35.	Principal audit procedure: - Obtained details of disputed claims as on 31st March, 2025 from the management. - Discussed with the management about significant judgment considered in determining possible outcome and future cash outflows of these disputes. - Verified relevant documents related to disputes. - Evaluated the appropriateness of accounting policies, related disclosures made and overall presentation in the Consolidated IND AS Financial Statements in terms of IND AS 37.

Information Other Than The Consolidated Ind AS Financial Statements And Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Consolidated Financial Statements, Standalone Financial Statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management and those charged with governance for the Ind AS financial statements

The Company's Board of Directors is responsible for the matters stated in Section 134 (5) of the Act with respect to preparation and presentation of these Consolidated Financial Statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group including its Associates and Jointly controlled Companies in accordance with the accounting principles generally accepted in India, including the Ind AS specified under Section 133 of the Act. The respective Board of Directors of the companies included in the Group and of its associates and jointly controlled companies are responsible for maintenance of the adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate Internal Financial Controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Directors of the Company, as aforesaid.

In preparing the Consolidated Financial Statements, the respective Board of Directors of the companies included in the Group and of its associates and jointly controlled companies are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates and jointly controlled companies are also responsible for overseeing the financial reporting process of the Group and of its associates and jointly controlled companies.

Auditor's Responsibilities For The Audit Of The Consolidated Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143 (3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to Consolidated Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates and jointly controlled companies to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the Consolidated Financial Statements. For the business activities included in the consolidated financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the Consolidated IND AS Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated IND AS Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the Financial Results/Statements and other financial information of one subsidiary, two jointly controlled companies and one associate company included in the consolidated annual financial results, whose Financial Statements reflect for the year ended 31st March, 2025:

(₹ In Lacs)

Name of Company	Total Assets	Total Revenue	Net Cash Inflow / (Outflow)	Group Share in Net Profit/ (Loss)	Group Share in Other Comprehensive Income
Subsidiary Company					
Gujarat Gas Limited [including	12,65,111.00	17,39,326.00	(58,912.00)	62,200.00	458.25
Jointly Controlled Companies					
GSPL India Gasnet Limited	6,08,235.80	26,520.09	3,438.76	(13,796.86)	(26.45)
GSPL India Transco Limited	1,00,541.03	11,891.15	1,312.15	(412.14)	(7.95)
Associate Company					
Sabarmati Gas Limited	2,20,213.69	2,65,581.27	1,629.14	7,704.63	(3.00)

These annual financial statements and other financial information have been audited by other auditors, except for the unaudited financial results of the Associate Company, whose reports have been furnished to us and our opinion on the annual

Consolidated Ind AS financial results, to the extent they have been derived from such annual financial statements is based solely on the report of such other auditors.

Our opinion is not modified in respect of these matters.

Report on other legal and Regulatory Requirements

1. As required by Section 143 (3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Financial Statements.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of Consolidated Financial Statements.
- d) In our opinion, the aforesaid Consolidated Financial Statements comply with the IND AS specified under Section 133 of the Act.
- e) As the Company is a Government Company in terms of notification number: G.S.R. 463(E) dated 05th June, 2015, issued by Ministry of Corporate Affairs; the Sub Section (2) of Section 164 of the Act is not applicable.
- f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate report in "Annexure A" which is based on the auditor's reports of the Company and its subsidiary companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Internal Financial Control over Financial Reporting of those companies, for reasons stated therein.
- g) As the company is a Government Company, in terms of notification no. G.S.R. 463 (E) dated 5th June, 2015 issued by the Ministry of Corporate Affairs, the sub-section (16) of section 197 of the Act is not applicable to the company.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i) The Consolidated Financial Statements disclose the impact of pending litigations on the consolidated financial position of the Group, associate and jointly controlled companies. Refer Note Numbers - 35 & 54 to the Consolidated Financial Statements.

ii) The Group has made provision as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long term contracts including derivative contracts.

iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company, its subsidiary, associate and jointly controlled companies incorporated in India.

Refer Note Number - 18(ii) & 50 to the Consolidated Financial Statements.

iv) (a) The respective Managements of the Company and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding company to or in any other person or entity, including foreign entity ("Intermediaries"), which the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The respective Managements of the Company and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Holding Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us on the Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v) (a) The final dividend proposed in the previous year, declared and paid by the Holding Company during the year in accordance with Section 123 of the Act, as applicable.
- (b) The Board of Directors of the Holding Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with Section 123 of the Act, as applicable.
- Please refer to the Note Number 37 to the Consolidated Financial Statements.
- vi) Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the Financial Year ended 31st March, 2025 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with.
2. With respect to the matters specified in Paragraphs 3 (xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order"/ "CARO") issued by the Central Government in terms of Section 143 (11) of the Act, to be included in the Auditor's Report, according to the information and explanations given to us and based on the CARO report issued by other auditors of subsidiary company, associates and jointly controlled companies included in the Consolidated IND AS Financial Statements of the Company, to which reporting under CARO is applicable, we rely upon the respective reporting done by their auditors, so far as per the availability of audit reports.

“ANNEXURE A” TO THE INDEPENDENT AUDITOR’S REPORT

Report on The Internal Financial Controls Under Clause (i) of Sub-section 3 of Section 143 of The Companies Act, 2013 (‘the Act’)

In conjunction with our audit of the Consolidated IND AS Financial Statements of the Company as of and for the year ended 31st March, 2025, we have audited the Internal Financial Controls over Financial Reporting of M/s **GUJARAT STATE PETRONET LIMITED** (‘the Company’) and its subsidiary, associate and jointly controlled companies which are companies incorporated in India, as of that date.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Company its subsidiary, associate and jointly controlled companies, which are companies incorporated in India, are responsible for establishing and maintaining Internal Financial Controls based on the Internal Control over Financial Reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Internal Financial Controls with reference to Consolidated Financial Statements of the Company and its subsidiary companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the ‘Guidance Note’) issued by the Institute of Chartered Accountants of India (“ICAI”) and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of Internal Financial Controls, both applicable to an audit of Internal Financial Controls with reference to Consolidated Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate Internal Financial Controls over Financial Reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the Internal Financial Controls System with reference to Consolidated Financial Statements and their operating effectiveness. Our audit of Internal Financial Controls with reference to Consolidated Financial Statements included obtaining an understanding of Internal Financial Controls over Financial Reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors’ judgment, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the other matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company’s Internal Financial Controls with reference to Consolidated Financial Statements of the Company and its subsidiary companies, which are companies incorporated in India.

Meaning of Internal Financial Controls over Financial Reporting

A company’s Internal Financial Control with reference to Consolidated Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A company’s Internal Financial Control with reference to Consolidated Financial Statements includes those policies and procedures that:

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of the management and directors of the Company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company’s assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of Internal Financial Controls with reference to Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the Internal Financial Controls with reference to Consolidated Financial Statements to future periods are subject to the risk that the Internal Financial Controls with reference to Consolidated Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate Internal Financial Controls over Financial Reporting and such Internal Financial Controls with reference to Consolidated Financial Statements were operating effectively as at 31st March, 2025, based on the Internal Financial Controls with reference to Consolidated Financial Statements criteria for internal financial control with reference to Consolidated Financial Statements established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid reports under Section 143 (3) (i) of the Act on the adequacy and operating effectiveness of the Internal Financial Controls over Financial Reporting in so far as it relates to one subsidiary, one associate and two jointly controlled companies which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

As per our report of even date attached										

As per report of even date attached

Purpose of Reserves:

- (i) **Securities Premium:** Securities premium is used to record the premium on issue of shares. The reserve is utilized in accordance with the provisions of the Companies Act, 2013.
- (ii) **General Reserve:** General reserve is created from time to time by way of transfer of profits from retained earnings for appropriation purposes. General reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income.
- (iii) **Amalgamation & Arrangement Reserve:** The "Amalgamation and Arrangement Reserve" created pursuant to scheme of amalgamation and arrangement is treated as free reserve based on the judgment of H'ble Gujarat High Court dated 18th April 2015 read with relevant other court decisions.
- (iv) **Capital Reserve:** The capital reserve denotes the reserve accounted at the time of acquisition of equity shares of associate and joint ventures.
- (v) **Capital Reserve on common control business combination:** The reserve is created on account of consolidation of Gujarat Gas Limited as a subsidiary using pooling of interest method under Appendix C to Ind AS 103 Business Combination.
- (vi) **Retained Earnings:** The amount that can be distributed by the Group as dividends to its equity shareholders out of accumulated reserves is determined considering the requirements of the Companies Act, 2013. Thus, the closing balance amounts reported above are not distributable in entirety.
- (vii) **Equity Instruments through Other Comprehensive Income :** The Group has elected to recognise changes in the fair value of certain investments in equity securities in other comprehensive income. These changes are accumulated within the Equity Investments through OCI reserves.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2025

1. Corporate Information

Gujarat State Petronet Limited (GSPL, or “The Company”) is a public limited company domiciled in India and incorporated under the provisions of the Companies Act, 1956. GSPL is a Government Company u/s 2(45) of Companies Act, 2013. Its shares are listed on Bombay Stock Exchange and National Stock Exchange in India. The registered office of the Company is situated at GSPC Bhavan, Behind Udyog Bhavan, Sector - 11, Gandhinagar - 382010, Gujarat. The Company, along with its subsidiaries, is referred as “the Group”. The Group has further investments in joint ventures and associates.

The Group is primarily engaged in transmission of natural gas through pipeline on an open access basis from supply points to demand centers and then eventual distribution to end customers. Further, the Group is also engaged in the business of implementing and operating City Gas Distribution, trading of natural gas and generation of electricity through Windmills.

Authorization of financial statements

The Consolidated Financial Statements (the financial statements) were approved and authorized for issue in accordance with a resolution passed in Board of Directors meeting held on 22nd May, 2025.

2. Material Accounting Policies Information

This note provides a list of the material accounting policies adopted in the preparation of these consolidated financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of preparation

- (i) The financial statements have been prepared in accordance and comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with Companies (Indian Accounting Standards) Rules, 2015 and relevant provisions of the Act (as amended from time to time). List of investee companies considered in preparation of the financial statements have been summarised below:

Name of investee companies	Relation with the Company	Proportion of effective ownership interest as at 31 st March, 2025	Proportion of effective ownership interest as at 31 st March, 2024
Gujarat Gas Limited (GGL)	Subsidiary	54.17%	54.17%
GSPL India Gasnet Limited (GIGL)	Joint Venture	52.00%	52.00%
GSPL India Transco Limited (GITL)	Joint Venture	52.00%	52.00%
Guj Info Petro Limited	Associate	27.05%	27.05%
Sabarmati Gas Limited (SGL)	Associate	27.47%	27.47%

This financial statement has been prepared as a going concern on accrual basis of accounting using historical cost convention except certain financial assets & financial liabilities and measured at fair value.

- (ii) The preparation & presentation of financial statements requires management to make certain judgments, estimates and assumptions that affect the amounts reported in the consolidated financial statement and notes thereto. Such estimates and assumptions are based on management's evaluation of relevant facts and circumstances as on the date of consolidated financial statement. The actual outcome may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to the accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the consolidated financial statement are as below:

- Useful lives of property, plant and equipment (including right of use assets) and intangible assets
- Identifying performance obligations under contracts with customers
- Timing of revenue recognition under contracts with customers
- Recognition and measurement of unbilled gas sales revenue
- Contingent liabilities and assets
- Measurement of Defined Benefit Obligations
- Provisions and contingencies
- Impairment of Financial and Non-Financial assets
- Fair valuation of financial instrument
- Estimation of contractual cash flows and discount rate for measurement of security deposits received from the customers
- Identification of investment properties
- Current tax and Deferred tax asset / liabilities recognition
- Assessment of existence of control, joint control or significant influence over an investee
- Definition of lease, lease term and discount rate for the calculation of lease liability

- (iii) All values are rounded to the nearest rupees in Lacs, except where otherwise indicated.

(b) Principles of consolidation

Subsidiaries

Subsidiaries are entities controlled by the Group. Control exists when the parent has power over the entity, is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns. The financial statements of the subsidiaries are included in the financial statement from the date on which control commences until the date on which the control ceases.

Subsidiaries are consolidated by combining like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. The intra-company balances and transactions including unrealized gain / loss from such transactions are eliminated upon consolidation. This consolidated financial statement is prepared by applying uniform accounting policies in use. Non-controlling interests ("NCI") which represent part of the net profit or loss and net assets of subsidiaries that are not, directly or indirectly, owned or controlled by the Group, are excluded.

Changes in the Group's equity interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions.

Associates

Associates are all entities over which the Group has significant influence but not control or joint control. Assessment of whether the Group has significant influence or not is made based on Ind AS 28 – *Investments in Associates and joint ventures*, which requires duly considering potential voting rights if any. Investments in associates are accounted for using the equity method, after initially recognised at cost.

Joint arrangements

Investments in joint arrangements are classified as either joint operations or joint ventures. The classification depends on the contractual rights and obligations of each investor, rather than the legal structure of the joint arrangement. The Group has investments in joint ventures which are accounted using the equity method based on requirements of Ind AS 111 – *Joint arrangements*, after initially being recognised at cost in the consolidated balance sheet.

Equity method

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses of the investee in profit and loss, and the Group's share of other comprehensive income of the investee in other comprehensive income.

Any excess/short of the amount of investments in associate or joint venture over the Group's portion of in net assets of associate or joint venture, at the date of investments is considered as goodwill/ capital reserve.

Dividends received or receivable from associates and joint ventures are recognised as a reduction in the carrying amount of the investment. When the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the Group and its associates and joint ventures are eliminated to the extent of the Group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred.

Accounting policies of joint ventures and associates are similar to the Group's accounting policies, therefore, no adjustment is required for the purposes of preparation of these consolidated financial statements. The financial statements of joint ventures and associates are prepared up to the same reporting date as that of the Group i.e. 31st March, 2025. The carrying amount of equity accounted investments are tested for impairment in accordance with the policy described in accounting policies below.

(c) Property, plant and equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at cost net of recoverable taxes, less accumulated depreciation and accumulated impairment loss, if any.

The cost of Property, Plant and Equipment comprises of its purchase price or construction cost, any costs directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by management, the initial estimate of any decommissioning obligation, if any, and borrowing costs for assets that necessarily take a substantial period of time to get ready for their intended use. These costs include expenditure of pipelines, plant and machinery, cost of laying of pipeline, cost of survey, commissioning and testing charge, detailed engineering and interest on borrowings attributable to acquisition of such assets. The gas distribution networks are treated as commissioned when supply of gas commences to the customer(s). Considering the voluminous data and materiality involved, the Pipeline Network & connection equipment projects assets are capitalized at the end of the month in which the asset is commissioned and completed.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment. The Group has identified, reviewed, tested and determined the componentisation of the significant assets.

Assets installed at customer premises, including meters and regulators where applicable, are recognised as property plant and equipment if they meet the definition provided under Ind AS 16, subject to materiality as determined by the management and followed consistently.

Capital Work-in-progress (CWIP) includes expenditure that is directly attributable to the acquisition / construction of assets, which are yet to be commissioned, and project inventory.

Any item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is charged to the consolidated statement of profit and loss when the asset is derecognised.

On transition to Ind AS, the Company had elected to carry forward the previous GAAP net carrying value of all its property, plant and equipment recognized as at 1st April, 2015 as the deemed cost.

(d) Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Subsequently, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

Intangible assets which are expected to provide future enduring economic benefits are capitalized as Intangible Assets.

Any item of intangible assets is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the intangible asset (calculated as the difference between the net disposal proceeds and the carrying amount of the intangible asset) is charged to the consolidated statement of profit and loss when the intangible asset is derecognised.

On transition to Ind AS, the Company had elected to carry forward the previous GAAP net carrying value of all its intangible assets recognized as at 1st April, 2015 as the deemed cost.

(e) Investment properties

Investment properties comprise portions of land and building or part thereof (including right of use of asset held by the company as lessee) that are held for rental or for capital appreciation or both. An investment property generates cash flow largely independently of the other assets held by the Group.

Property used in production or supply of goods or services and also held to earn rentals / capital appreciation is accounted separately as investment property only if portion of property held to earn rental / capital appreciation can be sold separately (or leased out separately under a finance lease). If the portions could not be sold separately, the property is investment property only if an insignificant portion is held for use in the production or supply of goods or services or for administrative purposes. Further property with provision of ancillary services to the occupants is treated as investment property if the services are insignificant to the arrangement as a whole. Investment property shall be recognised as an asset when and only when: (a) it is probable that the future economic benefits that are associated with the investment property will flow to the entity; and (b) the cost of the investment property can be measured reliably.

Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed to Statement of Profit and Loss as and when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognised.

(f) Depreciation and Amortisation

Depreciation is provided using a method that reflect the pattern in which the asset's future economic benefits are expected to be consumed by the Group based on the useful life prescribed in Schedule II to the Companies Act 2013. City gas stations, skids, pressure regulating stations, meters and regulators are estimated to have useful life of 18 years based on technical assessment made by technical expert and management. Cost of lease-hold land is amortized equally over the period of lease.

The useful lives, residual values and method of depreciation are reviewed by the management at each financial year end and revised/adjusted prospectively, if appropriate.

Based on management estimate, residual value of 5% is considered for respective tangible assets except for the Pipeline Network assets which are shown as the Plant and Equipment at Note No. 3 - Property, Plant and Equipment where the residual value is considered to be NIL as the said assets technically and commercially not feasible to remove from underground.

Depreciation on assets acquired / disposed off during the year is provided on pro-rata basis with reference to the date of addition / disposal. Assets costing up to ₹5,000/- and Books are depreciated fully in the year of purchase / capitalization.

In case of Property, Plant and equipment, the right-of-use asset under Ind AS 116 Leases is depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the underlying asset or the end of the lease term.

Intangible assets are amortized over their individual estimated useful lives using a method that reflect the pattern in which the asset's future economic benefits are expected to be consumed by the Group.

For intangible assets, Right of Use in land for laying pipelines is indefinite life and hence it is not amortised. However, the same is tested for impairment annually. Right of Way (ROW) is amortised over 30 years on straight line method as the same is inextricably linked and dependent on useful life of gas transmission pipeline(s).

The Group has constructed / installed CNG stations, buildings and machineries, on land taken on lease from various lessors under lease deed for periods ranging from 35 years to 99 years. However, assets constructed / installed on such land have been depreciated at useful lives as referred above. Capital assets /facilities installed at the customers' premises on the land of the customers/CNG franchisee whose ownership is not with the Group have been depreciated at the useful lives specified as above.

(g) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

A financial asset is recognised in the Balance Sheet when the Group becomes party to the contractual provisions of the instrument. At initial recognition, the Group measures a financial asset at its fair value plus or minus, in the case of a financial asset not measured at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial asset except trade receivables (not containing significant financing component) are measured at transaction price.

Subsequent measurement

For purpose of subsequent measurement, financial assets are classified into:

- A. Financial assets measured at amortised cost;
- B. Financial assets measured at fair value through other comprehensive income (FVOCI); and
- C. Financial assets measured at fair value through profit or loss (FVTPL); and

The Group classifies its financial assets in the above-mentioned categories based on:

- (i) The Group's business model for managing the financial assets, and
- (ii) The contractual cash flows characteristics of the financial asset.

A. Financial assets measured at amortised cost

A financial asset is measured at amortised cost if both of the following conditions are met:

- (i) The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- (ii) The contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade and other receivables.

B. Financial assets measured at fair value through other comprehensive income (FVOCI)

A financial asset is measured at fair value through other comprehensive income if both of the following conditions are met:

- (i) The financial asset is held within a business model whose objective is achieved by both collecting the contractual cash flows and selling financial assets; and
- (ii) The asset's contractual cash flows represent SPPI.

C. Financial assets measured at fair value through profit or loss (FVTPL)

FVTPL is a residual category. Any financial asset, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified as at FVTPL. In addition, the Group may elect to designate a financial asset, which otherwise meets amortized cost or FVOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Equity instruments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Group has opted for an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Group decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Group may transfer the cumulative gain or loss within equity. Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Group's consolidated balance sheet) when:

- A. The contractual rights to the cash flows from the financial asset have expired, or
- B. The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through arrangement; and either
 - a. The Group has transferred substantially all the risks and rewards of the asset, or
 - b. The Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets

In accordance with Ind AS 109, the Group applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- (i) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, and bank balance.
- (ii) Trade receivables and contract asset that result from transactions that are within the scope of Ind AS 115.
- (iii) Lease Receivables.

Expected credit losses are measured through a loss allowance at an amount equal to:

- The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full time expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

The Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables / contract assets which do not contain a significant financing component.

The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date adjusted appropriately to reflect the estimated expected losses.

Financial Liabilities***Initial recognition and measurement***

Financial liabilities are classified, at initial recognition, as financial liabilities measured at fair value through profit or loss and financial liabilities measured at amortised cost as appropriate.

All financial liabilities are recognised initially at fair value and, in case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables, loan and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Subsequent measurement

A. Financial liabilities measured at amortised cost

B. Financial liabilities subsequently measured at fair value through profit or loss (FVTPL)

Financial liabilities measured at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognised in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk is recognized in OCI. These gains/ losses are not subsequently transferred to P&L. However, the Group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the consolidated statement of profit and loss. The Group has not designated any financial liability as at fair value through profit and loss.

Trade and other payables

These amounts represent liability for goods and services provided to the Group prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

Lease liabilities

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group's incremental borrowing rate. Subsequently, the lease liability is measured at amortised cost using the effective interest rate method.

Modification of financial liabilities

The Group reassesses the estimated contractual cash flows associated with each financial liability at each reporting date. On revision of estimated cash flows, the Group adjusts the amortised cost of a financial liability to reflect actual and revised estimated contractual cash flows. The Group recalculates the gross carrying amount of the amortised cost of the financial liability as the present value of the estimated future contractual cash flows that are discounted at the original effective interest rate. The adjustment is recognised in income or expense in Statement of Profit and Loss.

Derecognition

Financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The terms are substantially different if the discounted present value of the cash flows under the new terms, discounted using the original effective interest rate, is at least 10 per cent different from the discounted present value of the remaining cash flows of the original financial liability. The difference in the respective carrying amounts is recognised in the Consolidated Statement of Profit and Loss.

Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Consolidated Balance Sheet when, and only when, there is a legally enforceable right to offset the recognised amount and there is intention either to settle on net basis or to realise the assets and to settle the liabilities simultaneously.

(h) Fair Value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- (i) In the principal market for the asset or liability, or
- (ii) In the absence of a principal market, in the most advantageous market for the asset or liability.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, if market participants act in their best economic interest.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

(i) Inventories

Inventories including stock of stores, spares, consumables and line pack gas not meant for sale in ordinary course of business are valued at weighted moving average cost. Inventory of Gas held for sale under City Gas Distribution Network is valued at lower of weighted average cost and net realizable value.

(j) Employee Benefits

Short term employee benefits obligations:

Short-term employee benefits are recognized as an expense in the consolidated statement of Profit and Loss for the year in which related services are rendered.

Post-employment benefits and other long term employee benefits:

The Group has participated in- Group Gratuity scheme of HDFC Standard Life Insurance Company Limited /Life Insurance Corporation of India. It also contributes for post-retirement medical benefits. The liability in respect of gratuity benefits and post-retirement medical benefits, being defined benefit schemes, payable in future, are determined by actuarial valuation carried out using projected unit credit method as on the Consolidated balance sheet date and actuarial gains/(losses) after adjustment of planned assets are charged to the Other Comprehensive Income for the year.

Moreover, the liability in respect of leave encashment being other long term employee benefits, payable in future, are also determined by actuarial valuation carried out using projected unit credit method as on the Consolidated balance sheet date and actuarial gains/(losses) are charged as employee benefit expenses in the Consolidated Statement of Profit and Loss for the year. Retirement benefits in the form of provident fund, National Pension Scheme and defined superannuation fund which are defined contribution schemes are accrued in accordance with statutes and deposited with respective authority/agency and charged to the Consolidated Statement of Profit and Loss account for the year, in which the contributions to the respective funds accrue.

(k) Borrowing Cost

The Group is capitalising borrowing costs (including interest expenses on lease liabilities) that are directly attributable to the acquisition or construction of qualifying assets. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. For borrowing cost capitalisation, the capital cost of a particular project is identified against a borrowing in terms of period of construction and the borrowing cost for the relevant period is added to the capital cost till the particular project is capitalised and thereafter the interest is charged to the Consolidated Statement of Profit and Loss. All other borrowing costs are recognized as expense in the period in which they are incurred and charged to the Consolidated Statement of Profit and Loss. Investment income earned on the temporary investment of specific borrowing pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

(l) Foreign Currency Transactions

Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Group operates ('the functional currency'). The Consolidated financial statements are presented in Indian rupee (INR), which is Group's functional and presentation currency.

Transactions and balances

Transactions denominated in foreign currencies are initially recorded at the exchange rate prevailing at the time of transaction. Monetary assets and liabilities denominated in foreign currencies at year-end are reported at exchange rate prevailing on the reporting date. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates prevailing at the time of the initial transactions. Exchange differences arising on settlement or translation of monetary items are recognised in Consolidated Statement of Profit and Loss.

(m) Revenue Recognition

Revenue from contracts with customer:

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer. The Group assesses promises in the contract to identify separate performance obligations to which a portion of the transaction price is allocated.

Revenue is measured based on the amount of consideration to which the Group expects to be entitled in exchange of service. The transaction price includes Excise Duty, however it excludes amount collected on behalf of third parties such as Goods and Service Tax (GST), Value Added Tax (VAT) etc. which the Group collects on behalf of the Government.

In determining the transaction price, the Group estimates the variable consideration to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognized will not occur when the uncertainty associated with the variable consideration is subsequently resolved.

The Group recognized revenue from each distinct goods or service over time if the customer simultaneously receives and consumes the benefits provided by the Group's performance as it performs.

Revenue from transmission of gas through pipeline is recognized over the period in which the related services are performed. Customers are billed on a fortnightly basis.

Revenue from the sale of Natural Gas is recognized at the point in time when the control is transferred to the customer, generally on delivery of the gas on metered/assessed measurement facility. Sales are billed bi-monthly for domestic customers, monthly/fortnightly for commercial and non-commercial customers and fortnightly / 10 days basis for industrial customers.

Revenue from the sale of Compressed Natural Gas (CNG) is recognized at the point in time when control is transferred to the customer, generally on delivery of the gas to consumers from retail outlets and is billed weekly / fortnightly cycle in case of OMC customers.

Revenue recognised towards supply of natural gas already occurred for the period from the end of the last billing date to the balance sheet date has been reflected under Contract Asset (as unbilled revenue) which is calculated based on customer wise previous average consumption.

Commitments (take or pay charges) income from customers for gas sales and gas transmission is recognised on accrual basis in the period to which it relates.

In case of industrial customers, non-refundable charges for initial or additional gas connection collected from the customers is deferred over the period of contract with respective customers and in case of domestic & commercial customers is deferred over the useful life of the asset.

Revenue from the sale of electricity is recognised at the point in time when control is transferred to the customer, generally on delivery at metered/assessed measurements facility.

Revenue in respect of interest/ late payment charges on delayed realizations from customers and cheque bounce charges, if any, is recognized on grounds of prudence and on the basis of certainty of collection.

Contract assets are the right to consideration in exchange for goods or services transferred to the customer. Contract liability is the entity's obligation to transfer goods or services to a customer for which the entity has received consideration from the customer in advance. Contract assets (unbilled receivables) are transferred to receivables when the rights become unconditional and contract liabilities are recognised as and when the performance obligation is satisfied.

Other income

Investment property rental income is recognised as revenue on an accrual basis as per the terms of the underlying contract with customers.

Liquidated damages, if any, are recognized at the time of recording the purchase of materials in books of accounts and the matter is considered settled by the management.

Dividend income is recognised when the right to receive the dividend is established by the reporting date.

All other revenues are recognised when it can be reliably measured, and it is reasonable to expect ultimate collection.

Interest income is recognised using Effective Interest Rate (EIR) method.

(n) Taxation

Income taxes

Provision for current tax is calculated on the basis of the Income tax law enacted or substantively enacted at the end of the reporting period.

Income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Current tax assets and tax liabilities are offset where the Group has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and considers whether it is probable that a taxation authority will accept an uncertain tax treatment. The Group measures its tax balances either based on the most likely amount or the expected value, depending on which method provides a better prediction of the resolution of the uncertainty.

Deferred Taxes

Deferred tax is provided, on temporary difference arising between the tax bases of the assets and liabilities and their carrying amounts in Consolidated Financial Statements, using tax rates & laws that have been enacted or substantially enacted at the end of the reporting period.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable profits will be available to utilise the same.

Deferred tax is not recognised for all taxable temporary differences between the carrying amount and tax bases of investments in subsidiaries, branches and associates and interest in joint arrangements where it is probable that the differences will not reverse in the foreseeable future.

Any tax credit available under the provision of the Income Tax Act, 1961 is recognised as deferred tax to the extent that it is probable that future taxable profit will be available against which the unused tax credits can be utilised. The said asset is created by way of credit to the Consolidated Statement of Profit and Loss and shown under the head deferred tax asset.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset the same and when the balances relate to the same taxation authority.

Current and deferred tax is recognised in the Consolidated Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity, in which case, the tax is also recognised in other comprehensive income or directly in equity.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to utilize all or part of the deferred tax asset. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will be available to utilize the deferred tax asset.

(o) Impairment of non-financial assets

At each consolidated balance sheet date, the Group reviews the carrying amounts of its assets to determine whether there is any indication that those assets suffered any impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of impairment loss. Recoverable amount is the higher of an asset's net selling price and value in use. In assessing value in use, the estimated future cash-flow expected from the continuing use of the assets and from its disposal is discounted to their present value using a pre-tax discount rate that reflects the current market assessments of time value of money and the risk specific of the assets. An asset is treated as impaired when the carrying cost of asset exceeds its recoverable value. Impairment losses of continuing operations, including impairment on inventories, are recognised in the Statement of Profit and Loss, except for properties previously revalued with the revaluation surplus taken to Other Comprehensive Income (OCI). For such properties, the impairment is recognised in OCI up to the amount of any previous revaluation surplus.

(p) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

When the Group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the Consolidated Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Decommissioning costs are provided at the present value of expected costs to settle the obligation using estimated cash flows and are recognised as part of the cost of the particular asset. The cash flows are discounted at a current pre-tax rate that reflects the risks specific to the decommissioning liability. The unwinding of the discount is expensed as incurred and recognised in the consolidated statement of profit and loss as a finance cost. The estimated future costs of decommissioning are reviewed annually and adjusted as appropriate. Changes in the estimated future costs or in the discount rate applied are added to or deducted from the cost of the asset.

Contingent liabilities are not recognized in the consolidated financial statements but are disclosed by way of notes to accounts unless the possibility of an outflow of economic resources is considered remote.

Contingent assets are not recognized in consolidated financial statements. However, the same is disclosed, where an inflow of economic benefit is probable.

(q) Leases

The Group assess whether a contract contains a lease, at the inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether (i) the contract involves the use of identified asset; (ii) the Group has substantially all of the economic benefits from the use of the asset through the period of lease and (iii) the Group has right to direct the use of the asset.

The Group evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. The Group uses judgement in assessing the lease term (including anticipated renewals / termination options).

As a lessee

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the lease liability recognized adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the underlying asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease or, if that rate cannot be readily determined. After the commencement date, lease liability is increased to reflect the accretion of interest and reduced for the lease payment made.

Lease payments included in the measurement of the lease liability comprises of fixed payments, including in-substance fixed payments, amounts expected to be payable under a residual value guarantee and the exercise price under a purchase option that the Group is reasonably certain to exercise, lease payments in an optional renewal period if the Group is reasonably certain to exercise an extension option.

The lease liability is measured at amortised cost using the effective interest method. Modifications to a lease agreement beyond the original terms and conditions are generally accounted for as a re-measurement of the lease liability with a corresponding adjustment to the ROU asset. Any gain or loss on modification is recognized in the Statement of Profit and Loss. However, the modifications that increase the scope of the lease by adding the right to use one or more underlying assets at a price commensurate with the stand-alone selling price are accounted for as a separate new lease. In case of lease modifications, discounting rates used for measurement of lease liability and ROU assets is also suitably adjusted.

Short-term leases and leases of low-value assets

The Group has elected not to recognise right-of-use assets and lease liabilities for short term leases that have a lease term of less than or equal to 12 months with no purchase option and assets with low value leases. The Group recognises the lease payments associated with these leases as an expense in Statement of Profit and Loss over the lease term.

As a lessor

Leases for which the Group is a lessor is classified as finance or operating leases. When the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Finance lease

All assets given on finance lease are shown as receivables at an amount equal to net investment in the lease. Principal component of the lease receipts is adjusted against outstanding receivables and interest income is accounted by applying the interest rate implicit in the lease to the net investment.

The Group has a scheme of providing certain assets viz. mobiles, laptops, vehicles to their employees. Under the said scheme, the Group initially purchases the asset which is transferred to an employee after a specified period at book value on that date. As this arrangement has element of finance lease, the Group has derecognised the items of PPE given to employees & reclassified it as finance lease. The difference between the cost of the asset and present value (or absolute value if the present value is not material) of the consideration to be received from the employee over the lease term and at the time of transfer of ownership in the future is recognised as an employee cost over the period.

Operating lease

Lease income from operating leases where the Group is a lessor is recognised as income on a straight-line basis over the lease term. In case of modification of contractual terms, the same is accounted as a new lease, considering any prepaid or accrued lease payments relating to the original lease as part of the lease payments for the new lease.

(r) Non-Current Assets Held for Sale

Non-current assets or disposal groups are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and when a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell. Once classified as held for sale, intangible assets and property, plant and equipment are no longer amortised or depreciated.

(s) New and revised Indian Accounting Standards in issue but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended 31st March 2025, MCA has not notified any new standards or amendments to the existing standards applicable to the Group.

(₹ in Lacs)

(i) Contractual Obligation

(ii) Capital Work in Progress Ageing Schedule

(₹ in Lacs) As on 31st March, 2024

(iii) The Group does not have any assets under capital work in progress whose completion is overdue or whose costs have exceeded its original plan for assets pertaining to its transmission business. For city gas distribution business, the Group is engaged in the business of City Gas Distribution (CGD) in India which involves distribution of gas from sources of supply to the end user customers. The CGD project is designed considering demand, supply and future requirements based on the facilities envisaged for CGD network in authorised areas for 25 years on the basis of authorization from Petroleum and Natural Gas Regulatory Board (PNGRB) to lay, build, operate or expand city or local natural gas distribution network. On the basis of demand projections, the CGD network is planned. Project execution plans are modulated on the basis of continuous ongoing expansion and all the projects are executed and expanded on ongoing basis as per rolling annual plan. Hence, it is considered that there is no project whose completion is overdue or has exceeded its cost compared to its original plan.

(iv) Refer Note 39 on borrowing costs capitalised during the year.

(₹ in Lacs)

Particulars	2024-25	2023-24
Rental income	130.81	-
Profit from investment properties	130.81	-

During the current financial year 2024-25, the Group has received ₹ 58.00 Lacs for rental income from tenant towards previous year.

(ii) Contractual Obligations

The Group has no contractual obligations to purchase, construct or develop investment property or for its repair, maintenance or enhancements.

(iii) Leasing Arrangements

The investment property is leased to tenants under long term operating leases with rentals payable annually as per the formula given in the agreement executed by both the parties. The lease period is 10 years (extendable as mutually agreed). Either party can terminate the agreement by giving 6 months notice (Non cancellable period). The future lease payments receivables can not be determined as the amount of rent is dependent on variable lease payment factors.

(iv) Fair Value

(₹ in Lacs)

Particulars	As at 31 st March, 2025	As at 31 st March, 2024
Freehold Land	2,269.52	900.00
Building	184.54	-
Total	2,454.06	900.00

The fair value of investment property is based on the valuation by a registered valuer as defined under rule 2 of Companies (Registered Valuers and Valuation) Rules, 2017. The Group obtains independent valuations for its investment properties once in every three to five years interval.

Hence, it is considered that there is no project whose completion is overdue or has exceeded its cost compared to its original plan.

(iii) Contractual Obligations

Refer Note 36 for disclosure of contractual commitments for the acquisition of intangible assets.

(iv) Right of Way:

Right of Way (ROW) is amortised over 30 years on straight line method as the same is inextricably linked and dependent on useful life of gas transmission pipeline(s).

(v) Right of use (ROU):

The Group acquires the 'right of use' (hereinafter referred to as 'ROU') for the purpose of laying and maintenance of the underground pipeline and vests in the Group and the Group has the right to use the same in the manner for which it has been acquired. The acquisition of ROU is governed by the legal process as per the Act, the Group has paid the compensation /consideration of the ROU - land determined by the competent authority under the Act and any person authorized by the Group, have unrestricted right of entry and lay pipeline or do any other act necessary for the purpose of laying of pipeline. The Group has disclosed the cost incurred for acquisition of ROU as 'Right of Use' in the Intangible Asset schedule. Right of Use has an indefinite life and hence it is not amortised. However, the same is tested for impairment annually.

**Includes RoU of ₹ 12,464.40 Lacs (31st March, 2024: ₹ 12,111.61 Lacs)

Terms/Rights attached to Equity Shares

The Company has only one class of equity shares having a face value of ₹ 10 per share. Each holder of equity share is entitled to one vote per share. The Company declares and pays dividend in Indian Rupees. The dividend proposed by the Board of Directors is subject to the approval of shareholders in the ensuing Annual General Meeting.

During the year ended 31st March, 2025, the amount of dividend per share recognised as distribution to equity shareholders is ₹ 5 per share (31st March, 2024 : ₹ 5 per share).

In the event of liquidation of the Company, the holders of equity shares will be entitled to remaining assets of the Company. The distribution will be in proportion to the number of equity shares held by the shareholders.

* Refer note 44 - Financial instruments, fair values and risk measurement

(i) Security deposit from customers

The Group obtains security deposits from the customers under contractual terms. These deposits are non-interest bearing and repayable after fixed tenure from date of receipt of deposit / agreement or date of first gas transportation date. These security deposits are measured and recognized at fair value (i.e. present value of estimated contractual cash flows) on initial recognition and subsequently measured at amortised cost. For deposits those are repayable after fixed tenure from the first gas transportation, the first gas transportation date was estimated as 6 months from the date of receipt of deposit. During the current financial year, the Group reassessed and considered the actual gas transportation date to determine the repayment date of deposit. The Group determined the amortised cost of these deposits based on revised contractual cash flows and accounted the consequential impact of ₹ 435.18 Lacs (PY: ₹ Nil) under the finance costs.

- (ii) The balance with the bank for unpaid dividend is not available for use by the Group and the money remaining unpaid will be deposited in Investor Protection and Education Fund u/s 124(5) of Companies Act, 2013 after the expiry of seven years from the date of declaration of dividend. No amount is due at the end of the period for credit to Investors education and protection fund.

35. CONTINGENT LIABILITIES & CONTINGENT ASSETS

(₹ in Lacs)

Sr. No.	Particulars	As at 31 st March, 2025	As at 31 st March, 2024
A	Claims against Group not acknowledged as debts[#]		
1	By land owners seeking enhancement of compensation in respect of RoU acquired by the Group	1,666.99	2,200.04
2	By other parties including contractual disputes (Refer (i))	62,921.50	62,193.10
3	Central Excise and Service Tax matters (Applicable interest & penalty has also been demanded by Department) ^{**}	42,675.52	42,552.32
4	Income tax matters ^{**}	3,449.25	2,507.02
B	Guarantees excluding financial guarantees	-	-

[#] The Group is subject to legal proceeding and claim, which have arisen in the ordinary course of business. The Group reasonably expects that these claims, when ultimately concluded and determined, will not have material and adverse effect on Group's results of operations or financial position.

The Group is contesting the demands and the management including its advisors believe that its position is likely to be upheld in the appellate process. No tax expense has been accrued in the financial statements for the tax demand raised. The management believes that the ultimate outcome of these proceedings will not have a material adverse effect on the Group's financial position and results of operations."

^{**} For Gujarat State Petronet Limited, out of this, for direct taxes, ₹ 1,046.81 Lacs (31st March, 2024: ₹ 1,046.81 Lacs) and for Indirect taxes ₹ 6,885.39 Lacs (31st March, 2024 : ₹ 6,885.39 Lacs) has been adjusted by the Tax Department against the tax refunds received by the Group.

*Refer Note 54 for details of associate and joint venture companies.

(i) Claims / Litigations against the group not acknowledged as debt includes the following major matters:

- UPL Limited (UPL) a customer of erstwhile Gujarat Gas Company Limited (GGCL) (now known as Gujarat Gas Limited) had filed a complaint before Petroleum and Natural Gas Regulatory Board (PNGRB) against erstwhile GGCL alleging charging of tariff illegally under the City Gas Network Distribution Agreement entered into between the parties and filed claim of approx. ₹ 7,698 Lacs (PY: ₹ 7,698 Lacs). The matter was decided against the Group by PNGRB vide its Order dated 20th October, 2014. The Group had preferred an appeal at Appellate Tribunal for Electricity (APTEL) against the aforementioned PNGRB Order.

APTEL has delivered final judgement on 10th March, 2021 in favour of the Group by setting aside the aforementioned PNGRB Order, and has recorded that invocation of HAPI tariff by PNGRB for the negotiated arrangement between the parties was not only against the letter and spirit of regulations defining tariff zone but also tantamount to rewriting of contract.

UPL has preferred an appeal before the Hon'ble Supreme Court of India against the order of APTEL dated 10th March, 2021. Presently, the matter is pending before Hon'ble Supreme Court of India.

- b) One of the gas suppliers of the Group has submitted claims of ₹ 21,227 Lacs (P. Y. ₹ 21,227 Lacs), for use of allocated gas for other than specified purpose, related to FY 2013-14 to FY 2021-22 and no claim received from supplier for FY 2022-23, FY 2023-24 and FY 2024-25. The Group has refuted this erroneous claim and also there is no contractual provisions of the agreement executed with Group that allow such claim. The management is of the firm view that the Group is not liable to pay any such claim. The Group has already taken up the matter with concerned party to withdraw the claim.
- c) The Group has initiated an arbitration proceeding against one of the franchisees claiming compensation for loss of revenue. While replying to the claim, the said franchisee has also filed a counter claim of ₹ 17,714 Lacs (P. Y. ₹ 17,714 Lacs) against the Group claiming compensation for various losses. The Group has filed necessary rejoinder to the counter claim strongly refuting the same mainly on the grounds that the claims are wrong and without merits as are not flowing from the same agreement under which the arbitral tribunal has been constituted. Currently arbitral proceedings of this matter is pending before the sole arbitrator.
- d) By other parties including contractual disputes which led to arbitration proceedings between (a) the Group and M/s Fernas Construction Company Inc. (FCCI) amounting ₹ 11,184.26 Lacs (31st March, 2024 : ₹ 10,352.23 Lacs), and (b) the Group and M/s Tehran Jonoob- Jaihind Consortium (TJJC) amounting ₹ 2,911.77 Lacs (31st March, 2024 : ₹ 2,911.77 Lacs); in which the Arbitral Tribunals had issued arbitration awards in favour of contractors. However, the Group has filed applications under section 34 of the Arbitration and Conciliation Act, 1996 against Contractor before the Hon'ble High Court of Gujarat for setting aside the Arbitral Awards and has also filed the stay application for seeking stay on the Arbitral Award, pending disposal of the matter. The Group believes that for these matters no provision is required in the books of accounts as on 31st March, 2025.

The following demands / Litigations / matters are not included in above:

- (i) Erstwhile Gujarat Gas Company Limited and Erstwhile GSPC Gas Company Limited (Now collectively known as Gujarat Gas Limited "GGL") had signed Gas Supply Agreement with Gujarat State Petroleum Corporation Limited (GSPCL) for purchase of Re-gasified liquified natural gas (RLNG). As per the provision of said agreement, GGL has to pay interconnectivity charges to GSPCL for the supply and purchase of RLNG at Delivery point which is charged to GSPCL by their supplier i.e. PLL Off takers (GAIL India, BPCL, IOCL).

PGNRB had vide its order dated 13th September, 2011 and the majority members of PNGRB (three member panel of Board) had vide its order dated 10th October, 2011 held that GAIL had adopted Restrictive Trade Practices by blocking off direct connectivity to GSPCL and further, directed Respondents (PLL Off takers -GAIL India, BPCL, IOCL) to immediately give direct connectivity to GSPCL at Dahej Terminal.

The PLL Offtakers (GAIL) filed appeals against the said PNGRB orders before the Appellate Tribunal for Electricity (APTEL). On 23th February, 2012 APTEL had issued an interim order for shifting the Delivery Point from GAIL-GSPL Delivery Point to GSPL-PLL Delivery Point. On 18th December, 2013 APTEL issued its judgment and required GSPCL to pay the amount of the difference between ₹ 8.74/MMBTU (exclusive of Service Tax) – earlier connectivity charges and ₹ 19.83/MMBTU (Exclusive of Service Tax) – HVJ/DVPL Zone-1 tariff to GAIL for the period from 20th November, 2008 to 29th February, 2012.

GSPCL had filed an appeal against the APTEL's above referred judgment before Hon'ble Supreme Court of India (GSPCL vs. GAIL & Others, Civil Appeal No. 2473-2476 of 2014) and the Hon'ble Supreme Court of India had passed the Interim Order on 28th February, 2014. The Court has stated that the ends of justice would be met if as a matter of interim arrangement, the appellant is directed to pay interconnectivity charges at the rate of ₹ 12.00 per MMBTU (exclusive of Taxes). The Company has already provided and paid interconnectivity charges at the rate of ₹ 12.00 per MMBTU (exclusive of Taxes).

GGL has not received any bill / demand note for the amount over and above ₹ 12.00 per MMBTU from supplier till date. As the final liability would only be determined post the final order of the court, quantification of any amount as contingent liability in the interim is inappropriate due to the uncertainty involved and hence the same is not mentioned / disclosed in the financial statement.

- (ii) Gujarat Gas Limited ('GGL', a subsidiary of the Company) deposited ₹ 46,478 Lacs (PY: ₹ 46,478 Lacs) on 12th June, 2013 into the escrow account ("named BG Asia Pacific Holdings Pte. Limited GSPC Distribution Networks Limited Escrow Account") opened with Citibank N.A., acting as the escrow agent, pursuant to the escrow agreement executed between the BG Asia Pacific Holdings Pte. Limited (the Seller), Gujarat Gas Limited (Formerly known as GSPC Distribution Networks Limited) (the Purchaser) and Citibank N.A. The Payment of said amount into Escrow Account was to be utilized to meet future tax withholding liability (if any) based on outcome of the applications to the Authority for Advance Rulings or otherwise to be remitted to BG Asia Pacific Holdings Pte. Limited (the Seller) directly.

GGL has received the ruling from the Hon'ble Authority for Advance Ruling ("AAR"), vide consolidated ruling order dated 25th February, 2021 wherein the Hon'ble AAR has held that the transaction Price is not subject to any tax withholding in India and the Purchaser is not required to withhold tax since the capital gains is not subject to tax in India in view of Article 13(4) of the India Singapore Tax Treaty under India Singapore Double Tax Avoidance Agreement in the hands of the Seller. Pursuant to the ruling of the Hon'ble AAR and as per the terms of the Escrow Agreement, amount of ₹ 46,478 Lacs kept in Escrow Account had been remitted to the BG Singapore on 7th April, 2021.

In the financial year 2021-22, Commissioner of Income Tax (International Taxation) – 3 (CIT), has filed Civil Misc. Writ Petition against BG Singapore, challenging the AAR Ruling before the Hon'ble High Court of Uttarakhand at Nainital on 22nd September, 2021. CIT has also filed Implement /Amendment Application in Civil Misc. Writ Petition before the Hon'ble High Court of Uttarakhand at Nainital on 08th January, 2022 for amendment of cause title of the petition and added Commissioner of Income Tax (IT & TP), Ahmedabad as Petitioner No. 2 and GGL as Respondent No. 2. Currently, the Implement /Amendment Application is in process for admission with Hon'ble High Court of Uttarakhand.

As per Share purchase agreement, the Seller had agreed to indemnify, defend and hold harmless the Purchaser from and against any Tax claim notice receives on or prior to the expiry of 10 years from the Closing date (i.e. up to 11th June, 2023) in respect of Seller's sale of shares to the Purchaser. In view of this, there is remote possibility of any outflow in this matter and hence, the same has not been considered as Contingent Liability.

- (iii) Two entities, who have been authorized by the Petroleum and Natural Gas Regulatory Board (PNGRB), have filed complaints against the Group before the PNGRB for claiming compensation with respect to the unauthorized development / operations of CGD infrastructure activities carried out by the Group in their authorised area. The Group has also filed a complaint against one of the entities before the PNGRB for unauthorized development / operations of CGD infrastructure in area authorised to the Group. Further, the Group has raised objections to the maintainability of the such complaints, which are yet to be determined by the PNGRB. The quantification of any liability is not ascertainable at this stage. However, the Group is hopeful of arriving at amicable resolution of the subject issues.

Contingent Assets

- a) The Group has raised claim of ₹ 4,308 Lacs (PY: ₹ 4,308 Lacs) for net credit of natural gas pipeline tariff as per PNGRB Order with one of the suppliers and supplier is disputing Group's claim and indicating for adjusting the partial claim of ₹ 3,072 Lacs (PY: ₹ 3,072 Lacs) out of total claim ₹ 4,308 Lacs (PY: ₹ 4,308 Lacs) against disputed liability for use of allocated gas other than specified purpose, against demand in earlier year.
- b) The Group has filed an appeal before the Appellate Tribunal for Electricity (APTEL) against the PNGRB order related to the matter held that the Gas Swapping Arrangement Guidelines of PNGRB is applicable erroneously. APTEL has issued the order in favor of the Group's subsidiary Gujarat Gas Limited ('GGL'). The said supplier has filed appeal at Hon'ble Supreme Court of India against the order of APTEL.

Presently, the matter is pending in Hon'ble Supreme Court of India. Currently, GGL is paying ₹ 19.83 per MMBTU as transmission charges for domestic gas being purchased and delivered by GAIL at one of the delivery points. If verdict is in favor of GGL, GGL will get refund of ₹ 41,371 Lacs (PY: ₹ 30,582 Lacs) from December 2013 till March 2025 and the Group shall be required to pass on the benefit to its customers as per relevant order of the Court.

- c) The Group is having other certain claims, litigations and proceedings which are pursuing through legal processes. The management believe that probable outcome in all such claims, litigations and proceedings are uncertain. Hence, the disclosure of such claims, litigations and proceedings is not required in the financial statements.

36. COMMITMENTS***(₹ in Lacs)**

Sr. No.	Particulars	As at 31 st March, 2025	As at 31 st March, 2024
A Capital Commitments			
	Estimated amount of contracts remaining to be executed on capital account and not provided for	92,115.40	1,18,127.07
	Estimated amount of contracts remaining to be executed on revenue account and not provided for	1,36,003.00	1,34,500.44
B Other Commitments			
	Investments in joint venture and other entities	1,07,172.68	1,08,108.68

*Refer Note 54 for details of associate and joint venture companies.

- (i) All term contracts for purchase of natural gas with suppliers, has contractual volume off take obligation of “Take or Pay” (ToP) as specified in individual contracts. Quantification of ToP amount is dependent on various factors like actual purchase quantity, gas purchase prices of respective contract etc. As these factors are not predictable, ToP commitment amount is not quantifiable.
- (ii) The Group has been granted authorization for laying, building, operating and expanding CGD network in the total 27 geographical area under the Petroleum and Natural Gas Regulatory Board (Authorizing entities to lay, build, operate or expand city or local Natural Gas Distribution Networks) Regulation 2008, against which the Group is required to complete Minimum Work Programme (MWP) target for development of CGD network under the terms of authorisation awarded by Petroleum and Natural Gas Regulatory Board (PNGRB). For this purpose, the Group had submitted performance bank guarantees (issued by banks on behalf of the Group) amounting to ₹ 5,98,643 Lacs (PY ₹ 6,52,883 Lacs) to the Petroleum and Natural Gas Regulatory Board.

37. EVENTS OCCURRING AFTER THE REPORTING PERIOD

The Board of Directors, in its meeting on 22nd May, 2025, have proposed a final dividend of ₹ 5.00 per equity share (Face Value of ₹ 10/- each) for the financial year ended on 31st March, 2025. The proposal is subject to the approval of shareholders at the Annual General Meeting and if approved would result in a cash outflow of approximately ₹ 28,210.57 Lacs.

The Board of Directors, in its meeting on 08th May, 2024, have proposed a final dividend of ₹ 5.00 per equity share (Face Value of ₹ 10/- each) for the financial year ended on 31st March, 2024. The proposal was approved by shareholders at the Annual General Meeting and this resulted in a cash outflow of ₹ 28,210.57 Lacs.

38. RECLASSIFICATIONS TO THE COMPARATIVE PERIOD'S FINANCIAL STATEMENTS:

Certain reclassifications have been made to the comparative period's financial statements to:

- enhance comparability and ensure consistency with the current year's financial statements; and
- ensure compliance with the Guidance Note on Division II - Ind AS Schedule III to the Companies Act, 2013 (Revised).

The Group believes that such presentation is more relevant for understanding of the Group's performance.

However, this does not have any material impact on the profit, equity and statement of cash flows for the comparative period.

Items of profit or loss before and after reclassification for 2023-24:**(₹ in Lacs)**

Particulars	Balance before reclassification	Reclassification amount	Balance after reclassification
Property, Plant & Equipment	10,09,222.09	(26,316.37)	9,82,905.72
Right of Use Assets	-	26,316.37	26,316.37

**39. BORROWING COSTS CAPITALISATION**

As per Indian Accounting Standard -23 "Borrowing Costs", the Group has capitalized the borrowing costs amounting to:

	(₹ in Lacs)	
Particulars	2024-25	2023-24
Borrowing costs capitalized	14.45	15.13

The borrowing cost is capitalized at rate(s) applicable to specific loan(s) used for specific project(s). The weighted average rate of borrowings used for projects is 7.75% for FY 2024-25 [P.Y. : 7.75%].

40. There are no whole time / executive directors on the Board except Chairman & Managing Director and Joint Managing Director. They are not drawing any remuneration from the Company.
41. The balances of trade receivables, trade payables, loans & advances and deposits are subject to confirmation. Provision for all liabilities is adequate in opinion of the Company.

42. SEGMENT INFORMATION

The Group is primarily engaged in transmission of natural gas through pipeline on an open access basis from supply points to demand centres and then eventual trading & distribution to end customers. The Group is also engaged in business of generation of electricity through Windmills. The Company's Board of Directors (Chief Operational Decision Maker (CODM)) monitors the operating results of the Group's business for the purpose of making decisions about resource allocation and performance assessment. Additionally, due consideration is given to nature of products/services, similar economic characteristics (including risk and return profile) and the internal business reporting system. Given this fact and considering the relevant industry practices, the Board of Directors reviews the overall financial information of the Group as one single integrated entity engaged in the business of gas transmission and city gas distribution. Pursuant to this, no separate segments have been reported.

All the customers/operations are located within India. Hence, the management believes that geographical distribution of revenue/assets will not be applicable. There is no transaction with single external customer which amounts to 10% or more of the Group's revenue.

43. RELATED PARTY DISCLOSURES

As per the Indian Accounting Standard-24 on "Related Party Disclosures", list of related parties identified of the Group are as follows:

(a) Parent Entity

Gujarat State Petroleum Corporation Limited - Parent Company

(b) Joint Ventures/Associate/Others

Name of the entity [#]	Type
GSPL India Gasnet Limited	Joint Venture
GSPL India Transco Limited	
Sabarmati Gas Limited	Associate
Guj Info Petro Limited	
Gujarat State Energy Generation Limited	Entity over which parent company exercise significant influence [upto 17 th October, 2024] & Entity Controlled by parent company [w.e.f 18 th October, 2024] (Others)
GSPC Pipavav Power Company Limited	Entity controlled by parent company (Others)
Social Welfare Trust	
GSPL Superannuation Scheme	Retirement Benefit Fund / Trust (Others)
GSPL Employees Group Gratuity Scheme	Retirement Benefit Fund / Trust (Others)
GSPL Employees Post Retirement Medical Benefit Trust	Retirement Benefit Fund / Trust (Others)

* The above transactions are inclusive of all taxes, wherever applicable

** The above figures do not include provision for leave salary, gratuity, post retirement medical benefit & other non-monetary benefits like Mediclaim, life insurance etc. as per the Company HR policy as separate figures are not available for KMPs.

**(d) Terms / Notes**

Transactions with related parties are made on terms equivalent to those that prevail in arm's length transactions. All outstanding balances are unsecured.

Apart from the above transactions, the Group has also entered into transactions including but not limited to transmission of natural gas, rendering & receiving of services, placement & maturity of term/liquid deposits, use of public utilities, receipt/payment of rent etc. with Government related entities (entities controlled, jointly controlled or significantly influenced by Government of Gujarat). These transactions are entered in ordinary course of business & are at arm's length prices based on the agreed contractual terms. Further, GSPL has significant transactions with State Government related entity, being Gujarat State Financial Services Limited [GSFS]. The related party transactions with GSFS during the period are Placement/renewal of deposits ₹ 14,77,176.56 Lacs (PY: ₹ 14,56,400.63 Lacs), Withdrawal/maturity of Deposits ₹ 14,05,273.28 Lacs (PY: ₹ 14,20,648.75 Lacs) and Interest Income ₹ 12,135.77 Lacs (PY: ₹ 4,802.32 Lacs). Further, the balance of deposit as on 31st March, 2025 is ₹ 1,77,693.82 Lacs (PY: ₹ 1,02,807.71 Lacs).

In case of Subsidiary Company, Gujarat Gas Limited, the Company sells natural gas to domestic, commercial, industrial and CNG consumers. The above related party transaction do not include the transactions of gas sales to the related parties in ordinary course of business, as all such transactions are done at arm's length basis. As per Para 11(c)(iii) of Ind AS-24 "Related Party Disclosures", normal dealings of the Company with related parties by virtue of public utilities are excluded from the purview of Related Party Disclosures.

Refer Note 60 for the Composite Scheme of Amalgamation & Arrangement.

Fair value of financial assets and liabilities measured at amortised cost is not materially different from the amortised cost. Accordingly, the fair value has not been disclosed separately.

Types of inputs for determining fair value are as under:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities included in level 3.

**B. Measurement of fair values****i) Valuation techniques and significant unobservable inputs**

The following tables show the valuation techniques used in measuring Level 2 and Level 3 fair values, as well as the significant unobservable inputs used.

Financial instruments measured at fair value

FVOCI in unquoted equity shares	Valuation techniques: Such investments are fair valued using appropriate valuation techniques as permitted under Ind AS 113. These have been summarized below: - Investment in equity shares of Gujarat State Energy Generation Limited has been fair valued using the Comparable Companies Multiple Method i.e. based on Price/Book Value ratio (PY: Price/Book Value ratio) of peer companies. - Investment in equity shares of GSPC LNG Limited is fair valued using the Discounted Cash Flow Method. Further, this investment was fair valued using Comparable Companies Method i.e. based on Price/Book Value ratio during the previous year. - Investment in equity shares of SWAN LNG Limited is fair valued using Net Asset Value method (PY: Net Asset Value method) - Investments in equity shares of Gujarat State Petroleum Corporation Limited has been fair valued using DCF Method (PY: DCF Method). Significant unobservable inputs Future estimated cash flows, ratio of peer companies, net assets, discount rate and provisional financial information. Inter-relationship between significant unobservable inputs and fair value measurement The estimated fair value would increase (decrease) if there is a change in significant unobservable inputs used to determine the fair value and change in projected financial information.

ii) Transfers between Levels 1 and 2

There have been no transfers between Level 1 and Level 2 during the reporting periods.

iii) Level 3 fair values

Movements in the values of unquoted equity instruments for the period ended 31st March, 2025 and 31st March, 2024 is as below:

(₹ in Lacs)

Particulars	Amount
As at 1st April, 2023	15,379.05
Acquisitions/ (disposals)	9,999.90
Gains/ (losses) recognised in other comprehensive income	(159.00)
Gains/ (losses) recognised in statement of profit or loss	-
As at 31st March, 2024	25,219.95
Acquisitions/ (disposals)	-
Gains/ (losses) recognised in other comprehensive income	28.50
Gains/ (losses) recognised in statement of profit or loss	-
As at 31st March, 2025	25,248.45

Transfer out of Level 3

There were no movement in level 3 in either directions during the financial year ending on 31st March, 2025 and 31st March, 2024.

Sensitivity analysis**Gujarat State Energy Generation Limited (GSEG)**

A sensitivity analysis has been carried out to determine the impact on equity valuation of GSEG. The impact on account of change in inputs is as under:

(₹ in Lacs)

Variation	Impact on other comprehensive income (Before Tax)	
	2024-25	2023-24
Increase in Ratio by 10%	51.25	55.62
Decrease in Ratio by 10%	(51.88)	(55.63)

GSPC LNG Limited

A sensitivity analysis has been carried out to determine the impact of escalation in below parameter of GSPC LNG Limited on the valuation. The impact on account of change in inputs is as under: (₹ in Lacs)

Variation	Impact on other comprehensive income (Before Tax)	
	2024-25	2023-24
Increase in Discounted cash flow by 10%	1,250.00	1,250.00
Decrease in Discounted cash flow by 10%	(1,255.00)	(1,250.00)

Swan LNG Private Limited

A sensitivity analysis has been carried out to determine the impact on equity valuation of Swan LNG Private Limited. The impact on account of change in inputs is as under: (₹ in Lacs)

Variation	Impact on other comprehensive income (Before Tax)	
	2024-25	2023-24
Increase in Ratio by 5%	433.02	433.02
Decrease in Ratio by 5%	(433.02)	(433.02)

Gujarat State Petroleum Corporation Limited

A sensitivity analysis has been carried out to determine the impact of change in gas trading margin. The impact on account of change in inputs is as under: (₹ in Lacs)

Variation	Impact on other comprehensive income (Before Tax)	
	2024-25	2023-24
Fluctuation in the market prices of Gas marketing business - 10% Increase	308.00	318.00
Fluctuation in the market prices of Gas marketing business - 10% Decrease	(308.00)	(318.00)

C. Financial risk management

The Group has a well-defined risk management framework. The Board of Directors has adopted a Risk Management Policy. The Group has exposure to the following risks arising from financial instruments:

- Credit risk
- Liquidity risk
- Market risk

(i) Credit risk

Credit risk is the risk that a customer or counterparty to a financial instrument will fail to perform or fail to pay amounts due causing financial loss to the Group. The potential activities where credit risks may arise include from cash and cash equivalents and security deposits or other deposits and principally from credit exposures to customers relating to outstanding receivables and other receivables. The maximum credit exposure associated with financial assets is equal to the carrying amount. Details of the credit risk specific to the Group along with relevant mitigation procedures adopted have been enumerated below:

Trade and other receivables

The Group's exposure to credit Risk is the exposure that the Group has on account of goods sold under City Gas Distribution business or services rendered for gas transmission business to a contractual counterparty or counterparties, whether with collateral or otherwise for which the contracted consideration is yet to be received. The Group's customer base are Industrial and Commercial, Non-commercial, Domestic and CNG.

Sales are generally subject to security deposit and/or bank guarantee clauses to ensure that in the event of non-payment the Group's receivables are secured. The Group provides for allowance for impairment that represents its estimate of expected losses in respect of trade and other receivables. For CNG sales made through Oil Marketing Companies (OMCs), the Group raises the invoice for quantities sold based on periodicity as per the agreement. The OMCs are well established companies viz. HPCL, BPCL, IOC, Nayara Energy Ltd. where no significant credit risk is anticipated.

The Group has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix.

Refer note 13 for ageing of trade receivables

The above receivables which are past due but not impaired are assessed on case-to-case basis. These are third party customers which have a proven creditworthiness record. Management is of the view that these financial assets are not impaired as there has not been any adverse change in credit quality and are envisaged as recoverable based on the historical payment behaviour and extensive analysis of customer credit risk, including underlying customers' credit ratings, if they are available. The provision for impairment of trade receivables, movement of which has been provided below, is not significant / material. The concentration of credit risk is limited due to fact that the customer base is large and unrelated.

**Movements in Expected Credit Loss Allowance** (₹ in Lacs)

Particulars	As at 31 st March, 2025	As at 31 st March, 2024
Balance at the beginning of the year	2,344.54	2,190.12
Movements in allowance	370.03	154.42
Closing balance	2,714.57	2,344.54

The maximum exposure to credit risk for trade and other receivables by geographic region was as follows: (₹ in Lacs)

Particulars	Carrying amount	
	31 st March, 2025	31 st March, 2024
India	1,11,824.18	1,14,810.62
Other regions	-	-
	1,11,824.18	1,14,810.62

Movement in Allowance for bad and doubtful Security deposits-Project authority: (₹ in Lacs)

Particulars	As at 31 st March, 2025	As at 31 st March, 2024
Opening Allowance for bad and doubtful Security deposits	926.89	1,042.70
Provision during the year	71.62	142.19
Recovery/Adjustment during the year	(266.00)	(258.00)
Closing Allowance for bad and doubtful Security deposits	732.51	926.89

Other financial assets

Other financial assets includes loan to employees, security deposits, investments, cash and cash equivalents, other bank balance, advances to employees etc.

- Cash and cash equivalents and deposits are placed with banks / financial institutions having good reputation and past track record with adequate credit rating.
- Investments are made in credit worthy companies.
- The Group has given security deposit to various government authorities (like Municipal corporation, Nagarpalika, Grampanchayat, Road & building division and Irrigation department -of Government of Gujarat, credit worthy companies etc.) for the permission related to work of executing / laying pipeline network in their premises / jurisdiction. Being government authorities, the Group does not have exposure to any credit risk.
- Loan and advances to employees (for housing advances) are majorly secured in nature and hence the Group does not have exposure to any credit risk.

Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are proposed to be settled by delivering cash or other financial asset. The Group's financial planning has ensured, as far as possible, that there is sufficient liquidity to meet the liabilities whenever due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation. The Group has practiced financial diligence and syndicated adequate liquidity in all business scenarios.

Financing arrangement

The Group had access to the following undrawn borrowing facilities at the end of the reporting period: (₹ in Lacs)

Particulars	As at 31 st March, 2025	As at 31 st March, 2024
Expiring within one year (bank overdraft and other facilities)	1,23,851.34	2,19,173.59
Expiring beyond one year (bank overdraft and other facilities)	-	-
Total	1,23,851.34	2,19,173.59

Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest payments and exclude the impact of netting agreements. **(₹ in Lacs)**

31 st March, 2025	Carrying amount	Contractual maturities		
		Total	Less than 12 months	More than 12 months
Non-derivative financial liabilities				
Non current lease liabilities	10,361.78	15,988.64	-	15,988.64

Total	3,13,998.56	3,32,478.24	3,02,158.28	30,319.96

(₹ in Lacs)

31 st March, 2024	Carrying amount	Contractual maturities		
		Total	Less than 12 months	More than 12 months
Non-derivative financial liabilities				
Non current lease liabilities	10,738.89	16,432.66	-	16,432.66
Current lease liabilities	3,222.49	3,935.54	3,935.54	-
Non current financial liabilities	2,299.99	11,742.68	-	11,742.68
Current financial liabilities	2,05,556.56	2,05,611.86	2,05,611.86	-
Trade payables	71,407.49	71,407.49	71,407.49	-
Total	2,93,225.42	3,09,130.22	2,80,954.89	28,175.34

(iii) Market risk

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates and equity prices – will affect the Group's income or the value of its holdings of financial instruments.

Currency risk

The functional currency of the Group is Indian Rupees. The Group do not have derivative financial instruments. The Group's transactions are majorly denominated in INR and the quantum of the foreign currency transactions being immaterial, the Group is not exposed to currency risk on account of payables and receivables in foreign currency. The Group does not have any exports.

Interest rate risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing investments will fluctuate because of fluctuations in the interest rates. The borrowing is Nil as at 31st March, 2025 and as at 31st March, 2024. Further, borrowings from banks and financial institutions have been utilized for the specific purpose for which it were taken. The Group (including subsidiary companies) has not been declared as wilful defaulter by any bank or financial institution or any other lender.

Commodity Price Risk

Risk arising on account of fluctuations in price of natural gas is mitigated by ability to pass on the fluctuations in prices to customers over period of time. The Group monitors movements in the prices closely on regular basis.

45 CAPITAL MANAGEMENT

The Group defines capital as total equity including issued equity capital, share premium and all other equity reserves attributable to equity holders (which is the Group's net asset value). The primary objective of the Group's financial framework is to support the pursuit of value growth for shareholders, while ensuring a secure financial base. The Group does not have any borrowings as on the reporting dates.

**46. DISCLOSURES UNDER IND AS 116 LEASES****A. The Group as lessee:****Nature of the lease transaction:**

The Group has taken various parcel of land on lease with lease term ranging from 11 Months to 99 years, office building/warehouse building on lease with lease term ranging from 11 Months to 10 years, various commercial vehicles, CNG Cascade, IT equipment etc. on lease with lease term ranging from 6 months to 10 years, LNG Trucks and regasification facilities for 5 years and various guest houses / yards / vehicles / office containers on lease with the lease term of 6 to 11 months, and way leave charges. Some lease contract can be renewed with mutual consent and some lease contract also contains the termination options. Such options are appropriately considered in determination of the lease term based on the management's judgement. In certain contacts, the Group is restricted from assigning and subletting the leased assets. For leases where the lease term is less than 12 months with no purchase option, the Group has elected to apply exemption for short term leases and accordingly, right of use assets and lease liabilities for these contracts are not recognised.

Refer Note 4 for details relating to Right of Use Assets.

The following is the movement in lease liabilities during the year (₹ in Lacs)

Particulars	As at 31 st March, 2025	As at 31 st March, 2024
Opening balance	13,961.38	14,938.58
Additions during the Period	5,470.89	2,022.78
Less : Lease modifications / reassessment / termination during the year	(185.66)	(138.29)
Add: Interest Expenses	935.89	977.03
Less: Payments	(6,369.76)	(3,838.72)
Closing Balance	13,812.74	13,961.38
Non-current	10,361.78	10,738.89
Current	3,450.96	3,222.49

Amounts recognised in profit or loss (₹ in Lacs)

Particulars	2024-25	2023-24
Expenses relating to leases *	3,503.96	4,029.60
Interest expense on lease liability	921.44	961.90
Depreciation on Right of Use Assets	4,267.83	3,271.77

*It includes rental charges of all assets that have lease period of 12 month or less, rental charges of low value assets, variable lease payments and component of taxes of ROU lease charges.

Amounts recognised in statement of cash flows (₹ in Lacs)

Particulars	2024-25	2023-24
Total cash outflow for lease	9,873.72	7,868.32

Maturity Analysis of lease liabilities (₹ in Lacs)

Particulars	As at 31 st March, 2025	As at 31 st March, 2024
Less than 12 Months	4,196.56	3,935.54
More than 12 Months	15,988.64	16,432.66
Total	20,185.20	20,368.20

B. The Group as lessor:

The Group has given certain portion of land and office building on lease with the lease term ranging from 11 months to 30 years. The lease rentals are subject to escalations over the period of lease tenure. The same is accounted as operating lease under Ind AS 116 Leases.

Particulars	2024-25	2023-24
Rental Income	362.03	192.48

The following table sets out a maturity analysis of lease payments, showing the undiscounted lease payments to be received after the reporting date. (₹ in Lacs)

Particulars	As at 31 st March, 2025	As at 31 st March, 2024
Less than one year	73.38	123.88
One to two years	42.61	37.10
Two to three years	30.42	17.34
Three to four years	17.35	17.34
Four to five years	19.06	17.35
More than five years	59.17	78.23

47. DISCLOSURES FOR EMPLOYEE BENEFITS AS PER INDIAN ACCOUNTING STANDARD - 19 - EMPLOYEE BENEFITS

Defined contribution plan:

Provident fund, superannuation fund benefits and National Pension Scheme expenses charged to Statement of Profit and Loss during the period are ₹ 1,498.37 Lacs, ₹ 223.73 Lacs and ₹ 493.55 Lacs respectively (PY: ₹ 1,496.49 Lacs, ₹ 170.80 Lacs and ₹ 494.30 Lacs respectively).

Defined benefit plans:

The Group has participated in Group Gratuity scheme of Life Insurance Corporation of India (LIC), HDFC Life Insurance Co. Ltd, Aditya Birla Sun Life Insurance Co. Ltd, SBI Life Insurance Co. Ltd. and Bajaj Allianz Life Insurance Co. Ltd. The liability in respect of gratuity benefits, post retirement medical benefit scheme (PRMBS) & leave salary being defined benefit schemes, payable in future, are determined by actuarial valuation as on balance sheet date. In arriving at the valuation for gratuity & leave salaries following assumptions were used:

Sensitivity Analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below: (₹ in Lacs)

Gratuity	2024-25		2023-24	
	Increase	Decrease	Increase	Decrease
Discount rate - 0.5% (PY: 0.5%)	12,998.48	14,470.56	12,294.08	13,704.42
Withdrawal rate - 10% (PY: 10%)	13,677.41	13,731.74	12,941.08	12,997.58
Salary growth rate - 0.5% (PY: 0.5%)	14,452.55	13,007.94	13,686.46	12,303.68

Leave salary	2024-25		2023-24	
	Increase	Decrease	Increase	Decrease
Discount rate - 0.5% (PY: 0.5%)	6,753.02	7,613.44	7,025.55	7,962.34
Withdrawal rate - 10% (PY: 10%)	7,146.19	7,182.70	7,450.04	7,495.85
Salary growth rate - 0.5% (PY: 0.5%)	7,603.95	6,757.39	7,950.81	7,694.67

(₹ in Lacs)

PRMBS	2024-25		2023-24	
	Increase	Decrease	Increase	Decrease
Discount rate - 0.5% (PY: 0.5%)	245.08	302.26	210.28	258.62
Withdrawal rate - 10% (PY: 10%)	267.57	275.92	229.13	236.55
Medical Inflation rate - 0.5% (PY: 0.5%)	301.45	245.47	258.04	210.54

A description of methods used for sensitivity analysis and its Limitations:

Sensitivity analysis is performed by varying a single parameter while keeping all the other parameters unchanged. Sensitivity analysis fails to focus on the interrelationships between underlying parameters. Hence, the results may vary if two or more variables are changed simultaneously. The method used does not indicate anything about the likelihood of change in any parameter and the extent of the change if any.

Other notes:

(i) The Group has provided long service award benefits to its employees who completed 15/20/25 Years of employment with the Group. Accordingly, the Group has provided ₹ 25.00 Lacs (Previous year ₹ 16.00 Lacs) on account of Long service award benefit. Current Liability as at 31st March, 2025 is ₹ 14.00 Lacs (Previous year ₹ 7.00 Lacs) and Non- Current Liability is ₹ 120.00 Lacs (Previous year ₹ 107.00 Lacs). Discount rate considered for current year is 6.80% (previous year 7.20%).

48. DETAILS OF BENAMI PROPERTIES

The Group does not hold any Benami properties. No proceedings have been initiated or are pending against the Group for holding any benami property under the Benami Transactions (Prohibitions) Act, 1988 and the rules made thereunder.

49. As at the consolidated balance sheet date, the Group has reviewed the carrying amounts of its assets and found that there is no indication that those assets have suffered any impairment loss. Hence, no such impairment loss has been provided.
50. Amount due for credit to Investor Education and Protection Fund is NIL (Previous year NIL).
51. The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment benefits received Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the Code will come in to effect has not been notified. The Group will assess the impact of the Code when it comes into effect and will record any related impact in the period when the Code becomes effective.
52. In the opinion of management, any of the assets other than fixed assets and non-current investments have a value on realisation in the ordinary course of business at least equal to the amount at which they are stated.

53. RECEIVABLES, CONTRACT ASSETS AND CONTRACT LIABILITIES UNDER IND AS 115 REVENUE FROM CONTRACTS WITH CUSTOMERS

The following table provides information about contract assets and contract liabilities from contract with customers: (₹ in Lacs)

Particulars	As at 31 st March, 2025	As at 31 st March, 2024
Trade receivables - Unbilled Revenue	15,184.72	14,126.92
Trade receivables - Others	96,639.46	1,00,683.70
Security Deposits from customers - (Other Current Financial Laibilities)	1,55,638.91	1,45,355.25
Security Deposit from customers towards MGO - (Other Current Financial Laibilities)	13,145.67	13,074.18
Interest accrued on security deposits from customers - (Other Current Financial Laibilities)	1,858.04	1,608.51
Revenue received in advance - Other Non-Financial Liability (Contract Liabilities) (Income recognised during the year out of opening balance ₹ 1,475.91 Lacs (PY: ₹ 1,521.07 Lacs))	20,571.47	19,089.71

Contract asset is the right to consideration in exchange for goods or services transferred to the customer. Contract liability is the entity's obligation to transfer goods or services to a customer for which the entity has received consideration from the customer in advance. Contract assets (unbilled receivables) are transferred to receivables when the rights become unconditional and contract liabilities are recognised as and when the performance obligation is satisfied. Performance Obligation for Gas Transmission is to transmit Natural Gas as per the contractual arrangement with the customer. Connection charges from customers deferred over the period when the performance obligation is satisfied. Industrial Customers: The performance obligations as per the contractual arrangement with the customer is to deliver gas over the tenure of the contract. Consequently, the connection charges is to be deferred over the contract period. Domestic Customer: The connection charges is to be deferred over the period of delivery of gas. It is reasonably expected by the Company that the gas is procured by the customer and supplied by the Company on a perpetual basis. Consequently the connection charges are to be deferred over the useful life of the connection facility (i.e. 18 years).

Total equity accounted investments					1,53,966.51	1,63,691.32

*** Unlisted entity - no quoted price available**

- Sabarmati Gas Limited is a Public Company domiciled in India and incorporated under the provisions of the Companies Act, 1956. The Company is a Joint Venture Company (JVC) promoted by Gujarat State Petroleum Corporation Ltd. (GSPC), Gujarat State Petronet Ltd. (GSPL) and Bharat Petroleum Corporation Ltd. (BPCL), with its main objects, inter alia, to procure, transmit and sell Natural Gas, CNG, PNG and other gaseous fuels in the districts of Gandhinagar, Mehsana and Sabarkantha.
- GSPL India Gasnet Limited was incorporated on 13th October, 2011 under the Companies Act as a joint venture of Gujarat State Petronet Limited (GSPL). On 30th April, 2012, a joint venture agreement was executed between Gujarat State Petronet Limited (GSPL), Indian Oil Corporation Limited (IOCL), Bharat Petroleum Corporation Limited (BPCL) and Hindustan Petroleum Corporation Limited (HPCL). The shareholding pattern is GSPL(52%), IOCL(26%), BPCL(11%) and HPCL (11%). The Company is developing a natural gas pipeline for transmission of natural gas from Mehsana in Gujarat to Bhatinda in Punjab and Srinagar in Jammu & Kashmir. It is primarily engaged in transmission of natural gas through pipeline from supply points to demand centers.
- GSPL India Transco Limited was incorporated on 13th October, 2011 under the Companies Act, 1956 as a joint venture of Gujarat State Petronet Limited (GSPL). On 30th April, 2012, a Joint Venture Agreement was executed between Gujarat State Petronet Ltd. (GSPL), Indian Oil Corporation Ltd. (IOCL), Bharat Petroleum Corporation Ltd (BPCL) and Hindustan Petroleum Corporation Ltd.(HPCL). The share holding pattern is GSPL(52%), IOCL(26%), BPCL(11%) and HPCL(11%). The Company is developing a natural gas pipeline for transmission of natural gas from Mallavarm in Andhra Pradesh to Bhilwara in Rajasthan.
- Guj Info Petro Limited is primarily engaged in the marketing, selling value distribution of internet bandwidth and added services like web hosting, designing, development & maintenance of websites, IT consultancy services, software development, server co-location, mailing solutions, operation & maintenance of systems/networks, trading in hardware equipment, facility management services etc. to various organizations across Gujarat.

Commitments and contingent liabilities in respect of associates and joint ventures

(₹ in Lacs)

Particulars	As at	As at
	31 st March, 2025	31 st March, 2024
Commitments - joint ventures	5,980.76	9,325.33
Commitments - associates	13,076.51	2,481.13
Contingent liabilities - joint ventures (i)	26,016.82	4,239.91
Contingent liabilities - associates	877.42	877.42
Total commitments and contingent liabilities	45,951.51	16,923.79

In case of GSPL India Transco Limited (GITL or a Joint Venture Company):

- In respect of Mallavaram Bhopal Bhilwara Vijapur Pipeline (MBBVP) Project, the Company had contracted as M/s Kalpataru Projects International Limited (KPIL) (Erstwhile known as M/s Kalpataru Power Transmission Limited-KPTL) for construction of pipeline network within the stipulated timelines. As per the contract, in case of delay in completion of the project, liquidated damages (LDs) shall be payable by KPIL for the period of delay subject to maximum 10% of the contract value. M/s KPIL has delayed the construction of the pipeline network which has impacted the timely project completion. Basis the contractual terms, the Company has raised a claim of ₹ 6,900.00 Lacs towards liquidated damages. M/s KPIL has invoked arbitration as per terms of contract and claimed ₹ 47,642.00 Lacs in FY 2024-25. The matter is sub-judice. Out of the total arbitration amount of ₹ 47,642.00 Lacs, ₹ 6,900.00 Lacs is already included under Current liabilities and the remaining amount ₹40,742.00 Lacs is shown as contingent liability.

The Company is subject to legal proceeding and claim by landowners seeking enhancement of compensation in respect of Right of Use Assets acquired by the Company. These have arisen in the ordinary course of business. The Company does not reasonably expect that these claims, when ultimately concluded and determined, will have material and adverse effect on Company's results of operations or financial position.

**Summarized financial information for associate and joint ventures**

The tables below provide summarized financial information for those joint ventures and associates that are material to the Group. The information disclosed reflects the amounts presented in the financial statements of the relevant associates and joint ventures and not Group's share of those amounts. They have been amended to reflect adjustments made by the entity when using the equity method, including fair value adjustments made at the time of acquisition and modifications for differences in accounting policies, if any.

**Notes:**

1. The Ministry of Corporate Affairs (MCA) has vide its circular dated 19th September, 2024 read together with circulars dated 25th September, 2023, 28th December, 2022, 5th May, 2022, 14th December, 2021, 13th January, 2021, 5th May, 2020, 13th April, 2020 and 8th April, 2020, (collectively referred as "MCA Circulars") and Securities and Exchange Board of India ("SEBI") vide its circular dated 3rd October, 2024 read together with circulars dated 7th October, 2023, 5th January, 2023, 13th May, 2022, 15th January, 2021 and 12th May, 2020 (collectively referred to as "SEBI Circulars") permitted convening of the Annual General Meeting through Video Conferencing (VC) or Other Audio Visual Means (OAVM), without the physical presence of the members at the common venue. In accordance with the MCA & SEBI Circulars, provisions of the Companies Act, 2013 and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Annual General Meeting of the Company is being held through VC/OAVM. The deemed venue for the AGM shall be Registered Office of the Company. The Central Depository Services (India) Limited (CDSL) will be providing facility for voting through remote e-voting, for participation in the AGM through VC/OAVM facility and e-voting during the AGM. The procedure for participating in the Meeting through VC/OAVM is explained in later part of Notes.
2. Generally, a member entitled to attend and vote at the meeting is entitled to appoint a proxy to attend and vote on poll instead of himself and the proxy need not be a member of the Company. Since this AGM shall be conducted through VC/OAVM, the facility for appointment of proxy by the members will not be available for the AGM and hence the Proxy Form and Attendance Slip including the Route Map are not annexed hereto.
3. Corporate Members are requested to send a scanned copy of its Board Resolution authorizing its representative to attend the AGM through VC/OAVM and to vote at the AGM pursuant to Section 113 of the Companies Act, 2013 to the scrutiniser at scrutinizerggl@gmail.com.
4. An Explanatory Statement pursuant to Section 102 (1) of the Companies Act, 2013 relating to the special business to be transacted at the AGM and the relevant details of the Directors seeking appointment/re-appointment at the AGM as required under Regulation 36(3) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 is annexed thereto. The Board of Directors have considered and decided to include the Item No. 5, 6 & 7 given above as Special Business in the forthcoming AGM, as they are unavoidable in nature.
5. The Company has fixed **Friday, 5th September, 2025** as "Record Date" for determining entitlement of Final Dividend of ₹ 5.82/- (i.e. 291%) per Share for the Financial Year ended on 31st March, 2025.

ELECTRONIC DISPATCH OF ANNUAL REPORT AND PROCESS FOR REGISTRATION OF EMAIL ID FOR OBTAINING COPY OF ANNUAL REPORT/LOGIN CREDENTIALS FOR E-VOTING

6. In Compliance with the aforesaid MCA Circulars and SEBI Circulars, the Financial Statements (including the Report of Board of Directors, Auditor's Report and other documents required to be annexed therewith) and Notice of AGM are being sent in electronic mode to Members whose E-mail addresses are registered with the Company or the Depository Participant(s). A letter providing the weblink for accessing the Annual Report is being sent to those Members who have not registered their E-mail addresses.
7. Members who have not updated their E-mail addresses and mobile number with the Company/ R&TA KFin Technologies Limited/respective Depository Participants are requested to follow the below procedure to get their E-mail addresses updated to obtain the copy of Annual Report and Login Credentials for attending AGM/casting votes through E-voting at www.evotingindia.com.
 - **Shareholders holding Shares in physical mode:** The Shareholders are requested to update their E-mail addresses and mobile number by sending following documents by E-mail with E-sign at einward.ris@kfintech.com or by writing to R&TA at Selenium Tower B, Plot Nos. 31 & 32, Financial District, Nanakramguda, Serilingampally Mandal, Hyderabad – 500032:
 - a) A signed request letter mentioning your name, folio number, complete address and mobile number;
 - b) Form ISR-1
 - c) Self attested scan copy of the PAN Card; and
 - d) Self attested scan copy of any document (such as AADHAR Card, Driving Licence, Passport) in support of the address of the Member as registered with the Company.
 - **Shareholders holding Shares in Demat mode:** The Shareholders holding Shares in Demat mode are requested to update their E-mail addresses and mobile number with their Depository Participants.

If you have any queries or issues regarding attending AGM & E-voting from the CDSL E-voting System, you can write to Mr. Rakesh Dalvi, Sr. Manager, Central Depository Services (India) Limited, A Wing, 25th Floor, Marathon Futurex, Mafatlal Mill Compounds, N M Joshi Marg, Lower Parel (East), Mumbai – 400013 or send an E-mail to helpdesk.evoting@cdslindia.com or contact at toll free no. 1800 21 09911.

8. Notice of the AGM along with the Annual Report for the FY 2024 – 25 is also available on the website of the Company i.e. www.gujaratgas.com, websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at <https://www.bseindia.com/> and <https://www.nseindia.com/> respectively. Further, the AGM Notice will also be available on the website of CDSL at www.evotingindia.com.

PROCEDURE FOR JOINING THE AGM THROUGH VC / OAVM

9. The Company will provide facility of VC/OAVM to its member for participating at the AGM.
The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to atleast 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
10. Members attending the AGM through VC/ OAVM shall be counted for purpose of reckoning the quorum under Section 103 of the Companies Act, 2013.

PROCEDURE FOR REMOTE E-VOTING AND E-VOTING DURING AGM

11. In compliance with provisions of Section 108 of the Companies Act, 2013 and Rule 20 of the Companies (Management and Administration) Rules, 2014, as amended and Regulation 44 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Company is pleased to provide facility to the Members to exercise their right to vote by electronic means in respect of the Resolution(s) contained in this Notice. The Company has engaged the services of Central Depository Services (India) Limited (CDSL) as the Authorised Agency to provide remote e-voting facility (i.e. the facility of casting votes by a Member by using an electronic voting system from a place other than the venue of a General Meeting) as well as e-voting facility during the AGM.
12. The cut-off date for the purpose of e-voting (including remote e-voting) is Thursday, 18th September, 2025. A person whose name is recorded in the Register of Members or in the Register of Beneficial Owners maintained by the Depositories at the close of business hours on Thursday, 18th September, 2025 shall be entitled to vote on the resolutions proposed to be passed at the AGM by electronic means. The Voting rights of the members shall be in proportion of the paid-up value of their shares in the equity capital of the Company as on the cut-off date for the purpose of the e-voting.
13. The Members may cast their votes on electronic voting system from any place (remote e-voting). The remote e-voting will be available during the following period after which the portal shall forthwith be blocked and shall not be available:

Commencement of remote e-voting	09:00 A.M. (IST) on Monday, 22 nd September, 2025
End of remote e-voting	05:00 P.M. (IST) on Wednesday, 24 th September, 2025

14. The Board of Directors of the Company have appointed M/s K. K. Patel & Associates, Practising Company Secretary, as the Scrutinizer to scrutinize the entire e-voting process (i.e. remote e-voting and e-voting facility during AGM) in a fair and transparent manner.
15. The Scrutinizer shall submit, on or before 27th September, 2025, a consolidated Scrutinizer's Report (for votes casted during the AGM and votes casted through remote e-voting) of the total votes cast in favour or against, if any, forthwith to the Chairman of the Company or a person authorized by him, who shall declare the result forthwith.
16. The Results declared alongwith the Scrutinizer's Report shall be placed on the Company's website www.gujaratgas.com and on the website of Central Depository Services (India) Limited immediately after the result is declared and shall be simultaneously communicated to the BSE Limited (BSE) and The National Stock Exchange of India Limited (NSE) where the Equity Shares of the Company are Listed.

17. **Information and instructions relating to e-voting are given as under:**

Remote E-voting:

- (i) Pursuant to **SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 9th December, 2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. Currently, there are multiple E-voting Service Providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple User IDs and Passwords by the Shareholders. In order to increase the efficiency of the voting process, **e-Voting facility is being provided to all the Individual Shareholders holding the securities in Demat mode, by way of single login credential, through their demat accounts/ websites of Depositories/ Depository Participants.** Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (ii) In terms of **SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 9th December, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and E-mail Id in their demat accounts in order to access e-Voting facility.

Pursuant to aforesaid SEBI Circular, Login method for e-Voting and joining virtual meetings **for Individual shareholders holding securities in Demat mode** is given below:

Type of shareholders	Login Method
Individual Shareholders holding securities in Demat mode with CDSL	1) Users who have opted for CDSL Easi / Easiest facility, can login through their existing user id and password. Option will be made available to reach e-Voting page without any further authentication. The users to login to Easi / Easiest are requested to visit CDSL website www.cdslindia.com and click on login icon & My Easi New (Token) Tab. 2) After successful login the Easi / Easiest user will be able to see the e-Voting option for eligible companies where the e-Voting is in progress as per the information provided by company. On clicking the e-Voting option, the user will be able to see e-Voting page of the e-Voting service provider for casting your vote during the remote e-Voting period or joining virtual meeting & voting during the meeting. Additionally, there are also links provided to access the system of all e-Voting Service Providers, so that the user can visit the e-Voting service providers' website directly. 3) If the user is not registered for Easi/Easiest, option to register is available at CDSL website www.cdslindia.com and click on login & My Easi New (Token) Tab and then click on registration option. 4) Alternatively, the user can directly access e-Voting page by providing Demat Account Number and PAN No. from a e-Voting link available on www.cdslindia.com home page. The system will authenticate the user by sending OTP on registered Mobile & Email as recorded in the Demat Account. After successful authentication, user will be able to see the e-Voting option where the e-Voting is in progress and also able to directly access the system of all e-Voting Service Providers.
Individual Shareholders holding securities in demat mode with NSDL	1) If you are already registered for NSDL IDeAS facility, please visit the e-Services website of NSDL. Open web browser by typing the following URL: https://eservices.nsdl.com either on a Personal Computer or on a mobile. Once the home page of e-Services is launched, click on the "Beneficial Owner" icon under "Login" which is available under 'IDeAS' section. A new screen will open. You will have to enter your User ID and Password. After successful authentication, you will be able to see e-Voting services. Click on "Access to e-Voting" under e-Voting services and you will be able to see e-Voting page. Click on company name or e-Voting service provider name and you will be re-directed to e-Voting service provider website for casting your vote during the remote e-Voting period or joining virtual meeting & voting during the meeting. 2) If the user is not registered for IDeAS e-Services, option to register is available at https://eservices.nsdl.com. Select "Register Online for IDeAS" Portal or click at https://eservices.nsdl.com/SecureWeb/IdeasDirectReg.jsp 3) Visit the e-Voting website of NSDL. Open web browser by typing the following URL: https://www.evoting.nsdl.com/ either on a Personal Computer or on a mobile. Once the home page of e-Voting system is launched, click on the icon "Login" which is available under 'Shareholder/Member' section. A new screen will open. You will have to enter your User ID (i.e. your sixteen digit demat account number hold with NSDL), Password/OTP and a Verification Code as shown on the screen. After successful authentication, you will be redirected to NSDL Depository site wherein you can see e-Voting page. Click on company name or e-Voting service provider name and you will be redirected to e-Voting service provider website for casting your vote during the remote e-Voting period or joining virtual meeting & voting during the meeting 4) For OTP based login you can click on https://eservices.nsdl.com/SecureWeb/evoting/evotinglogin.jsp. You will have to enter your 8-digit DP ID, 8-digit Client Id, PAN No., Verification code and generate OTP. Enter the OTP received on registered email id/mobile number and click on login. After successful authentication, you will be redirected to NSDL Depository site wherein you can see e-Voting page. Click on company name or e-Voting service provider name and you will be re-directed to e-Voting service provider website for casting your vote during the remote e-Voting period or joining virtual meeting & voting during the meeting.
Individual Shareholders (holding securities in demat mode) login through their Depository Participants	You can also login using the login credentials of your demat account through your Depository Participant registered with NSDL/CDSL for e-Voting facility. After Successful login, you will be able to see e-Voting option. Once you click on e-Voting option, you will be redirected to NSDL/CDSL Depository site after successful authentication, wherein you can see e-Voting feature. Click on company name or e-Voting service provider name and you will be redirected to e-Voting service provider website for casting your vote during the remote e-Voting period or joining virtual meeting & voting during the meeting.

Important note: Members who are unable to retrieve User ID/ Password are advised to use Forget User ID and Forget Password option available at abovementioned website.

Helpdesk for Individual Shareholders holding securities in demat mode for any technical issues related to login through Depository i.e. CDSL and NSDL:

Login type	Helpdesk details
Individual Shareholders holding securities in Demat mode with CDSL	Members facing any technical issue in login can contact CDSL helpdesk by sending a request at helpdesk.evoting@cdslindia.com or contact at toll free no. 1800-21-09911
Individual Shareholders holding securities in Demat mode with NSDL	Members facing any technical issue in login can contact NSDL helpdesk by sending a request at evoting@nsdl.co.in or call at 022 - 4886 7000

(iii) Login method for e-Voting and joining virtual meeting for all **Physical Shareholders and Shareholders other than individual Shareholders viz. Institutions/Corporate Shareholders holding Shares in Demat mode:**

- 1) The shareholders should log on to the e-voting website www.evotingindia.com.
- 2) Click on "Shareholders" module.
- 3) Now enter your User ID
 - a. For CDSL: 16 digits beneficiary ID,
 - b. For NSDL: 8 Character DP ID followed by 8 Digits Client ID,
 - c. Shareholders holding shares in Physical Form should enter Folio Number registered with the Company.
- 4) Next enter the Image Verification as displayed and Click on "Login".
- 5) If you are holding shares in demat form and had logged on to www.evotingindia.com and voted on an earlier e-voting of any company, then your existing password is to be used.
- 6) If you are a first-time user follow the steps given below:

For Shareholders other than individual shareholders viz. Institution/ Corporate Shareholders holding shares in Demat mode & Physical shareholders.	
PAN	Enter your 10 digit alpha-numeric *PAN issued by Income Tax Department (Applicable for both Demat Shareholders as well as Physical Shareholders) *Shareholders who have not updated their PAN with the Company/Depository Participant are requested to use the sequence number provided in the E-mail sent to the Shareholders.
Dividend Bank Details OR Date of Birth (DOB)	Enter the Dividend Bank Details or Date of Birth (in dd/mm/yyyy format) as recorded in your demat account or in the company records in order to login. • If both the details are not recorded with the Depository or Company, please enter the DP ID and Client ID / Folio Number in the Dividend Bank details field as mentioned in instruction (iii).

- (iv) After entering these details appropriately, click on "SUBMIT" tab.
- (v) Shareholders holding shares in Physical Form will then directly reach the Company selection screen. However, Shareholders holding Shares in Demat Form will now reach "Password Creation" menu, wherein, they are required to mandatorily enter their login password in the new password field. Kindly note that this password is to be also used by the demat holders for voting for resolutions of any other company on which they are eligible to vote, provided that company opts for e-voting through CDSL platform. It is strongly recommended not to share your password with any other person and take utmost care to keep your password confidential.
- (vi) For shareholders holding shares in Physical Form, the details can be used only for e-voting on the resolutions contained in this Notice.
- (vii) Click on the EVSN for the "GUJARAT GAS LIMITED" to vote on the same.
- (viii) On the voting page, you will see "RESOLUTION DESCRIPTION" and against the same the option "YES/NO" for voting. Select the option YES or NO as desired. The option YES implies that you assent to the Resolution and option NO implies that you dissent to the Resolution.
- (ix) Click on the "RESOLUTIONS FILE LINK" if you wish to view the entire Resolution details.
- (x) After selecting the resolution, you have decided to vote on, click on "SUBMIT". A confirmation box will be displayed. If you wish to confirm your vote, click on "OK", else to change your vote, click on "CANCEL" and accordingly modify your vote.
- (xi) Once you "CONFIRM" your vote on the resolution, you will not be allowed to modify your vote.
- (xii) You can also take a print of the votes cast by clicking on "Click here to print" option on the Voting page.
- (xiii) If a demat account holder has forgotten the login password, then Enter the User ID and the image verification code and click on "Forgot Password" and enter the details as prompted by the system.

**(xiv) Facility for Non – Individual Shareholders and Custodians – Remote Voting:**

- Non-Individual Shareholders (i.e. other than Individuals, HUF, NRI etc.) and Custodians are required to log on to www.evotingindia.com and register themselves in the “Corporates” module.
- A scanned copy of the Registration Form bearing the stamp and sign of the entity should be emailed to helpdesk.evoting@cdslindia.com.
- After receiving the login details a Compliance User should be created using the admin login and password. The Compliance User would be able to link the account(s) for which they wish to vote on.
- The list of accounts linked in the login should be mailed to helpdesk.evoting@cdslindia.com and on approval of the accounts they would be able to cast their vote.
- A scanned copy of the Board Resolution and Power of Attorney (POA) which they have issued in favour of the Custodian, if any, should be uploaded in PDF format in the system for the scrutinizer to verify the same.
- Alternatively Non Individual shareholders are required to send the relevant Board Resolution/ Authority letter etc. together with attested specimen signature of the duly authorized signatory who are authorized to vote, to the Scrutinizer and to the Company at the email address viz; scrutinizerggl@gmail.com, if they have voted from individual tab & not uploaded same in the CDSL e-voting system for the scrutinizer to verify the same.

INSTRUCTIONS FOR SHAREHOLDERS ATTENDING THE AGM THROUGH VC/OAVM & E-VOTING DURING MEETING ARE AS UNDER:

- The procedure for attending meeting & E-voting on the day of the AGM is same as the instructions mentioned above for Remote E-voting.
- The link for VC/OAVM to attend meeting will be available where the EVSN of Company will be displayed after successful login as per the instructions mentioned above for Remote e-Voting.
- Shareholders who have voted through Remote E-voting will be eligible to attend the meeting. However, they will not be eligible to vote at the AGM.
- Shareholders are encouraged to join the Meeting through Laptops / IPads for better experience.
- Further shareholders will be required to allow Camera and use Internet with a good speed to avoid any disturbance during the meeting.
- Please note that Participants connecting from Mobile Devices or Tablets or through Laptop connecting via Mobile Hotspot may experience Audio/Video loss due to Fluctuation in their respective network. It is therefore recommended to use Stable Wi-Fi or LAN Connection to mitigate any kind of aforesaid glitches.
- Shareholders who would like to express their views/ask questions during the meeting may register themselves as a speaker by sending their request mentioning their name, demat account number/folio number, E-mail ID, mobile number at Investors@GUJARATGAS.com. The shareholders who do not wish to speak during the AGM but have queries may send their queries in advance mentioning their name, demat account number/folio number, E-mail ID, mobile number at Investors@GUJARATGAS.com. These queries will be replied to by the Company suitably. It is to be noted that Company reserves the rights to restrict the number of questions and number of speakers, as appropriate for smooth conduct of AGM. Further, the request for registration as speaker shareholder and Question / Queries received by Company till 5.00 P.M. on Monday, 15th September, 2025 shall be considered and responded by the Company through e-mail.
- Those shareholders who have registered themselves as a speaker will only be allowed to express their views/ask questions during the meeting.
- Further, the facility of E-voting will also be available at the AGM and the members who have not cast their vote by Remote E-voting on all or any of the resolutions set out in the Notice can cast their vote at the Meeting. The Members who have cast their vote by Remote E-voting prior to the meeting may also attend the meeting but shall not be entitled to cast their vote again at the Annual General Meeting. If any Votes are cast by the Shareholders through the E-voting available during the AGM and if the same shareholders have not participated in the meeting through VC/OAVM facility, then the votes cast by such Shareholders shall be considered invalid as the facility of E-voting during the meeting is available only to the shareholders attending the meeting.

PROCEDURE FOR INSPECTION OF DOCUMENTS

- All the documents referred to in the accompanying Notice and Explanatory Statements, shall be available for inspection through electronic mode on the basis of prior request. Members seeking to inspect such documents can send the E-mail to Investors@GUJARATGAS.com.
- During the AGM, the Register of Directors and Key Managerial Personnel and their Shareholding maintained under Section 170 of the Act, the Register of Contracts or Arrangements in which the Directors are interested under Section 189 of the Act shall be available for inspection electronically by the Members during the E-AGM upon login CDSL e-voting system at <https://www.evotingindia.com> / www.cdslindia.com.

**DIVIDEND RELATED INFORMATION:**

20. Subject to approval of the Members at the AGM, the Dividend will be paid by the Company on or before **Friday, 24th October, 2025** to the Members whose name appears on the Company's Register of Members as on the Record Date i.e. **Friday, 5th September, 2025** as Beneficial owners as at the close of business hours on **Friday, 5th September, 2025**, as per the list to be furnished by the Depositories in respect of the shares held in electronic form and for physical shareholders after giving effect to all valid share transfer in physical form received as at the close of business hours on **Friday, 5th September, 2025**.

Any non-resident shareholder exempt from withholding tax deduction as per Income Tax Act or any other law granting overriding exemption/ immunity	NIL or applicable rate as per document	Necessary documentary evidence substantiating exemption from Withholding Tax deduction. The granting of exemption benefit shall depend upon the completeness and satisfactory review by the Company, of the documents submitted.

The Shareholders are requested to upload the said Documents/Forms on the upload centre of Company's ['R&TA'] <https://ris.kfintech.com/form15/> on or before 7th September, 2025 in order to enable the Company to determine and deduct appropriate TDS / Withholding Tax Rate. **The forms shall be submitted through the above specified mode only, no other mode shall be accepted.** No communication on the Tax determination / deduction shall be entertained post the aforementioned timeline.

The Shareholders holding shares under multiple accounts under different status / category and having single PAN, may note that, higher of the tax as applicable to the status in which shares held under a PAN will be considered on their entire holding in different accounts.

Application of TDS rate is subject to necessary due diligence including verification by the Company of the details of the Member(s) available as per the Register of Members on the Record date, documents / other information available in the records of the Company / its Registrar & Transfer Agents (RTA) and other reliable source(s). The Company may deduct TDS on Dividend at the maximum applicable rate, in case of any incomplete, conflicting or ambiguous information and/or the valid proper documents and/or information not provided by the share holders.

In the event of any Income Tax demand (including interest, penalty, etc.) arising from any misrepresentation, inaccuracy or omission of information provided / to be provided by the Shareholder(s), such Shareholder(s) will be responsible to indemnify the Company and also, provide the Company with all information / documents and co-operation in any appellate proceedings.

It may be further noted that in case the tax on said dividend is deducted at a higher rate in absence of receipt of the aforementioned details / documents from residential shareholders, there would still be an option available to the shareholder to claim the appropriate refund at the time of filing the return of income as per eligibility. No claim shall lie against the Company for such taxes deducted.

The Company vide separate E-mail have sent detailed communication for deduction of Tax at Source on dividend on 4th August, 2025. The said communication is also available at Company's website at <https://www.gujaratgas.com/investors/tds-on-dividend/>.

IEPF RELATED INFORMATION:

Pursuant to the provisions of Section 124 of the Companies Act, 2013 read with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, the Company has transferred 94435 Equity Shares corresponding to the Dividends for the FY 2016-17 that remained unclaimed / unpaid for 7 consecutive years to the demat account held by IEPF Authority after following the due procedure prescribed under the Companies Act, 2013 and the IEPF Rules.

In respect of unclaimed/unpaid Dividend for the FY 2017 – 18 to FY2023 – 24, the Company has been sending reminders to those members having unpaid/unclaimed dividends before transfer of such dividend(s) to IEPF. The Company has uploaded full details (Name, Folio no/DP id/Client id) of such shareholders on its website www.gujaratgas.com. Members who have not encashed their dividend pertaining to the FY 2017 – 18 to FY 2023 – 24 are advised to write to the Company or KFin Technologies Limited (KFin), the Registrar and Share Transfer Agent, at Selenium Tower B, Plot 31 - 32, Gachibowli, Financial District, Nanakramguda, Hyderabad – 500 032, Toll free no.: 1800 309 4001 or e-mail: einward.ris@kfintech.com immediately for obtaining payment thereof mentioning the relevant Folio number or DP ID and Client ID along with bank details.

The aforesaid Rules provides for the manner of transfer of the unpaid and unclaimed dividends to IEPF and the manner of transfer of shares in case any dividend has not been encashed by the shareholders on such shares during the last seven years to the designated demat account of the IEPF Authority. As per the requirement, the Company had sent information to all the shareholders who had not claimed/encashed dividends in the last seven years intimating, amongst other things, the requirements of the aforesaid rules with regard to transfer of shares and that in the event those shareholders do not claim any unclaimed/unpaid dividends for the past seven years, the Company will be required to transfer the respective shares to the IEPF demat Account by the due date prescribed as per the aforesaid rules and as amended from time to time. The Company had also simultaneously published notice in the leading newspaper in English and regional language dated 26th June, 2025 having wide circulation as per statutory requirement and uploaded on the "Investors Section" of the Website of the Company viz. www.gujaratgas.com giving details of such shareholders and shares due to be transferred. In case valid claim is not received, the respective shares will be credited to the demat account of the IEPF Authority.

25. Members may note that they can claim back the Shares as well as unclaimed Dividends transferred to the IEPF Authority. Concerned Members/Investors are advised to visit the weblink <https://www.iepf.gov.in/content/iepf/global/master/Home/Home.html> or contact R&TA for lodging claim for refund of Shares and/or Dividend from the IEPF Authority.

**OTHER INFORMATION:**

26. As per Regulation 40(1) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended and read with SEBI Master Circular no. SEBI/HO/MIRSD/MIRSDPOD/P/CIR/2025/91 dated 23rd June, 2025, all requests for transfer, transmission and transposition of securities, issue of duplicate share certificates, claim from unclaimed suspense account, renewal/ exchange of securities certificates etc. shall be processed only in dematerialized form. In view of this and to eliminate all risks associated with physical shares, members holding shares in Physical Form are requested to consider converting their holdings to Dematerialized Form.
27. The Securities and Exchange Board of India has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Accordingly, if not submitted, Members holding Shares in electronic mode are, therefore, requested to submit the PAN details to their Depository Participants with whom they are maintaining their demat accounts. Further, the Members holding Shares in physical form can submit their PAN details to KFin Technologies Limited in Form ISR-1.
28. Pursuant to SEBI Master Circular no. SEBI/HO/MIRSD/MIRSDPOD/P/CIR/2025/91 dated 23rd June, 2025 issued to the Registrar and Transfer Agents and SEBI Circular no. SEBI/HO/MIRSD/POD-1/P/CIR/2024/81 dated 10th June, 2024, SEBI has mandated that, with effect from 1st April, 2024, dividend to the security holders holding shares in physical mode shall be paid only through electronic mode. Such payment to the eligible shareholders holding physical shares shall be made only after they have furnished their KYC Details viz. PAN, Contact Details (Postal Address with PIN and Mobile Number), Bank Account Details, Specimen Signature, etc., for their corresponding physical folios with the Company or its R&TA.
29. The forms for updation of PAN, KYC, Bank details and Nomination viz. Forms ISR-1, ISR-2, ISR-3 and SH-13 are available on our website at <https://www.gujaratgas.com/resources/downloads/investor-service-procedure-for-physical-shareholders-21-06-2024.pdf>. In view of the above, we urge Members holding shares in physical form to submit the required forms duly filled up and signed, along with the supporting documents at the earliest to the RTA at its office address by E-mail with E-sign at einward.ris@kfintech.com. Towards this, the Company has also sent letters to the Members holding shares in physical form, in relation to applicable SEBI Circular(s). Members who hold shares in dematerialised form and wish to update their PAN, KYC, Bank details and Nomination, are requested to contact their respective DPs.
30. As stipulated under Regulation 36 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, profile of Directors seeking re-appointment / appointment is separately annexed herewith.
31. SEBI has established a common Online Dispute Resolution Portal ("ODR Portal") for resolution of disputes arising in the Indian Securities. After exhausting the option to resolve their grievances with the R&TA/ Company directly and through existing SCORES platform, the investors can initiate dispute resolution through the ODR Portal i.e. <https://smartodr.in/login>.
32. Special Window for Re-lodgment of Transfer Requests of Physical Shares: Pursuant to SEBI Circular No. SEBI/HO/MIRSD/MIRSD-PoD/P/CIR/2025/97 dated 2nd July 2025; it is informed that a Special Window is open for a period of six months, from 7th July, 2025 to 6th January, 2026 to facilitate re-lodgment of transfer requests of physical shares. This facility is available for Transfer Deeds lodged prior to 1st April, 2019 and which were rejected or returned earlier by the Company due to deficiencies in documents. Kindly take advantage of this opportunity by furnishing the necessary documents to the Company's R&TA within the provided timeline.
33. 100 Days Campaign - Saksham Niveshak: Pursuant to the Ministry of Corporate Affairs (MCA) letter dated 16th July, 2025, the Company has initiated the 100 Days Campaign - "Saksham Niveshak" from 28th July, 2025 to 6th November, 2025. This campaign has been launched to encourage shareholders who have not claimed their dividends from Financial Years 2017 - 18 to 2023 - 24 or have not yet updated their KYC and Nomination details to update the same with the Company's Registrar and Transfer Agent (R&TA), i.e. KFin Technologies Limited.
- Accordingly, such concerned shareholders may write to the Company's R&TA - KFin Technologies Limited (Unit: Gujarat Gas Limited) at Selenium Tower - B, Financial District, Gachibowli, Serilingampally Mandal, Nanakramguda, Hyderabad - 500032, Telangana, Toll-free No: 1800-309-4001 or E-mail at einward.ris@kfintech.com. Further Shareholder may contact to Company at investors@gujaratgas.com for any support.
34. The Resolutions will be deemed to be passed on the Annual General Meeting date subject to receipt of requisite number of votes in favour of the Resolutions.

**ANNEXURE TO THE NOTICE****EXPLANATORY STATEMENT PURSUANT TO SECTION 102 (2) OF THE COMPANIES ACT, 2013****Item No. 5 – Appointment of Shri Pankaj Joshi, IAS as Director & Chairman liable to retire by rotation:**

Based on recommendation of the Nomination and Remuneration Committee, the Board had appointed Shri Pankaj Joshi, IAS [DIN: 01532892], as an Additional Director & Chairman w.e.f. 7th February, 2025 under Section 161 of the Companies Act, 2013 read with Articles of Association of the Company, in view of communication No. MIS/11-2016/1765/E dated 06/02/2025 received from Energy & Petrochemicals Department, Government of Gujarat. He and his relatives hold NIL shares in the Company.

As per the provisions of Section 161 of the Companies Act, 2013 and the Articles of Association of the Company, he holds the office of Director till the conclusion of this Annual General Meeting. A notice under Section 160 of the Companies Act, 2013, has been received from a shareholder, signifying the intention to propose his candidature for appointment as the Director of the Company.

Accordingly, the Board recommends the said resolution in relation to his appointment as Director & Chairman liable to retire by rotation, for your approval by passing an ordinary resolution.

His brief profile, nature of his expertise in specific functional areas, disclosure of relationships between directors, inter-se, names of companies in which he holds Directorship, Committee Memberships/ Chairmanships, his shareholding etc. and other information is annexed to this Explanatory Statement.

Copy of aforesaid communication from Energy & Petrochemicals Department would be available for inspection through electronic mode.

None of the Directors/Promoters or Key Managerial Personnel (KMP) or relatives of Directors/Promoters and KMPs, except Shri Pankaj Joshi, IAS, is concerned or interested in the Resolution at Item No. 5 of the Notice. Shri Pankaj Joshi, IAS and his relatives, if any, are interested or concerned in the Resolution concerning his appointment proposed at Item No. 5.

The Board recommends the Resolution for approval of the Members. Members are requested to approve the Ordinary Resolution.

Item No. 6 – To appoint Secretarial Auditor of the Company for a period of 5 consecutive years commencing from 1st April, 2025 upto 31st March, 2030:

In accordance with the provisions of Section 204 and other applicable provisions of the Companies Act, 2013, read with Rule 9 of the Companies (Appointment & Remuneration of Managerial Personnel) Rules, 2014 (including any statutory modification(s) or re-enactment(s) thereof, for the time being in force) ('the Act'), every listed company and certain other prescribed categories of companies are required to annex a Secretarial Audit Report, issued by a Practicing Company Secretary, to their Board's Report, prepared under Section 134(3) of the Act.

Furthermore, pursuant to recent amendments to Regulation 24A of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI Listing Regulations'), every listed entity and its material Subsidiaries in India are required to conduct Secretarial Audit and annex the Secretarial Audit Report to its annual report. Additionally, a listed entity must appoint a Secretarial Audit firm for a maximum of two terms of five consecutive years, with shareholders approval to be obtained at the Annual General Meeting.

Accordingly, the Board of Directors at its meeting held on 5th August, 2025, has approved the appointment of M/s K K Patel & Associates, Practicing Company Secretaries, (Firm Registration No. S2004GJ071900, PR Certificate No.: 1636/2021) as the Secretarial Auditor of the Company for a period of five (5) consecutive years, commencing from 1st April, 2025 to 31st March, 2030 subject to approval of the Members at the Annual General Meeting.

Furthermore, in terms of the amended regulations, M/s K K Patel & Associates has provided a confirmation that they have subjected themselves to the peer review process of the Institute of Company Secretaries of India and hold a valid peer review certificate. M/s K K Patel & Associates has confirmed that they are not disqualified from being appointed as Secretarial Auditor and that they have no conflict of interest. M/s K K Patel & Associates has further furnished a declaration that upon appointment they will not render/provide any prohibited services to the Company, its holding and subsidiary companies as provided in Annexure – 3 of SEBI Circular dated 31st December, 2024 read with list of services as notified by Institute of Company Secretaries of India from time to time.

M/s K K Patel & Associates, Practicing Company Secretaries had been appointed as the Secretarial Auditor of the Company for the Financial Year ended 31st March, 2025. M/s K K Patel & Associates, is a corporate law advisory firm which has created a niche in Corporate Law practice with expertise in diverse domains. Shri Kiran Kumar Patel, founder of K K Patel & Associates, is a senior fellow member of the Institute of Company Secretaries of India, New Delhi. M/s K K Patel & Associates have set an excellent track record in the field of Corporate Laws, Securities Laws and Foreign Exchange Management Laws. The firm undertakes Corporate Governance Audits, Secretarial Audits, MSME Audits, Corporate Actions/Transactions/RBI based Due Diligence Audits. The Firm has expertise in Mergers and Acquisitions.

The terms and conditions of the appointment of M/s K K Patel & Associates include a tenure of five (5) consecutive years, commencing from 1st April, 2025 upto 31st March, 2030. Further remuneration and fees for statutory certifications and other professional services will be as mutually agreed between the Company and the Secretarial Auditor.

M/s K K Patel & Associates has provided its consent to act as the Secretarial Auditor of the Company and has confirmed that the proposed appointment, if made, will be in compliance with the provisions of the Act and the SEBI Listing Regulations. Accordingly, approval of the shareholders is sought for appointment of M/s K K Patel & Associates as the Secretarial Auditor of the Company.

None of the Directors/Promoters or Key Managerial Personnel (KMP) or relatives of Directors/Promoters and KMPs is / are, in any way, concerned or interested, financially or otherwise, in the aforesaid Resolution No. 6 of this Notice.

The Board recommends the Resolution for approval of the Members. Members are requested to approve the Ordinary Resolution.

Item No. 7 - Ratification of remuneration of Cost Auditor for FY 2025 - 26:

The Board of Directors at its Meeting held on 5th August, 2025, on the recommendation of the Audit Committee, appointed M/s Kailesh Sankhlecha & Associates, (firm Registration No. 100221) as the Cost Auditor to conduct the Audit of the cost accounts / records maintained by the Company for the Financial Year 2025 - 26 at the remuneration of ₹ 1,18,000/- (Rupees One Lac Eighteen Thousand Only) + GST and out of pocket expenses.

In accordance with the provisions of Section 148 of the Companies Act, 2013 read with the Companies (Audit and Auditors) Rules, 2014, including any statutory modification(s) or re-enactment thereof for the time being in force, the said remuneration payable for FY 2025 - 26 to M/s Kailesh Sankhlecha & Associates, Cost Accountants as Cost Auditor is required to be ratified by the Members of the Company.

Therefore, the Directors recommend the Resolution at Item No. 7 of this Notice for your ratification / approval.

None of the Directors/Promoters or Key Managerial Personnel (KMP) or relatives of Directors/Promoters and KMPs is / are, in any way, concerned or interested, financially or otherwise, in the aforesaid Resolution No. 7 of this Notice.

The Board recommends the Resolution for approval of the Members. Members are requested to approve the Ordinary Resolution.

STATEMENT ON COMPLIANCES OF APPLICABLE SECRETARIAL STANDARDS

Your Directors hereby confirm that during the year, the Company has been compliant with the applicable mandatory Secretarial Standards issued by the Institute of Company Secretaries of India.

CORPORATE SOCIAL RESPONSIBILITY

The Company has constituted a Corporate Social Responsibility (CSR) Committee in accordance with Section 135 of the Companies Act, 2013 read with Companies (Corporate Social Responsibility Policy) Rules, 2014, as amended. Pursuant to provisions of Section 135 of the Companies Act, 2013, the Company has also formulated a Corporate Social Responsibility Policy which is available on the website of the Company at <https://www.gujaratgas.com/resources/downloads/corporate-social-responsibility-policy-wef-1st-june-2021.pdf>. The details of the initiatives taken during the Financial Year 2024-25 in various areas in accordance with the Corporate Social Responsibility Policy of GGL is provided in the Annual Report on CSR. The Annual Report on CSR activities as required under the Companies (Corporate Social Responsibility Policy) Rules, as amended is enclosed herewith as **Annexure - 2** to this Report. Further as required by Rule 8 of Companies (Corporate Social Responsibility Policy) Rules, 2014, Executive Summary of Impact Assessment Report for eligible CSR Project issued by Independent Agency had been placed before the Board of Directors at its meeting held on 5th August, 2025 and is being also attached to the Annual Report at **Annexure - 2-A**.

**BOARD'S REPORT****BOARD OF DIRECTORS AND KEY MANAGERIAL PERSONNEL****Appointment and Resignation of Directors**

Since last Board's Report, Shri Raj Kumar, IAS (Retd.) ceased to be the Chairman of GGL consequent to resignation from the Board due to superannuation.

Your Directors wish to place on record appreciation for the services rendered by Shri Raj Kumar, IAS (Retd.) as Chairman of GGL.

Further, based on the recommendation of Nomination and Remuneration Committee, the Board had appointed Shri Pankaj Joshi, IAS, Chief Secretary, Government of Gujarat as Additional Director & Chairman w.e.f. 7th February, 2025. It is proposed to regularize his appointment at the ensuing 13th Annual General Meeting.

Shri S J Haider, IAS, Director will retire by rotation and it is proposed to reappoint him as the Director of the Company in the ensuing 13th Annual General Meeting.

A brief resume of the Directors to be appointed at the ensuing Annual General Meeting, nature of expertise in specific functional areas and details regarding the Companies in which the Directorship is held together with the Membership / Chairmanship of Committees of the Board along with other statutory details will be given in the Explanatory Statement forming part of the Notice of the 13th Annual General Meeting.

DIRECTORS INDEPENDENCE

Pursuant to the applicable provisions of Section 149 (6) of the Companies Act, 2013, the Independent Directors of the Company have given confirmation/declaration to the Board that they meet with the criteria of Independence and are Independent in terms of applicable provisions of Section 149 (6) of the Companies Act, 2013. Further, they have also given the confirmations on independence as per provisions of Regulation 16(1)(b) and 25 (8) of the Listing Regulations.

BOARD EVALUATION

Pursuant to the provisions of the Companies Act, 2013, the performance evaluation of the Board, Committees and individual Directors for Financial Year 2024-25 was carried out as per the terms and conditions of their appointment based on various parameters.

MEETINGS OF THE BOARD OF DIRECTORS

The Board meets at regular intervals to discuss and decide on Company / business policy and strategy apart from other Board business. The Board / Committee Meetings are pre-scheduled to enable the Directors to plan their schedule and to ensure meaningful participation in the Meetings. However, in case of a special and urgent business need, approval is taken by passing resolutions through circulation to the Directors, as permitted by law, which are noted in the subsequent Board/Committee Meetings.

During the period from 1st April, 2024 to 31st March, 2025, **6 (Six)** Board Meetings were convened and held, the details of which are given in the Corporate Governance Report. The intervening gap between the Meetings was within the period prescribed under the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

ANNUAL ACCOUNTS

The Audit Committee at its Meeting held on 19th May, 2025, approved the Financial Statements for the Financial Year ended on 31st March, 2025 and recommended the same for approval of the Board. The same have been subsequently approved by the Board of Directors at its meeting held on 19th May, 2025.

AUDITORS

As your Company is a Government Company, the Statutory Auditors are appointed by the Comptroller & Auditor General of India (C&AG). Accordingly, the C&AG had appointed M/s. Ashok Chhajer & Associates, Chartered Accountants as the Statutory Auditors of the Company for the Financial Year 2024-25. Auditors' Report for Financial Year 2024-25 of M/s. Ashok Chhajer & Associates, Chartered Accountants are self-explanatory in nature and forms part of financial statements of the Company.

C&AG has carried out supplementary audit of the Financial Statements of your Company for the Financial Year 2024 - 25 pursuant to provisions of Section 143 (6) (a) of the Companies Act, 2013. The C&AG has issued Nil Comment Report on Financial Statements of the Company for the Financial Year 2024 - 25 which forms part of financial statements of the Company.

SECRETARIAL AUDITOR

Pursuant to the provisions of Section 204 of the Companies Act, 2013 and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, the Board of Directors of the Company had appointed M/s. K K Patel & Associates, Practicing Company Secretaries to conduct the Secretarial Audit of the Company for the Financial Year 2024-25. The Report of Secretarial Auditor on Company's Secretarial Audit for the Financial Year 2024-25 is enclosed herewith as **Annexure - 3** to this Report. The Secretarial Audit Report is self-explanatory in nature.

**BOARD'S REPORT**

In terms of Regulation 24A of the Listing Regulations, with effect from 1st April 2025, your Company is required to appoint a Practicing Company Secretary for not more than one term of five consecutive years or a firm of Practicing Company Secretaries for not more than two terms of five consecutive years, as a Secretarial Auditor, with the approval of the members at its AGM and such Secretarial Auditor must be a peer reviewed company secretary and should not have incurred any of the disqualifications as specified under the Listing Regulations. Further, as per the said Regulation, any association of the individual or the firm as the Secretarial Auditors of the Company before 31st March, 2025 shall not be considered for the purpose of calculating the tenure of the Secretarial Auditors.

Taking into account the above requirements, the Board of Directors has approved the appointment of M/s K K Patel & Associates, Practicing Company Secretaries (Firm Registration No. S2004GJ071900, PR Certificate No.: 1636/2021) as Secretarial Auditors of the Company for a period of 5 years commencing from 1st April, 2025 upto 31st March, 2030, subject to approval of Shareholders at the ensuing Annual General Meeting.

M/s. K K Patel & Associates have confirmed they are not disqualified from being appointed as the Secretarial Auditors of the Company and satisfy the prescribed eligibility criteria.

Accordingly, resolution seeking Member's approval for appointment of Secretarial Auditor for a period of 5 years commencing from 1st April, 2025 upto 31st March, 2030 is included in the Notice convening the 13th Annual General Meeting.

COST AUDITOR

Your Company is required to carry out Cost Audit pursuant to Section 148 of the Companies Act, 2013, read with the Companies (Cost Records and Audit) Rules, 2014.

Your Company had appointed M/s Kailash Sankhlecha & Associates, Cost Accountants as Cost Auditors for the Financial Year 2024-25. Accordingly, Cost Audit has been carried out for the Financial Year 2024-25. The Cost Audit Report for Financial Year 2024-25 will be submitted to the Central Government in the prescribed format within stipulated time period.

Further, the Board of Directors upon recommendation of the Audit Committee, appointed M/s Kailash Sankhlecha & Associates, Cost Accountants as Cost Auditor to audit the cost accounts of GGL for the Financial Year 2025 - 2026 on a remuneration of ₹ 1,18,000/- plus applicable taxes and reimbursement of out of pocket expenses incurred by them during the course of Audit. As required under the Companies Act, 2013, the remuneration payable to the Cost Auditor is required to be placed before the Members in General Meeting for their ratification. Accordingly, a Resolution seeking Member's ratification for the remuneration payable to M/s Kailash Sankhlecha & Associates, Cost Auditors for the Financial Year 2025 - 2026 is included in the Notice convening the 13th Annual General Meeting.

RISK MANAGEMENT AND INTERNAL CONTROL SYSTEM**Risk Management**

The Company has a well-defined Risk Management Framework for reviewing the major Risks and has adopted a Business Risk Management Policy. Further, pursuant to the requirement of Regulation 21 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Company has constituted a Risk Management Committee inter-alia to monitor the Risk Management Plan of the Company.

Internal Control System

The Company has a proper and adequate system of Internal Controls commensurate with its size of operations and nature of business. These are regularly tested and certified by Auditors. Significant audit observations of audit team and follow up actions thereon are reported to the Audit Committee. The details about the identification of elements of Risk and Internal Control Systems are provided in detail in the Management Discussion & Analysis Report forming part of this Board's Report.

INTERNAL FINANCIAL CONTROLS

The Company has in place adequate internal financial controls, with reference to financial statement. The internal financial controls have been documented in the business processes. Such controls have been assessed during the year under review and were operating effectively.

VIGIL MECHANISM

The Company has established a Vigil Mechanism to report genuine concerns, details of which have been given in the Corporate Governance Report forming part of this Boards' Report. There was no complain received under Vigil Mechanism during Financial Year 2024-25.

BOARD'S REPORT

HEALTH, SAFETY AND ENVIRONMENT (HSE)

Health, Safety and Environment (HSE) is a core value in GGL. GGL recognizes that the health and safety of all those involved in its operation and public along with protection of the environment is the prime responsibility of the company and its management at every level.

GGL believes that outstanding business performance requires outstanding HSE performance. We aim to assure the integrity and safe operation of our assets, protect the health and safety of our employees, contractors & their staff, customers and general public in our operation area and to minimize the environmental impact associated with our business processes.

GGL operations are driven by the goal of zero injuries and while pledging to perform at the best standards feasible in terms of environmental compliance, practices, and stewardship. We seek to encourage a culture of excellence and drive forward for continual improvement in HSE performance.

QHSE commitment & Certification:

GGL is committed that its QHSE management system complies with all applicable legal requirements including Acts, Regulations, National & International Standards, Guidelines and code of practices for Health Safety & Environment (including directives issued by legal, statutory or regulatory bodies) and follows best industrial practices. GGL aims to continue as an industry leader in City Gas Distribution business through its QHSE performance.

GGL integrated management system was first certified by certification body M/s. DNV GL in 2018, re-certified by M/s. ICS in 2021 and now for the third time certified by M/s Bureau Veritas in February, 2025. GGL ensures that all management decisions reflect its Quality, Health, Safety & Environment (QHSE) intentions.

The three certifications received by GGL are:

- Management System Certificate for Quality Management System standard ISO 9001:2015
- Management System Certificate for Environmental Management System Standard ISO 14001:2015
- Management System Certificate for Occupational Health & Safety Management System Standard ISO 45001:2018

ISO audit & certifications demonstrate that the Integrated QHSE management system of the organization has been measured against the requirements of relevant standards and found compliant. Verification & certification by a third-party certification body validates GGL commitment to continual improvement in QHSE management building a sustainable business performance.

GGL has more than 190 Standard Operating Procedures and Guidelines for seamless and safe functioning of various aspects of business.

GGL has also initiated a Comprehensive Review of all its SOPs & Guidelines in terms of coverage, ERP system interface, process digitization, process performance indicators, monitoring mechanism, review and escalation etc. involving Ground teams, Management Team and external competent experts. The updated Standard Operating Procedures (SOPs), will reflect best industry practices and aid in faster decision making in this ever evolving business dynamics, operational requirements. This will also enhance the quality, safety & operational efficiency with an aim of continual improvement of the management systems at GGL. The standardization in the process would also help in accelerating digital transformation process being undertaken at GGL.

Project execution with highest level of Safety & Risk levels at ALARP in new Charge Areas:

GGL has entered into new charge areas within its authorized Geographical areas. New areas are being supplied gas through either by traditional gas pipeline extension to these areas or using fairly new concepts of Virtual Pipeline network through either Steel pipeline pack or decompression of CNG or regasification of LNG, in areas where pipeline laying project may take significant time. GGL takes extra HSE precautions for all such new projects. Risk assessment by utilizing industry recognized tools of Safety Engineering Studies has been at the fore-front of all such projects such as Hazard Operability (HAZOP), Quantitative Risk assessment (QRA), Escape Muster Evacuation & Rescue Analysis (EMERA) and Hazardous Area Classification (HAC) for all types of Gas installations at the planning stage itself and compliance to recommendations of these studies so that risks can be mitigated. GGL assets have been designed, constructed, commissioned, operated and maintained, such that the risks to personnel & public / society are reduced to As Low As Reasonably Practicable (ALARP).

GGL carries out Environmental Impact Assessment (EIA) for pipeline projects passing through environmental/ecological sensitive areas/zones. In FY 2024-25 GGL has initiated EIA study for pipeline project in Union Territory of Dadra & Nagar Haveli GA to determine the potential environmental, social effects of the proposed project. The results of these study along with mitigation plan will be presented to Expert Advisory Committee (EAC) as part of application for Environmental Clearance from Ministry of Environment, Forest & Climate Change.

GGL this year also continued with special focus on safety aspects at projects in new charge areas with implementation of HSE management system in these areas relevant to project requirement, trainings, visits & meetings by management team members focusing on safety requirements.

BOARD'S REPORT

First of its kind Projects with focused Risk assessment & comprehensive testing – Green H₂ blending:

GGL along with M/s NTPC had commissioned India's first Green H₂ blending (5%) which was further increased to 8% in PNG distribution network at Kawas, Hazira. This pilot project supplies blended gas to domestic & commercial connections of NTPC Township. The project is supporting to verify the feasibility assumptions and impact related to hydrogen blending such as safety, asset health/integrity, blending homogeneity, combustion and odorization etc. in PNG network. In FY 2024-25 GGL also carried out Quantitative risk assessment (desktop study) for PNG pipeline network with up to 15% H₂ blending to understand the risks involved due to higher blending levels for which the results were found within ALARP (As Low As Reasonably Practicable) levels. GGL also carried out thorough Material testing of various network assets (PE pipeline, fittings, GI piping and related fitting, burner, rubber components etc.) involving third party M/s Gujarat Energy Research & Management Institute to establish any deteriorating effects on network health due to blended hydrogen exposure. All test results were satisfactory and same was also presented to industry regulator.

Quality & Safety at fore-front as GGL starts multiple CBG offtake in its PNG/CNG system:

GGL in collaboration with Bio-gas manufacturers, has kick-started the operation of off-taking supply of Biogas into GGL PNG/CNG system at three new locations, taking the total tally of bio-gas off-take to seven:

- Indore (UDI GA): Started off-take from Bio-gas producer – M/s Indore Clean Energy Pvt Ltd through cascades.
- Gurdaspur (H&G GA): Started off-take from Bio-gas producer – M/s MEPL through injecting CBG into GGL Medium pressure PE pipeline
- Hoshiarpur (H&G GA): Started off-take from Bio-gas producer – M/s Reliance Chemicals and Materials Limited through cascades.

GGL and Bio-gas manufacturers together took Safety & quality requirement as the highest priority. Remote Gas Quality monitoring, odorization and automatic shut-off systems are the key things focused during these projects to ensure highest level of quality, safety & customer satisfaction while using Bio-gas which helps in significant contributions to issues related to waste management, air pollution and countries' dependency on imported fuel.

HSE Compliance Assurance & Audits:

GGL conducts its business in a safe and responsible manner and ensures compliance with the all legal and regulatory requirements. Compliance assurance is confirmed through audits / inspections with respect to all applicable PNGRB regulations and other standards covering all geographical areas of GGL every year including this financial year.

GGL has successfully conducted compliance audits & applicable recertification audits with respect to below listed PNGRB regulations through PNGRB empaneled Third Party Inspection Agency (TPIA) for Geographical Areas.

- **ERDMP Periodic Certification Audits:** Successfully completed for Dahod Geographical Area in line with PNGRB Codes of Practices for Emergency Response and Disaster Management Plan, Regulations in Financial Year 2024-25.
- **T4S & IMS Certification Audits:** Successfully completed T4S & IMS periodic audits for One (1) Transmission Natural gas pipeline (Hazira Ankleshwar pipeline) and Fourteen (14) Geographical Areas – Palghar district & Thane Rural GA, Amritsar GA, Valsad GA, Dadra & Nagar Haveli GA, Surendranagar GA, Gandhinagar GA, Bhavnagar GA, Jamnagar GA, Navsari GA, Surat, Ankleshwar and Bharuch (SAB) GA, Hazira GA, Rajkot (including Morbi) GA, Nadiad GA & Dahej GA as per the defined periodicity of TPIA audits, in line with PNGRB Technical Standards and Specifications including Safety Standards (T4S), Regulations and PNGRB Integrity Management System (IMS), Regulations, in Financial Year 2024-25.

No major non-compliances were observed during above mentioned audits, most of the observations arising out of these audits are being addressed on priority basis. Compliance report of all these audits have been submitted to regulatory board as well.

Key Safety Index

The safe delivery of projects and safe operations of assets is a critical success factor for the company's business. GGL sets HSE targets and closely monitors it to achieve continual improvement in QHSE performance.

GGL recognizes that leadership commitment is fundamental for continual improvement in HSE performance. GGL management team members review HSE performance on regular basis.

At GGL, Health Safety & Environment performance is measured through HSE Scorecard. The scorecards include various Key Performance Indicator (KPIs), both leading as well as lagging indicators defined internally focusing on various aspects of HSE such as Leadership, Management system, Risk management, Incidents etc.

Monthly monitoring of these KPIs against pre-defined targets helps to assess the effectiveness of HSE performance. In Financial Year 2024-25, GGL has achieved an average of around 90% compliance to its HSE scorecard.

GGL is committed to protect Safety, Health and Well-being of people working for the organization. Lost Time Injury Frequency (LTIF) is the industry standard key indicator which is used to measure GGL's occupational safety performance.

- GGL has achieved Lost Time Injury Frequency of 0.122 for the Financial Year 2024-25.
- Total man-hours of GGL in Financial Year 2024-25 is 32.76 Million.

BOARD'S REPORT

Asset Integrity Index:

Asset Integrity (AI) in CGD (City Gas Distribution) is the management of the physical condition of gas assets to ensure that they are fit for purpose over their life cycle and do not pose a risk to personnel, public, property and environment. Asset Integrity management is thus critical for safe operation of our facilities and to ensure suitable and sufficient measures are in place to prevent a major accident.

At GGL, Asset Integrity is paramount to ensure the safety and reliability of operations and its key performance is measured through AI Scorecard. The AI scorecards include various Key Performance Indicator (KPIs), both leading as well as lagging indicators defined based on industry standard to emphasize attention upon matters related to AI Management system. AI KPIs include process measures, operational measures & direct integrity measures and are essential tools for managing asset integrity risks.

The regular monitoring of these KPIs against pre-defined targets helps to assess the effectiveness of asset performance. In Financial Year 2024-25, GGL has achieved an average of around 94% compliance to its AI scorecard.

Mock-drills:

GGL has a well-developed and certified Emergency Response and Disaster Management Plan through PNGRB approved Third Party Inspection agency (TPIA) for each of its operational Geographical Areas. GGL conducts mock-drills at defined intervals to check adequacy of preparedness against various anticipated emergency scenarios across all locations. Debriefing sessions are conducted after every mock-drill and recommendations are compiled in time-bound manner.

In Financial Year 2024-25, GGL carried out more than 190 mock-drills. Break-up of the same is as below:

- Level-1 Mock-drills – 110 numbers
- Level-2 Mock-drills involving local emergency services/mutual aid partners – 52 numbers
- Level-3 Mock-drills including participation in the offsite mock drills organized by District authorities – 32 numbers

GGL Lifesaver Rules & Compliances:

GGL has well-defined 10 Lifesavers Rules for work related to safety critical areas such as Safe Systems of Work, Excavation-HDD-Boring, Working at Height, Lifting, Confined Space Entry, Driving, Gas Escape Handling, Electrical, CNG Handling & LNG Handling.

All critical activities are covered under these defined 10 lifesaver areas which are monitored throughout the year using Work place inspection checklists defined based on lifesaver rules. In Financial Year 2024-25, GGL has achieved ~ 95% compliance to lifesavers rules.

HSE Initiatives:

To improve HSE performance, various HSE initiatives and programs are undertaken as part of HSE improvement plan such as Awareness sessions with frontline workers and supervisors on various aspects of Safety, Utility coordination meetings, Safety awareness workshops at local schools, campaign activities related to lifesaver areas, Hazard hunt activities, special drives to check compliance in defined focus areas, etc. across operations. In Financial Year 2024-25, GGL has achieved 100% compliance to its HSE improvement plan.

GGL encourages participation and involvement of its employees and contractor staff in HSE related activities through monthly HSE committee meetings, Hazard and Near miss reporting, monthly quiz, risk assessment, work place inspections, various campaigns and celebration of HSE events and numerous safety awareness programs.

GGL has also established a system for evaluating contractor performance on monthly basis. Quality & HSE performance has been made an essential part of this performance evaluation with pre-defined key indicators.

HSE Awareness & Trainings:

GGL always ensures that safety training and awareness programs are conducted periodically for employees and contractor staff. In Financial Year 2024-25:

- 1766 numbers of Safety & Technical Competency Training programs have been conducted which includes Basic Safety, Practical Fire-fighting, First Aid Treatment, Defensive Driving, Working at height and other Technical Competency trainings in various areas such as GI Plumbing, CNG filling, Welding, CGD O&M, LCNG O&M etc.
- 1286 numbers of Safety Awareness Programs have been conducted for employees and contractors.
- GGL also organizes various safety awareness programs on Natural Gas related safety for its customers, general public. In Financial Year 2024-25:
- 1135 numbers of Natural Gas safety awareness program have been conducted for general public, customers.

GGL also conducted various Social Media Campaigns for awareness & engagement with customers & public at large, on various Health, Safety & Environmental aspects related to PNG & CNG and its uses during: National Nutrition Week, World Environment Day, PNG & CNG Awareness Quiz campaign.

GGL has collaborated with M/s. Aspire Disruptive Skill (ADS) Foundation for executing one of its CSR activity of conducting skill development programs. The objective of the training is empowering the needy and unemployed youth through industry responsive skill development and enhance their livelihood. More than 350 youth have been trained in these Skill development trainings and out of them 68 candidates have already been placed in oil & gas & other sectors.

BOARD'S REPORT

GGL also educates and influences various third-party utility companies and their contractor's workforce, machine operators etc. who undertake digging/excavation/drilling activities on or near the underground GGL gas pipeline network through coordination meetings, site sessions, including giving away of utilizable gifts such as water bottles, key chains etc. with GGL contact numbers for Dial before Dig/Emergency. These sessions are done to focus on the critical safety risks and environmental impact caused due to damage of natural gas pipelines while digging/excavation/drilling operations. In Financial year 2024-25 GGL has conducted 1597 numbers of Utility coordination & Natural Gas safety awareness programs & briefings for various utility companies, their contractors & its workforce.

GGL has extensively implemented usage of 'Call before you Dig' application which has been developed by Department of Telecom, Government of India with an intention to increase coordination between digger and Utility agencies so as to reduce damages to underground utilities including gas pipelines during excavation activities. GGL contractors have registered on this application and raise requests in CBUD app before starting digging activities and we are also urging third parties to use this app / dial in/ inform directly to GGL prior to starting any digging so that damage to Natural gas pipeline network can be prevented.

Celebrating HSE Events at GGL

GGL, being a prudent organization, celebrates various HSE related events like National Safety Week, National Road Safety Month and World Environment Day.

GGL celebrated 54th National Safety Week in March 2025, focusing on this year's theme "Safety and Well-being crucial for Viksit Bharat". Below mentioned activities & competitions were accomplished across all locations of GGL.

- Safety Pledge at GGL Offices & Safety Message dissemination to employees by Management
- Photobooth set-up for clicking photographs with motto "Safety First for Safe India" to create awareness about safety week theme
- "QR enabled Safety Quiz" for GGL employees, Outsourced staff & Contractor Staff with GA-wise rewards for lucky winners
- Team Competition on "Risk Assessment" for defined safety critical activities at GGL with zone-wise rewards for best Team performance
- Competition on Capturing Best Safe Site, with GA-wise rewards for winners
- Team Competition on "Hazard Hunt" at project sites, Gas installation facilities
- Level-1 Mock drill for GGL offices - fire scenario including evacuation to review Emergency Preparedness
- Contractor Engagement Session at Site - Safety pledge, Brief about NSW theme, importance of compliance to safety norms, HSE Reporting, Recent incident sharing.

GGL observed National Road Safety Month in the month of January 2025, playing part in making our roads safer for everyone. Below mentioned activities were planned and completed across all locations of GGL as part of this celebrating this event:

- Group gathering at GGL Offices & Road Safety message to employees by Management
- Awareness on Road Safety through "QR enabled Quiz" for GGL employee, Outsourced Employees & Contractor Staff with GA-wise rewards for lucky winners
- Road Safety Initiative considering kite festival - Installation of protector rod on two-wheelers and Distribution of crash helmet to Outsourced and Office staff using two-wheeler for office commute
- Photobooth set-up for clicking photographs with "I Pledge to Drive Safe" to instil commitment for road safety and awareness about the event
- Eye check-up camp for CNG MCV drivers / LNG Tanker Drivers /Hired vehicle drivers /Emergency & Maintenance vehicle drivers
- Defensive Driving Training for GGL Employees, Outsourced employees, MCV/LNG tanker/Emergency O&M vehicle /Hired office vehicle drivers & Two-wheeler Patrolmen etc.
- Vehicle safety inspection drive covering all office vehicles, O&M Emergency vehicle, CNG MCVs and LNG Tankers
- Poster making competition on 'Distractions while driving' for Children of GGL & Outsourced Employees and rewarding children with best poster under different age categories
- Team Competition - "Skit/Naatak Video on Driving Lifesavers" with zone-wise rewards for best Team performance
- Rewarding/Appreciation for Best driver (Amongst contractor drivers of MCV/LNG Tanker/Hired vehicle/EMV) based on past performance
- Awareness Session on Driving Safety focusing on "Dealing with various type of distraction" for MCV/LNG tanker driver, Patrolmen, Meter readers, O&M team etc.

GGL celebrated 51st World Environment Day to encourage awareness and implement actions for protection of our environment. Following activities carried out as part of celebration plan.

- More than 3800 sapling/tree plantation, distributed across all GGL locations
- Display of custom Environment Day banners & Group gathering at GGL Offices

BOARD'S REPORT

- Poster competition – World Environment Day 2024 theme "Land restoration, Desertification & Drought resilience" for Children of GGL and Out Source Employees
- Spot Quiz – GGL Employees and Contractor Staff

All of these activities were done with an aim to involve employees, contractors, society at large and enhance their awareness regarding significance of Health Safety & Environment aspects and related best practices.

HSE Rewards & Recognition at GGL:

With an intention to motivate and foster a positive HSE culture and step-up HSE-AI compliance and performance, GGL has put in place HSE reward and recognition scheme to acknowledge significant HSE contribution of employees and contractor staff and to boost their confidence. Under this scheme:

- HSE contributor of the month among employees and contractor staff are identified on monthly basis at each geographical area and are rewarded during monthly HSE committee meeting.
- Monthly Best Hazard & Best Near miss carefully selected based on quality and safety criticality and rewarded
- Best HSE Performer of the quarter for each Zone

GGL also conducted monthly online HSE-AI Quiz based on HSE and Asset Integrity focus areas to raise awareness amongst employees across GGL & winners of this quiz identified through draw system are awarded each month.

Step up with Environmental, Social and Governance – ESG system:

ESG is a system to measure the sustainability of a company or investment in three specific categories: Environmental, Social and Governance. With intentions to grow & reduce costs in the long run and forge a sense of trust amongst consumers & stakeholders, GGL is in continuous endeavor to integrate ESG into GGL business & Corporate Strategies.

Gujarat Gas Limited won the **"Asian Oil & Gas Awards 2024"** in following two Categories for its ESG projects & Natural Gas distribution project respectively

- Environmental Social Governance (ESG) initiative of the year – India
- Downstream project of the year – India

The Award recognizes the most outstanding players in Asia's oil and gas sector.

GGL won the **"SKOCH ESG Award 2024"** for its pilot project on Green H₂ blending in CGD network. The project has created wide positive Environmental, impact. GGL was adjudged the winner for the coveted honor of SKOCH ESG Award second year in a row, after extensive scrutiny for completion, veracity of the nomination and rounds of evaluation presentations scored by expert jury & peers and popular voting.

MANAGEMENT DISCUSSION & ANALYSIS

The Management Discussion & Analysis is as under:

1. INDUSTRY STRUCTURE AND DEVELOPMENTS

Natural gas is considered a relatively clean-burning fossil fuel compared to coal and oil, producing fewer emissions of air pollutants and carbon dioxide (CO₂) when burned to produce an equal amount of energy.

Natural Gas is the cleanest and most efficient of the fossil fuels and is a smart energy choice. Not only does it supplement renewable energy, such as wind and solar, but it also has a smaller carbon footprint than other fossil fuels.

Natural Gas is used as a feedstock in several industries like fertilizers, plastics and other commercially important organic chemicals and used as a fuel for electricity generation, heating purpose in industrial and commercial units. Natural gas is also used for cooking in domestic households and as a transportation fuel for vehicles.

Escalating conflict in the Middle East and Russia's continued war in Ukraine have global attention sharply focused on some of the world's most important energy-producing regions. While some of the acute impacts of the global energy crisis have receded, geopolitical uncertainty is exposing the underlying fragilities of the global energy system, regardless of technology or geography. Energy infrastructure is also facing increasing risks from extreme weather events that are becoming an all too common aspect of life for people around the world.¹

Currently, natural gas's share in India's energy mix is around 6%. The government aims to increase this share to 15% by 2030. This is part of a broader plan to transition to a cleaner energy system and reduce reliance on polluting fossil fuels. The government is pursuing several initiatives to boost natural gas consumption, including expanding the National Gas Grid, expanding the City Gas Distribution (CGD) network, setting up Liquefied Natural Gas (LNG) terminals, promoting Compressed Natural Gas (CNG) and Piped Natural Gas (PNG). The Government has also set the target to achieve net-zero emissions by 2070. India also aims to raise its non-fossil energy capacity to 500 GW by 2030 while meeting 50 per cent of its energy demand through renewables. India has also committed to reducing 1 billion tonnes of projected emissions from now till 2030 and achieving carbon intensity reduction of 45 per cent over 2005 levels by 2030.²

¹ International Energy Agency | World Energy Outlook 2024

² <https://www.ceew.in/news/cop-26-ceew-unpacks-indias-2070-net-zero-target-and-other-climate-mitigation-measures>

BOARD'S REPORT

India's natural gas consumption is forecast to increase by nearly 60% by 2030, driven by robust growth in city gas distribution, industrial demand and power generation. Targeted strategies and policy interventions could boost gas consumption beyond the forecasted trajectory to around 120 bcm/yr by 2030, close to the current gas consumption of the entire continent of South America.

Inter-fuel competition is particularly strong in India, with natural gas vying against coal, oil and renewables in several gas-consuming sectors. This means that even small changes in global gas prices can significantly impact domestic consumption patterns. This price sensitivity underscores the need for competitive pricing to enable natural gas adoption.

India's LNG imports are set to more than double between 2023 and 2030, driven by steady demand growth and a much slower rise in domestic production. Between 2013 and 2023, India's LNG imports increased by 70%, and reached 36 bcm in 2024, matching the previous record set in 2020 and cementing the country's position as the fourth-largest LNG importer globally. Looking ahead, India's LNG demand is projected to grow steadily, reaching 64 bcm/yr by 2030. This represents an annual average growth rate of 11% for the 2023-2030 period, twice the average rate observed in the previous ten years.³

Consumption of Natural Gas (including internal consumption) with a volume of 72.293 BCM (billion cubic meters) during the Financial Year 2024-25 registered more than 7% growth year-on-year basis over the volume of 67.512 BCM during Financial Year 2023-24.

During the FY 24-25, consumption of Natural Gas (NG) was driven by fertilizer (29%) followed by CGD (21%), Power (12%) Refinery (8%), Petrochemicals (5%). Miscellaneous sectors occupied a share of 25%. Fertilizer sector occupied the highest share for the Consumption of Natural Gas at 29%. The CGD sector share has remained steady at 21%, power sector has slightly reduced from 13% to 12%.⁴

During the FY 2024-25 crude oil prices had shown declining trend and has seen low of \$72.02 per barrel in March 2025 and high of \$89.44 per barrel in April 2024, a decline of almost 24% with >\$17 per barrel downward movement for Indian basket. By the end of financial year the prices had decline to \$72.02 with year average of \$78.56.⁵

BOARD'S REPORT

2. OPPORTUNITIES AND THREATS

The Indian government is promoting natural gas usage through various initiatives, including expanding the National Gas Grid Pipeline, City Gas Distribution (CGD) network and Liquid Natural Gas (LNG) Terminals. The government also provides subsidies to encourage natural gas consumption and has implemented policies to increase domestic production and ensure affordable gas prices for key sectors like transportation and domestic use.

A scheme has also been launched to develop pipeline infrastructure for the injection of Compressed Biogas (CBG) into the CGD network, facilitating the use of renewable biogas in the gas grid. Government has announced phase wise mandatory selling of CBG in CNG (T) and PNG (D) segment of CGD network to promote the production and utilization of CBG. As per CBG Obligation (CBO) is presently voluntary till FY 2024-2025 and mandatory selling obligation would start from FY 2025-26. CBO shall be kept as 1%, 3% and 4% of total CNG/PNG consumption for FY 2025-26, 2026-27 and 2027-28 respectively. From 2028-29 onwards CBO will be 5%.

Further, to cater the growing demand of CGD sector and to protect the common people from price volatility, the Government has released new CGD sector Gas allocation Guidelines wherein the allocation of PNG (Domestic) segment was increased (i.e. 105% of PNG (Domestic) consumption in the previous quarter) and balance available volume to be supplied to CNG (T) segment on prorata basis.

The revised methodology has been helpful for the CGD entity as the lag between the allocation and reference period has been reduced from average of 6 months to average of 3 months which reflects a more realistic consumption data.

With the declining natural gas production from aging fields of Oil and Natural Gas Corporation (ONGC), a cut in Administered Pricing Mechanism (APM) gas supplies by up to 20%, effective from April 16, 2025 was notified. ONGC is offsetting the natural gas decline in output from ageing gas fields by drilling new wells. However, gas from these new wells is sold at a higher price to cover the added costs.

As per the recent media reports, allocation will also now include New Well Gas (NWG) from nomination fields of the two state explorers, ONGC, and Oil India (OIL), with auction-based allocation for New Well Gas being replaced with a quarterly pro-rata allocation, to ensure timely and reliable supply.

With both Administered Pricing Mechanism gas and New Well Gas prices linked to Indian crude basket prices, which are calculated monthly, the government sees the allocation of domestic gas to make natural gas more affordable for CNG (T) and PNG (Domestic) consumers after recent decline in crude prices. Gas from new wells drilled by ONGC in the same nomination fields is priced at 12 per cent of the Indian crude oil basket.

Similar to any other business, the Company faces challenges in the form of stiff competition from other fuels due to accessibility and availability. The fuel also faces risk in the form of disparity in the tax structure compared to alternate fuels as PNG and CNG (T) are still out of GST ambit. In FY 24-25, the Indian City Gas Distribution (CGD) sector faced challenges primarily related to gas availability and pricing, particularly due to declining APM gas allocations and rising import dependence. Infrastructure constraints, including pipeline expansion and secure pricing, also hindered the growth. The availability of cheaper APM gas had decreased during FY 2024-25, impacting CGD company margins. This has led to a shift towards more expensive HPHT (High Pressure High Temperature) gas, New Well Gas and RLNG.

The reduced APM gas allocations had put greater reliance on imported LNG, making the sector more susceptible to price volatility and higher costs. The rising costs of imported gas and reduction in APM gas had forced the CGD companies to pass on some of the increased costs through increase in CNG (T) prices. The comparison to alternate fuel price may limit the CGD entities to pass on any further increase in gas costs.

During the year, the Spot LNG (West India Marker) prices have fluctuated from a low of \$8 per mmbtu to \$17 per mmbtu. The high fluctuations has led to uncertainty in prices to Industrial customers thereby impacting volumes during the year. The reduction in crude prices shall immediately lower the alternate fuel prices thereby affecting volumes in the short term. However, in the medium term, as the NG prices have a lag of 3-6 months to crude prices, the price differential between NG and alternate fuel is expected to reduce considerably.

Notwithstanding these, your Company shall continue to focus placing environmentally clean Natural Gas to affordable markets for sustainable growth.

Further, PNGRB had also issued a Public Notice in January 2025 pertaining to declaration of 71 CGD networks as Common Carrier or Contract Carrier out of which 19 GAs are authorized to your Company. This was webhosted pursuant to the hearing held in December 2024 at PNGRB office. Your Company has responded to the PNGRB Public Notice and views shared by other stakeholders in the said matter.

**BOARD'S REPORT**

Your Company has completed the Minimum Work Program (MWP) targets as applicable viz. PNG (Domestic) connections, Pipeline Inch- km laid, Compression Capacity and CNG Stations in the Geographical Areas (GA) of Surat-Bharuch-Ankleshwar, Valsad, Union Territory of Dadra and Nagar Haveli, Dahej-Vagra Taluka, Anand District (excluding areas already authorized), Panchmahal District, Amritsar, Navsari, Narmada (Rajpipla) District, Palghar District & Thane Rural, Ahmedabad District (excluding areas already authorized) and Amreli District. Further as per the provision of the regulations, for the GA of Dahej-Vagra Taluka, the sectoral regulator has reduced the PBG by 60% on account of achievement of MWP.

3. SALES AND MARKET PERFORMANCE

Your Company as on date has total 27 CGD licenses and operates in 44 Districts across six States and one Union Territory (UT) and also has one transportation pipeline license.

Your Company has an expanse of around 1,75,700 square kilometers of licensed area under its umbrella and continues to hold the position among the largest CGD Company in Country. Your Company supplies natural gas to more than 22.6 lakh residential consumers, over 15,600 commercial customer and has erected/commissioned 828 CNG stations for vehicular consumers and provides clean energy solutions to over 4,400 industrial units through its wide spread operations with more than 42,600 kilometers of Natural Gas pipeline network.

Source: Petroleum Planning and Analysis Cell (PPAC) Snapshot of India's Oil & Gas Data- March, 2025

During the year, your Company has achieved a growth of 12.5%, 5.4% and 4.6% in CNG (T), PNG (Domestic) and PNG (Commercial) sales respectively compared to previous year. Your Company has continued its focused efforts for developing and growing PNG and CNG (T) business. Your Company has connected more than 1,51,000 PNG (Domestic) customers and commercialized 20 new CNG (T) stations during the year.

4. OUTLOOK

The future outlook for natural gas in India depends on the growth in demand, the evolution of the pricing regime and the pace of gas infrastructure expansion. The demand will steadily rise with adoption of natural gas in new emerging Geographical Areas.

Your Company has already adopted digitization of its critical processes and going forward also, your Company shall leverage its endeavors for more digitization and aims to set benchmark in the CGD industry for complete E-Office, benefiting all the stakeholders viz. consumers, vendors, suppliers and employees. Your Company is also exploring newer technologies viz. Hydrogen blending in GGL's existing CGD network, injecting Compressed Bio- Gas (CBG) in CGD distribution network, pilot project on Captive CNG application for residential complex, dedicated satellite LNG station, sourcing electricity generated from renewable sources i.e. Solar/ wind plants for running GGL COCO CNG stations.

**BOARD'S REPORT**

India's Natural Gas supply and demand outlook is changing. The Government of India (GoI) wants to make India a gas-based economy by boosting domestic production. India has set a target to raise the share of gas in its primary energy mix to 15% by 2030 from about current level of 6%. To improve the share of Natural Gas and promote a gas-based and clean fuel economy, the GoI has adopted a systematic approach to focus on all aspects of the gas sector viz upstream, midstream and downstream including CGD network development.

Your Company has been continuously growing and expanding its horizon by venturing into new geographic areas and is committed to reach every possible Natural Gas user across its licensed expanse of around 1,75,700 square kilometers through its ever-growing pipeline network spread across 44 Districts in six States and one UT. Your Company shall continue to focus on growing the penetration in the current operating areas by increasing the PNG connections and additional CNG stations while tapping the untapped potential by expeditious rollout of distribution network in its operating Areas. With this focused endeavor, your Company shall continue its efforts in providing clean fuel solutions across all operational area to augment an energetic top-line and bottom-line in coming years.

5. RISKS AND CONCERNS

As per EIA Short-Term Energy Outlook (STEO) May 2025 report, the Brent crude oil spot price averaged \$68 per barrel (b) in April. The rising inventories will result in the Brent price averaging \$62/b in the second half of this year and falling to \$59/b next year.

The evolving tariff policy has added uncertainty around expectations for global oil demand growth, concerns about which had persistently weighed on oil prices over the last year. On the supply side, any potential ceasefire in the Russia-Ukraine conflict could add Russian oil volumes back into the market. Lastly, continued supply growth from producers outside of the OPEC+ agreement, primarily in North and South America, adds additional downward pressure to the price forecast in 2026.

Higher forecast summer prices are offset by lower prices during the first half of the year, owing to market concerns over potential macroeconomic weakness and OPEC+ supply additions.

It is forecasted that by the end of this year rising oil supply will mean more oil is being produced globally than is being consumed, leading to inventory accumulation and downward pressure on prices. As a result, it is forecasted that the Brent crude oil price is expected to average at \$59/b in 2026.

	2024				2025				2026				Avg for the Year		
	Q1	Q2	Q3	Q4	Q1	Q2	Q3	Q4	Q1	Q2	Q3	Q4	2024	2025	2026
Brent Spot Average (dollars per barrel)	82.96	84.72	80.03	74.65	75.83	65.04	62.00	61.00	60.00	60.00	59.00	58.00	80.56	65.97	59.00

Source: U.S. Energy Information Administration | Short-Term Energy Outlook – May 2025

On the domestic front the evolving geo-political situation between India and Pakistan may have some impact in the short to medium term on the demand side.

**BOARD'S REPORT****INTERNAL CONTROL SYSTEM AND ADEQUACY**

The Company has a proper and adequate system of Internal Controls commensurate with its size of operations and nature of business. The Company's Internal Control Systems are further supplemented by extensive programs of audits, i.e. Internal Audit, Proprietary Audit by the Comptroller & Auditor General of India (C&AG) and Statutory Audit by Statutory Auditors appointed by the C&AG. The Internal Control System is designed to ensure that all financial and other records are reliable for preparing financial statements and other data and for maintaining accountability of assets and compliance with statutory requirements. The Company has mapped a number of business processes on to SAP system, thereby leading to significantly improved controls & transparency. Your Company also continues to invest in Information Technology to support various business processes and automating controls.

FINANCIAL AND OPERATIONAL PERFORMANCE

The standalone net profit after tax (Total comprehensive income) for the current financial year 2024-25 increased to ₹ 1,154.02 Crores from ₹ 1,151.43 Crores in the previous year. The Company had a healthy net cash inflow from operations of ₹ 1,805.86 Crores during the Financial Year 2024-25. There is no outstanding loan as on 31st March, 2025.

Investments were made in extension of pipeline network to reach new areas and in reinforcements and upgradation of existing network as required. Investments were also made to connect residential customers and augmenting the CNG infrastructure. Investments were also made to upgrade the IT infrastructure and integrate SAP to enhance reliability and enable scalability. No amount has been transferred to the General Reserve during the year.

Details of significant changes (i.e. change of 25% or more as compared to the immediately previous financial year) in key financial ratios, along with detailed explanations therefore, including:

Particulars	FY 2024-2025	FY 2023-2024	Remarks	Reason for significant changes
Debtors Turnover	15.01	14.40	Net Credit Sales / Average Trade Receivable	NA
Inventory turnover	694.85	681.82	Cost of goods sold or sales / Average Inventory (Natural Gas)	NA
Interest Coverage Ratio	-	-	Earning for Debt Service / Interest for borrowing [Earning for Debt Service = Net Profit after taxes + Non-cash expenses/adjustment + Interest - Lease payments]	NA
Current Ratio	2.10	1.64	Current assets / Current liabilities net of customer deposit	Mainly due to increase in deposits with financial institutions in current financial year
Debt Equity	-	-	Total Borrowing / Total Equity	NA
Operating Profit Margin (%)	12.03%	12.03%	Operating income / Revenue from operations	NA
Net Profit Margin (%)	6.67%	7.01%	PAT / Revenue from operations	NA
Return on Net Worth	14.02%	15.36%	PAT / Average Net Worth	NA

- Previous year's ratios have been reclassified wherever necessary to confirm to the current period's presentation.

HUMAN RELATIONS AND PARTICULARS OF EMPLOYEES

Your Company employed 953 employees as on 31st March, 2025.

Your Company is dedicated to enhancing the capabilities and competencies of its employees. We believe that continuous training and development are essential for creating an environment where individuals can fully leverage their technical skills and innate potential, contributing to the Company's ability to capitalize on emerging business opportunities. Throughout the year, employees participated in various training programs and seminars to expand their knowledge and skill sets. Additionally, they utilized an online training platform to further enhance their knowledge.

The Company is also committed to automating all its policies and processes to improve efficiency. To encourage and reward employee performance, Company has in place a policy of performance linked incentive.

There was no strike or lock-out during the year under review.

**BOARD'S REPORT****DISCLOSURES IN RELATION TO THE SEXUAL HARASSMENT OF WOMEN AT WORKPLACE (PREVENTION, PROHIBITION AND REDRESSAL) ACT, 2013**

This disclosure is given in the Corporate Governance Report which forms part of Board's Report 2024 – 25.

STATEMENT ON COMPLIANCE WITH MATERNITY BENEFIT ACT, 1961

Your Company has been complying with the provisions of the Maternity Benefit Act, 1961.

CORPORATE GOVERNANCE

The Company believes that good governance can deliver continuous good business performance. The particulars on Corporate Governance as required under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, is incorporated as a part of this Board's Report at **Annexure – 1**.

ANNUAL RETURN

The Annual Return of the Company in the Form MGT – 7 is available on the website of the Company at <https://www.gujaratgas.com/GGL/annual-return/>

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION, FOREIGN EXCHANGE EARNINGS AND OUTGO

The details about conservation of energy, technology absorption, foreign exchange earnings and outgo is attached at **Annexure – 6**.

Foreign Exchange Earnings and Outgo–

The Company has incurred expenditure in Foreign Exchange to the extent of ₹ 1.42 Crores during Financial Year 2024-25 (Previous Financial Year 2023-24 ₹ 0.38 Crores) and the Foreign Exchange Earnings during Financial Year 2024-25 were ₹ Nil (Previous Financial Year 2023-24 ₹ Nil).

SIGNIFICANT AND MATERIAL ORDERS PASSED BY THE REGULATORS OR COURTS

There are no significant material orders passed by the Regulators/Courts during the year, which would impact the going concern status of the Company.

MATERIAL CHANGES AND COMMITMENTS AFFECTING THE FINANCIAL POSITION OF GGL

During the year under review and up to the date of this Report, the following material events took place:

Composite Scheme of Arrangement and Amalgamation:

The Board of Directors of the Company at its Meeting held on 30th August, 2024, approved the Composite Scheme of Arrangement and Amalgamation amongst the Gujarat State Petroleum Corporation Limited ("GSPC"/ "Transferor Company 1"), Gujarat State Petronet Limited ("GSPL"/ "Transferor Company 2"), GSPC Energy Limited ("GEL"/ "Transferor Company 3") (Transferor Company 1, Transferor Company 2 and Transferor Company 3, collectively referred to as the "Transferor Companies"), Gujarat Gas Limited ("GGL"/ "Transferee Company"/ "Demerged Company") and GSPL Transmission Limited ("GTL"/ "Resulting Company") and their respective shareholders ("Scheme"), on the terms and conditions as set out in the Scheme pursuant to the provisions of Sections 230 to 232 and other applicable provisions of the Companies Act, 2013 and the rules made thereunder.

The Board has recommended following share exchange ratios on Amalgamation:

On Amalgamation of Transferor Company 1 with GGL: "10 (Ten) fully paid Equity Shares of ₹ 2/- (Rupees Two only) each of the Transferee Company for every 305 (Three Hundred and Five) fully paid Equity Shares of ₹ 1/- (Rupees One only) each held by the shareholders in the Transferor Company 1."

On Amalgamation of Transferor Company 2 with GGL: "10 (Ten) fully paid Equity Shares of ₹ 2/- (Rupees Two only) each of the Transferee Company for every 13 (Thirteen) fully paid Equity Shares of ₹ 10/- (Rupees Ten only) each held by the shareholders in the Transferor Company 2."

On Demerger of Gas Transmission Business Undertaking into GTL "1 (One) fully paid Equity Share of ₹ 10/- (Rupees Ten only) each of the Resulting Company for every 3 (Three) fully paid Equity Shares of ₹ 2/- (Rupees Two only) each held by the shareholders in the Demerged Company."

The Company has received the Observation Letters from Stock Exchanges viz. BSE Limited and The National Stock Exchange of India Limited conveying "No Objection" in terms of Regulation 37 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 to the proposed Scheme of Arrangement and Amalgamation.

The Company has filed an Application before Ministry of Corporate Affairs for necessary directions. The Scheme is subject to approval from the Shareholders and other regulatory/governmental authorities.

Business Development:

Your Company, with a commitment of providing complete energy solutions that empower communities, businesses and industries and with an aim to become a total energy solution provider, has decided to commence sourcing and sale of Propane / LPG to industrial customers.

There have been no material changes and commitments, if any, affecting the financial position of GGL which have occurred between the end of the Financial Year of GGL to which the Financial Statements relate and the date of this Report.

**BOARD'S REPORT****BUSINESS RESPONSIBILITY & SUSTAINABILITY REPORT**

Gujarat Gas Limited is dedicated towards fostering an atmosphere of transparency and accountability by working in partnership and empowering our stakeholders. To protect and for the benefit of all our stakeholders, we strive to promote sustainable development. GGL considers its responsibility towards sustainable development as an opportunity to succeed by taking actions which are beneficial for society as a whole.

We applaud SEBI's introduction of the "Business Responsibility and Sustainability Reporting" ("BRSR") reporting structure, which includes comprehensive Environmental, Social and Governance ("ESG") disclosures.

The third edition of our Business Responsibility and Sustainability Report (BRSR) forms part of the Annual Report, in which we attempted to provide all non-financial disclosures in accordance with clause (f) of sub-regulation (2) of Regulation 34 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations"). The report provides all our stakeholders with a comprehensive view and insight into our Company's contribution to the economy, the environment and society, which can be utilized to showcase GGL's dedication towards long-term growth. In order to meet the expectations of our investors and other stakeholders, we are improving the transparency of our report, as well as our strategic approaches to create value for our stakeholders while minimizing risk in the external environment.

Pursuant to Regulation 34 of the Listing Regulations, 2015 and SEBI Circular dated 28th March, 2025, GGL being among the top 250 listed entities (by market capitalization) is required to undertake assessment or assurance of the BRSR Core for the Financial Year 2024 - 25 through a Third Party Assurance Provider having necessary expertise for undertaking such assessment or assurance.

In terms of SEBI Listing Regulations, the Company has obtained, BRSR Reasonable Assurance on BRSR Core Indicators from C N K & Associates LLP.

Statement on ESG along with GGL Business Responsibility & Sustainability Report is attached at **Annexure-7** of the Board's Report and Assurance Report on BRSR Core for the Financial Year ended 31st March, 2025 is attached at **Annexure-7A**.

DIRECTORS' RESPONSIBILITY STATEMENT

To the best of their knowledge and belief and according to the information and explanations obtained by them, your Directors make the following statements in terms of Section 134(3)(c) of the Companies Act, 2013:

- that in the preparation of the annual accounts, financial statements for the year ended 31st March, 2025, the applicable accounting standards have been followed and no material departures have been made from the same;
- that accounting policies have been selected and applied consistently and judgment and estimates have been made that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company as at 31st March, 2025 and of the profit of the Company for the year ended on that date;
- that proper and sufficient care has been taken for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013, for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
- that the annual financial statements have been prepared on a going concern basis;
- that proper internal financial controls were in place and that the financial controls were adequate and were operating effectively.
- that systems to ensure compliance with the provisions of all applicable laws were in place and were adequate and operating effectively.

ACKNOWLEDGEMENTS

The Directors place on record their deep appreciation to employees of the Company at all levels for their hard work, dedication and commitment. The Directors are extremely grateful for all the support given by the Government of Gujarat at all levels. The Directors place on record their sincere thanks to the Promoters, Shareholders, PNGRB, MOPNG, Suppliers, Lenders and Customers for their valuable support, trust and confidence reposed in the Company.

For and on behalf of the Board of Directors

Date: 5th August, 2025

Place: Gandhinagar

Pankaj Joshi, IAS

Chairman

ANNEXURE – 1

A REPORT ON CORPORATE GOVERNANCE

The Directors present the Company's Report on Corporate Governance as on 31st March, 2025.

1. GGL's philosophy on Corporate Governance

Your Company believes that Corporate Governance is driven by the core values of the Company. Your Company promotes the values of customer orientation, team work, commitment, growth and trust. These reflect the Company's approach to all its stakeholders in the course of carrying out its business. The Company's values are portrayed in a set of strong Business Principles. These Business Principles are continuously communicated and reinforced with employees and contractors. The Company seeks to comply with all applicable legal, regulatory and license requirements and strives to work constructively with regulatory bodies.

2. Board of Directors

A. Composition of the Board:

The Board has **eight (8)** Directors, **seven (7)** of whom are Non-Executive Directors (NEDs) and **one (1)** Executive Director (ED). **Four (4)** of these are Independent Directors, which is in compliance with Regulation 17 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The details of composition of the Board as on 31st March, 2025, category as well as their Directorships on Board and Memberships in committees of companies, are given below:

Sr. No.	Name of Director	Position/Category	*No. of Directorship including Gujarat Gas Ltd.	No. of Membership/ Chairmanship in Board Committees in which Chairman / Member**	
				+Membership	Chairmanship
1	Shri Pankaj Joshi, IAS	Non- Executive Chairman (Promoter Nominee)	8	2	2
2	Shri S. J. Haider, IAS	Non- Executive Director (Promoter Nominee)	8	2	0
3	Dr. T Natarajan, IAS	Non- Executive Director (Promoter Nominee)	10	7	0
4	Shri Milind Torawane, IAS	Managing Director (Promoter Nominee)	10	3	0
5	Shri Balwant Singh, IAS (Retd.)	Non-Executive and Independent Director	1	2	1
6	Prof. Yogesh Singh	Non-Executive and Independent Director	1	1	0
7	Shri Bhadresh Mehta	Non-Executive and Independent Director	6	7	4
8	Dr. Rekha Jain	Non-Executive and Independent Director	2	4	0

* Including Directorship held in Private Limited Companies, Section 8 Companies and Banking Companies.

** The above details represent Membership/ Chairmanship of Audit Committee and Stakeholders Relationship Committee as per Regulation 18 and 20 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (including details of GGL).

+ Membership includes Chairmanship.

**Names of Listed Entities where Directorship is held along with category of Directorship by the Directors as on 31st March, 2025:**

Sr. No.	Name of Director	Name of Listed Entities	Category of Directorship
1	Shri Pankaj Joshi, IAS	Gujarat Gas Limited Gujarat State Petronet Limited Gujarat State Fertilizers & Chemicals Limited Gujarat Narmada Valley Fertilizers & Chemicals Limited	Chairman Chairman & Managing Director Chairman Chairman
2	Shri S. J. Haider, IAS	Gujarat Gas Limited Gujarat State Fertilizers & Chemicals Limited Gujarat Narmada Valley Fertilizers & Chemicals Limited	Director Director Director
3	Dr. T Natarajan, IAS	Gujarat Gas Limited Gujarat Alkalies and Chemicals Limited Gujarat Narmada Valley Fertilizers & Chemicals Limited Gujarat State Fertilizers & Chemicals Limited	Director Director Managing Director Director
4	Shri Milind Torawane, IAS	Gujarat Gas Limited Petronet LNG Limited Gujarat State Petronet Limited	Managing Director Director Joint Managing Director
5	Shri Balwant Singh, IAS (Retd.)	Gujarat Gas Limited	Independent Director
6	Prof. Yogesh Singh	Gujarat Gas Limited	Independent Director
7	Shri Bhadresh Mehta	Gujarat Gas Limited Gujarat State Petronet Limited Gujarat Narmada Valley Fertilizers & Chemicals Limited	Independent Director Independent Director Independent Director
8	Dr. Rekha Jain	PNB GILTS Limited Gujarat Gas Limited	Independent Director Independent Director

The Board Meetings are generally held in Gandhinagar, including an option of virtual attendance. The Board meets at regular intervals to discuss and decide on various issues including strategy related matters pertaining to the business/Company.

The Board meets at least once a quarter with a gap between two meetings not exceeding 120 days. It has remained the practice of the Company to place before the Board, all the matters listed in Part A of Schedule II of Regulation 17 (7) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The board agenda papers and other explanatory notes are circulated to the Directors in advance. The draft minutes of the meetings of the Board of Directors and its Committees are circulated to the Directors for their comments before being recorded in the Minute Books. Apart from this, approval of the Committee/Board is obtained through circulation of resolution to all the Directors in case some urgent/special situation arises. Such Circular Resolution is also noted in the next Board Meeting/Committee Meeting. The Directors also have access to all the information about the Company and are free to recommend inclusion of any matter in the agenda for discussion. Senior Management Personnel are invited to attend the Board Meetings to provide clarifications as and when required by the Board.

During the year 2024-2025, the Board met 6 (Six) times. Details of these Meetings are as follows:

Sr. No.	Date of Board Meeting
1	6 th May, 2024
2	6 th August, 2024
3	30 th August, 2024
4	6 th November, 2024
5	5 th February, 2025
6	17 th March, 2025

The details of attendance of Directors at the Board Meetings for Financial Year 2024-25 i.e. from 1st April, 2024 up to 31st March, 2025 and at the last Annual General Meeting (AGM) is given below:

Sr. No.	Name of the Directors	Number of Board Meetings held while holding office	Number of Board meetings attended while holding office	Attendance at the last AGM held on 26 th September, 2024
1.	Shri Raj Kumar, IAS (Retd.) (up to 31 st January, 2025)	4	4	No
2.	Shri Pankaj Joshi, IAS (w.e.f. 7 th February, 2025)	1	1	NA
3.	Shri Jagdish Prasad Gupta, IAS (up to 6 th August, 2024)	2	1	NA
4.	Smt. Mamta Verma, IAS (up to 2 nd August, 2024)	1	1	NA
5.	Shri S J Haider, IAS (w.e.f. 13 th August, 2024)	4	4	No
6.	Dr. T Natarajan, IAS (w.e.f. 11 th September, 2024)	3	2	Yes
7.	Shri Balwant Singh, IAS (Retd.)	6	6	Yes
8.	Prof. Yogesh Singh	6	5	Yes
9.	Shri Bhadresh Mehta	6	6	Yes
10.	Dr. Rekha Jain	6	5	Yes
11.	Shri Milind Torawane, IAS, MD	6	6	Yes

Note: 1. None of the Directors are related inter se

**ANNEXURE – 2A****Executive Summary of Impact Assessment Report submitted by IIPH, Gandhinagar for the CSR project on up-gradation of academic, training activity of tertiary care cardiac super-specialty teaching institute and for heart lung transplant programme implemented through U. N. Mehta Institute of Cardiology & Research Centre (UNMICRC) in Ahmedabad.**

This report evaluates the significant impact of Corporate Social Responsibility (CSR) funding from Gujarat Gas Limited and other philanthropic contributions on the U.N. Mehta Institute of Cardiology & Research Centre (UNMICRC) in Ahmedabad, Gujarat. UNMICRC has undergone a substantial transformation, expanding its bed capacity from 450 to 1251, making it the largest single super-specialty cardiac hospital in India and one of the largest globally. This expansion includes a dedicated Paediatric Heart Hospital wing, enhancing its infrastructure and medical facilities. The institute's mission is to provide affordable or free cardiac care to all segments of society through government health schemes and subsidized treatments. The GGL CSR funding specifically facilitated the acquisition of advanced medical equipment and consumables, including Coronary Cutting Balloons, Intravascular Ultrasound (IVUS) Catheters, Transcatheter Aortic Heart Valves (TAVR/TAVI), PTCA Guidewires, Microcatheters, Excimer Laser Atherectomy Systems, Drug-Coated Balloons (DCB), and Portable Ultrasound Machines.

The assessment, based on patient feedback, quantitative data, and staff interviews, reveals a largely positive impact. Patient satisfaction with medical services, particularly doctor and nursing care, was exceptionally high (above 90%, with some aspects reaching 98-100%). Patients recognized the positive impact of new equipment on their recovery and appreciated the subsidized or free treatment made possible by CSR. The expanded facilities led to significant increases in cardiac surgeries, Cath Lab Procedures, and Outpatient Cardiology Visits. Complex procedures like TAVI, almost non-existent before CSR support, became regular. Staff highlighted improved time efficiency, clinical benefits (especially for emergencies), and operational efficiency due to portable ultrasound machines. They also emphasized that CSR contribution for specialized consumables enabled complex angioplasty cases and TAVI procedures to be performed at zero out of pocket cost for economically weaker patients under schemes like Ayushman Bharat, a procedure that would otherwise cost ₹ 15-20 lakhs. The upgrades also enhanced training and skill development for medical staff and postgraduate students.

Despite these successes, challenges remain, with demand often exceeding the supply of high cost technologies and a continuous need for funding for consumables, particularly for heart lung transplant medicines like immunosuppressants and antibiotics. Recommendations for future CSR efforts include sustained funding for critical medications, strategic investment in emerging high-cost technologies, ongoing staff training, performance dashboards for CSR-funded equipment, continued community outreach, and addressing operational bottlenecks related to ease of access and timeliness of services. This collaborative model between the institute and corporate philanthropy is crucial for addressing India's growing burden of heart disease.

ANNEXURE - 3

SECRETARIAL AUDIT REPORT

For the Financial Year ended 31st March, 2025

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,

The Members

GUJARAT GAS LIMITED

(CIN: L40200GJ2012SGC069118)

Gujarat Gas CNG Station,

Sector 5/C, Gandhinagar - 382006 (Gujarat)

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Gujarat Gas Limited** (hereinafter called "**the Company**"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the Corporate Conducts/ Statutory Compliances and expressing our opinion thereon.

Based on our verification of the company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has during the audit period covering the Financial Year ended on **31st March, 2025** complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the Financial Year ended on 31st March, 2025 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ['SCRA'] and the rules made there under;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed there-under;
- (iv) The Foreign Exchange Management Act, 1999, the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') to the extent applicable to the company: -
 - a) The Securities and Exchange Board of India [Substantial Acquisition of Shares and Takeovers] Regulations, 2011;
 - b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
 - d) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equities) Regulations, 2021;
 - e) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021;
 - f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021;
 - h) The Securities and Exchange Board of India (Buyback of securities) Regulation, 2018;

We have also examined compliance with the applicable clauses of the following:

- I. Secretarial Standards issued by the Institute of Company Secretaries of India.
- II. The SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

We hereby report that during the period under review, the Company has complied with the applicable provisions of the Act, Rules, Regulations, Guidelines, Standards etc. mentioned above.

- (vi) We further report that having regard to the compliance system prevailing in the Company and on examination of the relevant documents and records in pursuance thereof, on test-check basis, the Company has complied with the following laws applicable specifically to the Company:

- a) The Petroleum and Natural Gas Regulatory Board Act, 2006
- b) The Petroleum Act, 1934
- c) The Explosives Act, 1884
- d) The Inflammable Substances Act, 1952

We further report that:

The Board of Directors of the Company was duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review are carried out in compliance with the provisions of the law.

Adequate notice was given to all directors to schedule the Board Meetings at-least seven days in advance, agenda and detailed notes on agenda were sent to all the directors and in case of shorter notice required compliance as per Companies Act, 2013 has been ensured and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision was carried out unanimously while the Dissenting Members' views, if any are captured and recorded as part of the minutes.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period, the following material events/actions taken place which have major bearing on the affairs of the company in pursuance of the above referred laws, rules, regulations, guidelines, standards etc.

Composite Scheme of Arrangement and Amalgamation:

The Board of Directors of the Company at its Meeting held on 30th August, 2024, approved the Composite Scheme of Arrangement and Amalgamation amongst the Gujarat State Petroleum Corporation Limited ("GSPC"/ "Transferor Company 1"), Gujarat State Petronet Limited ("GSPL"/ "Transferor Company 2"), GSPC Energy Limited ("GEL"/ "Transferor Company 3") (Transferor Company 1, Transferor Company 2 and Transferor Company 3, collectively referred to as the "Transferor Companies"), Gujarat Gas Limited ("GGL"/ "Transferee Company"/ "Demerged Company") and GSPL Transmission Limited ("GTL"/ "Resulting Company") and their respective shareholders ("Scheme"), on the terms and conditions as set out in the Scheme pursuant to the provisions of Sections 230 to 232 and other applicable provisions of the Companies Act, 2013 and the rules made thereunder.

The Board has recommended following share exchange ratios on Amalgamation:

On Amalgamation of Transferor Company 1 with GGL: "10 (Ten) fully paid equity shares of INR 2/- (INR Two only) each of the Transferee Company for every 305 (Three Hundred and Five) fully paid equity shares of INR 1/- (INR One only) each held by the shareholders in the Transferor Company 1."

On Amalgamation of Transferor Company 2 with GGL: "10 (Ten) fully paid equity shares of INR 2/- (INR Two only) each of the Transferee Company for every 13 (Thirteen) fully paid equity shares of INR 10/- (INR Ten only) each held by the shareholders in the Transferor Company 2."

On Demerger of Gas Transmission Business Undertaking into GTL "1 (One) fully paid equity share of INR 10/- (INR Ten only) each of the Resulting Company for every 3 (Three) fully paid equity shares of INR 2/- (INR Two only) each held by the shareholders in the Demerged Company."

The Company has received the Observation Letters from Stock Exchanges viz. BSE Limited and The National Stock Exchange of India Limited conveying "No Objection" in terms of Regulation 37 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 to the proposed Scheme of Arrangement and Amalgamation.

The Company has filed an Application before Ministry of Corporate Affairs for necessary directions. The Scheme is subject to approval from the Shareholders and other regulatory/governmental authorities.

**ANNEXURE-6****(A) Conservation of Energy-**

- (i) The steps taken or impact on conservation of energy;
 - GGL has upgraded 20 Daughter & Daughter Booster CNG stations into Online stations which will now be supplied gas through pipeline and therefore ultimately reducing 30 Mobile Cascade Vehicles & related fuel consumption, earlier required for transportation of gas from Mother CNG stations to these stations and also reducing electricity consumption to 4000 units per day ultimately leading to energy conservation.
 - Usage of LED light fixtures instead of CFL/MH type in Street lighting, Offices & COCO CNG Stations for all new installations & replacements
 - New LCNG station has been set up and commissioned at Nalasopara, Thane GA. The station has daily average CNG Sales of around 23000 Kg/Day, and therefore has helped to reduce CNG MCV transportation trips. Commissioning this LCNG station has reduced around 63,000 Kms per month of truck/trailer movement and fuel consumption to achieve this sales volume compared to CNG Booster Stations which would otherwise be fed by Boisar Mother CNG Station.
 - Use of LNG/LCNG as a product helps to reduce the electrical Power consumption compared to use of variable inlet CNG Compressor. Differential reduced power consumption is ~0.12 KWH/Kg, which results in energy saving of ~5,700 KWH/Day considering total sale of 48,000 Kg/Day at operating five LNG/LCNG Stations.
 - Instead of steel cascade cylinder (3000/4500WLC capacity), GGL is using light weight composite cylinder (Type-III) (8800WLC – 125 nos., 6600WLC – 228 nos.) during transport for higher volume of gas. Due to introduction of high volume MEGC cascade per station MCV vehicle requirement has reduced from 2.2 to 1.8 which is ultimately leading to reduction of fuel consumption, estimated number of vehicles reduction/redeployment by around 150+.
 - PNG customers which were away from network were being supplied gas through Decompression skid – Cascade model. Due to strategic pipeline expansion GGL was able to reach and connect these remote areas with pipeline leading to reduction of MCV movement by around 200 kms per day.
 - Optimise the power requirement and reduced contract demand at few CNG stations.
- (ii) The steps taken by the company for utilizing alternate sources of energy;
 - Gas engine driven compressors at CNG stations- 26 nos.
 - GGL through various outsourced agencies are running around 815 CNG Mobile Cascade Vehicle (MCV) for transporting CNG from Mother CNG stations to Daughter / Daughter booster CNG stations. All MCVs are now being run on CNG as fuel instead of Diesel.
 - Maximised usage of VRF (Variable Refrigerant Flow) & VRV (Variable Refrigerant Variant) & Inverter based AC systems instead of conventional DX (Direct Expansion) type for new offices.
- (iii) The capital investment on energy conservation equipment's ₹ 11.76 Crore.

(B) Technology Absorption-

- (i) the efforts made towards technology absorption:
- (ii) the benefits derived like product improvement, cost reduction, product development or import substitution:

1.0 Captive CNG Filling Unit:

GGL has successfully commissioned first captive CNG filling unit in August-2024 at Gandhinagar, Gujarat.

A Captive CNG filling Unit includes a small CNG Compressor with low flow rate and filling arrangement with all required safety measures. Captive CNG filling unit is best suitable for a specific fleet or group of vehicles typically within a single organisation like offices, residential complex, cab operators and other suitable place. Very useful for vehicle fleet that operates within a predictable refuelling pattern and schedule. This is more cost effective due to reduced overhead cost compared to public CNG stations.

2.0 Development of Home Refuelling Appliance (HRA) – CNG filling facility at customer's door step

Home Refuelling Appliance (HRA) is a self-reliant concept, internationally used to fill the CNG at customer's doorstep from low pressure NG pipeline available at customer premises. As on today, no such appliance is readily available in India; and it is required to develop vendors for manufacturing such appliances. To develop new vendors, GGL has published an EOI for Design, Development, & manufacture, assembly and supply 10 Nos of Home CNG Refueling Appliances. GGL will facilitate selected vendor for development of this units. This units will be connected to low pressure network on PE line available at customer premise. HRA will enhance customer convenience in CNG refueling as well as utilize GGL's existing infrastructure.

**3.0 Solar Group Captive Project:**

Solar energy is environmental friendly power generation and don't produce greenhouse gases or emit carbon emissions during electricity generation. This makes them a much more environmentally friendly option than fossil fuels. While fossil fuels emit hundreds of kilograms of CO₂ for each megawatt-hour (MWh) of energy production, solar panels create far fewer emissions even during the production and transportation processes. As a result, tons of CO₂ emissions can be avoided each year through the use of solar energy.

GGL has planned to install around 15 MW of Solar Group Captive project to use the generated electricity for the Company Owned CNG stations in phase # 1. An open tender was published and we have received good response from the bidders. This project is expected to bring estimated reduction in Scope-2 CO₂ emission by 2.1 lakh tons per year. Over and above, cost of electricity due to this will be reduced by around 30%, hence OPEX too can be optimized.

4.0 Green Hydrogen Blending Pilot Project with focused Risk assessment & comprehensive testing:

GGL along with M/s NTPC had commissioned India's first Green H₂ blending (5%) which was further increased to 8% in PNG distribution network at Kawas, Hazira. This pilot project supplies blended gas to domestic & commercial connections of NTPC Township. The project is supporting to verify the feasibility assumptions and impact related to hydrogen blending such as safety, asset health/integrity, blending homogeneity, combustion and odorization etc. in PNG network.

In FY 2024-25 GGL conducted assessments & tests on testing riser w.r.t. 15% H₂ blending (without exposing the customers to increased blending). The tests included Homogeneity Test of Blended gas, Burner behavior Test, Odor concentration Test etc. Results were satisfactory with no areas of concern. GGL also carried out Quantitative risk assessment (desktop study) for PNG pipeline network with upto 15% H₂ blending to understand the risks involved due to higher blending levels for which the results were found within ALARP (As Low As Reasonably Practicable) levels. Material testing were also done for various network assets (PE pipeline, fittings, GI piping and related fitting, burner, rubber components etc.) involving third party M/s Gujarat Energy Research & Management Institute to establish any deteriorating effects on network health due to blended hydrogen exposure. All test results were satisfactory and same was also presented to industry regulator.

5.0 Injection / Offtake of Compressed Bio-Gas into GGL PNG / CNG system:

GGL has kick-started the operation of off-taking supply of Biogas from Bio-gas suppliers into GGL PNG/CNG system at three new locations - Indore (UDI GA), Gurdaspur (H&G GA), Hoshiarpur (H&G GA) in this Financial Year, taking the total tally of bio-gas off-take to seven.

GGL and Bio-gas manufacturers together took Safety & quality requirement as the highest priority. Remote Gas Quality monitoring, odorization and automatic shut-off systems are the key things focused during these projects to ensure highest level of quality, safety & customer satisfaction while using Bio-gas.

Since Bio gas is produced in the agricultural/food waste transformation process developed indigenously, this contributes to waste management and reduction of soil, air pollution & also provides boost to entrepreneurship, rural economy while supporting national commitment by reducing country's dependency on imported fuel.

GGL has signed 4 other agreements with Bio-gas producers to supply Bio-gas to GGL at other locations as well.

6.0 Smart Pre-paid meters for Domestic PNG customers:

GGL has started use of smart pre-paid gas meters for domestic PNG consumers. This step aligns with the Company's vision of modernizing its distribution network and enhancing customer service through digital empowerment. These meters are embedded with advanced technology that allows for real-time monitoring, remote disconnection / reconnection and seamless pre-paid billing.

GGL's technology absorption efforts included the empanelment of 13 vendors after a rigorous evaluation, enabling a robust vendor base for future deployments. Pilot installations of 500+ meters at GIFT City, Gandhinagar, demonstrated successful performance, customer satisfaction and system reliability.

The benefits of this initiative are multifold. It ensures efficient revenue collection by eliminating billing delays, removes the need for manual meter reading, resulting in operational cost savings and greater billing accuracy, improves customer satisfaction through usage transparency and promotes conservation by making consumers more conscious of their consumption. Additionally, the centralized monitoring framework enables quick anomaly detection, enhancing system integrity.

Looking ahead, GGL is poised to expand smart meter deployment to other areas as well.

7.0 Introduction of Ultrasonic Gas Meters for Industrial Customers

In its pursuit of advanced metering solutions, GGL has initiated the adoption of Ultrasonic Gas Meters (USMs) for industrial consumers. These meters represent a shift from conventional mechanical meters to digital precision-based flow measurement, enhancing accuracy, reliability and real time diagnostics / data analytics.

To ensure successful technology absorption, GGL has empaneled three qualified suppliers. These vendors have undergone a detailed technical qualification process, including performance benchmarking and adherence to regulatory standards.

The core of USM technology lies in ultrasonic transit-time measurement, which provides high accuracy. The transition to USMs brings tangible advantages—enhanced measurement accuracy even under varying pressure and flow conditions reducing billing disputes, real-time data aids in operational decision-making and the reduced wear-and-tear due to absence of moving parts minimizes lifecycle costs. Future plans may include use for high-consumption customers.

8.0 Gas Detectors for above Ground and underground DRS: Prioritizing Safety with Smart Sensing

As part of its commitment to operational safety and environmental compliance, GGL has implemented advanced gas detection systems for both underground and above Ground District Regulating Stations (DRS). The gas detectors enhances safety monitoring through use of cutting-edge sensor technology to continuously monitor gas concentrations in confined underground and open above-ground environments. In case of any leakage, the system triggers real-time alerts. This early leak detection minimizes product loss, environmental impact, service disruption and any potential incident enabling prompt intervention.

Gas detectors were not being installed for underground DRS considering events of filling up of these underground chambers with rain water. However GGL has taken up this initiative of inviting suppliers for extensive field trials. The trials evaluated sensor durability including testing of gas detectors functionality in fully immersed condition in muddy water. Based on successful outcomes, two bidders were empanelled and contracts were awarded for supply, installation, testing and commissioning of gas detectors in underground DRS Chambers across GGL's.

GGL has around 500 Nos. of DRS installations, comprising both above ground and underground types. Installation of gas detectors at all DRS sites is currently in progress in line with recent PNGRB guidelines mandating efficient gas detection systems across the entire network.

9.0 Multi-layered Composite Piping:

In Domestic PNG installation, across Gujarat Gas Limited operations, GI pipe (C-class) and threaded GI fittings are used right since inception of the CGD business. GGL has now introduced MLC (Multi-Layer Composite) Pipe and Brass fittings in DPNG installation after Gas Meter and inside house. MLC pipe is three-layer (PE-Al-PE) pipe with stress-designed inner layer and outer layer of Polyethylene (PE), and the intermediate layer of Aluminium. Both PE layers are permanently bonded to the Aluminium pipe layer by means of an adhesive layer. Brass fittings are used for installation of Meter, Appliance Valve etc.

MLC piping assets advantages over GI piping in Domestic PNG installation, such as less no. of joints since pipe is bendable resulting in faster installation, cost efficient, light in weight hence easy to handle, lesser maintenance etc.

Rate Contract has been awarded for supply of MLC Pipe & Fittings and materials are procured. Pilot project for 100 Nos. Domestic PNG Installations is in progress at Amritsar City. Full scale implementation may be taken up based on performance assessment of commissioned connections for 12 month period.

10.0 Introduction of Island Kitchen installation at Domestic Connection:

In the Domestic kitchen with island platform, installation of GI Gas pipeline as per conventional way is not possible as kitchen platform is located in center of the kitchen room and GI pipeline mounted on one of the kitchen walls requires to be extended up to the appliance. Gujarat Gas Limited has proposed installation of SS tubing housed in UPVC conduit pipe, which will be installed in the groove underneath the floor tiles.

Installation Philosophy, guideline with detail engineering design and MoC process was approved in July 2024 and same has been incorporated in all subsequent contracts for PNG Connections.

**11.0 Setting up LNG storage and regasification facility:**

GGL has commissioned its 5th LNG Storage & regasification facility (small scale) for CNG Customers in Nalasopara, Thane GA. Liquefied Natural Gas (LNG) facilitates ease of storage and transportation of large quantity of Natural Gas in liquid form and reduces many roundtrips of CNG MCV trucks earlier used for supplying gas to this area. The average CNG Sales at this LCNG Station is average 23,000 KG/Day, which is highest CNG Forecourt Sale out of ~800+ GGL Operating CNG Stations.

By commissioning this station average 63,000 Kms per month of truck/trailer movement reduced and corresponding fuel consumption to achieve this sales volume by CNG Booster Stations.

12.0 Setting up Virtual Pipeline Network:

In absence of Natural Gas source point in proximity of the area. Natural Gas is transported using Mobile Cascade vehicle to remote locations with Virtual pipeline facility of two models:

- o Line pack model: MCV after catering to Daughter booster CNG Station, its residual gas is fed into steel pipeline laid to act as storage. This line pack at its downstream is connected to DRS to reduce the 40 bar pressure to medium 4 bar pressure which is supplied to customer through PE pipeline across various geographical areas Punjab, Madhya Pradesh & Haryana etc.
- o DCS model: Fully filled MCV with CNG pressure (240 bar) is reduced to medium pressure 4 bar through use of decompression skid with heater system for further supply to customer connections across various geographical areas such as Ahmedabad Rural, Thane, Surat, Kutch etc.

13.0 Remote operation of CNG compressors:

Remotely operated CNG compressor will be operated by operator from remote control room. Introduction of this technology has helped to improve monitoring & control of overall CNG compressor operation and also reduced operation cost. Remote operation of CNG Compressor is already implemented in more than 200 CNG stations where electric motor driven compressors are installed.

14.0 Promote automation & digitalization:

GGL has on-boarded a consultant for GGL Digital Transformation journey which aims to integrate innovative digital solution and help GGL in the upgradation/replacement of existing systems and implementation of new digital systems/technology in line with industry best practices to ensure a futuristic competitive edge. This initiative will focus on process automation, data digitalization, enhance communication and capacity building. The consultant has studied in depth all existing process and automation requirements and a plan has been prepared for phase manner Technology upgradation/Process Automation implementation

GGL is moving towards upgrading of GGL ERP system in order to modernize and streamline GGL ERP system, enabling it to leverage advanced technologies for improved efficiency and business agility. Upgrading also ensures continued support and access to the latest features and functionalities. Efforts put in FY 2024-25 include Data Volume Analysis for ECC Production System, SAP S/4 HANA Sizing in Mock System, Study of existing Non SAP application, Information gathering of existing SAP modules and data size, Compilation of future process automation requirement, Landscape and data growth details collection for SAP S/4 HANA BOM finalization.

Other digitization initiative taken to increase efficiency of employees, improve customer experience, transparency, minimize revenue loss. Following initiatives for initiated or delivered:

- QR based Attendance system implemented for GGL and contract employees which has eliminate the Biometric device dependencies and ease the attendance data collection form new offices. This has also helped to GGL for online tracking of contractor employee attendance.
- Online PMS system with quarterly & yearly employee performance assessment.
- SPOT Bill application with additional feature of OCR based meter reading.
- Digitalize the process for empanelment of vendors for Contracts & Procurement department.

**15.0GGL part in Government technological initiatives such as Gati-Shakti:**

PM Gati Shakti – NMP-Portal (National Master Plan)- This portal is for Multi-modal Connectivity, essentially a digital platform to bring 16 Ministries including Railways and Roadways together for integrated planning and coordinated implementation of infrastructure connectivity projects. GGL has already associated with Ministry of Petroleum and Natural Gas (MoPNG) and Bhaskaracharya National Institute for Space Applications and Geo-informatics (BISAG-N) for updating all the relevant infrastructure data (Natural Gas Pipeline – Transmission, Distribution, City Gas Station (CGS), CNG stations, Regulator stations) in the centralized Gati-Shakti portal for seamless access and permission approval process for different infrastructure related projects/activities through single window. All GGL related data & information has been uploaded successfully and are now available for all Gati Shakti portal users.

PM Gati Shakti – Gujarat Portal- This portal is for Multi-modal Connectivity, essentially a digital platform to bring all Gujarat Government Ministries together. In association with EPD and BISAG-N, all GGL infrastructure data has been uploaded on portal. GGL is using Gati-Shakti Gujarat portal for application of all RoU/RoW related permissions which are currently integrated on the said portal. The timeline of obtaining approvals from various authorities have been optimised through Gati-Shakti portal resulting in simplified project planning. Additionally GGL has also approved the integration of Investor Facilitation Portal (IFP) where any private/external investor can view & apply for customized list of approvals required for setting up a business in Gujarat State.

16.0 GGL adoption of Call Before You Dig App:

Department of Telecommunications (DoT), Government of India developed a Mobile Application named “Call Before U Dig”, which provides interface for the digging agency to enquire/know about the existing underground assets and to alert/inform owners of existing utility assets about upcoming digging activity.

Various agencies do digging activity to lay their infrastructure during which the diggers often damage already existing infrastructure of other agencies resulting in Hazardous scenario, interruption of services & huge economic losses. To address the issue, this App provides an interface to digging agencies to enquire about availability of existing underground utilities & informs utility asset owners about proposed digging activities, so that both can coordinate to safeguard existing underlying utility assets like Gas Pipelines, Optical Fibre Cables, Water Pipelines, Electric Cables, etc. from third party damages.

Single point of Contact were identified from each GA of GGL, who on daily basis coordinate for digging request raised by third party utilities or excavators. Also all GGL Project and O&M contractors have registered on the application and use it to generate digging request for effective coordination with other utilities and to protect damage of asset.

- (iii) in case of imported technology (imported during the last three years reckoned from the beginning of the financial year)- Nil
 - (a) the details of technology imported;
 - (b) the year of import;
 - (c) whether the technology been fully absorbed;
 - (d) if not fully absorbed, areas where absorption has not taken place, and the reasons thereof; and
- (iv) the expenditure incurred on Research and Development. Nil

(C) Foreign Exchange Earnings and Outgo-

The Company has incurred expenditure in Foreign Exchange to the extent of ₹1.42 Crores during Financial Year 2024 - 25 (Previous Financial Year 2023 - 24 ₹ 0.38 Crores) and the Foreign Exchange Earnings during Financial Year 2024 - 25 were ₹ Nil (Previous Financial Year 2023 - 24 ₹ Nil).

**CORPORATE GOVERNANCE COMPLIANCE CERTIFICATE**

To,
The Members

GUJARAT GAS LIMITED**(CIN: L40200GJ2012SGC069118)**

Gujarat Gas CNG Station, Sector 5/C,
Gandhinagar - 382006 (Gujarat)

We have examined all relevant records of Gujarat Gas Limited ("Company") for the purpose of certifying compliance of the conditions of Corporate Governance as prescribed under the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("the Listing Regulations") for the financial year ended on 31st March, 2025. We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of certification.

The compliance of the conditions of Corporate Governance is the responsibility of the management. Our examination was limited to the procedure and implementation thereof.

On the basis of our examination of the records produced, explanations and information furnished, we certify that the Company has complied with all the mandatory conditions of the Corporate Governance, as stipulated in Regulations 17 to 27 and clauses (b) to (i) of Regulation 46 (2) and Paragraphs C, D and E of Schedule V of the Listing Regulations during the year ended on 31st March, 2025.

This certificate is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.

For, K K PATEL & ASSOCIATES*Company Secretaries***FRN:** S2004GJ071900**PR Certificate No.:** 1636/2021**Date:** 5th August, 2025**Place:** Gandhinagar**KIRAN KUMAR PATEL****C P No.:** 6352, **FCS No.:** 6384**UDIN:** F006384G000931814

CERTIFICATE OF COMPLIANCE WITH THE CODE OF CONDUCT

To,
The Shareholders,
Gujarat Gas Limited

Gujarat Gas Limited has in place a Code of Conduct ("the code") for its Board of Directors and Senior Management Personnel. I report that the code has been complied with by the Board of Directors and Senior Management of the Company for FY 2024-25.

For, Gujarat Gas Limited

Date: 30th April, 2025
Place: Gandhinagar

Milind Torawane, IAS
Managing Director

**CERTIFICATE OF NON DISQUALIFICATION OF DIRECTORS**

**(Pursuant to Regulation 34(3) read with Clause 10(i) of Part C of Schedule V of The SEBI
(Listing Obligations and Disclosure Requirements) Regulations, 2015)**

To,

The Members

GUJARAT GAS LIMITED

(CIN: L40200GJ2012SGC069118)

Gujarat Gas CNG Station,

Sector 5/C, Gandhinagar - 382006 (Gujarat)

We have examined the relevant registers, records, forms and returns and disclosures received from the directors of **Gujarat Gas Limited** ("Company") produced before us by the Company for the purpose of issuing this certificate in accordance with Regulation 34(3) read with Clause 10(i) of Part C of Schedule V of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

In our opinion and to the best of our information and according to the verifications (including Directors Identification Number (DIN) status at MCA Portal viz. www.mca.gov.in) as considered necessary and explanations furnished to us by the Company and its officers, we hereby certify that none of the Directors on the Board of the Company as stated below for the financial year ended on **31st March, 2025** have been debarred or disqualified from being appointed or continuing as Directors of the Company by the Securities and Exchange Board of India/Ministry of Corporate Affairs or such other statutory authority.

Sr. No.	Name of Director	DIN	Date of appointment in the Company
1.	Shri Balwant Singh, IAS (Retd.)	00023872	20/04/2022
2.	Dr. Rekha Rani Jain	01586688	20/04/2022
3.	Shri Milind Torawane, IAS	03632394	13/04/2023
4.	Prof. Yogesh Singh	06600055	15/08/2021
5.	Shri Bhadresh V. Mehta	02625115	15/08/2021
6.	Shri Pankaj Joshi, IAS	01532892	07/02/2025
7.	Shri Syed J Haider, IAS	02879522	13/08/2024
8.	Dr. T. Natarajan, IAS	00396367	11/09/2024
9.	Smt. Mamta Verma, IAS (up to 02/08/2024)	01854315	01/05/2023
10.	Shri Jagdish Prasad Gupta, IAS (upto 06/08/2024)	01952821	09/08/2023
11.	Shri Raj Kumar, IAS (Retd.) (up to 31/01/2025)	00294527	21/07/2022

Ensuring the eligibility of appointment / continuity of every director on the Board is the responsibility of the management of the Company. Our responsibility is to express an opinion on these based on our verification. This certificate is neither an assurance as to the future viability of the Company nor of the efficiency or effectiveness with which the management has conducted the affairs of the Company.

**ANNEXURE-7****Managing Director's Statement On ESG**

Greetings shareholders, it is an honour for me to write to you and share Gujarat Gas Limited's (GGL) performance in FY 2024-25.

With great pleasure I would like to inform you that Gujarat Gas Limited won the

- **"Asian Oil & Gas Awards 2024"** for Environmental Social Governance (ESG) initiative of the year – India. The Award recognizes the most outstanding players in Asia's oil and gas sector.
- **"SKOCH ESG Award 2024"** for its pilot project on Green H₂ blending in CGD network. GGL was adjudged the winner for the coveted honor second year in a row, after scoring by expert jury & peers and popular vote.

GGL endeavors to play its part in helping communities to achieve the United Nations 17 Sustainable Development Goals (SDGs). GGL has incorporated its commitment to sustainability into its strategy, operational procedures, and decision-making. GGL is committed to optimal utilization of available natural and man-made resources and leading towards sustainable future. GGL aims to deliver affordable, reliable and cleaner energy by operating responsibly and performing with excellence while considering the Environmental, Social & Governance factors. GGL continues to strengthen these pillars while implementing changes throughout its value chain to meet the most pressing challenges including carbon emissions, climate change, environment protection & preservation and human rights.

India is one of the fastest-growing economies of the World and is confident to continue on this path with aspirations to reach high middle-income status by the year 2047 and has pledged to goal of achieving "Net Zero" by 2070. The share of Natural Gas in India's total energy mix is around 6% and the Ministry of Petroleum & Natural Gas has set a target to raise the share of Natural Gas in the energy mix to 15% in 2030. To align with the strategy of the Government of India, the Company intends to expand its scale of operations to increase the share of natural gas in total energy mix.

GGL continues to hold the position amongst the largest CGD Companies in India. Your Company supplies Natural Gas to more than 22.6 lakh residential consumers, 15,682 commercial customer and provides clean energy solutions to over 4,430 industrial units through its wide spread Natural Gas pipeline network of over 42,000 kilometers. Your company operate 828 CNG stations catering cleaner alternate fuel to more than 4.3 lakh vehicles every day.

The World in last few years has witnessed unpredictable situations which required special & continuous attention, which includes combating climate change, preserving natural resources, fighting epidemic & reducing carbon emissions.

While adjusting to the new reality brought about by these complexities, which continue to raise larger questions about World peace and prosperity, today's actions could very well shape the fate of this planet, its people and for the generations to come. The rapidly changing environment urges businesses to respond to the aspects discussed above. Business needs to be conducted in the best ethical & moral standards along with compliance with laws & regulations.

GGL's principal objective is to deliver lower carbon emissions, greater returns, and increase in shareholder's value. Climate change is one of the greatest challenges that society is facing and the energy sector has a key role to play in helping the world transition to net zero. The loss of natural environment and climate change are interconnected and need to be tackled together, the Company is constantly transforming to mitigate this issue and may achieve the sustainable development objectives by rooting sustainability in thoughts, values, vision and business.

GGL is ready to undertake adjustments required to align with the SDGs. Reducing carbon emissions requires partnership and collaboration, because no one Company, industry or nation – acting alone – can meet the World's energy and climate goals. GGL has stepped up its efforts paving way to create a cleaner future by taking up the Pilot project with NTPC of blending green hydrogen gas with Natural Gas, which results in less carbon emissions. GGL in collaboration with Bio-gas producers has also started CBG blending into its PNG & CNG system contributing to waste management and pollution reduction while also providing boost to entrepreneurship, rural economy while moving towards a future of lesser dependence on imported fuel. GGL has also planned a project on 'Solar Group Captive' of 15 MW capacity, electrical energy generated will be utilized in our COCO CNG Stations bringing about reduction in GGL Scope emissions. GGL with its extensive experience & knowledge base is working closely with statutory and regulatory authorities in evolving comprehensive, safe, sustainable engineering standards and policies on emerging clean & green fuels.

GGL considers its social commitments towards all employees, customers, suppliers, contractors, and community as ethical duties. GGL's journey toward developing a safety culture has been tremendously exciting. GGL's safety commitment is extended to all its external stakeholders, including business partners, contractors and suppliers, in addition to employees and other internal stakeholders. GGL drives the business with utmost safety measures and in adherence with the Health Safety and Environment policy.

Despite GGL's huge scale of operations, it tries to mitigate all the concerns coming from all stakeholders in the best and earliest possible manner. Customers are kept at the center of business operations. Every necessary step is taken to ensure that customers get the best services without any disruptions. GGL remains committed to give back to the society through its various CSR activities which are carried out during the year in order to serve the community, especially the vulnerable & marginalized members of the community.

GGL has policies in place to promote the ethical & transparent work culture and following the guidelines helps to meet all the obligations specified by the laws & regulations. GGL has a robust governance framework that ensures that all business practices are carried out in a responsible manner. GGL has taken up various automation related initiatives for different aspects of business & governance to bring in process efficiency, transparency, speed up business process, and provide quick access of data & status for both internal as well as external stakeholders enhancing governance systems at the organization.

To make our Governance system stronger we have also initiated a Comprehensive Review of all Standard Operating Procedures (SOP) & Guidelines in terms of coverage, process digitization, monitoring mechanism. The updated SOPs will reflect best industry practices and aid in faster decision making in this ever evolving business dynamics, operational requirements. Along with this GGL has also initiated Digital Transformation initiative aiming to integrate innovative new digital solutions and help in the upgradation of existing systems and focusing on Process Automation, Data digitalization, Enhance communication and capacity Building.

In order to become a benchmark for others, GGL continues to concentrate on ESG principles and will strive to achieve sustainability goals and commitments set forth for future. I would desire to take this opportunity to express my appreciation to everyone for their steadfast efforts and cooperation. I also want to thank all the stakeholders for continuing to have faith in us. I'm happy to share our Business Responsibility and Sustainability Report with you as we look forward to building a strong and sustainable business system.

**BUSINESS RESPONSIBILITY & SUSTAINABILITY REPORT-FY 2024-25****SECTION A: GENERAL DISCLOSURES****I. Details of the listed entity**

1.	Corporate Identity Number (CIN) of the Listed Entity	L40200GJ2012SGC069118
2.	Name of the Listed Entity	Gujarat Gas Limited
3.	Year of incorporation	2012
4.	Registered office address	Gujarat Gas CNG Station, Sector 5/C, Gandhinagar – 382006, Gujarat.
5.	Corporate address	Office No. 4 & 5, Gr. Floor, IT Tower-2, Infocity, District: Gandhinagar – 382009 Gujarat.
6.	E-mail	contactbrsr@gujaratgas.com
7.	Telephone	079- 26737400, 079-26737500
8.	Website	www.gujaratgas.com
9.	Financial year for which reporting is being done	2024-25
10.	Name of the Stock Exchange(s) where shares are listed	BSE Limited (BSE) and National Stock Exchange of India Limited (NSE)
11.	Paid-up Capital	₹ 137.68 Crores
12.	Name and contact details (telephone, email address) of the person who may be contacted in case of any queries on the BRSR report	Mr. Naveen Sharma Vice-President +079- 26737400 naveen.sharma@gujaratgas.com
13.	Reporting boundary – Are the disclosures under this report made on a standalone basis (i.e. only for the entity) or on a consolidated basis (i.e. for the entity and all the entities which form a part of its consolidated financial statements, taken together).	The disclosures under this report are made on a standalone basis.
14.	Name of assessment or assurance provider	M/s CNK & Associates LLP
15.	Type of assessment or assurance obtained	Reasonable Assurance of Core KPIs as defined by SEBI

II. Products/services

16.	Details of business activities (accounting for 90% of the turnover):		
	Sr.No.	Description of Main Activity	Description of Business Activity
	1	Electricity, gas, steam and air conditioning supply	City Gas Distribution
			100 %
17.	Products/Services sold by the entity (accounting for 90% of the entity's Turnover)		
	Sr.No.	Product/service	NIC Code
	1	Natural Gas	3520- Electricity, Gas, Steam and Air Conditioning Supply; Manufacture & distribution of Gas
			100 %

III. Operations

18.	Number of locations where plants and/or operations/offices of the entity are situated:		
	Location	Number of plants	Number of offices
	National	906*	62
	International	NA	NA
			NA
	*Includes all CNG stations (COCO, Franchisee, OMC) and other gas installations such as City Gate Station, Tap-off Station, Decompression Station, Virtual Pipeline Station etc.		
	Gujarat Gas Limited (GGL) is India's largest City Gas Distribution (CGD) Company in terms of sales volume operating in 44 districts in 6 states of Gujarat, Maharashtra, Rajasthan, Haryana, Punjab & Madhya Pradesh and 1 Union Territory (UT) of Dadra and Nagar Haveli.		

19.

Markets served by the entity:

a. Number of locations

Locations	Numbers
National (No. of States)	7*
International (No. of Countries)	Nil

* The Company operates its business in the States of Gujarat, Maharashtra, Punjab, Madhya Pradesh, Rajasthan, Haryana and also in the UT of Dadra & Nagar Haveli and Daman and Diu.

b. What is the contribution of exports as a percentage of the total turnover of the entity? Nil

c. A brief on types of Customers –

Gujarat Gas Limited is into the business of developing City Gas Distribution (CGD) Networks to supply Piped Natural Gas to the Industrial, Commercial & Domestic customers and Compressed Natural Gas to Automobiles (CNG run vehicles). –

Customer Category	No. of Customers served	% sales volume
Domestic Customers	22.6 Lakhs+	7.8%
Commercial Customers	15,682	1.6%
Industrial Customers	4430+	58.9%
CNG Customers	approx. 4.35 Lakhs	31.7%

IV. Employees

20.

Details as at the end of Financial Year:

a. Employees and workers (including differently abled)

Sr.No.	Particulars	Total (A)	Male		Female	
			No. (B)	% (B/A)	No. (C)	% (C/A)
Employees						
1.	Permanent (D)	800	750	94%	50	6%
2.	Other than Permanent (E)	58	53	91%	5	9%
3.	Total employees (D + E)	858	803	94%	55	6%
Workers						
4.	Permanent (F)	95	91	96%	4	4%
5.	Other than Permanent (G)	12508	Not reported as Other than permanent workers are hired by GGL Contractors on need basis for business operations			
6.	Total workers (F + G)	12603	Break-up available only for permanent workers, same is disclosed above			

Note: Total Number of Other than permanent workers disclosed in this report represents monthly average manpower deployed/hired by GGL contractors/service providers in FY 2024-25.

b. Differently abled Employees and workers						
Sr.No.	Particulars	Total (A)	Male		Female	
			No. (B)	% (B/A)	No. (C)	% (C/A)
DIFFERENTLY ABLED EMPLOYEES						
1.	Permanent (D)	8	8	100%	-	-
2.	Other than Permanent (E)	0	0	0	-	-
3.	Total differently abled employees (D + E)	8	8	100%	-	-
DIFFERENTLY ABLED WORKERS

5.	Other than Permanent (G)	0	Not reported as Other than permanent workers are hired by GGL Contractors on need basis for business operations			
6.	Total differently abled workers (F + G)	1	Break-up available only for permanent workers, same is disclosed above			

21. Participation/Inclusion/Representation of women			
	Total	No. and percentage of Females	
	(A)	No. (B)	% (B / A)
Board of Directors	8	1	12.5%
Key Management Personnel	3	0	0%

22. Turnover rate for permanent employees and workers									
	Turnover rate in FY 2024-25			Turnover rate in FY 2023-24			Turnover rate in FY 2022-23		
	Male	Female	Total	Male	Female	Total	Male	Female	Total
Permanent Employees	5.94%	0.13%	5.69%	5.75%	0.00%	4.74%	4.34%	8.00%	4.55%
Permanent Workers	12.37%	2.20%	13.73%	8.37%	0.00%	7.05%	8.55%	0.00%	8.13%

V. Holding, Subsidiary and Associate Companies (including joint ventures)

23. Names of holding / subsidiary / associate companies / joint ventures				
Sr.No.	Name of the holding / subsidiary / associate companies / joint ventures (A)	Indicate whether holding/ Subsidiary/ Associate/ Joint Venture	% of shares held by listed entity	Does the entity indicated at column A, participate in the Business Responsibility initiatives of the listed entity? (Yes/No)
1	Gujarat State Petroleum Corporation Limited	Holding Company	Nil	No
2	Gujarat State Petronet Limited	Holding Company	54.17%	No
3	Guj Info Petro Limited	Associate Company	49.94%	No

VI. CSR Details

24.	(i) Whether CSR is applicable as per section 135 of Companies Act, 2013: (Yes/No) (ii) Turnover (in Rs.) - ₹ 17,184.97 Crores (FY 2024-25) (iii) Net worth (in Rs.) - ₹ 8,548.60 Crores (as on 31st March 2025) The amount disbursed for CSR Projects / Impact Assessment Fees during FY 2024-25 is ₹ 6,45,94,100/-. In addition, ₹ 28,40,00,000/- is transferred to unspent CSR account, the total expenditure during FY 2024-25 is ₹ 34,85,94,100/-	Yes

**VII. Transparency and Disclosures Compliances**

25.

Complaints/ Grievances on any of the principles (Principles 1 to 9) under the National Guidelines on Responsible Business Conduct:

Stakeholder group from whom complaint is received	Grievance Redressal Mechanism in Place (Yes/No) (If Yes, then provide web-link for grievance redressal policy)	FY 2024-25			FY 2023-24		
		Number of complaints filed during the year	Number of complaints pending resolution at close of the year	Remarks	Number of complaints filed during the year	Number of complaints pending resolution at close of the year	Remarks
Communities	Yes, Refer Links below	-	-	-	-	-	-
Investors (other than shareholders)		-	-	-	-	-	-
Shareholders		145	0	-	65	0	-
Employees and workers		-	-	-	-	-	-
Customers		2,17,432	7,219	Complaints include issues like delay in gas connection, improper billing, wrong meter reading etc.	1,82,160	9,935	Complaints include issues like delay in gas connection, improper billing, wrong meter reading etc.
Value Chain Partners		-	-	-	-	-	-
Other (please specify)					NA		

The Company has a customer base of more than twenty two lakh domestic PNG customers. Resolution of customers complaints is an ongoing process, and it is an endeavor of the Company to attend / resolve complaints within defined timeline. Shareholders of the company can send their grievances to Company at Investors@Gujaratgas.com or Registrar and Transfer Agent (M/s Kfin Technologies Limited) at einward.ris@kfintech.com. The Company has well placed policies which outlines modes of reporting complaints or grievances for respective stakeholder groups. Link: <https://www.gujaratgas.com/corporate-governance/bsrpolices/>

26.

Overview of the entity’s material responsible business conduct issues –

Indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format

GGL has identified most significant issues which are crucial for addressing the sustainable development goals in the line of business in which it operates. Material issues are identified by management based on their experience and the industry.

Sr. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1	Occupational health, Safety and wellbeing	Risk	Employees & workers are the most important resources at GGL. Owing to the nature of business staff health and safety is critical for the Company. It is important for the Company to provide a safe working environment to its employees and workers to retain and enhance employee & worker confidence and morale.	- GGL has a comprehensive Health safety policy and places a high priority on implementation of the same. - Robust OHS Management system with HSE specific SOPs & Guidelines to prevent Health & Safety related incidents - All critical activities are carried out after detailed risk assessment & mitigations are implemented in line with OHS risk registers.	Negative, As Loss of Life or Loss of Working days due to work-related illness and injury, which may impede the work or supply and will involve compensations and other financials impacts.
2	GHG & Carbon Emissions	Opportunity/ Risk	O– Natural Gas combustion emits fewer pollutants and GHGs as compared to coal or other polluting fuel combustion. As a result, GGL has a significant opportunity as it expands operations to deliver Natural Gas, an environment friendly fuel. Government/ Authority regulations on non-usage of polluting fuel can also have a positive impact on business operations. R – Emission of Natural Gas directly into atmosphere from pipeline damage / equipment or as part of project & maintenance activities since Natural Gas is predominantly methane which is a GHG.	NA - Effective coordination with digging agencies to prevent network damages. - Prompt emergency response for quick isolation of the damaged section. - Isolation valves at regulator-defined distances to reduce emissions after isolation. - Strengthening Gas leak detection systems & process. - Effective preventive maintenance plan & adherence to reduce breakdown instances - Efficient commissioning SOP to reduce Natural Gas emissions, among other things.	Positive, increase in operations will lead to reduction of carbon emissions as compared to polluting fuels & increase in the overall profitability of the Company. Negative, Damages/failure of pipeline /equipment or planned release of gases as part of operation will lead to lost product (Natural Gas) into the atmosphere may lead to financial loss in terms of lost unbilled gas.

Sr. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
3	Climate Change	Risk	Climate changes can harm the Company by disrupting its infrastructure, installations and the distribution network. Government regulations and norms on climate and emissions can also have an impact on its business operations e.g. use of cleaner energy sources like hydrogen powered vehicles, EVs.	GGL has been identifying and evaluating climate change risks that could potentially impact its operations and will plan to and take necessary mitigating and adapting steps to combat such climate change risk.	Climate change could negatively impact the operations of the Company, resulting in financial losses.
4	Asset & Product Safety	Risk	Since, the Company operates a city gas distribution business, asset & product safety is of utmost importance. Critical shortcoming in asset & product safety can cause major or man-made disasters which may have consequential impact on the Company's operations and could negatively impact the Company's reputation.	The Company regularly carries out health and safety campaigns among customers, and communities to address the risk. Risk management is done for all GGL critical assets – pipelines, CGS, CNG Stations through safety engineering studies tools like below to ensure risks are under ALARP (As Low As Reasonably Practicable):- • Hazard Operability study (HAZOP) • Quantitative Risk Assessment (QRA) • Escape Muster Evacuation & Rescue Analysis (EMERA) • Hazardous Area Classification (HAC) The Company also complies with the international safety standards and local laws and regulations.	Negative, Major Incidents / Disasters could result in significant revenue losses, increase in liabilities and also loss of reputation.
5	Human Rights	Risk	Any infringement of human rights will result in consequences. Additionally, it may have an impact on GGL's image and ability to attract talent.	GGL has a Human Rights Policy and the Company is committed to protect the human rights of all its stakeholders	Negative, Non-compliance with laws and regulations which could have a direct financial implication.

Sr. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
6	Community Development	Opportunity	GGL promotes self-reliance and independence within the communities it serves in order for them to develop sustainably. Through a dedicated team that is focused on determining the requirements of the community surrounding its operating locations, the Company has been conducting CSR projects.	NA	Positive. Supporting the community development activities helps GGL to create a meaningful impact for the surrounding communities.
7	Data Privacy and Security	Risk	GGL is into city gas distribution business and distributes gas to domestic households, industries etc. A substantial amount of personal data is collected by the Company on a regular basis. In order to ensure the protection and security of the business-critical data & also personal data including that of customers being recorded, the Company takes necessary precautions.	By carrying out a cyber risk assessment, putting in place a business continuity plan for IT platforms, and adhering to the Information security & data privacy Policy, GGL ensures the privacy and security of data.	Negative, Cyber security and data privacy issues could have a negative impact on the day to day operations of the Company and financial losses.
8	Energy Water & Waste	Risk and opportunity	Improving energy efficiency throughout its business operations is a key component of GGL's Energy Strategy. GGL is working on Increasing the percentage of renewable power for combatting emissions.	GGL has taken the following steps to combat the risk: • Use of renewable sources of energy • Switching to Gas based vehicles from traditional fuels like petrol and diesel • Optimum utilization of resources • Timely & effective preventive maintenance to ensure efficient energy utilization • Reducing water consumption proportionately • Ensuring authorized disposal/treatment of hazardous waste such as Used Oil for re-refining	Positive, Shifting towards renewable energy might reduce overall maintenance costs. It also contributes to a cleaner and greener environment.
9	Diversity, Inclusion & equal Opportunity	Opportunity	Organization which promotes a work culture that supports diversity inclusion & equal opportunity makes them a better place to work	GGL is committed to equal opportunities and the avoidance of discrimination on basis of caste, creed, gender, race, religion and disability	Positive, Since this motivates employees and workers to continue contributing to company's growth

SECTION B: MANAGEMENT AND PROCESS DISCLOSURES										
Disclosure Questions										
	Policy and management processes	P1	P2	P3	P4	P5	P6	P7	P8	P9
1.	a. Whether your entity's policy/policies cover each principle and its core elements of the NGRBCs. (Yes/No)	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes
	b. Has the policy been approved by the Board? (Yes/No)	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes
	c. Web Link of the Policies, if available*	All following GGL Policies related to BRSR are uploaded on: https://www.gujaratgas.com/corporate-governance/brsrpolicies/ • Anti-Bribery and Anti-Corruption Policy • Whistle Blower Policy • Workplace Behavior Policy • Anti-harassment Policy • Human Rights Policy • Corporate Social Responsibility Policy • Grievance Redressal Policy for Customer & Community • Code of Conduct • Health Safety Environment (HSE) Policy • Sustainable Development Policy • Information Security Policy • Debarment Policy – Contractors & Vendors								
2.	Whether the entity has translated the policy into procedures. (Yes / No)	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes
3.	Do the enlisted policies extend to your value chain partners? (Yes/No)	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes
4.	Name of the national and international codes / certifications / labels / standards (e.g. Forest Stewardship Council, Fairtrade, Rainforest Alliance, Trustea) standards (e.g. SA 8000, OHSAS, ISO, BIS) adopted by your entity and mapped to each principle.	• ISO 9001:2015 Quality management System • ISO 14001:2015 Environmental Management System • ISO 45001:2018 Occupational Health & Safety Management System								
5.	Specific commitments, goals and targets set by the entity with defined timelines, if any.	• Plantation of Trees & Saplings Background: Plantation of trees and saplings aid in making environment better. It purifies the air, conserves water, helps in climate control, preserves soil and benefits the overall environment in several other ways. Goal: In FY 2025-26, GGL plans to carry out plantation of around 3500 sapling/trees. • Digitalization Transformation Initiative Background: This project aims to integrate innovative digital solution and help GGL in the upgradation / replacement of existing systems and implementation of new digital systems/technology in line with industry best practices to ensure a futuristic competitive edge. This initiative will focus on Process Automation, Data digitalization, Enhance communication and capacity Building. Goal: In FY 2025-26, GGL plans to carry out digital transformation across its business and operations with respect to following: • Integrating on all existing critical data points on Centralized Monitoring Platform								

- Upgradation of automation infrastructure for comprehensive monitoring across all assets & locations and also for better analysis insights and effective decision making
- Automation of GGL Business processes through Custom solutions in terms of middle-ware application

- **Solar Group Captive Project**

Background: Solar energy is a renewable energy and one of the cleanest & greenest form of energy which causes neither pollution nor causes any damage to environment and is also economically cheap. Establishing a Solar Group Captive project to use the generated electricity for the Company Owned CNG stations.

Goal: In FY 2025-26, GGL has planned to install around 15 MW of Solar Group Captive project.

- **Green Hydrogen Blending with Natural Gas for CGD**

Background: Green H₂ blending in Gas distribution network for more than 2 years now, starting with 5% and growing up to 8%. This Pilot project results will support in finalization of way forward for H₂ transportation through existing gas pipelines and ultimately contributing to emission reduction.

Goal: in FY 2025-26, Continue testing of material for long exposure to blended gas and further Increase the green hydrogen concentration in the Pilot project post approval from regulator.

- **Injection of Bio-Gas into PNG/CNG system:**

Background: GGL has existing agreements with Bio-Gas manufacturers for supplying Bio-gas to be injected into GGL PNG/CNG system. This initiative of Bio-gas injection into CGD is being driven by regulator and will help in waste management, air pollution control and also reduces dependency on imported fossil fuel since Bio Gas is produced as a side product in the agricultural/food waste transformation process developed indigenously.

Goal: In FY 2025-26, based on Bio-gas manufacturers' readiness GGL will start off-take from suppliers into GGL PNG/CNG system at multiple locations Jamnagar, Morbi, Surat in addition to existing offtakes.

- **Setting up new CNG stations:**

Background: GGL is influencing automobile users in its operational areas to use compressed natural gas as a clean automotive fuel through various campaigns. GGL has made it a priority to expand CNG transportation and dispensing infrastructure and facilities. CNG is a popular alternative fuel because of its clean burning characteristics and low carbon emission in air. Natural gas helps to reduce the environmental impact of vehicular emissions caused by use of other polluting fuels such as petrol and diesel.

Goal: In FY 2025-26, GGL plans to set up 47 new CNG stations across GGL operational areas. GGL also plans to upgrade 64 existing CNG stations in terms of capacity enhancement, Daughter to Daughter Booster and Daughter / Daughter Booster to Online stations.

	• Setting up LNG storage and regasification facility for CNG/PNG supply Background: Liquefied Natural Gas (LNG) is a natural gas, predominantly methane (CH₄) that has been liquefied for ease of storage and transportation. This LNG is pressurized and re-gasified through ambient vaporizers for dispensing to customer vehicles as an automotive fuel and Piped natural gas to domestic, commercial and industrial customers on priority, in areas far away from gas supply point of supplier transmission pipeline. Goal: In FY 2025-26, GGL plans to set up 5 new facilities for LNG storage and regasification. • Social Commitments Background: GGL remains committed to give back to the society through its various CSR activities. These CSR activities are planned in order to serve the community specially the marginalized and vulnerable part of the society Goal: In FY 2025-26, CSR activities will be done as part GGL social responsibility in association with recognised institutions/NGO/Government: • Construction & development of Anganwadis including in aspirational districts of Gujarat • Mangalam Canteen - Create sustainable livelihood and income generation through promotion of traditional food products & culinary skill of women • Micro Enterprise Development - Encouraging rural women to start economical activities at small scale to change their socio-economic status by ensuring sustainable living • Custom Hiring Centers: Provide access to cost effective farm mechanization to the small & marginal women farmers at a reasonable rate and also to generate livelihood • Cattle Feed Unit: Increase income of women farmers and provision of quality feed for cattle through establishment of cattle feed unit • Millet based value chain: Increase income of women by developing value chain and processing unit for millet and other bakery related food items • Development of Proof of Concept of Optical Camera based Smart Navigation System - Health development project by IKDRC to develop a computer navigation system for assisting total knee joint arthroplasty • Continue supplying free gas supply to crematoriums

Disclosure Questions	
6. Performance of the entity against the specific commitments, goals and targets along-with reasons in case the same are not met.	1. Plantation of Trees & Saplings Achievement: In 2024-25, GGL planted more than 3800 saplings as part of World Environment Day/Week Celebration exceeding the targeted plantations. 2. Digitalization of processes for transparency in Governance, ease of operations & reduction in paper usage Achievement: In 2024-25, GGL along with GIPL have developed following automated module to increase efficiency of employees, improve customer experience, enhance agility, minimize revenue loss. • QR based Attendance system implemented for GGL and contract employees which has eliminate the Biometric device dependencies and ease the attendance data collection from new offices. This has also helped to GGL for online tracking of contractor employee attendance. • Online OMS system implemented with quarterly KPI review and yearly employee performance assessment. • SPOT Bill application implemented with additional feature like OCR based meter reading. • Digitalize the process for empanelment of Vendors for Contractors 3. Green Hydrogen Blending with Natural Gas for CGD Update: In 2024-25, GGL conducted assessments & tests on testing riser w.r.t. 15% H₂ blending (without exposing the customers to increased blending). The tests included Homogeneity Test of Blended gas, Burner behavior Test, Odor concentration Test etc. Results were satisfactory with no areas of concern. Quantitative risk assessment (desktop study) was done for PNG pipeline network with up to 15% H₂ blending to understand the risks involved due to higher blending levels for which the results were found within ALARP (As Low As Reasonably Practicable) levels. Material testing were also done for various network assets to establish any deteriorating effects on network health due to blended hydrogen exposure. All test results were satisfactory and same was also presented to industry regulator. 4. Injection of Bio-Gas into PNG/CNG system: Achievement: In 2024-25, GGL in collaboration with Bio-gas manufacturers, has kick-started the operation of off-taking supply of Biogas into GGL PNG/CNG system at three new locations, taking the total tally of bio-gas off-take to seven: • Indore (UDI GA): Started off-take from Bio-gas producer – M/s Indore Clean Energy Pvt Ltd through cascades. • Gurdaspur (H&G GA): Started off-take from Bio-gas producer – M/s MEPL through injecting CBG into GGL MP PE pipeline • Hoshiarpur (H&G GA): Started off-take from Bio-gas producer – M/s Reliance Chemicals and Materials Limited through cascades. 5. Setting up new CNG stations: Achievement: In FY 24-25, GGL has commissioned 17 new CNG stations and upgradation completed for 49 CNG stations 6. Setting up LNG storage and regasification facility for CNG/PNG supply: Achievement: In FY 24-25, GGL has commissioned 1 new LCNG station at Nalasopara in Thane GA.

**7. Investing in Renewable Energy**

Update: GGL published an open tender for to installation of around 15 MW of Solar Group Captive project to use the generated electricity for the Company Owned CNG stations and received good response from the bidders. Planning to close the tendering Process soon.

8. Relocation of Corporate Offices

Achievement: GGL has completed shifting of all of three corporate offices at one single location in Gandhinagar which has saved both administrative cost and reduced vehicle emissions.

9. Social Commitments**Achievements:**

- Industry responsive skill development training - GGL has imparted industry responsive skill development to needy and unemployed youth to around 500 candidates through M/s Aspire Disruptive Skill (ADS) Foundation. Around 68 candidates have been placed.
- Construction completed for new building for Kanya Ashram Shala at Vapi.
- Construction & Development of Anganwadis across Gujarat - Construction of Pilot Anganwadis completed at three different locations of Gujarat viz. Karai, Dahod and Dediayapada. Khat Mahurat was done in the august presence of Honourable Chief Minister of Gujarat in January 2025. Call out has been issued for 201 Anganwadis in 8 districts of Gujarat.
- Mangalam Canteen - One canteen has started in Varahi village, Santalpur Taluka with footfall of approx. 30 people having lunch. Canteen location finalised in Subir, Nizar and Kukurmunda. These Canteens create sustainable livelihood and income generation through promotion of traditional food products & culinary skill of women
- Micro Enterprise Development - Total women enterprises started till March 2025 are 171 along with 79 who have been selected after completion of training in Subir, Nizar and Kukurmunda. 200 Women have been provided material support in Garbada and Nandod
- Custom Hiring Centres (CHCs) - Set up of 6 CHC Units in Subir, Nizar and Kukurmunda. In Kawant and Naswadi training sessions were organized by SFT at the block level for CHC committee members from both CHCs. The training aimed to build the capacities of committee members by enhancing their understanding of the objectives, functioning, and implementation processes under the CHC initiative.
- Cattle Feed Unit - Machinery has been installed in Subir, Nizar and Kukurmunda for establishment of cattle feed unit. Order placed for procurement of machinery at Garbada and Ghoghamba
- Millet Based Value Chain - 2 no. Millet based processing units(primary & value addition) set up in Naswadi, Kolamba
- Development of Proof of Concept of Optical Camera based Smart Navigation System - Experimenting with two marker designs one with four smaller markers (M4) and another with two smaller markers (M2) and compared their performance to a single marker design, additionally different marker shapers other than squares can be designed by rearranging the smaller ArUco markers.

Governance, leadership and oversight										
7.	Statement by director responsible for the business responsibility report, highlighting ESG related challenges, targets and achievements (listed entity has flexibility regarding the placement of this disclosure)	The statement on sustainability related risks, goals, commitments and the Company's contribution is available in Annexure- 7 of the Board's Report for the FY 2024-25.								
8.	Details of the highest authority responsible for implementation and oversight of the Business Responsibility policy (ies).	The Board of Directors have constituted a Business Responsibility & Sustainability Reporting (BRSR) Committee for reviewing and recommending the Business Responsibility & Sustainability Report to the Board of Directors including oversight of policies.								
9.	Does the entity have a specified Committee of the Board/ Director responsible for decision making on sustainability related issues? (Yes / No). If yes, provide details.	Business Responsibility & Sustainability Reporting (BRSR) Committee comprises of the following Board Members: 1. Shri Balwant Singh, IAS (Retd.)- Chairman 2. Shri SJ Haider, IAS- Member 3. Shri Bhadresh Mehta- Member 4. Prof. Yogesh Singh- Member								
10.	Details of Review of NGRBCs by the Company:									
	Subject for Review	Indicate whether review was undertaken by Director / Committee of the Board/ Any other Committee								
		P1	P2	P3	P4	P5	P6	P7	P8	P9
	Performance against above policies and follow up action	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes
	Compliance with statutory requirements of relevance to the principles, and, rectification of any non-compliances	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes
	Frequency (Annually/ Half yearly/ Quarterly/ Any other – please specify)	Reviews are undertaken quarterly.								
11.	Has the entity carried out independent assessment/ evaluation of the working of its policies by an external agency? (Yes/No). If yes, provide name of the agency.	P1	P2	P3	P4	P5	P6	P7	P8	P9
		No								
12.	If answer to question (1) above is "No" i.e. not all	Principles are covered by a policy, reasons to be stated:								
	Questions	P1	P2	P3	P4	P5	P6	P7	P8	P9
	The entity does not consider the Principles material to its business (Yes/No)	Not Applicable								
	The entity is not at a stage where it is in a position to formulate and implement the policies on specified principles (Yes/No)									
	The entity does not have the financial or/human and technical resources available for the task (Yes/No)									
	It is planned to be done in the next financial year (Yes/No)									
	Any other reason (please specify)									

SECTION C: PRINCIPLE WISE PERFORMANCE DISCLOSURE

PRINCIPLE 1: Businesses should conduct and govern themselves with integrity, and in a manner that is Ethical, Transparent and Accountable.

The first principle of BRSR gives information about the governance structure of the organisation. It shows us a bird's-eye view of how the organization's policies are distributed, shared, explained, and put into practice in all of its operations and functions. GGL ensures that business and operations are conducted with integrity, accountability and transparency. The Company's Code of Conduct and ethics strategy are the guiding principles for conducting and governing the business and reflect how we treat our stakeholders including employees, customers, communities, and the environment.

Essential Indicators

1. Percentage coverage by training and awareness programmes on any of the Principles during the financial year

Segment	Total number of training and awareness programmes held	Topics / principles covered under the training and its impact	%age of persons in respective category covered by the awareness programmes
Board of Directors	4	All principles Impact is Good governance & sustainability Policies & practices	100%
Key Managerial Personnel	4	All principles Impact is Deeper understanding on the aspects of Business Responsibility, Sustainability, its integration with organization's business decisions	100%
Employees other than BoD and KMPs	96	POSH, Managing Self, Employee Happiness, Workshop on the Development of Pipeline Infrastructure for Connectivity of CBG Plants to CGD Networks, IBC Suraksha Kavach – Annual Summit – cum – Workshop on Prevention, Detection & Control of HSE at Workplace 24 x 7, ESRI India User Conference 2024, ESRI India Developer Summit, Conference on Green Hydrogen, India HR Summit, NGV India Summit; Workshop on Compressed Bio-Gas, Health & Safety, Technical competency, Cyber Security Awareness, Gaseous Hydrocarbon Flow Measurement & Custody Transfer etc. Impact is enhanced employee awareness on matters of sustainability and also human rights	86%
Workers	3026	Safety & Technical Competency Training; POSH Training	99%

2. Details of fines / penalties / punishment / award / compounding fees / settlement amount paid in proceedings (by the entity or by directors / KMPs) with regulators / law enforcement agencies / judicial institutions, in the financial year, in the following format (Note: the entity shall make disclosures on the basis of materiality as specified in Regulation 30 of SEBI (Listing Obligations and Disclosure Obligations) Regulations, 2015 and as disclosed on the entity's website) -

Monetary					
	NGRBC Principle	Name of the regulatory / enforcement agencies / judicial institutions	Amount (In INR)	Brief of the Case	Has an appeal been preferred? (Yes/No)
Penalty/ Fine	-	Tehsildar	27000	Penalty against starting Construction activity pending land conversion approval for CGS	No
Penalty/ Fine	-	Deputy Commissioner of State Tax Jurisdiction :PALGHAR:Maharashtra	231354	Based on audit observation SCN issued on following: 1. GST to be recovered on the value of income appearing as provision. 2. 100% ITC not eligible against IMS supply, Only Prop. ITC eligible as PNG/CNG turnover is non-taxable.	Yes
Settlement Compounding fee	There were no compounding fees / settlement amount paid in proceedings (by the entity or by directors / KMPs) with regulators / law enforcement agencies / judicial institutions, in FY 2024-25.				

Non - Monetary				
	NGRBC Principle	Name of the regulatory/ enforcement agencies/ judicial institutions	Brief of the Case	Has an appeal been preferred? (Yes/No)
Imprisonment	There were no non-monetary penalties in proceedings (by the entity or by directors / KMPs) with regulators / law enforcement agencies / judicial institutions, in FY 2024-25.			
Punishment				
3. Of the instances disclosed in Question 2 above, details of the Appeal/ Revision preferred in cases where monetary or non-monetary action has been appealed				
Case Details			Name of the regulatory / enforcement agencies / judicial institutions	
Based on audit observation SCN issued on following: 1. GST to be recovered on the value of income appearing as provision. 2. 100% ITC not eligible against IMS supply, Only Prop. ITC eligible as PNG/CNG turnover is non-taxable.			Appellate authority being aggrieved with the order received from Dy, Commissioner of SGST for confirming demand	
4. Does the entity have an anti-corruption or anti-bribery policy? If yes, provide details in brief and if available, provide a web-link to the policy. -				
Yes, the Company has an Anti-corruption and Anti-Bribery policy. Employees, workers, intermediaries, consultants, dealers, contractors, suppliers, etc. working for or acting on behalf of the Company are subject to Company's anti-corruption and anti-bribery policy. The Policy reflects the Company and its management's commitment for maintaining highest ethical standards while undertaking open and fair business practices and culture, and implementing and enforcing effective systems to detect, counter and prevent bribery and other corrupt business practices. Refer link for anti-corruption and anti-bribery policy https://www.gujaratgas.com/corporate-governance/brsrpolicies/				
5. Number of Directors/KMPs/employees/workers against whom disciplinary action was taken by any law enforcement agency for the charges of bribery/ corruption				
Particulars	FY 2024-25		FY 2023-24	
Directors	There were no instances of any disciplinary action taken by any law enforcement agency for the charges of bribery/ corruption against Directors/ KMPs/employees/workers. The senior leadership upholds the highest level of integrity and instills the same in other levels of management.			
KMPs				
Employees				
Workers				
6. Details of complaints with regard to conflict of interest:				
Particulars	FY 2024-25		FY 2023-24	
	Number	Remarks	Number	Remarks
Number of complaints received in relation to issues of Conflict of Interest of the Directors	GGL has not received any complaints with respect to conflict of interest. Conflicts of interest can arise when an employee has a personal interest or is engaged in an activity that could impair their capacity to carry out tasks impartially, objectively, and successfully.			
Number of complaints received in relation to issues of Conflict of Interest of the KMPs	The Company upholds highest standards of ethics and compliance in order to prevent any kind of conflict of interest, and we are vigilant in swiftly identifying and minimizing any such occurrences.			
7. Provide details of any corrective action taken or underway on issues related to fines / penalties / action taken by regulators/ law enforcement agencies/ judicial institutions, on cases of corruption and conflicts of interest.				
Not Applicable, as there were no instances of corruption or conflicts of interest. No corrective action was required to be taken on matters pertaining to fines / penalties / action taken by regulators / law enforcement agencies / judicial institutions.				
8. Number of days of accounts payables ((Accounts payable *365)/ Cost of goods/services procured) in the following format:				
Particulars			FY 2024-25	FY 2023-24
Number of days of accounts payables			19.88	18.82

9. Open-ness of business			
Provide details of concentration of purchases and sales with trading houses, dealers, and related parties along-with loans and advances & investments, with related parties, in the following format:			
Parameter	Metrics	FY 2024-25	FY 2023-24
Concentration of Purchases (Refer note 1)	a. Purchases from trading houses as % of total purchases	1.32%	0.83%
	b. Number of trading houses where purchases are made from	1	1
	c. Purchases from top 10 trading houses as % of Total purchases from trading houses	100%	100%
Concentration of Sales (Refer note 2)	a. Sales to dealers / distributors as % of total sales	22%	21%
	b. Number of dealers / distributors to whom sales are made	5	5
	c. Sales to top 10 dealers/distributors as % of total sales to dealers / distributors	100%	100%
Share of RPTs in (Refer note 3-6)	a. Purchases (Purchases with related parties / Total purchases)	86.27%	89.84%
	b. Sales (Sales to related parties / Total Sales)	0.003%	0.003%
	c. Loans and advances (Loans & advances given to related parties / Total loans & advances)	-	-
	d. Investments (Investments in related parties / Total Investments made)	25.97%	25.96%
Notes:			
- Concentration of Purchases include Trading House purchases considering Gas Purchases through Indian Gas Exchange Limited - Concentration of Sale includes details for CNG sales made to dealers / distributors (HPCL, BPCL, IOCL, Nayara energy, Reliance BP) as % of Total GGL sales of all segments - For reporting of purchases & sales of goods & services, those which are linked to the business of Natural Gas of GGL have been considered. - Advances given in the routine course of business have not been considered for reporting. - Investments do not include the deposits made to GSFS in routine course of business. - Investments in related party do not include the equity investment in GSPC LNG Ltd. (a government related entity for Gujarat Gas Limited). This is in accordance with exemption provided under Ind AS – 24 Related Party Disclosure and also in line with disclosure of Related Party Transactions as per annual accounts.			
Leadership Indicators			
1. Awareness programmes conducted for value chain partners on any of the Principles during the financial year:			
Total number of awareness programmes held	Topics / principles covered under the training	%age of value chain partners covered (by value of business done with such partners) under the awareness programmes	
Contractor staff – 3025	Principle 3, 6 & 9 are covered under these programmes. Training / awareness topics for contractor staff – • Basic safety training • Technical competency trainings (CGD O&M training, Work at height, GI plumbing, Defensive driving, CNG filling, PE welder training etc.) • Fire-fighting training • First Aid training • Lifesaver compliance • PPE usage • Permit to Work system • Hazard identification and site-specific risk assessment • Emergency handling	Contractor staff - 100%	
Customers, general public & other utilities – 2732	Natural Gas related safety awareness sessions for customers, villages along pipeline route, Societies, Schools, other utilities and public in general covering 29825 people Every new customer is provided awareness of safety aspects related to Natural Gas during commissioning/conversion activity.	100% new customer during commissioning/conversion.	

2. Does the entity have processes in place to avoid/ manage conflict of interests involving members of the Board? (Yes/No) If Yes, provide details of the same.

Yes, the Company has Code of Conduct for the Board of Directors and Senior management personnel which provides clear guidelines for avoiding and disclosing an actual or potential conflict of interest with the Company.

All Directors are required to disclose to the Board their concern / conflict of interest during their onboarding and any subsequent modifications have to be intimated timely.

The Company receives an annual declaration from its Board of Directors and senior management personnel on the entities they are interested in, and ensures requisite approvals as required under the applicable laws are taken prior to entering into transactions with each entity.

Link for Conflict of Interest/ Code of Conduct <https://www.gujaratgas.com/pdf/ggl-code-of-conduct.pdf>

PRINCIPLE 2: Businesses should provide goods and services in a manner that is sustainable and safe

The Second Principle is primarily concerned with production and consumption of resources. It focuses on protecting natural resources by responsible consumption and creating those products which reduces negative impact to environment and society throughout its Lifecycle.

GGL is a Company which is into the business of distribution of Natural Gas, As compared to other fuels it emits less carbon into the environment and has low impacts on the environment. GGL is willing to support local vendors, vulnerable and marginalized groups, and other supply chain partners who can help us to achieve our strategic objectives and long-term sustainable aspirations because doing so would mean aiding the support to the economy as a whole. GGL has Sustainable development policy in place to mitigate these issues and tenders general terms & conditions that require vendors to comply with all Health, Safety and Environment, human rights & all other applicable regulatory compliances.

Essential Indicators

1. Percentage of R&D and capital expenditure (capex) investments in specific technologies to improve the environmental and social impacts of product and processes to total R&D and capex investments made by the entity, respectively.

	FY 2024-25	FY 2023-24	Details of improvements in environmental and social impacts
R&D	Nil	Nil	Nil
Capex	1.56%	0.90%	Establishment of LNG/LCNG Station: GGL has commissioned its 5 th LNG Storage & regasification facility (small scale) at Nalasopara, Thane for PNG & CNG supply to customers. Liquefied Natural Gas (LNG) facilitates ease of storage and transportation of Natural Gas.

2. a. Does the entity have procedures in place for sustainable sourcing? (Yes/No)

b. If yes, what percentage of inputs were sourced sustainably?

GGL is a City Gas Distribution (CGD) Company which provides Natural Gas to its consumers. Natural Gas reduces approximately around 50% greenhouse gas (GHG) emissions compared to coal used in various industrial applications. CGD entity facilitates major transportation of gas through pipelines to various places, thereby replacing the carbon footprint generated by transporting liquid fuel/coal through roads/rails.

GGL now operates all hired Mobile Cascade vehicles on CNG (Compressed Natural Gas) as a cleaner environment friendly fuel. They were previously being run on diesel.

The Company has a process of procurement through E- tenders which has resulted in reduction in use of paper.

GGL E- tenders have defined Scope of work and general terms and conditions that covers aspects of sustainable sourcing in terms of ethical conduct & environmental compliances by linking these material/service sourcing being compliant to GGL SOPs & Guidelines.

GGL contractor sources materials from GGL approved Vendor list. These vendors who are part of GGL approved Vendor list go through a qualification assessment process by GGL appointed Third party. Criteria for assessment include ISO certification related to Environmental Management system, Quality Management system & Occupational Health & Safety Management System.

Additionally, GGL encourages its partners to adhere to Safety and environmental standards like, ISO 14001 and ISO 45001.

4.	Of the products and packaging reclaimed at end of life of products, amount (in metric tonnes) reused, recycled, and safely disposed as per the following format						
		FY 2024-25			FY 2023-24		
		Re- used	Recycled	Safely Disposed	Re- used	Recycled	Safely Disposed
	Plastics (including packaging)	-	-	0.0	-	-	7.57
	E-Waste	-	-	0.9	-	-	1.16
	Hazardous Waste*	-	80.6	-	-	91.63	-
	Battery waste	-	-	1.4	-	-	1.4
	Other non-hazardous Waste	-	-	317.0	-	-	310.30
*Hazardous waste “Used Oil” is Given to PCB (Pollution Control board) approved vendor for re-refining.							
5.	Reclaimed products and their packaging materials (as percentage of products sold) for each product category.						
	Indicate Product Category			Reclaimed products and their packaging materials as % of total products sold in respective category			
	Not available as product recycling is not relevant for the industry. GGL product is Natural Gas which is used as fuel therefore no reclaiming is possible considering the very nature of product, also no packaging material is involved.						

PRINCIPLE 3: Businesses should respect and promote the well-being of all employees, including those in their value chains

16 PEACE, JUSTICE AND STRONG INSTITUTIONS This principle is focused on equity, dignity, and quality of life of the organization employees as well as employees of value chain partners. Entities must comply with the regulatory and statutory Requirements, and further provide equal opportunity to all the employees.

GGL places great emphasis on employee growth and well-being because these factors boost output, morale, and reduce attrition rates. Workers are an organization's most valuable asset since they not only act as a conduit between the Company and its consumers, but they also significantly contribute to the overall success of the Company. GGL has a sharp focus on inclusion and diversity, health and wellbeing and continuous learning and development of its employees and workers. The Company's redressal mechanisms enable workers to report issues from across the organization, allowing them to be addressed rapidly and effectively.

Essential Indicators											
1. a. Details of measures for the well-being of employees:											
Category	% of employees covered by										
	Total (A)	Health insurance		Accident insurance		Maternity benefits		Paternity Benefits		Day Care facilities	
		Number	%	Number	%	Number	%	Number	%	Number	%
Permanent Employees											
Male	750	750	100%	750	100%	-	-	750	100%	-	-
Female	50	50	100%	50	100%	50	100%	-	-	-	-
Total	800	800	100%	800	100%	50	6%	750	94%	-	-
Other than Permanent Employees											
Male	53	53	100%	53	100%		-	-	-	-	-
Female	5	5	100%	5	100%	5	100%	-	-	-	-
Total	58	58	100%	58	100%	5	8.6%	-	-	-	-

b. Details of measures for the well-being of workers:											
Category	% of workers covered by										
	Total (A)	Health insurance		Accident insurance		Maternity benefits		Paternity Benefits		Day Care facilities	
		Number	%	Number	%	Number	%	Number	%	Number	%
Permanent workers											
Male	91	91	100%	91	100%	-	-	91	100%	-	-
Female	4	4	100%	4	100%	4	100%	-	-	-	-
Total	95	95	100%	95	100%	4	4%	91	96%	-	-
Other than Permanent workers											
Male	Not reported as Other than permanent workers are hired by GGL Contractors on need basis for business operations										
Female											
Total	12508	12508	100%	12508	100%	-	-	-	-	-	-
At GGL, workers are hired through "Third Party Contractors", on need basis for completion of identified business operations from time to time and mechanisms are being built to track workers that GGL engages through "Third Party Contractors".											
c. Spending on measures towards well-being of employees and workers (including permanent and other than permanent) in the following format –											
								FY 2024-25		FY 2023-24	
Cost incurred on well-being measures as a % of total revenue of the company								0.044% (INR 7,62,16,256.09)		0.054% (INR 8,73,45,670.49)	
Note: Above disclosed spending measures towards well-being of employees and workers does not include cost incurred on well-being of 'Other than permanent workers' since they are hired by GGL Contractors on need basis for business operations.											
2. Details of retirement benefits, for Current Financial Year and Previous Financial Year.											
Benefits	FY 2024-25			FY 2023-24							
	No. of employees covered as a % of total employees	No. of workers covered as a % of total workers**	Deducted and deposited with the authority (Y/N/N.A.)	No. of employees covered as a % of total employees	No. of workers covered as a % of total workers**	Deducted and deposited with the authority (Y/N/N.A.)					
PF	100%	100%	Yes	100%	100%	Yes					
Gratuity*	93.24%	100%	Yes	93.05%	100%	Yes					
ESI*	1.63%	0	Yes	3.48%	0	Yes					
Others Please Specify (National Pension Scheme)	Nil	Nil	NA	Nil	Nil	NA					
* For Gratuity and ESI, all eligible employees are covered under the respective schemes.											
**Details pertaining to workers includes disclosure for Permanent Workers only											
3. Accessibility of workplaces											
Are the premises / offices of the entity accessible to differently abled employees and workers, as per the requirements of the Rights of Persons with Disabilities Act, 2016? If not, whether any steps are being taken by the entity in this regard. –											
The Company owned offices are accessible to differently abled employees and workers wherever required. Wheelchair's facilities are available at the Company owned offices of Gujarat Gas Limited.											
4. Does the entity have an equal opportunity policy as per the Rights of Persons with Disabilities Act, 2016? If so, provide a web-link to the policy											
Yes, the Company has an equal opportunity policy in place which is applicable to all stakeholders under its human rights policy. The policy states that the organization is dedicated to providing the necessary infrastructure and people-centric policies to enable and support individuals with disabilities to participate in the organization's value creation process.											
Link to the policy: https://www.gujaratgas.com/corporate-governance/brsrpolicies/											

5. Return to work and Retention rates of permanent employees and workers that took parental leave.											
Gender		Permanent Employees				Permanent Workers					
		Return to work rate		Retention rate		Return to work rate		Retention rate			
Male		100%		97%		-		-			
Female		100%		100%		-		-			
Total		100%		97%		-		-			
6. Is there a mechanism available to receive and redress grievances for the following categories of employees and workers? If yes, give details of the mechanism in brief.											
		Yes/No (If Yes, then give details of the mechanism in brief)									
Permanent Workers		Yes, the Company has a stage wise grievance redressal procedure as mentioned in Workplace Behaviour policy & Human Rights Policy which is an easily accessible mechanism available to all the employees for redressal of their grievances. Grievance Committee ensures timely redressal of grievance. Managing Director provides final decision on basis of the facts of the case submitted to him or her by the Committee.									
Other than Permanent Workers											
Permanent Employees											
Other than Permanent Employees											
7. Membership of employees and worker in association(s) or Unions recognized by the listed entity: Presently, there are two unions in GGL i.e. GGCL Employees Union, Surat; GGCL staff Union, Ankleshwar representing the permanent workers of the Company.											
		FY 2024-25				FY 2023-24					
		Total employees / workers in respective category (A)	No. of employees / workers in respective category, who are part of association(s) or Union (B)		% (B / A)	Total employees / workers in respective category (C)	No. of employees / workers in respective category, who are part of association(s) or Union (D)		% (D / C)		
Total Permanent Employees		800	-		NA	833	-		NA		
Male		750	-		NA	782	-		NA		
Female		50	-		NA	51	-		NA		
Total Permanent Workers		95	95		100%	109	109		100%		
Male		91	91		100%	103	103		100%		
Female		4	4		100%	6	6		100%		
8. Details of training given to employees and workers:											
Category		FY 2024-25				FY 2023-24					
		Total (A)	On Health and safety measures		On Skill upgradation		Total (D)	On Health and safety measures		On Skill upgradation	
			No.(B)	%(B / A)	No.(C)	%(C / A)		No.(E)	%(E / D)	No.(F)	%(F / D)
Employees											
Male	803	713	89%	803	100%	812	106	13.05%	107	13.18%	
Female	55	51	93%	55	100%	51	0	0.00%	0	0.00%	
Total	858	764	89%	858	100%	863	106	12.28%	107	12.40%	
Workers											
Male	91	0	0%	58	64%	103	5	4.85%	0	0%	
Female	4	0	0%	1	25%	6	0	0%	0	0%	
Total	95	0	0%	59	62%	109	5	4.59%	0	0%	
Above Details pertaining to workers includes disclosure for Permanent Workers only. For 'Other than Permanent workers' which constitutes of Contractor staff, they all undergo Safety / Technical Training before deployment											

85

GGL has established procedure:

- To identify the hazards and Environment Impacts associated with GGL's activities and facilities. The procedure starts at an early stage in development of any new facilities, activities, processes, or tasks, to allow good Health, Safety practices to be 'built in'.
- To assess the risk levels and impacts to determine those hazards, which have or can have significant HSE risk level. Risk/Impact assessment considers both the severity of the consequences of a specified adverse event and the probability (the likelihood) of it occurring.
- To implement time effective control measures to reduce the risks / impacts to tolerable risk level i.e. ALARP level. Tolerable risk / impact or ALARP risk is the risk that has been reduced to a level that can be endured by GGL having regard to legal obligation and GGL own policy.

GGL has established various tools including but not limited to these following for identification of Hazards & assessment of risks:

- 1) Hazard reporting hard copy formats
- 2) Hazard reporting online system
- 3) Activities like Hazard Hunt
- 4) Occupational Health & Safety risk registers for each kind of safety critical activity
- 5) Geographical area wise Asset Risk Register
- 6) Site Specific Risk Assessment before start of each job
- 7) Tool-box Talk before start of each job
- 8) Permit to Work System for each job
- 9) Safety Engineering Studies like Hazard Operability (HAZOP), Quantitative Risk Assessment (QRA) for all new installations & modifications in existing installations

C. Whether you have processes for workers to report the work-related hazards and to remove themselves from such risks. (Y/N)

Yes, GGL has well defined processes for workers to report the work-related hazards and to remove themselves from such risks All GGL employees/workers are trained on Health & Safety related aspects which includes explaining them about Hazards and examples of work-related hazards and methods of reporting hazard including further actions.

GGL has defined targets for reporting hazards for its contractors, so as to get them actively involved in looking out for hazards or hazardous situations. Risk mitigation actions are taken against these reported Hazards on priority depending upon criticality of hazard or its corrective actions which are tracked in the system.

GGL motivates staff and workers on reporting hazards by recognizing and rewarding best reported hazards for each Zonal area every month.

D. Do the employees/ workers of the entity have access to non-occupational medical and healthcare services? (Yes/ No)

Yes, GGL has established following policies for employees to support them for non-occupational medical & healthcare services:

- 1) Health Care Policy covering Health Check-up & OPD
- 2) Insurance Scheme - Mediclaim Insurance, Group Personal Accident Insurance & Life Insurance

GGL has tie-ups with hospitals in each area of operation to provide employees with medical and healthcare services as needed.

11. Details of safety related incidents, in the following format:

Safety Incident/Number	Category*	FY 2024-25	FY 2023-24
Lost Time Injury Frequency Rate (LTIFR) (per one million-person hours worked)	Employees	0.000	0.490
	Workers	0.130*	0.190*
Total recordable work-related injuries	Employees	0	1
	Workers	13	7
No. of fatalities	Employees	0	0
	Workers	0	2
High consequence work-related injury or ill-health (excluding fatalities)	Employees	0	0
	Workers	0	0

*Including in the contract workforce

**12. Describe the measures taken by the entity to ensure a safe and healthy workplace.**

GGL has established its Occupational Health and Safety management system with reference to ISO standard 45001:2018. Key aspects of its Health & Safety Management focusing towards ensuring safe & healthy workplace are:

Risk Management System: OH&S Risk register have been established identifying & mitigating risks related to all safety critical activities carried out at GGL.

Risk and Impact Register maintained by GGL

- Provides information regarding the hazards and environment impacts associated with activities / facilities
- Provides the basis for significance and prioritization for control of risk and impacts
- Forms the basis for an action plan
- Defines the controls to manage the health and safety risks and environment aspects

The established risk and impact registers are periodically reviewed and updated for addition or deletion of hazards and environment impacts & effectiveness of the control measures.

Safety Engineering studies such as HAZOP study, Quantitative Risk Assessment Tools involving Third party subject matter experts & latest software for identifying & Quantifying the probable risks related to any GGL installation/facility – CNG, CGS, Pipeline etc. and implementing mitigation measures recommended as a result of these studies to ensure safe work place for GGL employees & public.

Work Permit System: GGL has established and maintains Work permit system to ensure all works potentially hazardous to people, environment, or asset are controlled and conducted safely.

GGL Lifesavers: GGL has identified 10 Lifesaver areas which are safety critical areas / inherently hazardous processes which have a potential to lead to loss of life situations if safe working practices are not followed. Lifesaver rules are defined to be followed while performing activities in GGL Lifesaver areas. GGL Lifesavers areas are listed below:

- Safe Systems of Work
- Gas Escape Handling
- Excavation, Manual boring, & Horizontal Directional Drilling (HDD)
- Working at Height
- Confined Space Entry
- Lifting Operation
- Electrical
- Driving
- Compressed Natural Gas (CNG) Handling
- Liquefied Natural Gas (LNG) Handling

Providing Personal Protective Equipment: GGL provides PPE kit with all relevant safety gear to all its site going employees and staff and also mandates its contractors to ensure availability of adequate & appropriate PPEs for their staff to protect the site personnel from injury

Internal Audit: The organization has established a procedure for QHSE management systems audit to be carried out by trained internal auditors independent of the functions/area being audited in order to determine whether or not the QHSE management system has been properly implemented and maintained.

Incident Investigation & Corrective Actions: GGL has established, implemented and is maintaining a process to record, investigate and analyze nonconformities and incidents and to take actions to mitigate risks and undertake corrective and preventive actions for avoiding re-occurrence of such incidents in future.

Asset Integrity: GGL assets have been designed, constructed, commissioned and are operated and maintained, such that the risks to personnel are reduced to As Low As Reasonably Practicable (ALARP).

GGL operations are driven by the goal of zero injuries, with the aim to ensure that every employee working for and on behalf of the Company returns home safely at the end of each working day. To adhere to the QHSE standards, GGL always ensures training and safety awareness campaigns for employees, associates and contractors and PNG/CNG customers.

13. Number of Complaints on the following made by employees and workers:

	FY 2024-25			FY 2023-24		
	Filed during the year	Pending resolution at the end of year	Remarks	Filed during the year	Pending resolution at the end of year	Remarks
Working Conditions	No such complaints for working conditions and health and safety were received.					
Health & Safety						

14. Assessments for the year:	
	% of your plants and offices that were assessed (by entity or statutory authorities or third parties)
Health and safety practices	• In order to ensure and monitor site safety compliances, GGL management (middle & senior) regularly conducts HSE tours at Sites to assess the safety compliance and coach site team in terms of safety requirements and understand any concerns related to site safety. More than 2,100 HSE Tours have been conducted at GGL in FY 2024-25. • In order to ensure and monitor site safety compliances, GGL engineers regularly conducts Lifesaver-Workplace Inspections (WPI) at Sites. The Lifesaver score is tracked for each geographical region. More than 16,300 Work place inspections have been done in FY 2024-25. GGL has successfully conducted compliance audits & applicable recertification audits with respect to below listed PNGRB regulations through Petroleum and Natural Gas Regulatory Board (PNGRB) empaneled Third Party Inspection Agency (TPIA) for Geographical Areas. • T4S & IMS Certification Audits: Successfully completed for 1 Natural gas pipeline (Hazira Ankleshwar pipeline) and Fourteen (14) Geographical Areas in line with PNGRB Technical Standards and Specifications including Safety Standards (T4S), regulations & PNGRB Integrity Management System (IMS), regulations in FY 2024-25. - Palghar district & Thane Rural GA - Amritsar GA - Valsad GA - Dadra & Nagar Haveli GA - Surendranagar GA - Gandhinagar GA - Bhavnagar GA - Jamnagar GA - Navsari GA - Surat, Ankleshwar and Bharuch (SAB) GA - Hazira GA - Rajkot (including Morbi) GA - Nadiad GA - Dahej GA • Periodic ERDMP Re-Certification Audits: Successfully completed for One (1) Geographical Area (GA) – Dahod GA in line with PNGRB Codes of Practices for Emergency Response and Disaster Management Plan, regulations in FY 2024-25. GGL QHSE integrated management system was audited by Third party M/s Bureau Veritas FY 2024-25 with respect to respective ISO standards. Post successful audit GGL was recertified for following standards: 1. Quality Management System standard ISO 9001:2015 2. Environmental Management System Standard ISO 14001:2015 3. Occupational Health & Safety Management System Standard ISO 45001:2018
Working Conditions	
15. Provide details of any corrective action taken or underway to address safety-related incidents (if any) and on significant risks / concerns arising from assessments of health & safety practices and working conditions.	
All major incidents at GGL are investigated through an internal independent enquiry/investigation committee comprising of a Senior experienced Team leader and Technical Manager of that particular domain along with experienced HSE professional. The investigation report is established and also submitted to regulatory body, PNGRB along with compliance actions. Corrective actions as identified in these investigation reports are implemented to prevent re-occurrence of such incidents. Any significant risk arising from assessment of health & safety practices and working conditions are also captured in risk registers such as occupational health & safety risk register and may also be included in business risk register. All mitigation/assurance activities identified during investigation are implemented through existing or new controls. e.g. 1. External Training on Emergency Response & Disaster Management Plan (ERDMP) & clarity on roles and responsibilities for all employees and contractor staff involved in Emergency 2. Utility Co-ordination meeting with District Authority involving officials from government and private utilities sensitizing them about hazards associated with damage to gas pipelines.	

3. Reviewed and strengthened existing safety training modules and carrying out refresher Technical Competency & Safety Training on CGD O&M for contractual staff and own employees.
 4. Comprehensive review of mock drills plan for inclusion of all possible different scenarios
 5. The procedure for emergency response and handling technical complaints was reviewed and revised to include an escalation matrix with timeline especially for gas escape/probable ingress whenever gas concentration is observed above LEL and O&M team is unable to identify & resolve the same.
 6. Awareness done for CNG fillers to recognize any abnormalities, during and after refueling and take appropriate action.
 7. Refresher training to Patrolmen and O&M team to improve risk perception
 8. Carry out awareness of Third-party machine operators to improve their awareness about gas network, risk associated with damage to gas pipeline network and importance of prior intimation to GGL for any excavation on / nearby gas network
 9. Refresher training session to be conducted for GGL O&M and contractor staff to enhance their risk perception and awareness on
 - Possibilities of gas escape on network converting to gas-ingress case inside nearby premises and leading to fire/explosion
 - Procedure for emergency response and handling technical complaints (MAI-P-19)
 - Escalation matrix in case of gas ingress/escape complaints
 - Risk based decision regarding isolation of affected network through upstream valve regardless of customer supply disruption, in case of delay in pin-pointing of leakage spot
- Investigation report along with corrective actions compliances are reviewed by GGL Risk Management Committee and Board of Directors during quarterly review and suggest actions to ensure preventing reoccurrence of such incidents in future.

Leadership Indicators

1. Does the entity extend any life insurance or any compensatory package in the event of death of (A) Employees (Y/N)(B) Workers (Y/N).

- (A) Employees: Yes – Employees are covered under Life insurance and Compensatory package in the event of his/her death.
- (B) Workers: Yes – Permanent workers are covered under Life insurance and Compensatory package in the event of his/her death. For 'Other than permanent workers', Contractors as per the terms & conditions of the contract are required to adhere with the statutory compliance as per the applicable rules. i.e., Covered through Employees State Insurance (ESI) Act, Employees Compensation Act and EDLI (Employees Deposit Linked Insurance scheme)

2. Provide the measures undertaken by the entity to ensure that statutory dues have been deducted and deposited by the value chain partners.

GGL has mechanisms and systems, which encourage the compliance of statutory dues by value chain partners. The Company via its general terms and conditions of the tender documents encourage that statutory dues including Provident Fund, Income Tax, Sales Tax, Goods and Service Tax and other statutory dues have generally been regularly deposited by the Company to the appropriate authorities.

3. Provide the number of employees / workers having suffered high consequence work-related injury / ill-health / fatalities (as reported in Q 11 of Essential Indicators above), who have been are rehabilitated and placed in suitable employment or whose family members have been placed in suitable employment:

There is no case noted where employee/permanent worker have suffered high consequence work related injury / ill-health in FY 2024-25 and FY 2023-24.

	Total no. of affected employees/ workers		No. of employees/workers that are rehabilitated and placed in suitable employment or whose family members have been placed in suitable employment	
	FY 2024-25	FY 2023-24	FY 2024-25	FY 2023-24
Employees	Nil	Nil	Nil	Nil
Workers	Nil	2*	Nil	Nil*

*For FY 23-24, Affected workers are among 'other than permanent workers' who are hired by GGL contractors / service providers. GGL ensures that affected workers / their family members receive compensation as per the statutory provisions

*For FY 24-25, There were no cases of high consequence work-related injury or fatality requiring rehabilitation/ suitable employment.

4. Does the entity provide transition assistance programs to facilitate continued employability and the management of career endings resulting from retirement or termination of employment? (Yes/ No) -

No, presently there are no transition assistance programs to facilitate continued employability and management of career endings resulting from retirement or termination of employment.

5. Details on assessment of value chain partners:	
	% of value chain partners (by value of business done with such partners) that were assessed
Health and safety practices	100% Contractors
Working Conditions	100% Contractors
GGL has established SOP on Contractor Performance Assessment with an objective to monitor the performance of Contractors / Service providers in terms of compliance with all applicable GGL policies, processes, standards, procedures, guidelines and other Contractual obligations related to Project/task delivery & HSE. Contractor's/Service provider's performance data are captured on a monthly basis as per CPAR (Contractor Performance Assessment Report) format. - Business Performance – 70% Weightage - Contract Management & Other Key indicator – 10% Weightage - Quality Control – 5% Weightage - HSE & Lifesaver Compliance – 15% Weightage	
6. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from assessments of health and safety practices and working conditions of value chain partners. Not Applicable, as there were no significant risks / concerns arising from assessments of health and safety practices and working conditions of Company's value chain partners.	

PRINCIPLE 4: Businesses should respect the interests of and be responsive to all its stakeholders

According to this principle organizations must consider the expectations of all parties involved in their business, both internal & external. In particular the affected vulnerable group & Communities.

It has become necessary for GGL to continue collecting and disclosing both quantitative and qualitative indicators to demonstrate transparency and effective communication with all its stakeholders, and to address sustainability issues that are critical to its business's operations. GGL is continuously engaging with its stakeholders in order to mitigate concerns of any of the stakeholders.

Essential Indicators

1. Describe the processes for identifying key stakeholder groups of the entity. According to GGL, any individual or group who can influence or are impacted by its business and operations are considered key stakeholders. GGL has developed mechanisms to map both its internal and external stakeholders as part of the sustainability reporting process.				
2. List of stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group.				
Stakeholder Group	Whether identified as Vulnerable & Marginalized Group (Yes/No)	Channels of communication (Email, SMS, Newspaper, Pamphlets, Advertisement, Community Meetings, Notice Board, Website, Other)	Frequency of engagement (Annually/ Half yearly/ Quarterly / others – please specify)	Purpose and scope of engagement including key topics and concerns raised during such engagement
Community	No	- Society meetings - Social & Safety Awareness programs (Street Plays) - Canopy Marketing - Door to Door Marketing - Display tricycle - Social Media Campaigns	As and when required	Marketing & Safety Awareness

Shareholders/ Investors	No	• Annual reports • Individual communications to shareholders • Annual general meeting • Newspaper advertisement • Postal Ballot Notice • SMS • Emails • Website • Quarterly Earning Calls • Investor Presentation	Annual as well as need basis	• Financial Results • Business Growth and Profitability • Matters pertaining to investor servicing • Statutory Communications as per applicable SEBI Laws • Performance Highlights
Suppliers & Contractors	No	• N-procure website / GEM portal • GGL website • Prebid Meetings • Kick-off Meetings • Contracts • E-mails • Letters • Circulars • HSE & technical competency trainings • HSE Awareness Programs • Grievance redressal mechanism • Monthly Contractors Performance Assessment meetings	As and when required	• Scope of Work/Supply • Quality Health safety & environment requirements • Tender Terms & Conditions • Performance review
Employees	No	• E-mails • Circulars • Intranet • Grievance redressal mechanisms • HSE & technical competency trainings • Safety Awareness Programs • Health, Safety & Security Advisories • Performance Management System	As and when required	• Learning and development • Employee wellbeing • Quarterly financial Performance & major developments • Health safety & environment measures • Performance KPIs and review
Regulatory Bodies	No	• Regulatory Portals • Emails • Open house • Letter Communications • Meetings • Conclaves • GGL Website • Compliance reports – Incidents & Audits	As and when required	• Industry related Suggestions/Concerns • Business plans • Incident report & Investigation Report • Audit compliance status • Advocacy on Public Policy & Regulatory Framework • Target based Progress & Compliances Review
Customers	No	• GGL Website • GGL Mobile application • SMS • Whatsapp • One to one Phone calls • One on one meeting/awareness • Pamphlets • Safety Awareness Campaign • Customer Satisfaction survey (Door to Door survey) • Social Media Campaigns	As and when required	• Product Quality, Health and Safety awareness • Operational concerns • Billing matters • Customer satisfaction surveys

**Leadership Indicators****1. Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.**

GGL recognizes the importance of active interaction with its stakeholders in meeting their needs and increasing stakeholder confidence. The Company's management interacts with key stakeholders within regular intervals. In these meetings, Sustainability related concerns or issues including economic, environmental, and social topics are discussed, and stakeholders are made aware of sustainability concerns. In the coming years, the Company plans to further enhance its focus on engagement around sustainability related matters in these meetings. GGL conducts Annual General meeting open for all its shareholders to participate and is open to receive consultation/concerns on economic, environmental & social aspects related to GGL business. The Company also convenes quarterly calls after Board Meetings to address queries of Investors/Analysts at large.

2. Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes / No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.

As part of the materiality assessment process, GGL investigates environmental, social and governance related issues that are crucial for the company's success. The company's management has identified material topics based on its experience and industry practice.

3. Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/ marginalized stakeholder groups.

The concerns of vulnerable/ marginalized stakeholders' groups are mainly addressed over various parameters such as education, empowerment, health, infrastructure, conservation, etc.

GGL has taken Business & CSR initiatives for identified disadvantaged, vulnerable and marginalized stakeholders, some of which are mentioned below.

1. For Women in rural areas

- **Supplying Natural Gas as health & Environment friendly Fuel to Villages:** GGL has supported the government initiative to provide natural gas supply in rural areas because the burning of wood and coal causes gas emissions, which have a negative impact on the health of all those coming into contact with those emissions, especially women who use it to cook food, and causing adverse health conditions such as lung cancer, asthma, and others. Under this initiative, GGL has gone the extra mile with providing Piped Natural Gas in rural areas in its operational Geographical areas and has covered more than 1,000 villages successfully.
- **Access to cost effective farm mechanization to the small & marginal women farmers:** Provide farm mechanization at a reasonable rate and also to generate livelihood – Procurement of tools and equipment based on contextual need and demands. Exposure and Training of finalized SHGs. Set up of 6 CHC Units in Subir, Nizar and Kukurmunda.
- **Increase income of women farmers and provision of quality feed for cattle through establishment of cattle feed unit :** Machinery has been installed in Subir, Nizar and Kukurmunda for establishment of cattle feed unit. Order placed for procurement of machinery at Garbada and Ghoghamba
- **Increase income of women by developing value chain and processing unit for millet and other bakery related food items** – Location identification for the units and training done for members at Subir, Nizar and Santalpur. 2 no. Millet based processing units(primary & value addition) set up in Naswadi, Kolamba
- **Micro Enterprise Development :** Total 171 women enterprises started till March 2025 along with 79 who have been selected after completion of training in Subir, Nizar and Kukurmunda. 200 Women have been provided material support in Garbada and Nandod.

2. For Youth in rural areas

- **Jobs to Local youth for CNG station:** GGL has identified various locations across its operational areas for establishing CNG/LCNG stations. Development & Operations of these stations require local youth manpower. Therefore, this business activity helped the local youth by providing employment opportunities.
- **Industry responsive skill development to needy and unemployed youth:** GGL has imparted trainings to around 500 candidates through M/s Aspire Disruptive Skill (ADS) Foundation. 68 candidates have already been placed in oil & gas & other sectors. ADS will continue to engage with companies to understand their needs & facilitate hiring of trained candidates
- **Support construction of a new building for Kanya Ashram Shala for tribal girls :** Construction of new school building has completed
- **Development/upgradation of approx.625 Anganwadis across Gujarat :** Construction of Pilot Anganwadis has been completed at three different locations of Gujarat viz. Karai, Dahod and Dediayapada. Khat Mahurat/Inauguration was done in the august presence of Honourable Chief Minister of Gujarat in January 2025 for 607 Anganwadis to be constructed and developed across Gujarat. Call out has been issued for 201 Anganwadis in 8 districts of Gujarat

3. For other vulnerable

- **Mangalam Canteen:** Create sustainable livelihood and income generation through promotion of traditional food products & culinary skill of women – One canteen has started in Varahi village, Santalpur Taluka with footfall of approx. 30 people having lunch. Canteen location finalised in Subir, Nizar and Kukurmunda.

**PRINCIPLE 5: Businesses should respect and promote human rights**

The core belief of this principle is based on the idea that every human being has inherent rights that cannot be compromised in any way for the benefit of business. According to the UN Guiding Principles on Business and Human Rights, businesses are also held accountable for any violations of human rights and must take reasonable measures to prevent such violations from occurring as a result of their operations.

GGL social responsibility initiatives are focused on providing decent working conditions in all our offices, sites, and other locations where the company operates, as well as ensuring the protection of all our stakeholders' human rights. GGL is committed towards continuous improvement and has begun taking steps to effectively incorporate human rights into its business operations.

Essential Indicators**1. Employees and workers who have been provided training on Human rights issues and policy(ies) of the entity, in the following format:**

Category	FY 2024-25			FY 2023-24		
	Total (A)	No. of employees / workers covered (B)	% (B/A)	Total (C)	No. of employees / workers covered (D)	% (D / C)
Employees						
Permanent	800	697	87.1%	833	26	3.12%
Other than Permanent	58	42	72.4%	30	0	0.00%
Total Employee	858	739	86.1%	863	26	3.01%
Workers						
Permanent	95	4	4.2%	109	1	0.92%
Other than Permanent	12508	0	0%	13447	0	0.00%
Total Workers	12603	4	0.00%	13556	1	0.00%

2. Details of minimum wages paid to employees and workers, in the following format:

Category	FY 2024-25					FY 2023-24				
	Total (A)	Equal to Minimum Wage		More than Minimum Wage		Total (D)	Equal to Minimum Wage		More than Minimum Wage	
		No.(B)	%(B/A)	No.(C)	%(C/A)		No.(E)	%(E/D)	No.(F)	%(F/D)
Employees										
Permanent	800	-	-	800	100%	833	-	-	833	100%
Male	750	-	-	750	100%	782	-	-	782	100%
Female	50	-	-	50	100%	51	-	-	51	100%
Other than permanent	58	-	-	58	100%	30	-	-	30	100%
Male	53	-	-	53	100%	30	-	-	30	100%
Female	5	-	-	5	100%	0	-	-	0	0.00%
Workers										
Permanent	95	-	-	95	100%	109	-	-	109	100%
Male	91	-	-	91	100%	103	-	-	103	100%
Female	4	-	-	4	100%	6	-	-	6	100%
Other than permanent	12508	12508	100%	0	0.00%	13447	13447	100%	0	0.00%
Male	Not reported as Other than permanent workers are hired by GGL Contractors on need basis for business operations									
Female										
All wages are at par and more than applicable minimum wages.										

3. Details of remuneration/salary/wages, in the following format:						
a. Median remuneration / wages:						
	Male		Female			
	Number	Median remuneration/ salary/ wages of respective category	Number	Median remuneration/ salary/ wages of respective category		
Board of Directors (BoD)*	6	10,05,000	2	2,02,500		
Key Managerial Personnel**	1	66,83,417	0	NA		
Employees other than BoD and KMP	803	12,39,228	55	14,39,148		
Workers***	91	10,44,204	4	11,32,236		
*Non-executive members of the Board are paid sitting fees and out of pocket expenses for attending the meetings of the Board / Committee. Sitting fees of government directors is deposited in government treasury.						
** Remuneration of CS is disclosed.						
*** Worker disclosures only include Permanent Workers and does not include 'Other Than Permanent Workers' hired by GGL contractors						
b. Gross wages paid to females as % of total wages paid by the entity, in the following format:						
	FY 2024-25		FY 2023-24			
Gross wages paid to females as % of total wages	6.62%		6.35%			
4. Do you have a focal point (Individual/ Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business? (Yes/No)						
Yes, in line with the Human rights policy, Grievance redressal committee is responsible for addressing human rights impacts, issues and grievances caused or contributed to by the business.						
5. Describe the internal mechanisms in place to redress grievances related to human rights issues.						
GGL has policy on Human Rights which make the mechanism open and approachable for dealing with and resolving any human rights-related issues. GGL is dedicated to creating a pleasant environment where complaints are promptly and fairly resolved. The goal is to promote a workplace free of such complaints. Any grievances/ complaints are rightly communicated, and steps are taken to address the same. The Company's Human rights policy and Code of Conduct aid in resolving complaints regarding any violations of human rights. Any violation of human rights is not tolerated at GGL.						
6. Number of Complaints on the following made by employees and workers:						
	FY 2024-25			FY 2023-24		
	Filed during the year	Pending resolution at the end of year	Remarks	Filed during the year	Pending resolution at the end of year	Remarks
Sexual Harassment	0	0	-	0	0	-
Discrimination at workplace	0	0	-	0	0	-
Child Labour	0	0	-	0	0	-
Forced Labour/Involuntary Labour	0	0	-	0	0	-
Wages	0	0	-	0	0	-
Other human rights related issues	0	0	-	0	0	-
7. Complaints filed under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013, in the following format:						
	FY 2024-25		FY 2023-24			
Total Complaints reported under Sexual Harassment on of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (POSH)	0		0			
Complaints on POSH as a % of female employees / workers	0.00%		0.00%			
Complaints on POSH upheld	0		0			
8. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases.						
GGL strives to avert harassment and discrimination in the workplace. It has a system and policy for resolving complaints and grievances. The Human Rights and Anti - Harassment Policies are designed to shield the complainant from unfavourable outcomes in discrimination and harassment situations.						
GGL is dedicated to creating a pleasant environment where complaints are promptly and fairly resolved. This policy's goal is to promote a workplace free of complaints while also assisting the Company's concerned employees in enhancing their performance and productivity. Any grievances/ complaints are rightly communicated, and steps are taken to address the same. There is stepwise mechanism in place for redressal of grievances mentioned under the human right policy.						

We have implemented an anti - harassment policy at work in accordance with the provisions of the Sexual Harassment of Women at Workplace (Prevention, Prohibition, and Redressal) Act, 2013 (the "Act") and Rules issued thereunder. GGL has outlined the processes for filing a complaint and the processes that are followed thereafter. GGL has established an Internal Investigation committee and Enquiry committee to investigate concerns raised by the complainants. To disclose actual or suspected frauds and violations of the company's code of conduct, ethical behavior, and vigil mechanism policy, a whistleblower may do so in a number of different ways. The Whistleblower Policy outlines a detailed procedure for making disclosures, responding to concerns, and investigating fraudulent activity. Additionally, it provides adequate protection to employees who disclose such fraudulent activities or unethical conduct. Link of Policies: https://www.gujaratgas.com/corporate-governance/brsrpolicies/															
9. Do human rights requirements form part of your business agreements and contracts? (Yes/No) – Yes, GGL encourages through the General Terms & Conditions of the contract that its vendors are complying with Laws and regulations and ethical business practices.															
10. Assessments for the year: <table> <tr> <th></th><th>% of plants and offices that were assessed (by entity or statutory authorities or third parties)</th></tr> <tr> <td>Child labour</td><td>100%</td></tr> <tr> <td>Forced/involuntary labor</td><td>100%</td></tr> <tr> <td>Sexual harassment</td><td>100%</td></tr> <tr> <td>Discrimination at workplace</td><td>100%</td></tr> <tr> <td>Wages</td><td>100%</td></tr> <tr> <td>Others – please specify</td><td>-</td></tr> </table> GGL internally monitors compliance for all relevant laws and policies pertaining to these issues in all its plants & offices. GGL has implemented mechanisms by the way of relevant policies and committees to avoid instances of human rights violations.			% of plants and offices that were assessed (by entity or statutory authorities or third parties)	Child labour	100%	Forced/involuntary labor	100%	Sexual harassment	100%	Discrimination at workplace	100%	Wages	100%	Others – please specify	-
	% of plants and offices that were assessed (by entity or statutory authorities or third parties)														
Child labour	100%														
Forced/involuntary labor	100%														
Sexual harassment	100%														
Discrimination at workplace	100%														
Wages	100%														
Others – please specify	-														
11. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 10 above. Not applicable since there were no significant risks / concerns arising from the human rights assessments. GGL has an internal system to carry out audits with respect to Labour Laws and compliance with Human Rights requirements.															
Leadership Indicators															
1. Details of a business process being modified / introduced as a result of addressing human rights grievances/complaints. No business processes were required to be modified / introduced as a result of addressing human rights grievances/complaints considering there were no human rights grievances/complaints raised.															
2. Details of the scope and coverage of any Human rights due-diligence conducted. The Company follows strict adherence to all labor laws and human rights policies. No specific due diligence exercise is conducted by the Company.															
3. Is the premise/office of the entity accessible to differently abled visitors, as per the requirements of the Rights of Persons with Disabilities Act, 2016? Yes, GGL has wheelchair facilities available at GGL corporate office & other owned offices.															
4. Details on assessment of value chain partners: <table> <tr> <th></th><th>% of value chain partners (by value of business done with such partners) that were assessed</th></tr> <tr> <td>Sexual Harassment</td><td>100%</td></tr> <tr> <td>Discrimination at workplace</td><td>100%</td></tr> <tr> <td>Child Labour</td><td>100%</td></tr> <tr> <td>Forced Labour/Involuntary Labour</td><td>100%</td></tr> <tr> <td>Wages</td><td>100%</td></tr> <tr> <td>Others – please specify</td><td>NA</td></tr> </table>			% of value chain partners (by value of business done with such partners) that were assessed	Sexual Harassment	100%	Discrimination at workplace	100%	Child Labour	100%	Forced Labour/Involuntary Labour	100%	Wages	100%	Others – please specify	NA
	% of value chain partners (by value of business done with such partners) that were assessed														
Sexual Harassment	100%														
Discrimination at workplace	100%														
Child Labour	100%														
Forced Labour/Involuntary Labour	100%														
Wages	100%														
Others – please specify	NA														
5. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 4 above. We experienced zero instances of human rights violations by our value chain partners, including but not limited to sexual harassment, workplace discrimination, child labor, forced labor, involuntary labor, wages, and other human rights related issues, accordingly no such corrective action is required to be undertaken.															

PRINCIPLE 6: Businesses should respect and make efforts to protect and restore the environment

The principle urges organisations to explore and identify the potential environmental impacts arising out of their business operations and supply chain activities carried out in order to deliver, and to address them with adequate mitigating measures. It also encourages organisations to find alternative ways of operating by causing fewer impacts to the environment that may cause less harm to the environment.

GGL has increased its efforts, attention and taking actions to preserve the environment. GGL has its HSE and QHSE policy to reflect the company's commitment towards the environment and to people through adherence to policy guidelines & complying with Laws & regulations.

The goal of these policies is to ensure that everyone in the organization is aware of the company's environmental responsibilities. It deals with managing biodiversity, water and waste, efficient utilization of resources, energy and emissions management, and climate change.

Essential Indicators

**1. Details of total energy consumption (in Joules or multiples) and energy intensity, in the following format:
(In Giga Joules)**

Parameter	FY 2024-25	FY 2023-24
From renewable sources		
Total electricity consumption (A)	0	2.71
Total fuel consumption (B)	0	0
Energy consumption through other sources (C)	0	0
Total energy consumed from renewable sources (A+B+C)	0	2.71
From non-renewable sources		
Total electricity consumption (D)	583,816.19	524,565.80
Total fuel consumption (E)	70,113.42	63,575.57
Energy consumption through other sources (F)	0	0
Total energy consumption (D+E+F)	653,929.61	588,141.37
Total energy consumed (A+B+C+D+E+F)	653,929.61	588,144.08
Energy intensity per rupee of turnover (Total energy consumed/ Revenue from operations)	38.05 GJ / INR crore	36.10 GJ / INR crore
Energy intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP)		
(Total energy consumed / Revenue from operations adjusted for PPP)	786.16 GJ / USD crore	737.48 GJ / USD crore
Energy intensity in terms of physical output	186.42 GJ/MMSCM Gas sales	172.12 GJ/MMSCM Gas sales
Energy intensity (optional) – the relevant metric may be selected by the entity	NA	NA

Increase in energy consumption is due to increase in number of plants / CNG sales during FY 2024-25 compared to FY 2023-24.

*PPP conversion factor, GDP (National currency per international dollar) (Ref: International Monetary Fund website, www.imf.org) is as below

• Conversion factor for FY 2024-25: 20.66

• Conversion factor for FY 2023-24: 20.43

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Reasonable assurance has been carried out by M/s CNK & Associates LLP on the data reported in Principle-6, Essential indicator- 1

2. Does the entity have any sites / facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any.

Not Applicable, as GGL does not have any recognized sites/facilities as a Designated Consumer (DC) under Perform, Achieve & Trade scheme.

3.	Provide details of the following disclosures related to water, in the following format:		(in Kilolitres)
	Parameter	FY 2024-25	FY 2023-24
	Water withdrawal by source (in kilolitres)		
	(i) Surface water	-	-
	(ii) Groundwater	66470.6	68840.6
	(iii) Third party water	15878.9	21034.5
	(iv) Seawater / desalinated water	-	-
	(v) Others	-	-
	Total volume of water withdrawal (in kilolitres) (i + ii + iii + iv + v)	82,349.5	89,875.1
	Total volume of water consumption (in kilolitres)	82,349.5	89,875.1
	Water intensity per rupee of turnover (Water consumed / Revenue from operations)	4.79 KL / INR Crore	5.52 KL / INR Crore
	Water intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP)* (Total water consumption / Revenue from operations adjusted for PPP)	99.00 KL / USD Crore	112.70 KL / USD Crore
	Water intensity in terms of physical output	23.48 KL/MMSCM gas sales	26.30 KL/MMSCM gas sales
	Water intensity (optional) – the relevant metric may be selected by the entity	NA	NA
	*PPP conversion factor, GDP (National currency per international dollar) (Ref: International Monetary Fund website, www.imf.org) is as below • Conversion factor for FY 2024-25: 20.66 • Conversion factor for FY 2023-24: 20.43 Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. Reasonable assurance has been carried out by M/s CNK & Associates LLP on the data reported in Principle-6, Essential indicator-3.		
4. Provide the following details related to water discharged:			
Parameter	FY 2024-25	FY 2023-24	
Water discharge by destination and level of treatment (in kilolitres)			
(i) To surface water	Considering that water is not used in the processes, nor it is discharged as industrial effluent as a result of the process. GGL Offices, & plants only discharge residential wastewater, which is disposed through the municipal or district sewer system, soak pit, or re-used in gardening. No treatment is necessary for such a kind of water discharge. However, the Company is in the process of setting up a mechanism to derive the quantity of residential wastewater discharge by destination.		
- No treatment			
- With treatment – please specify level of treatment			
(ii) To Groundwater			
- No treatment			
- With treatment – please specify level of treatment			
(iii) To Seawater			
- No treatment			
- With treatment – please specify level of treatment			
(iv) Sent to third-parties			
- No treatment			
- With treatment – please specify level of treatment			
(v) Others			
- No treatment			
- With treatment – please specify level of treatment			
Total water discharged (in kilolitres)			
Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. No such independent assessment/evaluation/assurance is carried out by an external agency.			

5.	Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation. Considering that water is not used in the processes, nor it is discharged as industrial effluent as a result of the process, GGL does not have a Zero Liquid Discharge system. GGL Offices, City Gas Station & Compressed Natural Gas Stations only produce residential wastewater, which is disposed through the municipal or district sewer system, a soak pit, or re-used in gardening. No treatment is necessary for such a kind of water discharge.			
6.	Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:			
	Parameter	Units	FY 2024-25	FY 2023-24
	Nox	ppm	Less than 50 ppm in each case (DG set)	Less than 50 ppm in each case (DG set)
	Sox	ppm	Less than 100 ppm in each case (DG set)	Less than 100 ppm in each case (DG set)
	Particulate matter (PM)	mg/Nm3	Less than 150 mg/Nm3 in each case (DG set)	Less than 150 mg/Nm3 in each case (DG set)
	Persistent organic pollutants (POP)	ppm	Nil	Nil
	Volatile organic compounds (VOC)	ppm	Nil	Nil
	Hazardous air pollutants (HAP)	ppm	Nil	Nil
	Others – please specify	ppm		
			The primary sources of air pollution are monitored through authorised agencies with laboratory certified by NABL as per the guidelines of the Central or respective State Pollution Control Boards.	
	Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. Flue Gas emission is monitored for each equipment such as DG set as per Pollution Control Board norms. Environmental monitoring have been done by service providers – M/s ABC Techno Labs India Private Limited and M/s Ecoearth Technologies labs and M/s Gujarat Energy Research Management Institute authorized by Central / State Pollution Control Board /Ministry of Environment, Forest and Climate Change.			
7.	Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) & its intensity, in the following format:			
	Parameter	Units	FY 2024-25	FY 2023-24
	Total Scope 1 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent	4088.7 MT	3,595.2 MT
	Total Scope 2 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent	117,937.1 MT	104,330.3 MT
	Total Scope 1 and Scope 2 emissions per rupee of turnover (Total Scope 1 and Scope 2 GHG emissions / Revenue from operations)	Metric tonnes of CO ₂ equivalent per crore rupees of turnover	7.10 MT / INR crore	6.62 MT / INR crore
	Total Scope 1 and Scope 2 emission intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP)* (Total Scope 1 and Scope 2 GHG emissions / Revenue from operations adjusted for PPP)		146.70 MT / USD crore	135.33 MT / USD crore
	Total Scope 1 and Scope 2 emission intensity in terms of physical output		34.79 MT / MMSCM gas sales	31.58 MT / MMSCM gas sales
	Total Scope 1 and Scope 2 emission intensity (optional) – the relevant metric may be selected by the entity		NA	NA
	For Scope 1: Source of emission factors are referred from GHG protocol. For Scope 2: Emission factor for grid electricity is referred from Central Electricity Authority (CO ₂ Baseline database for Indian power sector – Version 20.0, December 2024) Weighted Average Emission Factor for Grid electricity (RES): 0.727 *PPP conversion factor, GDP (National currency per international dollar) (Ref: International Monetary Fund website, www.imf.org) is as below • Conversion factor for FY 2024-25: 20.66 • Conversion factor for FY 2023-24: 20.43			

	Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. Reasonable assurance has been carried out by M/s CNK & Associates LLP on the data reported in Principle-6, Essential indicator-7.
8.	Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide details. Reduction of Natural Gas emission in Operational & Maintenance Activities: GGL strives to lower the emissions of natural gas from its operations, either as part of a planned release or because of an unplanned leakage. The majority of these emissions are the result of unintentional releases brought on by third-party network damage, but certain emissions are the result of network failure itself. A smaller portion of these emissions are also the result of planned releases, which often occur during preventive maintenance or network / equipment commissioning activities. 1. GGL carries out various educational programs, utility coordination meetings, and campaigns such as dial before dig (detailed below) for third parties working in the same area as GGL with an aim to reduce these emissions. 2. Leak detection program including Lock pressure Test / leak detection survey to identify small leaks in network on a quarterly basis 3. Installation of Open Path leak detection and alarm system at all GGL CGS and Zero point Filtering, metering & Odorization stations (Tap-off stations) to identify and minimize leakages 4. Installation of Gas detectors at District Regulating station to identify and minimize leakages 5. Prompt emergency response to reported damage cases for fast isolation of the damaged section. 6. Isolation valves at regulator-defined distances to reduce emissions after isolation. 7. Effective patrolling of GGL pipeline network daily to prevent damages during third party excavation 8. Preventive maintenance plan and adherence to the same to reduce breakdown instances 9. An efficient commissioning procedure to reduce natural gas emissions, among other things. GGL tracks Natural Gas emissions per 10,000 scm of gas purchased cumulatively on a monthly basis in comparison to the previous fiscal year. Green Hydrogen Blending in PNG Network: GGL along with M/s NTPC had commissioned in 2023 India's first Green H₂ blending (5%) and further increased to 8% in PNG distribution network at Kawas, Hazira and is successfully running. Hydrogen blended in Natural Gas is supporting de-carbonization since green hydrogen is not a GHG and hence volume of Methane replaced by hydrogen directly reduces GHG emission. This pilot project supplies blended gas to domestic & commercial connections of NTPC township. The project is also supporting to verify the feasibility assumptions and impact related to hydrogen blending such as safety, asset health/integrity, blending homogeneity, combustion and odorization etc. in PNG network. Solar Group Captive Project: GGL has planned to install around 15 MW of Solar Group Captive project to use the generated electricity for the Company Owned CNG stations in phase #1. An open tender was published and we have received good response from the bidders. This project is expected to bring estimated reduction in Scope-2 CO₂ emission since Solar energy is environmental friendly power generation and don't produce greenhouse gases or emit carbon emissions during electricity generation. Upgradation of Daughter to Online Stations: GGL in this FY has upgraded 20 Daughter & Daughter Booster CNG stations into Online stations which will now be supplied gas through pipeline and therefore ultimately reducing 30 Mobile Cascade Vehicles & related fuel consumption, earlier required for transportation of gas from Mother CNG stations to these stations and also reducing electricity consumption to 4000 units per day ultimately leading to energy conservation. Set-up of small scale LCNG Station: New LCNG station has been set up and commissioned at Nalasopara, Thane GA. The station has daily average CNG Sales of around 23000 Kg/Day, and therefore has helped to reduce CNG MCV transportation trips. Commissioning this LCNG station has reduced around 63,000 Kms per month of truck/trailer movement and fuel consumption to achieve this sales volume compared to CNG Booster Stations which would otherwise be fed by Boisar Mother CNG Station. Use of light weight composite cylinders: Instead of steel cascade cylinder (3000/4500WLC capacity), GGL is using light weight composite cylinder (Type-III) (8800WLC/6600WLC – 353 nos.) for transportation of higher volume CNG from mother to daughter stations. Due to introduction of high volume MEGC cascade per station MCV vehicle requirement has reduced from 2.2 to 1.8. Switching to less polluting fuel: GGL through various outsourced agencies are running around 815 CNG Mobile Cascade Vehicle (MCV) for transporting CNG from Mother CNG stations to Daughter / Daughter booster CNG stations. All MCVs are now being run on CNG as fuel instead of Diesel hence reducing GHG.

**Promoting Natural Gas as Cleaner Environment Friendly fuel**

PNG: GGL's business is the distribution of natural gas as a cleaner, more environmentally friendly fuel for domestic, industrial, and commercial use. GGL supplies natural gas to industries via its pipeline infrastructure as a cleaner alternative fuel to polluting fuels such as coal. GGL by virtue of its Natural Gas sales to industrial consumers reduces the burning of approximately 13499 Metric Tons of coal per day in FY 2024-25.

CNG: GGL is influencing automobile users in its operational areas to use compressed Natural Gas as a clean automotive fuel through various campaigns. With the goal of promoting CNG, F-DODO scheme was also launched for developing CNG station infrastructure through Public-Private Partnership model (PPP) to provide potent solution to green mobility challenge. GGL has made it a priority to expand CNG transportation and dispensing infrastructure and facilities. In FY 2024-25, 17 new CNG stations have been commissioned across GGL operational areas, and 49 stations have been upgraded to increase capacity. CNG is a popular alternative fuel because of its clean burning characteristics and low carbon emission in air. Natural gas helps to reduce the environmental impact of vehicular emissions caused by the use of other polluting fuels such as petrol and diesel. GGL by virtue of its CNG sales reduces the consumption of approximately 3029 Kilolitres of petrol per day in FY 2024-25.

GGL recognizes and understands the various global challenges and risks related to environmental degradation and climate change as a responsible organization. Building awareness about these challenges and risks among employees and the community is an effective way to address them.

9. Provide details related to waste management by the entity, in the following format:

Parameter	FY 2024-25	FY 2023-24
Total Waste generated (in metric tonnes)		
Plastic waste (A)	37.9	10.1
E Waste (B)	1.1	1.4
Bio medical waste (C)	0.0	0.0
Construction and Demolition Waste (D)	0.0	0.0
Battery Waste (E)	30.9	2.9
Radio-active waste (F)	0.0	0.0
Hazardous waste. - Used Oil	137.5	136.6
Non-hazardous waste generated (Glass, Metal, Paper, etc. (H) (Break-up by composition i.e. by materials relevant to the sector)	388.6	260.1
Total (A to H) (MT)	596.00	411.10
Waste intensity per rupee of turnover (Total waste generated / Revenue from operations)	0.035 MT / INR crore	0.025 MT / INR crore
Waste intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP)* (Total waste generated / Revenue from operations adjusted for PPP)	0.72 MT / USD crore	0.52 MT / USD crore
Waste intensity in terms of physical output	0.17 MT / MMSCM gas sales	0.12 MT / MMSCM gas sales
Waste intensity (optional) – the relevant metric may be selected by the entity	NA	NA

*PPP conversion factor, GDP (National currency per international dollar) (Ref: International Monetary Fund website, www.imf.org) is as below

• Conversion factor for FY 2024-25: 20.66

• Conversion factor for FY 2023-24: 20.43

For each category of waste generated, total waste recovered through recycling, re-using or other recovery operations (in metric tonnes)

Parameter	FY 2024-25	FY 2023-24
Category of waste		
(i) Recycled	80.59	91.63
(ii) Re-used	-	-
(iii) Other recovery operations	-	-
Total	80.59	91.63

For each category of waste generated, total waste disposed by nature of disposal method (in metric tonnes)			
Parameter		FY 2024-25	FY 2023-24
Category of waste			
(i) Incineration		-	-
(ii) Landfilling		-	-
(iii) Other disposal operations		319.39	320.42
Total		319.39	320.42
Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. Reasonable assurance has been carried out by M/s CNK & Associates LLP on the data reported in Principle-6, Essential indicator-9.			
10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes. GGL is solely involved in services of distribution of Natural Gas through its network of pipelines designated as PNG and in compressed form for use in the transport sector designated as CNG. These operations generally do not have significant waste generation. However, GGL has established, implemented, and maintained a system of proper Waste Management: - to avoid, reduce or control (separately or in combination) the creation or discharge of any type of waste in order to reduce adverse environmental impacts - to reuse, refurbishing, recycle and dispose the waste - to segregate and handle the waste from generation to disposal stage effectively to comply with legal & statutory requirements - to protect the environment Waste generated in the form of used batteries, electronic waste, used oil from equipment such as compressors at GGL are sent to pollution control board approved vendors for either recycling or environment friendly disposal. All the emissions and waste generated by GGL are within the permissible limits of CPCB/SPCB.			
11. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details in the following format:			
Sr.No.	Location of operations/offices	Type of operations	Whether the conditions of environmental approval / clearance are being complied with? (Y/N) If no, the reasons thereof and corrective action taken, if any.
1	Dadra & Nagar Haveli GA	Natural Gas distribution network by MDPE pipeline by GGL at UT of DNH – Environmental Clearance-reg; File No.: J- 11011/7/2019-IA-II(I), Issued by GOI-MEF&CC	Yes
2	Thane & Palghar GA	Natural Gas Distribution pipeline Network with associated facilities from Ambadi Naka at Bhiwadi Taluka, Thane District to Village Virar, Taluka Vasai, District Palghar of Maharashtra State (i.e. called Virar Spur Line) including Spur lines at Nala Sopara, Vasai, Kharpada, Satali covering total length approx. 58.345 km with Diameters 6"/8"/12" – EC No. EC22A027MH171444 Dated 29.07.2022	Yes
3	Thane & Palghar GA	Dahanu Taluka Pipeline Network: For total length 60 Kms (Steel Pipeline: Length:45.77 kms & 8"/12" Dia; MDPE Pipeline: Length 14.228 Kms with 125 MM, 90MM, 63 MM dia) with associated facilities – EC No. EC22A027MH117775 Dated: 21.06.2022	Yes

12. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year:					
Name and brief details of project	EIA Notification No.	Date	Whether conducted by independent external agency (Yes/No)	Results communicated in public domain (Yes/No)	Relevant Web link
Environmental Impact Assessment, Environmental Management Plan, Risk Assessment & Disaster Management Plan for Natural Gas Distribution pipeline network in UT of Dadra & Nagar Haveli i.e.: 1. Dapada-Khanvel connectivity- 13.65 kms 2. Khanvel- Kherdi connectivity - 7.29 kms 3. Surangi-Kherdi connectivity- 5.8 kms	2006	EIA carried out in Aug 2019 (Project under progress during current year)	Yes	Yes, Public hearing was held	Not Available
Environmental Impact Assessment, Environmental Management Plan, Risk Assessment & Disaster Management Plan for Natural Gas Distribution Pipeline Network with associated facilities from Ambadi Naka at Bhiwadi Taluka, Thane District to Village Virar, Taluka Vasai, District Palghar of Maharashtra State (i.e., called Virar Spur Line) including Spur lines at Nala Sopara, Vasai, Kharpada, Sativali covering total length approx. 58.345 km with Diameters 6"/8"/12"	2006	EIA carried out in Aug 2019 (Project under progress during current year)	Yes	Yes, Public hearing was held	Not Available
Environmental Impact Assessment, Environmental Management Plan, Risk Assessment & Disaster Management Plan for Dahanu Taluka Pipeline Network: For total length 60 Kms (Steel Pipeline: Length:45.77 kms & 8"/12" Diameters; Medium-density polyethylene (MDPE) Pipeline: Length 14.228 Kms with 125 MM, 90MM, 63 MM diameter) with associated facilities	2006	EIA carried out in Oct 2020 (Project under progress during current year)	Yes	Yes, Public hearing was held	Not Available
Environmental Impact Assessment, Environmental Management Plan, Risk Assessment & Disaster Management Plan for Natural Gas Distribution pipeline network with associated facilities in UT of Dadra & Nagar Haveli for Kharadpada to Jhaveri Flexo, Vasona Char Rastha to Khanvel HP Petroleum Khanvel, Sili Fatak to Randhe Road Umarkiu, IMP Power Sayli & Siddhant Ispat, Jackson Industry to Athola and Dabur Industry Connectivity covering total length approx. 40.495 km with Diameters 6"/8" steel 125mm PE	2006	EIA is in progress	Yes	In progress	Not Available
13. Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India; such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment protection act and rules thereunder (Y/N). If not, provide details of all such non-compliances, in the following format:					
Sr.No.	Specify the law / regulation / guidelines which was not complied with	Provide details of the non-compliance	Any fines / penalties / action taken by regulatory agencies such as pollution control boards or by courts	Corrective action taken, if any	
Yes, GGL is compliant with the applicable environmental law/ regulations/ guidelines in India; such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act. There are no such incidences of non-compliances with such Laws & Regulations reported during the current year.					

Leadership Indicators		
1. Water withdrawal, consumption and discharge in areas of water stress (in kilolitres): For each facility / plant located in areas of water stress, provide the following information: (i) Name of the area: - Corporate office of Gandhinagar - Offices, CNG & CGS stations of Dadra & Nagar Haveli (DNH), Gandhinagar, Kutch, Jalore, Sirohi, Ujjain, Dewas, Indore, Ratlam, Jhabua, Banswara, Dungarpur, Amritsar, Bathinda, Hoshiarpur, Gurdaspur, Sirsa, Fatehabad, Mansa, Ferozepur, Faridkot, Sri Muktsar Sahib. - Warehouses in Silvassa, Gandhinagar, Amritsar, Bathinda, Sirsa, Ratlam, Sirohi. (ii) Nature of operations: Corporate office, Site offices, CNG & CGD stations & Warehousing Operations (iii) Water withdrawal, consumption and discharge in the following format: (in kilolitres)		
Parameter	FY 2024-25	FY 2023-24
Water withdrawal by source (in kilolitres)		
(i) Surface water	-	-
(ii) Groundwater	13,594.2	11,986.5
(iii) Third party water	1095.8	963.4
(iv) Seawater / desalinated water	-	-
(v) Others	-	-
Total volume of water withdrawal (in kilolitres)	14,689.9	12,949.9
Total volume of water consumption (in kilolitres)	14,689.9	12,949.9
Water intensity per rupee of turnover (Water consumed / turnover)	0.85 KL / INR crore	0.78 KL / INR crore
Water intensity (optional) – the relevant metric may be selected by the entity	-	-
Water discharge by destination and level of treatment (in kilolitres)		
i) Into Surface water	Considering that water is not used in the processes, nor it is discharged as industrial effluent as a result of the process, GGL does not have a Zero Liquid Discharge system. GGL Offices, City Gas Station & Compressed Natural Gas Stations only produce residential wastewater, which is disposed through the municipal or district sewer system, a soak pit, or gardening. No treatment is necessary for such a kind of water discharge.	
- No treatment		
- With treatment – please specify level of treatment		
(ii) Into Groundwater		
- No treatment		
- With treatment – please specify level of treatment		
(iii) Into Seawater		
- No treatment		
- With treatment – please specify level of treatment		
(iv) Sent to third-parties		
- No treatment		
- With treatment – please specify level of treatment		
(v) Others		
- No treatment		
- With treatment – please specify level of treatment		
Total water discharged (in kilolitres)		
Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. No such independent assessment/evaluation/assurance is carried out by an external agency.		

2. Please provide details of total Scope 3 emissions & its intensity, in the following format:															
Parameter	Units	FY 2024-25	FY 2023-24												
Total Scope 3 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes	20224.4	19848.4												
Total Scope 3 emissions per rupee of turnover	Metric tonnes per Crore rupees of turnover	1.18 MT / INR crore	1.22 MT / INR crore												
Total Scope 3 emission intensity (optional) – the relevant metric may be selected by the entity		NA	NA												
For Scope 3: Source of emission factors are referred from GHG protocol. Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. No such independent assessment/evaluation/assurance is carried out by an external agency.															
3. With respect to the ecologically sensitive areas reported at Question 11 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along-with prevention and remediation activities. Environmental Impact Assessment, Environmental Management Plan, Risk Assessment & Disaster Management Plan for Natural Gas Distribution pipeline network in UT of Dadra & Nagar Haveli, Virar Pipeline & Dahanu pipeline networks: There are no direct or indirect biological impacts of high significance rating related to GGL project, however direct or indirect biological impacts of moderate significance along with their prevention and remediation actions are explained below: 1. Removal of vegetation along the pipeline ROU 2. Removal of orchards along the Pipeline ROU Prevention & Remediation activities related to Environmental Impact Proposed pipeline will be laid along the existing road RoW under Public Works Department authority and will not pass through any dense forest area which is conducive for the existence of significant wildlife in such an area. As far as possible, minimum numbers of trees will be cut while laying pipeline. Removing vegetation outside ROU will be strictly prohibited. 10 times the number of trees for every tree cut planted as per guidelines the Ministry of Environment & Forests.															
4. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format: <table border="1"> <tr> <th>Sr.No.</th> <th>Initiative undertaken</th> <th>Details of the initiative (Web-link, if any, may be provided along-with summary)</th> <th>Outcome of the initiative</th> </tr> <tr> <td>1.</td> <td>Plantation of Trees & Saplings as part of Work Environment Day/Week celebration</td> <td>As part of the celebration plan more than 3800 sapling/trees were planted across locations by GGL in FY 2024-25</td> <td>Sapling / tree plantation benefitting environment</td> </tr> <tr> <td>2.</td> <td>Promote digitalization</td> <td> In 2024-25, GGL along with GIPL have developed following automated module • QR based Attendance system implemented for GGL and contract employees which has eliminate the Biometric device dependencies and ease the attendance data collection form new offices. This has also helped to GGL for online tracking of contractor employee attendance. • Online OMS system implemented with quarterly KPI review and yearly employee performance assessment. • SPOT Bill application implemented with additional feature like OCR based meter reading. • Digitalize the process for empanelment of Vendors for Contractors </td> <td>The Digitalization of processes ia aimed to increase efficiency of employees, improve customer experience, enhance agility, minimize revenue loss.</td> </tr> </table>				Sr.No.	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along-with summary)	Outcome of the initiative	1.	Plantation of Trees & Saplings as part of Work Environment Day/Week celebration	As part of the celebration plan more than 3800 sapling/trees were planted across locations by GGL in FY 2024-25	Sapling / tree plantation benefitting environment	2.	Promote digitalization	In 2024-25, GGL along with GIPL have developed following automated module • QR based Attendance system implemented for GGL and contract employees which has eliminate the Biometric device dependencies and ease the attendance data collection form new offices. This has also helped to GGL for online tracking of contractor employee attendance. • Online OMS system implemented with quarterly KPI review and yearly employee performance assessment. • SPOT Bill application implemented with additional feature like OCR based meter reading. • Digitalize the process for empanelment of Vendors for Contractors	The Digitalization of processes ia aimed to increase efficiency of employees, improve customer experience, enhance agility, minimize revenue loss.
Sr.No.	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along-with summary)	Outcome of the initiative												
1.	Plantation of Trees & Saplings as part of Work Environment Day/Week celebration	As part of the celebration plan more than 3800 sapling/trees were planted across locations by GGL in FY 2024-25	Sapling / tree plantation benefitting environment												
2.	Promote digitalization	In 2024-25, GGL along with GIPL have developed following automated module • QR based Attendance system implemented for GGL and contract employees which has eliminate the Biometric device dependencies and ease the attendance data collection form new offices. This has also helped to GGL for online tracking of contractor employee attendance. • Online OMS system implemented with quarterly KPI review and yearly employee performance assessment. • SPOT Bill application implemented with additional feature like OCR based meter reading. • Digitalize the process for empanelment of Vendors for Contractors	The Digitalization of processes ia aimed to increase efficiency of employees, improve customer experience, enhance agility, minimize revenue loss.												

3.	Hydrogen Blending with Natural Gas for CGD:	GGL conducted assessments & tests on testing riser w.r.t. 15% H ₂ blending (without exposing the customers to increased blending). The tests included Homogeneity Test of Blended gas, Burner behavior Test, Odor concentration Test etc. Results were satisfactory with no areas of concern. Quantitative risk assessment (desktop study) was done for PNG pipeline network with upto 15% H ₂ blending to understand the risks involved due to higher blending levels for which the results were found within ALARP (As Low As Reasonably Practicable) levels. Material testing were also done for various network assets to establish any deteriorating effects on network health due to blended hydrogen exposure. All test results were satisfactory and same was also presented to industry regulator with proposal to increase blending%.	This pilot project also provides learnings to the industry and act as case model for future projects of H ₂ blending in PNG Hydrogen is not a greenhouse gas (GHG), nor does it produce GHGs when burned, making it a potential substitute for reducing the carbon intensity or pollution of some energy or fuel applications.
4.	Bio-gas injection into CNG system	GGL has kick-started the operation of off-taking supply of Biogas from Bio-gas suppliers into GGL PNG/CNG system at three new locations - Indore (UDI GA), Gurdaspur (H&G GA), Hoshiarpur (H&G GA) in this Financial year, taking the total tally of bio-gas off-take to seven.	Since Bio Gas is produced in the agricultural / food waste transformation process developed indigenously, this contributes to waste management and reduction of soil, air pollution & also provides boost to entrepreneurship, rural economy while supporting national commitment by reducing country's dependency on imported fuel.
5.	Focus on upgradation of Daughter / Daughter Booster CNG Stations to Online	GGL has upgraded 20 Daughter & Daughter Booster CNG stations into Online stations which will now be supplied gas through pipeline instead of Mobile Cascade Vehicle (MCV)	Upgradation of these CNG stations has reduced movement of MCVs earlier required for transportation of gas from Mother CNG stations to these stations ultimately leading to energy conservation & reduction in environmental emissions
6.	Solar Group Captive Project	GGL has planned to install around 15 MW of Solar Group Captive project to use the generated electricity for the Company Owned CNG stations in phase #1. An open tender was published and we have received good response from the bidders.	This project is expected to bring estimated reduction in Scope-2 Co ₂ emission by 2.1 lakh tons per year.
5. Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link. In accordance with the PNGRB ERDMP regulations, 2010, amended in 2020, GGL has created ERDMP documents for each of its operational geographic areas, which cover scenarios where undesirable events can be foreseen or suspected. This is carried out to make GGL ready to respond appropriately to any unforeseen and unintentional accidents. The PNGRB empaneled Third Party Agency has audited and certified these documents, and GGL's Board of Directors has duly approved them. GGL carries out testing of effectiveness of ERDMP through mock-drills covering various types of anticipated emergency scenarios.			
6. Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard GGL is engaged in "Natural Gas" distribution to Domestic, Commercial, Industrial and Transport Consumers. Natural Gas being inherently a cleaner fuel is an environment friendly fuel. GGL products do not have any major adverse environmental impacts, however GGL has identified and assessed Environmental aspects related to each of its significant business activities / processes – pipeline construction, maintenance, natural gas compression etc. Further, GGL has taken adequate mitigation measures to minimize residual risks to as low as reasonably practicable or acceptable levels.			

7.	Percentage of value chain partners (by value of business done with such partners) that were assessed for environmental impacts. GGL has established SOP on Contractor Performance Assessment. The objective is to assess the performance of Contractors / Service providers in terms of compliance with all applicable GGL policies, processes, standards, procedures, guidelines, and other Contractual obligations related to Health, Safety & Environment which includes key aspects of the environmental impact created during work allotted to them. Contractor's/Service provider's performance data are captured on a monthly basis
8.	How many Green Credits have been generated or procured: a. By the listed entity- Gujarat gas Limited - Nil b. By the top ten (in terms of value of purchases and sales, respectively) value chain partners – • Top value chain partner on Purchase side - Gujarat State Petroleum Corporation Limited - Nil

PRINCIPLE 7: Businesses, when engaging in influencing public and regulatory policy, should do so in a manner that is responsible and transparent						
				This principle guides that it is the organisation’s duty to be transparent & responsible while being engaged in advocacy of any public policy. Being a government company GGL takes part in public policy advocacy, and it ensures that its policy advocacy positions promote fair competition, business growth and respect for human rights.		
Essential Indicators						
1. a. Number of affiliations with trade and industry chambers/ associations. In FY 2024-25, GGL was part of 2 National trade and industry chambers/ associations which are given below. b. List the top 10 trade and industry chambers/ associations (determined based on the total members of such a body) the entity is a member of/ affiliated to.						
Sr.No.	Name of the trade and industry chambers/ associations			Reach of trade and industry chambers/ associations (State/National)		
1.	Association of CGD entities (ACE)			National		
2.	Confederation of Indian Industry (CII).			National		
2. Provide details of corrective action taken or underway on any issues related to anti-competitive conduct by the entity, based on adverse orders from regulatory authorities.						
Name of authority		Brief of the case		Corrective action taken		
There have been no incidents of anti-competitive conduct, accordingly there are no issues that required corrective actions.						
Leadership Indicators						
1. Provide details of public policy positions advocated by the entity						
Sr.No.	Public policy advocated		Method resorted for such advocacy	Whether information available in public domain?	Frequency of Review by Board (Annually/ Half yearly/ Quarterly / Others – please specify)	Web Link, if available
1	High Level Expert Committee to recommend a way forward to ensure comprehensive consumer protection framework		Email	No	As and when required	NA

16	Amendment to CGD Authorization regulation pertaining to inclusion of MDPE Inch- km in MWP target for pipeline	Email/ Meeting	No	As and when required	NA
17	Amendment to PNGRB (T4S and IMS for CGD & NGPL and ERDMP) First Amendment Regulations, 2025	Email/ Meeting	No	As and when required	NA
18	Guidelines for Road Transportation of Hazardous Petroleum Products, LPG, Natural Gas etc.	Email/ Meeting	No	As and when required	NA
19	Inclusion of Insurance Surety Bond as Security Instrument along with other instruments of Bid and Performance security.	Email/ Meeting	Yes	As and when required	https://pngrb.gov.in/pdf/public_notice/20250417_GujaratGas.pdf

**PRINCIPLE 8: Businesses should promote inclusive growth and equitable development**

Section 135 of The Companies Act, 2013, on corporate social responsibility which asks for a specific attention on disadvantaged, vulnerable, and marginalized populations, serves as the foundation for this Principle.

GGL tries to address the imbalance generated by unequal distribution of economic resources in society.

Essential Indicators**1. Details of Social Impact Assessments (SIA) of projects undertaken by the entity based on applicable laws, in the current financial year.**

Name and brief details of project	SIA Notification No.	Date of notification	Whether conducted by independent external agency (Yes / No)	Results communicated in public domain (Yes/No)	Relevant Web link
1. Social Economic Impact assessment has been carried out for projects in ecological and social sensitive areas under Environmental Impact Assessment, Environmental Management Plan, Risk Assessment & Disaster Management Plan for Natural Gas Distribution pipeline network in UT of Dadra & Nagar Haveli i.e.: i. Dapada-Khanvel connectivity- 13.65 kms ii. Khanvel- Kherdi connectivity - 7.29 kms; iii. Surangi-Kherdi connectivity- 5.8 km	NA	NA	Yes	No	NA
2. Natural Gas Distribution pipeline Network with associated facilities from Ambadi Naka at Bhiwadi Taluka, Thane District to Village Virar, Taluka Vasai, District Palghar of Maharashtra State (i.e. called Virar Spur Line) including Spur lines at Nala Sopara, Vasai, Kharpada, Sativali covering total length approx. 58.345 km with Diameters 6"/8"/12"	NA	NA	Yes	No	NA
3. Dahanu Taluka Pipeline Network: For total length of 60 Kms (Steel Pipeline: Length:45.77 kms & 8"/12" Diameter; MDPE Pipeline: Length 14.228 Kms with 125 MM, 90MM, 63 MM diameter) with associated facilities.	NA	NA	Yes	No	NA
4. Environmental Impact Assessment, Environmental Management Plan, Risk Assessment & Disaster Management Plan for Natural Gas Distribution pipeline network with associated facilities in UT of Dadra & Nagar Haveli for Kharadpada to Jhaveri Flexo, Vasona Char Rastha to Khanvel HP Petroleum Khanvel, Sili Fatak to Randhe Road Umarkiu, IMP Power Sayli & Siddhant Ispat, Jackson Industry to Athola and Dabur Industry Connectivity covering total length approx. 40.495 km with Diameters 6"/8" steel 125mm PE	NA	NA	Yes	Report under progress	NA

2. Provide information on project(s) for which ongoing Rehabilitation and Resettlement (R&R) is being undertaken by your entity, in the following format:						
Sr.No.	Name of Project for which R&R is ongoing	State	District	No. of Project Affected Families (PAFs)	% of PAFs covered by R&R	Amounts paid to PAFs in the FY (In INR)
Not applicable, GGL does not have any projects that involve Rehabilitation and Resettlement (R&R).						

3. Describe the mechanisms to receive and redress grievances of the community.
Addressing the grievances of community stakeholders involves structured mechanism to ensure prompt, fair and effective resolution. As the company is dedicated to upholding its commitment to social responsibility, GGL has been engaged in various CSR initiatives benefiting the broad spectrum of areas like health and nutrition, education, women's empowerment, the development of vocational skills, environmental protection, hygiene etc. for the community.
GGL ensures that its projects are regularly monitored, evaluated, and impact assessments are carried out as per regulatory requirements to foster a positive and productive environment.
GGL also has in place Grievance Redressal Policy for customers & communities which defines well-established mechanism to receive, address and timely resolve community grievances.
Grievances can be submitted through multiple channels such as company website, social media platforms, or through online government portals - CPGRAM/INGRAM. Upon receipt, grievances are acknowledged as per applicable Standard Operating Procedures and is tracked till closure.

4. Percentage of input material (inputs to total inputs by value) sourced from suppliers:

	FY 2024-25	FY 2023-24
Directly sourced from MSMEs/ small producers	24%	54%
Directly from within India	100%	100%

Notes:

Percentage (%) of input materials considers only capital & other Material procurements and doesn't include Gas purchases.

Neither any global Tenders/ RFQ published nor directly imported any materials.

5. Job creation in smaller towns – Disclose wages paid to persons employed (including employees or workers** employed on a permanent or non-permanent / on contract basis) in the following locations, as % of total wage cost –

Location	FY 2024-25	FY 2023-24
Rural	3.46%	3.80%
Semi-urban	8.37%	8.04%
Urban	18.23%	17.18%
Metropolitan	69.95%	70.98%

(Place categorized as per RBI Classification System - rural / semi-urban / urban / metropolitan)

** Above disclosure of wages does not include details pertaining to other than permanent workers hired by GGL contractors

Leadership Indicators

1. Provide details of actions taken to mitigate any negative social impacts identified in the Social Impact Assessments (Reference: Question 1 of Essential Indicators above):	
Details of negative social impact identified	Corrective Action taken
Natural Gas Distribution pipeline network in UT of Dadra & Nagar Haveli i.e.: 1. Dapada-Khanvel connectivity - 13.65 kms; 2. Khanvel- Kherdi connectivity - 7.29 kms; 3. Surangi-Kherdi connectivity- 5.8 kms The following are the direct or indirect social economic impacts of high and moderate significance, as well as the prevention and remediation actions: A. Economic implication of loss of seasonal crops & plantations along pipeline ROU B. Limited Human habitation effected since no major habitation to exist within 50m of the ROU.	• Caution exercised to prevent disrupting existing infrastructure along the pipeline path, such as telephone and electricity cables, water pipes, etc. • Payment for compensation acquisition of land for laying the pipeline as per Petroleum & Minerals Pipeline Act, 1962 (Right of User in Land).

Virar Spur Line including Spur lines at Nala Sopara, Vasai, Kharpada, Sativali covering total length approx. 58.345 km with Diameters 6"/8"/12" Direct or Indirect Social Economic impacts of high & moderate significance as well as their prevention and remediation actions as below: A. Economic implication of loss of seasonal crops & plantations which is close to pipeline ROU B. Limited Human habitation effected since no major habitation to exist within 50m of the ROU	GGL will contribute a minimum of 1% of the estimated cost (Rs.65 lacs) to the public's socioeconomic development. These activities consist of: • First aid facilities and firefighting equipment in village schools • Drinking water facilities at villages in project area • Providing toilets in villages – Swachh Bharat abhiyan • Health checkup camp in schools/ villages • Community plantation.										
Dahanu Taluka Pipeline Network: For total length 60 Kms (Steel Pipeline: Length:45.77 kms & 8"/12" Dia; MDPE Pipeline: Length 14.228 Kms with 125 MM, 90MM, 63 MM dia) with associated facilities Direct or Indirect Social Economic impacts of high & moderate significance along with their prevention and remediation actions as below: 1. Economic implication of loss of seasonal crops and plantations along pipeline ROU 2. Limited Human habitation effected since no major habitation to exist within 50m of the ROU	GGL will contribute a minimum of 1% of the proposed cost to the public's socioeconomic development. These activities consist of: • Renovations to schools include the installation of solar lighting, RO water, and environment friendly LED bulbs, First aid facilities, Improvements to restroom amenities • Health checkup camps at 7 villages in Dahanu taluka of Palghar district (Estimated budget - 10 lacs) • Community plantation in the school campus and public places of villages (Estimated budget - 10 lacs)										
2. Provide the following information on CSR projects undertaken by your entity in designated aspirational districts as identified by government bodies: <table><tr><th>Sr.No.</th><th>State</th><th>Aspirational District</th><th>Amount Spent (in Rs)</th></tr><tr><td>1</td><td>Gujarat</td><td>Dahod</td><td>₹ 33,894/-</td></tr></table>		Sr.No.	State	Aspirational District	Amount Spent (in Rs)	1	Gujarat	Dahod	₹ 33,894/-		
Sr.No.	State	Aspirational District	Amount Spent (in Rs)								
1	Gujarat	Dahod	₹ 33,894/-								
3. (a) Do you have a preferential procurement policy where you give preference to purchase from suppliers comprising marginalized /vulnerable groups? (Yes/No). GGL being a Government Company is required to follow transparent and competitive bidding process for selecting the vendors as per GGL Contracts & Procurement Policy. No preference can be given to any suppliers including the ones from marginalized /vulnerable groups. (b) From which marginalized /vulnerable groups do you procure? Not applicable, as GGL procures goods based on the vendor selection policy through tenders. (c) What percentage of total procurement (by value) does it constitute? Not Applicable, as stated in 3(a) and 3(b) above.											
4. Details of the benefits derived and shared from the intellectual properties owned or acquired by your entity (in the current financial year), based on traditional knowledge: <table><tr><th>Sr.No.</th><th>Intellectual Property based on traditional Knowledge</th><th>Owned/ Acquired (Yes/No)</th><th>Benefit shared (Yes/ No)</th><th>Basis of calculating benefit share</th></tr><tr><td>1.</td><td>Trademarks</td><td>Owned</td><td>No</td><td>NA</td></tr></table>		Sr.No.	Intellectual Property based on traditional Knowledge	Owned/ Acquired (Yes/No)	Benefit shared (Yes/ No)	Basis of calculating benefit share	1.	Trademarks	Owned	No	NA
Sr.No.	Intellectual Property based on traditional Knowledge	Owned/ Acquired (Yes/No)	Benefit shared (Yes/ No)	Basis of calculating benefit share							
1.	Trademarks	Owned	No	NA							
5. Details of corrective actions taken or underway, based on any adverse order in intellectual property related disputes wherein usage of traditional knowledge is involved. <table><tr><th>Name of authority</th><th>Brief of the case</th><th>Corrective action taken</th></tr><tr><td colspan="3">There were no such disputes in FY 2024-25.</td></tr></table>		Name of authority	Brief of the case	Corrective action taken	There were no such disputes in FY 2024-25.						
Name of authority	Brief of the case	Corrective action taken									
There were no such disputes in FY 2024-25.											

**6. Details of beneficiaries of CSR Projects:**

Sr.No.	CSR Project	No. of persons benefited from CSR Projects	% of beneficiaries from vulnerable and marginalized groups
1	Gas supply (free) to crematoriums in GGL's operational areas	Society at large	NA
2	Prime Minister Internship Scheme – ₹ 10,000/-	4 Interns	100%
3	Industry responsive skill development training - GGL has imparted industry responsive skill development to needy and unemployed youth through M/s Aspire Disruptive Skill (ADS) Foundation.	500	100%
4	Construction completed for new building for Kanya Ashram Shala at Vapi.	191 +	100%
5	Construction & Development of Anganwadis across Gujarat – Construction of Pilot Anganwadis completed at three different locations of Gujarat viz. Karai, Dahod and Dediayapada. Khat Mahurat was done in the august presence of Honourable Chief Minister of Gujarat in January 2025. Call out has been issued for 201 Anganwadis in 8 districts of Gujarat.	Society at large	100%
6	Micro Enterprise Development - Encouraging rural women to start economical activities at small scale to change their socio-economic status by ensuring sustainable living, Total women enterprises started till March 2025 are 171 along with 79 who have been selected after completion of training in Subir, Nazar and Kukurmunda. 200 Women have been provided material support in Garbada and Nandod	171 +	100%
7	Custom Hiring Centres (CHCs) - Provide access to cost effective farm mechanization to the small & marginal women farmers at a reasonable rate and also to generate livelihood. Set up of 6 CHC Units in Subir, Nizar and Kukurmunda. In Kawant and Naswadi training sessions were organized by SFT at the block level for CHC committee members from both CHCs. The training aimed to build the capacities of committee members by enhancing their understanding of the objectives, functioning, and implementation processes under the CHC initiative.	Society at large	100%

Canteen location finalised in Subir, Nizar and Kukurmunda	Society at large	100%

PRINCIPLE 9: Businesses should engage with and provide value to their consumers in a responsible manner

This Principle relates to the concept that the primary objective of a business is to create wealth by delivering high-quality goods or providing services to the customer base and keeping them satisfied.

GGL understands its responsibility to cater the needs of its customers by delivering its product & services in the best possible manner. GGL has a system in place for engaging with the customers for raising its concerns and providing feedbacks and suggestions.

Essential Indicators

1. Describe the mechanisms in place to receive and respond to consumer complaints and feedback.

Gujarat Gas consumers (PNG and CNG) can use several communication modes to register their grievances or complaints and provide suggestions concerning services provided by GGL in the areas of its operations.

Consumers are offered a multichannel experience for submitting complaints or sharing feedback such as Customer Care Centers, Centralized Customer Call Centers, walk-in centers at each geographical area, GGL website, GGL mobile application, e-mails, Government portals such as Integrated Grievance Redressal Mechanism (INGRAM), Centralized Public Grievance Redress and Monitoring System (CPGRAM), State Wide Attention on Grievances through Application of Technology (SWAGAT) and GGL Social Media handles (Twitter, Facebook etc.).

The team responds and resolves the issue in accordance with the company's SOP(s), guidelines, and complaint resolution process to ensure that the consumers' grievances are being resolved and their feedback or suggestions are being considered as appropriate.

GGL has established Grievance Redressal Policy for Customer & Community which governs aspects of receiving & responding to Consumer complaints & feedback.

2. Turnover of products and/ services as a percentage of turnover from all products/service that carry information about:

	As a percentage to total turnover
Environmental and social parameters relevant to the product	100%
Safe and responsible usage	100%
Recycling and/or safe disposal	Not applicable, considering the nature of the Company's operations.

3. Number of consumer complaints in respect of the following:

	FY 2024-25			FY 2023-24		
	Received during the year	Pending resolution at end of year	Remarks	Received during the year	Pending resolution at end of year	Remarks
Data privacy	-	-	Nil	-	-	Nil
Advertising	-	-	Nil	-	-	Nil
Cyber-security	-	-	Nil	-	-	Nil
Delivery of essential services	-	-	Nil	-	-	Nil
Restrictive Trade Practices	-	-	Nil	-	-	Nil
Unfair Trade Practices	-	-	Nil	-	-	Nil
Other (Consumer Complaints)	2,17,432	7,219	Complaints include issues like delay in gas connection, improper billing, wrong meter reading etc.	1,82,160	9,935	Complaints include issues like delay in gas connection, improper billing, wrong meter reading etc.

4. Details of instances of product recalls on account of safety issues:

	Number	Reasons for recall
Voluntary recalls	GGL distributes gas through pipelines, accordingly product recall disclosure is not applicable.	
Forced recalls		

5.	Does the entity have a framework/ policy on cyber security and risks related to data privacy? (Yes/No) If available, provide a web-link of the policy. Yes, GGL has a policy on Information Security which is in accordance with our objective to establish and enhance our preparedness for cyber security and reducing our exposure to information security related risks. Link to policy: https://www.gujaratgas.com/corporate-governance/brsrpolicies/
6.	Provide details of any corrective actions taken or underway on issues relating to advertising, and delivery of essential services; cyber security and data privacy of Customers; re-occurrence of instances of product recalls; penalty / action taken by regulatory authorities on safety of products / services. GGL has not encountered any instances related to Cyber security, Data privacy of consumer, product recalls, and penalty/action by regulatory authority on safety of Product. However GGL has faced instance of suspicious communication sent to public on GGL's behalf and in anticipation of preventing GGL customers & general public from fraudulent scammers posing as GGL representative/platform, following corrective & preventive actions have been taken related to such issue: • Banners rotating on GGL website titled "Beware of Fraud" • Caution advertisement for public awareness on false representation of Gujarat Gas by scammers, in Print media • Tab for "Enquiry for CNG Station" with warnings "Please beware of any fake emails/calls/other communications, asking for payment purportedly on behalf of Gujarat Gas Limited for setting of franchisee CNG stations." • Scrolling warning messages warning customers regarding - o Not share confidential details like net banking or UPI ID, card PIN, CVV, OTP etc. to anyone, since GGL will not ask for such details - o To not allow any unauthorized person for inspection of PNG installation or Rubber Tube / Stove.
7.	Provide the following information relating to data breaches: a. Number of instances of data breaches No such security incidents (data theft) have been reported by users in FY 2024-25 that led to data breaches of any of the stakeholders. The Information Security & data privacy policy is robust. GGL takes data security risks and concerns into account at every stage of our business operations. b. Percentage of data breaches involving personally identifiable information of customers No such incidences of data breach have been reported by users which involved the disclosure of stakeholder information. GGL manages customer personal data with utmost care and security. We also ensure that the data is processed only for the specific & legitimate business objectives. c. Impact, if any, of the data breaches Not applicable considering no data breaches reported
Leadership Indicators	
1.	Channels / platforms where information on products and services of the entity can be accessed (provide web link, if available). GGL Website: https://www.gujaratgas.com, GGL Mobile App and GGL Social Media Platforms i.e. Facebook, Instagram, Twitter and LinkedIn.
2.	Steps taken to inform and educate consumers about safe and responsible usage of products and/or services. GGL educates Consumers on proper and safe PNG handling. Customer awareness is done continuously from first interaction with Direct Marketing Agent (DMA), registration, conversion and thereafter through awareness sessions, Welcome mail, SMS updates, radio spots, Customer Service/Fire & Safety Camps, leaflet distribution and digital marketing. To inform Consumers about safe and responsible usage GGL distributes pamphlets at CNG stations, including installation of banners and hoardings at such stations. GGL endeavors to inform prospective and existing consumers about safe usage of products that it delivers to consumers. A variety of safety awareness programs, campaigns, leaflet distribution and digital marketing activities are carried out. For Industrial units, guidelines are in place for safe installations within the customer premise and customers have to submit certificates from PNGRB approved vendors for safety. Emergency numbers are displayed at all the gas installations of all customers. During FY 2024-25, around 1135 direct safety awareness sessions were held by GGL staff members for existing and new consumers, villages, societies, schools, and the general public
3.	Mechanisms in place to inform consumers of any risk of disruption/discontinuation of essential services. Yes, GGL informs its end consumers in case of any supply disruption, through messages to the impacted consumers.
4.	Does the entity display product information on the product over and above what is mandated as per local laws? (Yes/No/Not Applicable) If yes, provide details in brief. Did your entity carry out any survey with regard to consumer satisfaction relating to the major products / services of the entity, significant locations of operation of the entity or the entity as a whole? (Yes/No) Yes, GGL displays product information in accordance with Petroleum & Natural Gas Regulation Board guidelines. Additionally, during the Diwali festival, safety advisories are printed in all local newspapers. Every new GGL customer is made aware of product information and safety aspects related awareness. Yes GGL carries out customer satisfaction survey for GGL's operating territories.

Independent Reasonable Assurance Report on Business Responsibility and Sustainability Report Core KPIs of Gujarat Gas Limited

To the Board of Directors

Gujarat Gas Limited

Gandhinagar – 382009, Gujarat, India

We have undertaken to perform a Reasonable Assurance engagement on the Business Responsibility and Sustainability Report [hereinafter "BRSR"] 'Core Key Performance Indicators (KPIs)' for Gujarat Gas Limited, in accordance with the criteria stated below. This assurance pertains to the BRSR of the company for the financial year ended 31st March 2025.

Criteria

The criteria used by the Company to prepare the Identified Sustainability Information is as per the guidelines issued by Securities and Exchange Board of India (SEBI) in accordance with the circulars:

- SEBI/HO/CFD/PoD2/CIR/P/2023/120 dated 11th July 2023
- SEBI/HO/CFD/CFD-SEC-2/P/CIR/2023/122 dated 12th July 2023 and clarifications issued for the same.

This engagement was conducted by a multidisciplinary team including assurance practitioners, social, governance and environmental experts.

Identified Sustainability Information

The identified Sustainability Information for the financial year ended 31st March 2025 is summarised below as per Appendix 1;

The areas for which Reasonable assurance is undertaken are also given in Appendix 1 to the report and

Our Reasonable Assurance engagement was with respect to the year ended 31st March 2025 information only unless otherwise stated and we have not performed any procedures with respect to earlier periods or any other elements included in the BRSR and, therefore, do not express any conclusion thereon.

Management's Responsibility

The Company's management is responsible for selecting or establishing suitable criteria for preparing the Sustainability Information, considering applicable laws and regulations, if any, related to reporting on Sustainability Information, Identification of key aspects, engagement with stakeholders, content, preparation and presentation of the Identified Sustainability Information in accordance with the Criteria. This responsibility includes design, implementation and maintenance of internal control relevant to the preparation of BRSR and the measurement of Identified Sustainability Information, which is free from material misstatement, whether due to fraud or error.

Inherent Limitations

The absence of a significant body of established practice on which to draw to evaluate and measure non-financial information allows for different, but acceptable, measures and measurement techniques and can affect comparability between entities.

Our independence and Quality Control

We have maintained our independence and confirm that we have met the requirements of Code of Ethics issued by Institute of Chartered Accountants of India (ICAI) and have the required competencies and experience to conduct this assurance engagement and The firm applies Standard on Quality Control (SQC) 1, "Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements" issued by the ICAI and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards, and applicable legal and regulatory requirements.

Our Responsibility

Our responsibility is to express a Reasonable assurance conclusion, as applicable and given in the Appendix 1 to this report on the Identified Sustainability Information based on the procedures we have performed and evidence we have obtained;

We conducted our engagement in accordance with the Standard on Sustainability Assurance Engagements (SSAE) 3000, Assurance Engagements on Sustainability Information, issued by the Institute of Chartered Accountants of India (ICAI), and which is broadly aligned with the principles of the International Standard on Assurance Engagements (ISAE) 3000 (Revised), Assurance Engagements Other Than Audits or Reviews of Historical Financial Information, issued by the International Auditing and Assurance Standards Board (IAASB). These standards require that we plan and perform our engagement to obtain reasonable assurance about whether the Identified Sustainability Information has been prepared, in all material respects, in accordance with the applicable Reporting Criteria. A reasonable assurance engagement involves assessing the risks of material misstatement of the Identified Sustainability Information whether due to fraud or error, responding to the assessed risks as necessary in the circumstances;

The procedures we performed were based on our professional judgment and included inquiries, observation of processes performed, inspection of documents, evaluating the appropriateness of quantification methods and reporting policies, analytical procedures and agreeing or reconciling with underlying records.

**Basis of Opinion:**

Given the circumstances of the engagement, in performing the procedures listed above, we:

- Obtained an understanding of the identified sustainability indicators and related disclosures;
- Obtained an understanding of the assessment criteria and their suitability for the evaluation and / or measurements of the identified sustainability indicators;
- Made enquiries of Company's Management, including those responsible for Sustainability, Environment, Social, Governance (ESG), and those with responsibility for managing the Company's BRSR;
- Obtained an understanding and performed an evaluation of the design of the key systems, processes and controls for managing, recording and reporting on the Identified Sustainability Indicators;
- Based on that understanding, the risks that the selected information may be materially misstated and determining the nature, timing and extent of further procedures;
- Checked the consolidation for 906 national locations and 62 corporate offices under the reporting boundary (as mentioned in the BRSR) for ensuring the completeness of data being reported;
- Based on above understanding and the risks that the identified sustainability indicators may be materially misstated, determined the nature, timing and extent of further procedures;
- Performed substantive testing on a sample basis of the Identified Sustainability Indicators of the offices and national locations located in Gandhinagar, Surat and Rajkot to verify that data had been appropriately measured with underlying documents recorded, collated and reported;
- Assessed records and performed testing including recalculation of sample data;
- Reviewed records and performed testing including recalculation of sample data;
- Assessed the level of adherence to the 'Guidance note for BRSR format' issued by Securities and Exchange Board of India (SEBI) followed by the Company in preparing the BRSR Core KPIs;
- Assessed the BRSR Core KPIs for detecting, on a test basis, any major anomalies between the information reported in the BRSR on performance with respect to agreed indicators and relevant source data/information and
- Obtained representations from Company's Management.

Exclusions:

Our assurance scope excludes the following and therefore we do not express a conclusion on the same:

- To provide a Limited assurance conclusion
- Operations of the Company other than those mentioned in the "Scope of Assurance";
- Aspects of the BRSR and the data/information (qualitative or quantitative) other than the Identified Sustainability Information;
- Data and information outside the defined reporting period i.e., Financial Year 2024-25 and
- The statements that describe expression of opinion, belief, aspiration, expectation, aim, or future intentions provided by the Company.

Opinion on the Reasonable Assurance

Based on the procedures we have performed and the evidence we have obtained, the Identified Sustainability Information for the financial year ended 31st March 2025 (as stated under "Identified Sustainability Information") are prepared in all material respects, in accordance with the criteria.

Restriction on use

Our Reasonable Assurance Report and conclusion have been prepared and addressed to the Board of Directors of Gujarat Gas Limited at the request of the company solely, to assist company in reporting on Company's core KPIs sustainability performance and activities. Accordingly, we accept no liability to anyone other than the company. Our Deliverables should not be used for any other purpose or by any person other than the addressees of our Deliverables. The firm neither accepts nor assumes any duty of care or liability for any other purpose or to any other party to whom our Deliverables are shown or into whose hands it may come without our prior consent in writing.

Standalone Financial Statements

**REPORT OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA****COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6)(b) OF THE COMPANIES ACT, 2013 ON THE STANDALONE FINANCIAL STATEMENTS OF GUJARAT GAS LIMITED FOR THE YEARENDED 31ST MARCH 2025.**

The preparation of standalone financial statements of **Gujarat Gas Limited** for the year ended 31 March 2025 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 (Act) is the responsibility of the Management of the Company. The Statutory Auditors appointed by the Comptroller and Auditor General of India under Section 139(5) of the Act are responsible for expressing opinion on the financial statements under Section 143 of the Act based on independent audit in accordance with the standards on auditing prescribed under Section 143(10) of the Act. This is stated to have been done by them vide their Audit Report dated 19 May 2025.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit of the standalone financial statements of Gujarat Gas Limited for the year ended 31 March 2025 under Section 143(6)(a) of the Act. This supplementary audit has been carried out independently without access to the working papers of the Statutory Auditors and is limited primarily to inquiries of the Statutory Auditors and Company personnel and a selective examination of some of the accounting records.

On the basis of my supplementary audit nothing significant has come to my knowledge which would give rise to any comment upon or supplement to Statutory Auditors' report under Section 143(6)(b) of the Act.

**For and on behalf of the
Comptroller and Auditor General of India**

INDEPENDENT AUDITOR'S REPORT ON STANDALONE FINANCIAL STATEMENTS

To

The Members of Gujarat Gas Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Financial Statements of **Gujarat Gas Limited** (herein after referred to as "the Company"), which comprise the Standalone Balance Sheet as at 31st March, 2025, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows for the year ended on that date, and notes to the Standalone Financial Statements, including a summary of the material accounting policies and other explanatory information (herein after referred to as "the Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 (hereinafter referred to as "the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended, (hereinafter referred to as "Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2025, and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing (hereinafter referred to as "SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (hereinafter referred to as "ICAI") together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

**INDEPENDENT AUDITOR'S REPORT ON STANDALONE FINANCIAL STATEMENTS**

Sr. No.	Key Audit Matter	Auditor's Response
1	Revenue recognition The Company is in the business of distribution of natural gas. The Company has major types of customers such as industrial, commercial, non-commercial, domestic and CNG (including oil marketing companies). Revenue from sale of natural gas is considered as key audit matter as there is a risk of accuracy of recognition and measurement of gas sales in the Standalone Financial Statements considering following aspects: - Different pricing structure for different types of customers and frequency of price change. - Voluminous number of customers. - Capturing Gas Consumption data in billing. - Estimating unbilled revenue at the year-end. - Extensive use of SAP and other IT systems for managing the billing operation.	Principal audit procedures performed included the following: - Evaluated the design of internal control. - For evaluation of operative effectiveness of internal control: • Verified samples of gas sales invoices with relevant agreements executed with the customers, accuracy of pricing, consumption quantity, tax amount of invoices of major types of customers. • Site visit to understand flow of data. - Performed analytical procedures to verify number of bills generated during the year for each major type of customers as per their respective billing cycle. - On sample basis, verified: • Up-dation of Daily Consumption Quantity of gas of Industrial customers in the billing system. • Up-dation of prices of gas for all major types of customers in the billing system. • Sales invoices. - Verified subsequent realisation, on test check basis, of invoices generated for the month of March 2025. - Evaluated the appropriateness of accounting policies, related disclosure made and overall presentation in the Standalone Financial Statements in terms of Ind AS- 115.
2	Contingent Liabilities Contingent Liabilities are for ongoing litigations and claims with various authorities and third parties. These relate to direct tax, indirect tax, claims and legal proceedings. Contingent liabilities are considered as key audit matters as the amount involved is significant and it also involves significant management judgement to determine possible outcome and future cash outflows of these disputes.	Principal audit procedure performed included the following: - Obtained details of disputed claims as on 31st March, 2025 from the management. - Discussed with the management about the significant judgment considered in determining possible outcome and future cash outflows of these disputes. - Verified relevant documents related to disputes. - Evaluated the appropriateness of accounting policies, related disclosure made and overall presentation in the Standalone Financial Statements in terms of Ind AS 37.

INDEPENDENT AUDITOR'S REPORT ON STANDALONE FINANCIAL STATEMENTS

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility and Sustainability Report, Corporate Governance and Shareholder's Information, but does not include the Standalone Financial Statements and our auditor's report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the Final Annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions as per applicable laws and regulations.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

INDEPENDENT AUDITOR'S REPORT ON STANDALONE FINANCIAL STATEMENTS

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of standalone the financial statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid Standalone Financial Statements comply with the Ind AS specified under Section 133 of the Act.
 - e) As the company is a Government Company, in terms of notification no. G.S.R. 463(E) dated 5th June, 2015, issued by the Ministry of Corporate Affairs, the sub-section (2) of section 164 of the Act is not applicable to the company.
 - f) With respect to the adequacy of internal financial control over financial reporting of the company and the operating effectiveness of such controls, refer to our separate Report in terms of sub-sections (3) of Section 143 of the Act in **"Annexure-A"**. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial control over financial reporting.
 - g) As the company is a Government Company, in terms of notification no. G.S.R. 463(E) dated 5th June 2015, issued by the Ministry of Corporate Affairs, the sub-section (16) of section 197 of the Act is not applicable to the company.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

**INDEPENDENT AUDITOR'S REPORT ON STANDALONE FINANCIAL STATEMENTS**

- i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note 43 to the standalone financial statements.
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
- iv. (a) The management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person or entity, including foreign entity ("Intermediaries"), which the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) of the Companies (Audit and Auditors) Rules, 2014, as provided under (a) and (b) above, contain any material misstatement.
- v. (a) The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with Section 123 of the Act, as applicable.
- (b) The Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act, as applicable.
- vi. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the financial year ended 31st March, 2025 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the company as per the statutory requirements for record retention.
2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the **"Annexure-B"**, a statement on the matters specified in the paragraph 3 and 4 of the order.
3. In terms of section 143(5) of the Act, we give our report in **"Annexure-C"** by taking into consideration the information, explanations and written representations received from the management on the matters specified in the directions and sub directions issued under the aforesaid section by the Comptroller and Auditor General of India.

**INDEPENDENT AUDITOR'S REPORT ON STANDALONE FINANCIAL STATEMENTS****ANNEXURE-A****TO THE INDEPENDENT AUDITOR'S REPORT**

(Referred to in paragraph 1 (f) under 'Report on Other Legal and Regulatory Requirements' section of our Independent Auditors Report of even date on the standalone financial statements for the year ended 31st March, 2025 to the members of Gujarat Gas Limited)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act").

We have audited the internal financial controls over financial reporting of Gujarat Gas Limited ("the Company") as of 31st March, 2025 in conjunction with our audit of the Standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing (SA), prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting with reference to standalone financial statements were operating effectively as at 31st March, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

**INDEPENDENT AUDITOR'S REPORT ON STANDALONE FINANCIAL STATEMENTS****ANNEXURE-B****TO THE INDEPENDENT AUDITOR'S REPORT**

(Referred to in paragraph 2 under "Report on Other Legal and Regulatory Requirements" section of our Independent Auditors Report of even date on the standalone financial statements for the year ended 31st March, 2025 to the members of Gujarat Gas Limited)

Report on the Companies (Auditor's Report) Order, 2020, issued by the Central Government of India in terms of section 143 (11) of the Companies Act, 2013 ('the Act') of Gujarat Gas Limited ('the Company').

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that

- (i) (a) A. The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment including right of use assets.
- B. The Company has maintained proper records showing full particulars of intangible assets.
- (b) As per information and explanations given to us and the records of the company examined by us, the Property, Plant and Equipment have been physically verified by the Management during the year to cover all the items, other than underground gas pipelines and connection equipments which are not physically verifiable, which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies have been noticed on such physical verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company provided to us, we report that, the title in respect of self-constructed buildings and title deeds of all other immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee), disclosed in the financial statements are held in the name of the Company as at the balance sheet date except in respect of following immovable properties:

Description of properties	Gross carrying value as at Balance Sheet date	Held in name of	Whether promoter, director or their relative or employee	Period held	Reason for not being held in name of Company
Freehold Land at Hazira	₹ 15.88 crore	Government of Gujarat	Promoter	Held since 01 st May, 1999	Disputed
Freehold Land at Mora, Surat	₹ 1/-	Government of Gujarat	Promoter	Held since 05 th April, 2002	Disputed
Freehold Land at Ichchhapur Hazira	₹ 21.35 crore	Erstwhile entity GSPC Gas Co. Ltd.	NA	Held since 01 st April, 2006	Transfer of name in favour of the Company is to be completed

- (d) The company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) and intangible assets during the year.
- (e) No proceedings have been initiated during the year or are pending against the Company as at 31st March, 2025 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- (ii) (a) According to the information made available and based on the records examined by us, the inventories have been physically verified by the management at reasonable intervals except natural gas in pipelines / cascades / tanks which are not physically verifiable. In our opinion the coverage and procedure of such physical verification by the management is appropriate having regard to the size of the company and nature of its business. No material discrepancies were noticed on such physical verification.
- (b) The company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, at any point of time during the year, from any Bank / Financial Institution on the basis of security of current assets and hence reporting under clause 3(ii)(b) of the Order is not applicable.

**INDEPENDENT AUDITOR'S REPORT ON STANDALONE FINANCIAL STATEMENTS**

- (iii) In respect of investment made, guarantee or security provided and granted any loans or advances in nature of loans:

During the year, the Company has not made any investments in any company, firm, Limited Liability Partnership or any other party.

Based on our audit procedures and according to the information and explanation given to us, the Company has not, provided any guarantee or security or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties.

- (a) During the year, the Company has granted unsecured loans to other parties (employees of the Company) in respect of which:
- (i) Based on the audit procedures carried out by us and as per the information and explanations given to us, the Company has not granted loans or advances and guarantees or security to subsidiaries, joint ventures and associates.
 - (ii) During the year, aggregate amount of loan provided to employees is ₹ 1.68 crores and balance outstanding at the balance sheet date is ₹ 3.58 crores.
- (b) In our opinion, terms and conditions of loans given, during the year, prima facie, are not prejudicial to the interest of the Company.
- (c) In respect of loans granted by the Company, the schedule of repayment of principal and payment of interest, wherever applicable, have been stipulated and the repayments of principal amounts and receipts of interest have generally been regular as per stipulation.
- (d) In respect of loans granted by the Company, there is no overdue amount remaining outstanding as at the balance sheet date.
- (e) According to the information and explanations given to us, no loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties.
- (f) According to the information and explanations given to us, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year. Hence, reporting under clause 3(iii)(f) is not applicable.
- (iv) According to information and explanation given to us, company has not given any loan, investment, guarantee or security in connection with a loan during the year to any person covered under sections of Section 185 and 186 of Companies Act, 2013. Hence, reporting under clause 3(iv) of the Order does not apply to that extent.
- (v) According to the information and explanations given to us, the Company has not accepted any deposits from public in terms of section 73 to 76 or any other relevant provisions of Companies Act and rule made there under. Hence, reporting under clause 3(v) of the Order is not applicable.
- (vi) We have broadly reviewed the books of account maintained by the Company in respect of products (Natural Gas) pursuant to the rules made by the Central Government of India, where the maintenance of cost records has been prescribed under subsection (1) of Section 148 of the Act, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the records with a view to determine whether they are accurate or complete.
- (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing the undisputed statutory dues, including goods and service tax, value added tax, excise, provident fund, employee's state insurance, income tax, and other material statutory dues, as applicable, to it during the year with appropriate authorities. As explained to us, the Company did not have any dues on account of duty of customs.
- In our opinion, no undisputed amounts payable in respect of statutory dues as applicable were in arrears / outstanding as at 31st March, 2025 for a period of more than six months from the date they became payable.
- (b) According to the information and explanations given to us and as per our verification of records of the Company, the details of statutory dues referred to in sub clause (a) above which have not been deposited with the appropriate authorities as at 31st March, 2025 on account of disputes or deposited under protest and the forum where the dispute is pending, are given below:

**INDEPENDENT AUDITOR'S REPORT ON STANDALONE FINANCIAL STATEMENTS**

- (viii) (a) On our verification and based on the information made available to us, the Company does not have any transactions related to previously unrecorded income in the books of the account that have been surrendered or disclosed as income during the year in the tax assessments under Income Tax Act, 1961.
- (ix) (a) As per the information made available and based on our verification, the Company has not defaulted in repayment of loan or other borrowings and payment of interest thereon to any lender.
- (b) The Company has not been declared willful defaulter by any bank or financial institution or other lender.
- (c) The Company has not taken any term loan during the year and therefore, reporting under clause 3(ix)(c) of the Order is not applicable.
- (d) On an overall examination of the Standalone Financial Statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company. According to the information and explanation given to us, as Company is engaged in the business of supply of natural gas, being public utility, security deposits from the customers, though shown as current liability, the company does not consider the same as short-term funds.
- (e) On an overall examination of the Standalone Financial Statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its associate.
- (f) The Company has not raised any loans during the year on pledge of securities held in its subsidiary / associate and therefore reporting on clause 3(ix)(f) of the Order is not applicable.
- (x) (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Therefore, paragraph 3 (x)(a) of the Order is not applicable.
- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.
- (xi) (a) According to the information and explanation provided to us and as represented by the Management and based on our examination of books and records of the Company, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) No report under sub-section 12 of section 143 of the Act has been filed in Form ADT – 4 as prescribed under rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government of India, during the year and up to the date of this report.
- (c) As represented to us by the Management, there are no whistle blower complaints received by the Company during the year.
- (xii) The Company is not a Nidhi company. Accordingly, paragraph 3(xii) of the Order is not applicable.
- (xiii) In our opinion and according to the information and explanations given to us, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and details of such transactions have been disclosed in the Standalone Financial Statements as required by the applicable accounting standards.
- (xiv) (a) In our opinion, the Company has adequate internal audit system commensurate with size and nature of its business.
- (b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year till date, in determining the nature, timing and extent of our audit procedures.
- (xv) In our opinion and according to the information and explanations given to us, the Company has not entered into non-cash transactions with directors or persons connected with him. Accordingly, paragraph 3(xv) of the Order is not applicable.
- (xvi) (a) As per the information and explanations given to us, in our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a) and (b) of the Order is not applicable. The Company is not a Core Investment Company (CIC) as defined in the regulation made by the Reserve bank of India. Accordingly, reporting under paragraph (xvi) (c) of the Order is not applicable.
- (b) The group does not have any CIC as part of the group during the year and as on balance sheet date. Hence, reporting under clause 3(xvi)(d) of the Order is not applicable.

**INDEPENDENT AUDITOR'S REPORT ON STANDALONE FINANCIAL STATEMENTS**

- (xvii) The company has not incurred any cash losses during the financial year covered by our audit and immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the Standalone Financial Statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) a) There are no unspent amounts towards Corporate Social Responsibility (herein after referred as "CSR") on other than ongoing projects requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with second proviso to sub-section (5) of Section 135 of the said Act. Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable for the year.
- b) In respect of ongoing projects, the Company has transferred unspent CSR amount as at the end of the previous financial year and current financial year to a special account within a period of 30 days from the end of the said financial year and current financial year respectively in compliance with the provision of section 135(6) of the Act.

- Purchase of Property, plant and equipments and other Intangible assets are stated inclusive of movements of capital work in progress, assets under development and capital advances.
- Interest received is classified as investing cash flows and considered and presented as 'cash flows from investing activities' to the extent, it represents time value of money.
- Cash and cash equivalents comprise cash & bank balance and deposits with banks and financial institutions. The Company considers all highly liquid investments with original maturities of three months or less and that are readily convertible to known amounts of cash to be cash equivalents.
- Refer note 50 for Reconciliation of lease liabilities under Financing Activities.
- Previous year figures have been regrouped and reclassified wherever considered necessary to conform to the current year's figures.

Notes to Standalone financial statements for the year ended 31st March, 2025

Note 1 – Corporate Information

1. Corporate Information

- a) Gujarat Gas Limited (GGL or "Company") (CIN : L40200GJ2012SGC069118) formerly known as GSPC Distribution Networks Limited (GDNL) is a public limited company domiciled in India and incorporated under the provisions of the Companies Act, 1956. GGL is a Government Company under section 2(45) of Companies Act 2013. Its shares are listed on Bombay Stock Exchange and National Stock Exchange in India.

The registered office is located at Gujarat Gas CNG Station, Sector 5/C, Gandhinagar - 382006.

The Company is engaged in Natural Gas Business in India. Natural gas business involves distribution of gas from sources of supply to centres of demand and to the end customers.

The scheme of amalgamation and arrangement was sanctioned by the Hon'ble Gujarat High Court at Ahmedabad vide its order dated 30th March, 2015 between the following transferor companies -

1. GSPC Gas Company Limited (GSPC Gas)
2. Gujarat Gas Company Limited (GGCL)
3. Gujarat Gas Financial Services Limited (GFSL)
4. Gujarat Gas Trading Company Limited (GTCL)

(Collectively called Transferor Companies)

with Gujarat Gas Limited (formerly known as GSPC Distribution Networks Limited-GDNL) (the transferee) under the Scheme of Amalgamation and Arrangement with an appointed date of 1st April, 2013. Subsequently, the company's name has been changed from GSPC Distribution Networks Limited to Gujarat Gas Limited (GGL) with effect from 15th May, 2015.

b) Authorization of financial statements

The Standalone Financial Statements were approved and authorized for issue in accordance with a resolution passed in meeting of Board of the Directors held on 19th May, 2025.

c) Functional and Presentation Currency

The financial statements are presented in Indian rupee ₹ (INR), which is the functional and presentation currency of the Company.

Note 2 – Material Accounting Policies

This note provides a list of the material accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

Basis of Preparation

(i) Statement of Compliance with Ind AS

The standalone financial statements has been prepared in accordance and comply in all material aspects with Indian Accounting Standards (Ind AS) notified and applicable under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act and read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended and Companies (Indian Accounting Standards) Amendment Rules, 2016 and relevant amendment rules issued thereafter.

Accordingly, the Company has prepared these Standalone Financial Statements which comprise the Standalone Balance Sheet as at 31st March, 2025, the Standalone Statement of Profit and Loss for the year ended 31st March, 2025, the Standalone Statement of Cash Flows for the year ended 31st March, 2025 and the Standalone Statement of Changes in Equity for the year ended as on that date, and material accounting policies and other explanatory information (together hereinafter referred to as 'Standalone Financial Statements' or 'financial statements').

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013.

(ii) Historical cost convention

The financial statements are prepared as a going concern on accrual basis of accounting under historical cost convention, except for the following:

- certain financial instruments measured at fair value;
- defined benefit plans - plan assets measured at fair value; and

Notes to Standalone financial statements for the year ended 31st March, 2025

Use of estimates and judgements

The presentation of the financial statements are in conformity with the Ind AS which requires the management to make estimates, judgments and assumptions that affect the reported amounts of assets and liabilities, revenues and expenses and disclosure of contingent liabilities. Such estimates and assumptions are based on management's evaluation of relevant facts and circumstances as on the date of financial statements. The actual outcome may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to the accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment within the next financial year are included in the following notes:

Note 3.1 & 5.1:	Useful lives of property, plant and equipment and intangible assets
Note 12:	Recognition and measurement of unbilled gas sales revenue
Note 26, 27, 28 & 29:	Recognition and measurement of other provisions
Note 40:	Current/deferred tax expense (Including estimates for Uncertain tax treatments)
Note 43 :	Contingent liabilities and assets
Note 45:	Expected credit loss for receivables
Note 45:	Fair valuation of unlisted securities
Note 47:	Measurement of defined benefit obligations
Note 5.3 & 50:	Definition of Lease, lease term and discount rate

(a) Property, Plant and Equipment

Property plant and equipment are stated at their cost of acquisition / construction less depreciation and impairment, if any. The cost comprises of the purchase price and any attributable cost for bringing the asset to its working condition for its intended use; like freight, duties, taxes and other incidental expenses, net of CENVAT or Goods and service tax (GST) credit.

The Company capitalises to project assets all the cost directly attributable and ascertainable, to completing the project. These costs include expenditure of pipelines, plant and machinery, cost of laying of pipeline, cost of survey, commissioning and testing charge, detailed engineering and interest on borrowings attributable to acquisition of such assets. The gas distribution networks are treated as commissioned when supply of gas commences to the customer(s). Considering the voluminous data and materiality involved, the Pipeline Network project assets and connection equipment project assets are capitalized at the end of the month in which the assets are commissioned and completed.

Subsequent expenditures, including replacement costs where applicable, incurred for an item Property plant and equipment are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is de-recognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Component accounting of assets: If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment. The Company has identified, reviewed, tested and determined the componentisation of the significant assets.

Assets installed at customer premises, including meters and regulators where applicable, are recognised as property plant and equipment if they meet the definition provided under Ind AS-16 subject to materiality as determined by the management and followed consistently.

Any item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is charged to revenue in the income statement when the asset is derecognised.

The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset.

On transition to Ind AS, the Company had elected to carry forward the previous GAAP net carrying value of all its property, plant and equipment recognized as at 1st April, 2015 as the deemed cost.

Notes to Standalone financial statements for the year ended 31st March, 2025

Capital work in Progress:

Capital Work in Progress includes expenditure incurred on assets, which are yet to be commissioned and capital inventory, which comprises stock of capital items/construction materials at respective city gas network.

All the directly identifiable and ascertainable expenditure, incidental and related to construction incurred during the period of construction on a project, till it is commissioned, are kept as Capital work in progress (CWIP) and disclosed under 'Capital work-in-progress' and after commissioning the same is transferred / allocated to the respective category of property, plant and equipment.

Further, advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date are classified as capital advances under other non-current assets.

(b) Investment Properties

Investment properties comprises of free hold or lease hold land and building that are held for rental yield and/or capital appreciation.

Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed as and when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognised.

On transition to Ind AS, the Company had elected to carry forward the previous GAAP net carrying value of all its investment property recognized as at 1st April, 2015 as the deemed cost.

(c) Intangible assets

Intangible assets are stated at cost less accumulated amortization and impairment. Intangible Assets includes amount paid towards obtaining the Right of Use (ROU) of land and Right of Way (ROW) permissions for laying the gas pipeline network and cost of developing software for internal use. The Company capitalises software as Intangible Asset where it is expected to provide future enduring economic benefits. Cost associated with maintaining software programmes are recognised as expenses as and when incurred.

Any item of intangible assets is derecognised upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the intangible asset (calculated as the difference between the net disposal proceeds and the carrying amount of the intangible asset) is charged to revenue in the income statement when the intangible asset is derecognised.

On transition to Ind AS, the Company had elected to carry forward the previous GAAP net carrying value of all its intangible assets recognized as at 1st April, 2015 as the deemed cost.

(d) Depreciation and amortisation methods, estimated useful lives and residual values

Depreciation is calculated to systematically allocate the cost of property, plant and equipment, intangible asset and investment property net of the estimated residual values over the estimated useful life. Freehold land is not depreciated. Depreciation is computed using Straight Line Method (SLM) over the useful lives of the assets as specified in Schedule II to the Companies Act, 2013, read with the following notes:

- i. The Schedule specifies useful life of Pipelines as 30 years for those used in exploration, production and refining of oil and gas. The Company has considered the useful life of 30 years for the pipelines used in city gas distribution business.
- ii. City gas stations, skids, pressure regulating stations, meters and regulators are estimated to have useful life of 18 years based on technical assessment made by technical expert and management.
- iii. Cost of mobile phones, are expensed off in the year of purchase.
- iv. Temporary building structures are estimated to have useful life of 1 year.

The management believes that these useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used. The useful lives are reviewed by the management at each financial year end and revised, if appropriate. In case of a revision, the unamortised depreciable amount (remaining net value of assets) is charged over the revised remaining useful lives.

Based on management estimate, residual value of 5% is considered for respective tangible assets except for the Pipeline Network assets which are shown as the Plant and Equipment at Note No. 3.1 - Property, Plant and Equipment where the residual value is considered to be NIL as the said assets technically and commercially not feasible to extract from underground.

Notes to Standalone financial statements for the year ended 31st March, 2025

The residual values, useful lives and methods of depreciation of property, plant and equipment (PPE) are reviewed at the end of each financial year and adjusted prospectively if appropriate.

Component accounting of assets: If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment and accordingly depreciated at the useful lives specified as above.

Depreciation on items of property, plant and equipment acquired / disposed off during the year is provided on pro-rata basis with reference to the date of addition / disposal.

Investment properties, if any, are depreciated based on the useful life on a Straight Line basis prescribed in Schedule II to the Companies Act, 2013.

Intangible assets are amortized over their individual estimated useful lives on a Straight Line basis, commencing from the year in which the same are available to the company for its intended use. The useful lives as estimated by the management for the intangible assets are as follows:

I.	Right of Way (ROW) Permissions	30 Years
	(Considered more than 10 years as inextricably linked and dependent on the useful life of pipeline networks as referred above for which the Right of Way has been obtained).	
II.	Software	6 Years

No amortisation is charged on Right of Use (RoU) of land being perpetual in nature. The same is tested for impairment based on principles of Ind AS-36.

The Company has constructed / installed CNG stations' buildings and machineries, on land taken on lease from various lessor under lease deed for periods ranging from 35 years to 99 years. However, assets constructed / installed on such land have been depreciated at useful lives as referred above.

Capital assets / facilities installed at the customers' premises on the land of the customers/CNG franchisee whose ownership is not with the company have been depreciated at the useful lives specified as above.

(e) Impairment of non-financial assets

In accordance with Ind AS-36 on "Impairment of Assets" at the balance sheet date, non-financial assets are reviewed for impairment losses whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the asset/cash generating unit is made. Assets whose carrying value exceeds their recoverable amount are written down to the recoverable amount. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Assessment is also done at each Balance Sheet date as to whether there is any indication that an impairment loss recognized for an asset in prior accounting periods may no longer exist or may have decreased.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of profit and loss, except for properties previously revalued with the revaluation surplus taken to Other Comprehensive Income (OCI). For such properties, the impairment is recognised in OCI up to the amount of any previous revaluation surplus.

(f) Revenue recognition

i) Revenue from operation

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of discounts and rebates, if any, as part of the contract in the normal course of the Company's activities.

Income is recognized in the income statement when the control of the goods or services has been transferred. The amount recognised as revenue is stated inclusive of excise duty and exclusive of sales tax /value added tax (VAT) and Goods and service tax (GST).

Revenue from sale of Natural Gas is recognized at the point in time when control is transferred to the customer, generally on delivery of the gas on metered/assessed measurements facility. Sales are billed bi-monthly cycle for domestic customers, monthly/fortnightly cycle for commercial and non-commercial customers and fortnightly / 10 days cycle basis for industrial customers.

Notes to Standalone financial statements for the year ended 31st March, 2025

Revenue from sale of Compressed Natural Gas (CNG) is recognized at the point in time when control is transferred to the customer, generally on delivery of the gas to consumers from retail outlets and is billed weekly / fortnightly cycle in case of OMC customers.

Revenue recognised towards supply of natural gas already occurred for the period from the end of the last billing date to the Balance Sheet date has been reflected under "Trade receivables" (which refer as unbilled revenue) which is calculated based on customer wise previous average consumption.

Gas transmission income is recognized over the period in which the related volumes of gas are delivered to the customers.

Commitments (take or pay charges) income from customers for gas sales and gas transmission is recognized on accrual basis in the period to which it relates to.

In case of industrial customers, non-refundable charges for initial or additional gas connection collected from the customers is deferred over the period of contract with respective customers and in case of domestic & commercial customers is deferred over the useful life of the asset.

Revenue of yearly fees income is recognised on accrual basis over the period, on time proportion basis, considering the terms of the underlying contract with customers. For Domestic customers, as the amount for yearly fees is collected post completion of the year, unbilled yearly fees is calculated on time proportionate basis from the due date to the Balance Sheet date and the same is disclosed under "Trade receivables" (which refer as unbilled revenue). For Commercial/Non-Commercial customers, Yearly fees is billed in advance to the customers calculated based on time proportionate basis is deferred over such period and the same is disclosed under Other current liabilities as "Deferred revenue".

ii) Other income

Revenue in respect of interest/ late payment charges on delayed realizations from customers and cheque bounce charges, if any, is recognized on grounds of prudence and on the basis of certainty of collection.

Liquidated damages, if any are recognized at the time of recording the purchase of materials in books of accounts and the matter is considered settled by the management.

Interest income is recognized on time proportion basis taking into account the amount outstanding and the rate applicable.

Interest income is recognised using effective interest method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through expected life of the financial asset to the gross carrying amount of the financial asset. When calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

Dividend income is recognised, when the right to receive the dividend is established by the reporting date.

Investment property rental income is recognised as revenue on accrual basis as per the terms of the underlying contract.

Other operating income and misc. income are accounted on accrual basis as and when the right to receive arises.

(g) Leases

The Company's leased asset classes primarily consist of leases for land, buildings, plant & machinery equipment's, vehicles, way leave charges and hooking up charges.

Under Ind AS- 116, the Company assesses whether a contract contains a lease, at the inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether

- the contract involves the use of identified asset;
- the Company has substantially all of the economic benefits from the use of the asset through the period of lease; and
- the Company has right to direct the use of the asset.

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS- 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals/termination options) and the applicable discount rate.

Company as a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

Notes to Standalone financial statements for the year ended 31st March, 2025

Certain lease arrangement includes the options to extend or terminate the lease before the end of the lease term. The right-of-use assets and lease liabilities includes these options when it is reasonably certain that the option will be exercised.

The right-of-use asset is subsequently amortized using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

Lease payments included in the measurement of the lease liability comprises of fixed payments, including in-substance fixed payments, amounts expected to be payable under a residual value guarantee and the exercise price under a purchase option that the Company is reasonably certain to exercise, lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if Company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Modifications to a lease agreement beyond the original terms and conditions are generally accounted for as a re-measurement of the lease liability with a corresponding adjustment to the ROU asset. Any gain or loss on modification is recognized in the Statement of Profit & Loss. However, the modifications that increase the scope of the lease by adding the right to use one or more underlying assets at a price commensurate with the stand-alone selling price are accounted for as a separate new lease. In case of lease modifications, discounting rates used for measurement of lease liability and ROU assets is also suitably adjusted.

Lease liability and ROU lease asset have been separately presented in the Balance Sheet and lease payments have been classified as cash flows from financing activities.

Short-term leases, low-value assets and others:

The Company has elected not to recognise right-of-use assets and lease liabilities for short term leases that have a lease term of less than or equal to 12 months with no purchase option and assets with low value leases.

The lease payments associated with leases assets that have lease period of 12 months or less, remaining lease period of 12 months or less as on transition date, rental charges of low value assets, component of taxes of ROU lease charges, non-lease component viz. manpower, fuel cost, repair and maintenance is recognised as an expense in the Statement of Profit and Loss over the lease term. The related cash flows are classified as operating activities.

As a lessor

Finance lease

Leases for which the Company is a lessor is classified as finance or operating leases. When the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

All assets given on finance lease are shown as receivables at an amount equal to net investment in the lease. Principal component of the lease receipts is adjusted against outstanding receivables and interest income is accounted by applying the interest rate implicit in the lease to the net investment.

Operating lease

Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the term of the relevant lease. In case of modification of contractual terms, the same is accounted as a new lease, considering any prepaid or accrued lease payments relating to the original lease as part of the lease payments for the new lease.

**Notes to Standalone financial statements for the year ended 31st March, 2025****(h) Financial Instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Asset**Initial Recognition**

A financial asset or a financial liability is recognised in the balance sheet only when, the Company becomes party to the contractual provisions of the instrument.

Initial Measurement

At initial recognition, the Company measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability, except trade receivables that do not contain a significant financing component, are measured at transaction price.

Subsequent Measurement

For purpose of subsequent measurement, financial assets are classified into:

- Financial assets measured at amortised cost;
- Financial assets measured at fair value through profit or loss (FVTPL); and
- Financial assets measured at fair value through other comprehensive income (FVTOCI).

The Company classifies its financial assets in the above mentioned categories based on:

- The Company's business model for managing the financial assets, and
- The contractual cash flows characteristics of the financial asset.

A financial assets is measured at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- The contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.

A financial asset is measured at fair value through other comprehensive income if both of the following conditions are met:

- The financial asset is held within a business model whose objective is achieved by both collecting the contractual cash flows and selling financial assets and
- The assets contractual cash flows represent SPPI.

A financial asset is measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income. In addition, the Company is elected to designate a financial asset, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Equity Investments:

All equity investments in scope of Ind AS-109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company has made an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to statement of profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity. Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Profit and Loss.

Notes to Standalone financial statements for the year ended 31st March, 2025

De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

1. The contractual rights to the cash flows from the financial asset have expired, or
2. The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either
 - i) The Company has transferred substantially all the risks and rewards of the asset, or
 - ii) The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Embedded foreign currency derivative

Embedded foreign currency derivatives are not separated from the host contract if they are closely related. Such embedded derivatives are closely related to the host contract, if the host contract is not leveraged, does not contain any option feature and requires payments in one of the following currencies:

- the functional currency of any substantial party to that contract,
- the currency in which the price of the related good or service that is acquired or delivered is routinely denominated in commercial transactions around the world,
- a currency that is commonly used in contracts to purchase or sell non-financial items in the economic environment in which the transaction takes place (i.e. relatively liquid and stable currency).

Foreign currency embedded derivatives which do not meet the above criteria are separated and the derivative is accounted for at fair value through profit and loss. The Company currently does not have any such derivatives which are not closely related.

Impairment of Financial Assets

The Company assesses impairment based on expected credit loss (ECL) model to the following:

- Financial assets measured at amortised cost
- Financial assets measured at fair value through other comprehensive income

Expected credit losses are measured through a loss allowance at an amount equal to:

- The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full time expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables or contract revenue receivables. Under the simplified approach, the Company is not required to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs together with appropriate management estimates for credit loss at each reporting date, right from its initial recognition.

The Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss. This amount is reflected under the head 'other expenses' in the statement of Profit and Loss. The balance sheet presentation for various financial instruments is described below:

Notes to Standalone financial statements for the year ended 31st March, 2025

- Financial assets measured as at amortised cost and contractual revenue receivables – ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the company does not reduce impairment allowance from the gross carrying amount.
- Financial assets measured at FVTOCI – Since financial assets are already reflected at fair value, impairment allowance is not further reduced from its value. Rather, ECL amount is presented as accumulated impairment amount in the OCI.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

The Company does not have any purchased or originated credit-impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase/ origination.

Financial Liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss for loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, and financial liabilities measured at amortised value as appropriate.

All financial liabilities are recognised initially at fair value and, in case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loan and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Subsequent measurement

- Financial liabilities measured at amortised cost
- Financial liabilities subsequently measured at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognised in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS-109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to Profit and Loss. However, the Company is transferred the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The Company has not designated any financial liability as at fair value through profit and loss.

Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS-109 and the amount recognised less cumulative amortisation.

Loan and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Trade and other payables

These amounts represent liability for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

Lease liabilities

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Subsequently, the lease liability is measured at amortised cost using the effective interest rate method.

**Notes to Standalone financial statements for the year ended 31st March, 2025****Derecognition**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

(i) Inventories

Inventory of Gas (including inventory in pipeline and CNG cascades) is valued at lower of cost and net realizable value. Cost is determined on weighted average cost method. Volume of gas in cascades and pipeline are estimated on volumetric basis.

Stores, spares and consumables are valued at lower of cost and net realizable value. Cost is determined on moving weighted average basis (net off provision for diminution in value, if any).

Inventories of Project materials (capital Inventory) are valued at cost on moving weighted average basis (net off provision for diminution in value, if any).

(j) Investment in associate

The Company accounts for the investment in associate at cost.

(k) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the group or the counterparty.

(l) Fair Value Measurement

The Company measures certain financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as under, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company's management determines the policies and procedures for both recurring fair value measurement, such as unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for distribution in discontinued operations. The management comprises of the Managing Director and Chief Financial Officer.

External valuers are involved for valuation of significant assets, such as unquoted financial assets. Involvement of external valuers is decided upon annually and approval by the management. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. Valuers are normally rotated every three years. The management decides, after discussions with the Company's external valuers, which valuation techniques and inputs to use for each case.

Notes to Standalone financial statements for the year ended 31st March, 2025

At each reporting date, the management analyses the movements in the values of assets and liabilities which are required to be re-measured or re-assessed as per the Company's accounting policies. For this analysis, the management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation.

The management, in conjunction with the Company's external valuers, also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes. (Refer note 45)

1. Disclosures for valuation methods, significant estimates and assumptions.
2. Quantitative disclosures of fair value measurement hierarchy.
3. Investment in unquoted equity shares.
4. Financial instruments (including those carried at amortised cost).

(m) Employee Benefits

Employees Benefits are provided in the books as per Ind AS - 19 on "Employee Benefits" in the following manner:

A. Post-employment benefit plans

I. Defined Contribution Plan

Contribution towards provident fund for eligible employees are accrued in accordance with applicable statutes and deposited with the regulatory provident fund authorities (Government administered provident fund scheme). The Company does not carry any other obligation apart from the monthly contribution.

The Company contributes under the National Pension System scheme for eligible employees at a rate specified in the rules of the scheme and deposited with concerned agency/authority.

The Company's contribution is recognised as an expenses in the statement of Profit and Loss during the period in which the employee renders the related service.

II. Defined benefit plan

The company provides for gratuity, a defined benefit plan covering eligible employees in accordance with the Payment of Gratuity Act, 1972, through an approved Gratuity Fund. The Gratuity Fund is separately administered through a Trust/Scheme. Contributions in respect of gratuity are made to the approved Gratuity Fund.

The Company's liability is actuarially determined by qualified actuary (using the Projected Unit Credit method) at the end of each year and is recognized in the Balance sheet as reduced by the fair value of Gratuity Fund. Actuarial losses/ gains are recognized in the Statement of Other Comprehensive Income in the year in which they arise.

III. Long term employee benefits

The liability in respect of accrued leave benefits which are expected to be availed or en-cashed beyond 12 months from the end of the year, is treated as long term employee benefits.

The Company's liability for leave benefits are actuarially determined by qualified actuary at balance sheet date by using the Projected Unit Credit method. Actuarial losses/ gains are recognized in the Statement of Profit and Loss in the year in which they arise.

B. Other Long Term Service benefits

- Long Service Award (LSA):

On completion of specified period of service with the company, employees are rewarded with Cash Reward of different amount based on the duration of service completed.

The Company's liability is actuarially determined by qualified actuary at balance sheet date at the present value of the amount payable for the same. Actuarial losses/ gains are recognized in the Statement of profit and loss in the year in which they arise.

C. Short term employee benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered by employees is recognized during the period when the employee renders the services. Short term employee benefits includes salary and wages, bonus, incentive, ex-gratia, death compensation and also includes accrued leave benefits, which are expected to be availed or en-cashed within 12 months from the end of the year.

**Notes to Standalone financial statements for the year ended 31st March, 2025****(n) Taxation**

Income tax expenses comprises current tax (i.e. amount of tax for the period determined in accordance with the Income Tax Law) and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the period). Income tax expenses are recognised in statement of profit or loss except tax expenses related to items recognised directly in reserves (including statement of other comprehensive income) which are recognised with the underlying items.

Income Taxes

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period i.e. as per the provisions of the Income Tax Act, 1961, as amended from time to time. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation including amount expected to be paid / recovered for uncertain tax positions. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Advance taxes and provisions for current income taxes are presented in the balance sheet after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction for relevant tax paying units and where the Company is able to and intends to settle the asset and liability on a net basis.

Deferred Taxes

Deferred tax is provided in full on temporary difference arising between the tax bases of the assets and liabilities and their carrying amounts in financial statements at the reporting date. Deferred tax are recognised in respect of deductible temporary differences being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods, the carry forward of unused tax losses and the carry forward of unused tax credits.

Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, branches and associates and interest in joint arrangements where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary differences can be utilised.

Deferred tax liabilities are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, branches and associates and interest in joint arrangements where it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and considers whether it is probable that a taxation authority will accept an uncertain tax treatment. The Company measures its tax balances either based on the most likely amount or the expected value, depending on which method provides a better prediction of the resolution of the uncertainty.

**Notes to Standalone financial statements for the year ended 31st March, 2025****(o) Provisions, Contingent Liabilities and Contingent Assets**

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provision for contractual obligation is disclosed based on management's assessment of the probable outcome with reference to the available information supplemented by experience of similar transactions. When the Company expects some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

Provision in respect of loss contingencies relating to claims, litigation, assessment, fines, penalties etc. are recognised when it is probable that a liability has been incurred and the amount can be estimated reliably.

Provisions are not recognised for future operating losses. Provisions for restructuring are recognised by the Company when it has developed a detailed formal plan for restructuring and has raised a valid expectation that the Company will carry out the restructuring by starting to implement the plan or announcing its main features to those affected by it.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period and are not discounted to present value. The estimates of outcome and financial effect are determined by the judgment of the management, supplemented by experience of similar transactions and, in some cases, reports from independent experts.

The measurement of provision for restructuring includes only direct expenditures arising from the restructuring, which are both necessarily entailed by the restructuring and not associated with the ongoing activities of the Company.

Contingent liability is disclosed in the case of:

1. A present obligation arising from the past events, when it is not probable that an outflow of resources will be required to settle the obligation;
2. A present obligation arising from the past events, when no reliable estimate is possible;
3. A possible obligation arising from the past events, unless the probability of outflow of resources is remote.

Contingent liabilities are not provided for and if material, are disclosed by way of notes to financial statements.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity.

Contingent assets are not recognised in financial statements since this may result in the recognition of income that may never be realised. However, Contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

A contingent asset is disclosed by way of notes to financial statements, where an inflow of economic benefits is probable.

Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date.

(p) Exceptional Items

Certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the Company is such that its disclosure improves the understanding of the performance of the Company, such income or expense is classified as an exceptional item and accordingly, disclosed in the notes accompanying to the financial statements.

(q) Prior Period Adjustments and Pre-paid Expenses.

Income / expenditure in aggregate pertaining to prior year(s) above the threshold limit are corrected retrospectively. Prepaid expenses up to threshold limit in each case, are charged to revenue as and when incurred.

(r) Rounding off

All amounts disclosed / presented in Indian Rupees (INR) in the financial statements and notes have been rounded off to the nearest two decimals of Crores as per the requirements of Schedule III, unless otherwise stated.

(s) Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended 31st March, 2025, MCA has notified Ind AS-117 Insurance Contracts and amendments to Ind AS-116 – Leases, relating to sale and leaseback transactions, applicable to the Company w.e.f. 1st April, 2024. The Company has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in its financial statements.

The Company is engaged in the business of City Gas Distribution (CGD) in India which involves distribution of gas from sources of supply to the end user customers. The CGD project is designed considering demand, supply and future requirements based on the facilities envisaged for CGD network in authorised areas for 25 years on the basis of authorization from Petroleum and Natural Gas Regulatory Board (PNGRB) to lay, build, operate or expand city or local natural gas distribution network. On the basis of demand projections, the CGD network is planned. Project execution plans are modulated on the basis of continuous ongoing expansion and all the projects are executed and expanded on ongoing basis as per rolling annual plan. Hence, it is considered that there is no project whose completion is overdue or has exceeded its cost compared to its original plan.

Note 5.1.1 Right of Way (ROW) Permissions: The useful lives of Right of Way (ROW) Permissions as estimated by the management for the amortization is 30 years. The useful lives of ROW Permission are inextricably linked with the pipeline networks being laid, which corresponds with the useful life of 30 years of Plant and Machinery - Pipelines network for which the Right of Way (ROW) Permission has been obtained. The Useful life of 30 years of the Right of Way (ROW) Permissions is dependent on the useful life of Plant and Machinery - Pipelines i.e. Pipeline network of the company.

Note 5.1.2 Right of Use (ROU): The company acquires the 'Right of Use' (hereinafter referred to as 'ROU') for the purpose of laying and maintenance of the underground pipeline and vests in the company and the company has the right to use the same in the manner for which it has been acquired. The acquisition of ROU is governed by the legal process as per the Act, the company has paid the compensation /consideration of the ROU -land determined by the competent authority under the Act and any person authorised by the company, have unrestricted right of entry and lay pipeline or do any other act necessary for the purpose of laying of pipeline.

The company has disclosed the cost incurred for acquisition of ROU as 'Right of Use' in the Intangible Asset schedule. Since the ROU does not have a defined life, it is perpetual in nature. Accordingly based on requirements of Ind AS 38 - Intangible Assets, the same is tested for impairment and not amortised.

Note 5.1.3 Impairment of Assets: There is no impairment of any assets in terms of Ind AS - 36 on "Impairment of Assets". Based on the review, the management is of the opinion that there are no impairment indicators that necessitate any adjustments to the carrying value of intangible assets.

Note 5.1.4 Refer to note 43 for disclosure of contractual commitments for the acquisition of intangible assets.

Note 5.1.5 The company has not carried out revaluation of Intangible assets.

Note 5.1.6 The company has elected to measure all its Intangible assets at the previous GAAP carrying amount i.e. 31st March, 2015 as its deemed cost on the date of transition to Ind AS i.e. April 01, 2015.

Note 5.1.7 There is no restriction on the title of intangible assets.

Note 5.1.8 "Other adjustment" in current financial year 2024-25 includes change of classification from ROW Permissions to ROU Assets (Lease) ₹ 30.29 Crores (net). (Refer Note 5.3.3)

Note 18.3 Terms/ rights attached to equity shares

The company has only one class of equity shares having a face value of ₹ 2 per share (previous year ₹ 2 each). Each holder of equity shares is entitled to one vote per share. The company declares and pays dividends in Indian rupees. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting.

In the event of liquidation of the company, the holders of equity shares will be entitled to receive residual assets of the company. The distribution will be in proportion to the number of equity shares held by the shareholders.

Note 18.4 Share holding by prescribed entities

Out of Equity shares issued by the company, shares held by its holding company and their subsidiaries and associates are as under:

Note 18.7 Details of Bought back of shares, Bonus Shares and Shares issue without payment being received in Cash:

The company has not bought back any equity shares, has not allotted any shares as fully paid up pursuant to contracts without payment being received in cash and has not allotted bonus shares during the period of five years immediately preceding the date of balance sheet. Further, there are no shares which are reserved for issue under options and contracts or commitments for the sale of shares or disinvestment.

Note 18.8 Proposed Dividend:

The Board of Directors, in its meeting on 19th May, 2025, have proposed a final dividend of ₹ 5.82 per equity share (Face value of ₹ 2/- each) for the financial year ended on 31st March, 2025. The proposal is subject to the approval of shareholders at the Annual General Meeting and, if approved, would result in a cash outflow of ₹ 400.64 crores.

The Board of Directors, in its meeting on 6th May, 2024, had proposed a final dividend of ₹ 5.66 per equity share (Face value of ₹ 2/- each) for the financial year ended on 31st March, 2024. The proposal was approved by shareholders at the Annual General Meeting and this resulted in a cash outflow of ₹ 389.63 crores.

Dividend Recognition:

The Company recognises a liability for dividends to equity holders of the Company when the dividend is authorised. As per the corporate laws in India, a dividend is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in other equity.

The Board of Directors, in its meeting on 6th May, 2024, had proposed a final dividend of ₹ 5.66 per equity share (Face value of ₹ 2/- each) for the financial year ended on 31st March, 2024. The proposal was approved by shareholders at the Annual General Meeting and this resulted in a cash outflow of ₹ 389.63 crores.

**Notes to Standalone financial statements for the year ended 31st March, 2025****Nature and purpose of reserves:****General reserve**

The general reserve is used from time to time to transfer profits from retained earnings for appropriation purpose. As the general reserve is created by transfer from one component of equity to another and is not an item of other comprehensive income, items included in the general reserve will not be reclassified subsequently to profit and loss.

Amalgamation and Arrangement Reserve

The "Amalgamation and Arrangement Reserve", created pursuant to scheme of amalgamation and arrangement, is treated as free reserve based on the judgment of Honourable Gujarat High Court dated 18th April, 2015 read with relevant other court decisions.

Retained Earnings

Retained earnings represents surplus / accumulated earnings of the company available for distribution to shareholders.

Capital Reserve

Capital Reserve not available for distribution of dividend and expected to remain invested permanently.

Negative capital reserve represents difference between the consideration and carrying amount of net assets/liabilities acquired as per business transfer agreement for transactions among entities under common control.

Equity instrument through OCI

The Company has elected to recognise changes in the fair value of certain investments in equity securities in other comprehensive income. These changes are accumulated within the Equity instrument through OCI reserve within equity.

Notes:

The company offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.

Significant management judgment is required in determining provision for income tax, deferred income tax assets and liabilities and recoverability of deferred income tax assets. The recoverability of deferred income tax assets is based on estimates of taxable income by each jurisdiction in which the relevant entity operates and the period over which deferred income tax assets will be recovered.

Total	8.51	8.66

**Notes to Standalone financial statements for the year ended 31st March, 2025****Note 42 EARNING PER SHARE (EPS)****EARNINGS PER EQUITY SHARE- FACE VALUE OF ₹ 2 EACH**

The following reflects the income and share data used in the basic and diluted EPS computations:

Particulars	For the year ended 31 st March, 2025	For the year ended 31 st March, 2024
Profit for the year (Profit attributable to equity shareholders) (₹ in Crores)	1,145.51	1,142.77
Weighted average number of ordinary equity shares for Basic EPS (in Nos.)	68,83,90,125	68,83,90,125
Weighted average number of ordinary equity shares for Diluted EPS (in Nos.)	68,83,90,125	68,83,90,125
Face Value of equity share (₹)	2.00	2.00
Basic EPS (₹)	16.64	16.60
Diluted EPS (₹)	16.64	16.60

Note:- Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders of the Company by the weighted average number of Equity shares outstanding during the year. Diluted EPS amounts are calculated by dividing the profit attributable to equity holders of the Company by the weighted average number of Equity shares outstanding during the year plus the weighted average number of Equity shares that would be issued on conversion of all the dilutive potential Equity shares into Equity shares.

The Company does not have any outstanding dilutive potential equity shares. Consequently, the basic and diluted earnings per share of the Company remain the same.

Note 43 CONTINGENT LIABILITIES & CONTINGENT ASSETS**(A) CONTINGENT LIABILITIES**

(₹ in Crores)

Contingent liabilities (to the extent not provided for)	As at 31 st March, 2025	As at 31 st March, 2024
Contingent Liabilities		
(a) Contingent Liabilities – Statutory claims (Refer Note 43.1) Disputed statutory dues in respect of which Appeals are filed against / by the Company :		
(i) Excise Duty	18.60	18.28
(ii) Income Tax	22.61	11.03
(iii) Service Tax	37.66	37.66
(iv) GST	16.26	15.13
Total	95.13	82.10
(b) Claims / Litigations against the company not acknowledged as debt (Refer Note 43.2)	482.99	483.77
Total	578.12	565.87

The Company has reviewed all its pending claims, litigations and proceedings and has adequately provided for where provisions are required and disclosed as contingent liabilities where applicable, in its financial statements. The company does not expect the outcome of these claims, litigations and proceedings to have a materially adverse effect on its financial position.

Note 43.1 Disputed statutory dues in respect of which Appeals are filed against / by company

The Company is contesting the demands and the management including its advisors believe that its position is likely to be upheld in the appellate process. No tax expense has been accrued in the financial statements for the tax demand raised. The management believes that the ultimate outcome of these proceedings will not have a material adverse effect on the company's financial position and results of operations.

Note 43.2 Claims / Litigations against the company not acknowledged as debt includes the following major matters:

- (i) UPL Limited (UPL) a customer of erstwhile Gujarat Gas Company Limited (GGCL) (now known as Gujarat Gas Limited) had filed a complaint before Petroleum and Natural Gas Regulatory Board (PNGRB) against erstwhile GGCL alleging charging of tariff illegally under the City Gas Network Distribution Agreement entered into between the parties and filed claim of approx. ₹ 76.98 Crores. The matter was decided against the company by PNGRB vide its Order dated 20.10.2014. The company had preferred an appeal at Appellate Tribunal for Electricity (APTEL) against the aforementioned PNGRB Order. APTEL has delivered final judgement on 10.03.2021 in favour of the Company by setting aside the aforementioned PNGRB Order, and has recorded that invocation of HAPI tariff by PNGRB for the negotiated arrangement between the parties was not only against the letter and spirit of regulations defining tariff zone but also tantamount to rewriting of contract.
- UPL has preferred an appeal before the Hon'ble Supreme Court of India against the order of APTEL dated 10.03.2021. Presently, the matter is pending before Hon'ble Supreme Court of India.

**Notes to Standalone financial statements for the year ended 31st March, 2025**

- (ii) One of the gas suppliers of the Company has submitted claims of ₹ 212.27 crores (P. Y. ₹ 212.27 crores), for use of allocated gas for other than specified purpose, related to FY 2013-14 to FY 2021-22 and no claim is received from supplier for FY 2022-23, FY 2023-24 and FY 2024-25. The company has refuted this erroneous claim and also there is no contractual provision of the agreement executed with GGL that allows such claim. The management is of the firm view that the company is not liable to pay any such claim. The company has already taken up the matter with concerned party to withdraw the claim.
- (iii) The company has initiated an arbitration proceeding against one of the franchisees claiming compensation for loss of revenue. While replying to the claim, the said franchisee has also filed a counter claim of ₹ 177.14 crores (P.Y. ₹ 177.14 crores) against the company claiming compensation for various losses. The company has filed necessary rejoinder to the counter claim strongly refuting the same mainly on the grounds that the counter claims are wrong and without merits and as are not flowing from the same agreement under which the arbitral tribunal has been constituted. Currently arbitral proceedings of this matter is pending before the sole arbitrator.

Note 43.3 The following demands / Litigations / matters are not included in above

- (i) Erstwhile Gujarat Gas Company Limited and Erstwhile GSPC Gas Company Limited (Now collectively known as Gujarat Gas Limited "GGL") had signed Gas supply agreement with Gujarat State Petroleum Corporation Limited (GSPCL) for purchase of Re-gasified liquified natural gas (RLNG). As per the provision of said agreement, GGL has to pay interconnectivity charges to GSPCL for the supply and purchase of RLNG at Delivery point which is charged to GSPCL by their supplier i.e. PLL Off takers (GAIL India, BPCL, IOCL).

PNGRB had vide its order dated 13.09.2011 and the majority members of PNGRB (three member panel of Board) had vide its order dated 10.10.2011 held that GAIL had adopted Restrictive Trade Practices by blocking off direct connectivity to GSPCL and further, directed Respondents (PLL Off takers -GAIL India, BPCL, IOCL) to immediately give direct connectivity to GSPCL at Dahej Terminal.

The PLL Offtakers (GAIL) filed appeals against the said PNGRB orders before the Appellate Tribunal for Electricity (APTEL). On 23.02.2012 APTEL had issued an interim order for shifting the Delivery Point from GAIL-GSPL Delivery Point to GSPL-PLL Delivery Point. On 18.12.2013 APTEL issued its judgment and required GSPCL to pay the amount of the difference between ₹ 8.74/MMBTU (exclusive of Service Tax) – earlier connectivity charges and ₹ 19.83/MMBTU (Exclusive of Service Tax) – HVJ/DVPL Zone-1 tariff to GAIL for the period from 20th November, 2008 to 29th February, 2012.

GSPCL had filed an appeal against the APTEL's above referred judgment before Hon'ble Supreme Court of India (GSPCL vs. GAIL & Others, Civil Appeal No. 2473-2476 of 2014) and the Hon'ble Supreme Court of India had passed the Interim Order on 28th February, 2014. The Court has stated that the ends of justice would be met if as a matter of interim arrangement, the appellant is directed to pay interconnectivity charges at the rate of ₹ 12.00 per MMBTU (exclusive of Taxes). The Company has already provided and paid interconnectivity charges at the rate of ₹ 12.00 per MMBTU (exclusive of Taxes).

GGL has not received any bill / demand note for the amount over and above ₹ 12.00 per MMBTU from supplier till date. As the final liability would only be determined post the final order of the court, quantification of any amount as contingent liability in the interim is inappropriate due to the uncertainty involved and hence the same is not mentioned / disclosed in the financial statement.

- (ii) The Company deposited ₹ 464.78 crores on 12th June, 2013 into the escrow account ("named BG Asia Pacific Holdings Pte. Limited GSPC Distribution Networks Limited Escrow Account") opened with Citibank N.A., acting as the escrow agent, pursuant to the escrow agreement executed between the BG Asia Pacific Holdings Pte. Limited (the Seller), Gujarat Gas Limited (Formerly known as GSPC Distribution Networks Limited) (the Purchaser) and Citibank N.A. The Payment of said amount into Escrow Account was to be utilized to meet future tax withholding liability (if any) based on outcome of the applications to the Authority for Advance Rulings or otherwise to be remitted to BG Asia Pacific Holdings Pte. Limited (the Seller) directly.

The Company has received the ruling from the Hon'ble Authority for Advance Ruling ("AAR"), vide consolidated ruling order dated 25th February, 2021 wherein the Hon'ble AAR has held that the transaction Price is not subject to any tax withholding in India and the Purchaser is not required to withhold tax since the capital gains is not subject to tax in India in view of Article 13(4) of the India Singapore Tax Treaty under India Singapore Double Tax Avoidance Agreement in the hands of the Seller. Pursuant to the ruling of the Hon'ble AAR and as per the terms of the Escrow Agreement, amount of ₹ 464.78 crores kept in Escrow Account had been remitted to the BG Singapore on 7th April, 2021.

In the financial year 2021-22, Commissioner of Income Tax (International Taxation) – 3 (CIT), has filed Civil Misc. Writ Petition against BG Singapore, challenging the AAR Ruling before the Hon'ble High Court of Uttarakhand at Nainital on 22.09.2021. CIT has also filed Impleadment /Amendment Application in Civil Misc. Writ Petition before the Hon'ble High Court of Uttarakhand at Nainital on 08.01.2022 for amendment of cause title of the petition and added Commissioner of Income Tax (IT & TP), Ahmedabad as Petitioner No. 2 and GGL as Respondent No. 2. Currently, the Impleadment /Amendment Application is in process for admission with Hon'ble High Court of Uttarakhand.

Notes to Standalone financial statements for the year ended 31st March, 2025

As per Share purchase agreement, the Seller had agreed to indemnify, defend and hold harmless the Purchaser from and against any Tax claim notice receives on or prior to the expiry of 10 years from the Closing date (i.e. up to 11th June, 2023) in respect of Seller's sale of shares to the Purchaser. Company. Currently, the Impleadment /Amendment Application for challenging the AAR Ruling is in process for admission with Hon'ble High Court of Uttarakhand.

In view of this, there is remote possibility of any outflow in this matter and hence, the same has not been considered as Contingent Liability.

- (iii) Two entities, who have been authorized by the Petroleum and Natural Gas Regulatory Board (PNGRB), have filed complaints against the Company before the PNGRB for claiming compensation with respect to the unauthorized development / operations of CGD infrastructure activities carried out by the Company in their authorised area. The Company has also filed a complaint against one of the entities before the PNGRB for unauthorized development / operations of CGD infrastructure in area authorised to the Company. Further, the Company has raised objections to the maintainability of the such complaints, which are yet to be determined by the PNGRB. The quantification of any liability is not ascertainable at this stage. However, the Company is hopeful of arriving at amicable resolution of the subject issues.

(B) CONTINGENT ASSETS

- (i) The Company has raised claim of ₹ 43.08 crores (Previous year ₹ 43.08 crores) for net credit of natural gas pipeline tariff as per PNGRB Order with one of the suppliers and supplier is disputing company's claim and indicating for adjusting the partial claim of ₹ 30.72 crores (Previous year ₹ 30.72 crores) out of total claim ₹ 43.08 crores (Previous year ₹ 43.08 crores) against disputed liability for use of allocated gas other than specified purpose, against demand in earlier year (Refer Point 43.2-(ii) above).
- (ii) The Company has filed an appeal before the Appellate Tribunal for Electricity (APTEL) against the PNGRB order related to the matter held that the Gas Swapping Arrangement Guidelines of PNGRB is applied erroneously. APTEL has issued the order in favour of GGL. The said supplier has filed appeal at Hon'ble Supreme Court of India against the order of APTEL.
- Presently, the matter is pending in Hon'ble Supreme Court of India. Currently, GGL is paying ₹ 19.83 per mmbtu or tariff determined as transmission charges for domestic gas being purchased and delivered by GAIL at one of the delivery points . If verdict is in favour of GGL, GGL will get refund of ₹ 413.71 crores (Previous year ₹ 305.82 crores) from December 2013 till March 2025 and the company shall be required to pass on the benefit to its customers as per relevant order of the Court.
- (iii) The Company is having other certain claims, litigations and proceedings which are pursuing through legal processes. The management believe that probable outcome in all such claims, litigations and proceedings are uncertain. Hence, the disclosure of such claims, litigations and proceedings is not required in the financial statements.

(C) COMMITMENTS

(₹ in Crores)

Sr No.	Commitments (to the extent not provided for)	As at 31 st March, 2025	As at 31 st March, 2024
1	Estimated amount of contracts remaining to be executed on capital account and not provided for	734.54	925.41
2	Estimated amount of contracts remaining to be executed on revenue account and not provided for	1,360.03	1,345.00
	Total	2,094.57	2,270.42

Other commitments

- (i) All term contracts for purchase of natural gas with suppliers, has contractual volume off take obligation of "Take or Pay" (ToP) as specified in individual contracts. Quantification of ToP amount is dependent on various factors like actual purchase quantity, gas purchase prices of respective contract etc. As these factors are not predictable, ToP commitment amount is not quantifiable.
- (ii) The Company has been granted authorization for laying, building, operating and expanding CGD network in the total 27 geographical area under the Petroleum and Natural Gas Regulatory Board (Authorizing entities to lay, build, operate or expand city or local Natural Gas Distribution Networks) Regulation 2008, against which Company is required to complete Minimum Work Programme (MWP) target for development of CGD network under the terms of authorisation awarded by Petroleum and Natural Gas Regulatory Board (PNGRB). For this purpose, the Company had submitted performance bank guarantees (issued by banks on behalf of the Company) amounting to ₹ 5986.43 crores (previous year ₹ 6528.83 crores) to the Petroleum and Natural Gas Regulatory Board.

**Notes to Standalone financial statements for the year ended 31st March, 2025****Note 44 DISCLOSURE AS REQUIRED BY THE MICRO, SMALL AND MEDIUM ENTERPRISES DEVELOPMENT ACT, 2006**

Fair Value Hierarchy of Financial Assets and Liabilities :

Investment in equity accounted investee i.e. Guj Info Petro Limited (GIPL) carried at cost.

Fair value of financial assets and liabilities which are measured at amortised cost is not materially different from the carrying value (i.e. amortised cost). Accordingly, the fair value has not been disclosed separately.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities included in level 3.

B. MEASUREMENT OF FAIR VALUES**i) Valuation techniques and significant unobservable inputs**

The following tables show the valuation techniques used in measuring Level 2 and Level 3 fair values, as well as the significant unobservable inputs used.

Notes to Standalone financial statements for the year ended 31st March, 2025

Note 45 FINANCIAL INSTRUMENTS (FAIR VALUE MEASUREMENTS) AND FINANCIAL RISK MANAGEMENT (continued.....)

Financial instruments measured at fair value – FVTOCI in unquoted equity shares

Valuation technique	Significant unobservable inputs	Inter-relationship between significant unobservable inputs and fair value measurement
Market comparison technique: The valuation model is based on three approaches: 1. Market approach : This approach uses information generated by market transactions of the Company being valued or the transactions of comparable companies. The following market-linked information may be used for determining valuation under this approach. - Quoted price of the company being valued, - Past transaction value of the company being valued, - Listed comparable companies' trading multiples like price to earning ratio, enterprise value to earning before interest, tax, depreciation and amortisation, enterprise value to sales etc. - Transactions multiples for investment / M & A transaction of comparable companies. The valuation arrived at based on the market approach reflects the current value of the Company perceived in the active market. However, as the valuation arrived at using market multiples is based on the past/current transaction or traded values of comparable companies/businesses, it may not reflect the possible changes in future trend of cash flows being generated by a business. 2. Income approach - The income approach reflects present value of future cash flows. For valuing a business, the discounted cash flow (DCF) methodology is used under this approach. This methodology works on the premise that the value of a business is measured in terms of future cash flow streams, discounted to the present time at an appropriate discount rate. This method is used to determine the present value of business on a going concern assumption. The DCF technique recognizes the time value of money. The value of the firm is arrived at by estimating the Free Cash Flow to Firm (FCFF) and discounting the same at the Weighted Average Cost of Capital (WACC). FCFF is estimated by forecasting free cash flows available to the firm (which are derived on the basis of the likely future earnings of the company). 3. Cost approach - The cost approach essentially estimates the cost of replacing the tangible assets of the business. The replacement cost takes into account the market value of various assets or the expenditure required to create the infrastructure exactly similar to that of a company being valued.	Comparable unobservable entity has been taken as a base for the valuation of unquoted equity shares and its management's own assumptions for arriving at a fair value such as projected cash flows used to value a business etc. As stated, highest priority is given to unadjusted quoted price of listed entities and lowest priority to non-market linked inputs such as future cash flows used in income approach.	The estimated fair value would increase(decrease) if: There is a change in pricing multiple owing to change in earnings of the entity. Considering the diverse asset and investment base of the Company with differing risk/return profiles, a sum of the parts approach has been adopted for the valuation. Under this method, the value of each distinct business/ asset/ investment has been arrived at separately and total value estimate for the Company presented as the sum of all its business/ investments/assets.

ii) Transfers between Levels 1 and 2

There have been no transfers between Level 1 and Level 2 during the reporting periods.

**Notes to Standalone financial statements for the year ended 31st March, 2025****Note 45 FINANCIAL INSTRUMENTS (FAIR VALUE MEASUREMENTS) AND FINANCIAL RISK MANAGEMENT (continued.....)****iii) Level 3 fair values**

Movements in the values of unquoted equity instruments for the period ended 31st March, 2025 and 31st March, 2024 is as below:

(₹ in Crores)

Particulars	Amount

As on 31 st March, 2024	10.00	(10.00)

C. FINANCIAL RISK MANAGEMENT

The Company has exposure to the following risks arising from financial instruments:

- Credit risk;
- Liquidity risk; and
- Market risk

i. Risk management framework

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework.

The Company has a well-defined Risk Management framework for reviewing the major risks and has adopted a Business Risk Management Policy which also takes care of all the financial risks. Further, pursuant to the requirement of Regulation 21 of SEBI (Listing obligation and disclosure Requirements) Regulation, 2015, the company has constituted a Risk Management Committee inter-alia to monitor the Risk Management Plan of the Company.

Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

ii. Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's trade receivables from customers and security deposits. The Company's maximum exposure to credit risk is limited to the carrying amount of financial assets recognized at reporting date.

**Notes to Standalone financial statements for the year ended 31st March, 2025****Note 45 FINANCIAL INSTRUMENTS (FAIR VALUE MEASUREMENTS) AND FINANCIAL RISK MANAGEMENT (continued.....)****Details of the credit risk specific to the company have been enumerated below:****(a) Trade and other receivables**

The Company's exposure to credit Risk is the exposure that Company has on account of goods sold or services rendered to a contractual counterparty or counterparties, whether with collateral or otherwise for which the contracted consideration is yet to be received. The Company's customer base are Industrial, Commercial-Non Commercial, Domestic and CNG.

The Commercial and Marketing department has established a credit policy for each category of customer viz. industrial, domestic, commercial, non-commercial and CNG.

The Company raises the invoice for quantities sold based on periodicity as per the agreement. Sales are subject to security deposit and/or bank guarantee clauses to ensure that in the event of non-payment the company's receivables are secured. In case of short/non receipt of security deposit/or bank guarantee, the Company is exposed to credit risk to that extent.

For sales to domestic customers for household purposes like cooking, geyser application, etc., invoices are raised periodically. Security deposits along with connection deposits are taken for mitigation of potential credit risk arising in the event of non-payment of invoices. Company is exposed to credit risk beyond the value of deposits.

CNG sales made through operators of the CNG stations owned by the Company and CNG Franchises outlet are exposed to credit risk as amounts so collected is deposited/transferred in company bank account on next working day. Bank Guarantee / Security Deposit is taken to mitigate the credit risk. In case of short/non receipt of security deposit/or bank guarantee, the Company is exposed to credit risk to that extent.

For CNG sales made through Oil Marketing Companies (OMCs), the Company raises the invoice for quantities sold based on periodicity as per the agreement. The OMCs are well established companies, where no significant credit risk is anticipated.

The Company provides for allowance for impairment that represents its estimate of expected losses in respect of trade and other receivables. All trade receivables are reviewed and assessed for default on regular basis. Our historical experience of collecting receivables, supported by the level of default, is that credit risk is low. Credit risk is considered high when the counter party fails to make contractual payment within 180 days of when they fall due. The risk is determined by considering the business environment in which the company operates and other macro economic factors.

Assets are written off when there are no reasonable expectation of recovery such as debtor declaring bankruptcy or failing to engage in a repayment plan with the Company. Where receivables have been written off the company continues to engage in enforcement activity to attempt to recover the receivables. where recoveries are made, these are recognised in the statement of profit and loss.

The maximum exposure to credit risk for trade and other receivables by geographic region was as follows:**(₹ in Crores)**

Particulars	Carrying amount	
	31 st March, 2025	31 st March, 2024
India	1,048.96	1,051.13
Other regions	-	-
Total	1,048.96	1,051.13

Expected credit loss for Trade receivables under Simplified Approach**(₹ in Crores)**

Particulars	Carrying amount	
	31 st March, 2025	31 st March, 2024
Neither past due nor impaired	859.70	870.97
Past due 1-180 days	141.80	94.79
Past due 181-365 days	11.29	15.41
Past due 366 to 1095 days	25.81	60.47
Greater than 1095 days	10.36	9.51
	1,048.96	1,051.13
Less: Expected credit losses (Allowance for bad and doubtful)	24.99	21.29
Carrying amount of Trade Receivable (net of impairment)	1,023.97	1,029.84

In addition to the historical pattern of credit loss, the Company has considered the likelihood of increased credit risk and consequential defaults considering emerging economic situations. The assessment is based on management estimates considering the nature of receivables and the market conditions.

**Notes to Standalone financial statements for the year ended 31st March, 2025****Note 45 FINANCIAL INSTRUMENTS (FAIR VALUE MEASUREMENTS) AND FINANCIAL RISK MANAGEMENT (continued.....)****Movement in Allowance for bad and doubtful Trade receivable****(₹ in Crores)**

Particulars	31 st March, 2025	31 st March, 2024
Opening Allowance for bad and doubtful Trade receivable	21.29	19.74
Add: Provision during the year	4.93	1.55
Less: Write off during the year	1.23	-
Closing Allowance for bad and doubtful Trade receivable	24.99	21.29

The impairment provisions above are based on management judgment / assumptions about risk of default and expected loss rates. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the company's past history as well as forward looking estimates at the end of each reporting period.

(b) Security deposits (Given)

Company has given security deposit to various government authorities (like Municipal corporation, Nagarpalika, Grampanchayat, Road & building division and Irrigation department -of Govt. of Gujarat etc.) for the permission related to work of executing / laying pipeline network in their premises / jurisdiction. Being government authorities, the Company has no major credit risk.

Movement in Allowance for bad and doubtful Security deposits-Project authority**(₹ in Crores)**

Particulars	31 st March, 2025	31 st March, 2024
Opening Allowance for bad and doubtful Security deposits	9.27	10.43
Provision during the year	0.72	1.42
Recovery/Adjustment during the year	(2.66)	(2.58)
Write off during the year	-	-
Closing Allowance for bad and doubtful Security deposits	7.33	9.27

The impairment provisions for financial assets – Security Deposit as disclosed above are based on management judgment / assumptions about risk of performance default. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the company's past history as well as forward looking estimates at the end of each reporting period.

(c) Other financial assets

The company maintains its Cash and cash equivalents, bank balances and deposits with financially strong banks and financial institutions having good reputation, good past track record and high quality credit rating and also reviews their credit-worthiness on an on-going basis.

Investments are made in credit worthy companies / group companies.

Loan and advances to employees are considered good in nature and hence the Company does not have exposure to any credit risk.

All other financial assets are of low credit risk and considered good.

iii. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. Short term liquidity requirements comprises mainly of trade payables arising in the normal course of business and is managed primarily through internal accruals and/or short term borrowings. Long term liquidity requirement is assessed by the management on periodical basis and managed through internal accruals as well as from undrawn borrowing facilities.

**Notes to Standalone financial statements for the year ended 31st March, 2025****Note 45 FINANCIAL INSTRUMENTS (FAIR VALUE MEASUREMENTS) AND FINANCIAL RISK MANAGEMENT (continued.....)****Financing arrangement**

The Company had access to the following undrawn borrowing facilities at the end of the reporting period:

(₹ in Crores)

Particulars	31 st March, 2025	31 st March, 2024
Floating rate		
Expiring within one year (working capital, bank overdraft and other facilities)	1,212.51	1,462.92
Expiring beyond one year (working capital, bank overdraft and other facilities)	-	-
Total	1,212.51	1,462.92

Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest payments and exclude the impact of netting agreements.

(₹ in Crores)

31 st March, 2025	Carrying amount	Undiscounted Contractual cash flows				
		Total	Less than 12 months	1-2 years	2-5 years	More than 5 years
Non-derivative financial liabilities						
Non-current borrowings	-	-	-	-	-	-
Non-current-Lease Liabilities	115.16	174.31	-	34.75	61.93	77.63
Current Borrowings	-	-	-	-	-	-
Lease Liabilities	34.82	43.14	43.14	-	-	-
Trade and other payables	719.94	719.94	719.94	-	-	-
Other current financial liabilities	1,987.17	1,987.17	1,987.17	-	-	-
Total	2,857.09	2,924.56	2,750.25	34.75	61.93	77.63

(₹ in Crores)

31 st March, 2024	Carrying amount	Undiscounted Contractual cash flows				
		Total	Less than 12 months	1-2 years	2-5 years	More than 5 years
Non-derivative financial liabilities						
Non-current borrowings	-	-	-	-	-	-
Non-current-Lease Liabilities	117.77	177.68	-	36.70	60.72	80.26
Current Borrowings	-	-	-	-	-	-
Lease Liabilities	32.49	40.56	40.56	-	-	-
Trade and other payables	700.21	700.21	700.21	-	-	-
Other current financial liabilities	1,908.19	1,908.19	1,908.19	-	-	-
Total	2,758.66	2,826.64	2,648.96	36.70	60.72	80.26

- Other current financial liabilities include customer deposits which are considered repayable on demand.
- The gross inflows/(outflows) disclosed in the above table represent the contractual undiscounted cash flows relating to non-derivative financial liabilities held for risk management purposes and which are not usually closed out before contractual maturity.

iv. Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk. Financial instruments affected by market risk include loans and borrowings, deposits and FVTOCI investments.

a) Currency risk

The functional currency of the Company is Indian Rupee (₹). The Company's transactions are majorly denominated in INR and the quantum of the foreign currency transactions being immaterial, the company is not exposed to currency risk on account of payables and receivables in foreign currency. The company does not have any exports. Import amount to 0.00 % (Previous Year 0.06 %) of total consumption of stores and spares, this is not perceived to be a major risk.

**Notes to Standalone financial statements for the year ended 31st March, 2025****Note 45 FINANCIAL INSTRUMENTS (FAIR VALUE MEASUREMENTS) AND FINANCIAL RISK MANAGEMENT (continued.....)****b) Interest rate risk**

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing investments will fluctuate because of fluctuations in the interest rates.

During the period, the Company does not have any long term borrowings at fixed rate and has not entered into interest rate swaps for its exposure to long term borrowings at floating rate.

(₹ in Crores)

Term Loan	31st March, 2025	31st March, 2024
Non-current - Borrowings	-	-
Current portion of Long term borrowings	-	-
Total	-	-

Sensitivity analysis

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of change in interest rates.

The Company does not account for any fixed-rate financial assets or financial liabilities at fair value through profit or loss, and the Company does not have any designate derivatives (interest rate swaps). Therefore, a change in interest rates at the reporting date would not affect profit or loss.

c) Commodity Price Risk

Risk arising on account of fluctuations in price of natural gas is mitigated by ability to pass on the fluctuations in prices to customers over period of time. The company monitors movements in the prices closely on regular basis.

d) Equity Price Risk

The Company do not have any investment in quoted equity shares hence not exposed to equity price risk.

Note 46 CAPITAL MANAGEMENT

Total equity as shown in the balance sheet includes equity share capital, general reserves and retained earnings.

There are no interest bearing loans and borrowings by the Company as on 31st March, 2025.

The Company's objectives when managing capital is to Safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders.

The Company's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Company will take appropriate steps in order to maintain, or if necessary adjust, its capital structure. The management monitors the return on capital as well as the level of dividends to shareholders.

The Company monitors capital using a ratio of 'adjusted net debt' to 'adjusted equity'. For this purpose, adjusted net debt is defined as total liabilities, comprising interest-bearing loans and borrowings, less cash and bank balances. Adjusted equity comprises all components of equity.

The Company's adjusted net debt to equity ratio is as follows:**(₹ in Crores)**

Particulars	As at 31st March, 2025	As at 31st March, 2024
Long term borrowings*	-	-
Total equity	8,453.65	7,689.26
Debt equity ratio	-	-
Long term borrowings*	-	-
Short term borrowings	-	-
Interest bearing borrowings	-	-
Less : Cash and bank balances	359.40	926.12
Adjusted net debt	-	-
Adjusted net debt to adjusted equity ratio	-	-

*There are no interest bearing loans and borrowings by the Company as on 31st March, 2025 and 31st March, 2024.

**Notes to Standalone financial statements for the year ended 31st March, 2025****Note 47 DISCLOSURE OF EMPLOYEE BENEFITS**

The Company has implemented Ind AS - 19 on "Employee Benefits".

(a) Contributions to Defined Contribution Plan, recognised as expense for the year are as under: (₹ in Crores)

Sr. No.	Particulars	For the year ended 31 st March, 2025	For the year ended 31 st March, 2024

	Present value of Defined Benefit Obligation	47.46	53.40	55.83	55.40	52.05
	Actuarial (Gain) / Loss on Plan Obligation	(6.24)	(4.24)	(3.18)	(0.91)	2.93
C. Long Service Award						
	Present value of Defined Benefit Obligation	1.34	1.14	1.05	1.00	0.97
	Actuarial (Gain) / Loss on Plan Obligation	-	-	-	-	-

(d) Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

(₹ in Crores)

Particulars	As at 31 st March, 2025			
	Increase		Decrease	
	Gratuity	Leave Encashment	Gratuity	Leave Encashment
Discount rate (0.5% movement)	81.90	44.70	91.06	50.48
Salary growth rate (0.5% movement)	90.91	50.40	81.99	44.74
Withdrawal rate (W.R.) varied by 10 %	86.06	47.29	86.52	47.64

(₹ in Crores)

Particulars	As at 31 st March, 2024			
	Increase		Decrease	
	Gratuity	Leave Encashment	Gratuity	Leave Encashment
Discount rate (0.5% movement)	82.80	50.15	92.16	56.96
Salary growth rate (0.5% movement)	91.99	56.85	82.91	50.22
Withdrawal rate (W.R.) varied by 10 %	86.99	53.16	87.56	53.65

(e) Gratuity Benefits Plan:

The benefit is governed by the Payment of Gratuity Act, 1972 (as amended). The Key features are as under:

Features of the defined benefit plan	Remarks
Benefit offered	15 / 26 × Salary × Duration of Service
Salary definition	Basic Salary including Dearness Allowance (if any)
Benefit ceiling	No ceiling
Vesting conditions	5 years of continuous service (Not applicable in case of death / disability)
Benefit eligibility	Upon Death or Resignation / Withdrawal or Retirement
Retirement age	60 years

(i) Entity's responsibilities for the governance of the plan:**Risk to the Plan**

Following are the risk to which the plan exposes the entity:

A Actuarial Risk:

It is the risk that benefits will cost more than expected. This can arise due to one of the following reasons:

- Adverse Salary Growth Experience: Salary hikes that are higher than the assumed salary escalation will result into an increase in Obligation at a rate that is higher than expected.
- Variability in mortality rates: If actual mortality rates are higher than assumed mortality rate assumption than the Gratuity benefits will be paid earlier than expected. Since there is no condition of vesting on the death benefit, the acceleration of cash flow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth and discount rate.
- Variability in withdrawal rates: If actual withdrawal rates are higher than assumed withdrawal rate assumption than the Gratuity benefits will be paid earlier than expected. The impact of this will depend on whether the benefits are vested as at the resignation date.

**Notes to Standalone financial statements for the year ended 31st March, 2025****Note 47 DISCLOSURE OF EMPLOYEE BENEFITS (continued.....)****B Investment Risk:**

For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.

C Liquidity Risk:

Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign / retire from the company there can be strain on the cash flows.

D Market Risk:

Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in Defined Benefit Obligation of the plan benefits & vice versa. This assumption depends on the yields on the corporate / government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.

E Legislative Risk:

Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation / regulation. The government may amend the Payment of Gratuity Act thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the Defined Benefit Obligation and the same will have to be recognized immediately in the year when any such amendment is effective.

- (ii) The company has participated in Group Gratuity Scheme Plan with Life Insurance Corporation of India (LIC), HDFC Life Insurance Co. Ltd, SBI Life Insurance Co. Ltd, Aditya Birla Sun Life Insurance Co. Ltd. and Bajaj Allianz Life Insurance Company Ltd (collectively referred as Insurance Co.) through Gratuity Trust to meet its gratuity liability. The present value of the plan assets represents the balance available at the end of the year. The total value of plan assets is as certified by the various life insurance co.

- (a) Composition of the plan assets:-

Particulars	As at 31 st March, 2025	As at 31 st March, 2024	As at 31 st March, 2023
Bank balance	0.00%	0.00%	0.00%
Policy of insurance	100.00%	100.00%	100.00%
Others	0.00%	0.00%	0.00%

- (b) The trustees of the plan have outsourced the investment management of the fund to an insurance company. The insurance company in turn manages these funds as per the mandate provided to them by the trustees and the asset allocation which is within the permissible limits prescribed in the insurance regulations. Due to the restrictions in the type of investments that can be held by the fund, it may not be possible to explicitly follow an asset-liability matching strategy to manage risk actively in a conventional fund.
- (c) Expected benefit payments for gratuity as on 31st March, 2025 (Undiscounted).

Particulars	1-3 years	4-5 years	6 years & Above
Cash flow (₹ in crores)	16.71	16.63	170.59
Distribution (in %)	8.20%	8.10%	83.70%

- (f) Expected benefit payments as on 31st March, 2025 for Privilege Leave encashment benefits (Undiscounted).

Particulars	1-3 years	4-5 years	6 years & Above
Cash flow (₹ in crores)	7.42	6.89	111.49
Distribution (in %)	5.90%	5.40%	88.70%

- (g) Other Notes:

- (i) The expected rate of return on Plan Assets is determined considering several applicable factors, mainly the composition of Plan Assets held, assessed risks, historical results of return on Plan Assets and the Company's policy for the Plan Assets management.
- (ii) The actuarial valuation takes into account the estimates of future salary increases, inflation, seniority, promotion and other relevant factors such as supply and demand in the employment market. The management has relied on the overall actuarial valuation conducted by the actuary.
- (iii) The company has provided long service award benefits to its employees who completed 15/20/25 Years of employment with company. Long Service Awards are recognised as a liability based on actuarial valuation of the defined benefit obligation as at the balance sheet date. Accordingly, expenses of ₹ 0.25 crores (previous year ₹ 0.16 crores) has been charged to the Statement of Profit and Loss towards Long service awards. The Company has recognised Current Liability of ₹ 0.14 crores (Previous year ₹ 0.07 crores) and Non-current Liability of ₹ 1.20 crores (Previous year ₹ 1.07 crores) as at 31st March, 2025 and Discount rate considered for current year is 6.80 % (previous year 7.20 %).

**Notes to Standalone financial statements for the year ended 31st March, 2025****Note 47 DISCLOSURE OF EMPLOYEE BENEFITS (continued.....)**

(iv) The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment benefits received Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the Code will come in to effect has not been notified.

The Company will assess the impact of the Code when it comes into effect and will record any related impact in the period when the Code becomes effective.

(v) All assets and liabilities of ESOP Trust had been liquidated during previous year and ESOP trust has been wound up in September 2023.

Note 48 RELATED PARTY TRANSACTIONS

As per the Indian Accounting Standard-24 on "Related Party Disclosures", list of parent & subsidiary of the Company are as follows.

(a) Parent Entity

Gujarat State Petroleum Corporation Limited (GSPC) - Ultimate Holding Company

Gujarat State Petronet Limited (GSPL) - Holding Company

(b) Subsidiary / Associate / Enterprise Controlled by the Company

Guj Info Petro Limited - GIPL - Associate

Gujarat Gas Limited Employees Group Gratuity Scheme - Enterprise controlled by the Company

Gujarat Gas Limited Employee Stock Option Welfare Trust - Enterprise controlled by the Company (dissolved on 30th September, 2023)

**Notes to Standalone financial statements for the year ended 31st March, 2025****Note 48 Related Party Transactions for the year ended 31st March, 2025 (Continued****Notes**

- 1 The company deals on regular basis with entities (apart from Group Companies) directly or indirectly controlled by the State Government of Gujarat. Such entities are collectively referred as "Government related entities" and includes companies in which Government of Gujarat has majority shareholding, government authorities, agencies, affiliations and other organizations. Apart from transactions with its group companies, the Company has transactions with government related entities, including but not limited to the followings:

- Sale and Purchase of Natural Gas
- Investment, renewal & redemption of funds/deposits
- Interest income from investments in deposits
- Payment of Dividend
- Rendering and Receiving Services
- Payment of Rent
- Use of Public Utilities

Below are the details of significant transactions carried with Government Related Entities. In order to determine the level of significance of the transaction with Government Related Entities, threshold limits have been considered as prescribed in the definition of "Material Related Party Transaction" of GGL's "Policy on Materiality of Related Party Transactions and dealing with Related Party Transactions".

(₹ in Crores)

Name of Related Party	Relationship	Nature of Transactions & Balances	For the Year ended 31 st March, 2025	For the Year ended 31 st March, 2024
Gujarat State Financial Services Limited - GSFS	Government Related Entity	Interest received - Income (including accrued Interest)	93.02	40.15
		Deposit - Placed/ Renewed	13,431.77	12,790.01

9 Figures INR 0.00 denotes amount less than INR 50,000/-.

Note 49 RECEIVABLES, CONTRACT ASSETS AND CONTRACT LIABILITIES**(WITH REFERENCE TO IND AS 115 - REVENUE FROM CONTRACTS WITH CUSTOMERS)****Revenue recognised in the statement of profit and loss:****Revenue from contracts with customers (refer note 31):**

Sale of Natural gas is the main activity of city gas distribution business and other operating income is incidental to sale of natural gas. Company sells and distributes natural gas in India.

Sale of natural gas includes excise duty but excludes VAT and GST collected from the customers on behalf of the Government. All the revenue mentioned above are earned by transfer of goods or services at a point of time.

Reconciliation of the amount of revenue recognised in the statement of Profit and Loss with the contracted price:

(₹ in Crores)

Particulars	For the year ended 31 st March, 2025	For the year ended 31 st March, 2024
Revenue as per contracted price	17,184.97	16,292.97
Adjustments :		
Provision for revenue contract price	-	-
Revenue from contract with customers	17,184.97	16,292.97

**Notes to Standalone financial statements for the year ended 31st March, 2025****Note 49 RECEIVABLES, CONTRACT ASSETS AND CONTRACT LIABILITIES (Continued.....)**

The following table provides information about receivables, contract assets and contract liabilities from contract with customers: (₹ in Crores)

Sr. No.	Particulars	As at 31 st March, 2025	As at 31 st March, 2024
(i)	Receivables		
	Trade receivables	873.95	890.68
	Unbilled Revenue	150.02	139.16
	Total Trade receivables	1,023.97	1,029.84
(ii)	Current Financial Liabilities - Others (Contract liabilities)		
	Security Deposits from customers (Including accrued interest)	1,574.97	1,469.64
	Security Deposit from customers towards MGO	131.46	130.74
	Total Current Financial Liabilities - Others (Contract Liabilities)	1,706.43	1,600.38
(iii)	Contract liabilities (Current Liabilities - Others)		
	Advance from customers	65.97	64.96
	Total contract liabilities (Current Liabilities - Others)	65.97	64.96
(iv)	Deferred Revenue*		
	Non-Current	75.99	73.05
	Current	12.10	11.84
	Total Deferred Revenue	88.09	84.89
(v)	Income recognised during the year out of opening balance of deferred revenue	11.64	11.83

* Deferred Revenue mainly includes connection, service and fitting income, yearly fees income etc.

Contract asset is the right to consideration in exchange for goods or services transferred to the customer. Contract liability is the entity's obligation to transfer goods or services to a customer for which the entity has received consideration from the customer in advance. Contract assets (unbilled receivables) are transferred to receivables when the rights become unconditional and contract liabilities are recognised as and when the performance obligation is satisfied.

Performance obligations - Connection, Service and Fitting Income

Connection charges from customers deferred over the period when the performance obligation is satisfied:

Industrial Customers: The performance obligations as per the contractual arrangement with the customer is to deliver gas over the tenure of the contract. Consequently, the connection charges is to be deferred over the contract period.

Domestic Customer: The connection charges is to be deferred over the period of delivery of gas. It is reasonably expected by the Company that the gas is procured by the customer and supplied by the Company on a perpetual basis. Consequently the connection charges are to be deferred over the useful life of the connection facility (i.e. 18 years).

Note 50 LEASES (Ind AS-116)

The Company has adopted Ind AS-116 'Leases', effective from 1st April, 2019, using modified retrospective approach.

Note 50.1 The Company as a lessee

The Company has taken various assets on lease primarily consist of leases for land, buildings, vehicles, Plant & machinery, Way leave charges and Hooking up charges. Under Ind AS-116, the Company recognises right-of-use assets and lease liabilities.

The weighted average incremental borrowing rate of 8.59% p.a. has been applied to lease liabilities recognised in the balance sheet at the date of initial application.

The likely weighted average incremental borrowing rate @ 7.75%-8.00% p.a. has been applied to lease liabilities recognised in the balance sheet during the year.

50.1.1 The Company used a number of practical expedients summarised here below:

- 1) Applied the exemption not to recognize right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application.
- 2) Applied the exemption not to recognize right-of-use assets and liabilities for leases of low value assets.

**Notes to Standalone financial statements for the year ended 31st March, 2025****Note 50 LEASES (Continued****50.1.2 Nature of the lease transaction:****Land Leases**

The Company has taken several plots of land on lease for setting up CNG, City Gas Station, CPRS/DPRS/DCS station and for site office purpose. The lease term mentioned in the agreements ranges from 11 months to 99 years. Lease agreements are renewable on mutually agreed terms and do not contain any non-cancellable period. In certain contacts, the Company is restricted from assigning and subletting the leased assets.

Building Leases

The Company has taken various office/warehouse buildings on lease with monthly and annual payment terms. The lease term mentioned in the agreements ranges from 11 months to 9 years. Most of the agreements are renewable on mutually agreed terms, some of them are having non - cancellable period whereas few agreements are silent on renewal. In certain contacts, the Company is restricted from assigning and subletting the leased assets.

Other Leases

The Company has also taken various commercial vehicles, CNG Cascade, booster compressor, way leave, hooking up facility (connectivity) and IT equipment etc. on lease. The lease term mentioned in the agreements ranges from 6 months to 25 years. Some portion of the lease rentals is based on usage of the equipment considered as variable lease payment. Lease rentals include lease and non lease component viz. manpower, fuel cost, repair and maintenance etc. and only hiring portion is considered for ROU accounting.

50.1.3 The following is the carrying amounts of Company's Right of use assets and the movement in lease liabilities during the year ended 31st March, 2025.

(₹ in Crores)

A	Particulars	Lease Assets*

The Company primarily operates in the segment of Natural Gas Business. Natural gas business involves distribution of gas from sources of supply to centres of demand and to the end customers. The Managing Director of the Company allocate resources and assess the performance of the Company, thus is the Chief Operating Decision Maker (CODM). The CODM monitors the operating results of the business as a one, hence no separate segment needs to be disclosed.

Information about products and service:

The Company is in a single line of business of Sale of Natural Gas.

Information about geographical areas:

1. The Company does not have geographical distribution of revenue outside India and hence segmentwise disclosure is not applicable to the Company.
2. None of the Company's assets are located outside India hence segmentwise disclosure is not applicable to the Company.

Information about major customers:

None of the customer account for more than 10% of the total revenue of the Company.

**Notes to Standalone financial statements for the year ended 31st March, 2025****Note 56 RECLASSIFICATION OF COMPARATIVE FIGURES**

Certain reclassifications have been made to the comparative period's financial statements to:

- enhance comparability and ensure consistency with the current year's financial statements; and
- ensure compliance with the Guidance Note on Division II - Ind AS Schedule III to the Companies Act, 2013.

The Company believes that such presentation is more relevant for understanding of the Company's performance. However, this does not have any impact on the profit, equity and cash flow statement for the comparative period.

Note 57 EVENTS OCCURRING AFTER THE BALANCE SHEET DATE

Adjusting events (that provides evidence of condition that existed at the balance sheet date) occurring after the balance sheet date are recognized in the financial statements. Material non adjusting events (that are inductive of conditions that arose subsequent to the balance sheet date) occurring after the balance sheet date that represents material change and commitment affecting the financial position are disclosed in the Board's Report. Further, the shareholders of the Company have the power to amend the financial statements after the same has been authorized for issue by Board of Directors as per the provisions of the Companies Act, 2013.

The Company evaluates events and transactions that occur subsequent to the balance sheet date but prior to approval of the financial statements to determine the necessity for recognition and/or reporting of any of these events and transactions in the financial statements. As on date of approval of these financial statements, there are no subsequent events to be recognized or reported that are not already disclosed.

Note 58 SCHEME OF AMALGAMATION AND ARRANGEMENT

The Board of Directors of the Company at its meeting held on 30th August, 2024, have approved a Composite Scheme of Amalgamation and Arrangement among Gujarat State Petroleum Corporation Limited (GSPC /Transferor Company), Gujarat State Petronet Limited (GSPL /Transferor Company), GSPC Energy Limited (GEL /Transferor Company), Gujarat Gas Limited (GGL/Transferee Company & Demerged Company) and GSPL Transmission Limited (GTL /Resulting Company) and their respective Shareholders under Sections 230 to 232 and other applicable provisions of the Companies Act, 2013 and rules made thereunder ("Scheme"). The Scheme, inter alia, provides for -

1. amalgamation of GSPC, GSPL and GEL with GGL with appointed date as 1st April, 2024;
2. post the amalgamation, demerger of "Gas Transmission Business Undertaking" into GTL with appointed date as 1st April, 2025 and
3. various other matters consequential or otherwise integrally connected therewith.

The Scheme is, inter alia, subject to sanction of the Ministry of Corporate Affairs (MCA) and receipt of necessary approvals from statutory and regulatory authorities.

Note 59 PREVIOUS YEAR FIGURES

Previous period figures have been re-grouped / re-classified wherever necessary, to conform to current period's presentation.

Consolidated Financial Statements

**REPORT OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA****COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6)(b) READ WITH SECTION 129(4) OF THE COMPANIES ACT, 2013 ON THE CONSOLIDATED FINANCIAL STATEMENTS OF GUJARAT GAS LIMITED FOR THE YEAR ENDED 31ST MARCH 2025.**

The preparation of consolidated financial statements of **Gujarat Gas Limited** for the year ended 31 March 2025 in accordance with the financial reporting framework prescribed under the Companies Act, 2013(Act) is the responsibility of the management of the company. The statutory auditors appointed by the Comptroller and Auditor General of India under section 139(5) read with section 129(4) of the Act are responsible for expressing opinion on the financial statements under section 143 read with section 129(4) of the Act based on independent audit in accordance with the standards on auditing prescribed under section 143(10) of the Act. This is stated to have been done by them vide their Audit Report dated 19 May 2025.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit of the consolidated financial statements of Gujarat Gas Limited for the year ended 31 March 2025 under section 143(6)(a) read with section 129(4) of the Act. We conducted a supplementary audit of the financial statements of Gujarat Gas Limited and Guj Info Petro Limited for the year ended on that date. Further, Section 139(5) and 143(6)(b) of the Act are not applicable to Gujarat Gas Limited Employees Welfare Stock Option Trust being private entity, neither for appointment of their Statutory Auditor nor for conduct of supplementary audit. Accordingly, Comptroller and Auditor General of India has neither appointed the Statutory Auditors nor conducted the supplementary audit of this Company. This supplementary audit has been carried out independently without access to the working papers of the statutory auditors and is limited primarily to inquiries of the statutory auditors and company personnel and a selective examination of some of the accounting records.

On the basis of my supplementary audit nothing significant has come to my knowledge which would give rise to any comment upon or supplement to Statutory Auditors' report under Section 143(6)(b) of the Act.

INDEPENDENT AUDITOR'S REPORT ON CONSOLIDATED FINANCIAL STATEMENT

To

The Members of Gujarat Gas Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying Consolidated Financial Statements of **Gujarat Gas Limited** (hereinafter referred to as "the Company") and its associate company Guj Info Petro Limited, which comprise the Consolidated Balance Sheet as at 31st March, 2025, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year ended on that date, and notes to the Consolidated Financial Statements, including a summary of the material accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (hereinafter referred to as "the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (hereinafter referred to as "Ind AS") and other accounting principles generally accepted in India, of their consolidated state of affairs of the Company as at 31st March, 2025, of the consolidated profit and total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (hereinafter referred to as "SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company and its associate in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (hereinafter referred to as "ICAI") together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

**INDEPENDENT AUDITOR'S REPORT ON CONSOLIDATED FINANCIAL STATEMENT**

Sr. No.	Key Audit Matter	Auditor's Response
1	Revenue recognition The Company is in the business of distribution of natural gas. The Holding Company has major types of customers such as industrial, commercial, non-commercial, domestic and CNG (including oil marketing companies). Revenue from sale of natural gas is considered as key audit matter as there is a risk of accuracy of recognition and measurement of gas sales in the Consolidated Financial Statements considering following aspects: • Different pricing structure for different types of customers and frequency of price change • Voluminous number of customers • Capturing Gas Consumption data in billing • Estimating unbilled revenue at the year-end • Extensive use of SAP and other IT systems for managing the billing operation	Principal audit procedures performed included the following: - Evaluated the design of internal control. - For evaluation of operative effectiveness of internal control: • Verified samples of gas sales invoices with relevant agreements executed with the customers, accuracy of pricing, consumption quantity, tax amount of invoices of major types of customers. • Site visit to understand flow of data. - Performed analytical procedures to verify number of bills generated during the year for each major type of customers as per their respective billing cycle. - On sample basis, verified: • Up-dation of Daily Consumption Quantity of gas of Industrial customers in the billing system. • Up-dation of prices of gas for all major types of customers in the billing system. • Sales invoices. - Verified subsequent realisation, on test check basis, of invoices generated for the month of March 2025. - Evaluated the appropriateness of accounting policies, related disclosure made and overall presentation in the Standalone Financial Statements in terms of Ind AS-115.
2	Contingent Liabilities Contingent Liabilities are for ongoing litigations and claims with various authorities and third parties. These relate to direct tax, indirect tax, claims and legal proceedings. Contingent liabilities are considered as key audit matters as the amount involved is significant and it also involves significant management judgement to determine possible outcome and future cash outflows of these disputes.	Principal audit procedure performed included the following: - Obtained details of disputed claims as on 31st March, 2025 from the management. - Discussed with the management about the significant judgment considered in determining possible outcome and future cash outflows of these disputes. - Verified relevant documents related to disputes. - Evaluated the appropriateness of accounting policies, related disclosure made and overall presentation in the Standalone Financial Statements in terms of Ind AS-37.

INDEPENDENT AUDITOR'S REPORT ON CONSOLIDATED FINANCIAL STATEMENT

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information consider whether the other information is materially inconsistent with the consolidated financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the Final Annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions as per applicable laws and regulations.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the Company and its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error which have been used for the purpose of the preparation of the consolidated financial statements by the Directors of the Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the Company and its associate are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Company and its associate are responsible for overseeing the financial reporting of the Company and its associate.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

INDEPENDENT AUDITOR'S REPORT ON CONSOLIDATED FINANCIAL STATEMENT

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the Company and its associate to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entity included in the consolidated financial statements of which we are the independent auditors. For the other entity included in the consolidated financial statements, which have been audited by other auditor, such other auditor remains responsible for the direction, supervision and performance of the audit carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

The Consolidated financial statements include the Company's share of net profit after tax of ₹ 4.49 crore and total comprehensive income of ₹ 4.44 crore for the year ended 31st March, 2025 as considered in the consolidated financial statements, in respect of one associate company, whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose report has been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the associate and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid associate, is based solely on the report of the other auditor.

Our opinion on the consolidated financial statements and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the report of the other auditors.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.
 - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e) As both the Company and its Associate Company are Government Companies, in terms of notification no. G.S.R 463 (E) dated 05th June, 2015, issued by Ministry of Corporate Affairs, the sub-section (2) of section 164 of the Act is not applicable.

**INDEPENDENT AUDITOR'S REPORT ON CONSOLIDATED FINANCIAL STATEMENT**

- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and its associate and the operating effectiveness of such controls, refer to our separate Report in terms of sub-sections (3) of Section 143 of the Act in **"Annexure – A"**. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) As both the Company and its Associate Company are Government Companies, in terms of notification no. G.S.R 463 (E) dated 05th June, 2015, issued by Ministry of Corporate Affairs, the sub-section (16) of section 197 of the Act is not applicable.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position of the Company and its associate in its consolidated financial statements – Refer Note 43 to the consolidated financial statements.
 - ii. The Company and its associate did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company and its associate.
 - iv. (a) The Managements of the Company has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (b) The Managements of the Company has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us on the Company nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) of the Companies (Audit and Auditors) Rules, 2014, as provided under (a) and (b) above, contain any material misstatement.
 - v. (a) The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with Section 123 of the Act, as applicable.
 - (b) The Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act, as applicable.
 - vi. Based on our examination, which included test checks and that performed by the respective auditors of the associate which is a company incorporated in India whose financial statements have been audited under the Act, the Company and its associate have used accounting software for maintaining its books of account for the financial year ended 31st March 2025 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we and respective auditors of the above referred associate did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the Company and above referred associate as per the statutory requirements for record retention.
2. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order"/ "CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the CARO report issued by other auditor of associate included in the consolidated financial statements of the Company, to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks in this CARO report.

**INDEPENDENT AUDITOR'S REPORT ON CONSOLIDATED FINANCIAL STATEMENT****ANNEXURE-A****TO THE INDEPENDENT AUDITOR'S REPORT**

(Referred to in paragraph 1 (f) under 'Report on Other Legal and Regulatory Requirements' section of our Independent Auditors Report of even date on the consolidated financial statements for the year ended 31st March, 2025 to the members of Gujarat Gas Limited)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31st March, 2025, we have audited the internal financial controls over the financial reporting with reference to consolidated financial statements of **Gujarat Gas Limited** ("the Company") and its associate, Guj Info Petro Limited which is company incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Company and its associate, which is company incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the these companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to consolidated financial statement based on our audit and based on the audit conducted by other auditors in respect of the associate company. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing (SA), prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to consolidated financial statements.

INDEPENDENT AUDITOR'S REPORT ON CONSOLIDATED FINANCIAL STATEMENT

Meaning of Internal Financial Controls with reference to consolidated financial statements

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company and its associate, which is company incorporated in India, have, in all material respects, an adequate internal financial controls system with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at 31st March, 2025, based on the internal control over financial reporting criteria established by these Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**CONSOLIDATED STATEMENT OF CASH FLOWS FOR THE YEAR ENDED 31ST MARCH, 2025****Notes to Statement of Cash Flows :**

- (i) The above Statement of Cash Flows has been prepared under the "Indirect Method" as set out in the Indian Accounting Standard IND AS- 7 on Statement of Cash Flows.
- (ii) Purchase of Property, plant and equipments and other Intangible assets are stated inclusive of movements of capital work in progress, assets under development and capital advances.
- (iii) Interest received is classified as investing cash flows and considered and presented as 'cash flows from investing activities' to the extent, it represents time value of money.
- (iv) Cash and cash equivalents comprise cash & bank balance and deposits with banks and financial institutions. The Company considers all highly liquid investments with original maturities of three months or less and that are readily convertible to known amounts of cash to be cash equivalents.
- (v) Refer note 50 for Reconciliation of lease liabilities under Financing Activities.
- (vi) Previous year figures have been regrouped and reclassified wherever considered necessary to conform to the current year's figures.

** Capital Reserve is created on account of Business combination transaction

Note (i): The 'Amalgamation and Arrangement Reserve' created pursuant to scheme of amalgamation and arrangement is treated as free reserve based on the judgment of Honourable Gujarat High Court dated 18th April, 2015 read with relevant other court decisions.

Note (ii): The Company has elected to recognise changes in the fair value of investments in equity securities in other comprehensive income. These changes are accumulated within the FVOCI equity investments reserve (Equity Instruments through OCI).

Note (iii): Accumulated balance of Remeasurements of post-employment benefit obligation, Gain/(Loss) net of tax, recognised in retained earnings is ₹ 3.05 crores (Previous year ₹ (2.58) crores).

Note (iv): Nature and purpose of each reserve is disclosed under note no. 19 - 'Other equity'.

Notes to Consolidated financial statements for the year ended 31st March, 2025

Note 1 – Corporate Information

1. Corporate Information

- a) Gujarat Gas Limited (GGL or "Company") (CIN : L40200GJ2012SGC069118) formerly known as GSPC Distribution Networks Limited (GDNL) is a public limited company domiciled in India and incorporated under the provisions of the Companies Act, 1956. GGL is a Government Company under section 2(45) of Companies Act 2013. Its shares are listed on Bombay Stock Exchange and National Stock Exchange in India.

The registered office is located at Gujarat Gas CNG Station, Sector 5/C, Gandhinagar - 382006.

The Company is engaged in Natural Gas Business in India. Natural gas business involves distribution of gas from sources of supply to centres of demand and to the end customers.

The scheme of amalgamation and arrangement was sanctioned by the Hon'ble Gujarat High Court at Ahmedabad vide its order dated 30th March, 2015 between the following transferor companies -

1. GSPC Gas Company Limited (GSPC Gas)
2. Gujarat Gas Company Limited (GGCL)
3. Gujarat Gas Financial Services Limited (GFSL)
4. Gujarat Gas Trading Company Limited (GTCL)

(Collectively called Transferor Companies)

with Gujarat Gas Limited (formerly known as GSPC Distribution Networks Limited-GDNL) (the transferee) under the Scheme of Amalgamation and Arrangement with an appointed date of 1st April, 2013. Subsequently, the company's name has been changed from GSPC Distribution Networks Limited to Gujarat Gas Limited (GGL) with effect from 15th May, 2015.

b) Authorization of financial statements

The Consolidated Financial Statements were approved and authorized for issue in accordance with a resolution passed in meeting of Board of the Directors held on 19th May, 2025.

c) Functional and Presentation Currency

The financial statements are presented in Indian rupee ₹ (INR), which is the functional and presentation currency of the Company.

Note 2 – Material Accounting Policies

This note provides a list of the material accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

Basis of Preparation

(i) Statement of Compliance with Ind AS

The consolidated financial statements has been prepared in accordance and comply in all material aspects with Indian Accounting Standards (Ind AS) notified and applicable under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act and read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended and Companies (Indian Accounting Standards) Amendment Rules, 2016 and relevant amendment rules issued thereafter.

Accordingly, the Company has prepared these Consolidated Financial Statements which comprise the Consolidated Balance Sheet as at 31st March, 2025, the Consolidated Statement of Profit and Loss for the year ended 31st March, 2025, the Consolidated Statement of Cash Flows for the year ended 31st March, 2025 and the Consolidated Statement of Changes in Equity for the year ended as on that date, and material accounting policies and other explanatory information (together hereinafter referred to as 'Consolidated Financial Statements' or 'financial statements').

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013.

(ii) Historical cost convention

The financial statements are prepared as a going concern on accrual basis of accounting under historical cost convention, except for the following:

- certain financial instruments measured at fair value;
- defined benefit plans - plan assets measured at fair value; and

**Notes to Consolidated financial statements for the year ended 31st March, 2025****(iii) Principles of consolidation and equity accounting**

The consolidated Financial Statements of the Company represents consolidation of Company's Financial Statements with Guj Info Petro Limited (GIPL), an associate company

Name of the Undertaking	Relationship	Country of Incorporation	Proportionate beneficial ownership interest/voting power
Guj Info Petro Limited (GIPL)	Associate	India	49.94%

The Company controlled the Gujarat Gas Limited Employees Welfare Stock Option Trust (ESOP Trust) as per the requirements of Ind AS-110 - Consolidated Financial Statements. Accordingly, the same had been consolidated as a 100 % sole controlled entity upto 30th September, 2023. All assets and liabilities of ESOP Trust had been liquidated in the quarter ended on 30th September, 2023 and ESOP trust had been wound up.

Associates

Investment in associate has been accounted for using Equity Method in accordance with Ind AS-28 - Investments in Associates and Joint Ventures. Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the Company's share of the post-acquisition profits or losses of the investee in profit and loss, and the Company's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint ventures are recognised as a reduction in the carrying amount of the investment.

Any excess / short of the amount of Investment in an associate over the cost of acquisition at the date of Investment is considered as Capital Reserve and has been included in carrying amount of Investment and disclosed separately. The carrying amount of Investment is adjusted thereafter for the post acquisition changes in the Share of net Asset of associate.

When the Company's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Company does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the Company and its associates are eliminated to the extent of the Company's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Company.

The financial statements of associates are prepared up to the same reporting date as that of the company i.e. 31st March, 2025 for the current year, 31st March, 2024 for the comparative year.

Use of estimates and judgements

The presentation of the financial statements are in conformity with the Ind AS which requires the management to make estimates, judgments and assumptions that affect the reported amounts of assets and liabilities, revenues and expenses and disclosure of contingent liabilities. Such estimates and assumptions are based on management's evaluation of relevant facts and circumstances as on the date of financial statements. The actual outcome may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to the accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment within the next financial year are included in the following notes:

Note 3.1 & 5.1:	Useful lives of property, plant and equipment and intangible assets
Note 12:	Recognition and measurement of unbilled gas sales revenue
Note 26, 27, 28 & 29:	Recognition and measurement of other provisions
Note 40:	Current/deferred tax expense (Including estimates for Uncertain tax treatments)
Note 43 :	Contingent liabilities and assets
Note 45:	Expected credit loss for receivables
Note 45:	Fair valuation of unlisted securities
Note 47:	Measurement of defined benefit obligations
Note 5.3 & 50:	Definition of Lease, lease term and discount rate

Notes to Consolidated financial statements for the year ended 31st March, 2025

(a) Property, Plant and Equipment

Property plant and equipment are stated at their cost of acquisition / construction less depreciation and impairment, if any. The cost comprises of the purchase price and any attributable cost for bringing the asset to its working condition for its intended use; like freight, duties, taxes and other incidental expenses, net of CENVAT or Goods and service tax (GST) credit.

The Company capitalises to project assets all the cost directly attributable and ascertainable, to completing the project. These costs include expenditure of pipelines, plant and machinery, cost of laying of pipeline, cost of survey, commissioning and testing charge, detailed engineering and interest on borrowings attributable to acquisition of such assets. The gas distribution networks are treated as commissioned when supply of gas commences to the customer(s). Considering the voluminous data and materiality involved, the Pipeline Network project assets and connection equipment project assets are capitalized at the end of the month in which the assets are commissioned and completed.

Subsequent expenditures, including replacement costs where applicable, incurred for an item Property plant and equipment are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is de-recognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Component accounting of assets: If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment. The Company has identified, reviewed, tested and determined the componentisation of the significant assets.

Assets installed at customer premises, including meters and regulators where applicable, are recognised as property plant and equipment if they meet the definition provided under Ind AS 16 subject to materiality as determined by the management and followed consistently.

Any item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is charged to revenue in the income statement when the asset is derecognised.

The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset.

On transition to Ind AS, the Company had elected to carry forward the previous GAAP net carrying value of all its property, plant and equipment recognized as at 1st April, 2015 as the deemed cost.

Capital work in Progress:

Capital Work in Progress includes expenditure incurred on assets, which are yet to be commissioned and capital inventory, which comprises stock of capital items/construction materials at respective city gas network.

All the directly identifiable and ascertainable expenditure, incidental and related to construction incurred during the period of construction on a project, till it is commissioned, are kept as Capital work in progress (CWIP) and disclosed under 'Capital work-in-progress' and after commissioning the same is transferred / allocated to the respective category of property, plant and equipment.

Further, advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date are classified as capital advances under other non-current assets.

(b) Investment Properties

Investment properties comprises of free hold or lease hold land and building that are held for rental yield and/or capital appreciation.

Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed as and when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognised.

On transition to Ind AS, the Company had elected to carry forward the previous GAAP net carrying value of all its investment property recognized as at 1st April, 2015 as the deemed cost.

Notes to Consolidated financial statements for the year ended 31st March, 2025

(c) Intangible assets

Intangible assets are stated at cost less accumulated amortization and impairment. Intangible Assets includes amount paid towards obtaining the Right of Use (ROU) of land and Right of Way (ROW) permissions for laying the gas pipeline network and cost of developing software for internal use. The Company capitalises software as Intangible Asset where it is expected to provide future enduring economic benefits. Cost associated with maintaining software programmes are recognised as expenses as and when incurred.

Any item of intangible assets is derecognised upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the intangible asset (calculated as the difference between the net disposal proceeds and the carrying amount of the intangible asset) is charged to revenue in the income statement when the intangible asset is derecognised.

On transition to Ind AS, the Company had elected to carry forward the previous GAAP net carrying value of all its intangible assets recognized as at 1st April, 2015 as the deemed cost.

(d) Depreciation and amortisation methods, estimated useful lives and residual values

Depreciation is calculated to systematically allocate the cost of property, plant and equipment, intangible asset and investment property net of the estimated residual values over the estimated useful life. Freehold land is not depreciated. Depreciation is computed using Straight Line Method (SLM) over the useful lives of the assets as specified in Schedule II to the Companies Act, 2013, read with the following notes:

- i. The Schedule specifies useful life of Pipelines as 30 years for those used in exploration, production and refining of oil and gas. The Company has considered the useful life of 30 years for the pipelines used in city gas distribution business.
- ii. City gas stations, skids, pressure regulating stations, meters and regulators are estimated to have useful life of 18 years based on technical assessment made by technical expert and management.
- iii. Cost of mobile phones, are expensed off in the year of purchase.
- iv. Temporary building structures are estimated to have useful life of 1 year.

The management believes that these useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used. The useful lives are reviewed by the management at each financial year end and revised, if appropriate. In case of a revision, the unamortised depreciable amount (remaining net value of assets) is charged over the revised remaining useful lives.

Based on management estimate, residual value of 5% is considered for respective tangible assets except for the Pipeline Network assets which are shown as the Plant and Equipment at Note No. 3.1 – Property, Plant and Equipment where the residual value is considered to be NIL as the said assets technically and commercially not feasible to extract from underground.

The residual values, useful lives and methods of depreciation of property, plant and equipment (PPE) are reviewed at the end of each financial year and adjusted prospectively if appropriate.

Component accounting of assets: If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment and accordingly depreciated at the useful lives specified as above.

Depreciation on items of property, plant and equipment acquired / disposed off during the year is provided on pro-rata basis with reference to the date of addition / disposal.

Investment properties, if any, are depreciated based on the useful life on a Straight Line basis prescribed in Schedule II to the Companies Act, 2013.

Intangible assets are amortized over their individual estimated useful lives on a Straight Line basis, commencing from the year in which the same are available to the company for its intended use. The useful lives as estimated by the management for the intangible assets are as follows:

- I. Right of Way (ROW) Permissions 30 Years
(Considered more than 10 years as inextricably linked and dependent on the useful life of pipeline networks as referred above for which the Right of Way has been obtained).
- II. Software 6 Years

No amortisation is charged on Right of Use (RoU) of land being perpetual in nature. The same is tested for impairment based on principles of Ind AS-36.

Notes to Consolidated financial statements for the year ended 31st March, 2025

The Company has constructed / installed CNG stations' buildings and machineries, on land taken on lease from various lessor under lease deed for periods ranging from 35 years to 99 years. However, assets constructed / installed on such land have been depreciated at useful lives as referred above.

Capital assets /facilities installed at the customers' premises on the land of the customers/CNG franchisee whose ownership is not with the company have been depreciated at the useful lives specified as above.

(e) Impairment of non-financial assets

In accordance with Ind AS-36 on "Impairment of Assets" at the balance sheet date, non-financial assets are reviewed for impairment losses whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the asset/cash generating unit is made. Assets whose carrying value exceeds their recoverable amount are written down to the recoverable amount. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Assessment is also done at each Balance Sheet date as to whether there is any indication that an impairment loss recognized for an asset in prior accounting periods may no longer exist or may have decreased.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of profit and loss, except for properties previously revalued with the revaluation surplus taken to Other Comprehensive Income (OCI). For such properties, the impairment is recognised in OCI up to the amount of any previous revaluation surplus.

(f) Revenue recognition

i) Revenue from operation

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of discounts and rebates, if any, as part of the contract in the normal course of the Company's activities.

Income is recognized in the income statement when the control of the goods or services has been transferred. The amount recognised as revenue is stated inclusive of excise duty and exclusive of sales tax /value added tax (VAT) and Goods and service tax (GST).

Revenue from sale of Natural Gas is recognized at the point in time when control is transferred to the customer, generally on delivery of the gas on metered/assessed measurements facility. Sales are billed bi-monthly cycle for domestic customers, monthly/fortnightly cycle for commercial and non-commercial customers and fortnightly / 10 days cycle basis for industrial customers.

Revenue from sale of Compressed Natural Gas (CNG) is recognized at the point in time when control is transferred to the customer, generally on delivery of the gas to consumers from retail outlets and is billed weekly / fortnightly cycle in case of OMC customers.

Revenue recognised towards supply of natural gas already occurred for the period from the end of the last billing date to the Balance Sheet date has been reflected under "Trade receivables"(which refer as unbilled revenue) which is calculated based on customer wise previous average consumption.

Gas transmission income is recognized over the period in which the related volumes of gas are delivered to the customers.

Commitments (take or pay charges) income from customers for gas sales and gas transmission is recognized on accrual basis in the period to which it relates to.

In case of industrial customers, non-refundable charges for initial or additional gas connection collected from the customers is deferred over the period of contract with respective customers and in case of domestic & commercial customers is deferred over the useful life of the asset.

Revenue of yearly fees income is recognised on accrual basis over the period, on time proportion basis, considering the terms of the underlying contract with customers. For Domestic customers, as the amount for yearly fees is collected post completion of the year, unbilled yearly fees is calculated on time proportionate basis from the due date to the Balance Sheet date and the same is disclosed under "Trade receivables" (which refer as unbilled revenue)." For Commercial/Non-Commercial customers, Yearly fees is billed in advance to the customers calculated based on time proportionate basis is deferred over such period and the same is disclosed under Other current liabilities as "Deferred revenue".

**Notes to Consolidated financial statements for the year ended 31st March, 2025****ii) Other income**

Revenue in respect of interest/ late payment charges on delayed realizations from customers and cheque bounce charges, if any, is recognized on grounds of prudence and on the basis of certainty of collection.

Liquidated damages, if any are recognized at the time of recording the purchase of materials in books of accounts and the matter is considered settled by the management.

Interest income is recognized on time proportion basis taking into account the amount outstanding and the rate applicable. Interest income is recognised using effective interest method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through expected life of the financial asset to the gross carrying amount of the financial asset. When calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

Dividend income is recognised, when the right to receive the dividend is established by the reporting date.

Investment property rental income is recognised as revenue on accrual basis as per the terms of the underlying contract.

Other operating income and misc. income are accounted on accrual basis as and when the right to receive arises.

(g) Leases

The Company's leased asset classes primarily consist of leases for land, buildings, plant & machinery equipment's, vehicles, way leave charges and hooking up charges.

Under Ind AS- 116, the Company assesses whether a contract contains a lease, at the inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether

- the contract involves the use of identified asset;
- the Company has substantially all of the economic benefits from the use of the asset through the period of lease; and
- the Company has right to direct the use of the asset.

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS- 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals/termination options) and the applicable discount rate.

Company as a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

Certain lease arrangement includes the options to extend or terminate the lease before the end of the lease term. The right-of-use assets and lease liabilities includes these options when it is reasonably certain that the option will be exercised.

The right-of-use asset is subsequently amortized using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

Lease payments included in the measurement of the lease liability comprises of fixed payments, including in-substance fixed payments, amounts expected to be payable under a residual value guarantee and the exercise price under a purchase option that the Company is reasonably certain to exercise, lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if Company changes its assessment of whether it will exercise a purchase, extension or termination option.

**Notes to Consolidated financial statements for the year ended 31st March, 2025**

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Modifications to a lease agreement beyond the original terms and conditions are generally accounted for as a re-measurement of the lease liability with a corresponding adjustment to the ROU asset. Any gain or loss on modification is recognized in the Statement of Profit & Loss. However, the modifications that increase the scope of the lease by adding the right to use one or more underlying assets at a price commensurate with the stand-alone selling price are accounted for as a separate new lease. In case of lease modifications, discounting rates used for measurement of lease liability and ROU assets is also suitably adjusted.

Lease liability and ROU lease asset have been separately presented in the Balance Sheet and lease payments have been classified as cash flows from financing activities.

Short-term leases, low-value assets and others:

The Company has elected not to recognise right-of-use assets and lease liabilities for short term leases that have a lease term of less than or equal to 12 months with no purchase option and assets with low value leases.

The lease payments associated with leases assets that have lease period of 12 months or less, remaining lease period of 12 months or less as on transition date, rental charges of low value assets, component of taxes of ROU lease charges, non-lease component viz. manpower, fuel cost, repair and maintenance is recognised as an expense in the Statement of Profit and Loss over the lease term. The related cash flows are classified as operating activities.

As a lessor**Finance lease**

Leases for which the Company is a lessor is classified as finance or operating leases. When the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

All assets given on finance lease are shown as receivables at an amount equal to net investment in the lease. Principal component of the lease receipts is adjusted against outstanding receivables and interest income is accounted by applying the interest rate implicit in the lease to the net investment.

Operating lease

Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the term of the relevant lease. In case of modification of contractual terms, the same is accounted as a new lease, considering any prepaid or accrued lease payments relating to the original lease as part of the lease payments for the new lease.

(h) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Asset**Initial Recognition**

A financial asset or a financial liability is recognised in the balance sheet only when, the Company becomes party to the contractual provisions of the instrument.

Initial Measurement

At initial recognition, the Company measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability, except trade receivables that do not contain a significant financing component, are measured at transaction price.

Subsequent Measurement

For purpose of subsequent measurement, financial assets are classified into:

- Financial assets measured at amortised cost;
- Financial assets measured at fair value through profit or loss (FVTPL); and
- Financial assets measured at fair value through other comprehensive income (FVTOCI).

**Notes to Consolidated financial statements for the year ended 31st March, 2025**

The Company classifies its financial assets in the above mentioned categories based on:

- The Company's business model for managing the financial assets, and
- The contractual cash flows characteristics of the financial asset.

A financial assets is measured at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- The contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.

A financial asset is measured at fair value through other comprehensive income if both of the following conditions are met:

- The financial asset is held within a business model whose objective is achieved by both collecting the contractual cash flows and selling financial assets and
- The assets contractual cash flows represent SPPI.

A financial asset is measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income. In addition, the Company is elected to designate a financial asset, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Equity Investments:

All equity investments in scope of Ind AS-109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company has made an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to statement of profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity. Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Profit and Loss.

De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

1. The contractual rights to the cash flows from the financial asset have expired, or
2. The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either
 - i) The Company has transferred substantially all the risks and rewards of the asset, or
 - ii) The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Notes to Consolidated financial statements for the year ended 31st March, 2025

Embedded foreign currency derivative

Embedded foreign currency derivatives are not separated from the host contract if they are closely related. Such embedded derivatives are closely related to the host contract, if the host contract is not leveraged, does not contain any option feature and requires payments in one of the following currencies:

- the functional currency of any substantial party to that contract,
- the currency in which the price of the related good or service that is acquired or delivered is routinely denominated in commercial transactions around the world,
- a currency that is commonly used in contracts to purchase or sell non-financial items in the economic environment in which the transaction takes place (i.e. relatively liquid and stable currency).

Foreign currency embedded derivatives which do not meet the above criteria are separated and the derivative is accounted for at fair value through profit and loss. The Company currently does not have any such derivatives which are not closely related.

Impairment of Financial Assets

The Company assesses impairment based on expected credit loss (ECL) model to the following:

- Financial assets measured at amortised cost
- Financial assets measured at fair value through other comprehensive income

Expected credit losses are measured through a loss allowance at an amount equal to:

- The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full time expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables or contract revenue receivables. Under the simplified approach, the Company is not required to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs together with appropriate management estimates for credit loss at each reporting date, right from its initial recognition.

The Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss. This amount is reflected under the head 'other expenses' in the statement of Profit and Loss. The balance sheet presentation for various financial instruments is described below:

- Financial assets measured as at amortised cost and contractual revenue receivables - ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the company does not reduce impairment allowance from the gross carrying amount.
- Financial assets measured at FVTOCI - Since financial assets are already reflected at fair value, impairment allowance is not further reduced from its value. Rather, ECL amount is presented as accumulated impairment amount in the OCI.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

The Company does not have any purchased or originated credit-impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase/ origination.

Financial Liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss for loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, and financial liabilities measured at amortised value as appropriate.

All financial liabilities are recognised initially at fair value and, in case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loan and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

**Notes to Consolidated financial statements for the year ended 31st March, 2025****Subsequent measurement**

- Financial liabilities measured at amortised cost
- Financial liabilities subsequently measured at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognised in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS-109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to Profit and Loss. However, the Company is transferred the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The Company has not designated any financial liability as at fair value through profit and loss.

Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS-109 and the amount recognised less cumulative amortisation.

Loan and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Trade and other payables

These amounts represent liability for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

Lease liabilities

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Subsequently, the lease liability is measured at amortised cost using the effective interest rate method.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

(i) Inventories

Inventory of Gas (including inventory in pipeline and CNG cascades) is valued at lower of cost and net realizable value. Cost is determined on weighted average cost method. Volume of gas in cascades and pipeline are estimated on volumetric basis.

Stores, spares and consumables are valued at lower of cost and net realizable value. Cost is determined on moving weighted average basis (net off provision for diminution in value, if any).

Inventories of Project materials (capital Inventory) are valued at cost on moving weighted average basis (net off provision for diminution in value, if any).

Notes to Consolidated financial statements for the year ended 31st March, 2025

(j) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

(k) Fair Value Measurement

The Company measures certain financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as under, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company's management determines the policies and procedures for both recurring fair value measurement, such as unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for distribution in discontinued operations. The management comprises of the Managing Director and Chief Financial Officer.

External valuers are involved for valuation of significant assets, such as unquoted financial assets. Involvement of external valuers is decided upon annually and approval by the management. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. Valuers are normally rotated every three years. The management decides, after discussions with the Company's external valuers, which valuation techniques and inputs to use for each case.

At each reporting date, the management analyses the movements in the values of assets and liabilities which are required to be re-measured or re-assessed as per the Company's accounting policies. For this analysis, the management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation.

The management, in conjunction with the Company's external valuers, also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes. (Refer note 45)

1. Disclosures for valuation methods, significant estimates and assumptions.
2. Quantitative disclosures of fair value measurement hierarchy.
3. Investment in unquoted equity shares.
4. Financial instruments (including those carried at amortised cost).

Notes to Consolidated financial statements for the year ended 31st March, 2025

(l) Employee Benefits

Employees Benefits are provided in the books as per Ind AS - 19 on "Employee Benefits" in the following manner:

A. Post-employment benefit plans

I. Defined Contribution Plan

Contribution towards provident fund for eligible employees are accrued in accordance with applicable statutes and deposited with the regulatory provident fund authorities (Government administered provident fund scheme). The Company does not carry any other obligation apart from the monthly contribution.

The Company contributes under the National Pension System scheme for eligible employees at a rate specified in the rules of the scheme and deposited with concerned agency/authority.

The Company's contribution is recognised as an expense in the statement of Profit and Loss during the period in which the employee renders the related service.

II. Defined benefit plan

The company provides for gratuity, a defined benefit plan covering eligible employees in accordance with the Payment of Gratuity Act, 1972, through an approved Gratuity Fund. The Gratuity Fund is separately administered through a Trust/Scheme. Contributions in respect of gratuity are made to the approved Gratuity Fund.

The Company's liability is actuarially determined by qualified actuary (using the Projected Unit Credit method) at the end of each year and is recognized in the Balance sheet as reduced by the fair value of Gratuity Fund. Actuarial losses/ gains are recognized in the Statement of Other Comprehensive Income in the year in which they arise.

III. Long term employee benefits

The liability in respect of accrued leave benefits which are expected to be availed or en-cashed beyond 12 months from the end of the year, is treated as long term employee benefits.

The Company's liability for leave benefits are actuarially determined by qualified actuary at balance sheet date by using the Projected Unit Credit method. Actuarial losses/ gains are recognized in the Statement of Profit and Loss in the year in which they arise.

B. Other Long Term Service benefits

- Long Service Award (LSA):

On completion of specified period of service with the company, employees are rewarded with Cash Reward of different amount based on the duration of service completed.

The Company's liability is actuarially determined by qualified actuary at balance sheet date at the present value of the amount payable for the same. Actuarial losses/ gains are recognized in the Statement of profit and loss in the year in which they arise.

C. Short term employee benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered by employees is recognized during the period when the employee renders the services. Short term employee benefits includes salary and wages, bonus, incentive, ex-gratia, death compensation and also includes accrued leave benefits, which are expected to be availed or en-cashed within 12 months from the end of the year.

(m) Taxation

Income tax expenses comprises current tax (i.e. amount of tax for the period determined in accordance with the Income Tax Law) and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the period). Income tax expenses are recognised in statement of profit or loss except tax expenses related to items recognised directly in reserves (including statement of other comprehensive income) which are recognised with the underlying items.

Income Taxes

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Notes to Consolidated financial statements for the year ended 31st March, 2025

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period i.e. as per the provisions of the Income Tax Act, 1961, as amended from time to time. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation including amount expected to be paid / recovered for uncertain tax positions. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Advance taxes and provisions for current income taxes are presented in the balance sheet after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction for relevant tax paying units and where the Company is able to and intends to settle the asset and liability on a net basis.

Deferred Taxes

Deferred tax is provided in full on temporary difference arising between the tax bases of the assets and liabilities and their carrying amounts in financial statements at the reporting date. Deferred tax are recognised in respect of deductible temporary differences being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods, the carry forward of unused tax losses and the carry forward of unused tax credits.

Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, branches and associates and interest in joint arrangements where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary differences can be utilised.

Deferred tax liabilities are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, branches and associates and interest in joint arrangements where it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and considers whether it is probable that a taxation authority will accept an uncertain tax treatment. The Company measures its tax balances either based on the most likely amount or the expected value, depending on which method provides a better prediction of the resolution of the uncertainty.

(n) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provision for contractual obligation is disclosed based on management's assessment of the probable outcome with reference to the available information supplemented by experience of similar transactions. When the Company expects some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

Provision in respect of loss contingencies relating to claims, litigation, assessment, fines, penalties etc. are recognised when it is probable that a liability has been incurred and the amount can be estimated reliably.

Notes to Consolidated financial statements for the year ended 31st March, 2025

Provisions are not recognised for future operating losses. Provisions for restructuring are recognised by the Company when it has developed a detailed formal plan for restructuring and has raised a valid expectation that the Company will carry out the restructuring by starting to implement the plan or announcing its main features to those affected by it.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period and are not discounted to present value. The estimates of outcome and financial effect are determined by the judgment of the management, supplemented by experience of similar transactions and, in some cases, reports from independent experts.

The measurement of provision for restructuring includes only direct expenditures arising from the restructuring, which are both necessarily entailed by the restructuring and not associated with the ongoing activities of the Company.

Contingent liability is disclosed in the case of:

1. A present obligation arising from the past events, when it is not probable that an outflow of resources will be required to settle the obligation;
2. A present obligation arising from the past events, when no reliable estimate is possible;
3. A possible obligation arising from the past events, unless the probability of outflow of resources is remote.

Contingent liabilities are not provided for and if material, are disclosed by way of notes to financial statements.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity.

Contingent assets are not recognised in financial statements since this may result in the recognition of income that may never be realised. However, Contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

A contingent asset is disclosed by way of notes to financial statements, where an inflow of economic benefits is probable.

Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date.

(o) Exceptional Items

Certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the Company is such that its disclosure improves the understanding of the performance of the Company, such income or expense is classified as an exceptional item and accordingly, disclosed in the notes accompanying to the financial statements.

(p) Prior Period Adjustments and Pre-paid Expenses.

Income / expenditure in aggregate pertaining to prior year(s) above the threshold limit are corrected retrospectively. Prepaid expenses up to threshold limit in each case, are charged to revenue as and when incurred.

(q) Rounding off

All amounts disclosed / presented in Indian Rupees (INR) in the financial statements and notes have been rounded off to the nearest two decimals of Crores as per the requirements of Schedule III, unless otherwise stated.

(r) Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended 31st March, 2025, MCA has notified Ind AS- 117 Insurance Contracts and amendments to Ind AS- 116 – Leases, relating to sale and leaseback transactions, applicable to the Company w.e.f. 1st April, 2024. The Company has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in its financial statements.

The Company is engaged in the business of City Gas Distribution (CGD) in India which involves distribution of gas from sources of supply to the end user customers. The CGD project is designed considering demand, supply and future requirements based on the facilities envisaged for CGD network in authorised areas for 25 years on the basis of authorization from Petroleum and Natural Gas Regulatory Board (PNGRB) to lay, build, operate or expand city or local natural gas distribution network. On the basis of demand projections, the CGD network is planned. Project execution plans are modulated on the basis of continuous ongoing expansion and all the projects are executed and expanded on ongoing basis as per rolling annual plan. Hence, it is considered that there is no project whose completion is overdue or has exceeded its cost compared to its original plan.

Total Intangible Assets	657.40	88.57	0.02	-	745.95	27.36	208.58	476.16

Note 5.1.1. Right-of-Way (ROW) Permissions: The useful lives of Right-of-Way (ROW) Permissions as estimated by the management for the amortization is 30 years. The useful lives of ROW Permission are inextricably linked with the pipeline networks being laid, which corresponds with the useful life of 30 years of Plant and Machinery - Pipelines network for which the Right-of-Way (ROW) Permission has been obtained. The Useful life of 30 years of the Right-of-Way (ROW) Permissions is dependent on the useful life of Plant and Machinery - Pipelines i.e. Pipeline network of the company.

Note 5.1.2 Right-of-Use (ROU): The company acquires the 'Right-of-Use' (hereinafter referred to as 'ROU') for the purpose of laying and maintenance of the underground pipeline and vests in the company and the company has the right-to-use the same in the manner for which it has been acquired. The acquisition of ROU is governed by the legal process as per the Act, the company has paid the compensation / consideration of the ROU - land determined by the competent authority under the Act and any person authorised by the company, have unrestricted right of entry and lay pipeline or do any other act necessary for the purpose of laying of pipeline.

The company has disclosed the cost incurred for acquisition of ROU as 'Right-of-use' in the Intangible Asset schedule. Since the ROU does not have a defined life, it is perpetual in nature. Accordingly based on requirements of Ind AS- 36 - Intangible Assets, the same is tested for impairment and not amortised.

Note 5.1.3 Impairment of Assets: There is no impairment of any assets in terms of Ind AS- 36 on "Impairment of Assets". Based on the review, the management is of the opinion that there are no impairment indicators that necessitate any adjustments to the carrying value of intangible assets.

Note 5.1.4 Refer to note 43 for disclosure of contractual commitments for the acquisition of intangible assets.

Note 5.1.5 The company has not carried out revaluation of Intangible assets.

Note 5.1.6 The company has elected to measure all its Intangible assets at the previous GAAP carrying amount i.e. 31st March, 2015 as its deemed cost on the date of transition to Ind AS i.e. 1st April, 2015.

Note 5.1.7 There is no restriction on the title of intangible assets.

Note 5.1.8 "Other adjustment" in current financial year 2024-25 includes change of classification from ROW Permissions to ROU Assets (Lease) ₹ 30.29 crores (net). (Refer Note 5.3.3)

Note 18.3 Terms/ rights attached to equity shares

The company has only one class of equity shares having a face value of ₹ 2 per share (previous year ₹ 2 each). Each holder of equity shares is entitled to one vote per share. The company declares and pays dividends in Indian rupees. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting.

In the event of liquidation of the company, the holders of equity shares will be entitled to receive residual assets of the company. The distribution will be in proportion to the number of equity shares held by the shareholders.

Note 18.4 Share holding by prescribed entities

Out of Equity shares issued by the company, shares held by its holding company and their subsidiaries and associates are as under:

(₹ in Crores)

Note 18.7**Details of Bought back of shares, Bonus Shares and Shares issue without payment being received in Cash:**

The company has not bought back any equity shares, has not allotted any shares as fully paid up pursuant to contracts without payment being received in cash and has not allotted bonus shares during the period of five years immediately preceding the date of balance sheet. Further, there are no shares which are reserved for issue under options and contracts or commitments for the sale of shares or disinvestment.

Note 18.8**Proposed Dividend:**

The Board of Directors, in its meeting on 19th May, 2025, have proposed a final dividend of ₹ 5.82 per equity share (Face value of ₹ 2/- each) for the financial year ended on 31st March, 2025. The proposal is subject to the approval of shareholders at the Annual General Meeting and, if approved, would result in a cash outflow of ₹ 400.64 crores.

The Board of Directors, in its meeting on 6th May, 2024, had proposed a final dividend of ₹ 5.66 per equity share (Face value of ₹ 2/- each) for the financial year ended on 31st March, 2024. The proposal was approved by shareholders at the Annual General Meeting and this resulted in a cash outflow of ₹ 389.63 crores.

Dividend Recognition:

The Company recognises a liability for dividends to equity holders of the Company when the dividend is authorised. As per the corporate laws in India, a dividend is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in other equity.

The Board of Directors, in its meeting on 6th May, 2024, had proposed a final dividend of ₹ 5.66 per equity share (Face value of ₹ 2/- each) for the financial year ended on 31st March, 2024. The proposal was approved by shareholders at the Annual General Meeting and this resulted in a cash outflow of ₹ 389.63 crores.

Nature and purpose of reserves:**General reserve**

The general reserve is used from time to time to transfer profits from retained earnings for appropriation purpose. As the general reserve is created by transfer from one component of equity to another and is not an item of other comprehensive income, items included in the general reserve will not be reclassified subsequently to profit and loss.

Amalgamation and Arrangement Reserve

The "Amalgamation and Arrangement Reserve", created pursuant to scheme of amalgamation and arrangement, is treated as free reserve based on the judgment of Honourable Gujarat High Court dated 18th April 2015 read with relevant other court decisions.

Retained Earnings

Retained earnings represents surplus / accumulated earnings of the company available for distribution to shareholders.

Capital Reserve

Capital Reserve not available for distribution of dividend and expected to remain invested permanently.

Negative capital reserve represents difference between the consideration and carrying amount of net assets/liabilities acquired as per business transfer agreement for transactions among entities under common control.

Equity instrument through OCI

The Company has elected to recognise changes in the fair value of certain investments in equity securities in other comprehensive income. These changes are accumulated within the Equity instrument through OCI reserve within equity.

Notes:

The company offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.

Significant management judgment is required in determining provision for income tax, deferred income tax assets and liabilities and recoverability of deferred income tax assets. The recoverability of deferred income tax assets is based on estimates of taxable income by each jurisdiction in which the relevant entity operates and the period over which deferred income tax assets will be recovered.

Total of Items that will not be reclassified to profit or loss	8.10	11.33
Total Tax impact	0.36	(2.72)
Total	8.46	8.61

Note 42 EARNINGS PER SHARE (EPS)**EARNINGS PER EQUITY SHARE- FACE VALUE OF ₹ 2 EACH****The following reflects the income and share data used in the basic and diluted EPS computations:**

Particulars	For the year ended 31 st March, 2025	For the year ended 31 st March, 2024
Profit for the year (Profit attributable to equity shareholders) (₹ in Crores)	1,148.32	1,143.70
Weighted average number of ordinary equity shares for Basic EPS (in Nos.)	68,83,90,125	68,83,90,125
Weighted average number of ordinary equity shares for Diluted EPS (in Nos.)	68,83,90,125	68,83,90,125
Face Value of equity share (₹)	2.00	2.00
Basic EPS (₹)	16.68	16.61
Diluted EPS (₹)	16.68	16.61

Note:- Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders of the Company by the weighted average number of Equity shares outstanding during the year. Diluted EPS amounts are calculated by dividing the profit attributable to equity holders of the Company by the weighted average number of Equity shares outstanding during the year plus the weighted average number of Equity shares that would be issued on conversion of all the dilutive potential Equity shares into Equity shares.

The Company does not have any outstanding dilutive potential equity shares. Consequently, the basic and diluted earnings per share of the Company remain the same.

Note 43 CONTINGENT LIABILITIES & CONTINGENT ASSETS**(A) CONTINGENT LIABILITIES****(₹ in Crores)**

Contingent liabilities (to the extent not provided for)	As at 31 st March, 2025	As at 31 st March, 2024
Contingent Liabilities		
(a) Contingent Liabilities – Statutory claims (Refer Note 43.1)		
Disputed statutory dues in respect of which Appeals are filed against / by the Company :		
(i) Excise Duty	18.60	18.28
(ii) Income Tax	22.61	11.03
(iii) Service Tax	37.66	37.66
(iv) GST	16.26	15.13
Total	95.13	82.10
(b) Claims / Litigations against the company not acknowledged as debt (Refer Note 43.2)	482.99	483.77
Total	578.12	565.87

The Group has reviewed all its pending claims, litigations and proceedings and has adequately provided for where provisions are required and disclosed as contingent liabilities where applicable, in its financial statements. The Group does not expect the outcome of these claims, litigations and proceedings to have a materially adverse effect on its financial position.

Notes to Consolidated financial statements for the year ended 31st March, 2025

Note 43.1 Disputed statutory dues in respect of which Appeals are filed against / by company.

The Group is contesting the demands and the management including its advisors believe that its position is likely to be upheld in the appellate process. No tax expense has been accrued in the financial statements for the tax demand raised. The management believes that the ultimate outcome of these proceedings will not have a material adverse effect on the company's financial position and results of operations.

Note 43.2 Claims / Litigations against the company not acknowledged as debt includes the following major matters:

- (i) UPL Limited (UPL) a customer of erstwhile Gujarat Gas Company Limited (GGCL) (now known as Gujarat Gas Limited) had filed a complaint before Petroleum and Natural Gas Regulatory Board (PNGRB) against erstwhile GGCL alleging charging of tariff illegally under the City Gas Network Distribution Agreement entered into between the parties and filed claim of approx. ₹ 76.98 Crores. The matter was decided against the company by PNGRB vide its Order dated 20.10.2014. The company had preferred an appeal at Appellate Tribunal for Electricity (APTEL) against the aforementioned PNGRB Order. APTEL has delivered final judgement on 10.03.2021 in favour of the Company by setting aside the aforementioned PNGRB Order, and has recorded that invocation of HAPI tariff by PNGRB for the negotiated arrangement between the parties was not only against the letter and spirit of regulations defining tariff zone but also tantamount to rewriting of contract.
UPL has preferred an appeal before the Hon'ble Supreme Court of India against the order of APTEL dated 10.03.2021. Presently, the matter is pending before Hon'ble Supreme Court of India.
- (ii) One of the gas suppliers of the Company has submitted claims of ₹ 212.27 crores (P.Y. ₹ 212.27 crores), for use of allocated gas for other than specified purpose, related to FY 2013-14 to FY 2021-22 and no claim is received from supplier for FY 2022-23, FY 2023-24 and FY 2024-25. The company has refuted this erroneous claim and also there is no contractual provision of the agreement executed with GGL that allows such claim. The management is of the firm view that the company is not liable to pay any such claim. The company has already taken up the matter with concerned party to withdraw the claim.
- (iii) The company has initiated an arbitration proceeding against one of the franchisees claiming compensation for loss of revenue. While replying to the claim, the said franchisee has also filed a counter claim of ₹ 177.14 crores (P.Y. ₹ 177.14 crores) against the company claiming compensation for various losses. The company has filed necessary rejoinder to the counter claim strongly refuting the same mainly on the grounds that the counter claims are wrong and without merits and as are not flowing from the same agreement under which the arbitral tribunal has been constituted. Currently arbitral proceedings of this matter is pending before the sole arbitrator.

Note 43.3 The following demands / Litigations / matters are not included in above

- (i) Erstwhile Gujarat Gas Company Limited and Erstwhile GSPC Gas Company Limited (Now collectively known as Gujarat Gas Limited "GGL") had signed Gas supply agreement with Gujarat State Petroleum Corporation Limited (GSPCL) for purchase of Re-gasified liquified natural gas (RLNG). As per the provision of said agreement, GGL has to pay interconnectivity charges to GSPCL for the supply and purchase of RLNG at Delivery point which is charged to GSPCL by their supplier i.e. PLL Off takers (GAIL India, BPCL, IOCL).

PNGRB had vide its order dated 13.09.2011 and the majority members of PNGRB (three member panel of Board) had vide its order dated 10.10.2011 held that GAIL had adopted Restrictive Trade Practices by blocking off direct connectivity to GSPCL and further, directed Respondents (PLL Off takers - GAIL India, BPCL, IOCL) to immediately give direct connectivity to GSPCL at Dahej Terminal.

The PLL Offtakers (GAIL) filed appeals against the said PNGRB orders before the Appellate Tribunal for Electricity (APTEL). On 23.02.2012 APTEL had issued an interim order for shifting the Delivery Point from GAIL-GSPL Delivery Point to GSPL-PLL Delivery Point. On 18.12.2013 APTEL issued its judgment and required GSPCL to pay the amount of the difference between ₹ 8.74/MMBTU (exclusive of Service Tax) - earlier connectivity charges and ₹ 19.83/MMBTU (Exclusive of Service Tax) - HVJ/DVPL Zone-1 tariff to GAIL for the period from 20th November, 2008 to 29th February, 2012.

GSPCL had filed an appeal against the APTEL's above referred judgment before Hon'ble Supreme Court of India (GSPCL vs. GAIL & Others, Civil Appeal No. 2473-2476 of 2014) and the Hon'ble Supreme Court of India had passed the Interim Order on 28th February, 2014. The Court has stated that the ends of justice would be met if as a matter of interim arrangement, the appellant is directed to pay interconnectivity charges at the rate of ₹ 12.00 per MMBTU (exclusive of Taxes). The Company has already provided and paid interconnectivity charges at the rate of ₹ 12.00 per MMBTU (exclusive of Taxes).

GGL has not received any bill / demand note for the amount over and above ₹ 12.00 per MMBTU from supplier till date. As the final liability would only be determined post the final order of the court, quantification of any amount as contingent liability in the interim is inappropriate due to the uncertainty involved and hence the same is not mentioned / disclosed in the financial statement.

**Notes to Consolidated financial statements for the year ended 31st March, 2025**

- (ii) The Company deposited ₹ 464.78 crores on 12th June, 2013 into the escrow account ("named BG Asia Pacific Holdings Pte. Limited GSPC Distribution Networks Limited Escrow Account") opened with Citibank N.A., acting as the escrow agent, pursuant to the escrow agreement executed between the BG Asia Pacific Holdings Pte. Limited (the Seller), Gujarat Gas Limited (Formerly known as GSPC Distribution Networks Limited) (the Purchaser) and Citibank N.A. The Payment of said amount into Escrow Account was to be utilized to meet future tax withholding liability (if any) based on outcome of the applications to the Authority for Advance Rulings or otherwise to be remitted to BG Asia Pacific Holdings Pte. Limited (the Seller) directly.

The Company has received the ruling from the Hon'ble Authority for Advance Ruling ("AAR"), vide consolidated ruling order dated 25th February, 2021 wherein the Hon'ble AAR has held that the transaction Price is not subject to any tax withholding in India and the Purchaser is not required to withhold tax since the capital gains is not subject to tax in India in view of Article 13(4) of the India Singapore Tax Treaty under India Singapore Double Tax Avoidance Agreement in the hands of the Seller. Pursuant to the ruling of the Hon'ble AAR and as per the terms of the Escrow Agreement, amount of ₹ 464.78 crores kept in Escrow Account had been remitted to the BG Singapore on 7th April, 2021.

In the financial year 2021-22, Commissioner of Income Tax (International Taxation) – 3 (CIT), has filed Civil Misc. Writ Petition against BG Singapore, challenging the AAR Ruling before the Hon'ble High Court of Uttarakhand at Nainital on 22.09.2021. CIT has also filed Impleadment /Amendment Application in Civil Misc. Writ Petition before the Hon'ble High Court of Uttarakhand at Nainital on 08.01.2022 for amendment of cause title of the petition and added Commissioner of Income Tax (IT & TP), Ahmedabad as Petitioner No. 2 and GGL as Respondent No. 2. Currently, the Impleadment /Amendment Application is in process for admission with Hon'ble High Court of Uttarakhand.

As per Share purchase agreement, the Seller had agreed to indemnify, defend and hold harmless the Purchaser from and against any Tax claim notice receives on or prior to the expiry of 10 years from the Closing date (i.e. up to 11th June, 2023) in respect of Seller's sale of shares to the Purchaser. Company. Currently, the Impleadment /Amendment Application for challenging the AAR Ruling is in process for admission with Hon'ble High Court of Uttarakhand.

In view of this, there is remote possibility of any outflow in this matter and hence, the same has not been considered as Contingent Liability.

- (iii) Two entities, who have been authorized by the Petroleum and Natural Gas Regulatory Board (PNGRB), have filed complaints against the Company before the PNGRB for claiming compensation with respect to the unauthorized development / operations of CGD infrastructure activities carried out by the Company in their authorised area. The Company has also filed a complaint against one of the entities before the PNGRB for unauthorized development / operations of CGD infrastructure in area authorised to the Company. Further, the Company has raised objections to the maintainability of the such complaints, which are yet to be determined by the PNGRB. The quantification of any liability is not ascertainable at this stage. However, the Company is hopeful of arriving at amicable resolution of the subject issues.

B) CONTINGENT ASSETS

- (i) The Company has raised claim of ₹ 43.08 crores (Previous year ₹ 43.08 crores) for net credit of natural gas pipeline tariff as per PNGRB Order with one of the suppliers and supplier is disputing company's claim and indicating for adjusting the partial claim of ₹ 30.72 crores (Previous year ₹ 30.72 crores) out of total claim ₹ 43.08 crores (Previous year ₹ 43.08 crores) against disputed liability for use of allocated gas other than specified purpose, against demand in earlier year (Refer Point 4.3.2-(ii) above).
- (ii) The Company has filed an appeal before the Appellate Tribunal for Electricity (APTEL) against the PNGRB order related to the matter held that the Gas Swapping Arrangement Guidelines of PNGRB is applied erroneously. APTEL has issued the order in favour of GGL. The said supplier has filed appeal at Hon'ble Supreme Court of India against the order of APTEL.

Presently, the matter is pending in Hon'ble Supreme Court of India. Currently, GGL is paying ₹ 19.83 per mmbtu or tariff determined as transmission charges for domestic gas being purchased and delivered by GAIL at one of the delivery points. If verdict is in favour of GGL, GGL will get refund of ₹ 413.71 crores (Previous year ₹ 305.82 crores) from December 2013 till March 2025 and the company shall be required to pass on the benefit to its customers as per relevant order of the Court.

- (iii) The Company is having other certain claims, litigations and proceedings which are pursuing through legal processes. The management believe that probable outcome in all such claims, litigations and proceedings are uncertain. Hence, the disclosure of such claims, litigations and proceedings is not required in the financial statements.

**Notes to Consolidated financial statements for the year ended 31st March, 2025****(C) COMMITMENTS****(₹ in Crores)**

Sr. No.	Commitments (to the extent not provided for)	As at 31 st March, 2025	As at 31 st March, 2024
1	Estimated amount of contracts remaining to be executed on capital account and not provided for	734.54	925.41
2	Estimated amount of contracts remaining to be executed on revenue account and not provided for	1,360.03	1,345.00
Total		2,094.57	2,270.42

Other commitments

- (i) All term contracts for purchase of natural gas with suppliers, has contractual volume off take obligation of "Take or Pay" (ToP) as specified in individual contracts. Quantification of ToP amount is dependent on various factors like actual purchase quantity, gas purchase prices of respective contract etc. As these factors are not predictable, ToP commitment amount is not quantifiable.
- (ii) The Company has been granted authorization for laying, building, operating and expanding CGD network in the total 27 geographical area under the Petroleum and Natural Gas Regulatory Board (Authorizing entities to lay, build, operate or expand city or local Natural Gas Distribution Networks) Regulation 2008, against which Company is required to complete Minimum Work Programme (MWP) target for development of CGD network under the terms of authorisation awarded by Petroleum and Natural Gas Regulatory Board (PNGRB). For this purpose, the Company had submitted performance bank guarantees (issued by banks on behalf of the Company) amounting to ₹ 5986.43 crores (previous year ₹ 6528.83 crores) to the Petroleum and Natural Gas Regulatory Board.

Note 44 DISCLOSURE AS REQUIRED BY THE MICRO, SMALL AND MEDIUM ENTERPRISES DEVELOPMENT ACT, 2006

Fair Value Hierarchy of Financial Assets and Liabilities :

Fair value of financial assets and liabilities which are measured at amortised cost is not materially different from the carrying value (i.e. amortised cost). Accordingly, the fair value has not been disclosed separately.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities included in level 3.

**Notes to Consolidated financial statements for the year ended 31st March, 2025****Note 45 Financial Instruments (fair Value Measurements) and Financial Risk Management (continued...)****B. MEASUREMENT OF FAIR VALUES****i) Valuation techniques and significant unobservable inputs**

The following tables show the valuation techniques used in measuring Level 2 and Level 3 fair values, as well as the significant unobservable inputs used.

Financial instruments measured at fair value – FVTOCI in unquoted equity shares

Valuation technique	Significant unobservable inputs	Inter-relationship between significant unobservable inputs and fair value measurement
Market comparison technique: The valuation model is based on three approaches: 1. Market approach : This approach uses information generated by market transactions of the Company being valued or the transactions of comparable companies. The following market-linked information may be used for determining valuation under this approach. - Quoted price of the company being valued, - Past transaction value of the company being valued, - Listed comparable companies' trading multiples like price to earning ratio, enterprise value to earning before interest, tax, depreciation and amortisation, enterprise value to sales etc. - Transactions multiples for investment / M & A transaction of comparable companies. The valuation arrived at based on the market approach reflects the current value of the Company perceived in the active market. However, as the valuation arrived at using market multiples is based on the past/current transaction or traded values of comparable companies/businesses, it may not reflect the possible changes in future trend of cash flows being generated by a business. 2. Income approach – The income approach reflects present value of future cash flows. For valuing a business, the discounted cash flow (DCF) methodology is used under this approach. This methodology works on the premise that the value of a business is measured in terms of future cash flow streams, discounted to the present time at an appropriate discount rate. This method is used to determine the present value of business on a going concern assumption. The DCF technique recognizes the time value of money. The value of the firm is arrived at by estimating the Free Cash Flow to Firm (FCFF) and discounting the same at the Weighted Average Cost of Capital (WACC). FCFF is estimated by forecasting free cash flows available to the firm (which are derived on the basis of the likely future earnings of the company). 3. Cost approach – The cost approach essentially estimates the cost of replacing the tangible assets of the business. The replacement cost takes into account the market value of various assets or the expenditure required to create the infrastructure exactly similar to that of a company being valued.	Comparable unobservable entity has been taken as a base for the valuation of unquoted equity shares and its management's own assumptions for arriving at a fair value such as projected cash flows used to value a business etc. As stated , highest priority is given to unadjusted quoted price of listed entities and lowest priority to non-market linked inputs such as future cash flows used in income approach.	The estimated fair value would increase(decrease) if: There is a change in pricing multiple owing to change in earnings of the entity. Considering the diverse asset and investment base of the Company with differing risk/ return profiles, a sum of the parts approach has been adopted for the valuation. Under this method, the value of each distinct business/ asset/ investment has been arrived at separately and total value estimate for the Company presented as the sum of all its business / investments /assets.

**Notes to Consolidated financial statements for the year ended 31st March, 2025****Note 45 Financial Instruments (fair Value Measurements) and Financial Risk Management (continued...)****ii) Transfers between Levels 1 and 2**

There have been no transfers between Level 1 and Level 2 during the reporting periods.

iii) Level 3 fair values

Movements in the values of unquoted equity instruments for the year ended 31st March 2025 and for the year ended 31st March 2024 is as below:

(₹ in Crores)

Particulars	Amount
As at 1st April, 2023	30.38
Acquisitions/ (disposals)	100.00
Gains/ (losses) recognised in other comprehensive income	4.66
Gains/ (losses) recognised in statement of profit or loss	-
Closing Balance as at 31st March, 2024	135.04
Acquisitions/ (disposals)	-
Gains/ (losses) recognised in other comprehensive income	0.56
Gains/ (losses) recognised in statement of profit or loss	-
Closing Balance as at 31st March, 2025	135.60

Equity Instrument:- Fair value of investment in GSPC equity shares as on 31st March 2025 is based on Market approach, Income approach and cost approach and investment in GSPC LNG equity shares as on 31st March 2025 is based on Income approach.

Transfer out of Level 3

There were no movement in level 3 in either directions during the year ended 31st March, 2025.

Ind AS- 101 allows an entity to designate certain investments in equity instruments as fair valued through the OCI on the basis of the facts and circumstances at the transition date to Ind AS.

The Company has elected to apply this exemption for its investment in equity shares.

Sensitivity analysis

Based on the valuation report for investments in unquoted shares, the sensitivity as on 31st March, 2025 is provided below.

(₹ in Crores)

Significant observable inputs	OCI	
	10% Increase	10% Decrease
Equity securities in unquoted investments measured through OCI		
(i) GSPC

As on 31 st March, 2025	10.00	(10.00)
As on 31 st March, 2024	10.00	(10.00)

C. FINANCIAL RISK MANAGEMENT

The Company has exposure to the following risks arising from financial instruments:

- **Credit risk;**
- **Liquidity risk; and**
- **Market risk**

i. Risk management framework

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework.

The Company has a well-defined Risk Management framework for reviewing the major risks and has adopted a Business Risk Management Policy which also takes care of all the financial risks. Further, pursuant to the requirement of Regulation 21 of SEBI (Listing obligation and disclosure Requirements) Regulation, 2015, the company has constituted a Risk Management Committee inter - alia to monitor the Risk Management Plan of the Company.

Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

**Notes to Consolidated financial statements for the year ended 31st March, 2025****Note 45 Financial Instruments (fair Value Measurements) and Financial Risk Management (continued...)****ii. Credit risk**

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's trade receivables from customers and security deposits. The Company's maximum exposure to credit risk is limited to the carrying amount of financial assets recognized at reporting date.

Details of the credit risk specific to the company have been enumerated below:

(a) Trade and other receivables

The Company's exposure to credit Risk is the exposure that Company has on account of goods sold or services rendered to a contractual counterparty or counterparties, whether with collateral or otherwise for which the contracted consideration is yet to be received. The Company's major customer base are Industrial, Commercial, Non Commercial, Domestic and CNG.

The Commercial and Marketing department has established a credit policy for each category of customer viz. industrial, domestic, commercial, non-commercial and CNG.

The Company raises the invoice for quantities sold based on periodicity as per the agreement. Sales are subject to security deposit and/or bank guarantee clauses to ensure that in the event of non-payment the company's receivables are secured. In case of short/non receipt of security deposit/or bank guarantee, the Company is exposed to credit risk to that extent.

For sales to domestic customers for household purposes like cooking, geyser application, etc., invoices are raised periodically. Security deposits along with connection deposits are taken for mitigation of potential credit risk arising in the event of non-payment of invoices. Company is exposed to credit risk beyond the value of deposits.

CNG sales made through operators of the CNG stations owned by the Company and CNG Franchises outlet are exposed to credit risk as amounts so collected is deposited/transferred in company bank account on next working day. Bank Guarantee / Security Deposit is taken to mitigate the credit risk. In case of short/non receipt of security deposit/or bank guarantee, the Company is exposed to credit risk to that extent.

For CNG sales made through Oil Marketing Companies (OMCs), the Company raises the invoice for quantities sold based on periodicity as per the agreement. The OMCs are well established companies, where no significant credit risk is anticipated.

The Company provides for allowance for impairment that represents its estimate of expected losses in respect of trade and other receivables. All trade receivables are reviewed and assessed for default on regular basis. Our historical experience of collecting receivables, supported by the level of default, is that credit risk is low. Credit risk is considered high when the counter party fails to make contractual payment within 180 days of when they fall due. The risk is determined by considering the business environment in which the company operates and other macro economic factors.

Assets are written off when there are no reasonable expectation of recovery such as debtor declaring bankruptcy or failing to engage in a repayment plan with the Company. Where receivables have been written off the company continues to engage in enforcement activity to attempt to recover the receivables. where recoveries are made, these are recognised in the statement of profit and loss.

The maximum exposure to credit risk for trade and other receivables by geographic region was as follows: (₹ in Crores)

Particulars	Carrying amount	
	31 st March, 2025	31 st March, 2024
India	1,048.96	1,051.13
Other regions	-	-
Total	1,048.96	1,051.13

Expected credit loss for Trade receivables under Simplified Approach

(₹ in Crores)

Particulars	Carrying amount	
	31 st March, 2025	31 st March, 2024
Neither past due nor impaired	859.70	870.97
Past due 1-180 days	141.80	94.79
Past due 181 to 365 days	11.29	15.41
Past due 366 to 1095 days	25.81	60.47
Greater than 1095 days	10.36	9.51
	1,048.96	1,051.13
Less: Expected credit losses (Allowance for bad and doubtful)	24.99	21.29
Carrying amount of Trade Receivable (net of impairment)	1,023.97	1,029.84

**Notes to Consolidated financial statements for the year ended 31st March, 2025****Note 45 Financial Instruments (fair Value Measurements) and Financial Risk Management (continued...)**

In addition to the historical pattern of credit loss, the Company has considered the likelihood of increased credit risk and consequential defaults considering emerging economic situations. The assessment is based on management estimates considering the nature of receivables and the market conditions.

Movement in Allowance for bad and doubtful Trade receivable**(₹ in Crores)**

Particulars	31 st March, 2025	31 st March, 2024
Opening Allowance for bad and doubtful Trade receivable	21.29	19.74
Add: Provision during the year	4.93	1.55
Less: Write off during the year	1.23	-
Closing Allowance for bad and doubtful Trade receivable	24.99	21.29

The impairment provisions above are based on management judgment / assumptions about risk of default and expected loss rates. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the company's past history as well as forward looking estimates at the end of each reporting period.

(b) Security deposits (given)

Company has given security deposit to various government authorities (like Municipal corporation, Nagarpalika, Grampanchayat, Road & building division and Irrigation department -of Govt. of Gujarat etc.) for the permission related to work of executing / laying pipeline network in their premises / jurisdiction. Being government authorities, the Company has no major credit risk.

Movement in Allowance for bad and doubtful Security deposits-Project authority**(₹ in Crores)**

Particulars	31 st March, 2025	31 st March, 2024
Opening Allowance for bad and doubtful Security deposits	9.27	10.43
Provision during the year	0.72	1.42
Recovery/Adjustment during the year	(2.66)	(2.58)
Write off during the year	-	-
Closing Allowance for bad and doubtful Security deposits	7.33	9.27

The impairment provisions for financial assets - Security Deposit as disclosed above are based on management judgment / assumptions about risk of performance default. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the company's past history as well as forward looking estimates at the end of each reporting period.

(c) Other financial assets

The company maintains its Cash and cash equivalents, bank balances and deposits with financially strong banks and financial institutions having good reputation, good past track record and high quality credit rating and also reviews their credit-worthiness on an on-going basis.

Investments are made in credit worthy companies / group companies.

Loan and advances to employees are considered good in nature and hence the Company does not have exposure to any credit risk. All other financial assets are of low credit risk and considered good.

iii. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. Short term liquidity requirements comprises mainly of trade payables arising in the normal course of business and is managed primarily through internal accruals and/or short term borrowings. Long term liquidity requirement is assessed by the management on periodical basis and managed through internal accruals as well as from undrawn borrowing facilities.

Financing arrangement

The Company had access to the following undrawn borrowing facilities at the end of the reporting period:

(₹ in Crores)

Particulars	31 st March, 2025	31 st March, 2024
Floating rate		
Expiring within one year (working capital, bank overdraft and other facilities)	1,212.51	1,462.92
Expiring beyond one year (working capital, bank overdraft and other facilities)	-	-
Total	1,212.51	1,462.92

**Notes to Consolidated financial statements for the year ended 31st March, 2025****Note 45 Financial Instruments (fair Value Measurements) and Financial Risk Management (continued...)****Exposure to liquidity risk**

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest payments and exclude the impact of netting agreements. **(₹ in Crores)**

31 st March, 2025	Carrying amount	Undiscounted Contractual cash flows				
		Total	Less than 12 months	1-2 years	2-5 years	More than 5 years
Non-derivative financial liabilities						
Non-current borrowings	-	-	-	-	-	-
Non-current-Lease Liabilities	115.16	174.31	-	34.75	61.93	77.63
Current Borrowings	-	-	-	-	-	-
Lease Liabilities	34.82	43.14	43.14	-	-	-
Trade and other payables	719.94	719.94	719.94	-	-	-
Other current financial liabilities	1,987.17	1,987.17	1,987.17	-	-	-
Total	2,857.09	2,924.56	2,750.25	34.75	61.93	77.63

(₹ in Crores)

31 st March, 2024	Carrying amount	Undiscounted Contractual cash flows				
		Total	Less than 12 months	1-2 years	2-5 years	More than 5 years
Non-derivative financial liabilities						
Non-current borrowings	-	-	-	-	-	-
Non-current-Lease Liabilities	117.77	177.68	-	36.70	60.72	80.26
Current Borrowings	-	-	-	-	-	-
Lease Liabilities	32.49	40.56	40.56	-	-	-
Trade and other payables	700.21	700.21	700.21	-	-	-
Other current financial liabilities	1,908.19	1,908.19	1,908.19	-	-	-
Total	2,758.66	2,826.64	2,648.96	36.70	60.72	80.26

- Other current financial liabilities include customer deposits which are considered repayable on demand.
- The gross inflows/(outflows) disclosed in the above table represent the contractual undiscounted cash flows relating to non-derivative financial liabilities held for risk management purposes and which are not usually closed out before contractual maturity.

iv. Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk. Financial instruments affected by market risk include loans and borrowings, deposits and FVTOCI investments.

a) Currency risk

The functional currency of the Company is Indian Rupee (₹). The Company's transactions are majorly denominated in INR and the quantum of the foreign currency transactions being immaterial, the company is not exposed to currency risk on account of payables and receivables in foreign currency. The company does not have any exports. Import amount to 0.00 % (Previous Year 0.06 %) of total consumption of stores and spares, this is not perceived to be a major risk.

b) Interest rate risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing investments will fluctuate because of fluctuations in the interest rates.

During the period, the Company does not have any long term borrowings at fixed rate and has not entered into interest rate swaps for its exposure to long term borrowings at floating rate. **(₹ in Crores)**

Term loan	As at 31 st March, 2025	As at 31 st March, 2024
Non-current - Borrowings	-	-
Current portion of Long term borrowings	-	-
Total	-	-

**Notes to Consolidated financial statements for the year ended 31st March, 2025****Note 45 Financial Instruments (fair Value Measurements) and Financial Risk Management (continued...)****Sensitivity analysis**

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of change in interest rates.

The Company does not account for any fixed-rate financial assets or financial liabilities at fair value through profit or loss, and the Company does not have any designate derivatives (interest rate swaps). Therefore, a change in interest rates at the reporting date would not affect profit or loss.

c) Commodity Price Risk

Risk arising on account of fluctuations in price of natural gas is mitigated by ability to pass on the fluctuations in prices to customers over period of time. The company monitors movements in the prices closely on regular basis.

d) Equity Price Risk

The Company do not have any investment in quoted equity shares hence not exposed to equity price risk.

Note 46 CAPITAL MANAGEMENT

Total equity as shown in the balance sheet includes equity share capital, general reserves and retained earnings.

There are no interest bearing loans and borrowings by the Company as on 31st March 2025.

The Company's objectives when managing capital is to Safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders.

The Company's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Company will take appropriate steps in order to maintain, or if necessary adjust, its capital structure. The management monitors the return on capital as well as the level of dividends to shareholders.

The Company monitors capital using a ratio of 'adjusted net debt' to 'adjusted equity'. For this purpose, adjusted net debt is defined as total liabilities, comprising interest-bearing loans and borrowings, less cash and bank balances. Adjusted equity comprises all components of equity.

The Company's adjusted net debt to equity ratio is as follows.

(₹ in Crores)

Particulars	As at 31 st March, 2025	As at 31 st March, 2024
Long term borrowings*	-	-
Total equity	8,489.64	7,722.48
Debt equity ratio	-	-
Long term borrowings*	-	-
Short term borrowings	-	-
Interest bearing borrowings	-	-
Less : Cash and bank balances	359.40	926.12
Adjusted net debt	-	-
Adjusted net debt to adjusted equity ratio	-	-

*There are no interest bearing loans and borrowings by the Company as on 31st March 2025 and 31st March 2024.

Note 47 DISCLOSURE OF EMPLOYEE BENEFITS

The Company has implemented Ind AS - 19 on "Employee Benefits".

(a) Contributions to Defined Contribution Plan, recognised as expense for the year are as under:

(₹ in Crores)

C. Long Service Award						
	Present value of Defined Benefit Obligation	1.34	1.14	1.05	1.00	0.97
	Actuarial (Gain) / Loss on Plan Obligation	-	-	-	-	-

(d) Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

(₹ in Crores)

Particulars	As at 31 st March, 2025			
	Increase		Decrease	
	Gratuity	Leave Encashment	Gratuity	Leave Encashment
Discount rate (0.5% movement)	81.90	44.70	91.06	50.48
Salary growth rate (0.5% movement)	90.91	50.40	81.99	44.74
Withdrawal rate (W.R.) varied by 10 %	86.06	47.29	86.52	47.64

(₹ in Crores)

Particulars	As at 31 st March, 2024			
	Increase		Decrease	
	Gratuity	Leave Encashment	Gratuity	Leave Encashment
Discount rate (0.5% movement)	82.80	50.15	92.16	56.96
Salary growth rate (0.5% movement)	91.99	56.85	82.91	50.22
Withdrawal rate (W.R.) varied by 10 %	86.99	53.16	87.56	53.65

(e) Gratuity Benefits Plan:

The benefit is governed by the Payment of Gratuity Act, 1972 (as amended). The Key features are as under:

Features of the defined benefit plan	Remarks
Benefit offered	15 / 26 × Salary × Duration of Service
Salary definition	Basic Salary including Dearness Allowance (if any)
Benefit ceiling	No ceiling
Vesting conditions	5 years of continuous service (Not applicable in case of death / disability)
Benefit eligibility	Upon Death or Resignation / Withdrawal or Retirement
Retirement age	60 years

**Notes to Consolidated financial statements for the year ended 31st March, 2025****Note 47 DISCLOSURE OF EMPLOYEE BENEFITS (continued...)****(i) Entity's responsibilities for the governance of the plan****Risk to the Plan**

Following are the risk to which the plan exposes the entity:

A. Actuarial Risk:

It is the risk that benefits will cost more than expected. This can arise due to one of the following reasons:

- Adverse Salary Growth Experience: Salary hikes that are higher than the assumed salary escalation will result into an increase in Obligation at a rate that is higher than expected.
- Variability in mortality rates: If actual mortality rates are higher than assumed mortality rate assumption than the Gratuity benefits will be paid earlier than expected. Since there is no condition of vesting on the death benefit, the acceleration of cash flow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth and discount rate.
- Variability in withdrawal rates: If actual withdrawal rates are higher than assumed withdrawal rate assumption than the Gratuity benefits will be paid earlier than expected. The impact of this will depend on whether the benefits are vested as at the resignation date.

B. Investment Risk:

For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.

C. Liquidity Risk:

Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign / retire from the company there can be strain on the cash flows.

D. Market Risk:

Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in Defined Benefit Obligation of the plan benefits & vice versa. This assumption depends on the yields on the corporate / government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.

E. Legislative Risk:

Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation / regulation. The government may amend the Payment of Gratuity Act thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the Defined Benefit Obligation and the same will have to be recognized immediately in the year when any such amendment is effective.

- (ii)** The company has participated in Group Gratuity Scheme Plan with Life Insurance Corporation of India (LIC), HDFC Life Insurance Co. Ltd, SBI Life Insurance Co. Ltd. Aditya Birla Sun Life Insurance Co. Ltd. and Bajaj Allianz Life Insurance Company Ltd (collectively referred as Insurance Co.) through Gratuity Trust to meet its gratuity liability. The present value of the plan assets represents the balance available at the end of the year. The total value of plan assets is as certified by the various life insurance co.

(a) Composition of the plan assets:

Particulars	31 st March, 2025	31 st March, 2024	31 st March, 2023
Bank balance	0.00%	0.00%	0.00%
Policy of insurance	100.00%	100.00%	100.00%
Others	0.00%	0.00%	0.00%

- (b)** The trustees of the plan have outsourced the investment management of the fund to an insurance company. The insurance company in turn manages these funds as per the mandate provided to them by the trustees and the asset allocation which is within the permissible limits prescribed in the insurance regulations. Due to the restrictions in the type of investments that can be held by the fund, it may not be possible to explicitly follow an asset-liability matching strategy to manage risk actively in a conventional fund.

(c) Expected benefit payments for gratuity as on 31st March, 2025. (Undiscounted)

Particulars	1-3 years	4-5 years	6 years & Above
Cash flow (₹ in Crores)	16.71	16.63	170.59
Distribution (in %)	8.20%	8.10%	83.70%

**Notes to Consolidated financial statements for the year ended 31st March, 2025****Note 47 DISCLOSURE OF EMPLOYEE BENEFITS (continued...)****(f) Expected benefit payments as on 31st March 2025 for Privilege Leave encashment benefits. (Undiscounted)**

Particulars	1-3 years	4-5 years	6 years & Above
Cash flow (₹ in Crores)	7.42	6.89	111.49
Distribution (in %)	5.90%	5.40%	88.70%

(g) Other Notes:

- (i) The expected rate of return on Plan Assets is determined considering several applicable factors, mainly the composition of Plan Assets held, assessed risks, historical results of return on Plan Assets and the Company's policy for the Plan Assets management.
- (ii) The actuarial valuation takes into account the estimates of future salary increases, inflation, seniority, promotion and other relevant factors such as supply and demand in the employment market. The management has relied on the overall actuarial valuation conducted by the actuary.
- (iii) The company has provided long service award benefits to its employees who completed 15/20/25 Years of employment with company. Long Service Awards are recognised as a liability based on actuarial valuation of the defined benefit obligation as at the balance sheet date. Accordingly, expenses of ₹ 0.25 crores (previous year ₹ 0.16 crores) has been charged to the Statement of Profit and Loss towards Long service awards. The Company has recognised Current Liability of ₹ 0.14 crores (Previous year ₹ 0.07 crores) and Non- Current Liability of ₹ 1.20 crores (Previous year ₹ 1.07 crores) as at 31st March, 2025 and Discount rate considered for current year is 6.80 % (previous year 7.20 %).
- (iv) The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment benefits received Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the Code will come in to effect has not been notified.

The Company will assess the impact of the Code when it comes into effect and will record any related impact in the period when the Code becomes effective.
- (v) All assets and liabilities of ESOP Trust had been liquidated during previous year and ESOP trust has been wound up in September 2023.

Note 48 RELATED PARTY TRANSACTIONS

As per the Indian Accounting Standard-24 on "Related Party Disclosures", list of parent & subsidiary of the Company are as follows.

(a) Parent Entity

Gujarat State Petroleum Corporation Limited (GSPC) - Ultimate Holding Company

Gujarat State Petronet Limited (GSPL) - Holding Company

**Notes to Consolidated financial statements for the year ended 31st March, 2025****Note 48 Related Party Transactions for the Year ended 31st March, 2025 (Continued....)****Notes**

- 1 The company deals on regular basis with entities (apart from Group Companies) directly or indirectly controlled by the State Government of Gujarat. Such entities are collectively referred as "Government related entities" and includes companies in which Government of Gujarat has majority shareholding, government authorities, agencies, affiliations and other organizations.

Apart from transactions with its group companies, the Company has transactions with government related entities, including but not limited to the followings:

- Sale and Purchase of Natural Gas
- Investment, renewal & redemption of funds/deposits
- Interest income from investments in deposits
- Payment of Dividend
- Rendering and Receiving Services
- Payment of Rent
- Use of Public Utilities

Below are the details of significant transactions carried with Government Related Entities. In order to determine the level of significance of the transaction with Government Related Entities, threshold limits have been considered as prescribed in the definition of "Material Related Party Transaction" of GGL's "Policy on Materiality of Related Party Transactions and dealing with Related Party Transactions".

(₹ in Crores)

Name of Related Party	Relationship	Nature of Transactions & Balances	For the Year ended 31 st March, 2025	For the Year ended 31 st March 2024
Gujarat State Financial Services Limited - GSFS	Government Related Entity	Interest received - Income (including accrued Interest)	93.02	40.15
		Deposit - Placed/ Renewed	13,431.77	12,790.01

Note 49 RECEIVABLES, CONTRACT ASSETS AND CONTRACT LIABILITIES**(WITH REFERENCE TO IND AS- 115 - REVENUE FROM CONTRACTS WITH CUSTOMERS)****Revenue recognised in the statement of profit and loss:****Revenue from contracts with customers (refer note 31):**

Sale of Natural gas is the main activity of city gas distribution business and other operating income is incidental to sale of natural gas. Company sells and distributes natural gas in India.

Sale of natural gas includes excise duty but excludes VAT and GST collected from the customers on behalf of the Government. All the revenue mentioned above are earned by transfer of goods or services at a point of time.

Reconciliation of the amount of revenue recognised in the statement of Profit and Loss with the contracted price**(₹ in Crores)**

Particulars	For the year ended 31 st March, 2025	For the year ended 31 st March, 2024
Revenue as per contracted price	17,184.97	16,292.97
Adjustments		
Provision for revenue contract price	-	-
Revenue from contract with customers	17,184.97	16,292.97

**Notes to Consolidated financial statements for the year ended 31st March, 2025****Note 49 RECEIVABLES, CONTRACT ASSETS AND CONTRACT LIABILITIES (Continued....)**

The following table provides information about receivables, contract assets and contract liabilities from contract with customers: (₹ in Crores)

Sr. No.	Particulars	As at 31 st March, 2025	As at 31 st March, 2024
(i)	Receivables		
	Trade receivables	873.95	890.68
	Unbilled Revenue	150.02	139.16
	Total Trade receivables	1,023.97	1,029.84
(ii)	Current Financial Liabilities - Others (Contract liabilities)		
	Security Deposits from customers (Including accrued interest)	1,574.97	1,469.64
	Security Deposit from customers towards MGO	131.46	130.74
	Total Current Financial Liabilities - Others (Contract liabilities)	1,706.43	1,600.38
(iii)	Contract liabilities (Current Liabilities - Others)		
	Advance from customers	65.97	64.96
	Total contract liabilities (Current Liabilities - Others)	65.97	64.96
(iv)	Deferred Revenue*		
	Non-Current	75.99	73.05
	Current	12.10	11.84
	Total Deferred Revenue	88.09	84.89
(v)	Income recognised during the year out of opening balance of deferred revenue	11.64	11.83

* Deferred Revenue includes connection, service and fitting income, yearly fees income etc.

Contract asset is the right to consideration in exchange for goods or services transferred to the customer. Contract liability is the entity's obligation to transfer goods or services to a customer for which the entity has received consideration from the customer in advance. Contract assets (unbilled receivables) are transferred to receivables when the rights become unconditional and contract liabilities are recognised as and when the performance obligation is satisfied.

Performance obligations - Connection, Service and Fitting Income

Connection charges from customers deferred over the period when the performance obligation is satisfied:

Industrial Customers: The performance obligations as per the contractual arrangement with the customer is to deliver gas over the tenure of the contract. Consequently, the connection charges is to be deferred over the contract period.

Domestic Customer: The connection charges is to be deferred over the period of delivery of gas. It is reasonably expected by the Company that the gas is procured by the customer and supplied by the Company on a perpetual basis. Consequently the connection charges are to be deferred over the useful life of the connection facility (i.e. 18 years).

Note 50 LEASES (Ind AS 116)

The Company has adopted Ind AS- 116 'Leases', effective from 1st April, 2019, using modified retrospective approach.

50.1 The Company as a lessee

The Company has taken various assets on lease primarily consist of leases for land, buildings, vehicles, Plant & machinery, Way leave charges and Hooking up charges. Under Ind AS- 116, the Company recognises right-of-use assets and lease liabilities.

The weighted average incremental borrowing rate of 8.59% p.a. has been applied to lease liabilities recognised in the balance sheet at the date of initial application.

The likely weighted average incremental borrowing rate @ 7.75%-8.00 % p.a. has been applied to lease liabilities recognised in the balance sheet during the period.

50.1.1 The Company used a number of practical expedients summarised here below:

- 1) Applied the exemption not to recognize right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application.
- 2) Applied the exemption not to recognize right-of-use assets and liabilities for leases of low value assets.

**Notes to Consolidated financial statements for the year ended 31st March, 2025****50.1.2 Nature of the lease transaction:****Land Leases –**

The Company has taken several plots of land on lease for setting up CNG, City Gas Station, CPRS/DPRS/DCS station and for site office purpose. The lease term mentioned in the agreements ranges from 11 months to 99 years. Lease agreements are renewable on mutually agreed terms and do not contain any non-cancellable period. In certain contacts, the Company is restricted from assigning and subletting the leased assets.

Building Leases –

The Company has taken various office/warehouse buildings on lease with monthly and annual payment terms. The lease term mentioned in the agreements ranges from 11 months to 9 years. Most of the agreements are renewable on mutually agreed terms, some of them are having non-cancellable period whereas few agreements are silent on renewal. In certain contacts, the Company is restricted from assigning and subletting the leased assets.

Other Leases

The Company has also taken various commercial vehicles, CNG Cascade, booster compressor, way leave, hooking up facility (connectivity) and IT equipment etc. on lease. The lease term mentioned in the agreements ranges from 6 months to 25 years. Some portion of the lease rentals is based on usage of the equipment considered as variable lease payment. Lease rentals include lease and non lease component viz. manpower, fuel cost, repair and maintenance etc. and only hiring portion is considered for ROU accounting.

50.1.3 The following is the carrying amounts of Company's Right of use assets and the movement in lease liabilities during the year ended 31st March, 2025.

(₹ in Crores)

A	Particulars	Lease Assets*	
		FY 2024-25	FY 2023-24
	Gross Carrying Value

Note 57 SEGMENT REPORTING

The Company primarily operates in the segment of Natural Gas Business. Natural gas business involves distribution of gas from sources of supply to centres of demand and to the end customers. The Managing Director of the Company allocate resources and assess the performance of the Company, thus is the Chief Operating Decision Maker (CODM). The CODM monitors the operating results of the business as a one, hence no separate segment needs to be disclosed.

Information about products and service:

The Company is in a single line of business of Sale of Natural Gas.

Information about geographical areas:

1. The Company does not have geographical distribution of revenue outside India and hence segmentwise disclosure is not applicable to the Company.
2. None of the Company's assets are located outside India hence segmentwise disclosure is not applicable to the Company.

Information about major customers:

None of the customer account for more than 10% of the total revenue of the Company.

**Notes to Consolidated financial statements for the year ended 31st March, 2025****Note 58 RECLASSIFICATION OF COMPARATIVE FIGURES**

Certain reclassifications have been made to the comparative period's financial statements to:

- enhance comparability and ensure consistency with the current year's financial statements; and
- ensure compliance with the Guidance Note on Division II - Ind AS Schedule III to the Companies Act, 2013.

The Company believes that such presentation is more relevant for understanding of the Company's performance. However, this does not have any impact on the profit, equity and cash flow statement for the comparative period.

Note 59 EVENTS OCCURRING AFTER THE BALANCE SHEET DATE

Adjusting events (that provides evidence of condition that existed at the balance sheet date) occurring after the balance sheet date are recognized in the financial statements. Material non adjusting events (that are inductive of conditions that arose subsequent to the balance sheet date) occurring after the balance sheet date that represents material change and commitment affecting the financial position are disclosed in the Board's Report. Further, the shareholders of the Company have the power to amend the financial statements after the same has been authorized for issue by Board of Directors as per the provisions of the Companies Act, 2013.

The Company evaluates events and transactions that occur subsequent to the balance sheet date but prior to approval of the financial statements to determine the necessity for recognition and/or reporting of any of these events and transactions in the financial statements. As on date of approval of these financial statements, there are no subsequent events to be recognized or reported that are not already disclosed.

Note 60 SCHEME OF AMALGAMATION AND ARRANGEMENT

The Board of Directors of the Company at its meeting held on 30th August 2024, have approved a Composite Scheme of Amalgamation and Arrangement among Gujarat State Petroleum Corporation Limited (GSPC /Transferor Company), Gujarat State Petronet Limited (GSPL /Transferor Company), GSPC Energy Limited (GEL /Transferor Company), Gujarat Gas Limited (GGL/Transferee Company & Demerged Company) and GSPL Transmission Limited (GTL /Resulting Company) and their respective Shareholders under Sections 230 to 232 and other applicable provisions of the Companies Act, 2013 and rules made thereunder (Scheme). The Scheme, inter alia, provides for -

1. amalgamation of GSPC, GSPL and GEL with GGL with appointed date as 1st April, 2024;
2. post the amalgamation, demerger of "Gas Transmission Business Undertaking" into GTL with appointed date as 1st April, 2025 and
3. various other matters consequential or otherwise integrally connected therewith.

The Scheme is, inter alia, subject to sanction of the Ministry of Corporate Affairs (MCA) and receipt of necessary approvals from statutory and regulatory authorities.
