Preference plan probe a top priority for Trai

THE EXAMINATION OF telops emium plans promising 4G etwork preference is among the toppriority for the regula-tor, and it hopes to finalise its views on the issue in about two weeks, a Trai source said.

order to Vodafone Idea. The or-der had asked the company to withholdits offering promising der had asked the company to withhaldits féring promising priority 4G network on RedX plan. At the same time, Zelecom Disputes Settlement and Appel-late Timbund (TDSAT) had said that it would be open for regula-tor Trat to proceed with the in-quiryand pass final erdess in ac-cordance with have the earliest after ensuring that require-ments of natural justice are sai-isfied and the Vodafone Idea (TUI) is given opportunity to ex-

infied and the Vodafone Idea. (VIL) is given opportunity to explain any alleged contravention of regulator's directions. The Trais source told FTI that the examination of the planwill be among top priority for the regulator, which hopes to finalise its view on the issue in about two weeks. The source said that while much would depend on the extent of data and ent of data and

had asked the company to withhold its offering promising priority 4G network on RedX plan

Airtel (whose similar plan also came under scrutiny), the regu-lator would strive to finalise its view at the "earliest possible"

view at the earliest possible timeframe. Vodafone Idea had last week approached the telecom tri-bunal against the sector regula-tor's letter to the company ask-ing it to withhold its plan that nised better speeds to cer-

scribers.
Trai had asked Vodafone
Idea how the company is ensuring service quality to non-RedX
data users, when the network data users, when the network priority had been promised to RedX customers, especially as teleacom networks are reportedly congested in the pandemic senaria. It asked the operatorif providing priority to some, not affect the service quality of rest of the network, since no additional capacity is being created. It had asked after the launch of RedX had now would other.

thinki capacity is being related. It had asked after the launch of RedRy plan, how would other non-premium customers check or taske on neerns on deterioration of the relation of service quality since neither average data speed nor minimum download speed has been committed to a 4G user at present. In its questionnaire sent earlier this month to the company. Trai also reminded VII. how the company and other telecum operators had argued time and again that for mebile networks, the data throughput to a user at a particular location depends on multitude of factors like number of factors like number of subscribers us. like number of subscribers us-ing data services, device quality and external interferences and other such elements.

Power demand expected to fall up to 6% in FY21: Icra

PRESS TRUST OF INDIA

INDIA'S ELECTRICITY DE-MAND is likely to fall by up to 6% this fiscal due to re-imposi-6% this fiscal due to re-imposi-tion of lockdown restrictions in many parts of the country, rat-ings agency lcra said on Mon-day. According to lcra, all-India power demand in financial year 2019-20 was 1,291 billion

units.

Earlier in April, the agency
had estimated the fall would be

Anier m April, in agency had estimated the fall would be amuginal 1 per eart. With the re-imposition of lockdown restriction in many partiacarous the country the all-ladia electricity demand is likely to decline by 9% to 6% in FV21 over FV20, against the earlier estimate of 1% de-growth madelu April 2020, Icras ididna report. It said during the first quarter of FV21, all-lodia electricity demand declined by

quatter of FY21, all-India elec-ricity demand declined by 16.2% year-on-year because of the lackdown imposor to com-not the Cavid-19 pandemia. "... the revised energy de-mand de-growth estimate a-sumes demand decline of 3.5-4.0% in Q2 (second quarter or luly-September) and Q3 FY21 and a marginal recovery of about 1.0% in Q4 FY201, given the allower pase of feep-

commercial activity in the country, it talk This, in turn, is expected to suppress the thermal PLF (plant Readfactor) on all-India level, which is now expected to decline to 50-519 kin FY21, gaginatt 56% in FY20, it said, krax's (corup Head and 5-mior Vice President - Corporate Rating Sabyasachi Majumdar said the decline in energy demand has adversely impacted the revenues and cash collections for the power distribution utilities (discorme).

There is decline in bulk conThere is decline in bulk con-

untilities (discorns).

There is decline in bulk consumption of power from the high tariff paying industrial and commercial consumen, and delays in cash collections from other consumer segments, he

Maha govt to meet farmers today on falling milk prices

THE MAHARASHTRA GOV-ERNMENT will on Tuesday meet representatives of various meet representatives of various farmer organisations and dairies to resolve the issue of dairies to resolve the issue of falling prices of milk because of renewed lockdown in several parts of the state.

As a result of falling demand, milk farmers are being forced to sell their produce at ₹16-17 per

ment on Tuesday and August 1 to protest against the drop in prices. Maharashtra has about 46 lakh milk producing farmers and milk dairies Dairies earlier purchased milk at ₹33-34 per litte, but are now paying 8x 16-18 after the Covid outbreak.

18 after the Covid outbreak Mills producers said they are be-ing paid ₹10-₹15 less than their cost prices. Mills sales have dropped by around 40% in the leckdown period, according to Raju Shetti of the Swabhimani Shetkari Sanghatana (SSS), Farmer bodies have upposed the decision of the

Centre to import 10,000 tonne of milk powder when Maha-rashtra alone has around 50,000

tonne of excess milk powder.

"About 86 lakh litre of milk is sold in pouches. But due to lockdown, this sale has come down to 67 lakh litre per day. down to 67 lakh litre per day. The state government is pur-chasing 5 lakh litre milk to belp farmers, but still there is 47 lakh litre of excess milk. This has af-fected procurement prices and has added to the burden of

farmers in Maha to resow in 25% area

SOYBEAN FARMERS IN MAHA-rashtra may have to opt for re-sewing operations in around 20-25% area of the total acreage due to poor germina-tion of the first sowing, a sur-vey conducted by the Soybean Processors Association of India (SOPA) has revealed. The total area in Maharash-tra under sowbean is a con-

moisture stress, DN Pathak, executive director, SOPA, said. "Crop is mostly free of weeds and insects. Infestation of gram pod borer, tobacco cater pillar and green semi-leoper has been observed in some ar-eas and is being effectively

controlled by spray of insecti-cides," he said.

In MP, soybean has been cultivated on nearly \$5.07 lakh hectares this kharif. About \$50% area is already in flowering stage. The balance will be flowering in the next 10 to 15 days. Right now, the coposition is normal," the surcondition is normal, the sur-vey mentioned. But rainfall is required in the next five to seven days, else the crop may be affected due to moisture

Retail inflation for farm workers, rural labourers eases in June

RETAIL INFLATION FOR farm and rural workers in June eased to 7.16% and 7%, respectively, as compared to May this year, a labour ministry statement said on Monday.

about ministry statement said on Monday.

*Point to point taile of inflation based on the CPI-AL (Consumer Price Index Agricultural Labourers and CPI-RL (Consumer Price Index for rural labourers) decreased to 71.6% and 7.00% in hune 2020 from 8.40% and 8.12% expectively in May 2020; the ministry said According to the statement, inflation based on food midex of CPI-AL and CPI-RL stood at 1-9.8.5% and (+) 8.41%, respectively, in June 2020.

The All-India CPI-AL and CPI-RL flation 21-10.

Fire All-India CFFAL and CFI-RL (Base: 1986-87=100) for June 2020 decreased by 1 point each to standat 1,018 and 1,024 points, respectively, com-pared to 1,019 and 1,025 in

1,024-points, respectively, compande to 1,019-and 1,025 in May this year. The major contribution to-wards the fall in general index of agricultural laburers and rural labourers came from food, with § 1,82 points, respectively, mainly due to fall in price of tiose, arbardal, masur dal, ground nut oil, meat goat, poultry, wegetables and fruits, among others.

Labour Minister Santosh Gangwarsaid, The softening of inflation is minister to Santosh Gangwarsaid, The softening of inflation is manyly due to free supply of food grains under PM Garb Kalyan Ann Vojana (PMGKAI). This has benefitted a large number of thouseholds a large number of thouseholds

a large number of households under Targeted Public Distribu-tion System (TPDS) including agricultural and rural labourers agricultura) and rutar accounces thereby putting less burden on their daily budgetary require-
